Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

All **volumetric rates** (or usage rates) are in dollars per hundred cubic feet (Ccf), except SEMCO, Wisconsin Public Service Corp. and Xcel Energy, which are dollars per Therm.

Compared to Average percents show how much greater or less each company's total 100 Ccf (or Therm) Bill charge is compared to the simple average total charge shown in **Average Rate** at bottom.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

All **volmetric rates** (or usage rates) are in dollars per hundred cubic feet (Ccf), except SEMCO-Battle Creek Division, Wisconsin Public Service Corp. and Xcel Energy, which are dollars per Therm.

Compared to Average percents show how much greater or less each company's total 100 Ccf (or Therm) Bill charge is compared to the simple average total charge shown in **Average Rate** at bottom.

Notes:

Note 1: SEMCO Energy MPSC Division's Gas GCR Factor includes a Balancing Recovery Cost charge and a Capacity Demand Cost charge. See **SEMCO** rate tab below

Note 2: SEMCO Energy Battle Creek Division's Gas Charge includes a Gas Commodity Cost charge, a Balancing Recovery Cost charge, and a Capacity Demand Costs charge. See **SEMCO** rate tab below

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Maximum Filed or Ordered: This is the GCR factor that the company requested in their GCR plan case or what the company was ordered as a maximum GCR factor from the Commission. This may change with the year due to the Ceiling Price Adjustment Mechanisms which could increase the GCR factor due to market prices.

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Company Filed Plan: What company asked MPSC for. Is maximum allowable until MPSC issues order on requested GCR factors.

MPSC Ordered: Maximum allowable factor that MPSC allows company to charge. The MPSC has approved Ceiling Price Adjustment mechanisms for Consumers, MichCon, Peninsular, SEMCO, Wisconsin Public, and Xcel Energy that may increase the maximum allowed factor above that in the order. See tariff sheets that appear just after GCR Factor tariff sheet in [Rate Books](#)

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Company Filed Plan: What company asked MPSC for. Is maximum allowable until MPSC issues order on requested GCR factors.

MPSC Ordered: Maximum allowable factor that MPSC allows company to charge. The MPSC has approved Ceiling Price Adjustment mechanisms for Consumers, MichCon, Peninsular, SEMCO, Wisconsin Public, and Xcel Energy that may increase the maximum allowed factor above that in the order. See tariff sheets that appear just after GCR Factor tariff sheet in [Rate Books](#)

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Company Filed Plan: What company asked MPSC for. Is maximum allowable until MPSC issues order on requested GCR factors.

MPSC Ordered: Maximum allowable factor that MPSC allows company to charge. The MPSC has approved Ceiling Price Adjustment mechanisms for Consumers, MichCon, Peninsular, SEMCO, Wisconsin Public, and Xcel Energy that may increase the maximum allowed factor above that in the order. See tariff sheets that appear just after GCR Factor tariff sheet in [Rate Books](#)

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Company Filed Plan: What company asked MPSC for. Is maximum allowable until MPSC issues order on requested GCR factors.

MPSC Ordered: Maximum allowable factor that MPSC allows company to charge. The MPSC has approved Ceiling Price Adjustment mechanisms for Consumers, MichCon, Peninsular, SEMCO, Wisconsin Public, and Xcel Energy that may increase the maximum allowed factor above that in the order. See tariff sheets that appear just after GCR Factor tariff sheet in [Rate Books](#)

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Company Filed Plan: What company asked MPSC for. Is maximum allowable until MPSC issues order on requested GCR factors.

MPSC Ordered: Maximum allowable factor that MPSC allows company to charge. The MPSC has approved Ceiling Price Adjustment mechanisms for Consumers, MichCon, Peninsular, SEMCO, Wisconsin Public, and Xcel Energy that may increase the maximum allowed factor above that in the order. See tariff sheets that appear just after GCR Factor tariff sheet in [Rate Books](#)

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Company Filed Plan: What company asked MPSC for. Is maximum allowable until MPSC issues order on requested GCR factors.

MPSC Ordered: Maximum allowable factor that MPSC allows company to charge. The MPSC has approved Ceiling Price Adjustment mechanisms for Consumers, MichCon, Peninsular, SEMCO, Wisconsin Public, and Xcel Energy that may increase the maximum allowed factor above that in the order. See tariff sheets that appear just after GCR Factor tariff sheet in [Rate Books](#)

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Company Filed Plan: What company asked MPSC for. Is maximum allowable until MPSC issues order on requested GCR factors.

