Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

¹Distribution charge includes all applicable surcharges/credits

* Rates set by local government regulation, not by MPSC.

All **volumetric rates** (or usage rates) are in dollars per hundred cubic feet (Ccf), except SEMCO, Upper Michigan Energy Resources Corp. and Xcel Energy, which are dollars per Therm.

Compared to Average percents show how much greater or less each company's total 100 Ccf (or Therm) Bill charge is compared to the simple average total charge shown in **Average Rate** at bottom.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Xcel Energy	Unchanged	6.1270	6.1270	/Dth U-21275

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

All **volumetric rates** (or usage rates) are in dollars per hundred cubic feet (Ccf), except SEMCO, Upper Michigan Energy Resources Corp. and Xcel Energy, which are dollars per Therm.

Compared to Average percents show how much greater or less each company's total 100 Ccf (or Therm) Bill charge is compared to the simple average total charge shown in **Average Rate** at bottom.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

All **volumetric rates** (or usage rates) are in dollars per hundred cubic feet (Ccf), except SEMCO, Upper Michigan Energy Resources Corp. and Xcel Energy, which are dollars per Therm.

Compared to Average percents show how much greater or less each company's total 100 Ccf (or Therm) Bill charge is compared to the simple average total charge shown in **Average Rate** at bottom.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

¹Distribution charge includes all applicable surcharges/credits

* Rates set by local government regulation, not by MPSC.

All **volumetric rates** (or usage rates) are in dollars per hundred cubic feet (Ccf), except SEMCO, Upper Michigan Energy Resources Corp. and Xcel Energy, which are dollars per Therm.

Compared to Average percents show how much greater or less each company's total 100 Ccf (or Therm) Bill charge is compared to the simple average total charge shown in **Average Rate** at bottom.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Upper Michigan Energy Resources Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).
