FY2026 Regular Service Application Checklist

Due February 1, 2025

This checklist was developed as an additional tool to assist agencies with preparing for and completing the annual application. Refer to the Application Instructions and PTMS help guide for complete guidelines and instructions.

Agency: _____

Date Application Submitted: _____

Agency Pre-Application Tasks:

Schedule LAC and board meeting to allow enough time to submit signed documents prior to application deadline of February 1, 2025:

- Date of LAC meeting: ______
- Date of board meeting: ______
- Before drafting capital requests, identify four years' worth of STP, CMAQ, or Small Urban funding; if requesting vehicles, identify which vehicles are eligible for replacement (Project Managers will provide agency with vehicle inventory spreadsheet to assist). Coordinate with RPA or MPO representative to confirm they are correctly listed on the S/TIP in JobNet.

Vehicle/Equipment/Facilities Listing in PTMS

- Update miles between October 1-15 and notify Project Manager (except urban systems); Insert Date: _____
- Vehicles Listing Page (PTMS): Verify Total Spare Vehicles* number is correct *Total Spare Vehicles should equal Total Fleet (not including vehicles in local sale) minus Total at Peak Hour.
- Confirm Spare Ratio listed at the top of the Vehicle Inventory page is 20% or less if requesting vehicles, if greater that 20% you can discuss options with your project manager.
- Confirm vehicles in "Local Sale" status longer than 90 days are disposed.
- All new vehicles entered into PTMS have the "In-Service" date filled in on the Vehicle Characteristic screen.
- All vehicles have been driven a minimum of 10,000 miles in the past year; if not, provide justification for underutilized vehicles.
- Verify all new equipment over \$5,000 has been entered into PTMS.
- Print equipment inventory from PTMS. Sign/date or digitally stamp indicating you have reviewed and verified information. Create PDF and attach in PTMS. Not required for

urban agencies.

Verify any new facility construction/improvement projects over \$5,000 are entered in PTMS.

Agency Pre-Application Tasks (continued):

- If agency owns building (with federal/state interest), attach copy of facility insurance coverage, including flood insurance if in flood plain, in PTMS.
- Use the Public Notice Sample Template to ensure correct standard language is included.
- Review and update "Profile Screen" in PTMS to ensure accuracy of UEI number, contact information, and any staff changes.
- Review and update agency website to ensure accuracy of service and routes.

Application:

Capital Requests

 \square

- Submit four years of capital requests; for planning purposes, FTA requires four years of capital requests be applied for. Out years (not the application year), do not need to be formal requests and can be revised in the application year. Agencies in an MPO region should only include capital requests reasonably expected to be funded. Include all continuation operating funding.
- Confirm all items being requested from replacements are eligible based on useful life of age and/or miles; enter the justification of eligibility and vehicle number in the comment box for each capital request.
- Select the correct funding source (program) from the drop-down list in the application. Most capital requests for rural agencies will fall under 5339 – bus and bus facilities funding; and 5307 for urbans. Choose STBG(STP) for Rural Task Force and Small Urban projects. 5310 funding is used primarily for non-profit agencies providing specialized services but may also be distributed by OPT to rural agencies with substantial senior/disabled trips.
- Select the dollar amount and vehicle type under Vehicle Purchase Request Form section. Agencies that have a set dollar amount of funding should use the Local button instead of the Extended Purchase button and enter in the exact amount getting funded through Rural Task Force, CMAQ or Small Urban projects.
- If applicable, ensure that requested projects match JobNet.
 Enter Job Number in justification box of the corresponding capital request.
- Any vehicles being requested for replacement for the <u>first time</u> in the application year, go to Vehicle Inventory under the Financials tab and fill in 'Replacement Requested' (VRR) for the application year ONLY. *Example: For the FY2026 application, "2026" will*

be entered for VRR for any vehicles that this is the **first** year the agency is requesting replacement for that vehicle. **Do not change** any previous year VRR fields.
