Tile-Check Lot #	DNR PAR ID	TAX-ID #(s)	County, Jurisdiction	Price / Acreage	Property Description	Res.	Comments
10000	8946	No Local Parcel Number	Alger, Rock River Twp.	\$6,500.00/ 6.5 Acres	(T45N, R21W) Section 11: A parcel of land in NW1/4 of the NW1/4, 100 feet wide being parallel with and adj to the N'ly bank of Black Creek; also a strip of land 100 ft wide being parallel with and adj to the S'ly bank of Black Creek.	AA	The subject property is in Rock River Township and consists of a strip of land 200 ft wide with Black Creek flowing through the center of it. The parcel is located south of E Cold Springs Road, east of the M67 intersection, about 3 miles south of Chatham, MI. The property is surrounded by 2 private landowners and does not have legal road access to E Cold Springs Road (i.e., landlocked). A private road easement would be needed from one of the surrounding private owners to obtain legal road access. The area consists of primarily poorly drained muck soils. The property is within the Rock River Township RP-10 Resource Production zoning district, which requires a minimum of 10 acres in size and minimum width of 200 ft. The subject does not meet local zoning to build as a result and is likely just a recreational strip of land along Black Creek.
10001	1040001	04-028-001-10	Allegan, Clyde Twp.	\$6,750.00/ 1 Acre	(T02N, R15W) Section 28: E 110 ft of W 240 ft of N 396 ft E1/2 NE1/4 NE1/4	AA	The subject property is in Clyde Township and is zoned R1- Rural Residential. The parcel has 110 foot of road frontage on the south side of 116th Avenue, west of the 54th Street intersection in Fennville, MI. According to Clyde Township building regulations, properties are required to be at least 5 acres with a minimum lot width of 330 feet. The subject does not meet these restrictions and would likely require a township approved variance to have a permanent structure built onsite. The subject property is 1 acre with dimensions of 110 feet (east-west) X 396 feet (north-south). The area is predominantly flat and dry with loamy-sand soils.
10002	375945, 375955, 375957	12-401-003-00	Allegan, Lee Twp.	\$3,100.00/ 0.82 Acre	(T01N, R15W) Section 4: Lower Scott Lake Subdivision: Block 1, Lots 3 to 8, 34, 35, 37 to 40	AA	The property has legal road access on 111th Avenue and 55th Street intersection, about 1.5 miles northeast of Pullman, MI. The area is mostly comprised of moderately well drained loam or sandy soil with 0 to 18% slopes. Lee Township is not a zoned community.
10003	375946, 375954	12-401-010-00	Allegan, Lee Twp.	\$1,300.00/ 0.34 Acre	(T01N, R15W) Section 4: Lower Scott Lake Subdivision: Block 1, Lots 10 to 12, 30, 31	AA	The property has legal road access on 55th Street, south of the 111th Avenue intersection, about 1.5 miles northeast of Pullman, MI. The area is mostly comprised of moderately well drained loam or sandy soil with 0 to 18% slopes. Lee Township is not a zoned community.

10012	57476, 57477, 57478, 57479	082-003-000-001-00	Alpena, Wilson Twp.	\$45,000.00 120 Acres	(T30N, R07E) Section 3: NE fractional 1/4	AA	The subject property is 120-acre in size and is located past the dead end on Wallace Road, east of the Cramer Road intersection, about 12.5 miles southwest of Alpena, MI. It is not believed that the parcel has legal road access to Wallace Road. The property has approximate dimensions of 1,980 feet. X 2,640 feet. The center of the property is comprised of poorly drained muck soils with 0 to 1% slopes. The northeastern part of the property is comprised of moderately well drained sandy soil with 0 to 6% slopes. The northwestern part of the property is comprised of somewhat poorly drained loamy soil with 0 to 4% slopes. The parcel is adjacent to 5 private landowners and is zoned within the CR: Conservation & Resources District, which requires a minimum of 0.92 acres (40,000 sq. feet) and 150 ft. of width to meet local zoning to build restrictions. Legal road access will likely be a requirement. Interested buyers are encouraged to contact Wilson Township regarding zoning inquiries. The State of MI recently concluded a timber harvest on the property.
10013	126832	05-11-015-002-00	Antrim, Mancelona Twp.	\$30,000.00 40 Acres	(T29N, R05W) Section 15: NW1/4 of the NE1/4	AA, MIN	The subject property is a 40-acre vacant parcel, which had much of the timber harvested off it around 10 years ago. The subject property is located about ¼ of a mile east of Fairmont Court and does not have an acquired easement to access the property (i.e., landlocked). Fairmont Court is a county-maintained road according to the Antrim County Act 51 map. Fairmont Court is a diagonal dirt path that connects Mancelona Road to Crestwood Drive. There is a mineral well located on the property with an access road leading to Fairmont Court. This access trail is not a legal means to access the subject parcel as it crosses private ownership. The subject parcel is located southeast of the Fairmont Court and Crestwood Drive intersection, about 8 miles east of Mancelona, MI. The area is comprised of well drained sandy soil with 0 to 18% slopes. Mancelona Township is not zoned. The State of MI will be retaining mineral rights to the property as the oil and gas rights are currently under lease.

