See how we can improve their health with free medical help.

The Michigan Department of Health and Human Services (MDHHS) has openings for program-eligible women to receive free cancer and health screenings.

To make a referral, call **844-446-8727** (toll-free). You can also visit [Michigan.gov/Cancer](https://Michigan.gov/Cancer) to learn more about the Breast and Cervical Cancer Control Navigation Program (BC3NP).

## BC3NP

The BC3NP provides free breast and cervical cancer screening services to low-income women in Michigan. The BC3NP does not pay for cancer treatment. However, women diagnosed with breast or cervical cancer may be eligible for a special Medicaid program that does.

Every participant receives a free health screening and an opportunity to discuss their health with a health coach. In addition, eligible women can choose to participate in free healthy behavior support services.
