Cancer screenings available to
eligible women in Michigan.

The Breast & Cervical Cancer Control Navigation Program covers the costs of follow-up medical care for low-income women — ages 21 to 64 — whether they have insurance or not. And while the BC3NP does not pay for cancer treatment, women diagnosed with breast or cervical cancer may be eligible for a special Medicaid program that does. The Michigan Department of Health and Human Services (MDHHS) does not discriminate against any individual or group on the basis of race, national origin, color, sex, disability, religion, age, height, weight, familial status, partisan considerations, or genetic information. Sex-based discrimination includes, but is not limited to, discrimination based on sexual orientation, gender identity, gender expression, sex characteristics, and pregnancy.

Are you putting off
important screenings
or worrying about the
cost of care?

With the Michigan Department
of Health and Human
Services, it's easy to improve
your health and get free
medical help.

Available in select areas of
the state, the WISEWOMAN
Program can help you
understand your chronic
disease risk factors and make
healthy lifestyle choices.
Every participant will receive
a free health screening and
the opportunity to talk to a
health coach. Plus, eligible
women can choose to
participate in free healthy
behavior support services.