The parcel does not have legal road access (i.e., landlocked) and is located south of M28, about 1.5 miles west of Nestoria, MI. A railroad passes through the southern part of the subject property. Lateral Creek also flows through the northeast part of the property. Most of the property is composed mostly of poorly drained cobbly silt loam soils with 1 to 35% slopes. The southern part of the property is well drained away from Lateral Creek. The parcel is zoned within the FR – Forest Resource District, which requires a minimum size of 10-acres and a width of 300 foot to meet local zoning to build requirements. The subject property does meet local zoning to build as a standalone parcel based on the local zoning ordinance. Legal access to a road would likely be a requirement before a building permit would be approved.

10016	2382	004-112-007-00	Baraga, L'Anse Twp.	\$16,500.00 20 Acres	(T49N, R32W) Section 12: W1/2 of the NW1/4 of the NW1/4	AA	The subject property is a vacant 20-acre parcel that is surrounded by 4 private landowners. The parcel appears to have frontage on Celotex Road, about 15 miles southeast of L'Anse, MI. The Celotex Road ROW appears to clip the northwestern boundary of the subject property. A survey would be needed to ensure that the subject property indeed has road access. Celotex Road is on the Baraga County Act 51 Map, indicating that the road is county maintained for at least for a portion of the year. Most of the property is composed of moderately well drained cobbly silt loam soils with 0 to 35% slopes. The parcel is zoned within the Conservation/Recreation District, which requires a minimum size of 20-acres and a width of 300 foot to meet local zoning to build requirements. The subject property does meet local zoning to build as a standalone parcel based on the local zoning ordinance.

Most of the property is composed of moderately well drained silt-loam soils with 1 to 35% slopes. There are some areas of poorly drained soils in the southern part of the property and near the highway. The parcel is zoned within the Resource and Production District, which requires a minimum size of 10-acres and a width of 300 feet to meet local zoning to build requirements. The subject property does meet local zoning to build as a standalone parcel based on the local zoning ordinance. The DNR has contacted the Spurr Township Assessor and will split the local parcel # before the public land auction. 2 parcel splits to be transferred with the sale.

The parcel does not have legal road access and is only accessible via floating the Spurr River. The property is located west of Imp Heights Road, along the Spurr River, about 1 mile southwest of Michigamme, MI. The Spurr River flows through the center of the property and is comprised of very poorly drained ponded muck soil with 0 to 1% slopes. The northwest corner of the property does have well drained cobbly silt loam soil with 1 to 8% slopes. The parcel is zoned within the Resource Production District, which requires a minimum size of 10-acres and a width of 300 feet to meet local zoning to build requirements. The subject property does meet local zoning to build as a standalone parcel based on the local zoning ordinance. Legal access to a road would likely be a requirement before a building permit would be approved.

The parcel does not have legal road access and is only accessible to the adjacent landowners or via Lake Michigan. The property has about 120-foot frontage on Lake Michigan and is located west of Lake Vista Drive, west of the Lakeshore Drive intersection, within Shoreham, MI. The property is comprised of well drained sandy soil with 0 to 3% slopes with a large bluff going down to Lake Michigan. It appears that some of the adjacent landowners have been maintaining portions of the property as part of their yard and have also constructed stairs going down the bluff to Lake Michigan. These uses have not been permitted by the State of Michigan. The parcel is zoned within the R-1 Estate Residential District, which requires a minimum size of 21,000 sq. feet (0.48-acre) and a width of 100 foot to meet local zoning to build requirements. The subject property likely meets local zoning to build as a standalone parcel based on the local zoning ordinance. On the contrary, most of the property is located along the beach ridge, which prohibits building. In addition, the side yard setback is 25 feet, which would limit a structure to only ~70-foot of buildable space and legal access to a road would likely be a requirement before a building permit would be approved.

