

Michigan Perinatal Quality Collaborative (MI PQC)

Advancing Healthy Births: Request for Proposals

To facilitate alignment with the *Advancing Healthy Births* plan and encourage collaborative efforts with the MI PQC and individual Regional Perinatal Quality Collaboratives (RPQCs), funding was awarded to community-based organizations and local programs, whose efforts focus on addressing disparate birthing outcomes and advancing healthy births. The request for proposals was led by the RPQCs and made possible by one-time funding received through the Michigan Department of Health and Human Services. Funded organizations and projects are listed below.

REGION 1 - Upper Peninsula Perinatal Quality Collaborative

Organization
