

MICHIGAN REGIONAL TRAUMA REPORT

1st QUARTER 2024

Region 3

Statutory Reference: R325.132 Rule 8 (3) (a) At least quarterly, a region shall submit evidence of ongoing activity, such as meeting notices, minutes to the department.

Resource Update: Facility Designation Status:

Facility Name	Designated	Level of Designation
Hurley Medical Center	Yes	Adult I Peds II
Ascension St. Mary's	Yes	Adult II
Ascension Genesys Medical Center	Yes	Adult II
Covenant Healthcare	Yes	Adult II Peds II
McLaren Lapeer Region	Yes	Adult II
MyMichigan Medical Center-Midland	Yes	Adult II
McLaren Bay Region	Yes	Adult III
McLaren Flint	Yes	Adult III
Ascension St. Joseph	Yes	Adult IV
Ascension Standish Hospital	Yes	Adult IV
Deckerville Community Hospital	Yes	Adult IV
Harbor Beach Community Hospital	No	N/A
Hills and Dales General Hospital	Yes	Adult IV
Marlette Regional Hospital	Yes	Adult IV
McKenzie Memorial Hospital	Yes	Adult IV
McLaren Caro Region	Yes	Adult IV

McLaren Thumb Region	Yes	Adult IV
MyMichigan Medical Center-West Branch	Yes	Adult IV
Scheurer Hospital	Yes	Adult IV
MyMichigan Medical Center-Gladwin	No	Provisional Adult IV

Work Plan Objective / Strategic Plan (SP) Objective Progress and Highlights:

Complete sections that have progress within the quarter.

Injury Prevention

<p>Objective: 203.5 Beginning with the date of approval of the 2024-2026 regional workplan, the Region 3 Injury Prevention Subcommittee will coordinate injury prevention programs within the region.</p>
<p>Progress: The Region 3 Injury Prevention Subcommittee has coordinated injury prevention programs such as Stop the Bleed (STB) within the region focusing on schools and highly attended venues in both rural and urban areas. The group has collaborated with other regional partners such as Medical Control Authorities, Emergency Managers, Law Enforcement, EMS, and Fire Departments to increase the reach of this activity.</p>
<p>Strategic Plan: SP1 By January 1, 2024, Bi-annual surveillance reports from the Michigan Trauma Registry for the Regional Inventories will include, at a minimum, the top 3 causes of injury in each of the 8 Regions.</p>
<p>Progress: On-going, the Region 3 Inventory will be reviewed by the RPSRO in its entirety. The top 3 causes of injury will be reviewed by the RTAC and the Region 3 Injury Prevention Subcommittee.</p>

Infrastructure

<p>Objective: 208.2 By April 2024, the Region 3 RTN will formally request to participate in local HCC preparedness meetings and exercises</p>
<p>Progress: The RTC has met with the HCC coordinator and actively participates monthly as a member of the HCC planning board. The RTC is participating with the HCC in the planning of a tabletop chemical emergency exercise for the region. The Regional Medical Director recently gave an educational presentation regarding Immediate Bed Availability (IBA) that the RTC attended.</p>

Objective: 208.2

On-going, the Region 3 RTN will continue to invite and engage the Region 3 HCC administration to attend and participate in the regional trauma system meetings/activities to establish linkages between the regional trauma system, it's partners and the healthcare coalition

Progress: The Region 3 HCC Coordinator attends the Region 3 RTAC meeting and has provided a presentation educating trauma partners on the background, resources and mission of the coalition.

Regional Performance Improvement

Objective: 206.1

By January 2026, the Region 3 RPSRO will develop a formal policy regarding the content and frequency of routine and regularly scheduled reports to evaluate and improve regional trauma system performance and effectiveness. At a minimum the Region 3 RPSRO will review the regional inventory, MTQIP report and any regional RPSRO referral request.

Progress:

The Region 3 RPSRO reviews the regional inventory, MTQIP report and any RPSRO referral request. The inventory is now reviewed bi-annually and the MTQIP is reviewed annually.

Strategic Plan: SP 18

By December 31, 2025, conduct a STAC approved comprehensive system inventory in each region that informs the Regional Trauma Networks on system functioning and continue dialogue with the regions to ensure the inventory meets state-wide analysis needs.

Progress:

On-going the Region 3 RPSRO reviews and approves the regional inventory completed by the RTC.

Trauma Education

Objective: 310. (3)(4)(6)

By October 2024, The Region 3 Trauma Education Subcommittee will develop regional trauma training standards for EMS personnel, nurses, and physicians such as ATLS, PHTLS and TNCC or equivalent. Specialty trauma certification course offerings will be shared with regional trauma partners.

Progress:

The Region 3 Trauma Education Subcommittee has developed recommend trauma related education for multidisciplinary peers that includes EMS, nursing, and physicians. The subcommittee reports out local educational offerings to regional partners. The Region 3 Trauma Education Subcommittee also hosts an annual trauma symposium consisting of multidisciplinary speakers to provide innovative trauma related education to regional partners.

Other relevant information:

Aaron Brown, Region 3 Systems of Care Coordinator, March 2024

Through a State of Michigan Systems of Care grant, the region provided Stop the Bleed (STB) training to many of the schools within the region. The Regional Trauma Network partnered with local agencies to increase the reach of this activity. Through these partnerships with local Emergency Managers, Medical Control Authorities, and other first responder agencies the region has been able to meet the educational requests for both urban and rural schools and communities.

Administrative Rule Requirements:

- Yes No Quarterly meeting minutes on shared drive.
- Yes No All MCA's participating in the RTN.
- Yes No Performance improvement ongoing.