AA	The subject property is a vacant 113-acre parcel surrounded by 4 private landowners. The parcel is located at the end of McCracken Road, south of the Phelps Road intersection, about 5 miles north of Ellsworth, MI. McCracken Road is a seasonal road (i.e., not snowplowed) that is maintained by Charlevoix County per the Act 51 map. The property is comprised of well drained loamy sandy soil with 2 to 50% slopes on the drumlin uplands. Around Marion Creek there is poorly drained muck soil with 0 to 2% slopes. Marion Creek flows through the western part of the parcel. The western property boundary is the railroad tracks, which cross the area diagonally. There is a two-track that continues at the end of McCracken Road, which is the eastern property line. The parcel is zoned within the A - Agricultural District, which requires a minimum of 2 acres to meet local zoning to build requirements. The subject property does meet local zoning to build as a stand-alone parcel, which can be split into several parcels if accessible. If this is of interest, potential buyers should check with the Marion Township Zoning Admin. The timber on the property mainly consists of mature maple. The property is surrounded by 1 private landowner (Smigelski) and does not have legal road access (i.e., landlocked). The property is zoned within the Agriculture & Forestry Management District, which requires 1 acre and 100 foot of width. The subject parcel likely meets local zoning to build as a standalone parcel. That being said, the parcel is very narrow and doesn't have legal road access, which likely complicates zoning to build approval. If the surrounding landowner were to purchase the subject the land would be buildable if combined with their ownership. The property does not have a local parcel number associated with the legal description in the Cheboygan County records. The State of MI (DNR) acquired the subject parcel from the State of MI (MDOT) in 1963 via deed recorded Liber 244, Page 79. Cheboygan County has the parcel mapped as private, but the tax legal omits the DNR sale parcel legal description.

There are numerous powerlines/poles running parallel to both roads in this location, which would likely prevent the building of any substantial structure on the parcel. Interested buyers are encouraged to contact the Village of Wolverine regarding any zoning questions or concerns. The State of MI acquired deeded interest in the property on 11/29/1940 (Liber 98, Page 598). The local unit has not created a local tax parcel number representing the State of MI's interest in the property. State of MI believes the minerals rights are privately owned by a private party.

The State of Michigan owns adjacent property to the north of the subject, which it is retaining. The property is zoned within the Residential 2 District, which requires a minimum of 20,000 sq. foot (0.46-acre) with a 100-foot width requirement to meet local zoning to build. The subject property has approximate dimensions of ~530-foot X ~800-foot. Interested buyers are encouraged to contact Delta County Zoning regarding local zoning ordinances and land use questions. The northern part of the property is comprised of poorly drained mucky loamy sand soil with 0 to 2% slopes. The southern part of the property is comprised of well drained sandy soil with 0 to 3% slopes. Delta County GIS has the tax parcels mapped incorrectly. There appears to be two homes in the southern part of the property. These are privately owned, and the State of MI does not have an interest in those homes/parcels.

The property does not have legal road access to Days River 24.5 Road and is surrounded by 3 adjacent private landowners. The property is zoned within the Resource Production District, which requires a minimum of 20-acres with no width requirement to meet local zoning to build. Interested buyers are encouraged to contact Delta County Zoning regarding local zoning ordinances and land use questions. The property is comprised of well drained sandy soil with 6 to 15% slopes.
10036	312807	004-222-010-00	Delta, Brampton Twp.	\$300.00 0.1 Acre	(T40N/R22W) Section 9: Furnace Addition to the City of Gladstone: Block 22, Lots 10 to 27	AA	The subject property has about 0.1-acre of usable land located on the west side of US-2, north of the Mather Avenue intersection, about 1.5 miles north of Gladstone, MI. The property does not have legal road access to US-2 and is adjacent to two private landowners to the north and west. Only the NW part of the subject property isn't within the US-2 road ROW. DNR granted MDOT a road easement over 85% of the parcel in 1961. The small triangular parcel not within the ROW has no legal road access (i.e., landlocked). The property is zoned within the Resource Production District, which requires a minimum of 20-acres to meet local zoning to build. The subject property is too small to meet zoning requirements as a standalone parcel. The area is comprised of poorly drained muck soil with 0 to 1% slopes.
10037	199524	004-125-004-00	Delta, Brampton Twp.	\$36,000.00 40 Acres	(T41N,R22W) Section 25: NE1/4 of the NW1/4	AA	The subject property is a 40-acre property located on the south side of Brampton 27.5 Road, west of the US-2 intersection, about 2 miles west of Rapid River, MI. The property has legal road access to Brampton 27.5 Road and is surrounded by 3 adjacent private landowners. The property is zoned within the Resource Production District, which requires a minimum of 20-acres with no width requirement to meet local zoning to build. Interested buyers are encouraged to contact Delta County Zoning regarding local zoning ordinances and land use questions. The property is comprised of poorly drained muck soil with 0 to 1% slopes.

