

2023 MICHIGAN SYSTEMS OF CARE-TRAUMA SYSTEM MAINTENANCE AND SUPPORT OR STROKE/STEMI INITIATION PROJECT *PARTICIPATION FORM*

PROJECT INFORMATION

The Bureau of Emergency Preparedness, EMS, and Systems of Care (BEPESOC) is engaged in system development. This statute driven endeavor is committed to the concept of a regionalized, coordinated, and accountable system of care built to ensure that Michigan residents with time sensitive emergencies (trauma, stroke, and STEMI) get the right resources at the right time is committed to supporting partners and stakeholders to enhance their efforts in system building. The Bureau is continuing to support initiatives that fit into the following **Trauma System Building Categories: Injury Prevention, Trauma Education, Performance Improvement, and Trauma Infrastructure, or Stroke and STEMI System Initiation Efforts including Risk Education/Public Education and Provider Education as well as System Infrastructure.** Partners are encouraged to look at the gaps in programming, resources, and data to determine where they should more finely focus their system building efforts.

This funding is dedicated to supporting trauma stakeholders and initiatives that meet the specific needs of the region, community, agency, or facility as they build and support systems for time sensitive emergencies. System partners and stakeholders wishing to participate in the grant project must submit this **Participation Form** to the appropriate Regional Medical Control Authority Network (RMCAN) project manager (LINK) requesting funding. Qualified facilities will receive reimbursement up to \$20,000 for their program/project. Participation forms will be accepted until **COB March 24, 2023**. Project award announcements will be emailed starting April 3, 2023. Projects may begin with receipt of award email. Projects must be completed by Sept. 15, 2023
