

US-127/I-496 Rebuilding from I-96 to I-496

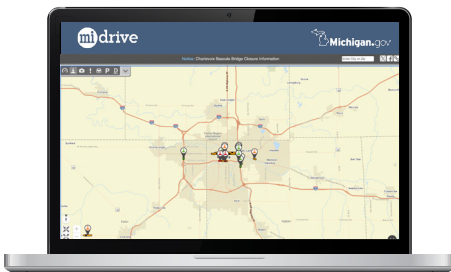

Project Location and Overview

In 2024, northbound US-127 lanes were rebuilt and expanded, improving access to Dunckel Road, Trowbridge Road and I-496.

2025

Southbound US-127 Reconstruction

This spring, southbound traffic will be crossed over to share the northbound side of the freeway. The project is anticipated to be complete this fall.

Plan Ahead: Mi Drive

US-127 lane closures will lengthen commute times during peak traffic hours. I-69 and I-96 provide alternatives that may be more convenient for accessing Lansing during construction. Check Mi Drive (<https://Michigan.gov/Drive>) for current closures.