Brotherton's Lake Shore Addition: Lots 1 and 2	AA	The subject property is a ~1-acre property located south of Lake Shore Drive, near the M-35 intersection, on the south side of Escanaba, MI. The property is adjacent to 1 private landowner and has road access to S Grant Avenue and Lake Shore Drive (both non-constructed plated roads), which leads to the currently maintained Lake Shore Drive. The plated non-constructed Lake Shore Drive is located near the powerlines that run parallel to the tree line near the open space SE of the previously described road intersection. The property is zoned within the Single-Family Residential District, which requires that no structure occupies more than 35% of the property. Interested buyers are encouraged to contract the City of Escanaba Planning & Zoning regarding local zoning ordinances and land use questions. The area around the subject is comprised of well drained sandy soil with 0 to 3% slopes near Lake Shore Drive. This area is forested and likely contains a buildable site. The southern half of the property is comprised of poorly drained muck soil with 0 to 2% slopes. There is marshy land that extends beyond the property toward the south and east, which is part of Great Lake Bottomlands owned by the State of Michigan. The subject offers views of Little Bay de Noc toward the southeast.

The property has lot dimensions of 80 feet X ~145 feet and is comprised of poorly drained mucky peat soil with 0 to 1 % slopes. The subject property has legal platted access to Legrand Drive. The paved portion of Legrand Drive stops about 60 feet north of the NW corner of the property. The open area directly to the south of the dead end is still a platted corridor that provides legal access to the subject property. The parcel is adjacent to 3 private landowners and is zoned within the WFR – Waterfront Residential District, which requires a minimum of 1 acre and 125 ft. of width to meet local zoning to build. Since the property was platted in 1926 it may be grandfathered into current zoning ordinances. That said, the subject property is likely too wet to build on, especially to the east where there is ponded muck. Interested buyers are encouraged to contact Hamburg Township regarding zoning inquiries.

The parcel does not have legal road access (i.e., landlocked) and is located near the end of Murphy Creek Road (2-track), east of the North Branch Murphy Creek, about 14.5 miles northeast of Newberry, MI. Murphy Creek Road is not a county-maintained road per the Act 51 map and is not considered legal road access. The subject property had frontage on the north end of a small unnamed lake that is approximately 250-acres in size. Most of the property is composed of poorly drained mucky peat soils with 0 to 1% slopes. There are some areas of well drained sandy soil with 15 to 35% slopes. The parcel is zoned within the Recreation / Forestry District, which requires a minimum size of 10-acres and a width of 330 feet to meet local zoning to build requirements. The subject property does meet local zoning to build as a standalone parcel based on the local zoning ordinance. (map for exhibit in S-Drive)	AA	The subject property is a vacant forested 40-acre parcel that is surrounded by Great Lakes Forests 1 LLC property. The parcel has legal road access on Sucker River Road (County Road 416), about 3 miles southeast of the Grand Marais Truck Trail intersection, east of Grand Marais, MI. Sucker River Road is a county-maintained road per the Act 51 map and is considered legal road access. Most of the property is composed of well drained sandy soils with 0 to 6% slopes. The southwest part of the property has poorly drained muck soil with 0 to 3% slopes. The parcel is zoned within the Recreation / Forestry District, which requires a minimum size of 10-acres and a width of 330 feet to meet local zoning to build requirements. The subject property does meet local zoning to build as a standalone parcel based on the local zoning ordinance. The State of Michigan is retaining an easement for recreational/snow trail UP8 (i.e., Sucker River Road), which goes through the property.

