

## PBIP FY25 Reporting Template

The PIHP contract with MDHHS states: “Contractor will conduct an analysis and submit a narrative report of findings and project plans aimed at improving outcomes, no longer than two pages, by July 31.”

### **Report Outline**

**Section 1 – Employment** – Summarize the results of your analysis for each population (I/DD, MH, MH & I/DD, and SU) of Employment Status at Update/Discharge during FY24 to admission or most recent prior update. Identify if your counts are based on unduplicated client counts or total FY24 BHTEDS Discharge records. The PIHP may compare FY24 rates to FY23 rates to better identify trends/changes, but it is not required. Please specify positive changes noted. Determine areas needing improvement and identify steps the PIHP is engaging in to attain specific improvements. Examples of areas to identify and analyze: Change in Employment Rate; Change in the percentage of folks Not in the Labor Force; Change in the percentage of individuals Not in Labor force who are Potentially Employable; Change in the percentage of those Choosing Not to Work; Percentage of individuals Choosing not to Work Due to Current Symptoms to Anything but Inmate.

**Section 2 – Housing** – Summarize the results of your analysis for each population (I/DD, MH, MH & I/DD, and SU) of Living Arrangements at Update/Discharge during FY24 to admission or most recent prior update. Identify if your counts are based on duplicated client counts or total FY24 BHTEDS Discharge records. The PIHP may compare FY24 rates to FY23 rates to better identify trends/changes, but it is not required. Please specify positive changes noted. Determine areas needing improvement and identify steps the PIHP is engaging in to attain specific improvements. Examples of areas to identify and analyze: Change from homelessness to stable living arrangements; Change from Non-Jail dependent living to Non-Jail Independent living arrangements; Change from provider-owned to non-provider-owned private residential.

Feel free to attach any documentation such as crosstabs and other supporting data to your report.

**Example Data Provided** were drawn from the BHTEDS Statewide Discharge Extract for FY24. Updates/discharges were compared to admissions or the most recent previous update record. Questions may be emailed to Carol Hyso at HysoC@Michigan.gov.

## Statewide Employment Data Sample Summary

### FY 2024

#### I/DD

Change in Employment Rate	-0.21%
Not in Labor Force to In Labor Force	3.61%
Change in Not in Labor Force Who Are Potentially Employable	-0.79%
Change in those Choosing Not to Work	-0.39%
Moved from Choosing Not to Work Due to Current Symptoms to anything but Inmate	6.43%

#### MH

Change in Employment Rate	0.08%
Not in Labor Force to In Labor Force	-0.79%
Change in Not in Labor Force Who Are Potentially Employable	5.71%
Change in those Choosing Not to Work	-0.91%
Moved from Choosing Not to Work Due to Current Symptoms to anything but Inmate	6.73%

#### MH & IDD

Change in Employment Rate	-0.17%
Not in Labor Force to In Labor Force	-0.56%
Change in Not in Labor Force Who Are Potentially Employable	4.88%
Change in those Choosing Not to Work	-1.23%
Moved from Choosing Not to Work Due to Current Symptoms to anything but Inmate	6.58%

#### SU

Change in Employment Rate	-1.39%
Not in Labor Force to In Labor Force	0.06%
Change in Not in Labor Force Who Are Potentially Employable	9.48%
Change in those Choosing Not to Work	0.02%
Moved from Choosing Not to Work Due to Current Symptoms to anything but Inmate	13.32%

### Used FY24 Discharge file, selecting U & E records only

Cases Selected: MI Designation at D/C = 2 (No) and I/DD Designation at D/C = 1 (Yes)

Examples are based on total BHTTEEDS Records. Individuals may be counted more than once if they had more than 1 update/end record in FY24
