Work Plan Objective Progress and Highlights:

Complete sections that have progress within the quarter.

Injury Prevention

Objective: By June 2021, the Region 7 Education and Injury Prevention Committee will create a resource document identifying evidence-based injury prevention programs available in the Region.

Progress: Draft completed. Item moved to April RTAC agenda for discussion.

Communications

Objective: By December 2020, the Region 7 Infrastructure and Medical Oversight Committee will have established an ad hoc “communications committee” composed of representatives from hospitals, life support agencies, the EMS system, the Region 7 Health Care Coalition, and the Region 7 Trauma Network.

Progress: Plans in place to build committee in concert with Region 7 Health Care Coalition as part of their proposed MCA/EMS subcommittee allowing RTN physicians and surgeons more time to focus on the RPSRO. Ongoing.

Objective: By December 2021, the Region 7 ad hoc communications committee will have drafted a regional communications procedure for arranging patient inter-facility transfers which will include redundant procedures in the event of communication system failure.

Progress: On schedule to complete by April 2022.

Infrastructure

Objective: By December 2021, the Infrastructure and Medical Oversight Committee will have established a written process for enhancing and ensuring collaboration of MCA directors and trauma medical directors in the development and periodic review of protocols for pre-hospital providers providing care to trauma patients.

Progress: Infrastructure and Medical Oversight Committee placed within the RPSRO as an ad hoc group tasked with this objective. Plan for protocol review on April 2022 agenda.

Regional Performance Improvement

Objective: By June 2021, the RPSRO will begin utilizing routine reports generated using regional trauma data and other databases to analyze and evaluate performance measures.

Progress: RPSRO template review was made a part of the quarterly RPSRO agenda.

Continuum of Care

Objective: By March of 2021, the RTN will have extended invitations to rehabilitation services to participate as members of the Region 7 RTAC.

Progress: Partners are in the process of developing a list of SNFs and ECFs in the Region with hopes of reaching out with invitations to participate in R7 activities by conclusion of 2022.

Trauma Education

Objective: By June 2021, the Region 7 Injury Prevention and Education Committee will have an approved process to inform or educate all personnel on new protocols and/or treatment modalities in Region 7.

Progress: Draft document completed for review at RTAC meeting.

Other relevant information:

The RTN, RTAC, and RMCAN continue to meet every other month. Attendance since beginning of pandemic steady. Still many competing priorities for most hospitals.

Administrative Rule Requirements:

- Yes No Quarterly meeting minutes on shared drive.
- Yes No All MCA's participating in the RTN.
- Yes No Performance improvement ongoing.
