

Michigan Department of Health & Human Services Organizational Chart

This information in this document is a reflection of the official record in the HRMN payroll system. This is a working document and will be updated on a bi-monthly basis with the payroll system. Please review the content below for guidance on reading the organizational chart.

Box Content

Each position code should have its own box and should contain the position code, employee name, the classification indicated in HRMN, home unit (if level is appropriate). A name followed by an * appears on more than one page of the org chart.

(Note: A many to one code will contain multiple employee names but will have one position code and classification applicable to all employees in that box).

Structure Format

Each administration is organized by department code. A change in department code, home unit, or unit name is indicated in bold font. If a box is absent any of the above mentioned items, it is to be assumed that the applicable information to the employee in question can be confirmed by following their organizational structure. See the Q/A and illustration on the right for further clarification on how to read the org. chart.

Question 1. What is the home unit of Employee 7?

Answer 1. Employee 7 works in the "Unit 1" work unit. Employee 7 reports to Supervisor C, falls under department code A111. Therefore, the Home Unit of Employee 7 is 1AB.

Question 2. What is the department code of Employee 1?

Answer 2. Employee 1 reports to Supervisor B. They both are on the home unit 2CD and on department code A2222.
