Ann Arbor Area Transportation Authority

# Overview

WHAT ARE WE  
TRYING TO DO?

WHAT IS GUIDING  
IT?

WHAT ARE THE  
CURRENT  
MILESTONES?

WHAT IS THE  
FINAL PRODUCT?

# What are we trying to do?

LEVERAGE TECHNOLOGY  
TO BETTER MEET THE  
MOBILITY NEEDS OF THE  
COMMUNITY

IDENTIFY AND REACT  
QUICKLY TO EMERGING  
OPPORTUNITIES

PARTNER WHENEVER  
POSSIBLE

# What is guiding it?

Using innovation to further the Ends of the Board

## Ends

1.1. All residents of the Area can participate fully in society without a personal vehicle

1.2. The Area's natural environment is enhanced

1.3. The Area prospers economically

## Relationship

# Things to Remember

- Start small
  - Limit risk
  - Hippocratic oath  
“Primum non nocere”
- It is ok to fail
  - Fail quick and adapt
  - Learn from our mistakes
- This may be a little messy
  - We need to react quick and seize opportunities when they arise
  - If we aren't disruptive, we will never adapt
- This isn't just a shiny object
  - We are doing this to better serve our customers
  - Driven by TheRide's Board Ends

# What are the current milestones?

- Purchases
- Training
- Preview
- Installation
- Testing
- ***Evaluation***
- Results

# What is the final product?

People as a Priority

First/Last Mile  
Solutions

New Mobility  
Innovation

The Bus Plus!
