**Receipts and Distribution of Tribal Casino Revenue**  
**by Local Revenue Sharing Boards**

**2021**

Section 973(6) of Public Act 87 of 2021 requires the Michigan Gaming Control Board (MGCB) to submit a report to the House and Senate Appropriations Committees and the State Budget Director on the receipts and distribution of tribal casino revenue by local revenue sharing boards (local units of government).

Under a 1993 Consent Judgment, the seven tribes that signed August 1993 Tribal-State Gaming Compacts are required to pay two percent of their net win to local units of government in the immediate vicinity of each tribal casino. Net win is defined as the total amount wagered on each electronic game of chance, minus the total amount paid to players for winning wagers at said machines. The seven tribes that signed the 1993 Consent Judgment are the Bay Mills Indian Community, Grand Traverse Band of Ottawa and Chippewa Indians, Hannahville Indian Community, Keweenaw Bay Indian Community, Lac Vieux Desert Band of Lake Superior Chippewa Indians, Saginaw Chippewa Indian Tribe, and Sault Ste. Marie Tribe of Chippewa Indians.

The State of Michigan and the Hannahville Indian Community executed a Stipulation for Entry of Consent Judgment on March 14, 2017, that superseded and replaced requirements of the 1993 Consent Judgment related to the computation of net win and the calculation and disbursement of revenue sharing payments. The Tribe agreed to continue paying two percent of net win to local units of government in the immediate vicinity of its tribal casino with changes to the criteria used to select payment recipients. Further, the Tribe agreed to place an additional one percent of net win (up to \$50 million) in escrow to be disbursed to the Bark River-Harris School District or other local units of government based on prescribed conditions. The 2017 Stipulation was amended on December 2, 2021, and the additional one percent payment obligation was eliminated (beginning with the second semi-annual period of 2021). The requirement to remit two percent of net win to local units of government was retained with new criteria regarding certain allocations. Payments made by the Tribe to satisfy the two percent payment obligation are included in this report. Any funds remitted or placed in escrow to satisfy the additional one percent payment obligation are outside the scope of this report and, therefore, are excluded.

Four tribes signed Tribal-State Gaming Compacts with the State of Michigan in December 1998. They are the Little River Band of Ottawa Indians, Little Traverse Bay Bands of Odawa Indians, Nottawaseppi Huron Band of Potawatomi Indians, and Pokagon Band of Potawatomi Indians. Under the 1998 Compacts, the four tribes are required to pay two percent of their net win to local revenue sharing boards (LRSBs). An LRSB's sole function is to determine and make allocations of the tribal payments to local units of government as described in and subject to limitations set forth in the applicable Compact.

The May 2007 Compact between the State of Michigan and the Match-E-Be-Nash-She-Wish Band of Pottawatomis Indians (Gun Lake Tribe) also requires two percent of net win to be paid to a local revenue sharing board.

In 2021, 12 tribes operated casinos in Michigan under the 1993, 1998, and 2007 Compacts. Historical data regarding two percent payments made by the tribes to local units of government and local revenue sharing boards is available on the Michigan Gaming Control Board's website. Two percent payment information for 2021, as presented in this report, was obtained from the LRSBs (directly) and the tribes (directly or online). Distribution figures for some LRSBs reflect net payment amounts that may include interest, undistributed funds from previous years, retained amounts, and other fund transfers. Also, LRSB receipts and distributions may be subject to timing differences between the payment period for which tribal payments (receipts) are reported and the fiscal period for which LRSB distributions are reported.

For tribal payment periods from 1994 through 2021, tribes operating casinos in Michigan made total payments of \$584.1 million to local revenue sharing boards and local units of government. For 2021 tribal payment periods, those payments totaled \$31.5 million.