MPSC Ordered: Maximum allowable factor that MPSC allows company to charge. The MPSC has approved Ceiling Price Adjustment mechanisms for Consumers, MichCon, Peninsular, SEMCO, Wisconsin Public, and Xcel Energy that may increase the maximum allowed factor above that in the order. See tariff sheets that appear just after GCR Factor tariff sheet in [Rate Books](#)

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Company Filed Plan: What company asked MPSC for. Is maximum allowable until MPSC issues order on requested GCR factors.

MPSC Ordered: Maximum allowable factor that MPSC allows company to charge. The MPSC has approved Ceiling Price Adjustment mechanisms for Consumers, MichCon, Peninsular, SEMCO, Wisconsin Public, and Xcel Energy that may increase the maximum allowed factor above that in the order. See tariff sheets that appear just after GCR Factor tariff sheet in [Rate Books](#)

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Company Filed Plan: What company asked MPSC for. Is maximum allowable until MPSC issues order on requested GCR factors.

MPSC Ordered: Maximum allowable factor that MPSC allows company to charge. The MPSC has approved Ceiling Price Adjustment mechanisms for Consumers, MichCon, Peninsular, SEMCO, Wisconsin Public, and Xcel Energy that may increase the maximum allowed factor above that in the order. See tariff sheets that appear just after GCR Factor tariff sheet in [Rate Books](#)

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Company Filed Plan: What company asked MPSC for. Is maximum allowable until MPSC issues order on requested GCR factors.

MPSC Ordered: Maximum allowable factor that MPSC allows company to charge. The MPSC has approved Ceiling Price Adjustment mechanisms for Consumers, MichCon, Peninsular, SEMCO, Wisconsin Public, and Xcel Energy that may increase the maximum allowed factor above that in the order. See tariff sheets that appear just after GCR Factor tariff sheet in [Rate Books](#)

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Company Filed Plan: What company asked MPSC for. Is maximum allowable until MPSC issues order on requested GCR factors.

MPSC Ordered: Maximum allowable factor that MPSC allows company to charge. The MPSC has approved Ceiling Price Adjustment mechanisms for Consumers, MichCon, Peninsular, SEMCO, Wisconsin Public, and Xcel Energy that may increase the maximum allowed factor above that in the order. See tariff sheets that appear just after GCR Factor tariff sheet in [Rate Books](#)

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

* Rates set by local government regulation, not by MPSC.

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Company Filed Plan: What company asked MPSC for. Is maximum allowable until MPSC issues order on requested GCR factors.

MPSC Ordered: Maximum allowable factor that MPSC allows company to charge. The MPSC has approved Ceiling Price Adjustment mechanisms for Consumers, MichCon, Peninsular, SEMCO, Wisconsin Public, and Xcel Energy that may increase the maximum allowed factor above that in the order. See tariff sheets that appear just after GCR Factor tariff sheet in [Rate Books](#)

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Company Filed Plan: What company asked MPSC for. Is maximum allowable until MPSC issues order on requested GCR factors.

MPSC Ordered: Maximum allowable factor that MPSC allows company to charge. The MPSC has approved Ceiling Price Adjustment mechanisms for Consumers, MichCon, Peninsular, SEMCO, Wisconsin Public, and Xcel Energy that may increase the maximum allowed factor above that in the order. See tariff sheets that appear just after GCR Factor tariff sheet in [Rate Books](#)

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Company Filed Plan: What company asked MPSC for. Is maximum allowable until MPSC issues order on requested GCR factors.

MPSC Ordered: Maximum allowable factor that MPSC allows company to charge. The MPSC has approved Ceiling Price Adjustment mechanisms for Consumers, MichCon, Peninsular, SEMCO, Wisconsin Public, and Xcel Energy that may increase the maximum allowed factor above that in the order. See tariff sheets that appear just after GCR Factor tariff sheet in [Rate Books](#)

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).

Factor Charged: The GCR Factor billed to customers for current month per GCR Clause in rate book and per Act 304, Public Acts of 1982.

Company Filed Plan: What company asked MPSC for. Is maximum allowable until MPSC issues order on requested GCR factors.

MPSC Ordered: Maximum allowable factor that MPSC allows company to charge. The MPSC has approved Ceiling Price Adjustment mechanisms for Consumers, MichCon, Peninsular, SEMCO, Wisconsin Public, and Xcel Energy that may increase the maximum allowed factor above that in the order. See tariff sheets that appear just after GCR Factor tariff sheet in [Rate Books](#)

Order Reference: Most recent Order or reference document available on MPSC web site.

Factors are in dollars per thousand cubic feet (Mcf), except Wisconsin Public Service Corp., Xcel Energy, and SEMCO-Battle Creek Division which are in dollars per dekatherm (Dth).
