## 2025-2026 Grant Application Schedule

To assist grant applicants with project timeline planning

Contact the grant coordinator for your region before you apply.

Complete applications are accepted in MGS year-round for any future fiscal year. Applicants should use the schedule below to plan project timelines for potential grant applications. When a project is selected for funding, the applicant will normally receive a conditional commitment for funding in a future state fiscal year.

Missing or inaccurate information may delay your grant request into a future review cycle. Application completeness and any application resubmission dates are determined by the grant coordinator and will normally be earlier than the final resubmission dates listed.

Please consult the TAP/SRTS Applicant Guide for more details on schedule planning.