The subject property is 80 acres and has 6 adjacent private landowners. The SE and northern parts of the property is composed of poorly drained mucky peat soils. The center of the property is composed of well drained fine sandy loam soils (i.e., drumlin). The property is zoned FM – Forest Management, which requires at least 40 acres and 1,200 ft of width to build. Since the property is 1,320 ft X 2,640 ft, the parcel will likely meet zoning to build once legal road access is secured (pending local unit review).

The property has 135 foot of frontage on the north side of Buckhorn Lake and is comprised of well drained loamy sand soil with 6 to 12% slopes. The subject property has legal road access to W Rose Center Road, which today curves toward the north when intersecting with Milford Road. The wooden area between the actual road and the parcel is a platted road dedicated to the public. There is a guardrail in this area, which may prohibit the construction of a driveway to W Rose Center Road. Interested parties should contact the Oakland County Road Commission regarding the guardrail. The subject property is adjacent to 2 private landowners and is zoned within the R-1B Single Family Residential District. Interested buyers are encouraged to contact Rose Township regarding zoning inquiries.

The property has 70 foot of frontage on the west side of Buckhorn Lake and is comprised of poorly drained silty clay loam soil with 0 to 2% slopes. The subject property has legal road access along the east side of Buckhorn Lake Road. The parcel is adjacent to 2 private landowners and is zoned within the R-1B Single Family Residential District. Interested buyers are encouraged to contact Rose Township regarding zoning inquiries. The subject is considerably marshy near the lakeshore. The driest part of the parcel is in the NW corner of the property near Buckhorn Lake Road.
10094	1036242	13-27-178-013	Oakland, Waterford Twp	\$5,000.00 0.37 Acre	(T03N, R09E) Section 27: Golf View Park Subdivision: Lots 120, 121, 122	AA	The parcel is 0.37 of an acre located NE of the Goldner and Dickerson Avenue intersection in southern Waterford Township. The property doesn't appear to have constructed road access (does have legal platted access to Dickerson Avenue). That platted corridor is very wet and likely impassable. The eastern ¾ of the property is comprised of poorly drained ponded muck. Four adjacent private landowners surround the property. The subject property has dimensions of 120' (north-south) X 135' (east-west).
10095	2049784	64-006-413- 015-00	Oceana, Golden Twp	\$58,000.00 0.86 Acre	(T15N, R18W) Section 4: Lake Michigan Shores: Block 13 - Lots 15 to 20	AA	The subject property is 0.86 acre in size and is located on the north side of Range Street, east of the N Ridge Road intersection, about 7.5 miles south of Pentwater, MI. The property has lot dimensions of 120 feet X 135 feet and is comprised of somewhat poorly drained fine sandy soil with 0 to 3% slopes. The parcel is adjacent to 5 private landowners and is zoned within the RR – Resort Residential District, which requires a minimum of 1 acre and 225 ft. of width to meet local zoning to build. Since the property was platted in 1952 it may be grandfathered into current zoning ordinances. Interested buyers are encouraged to contact Golden Township regarding zoning inquiries.

The subject property is 120 acres and has Au Gres Creek flowing through the center of the parcel. The property is adjacent to 6 private landowners and does not have legal road access. The subject property has well drained rolling terrain with sandy loam soils in the NW corner and eastern part of the property. The center of the property has poorly drained muck soils near Au Gres Creek. The subject property is zoned CD – Conservancy, which requires at least 10 acres and a width of 330 ft. to build per zoning. Once the property gets legal road access there should be no building limitations.
10097	85337	No Local Parcel Number	Oscoda, Clinton Twp	\$300.00 0.2 Acre	(T28N, R03E) Section 26: Old D & M RR across SW1/4 of the NE1/4	AA	The subject property is a railroad corridor that is 100 ft in width X ~120 ft long in Clinton Township. The property is located southeast of E Bailey Road, east of the M33 (Abbe Road) intersection, just southeast of Comins, MI. Clinton Township is not a zoned community. This RR corridor enters the ownership of Cedar Valley Holdings LLC. The local tax records do not show an exception in the LLC's legal description that would indicate the State of MI's interest in the corridor is being assessed. The State of MI acquired the RR corridor in 1928 from the Detroit & Mackinac RR. Per the DNR State Land Review, this corridor has been classified in the disposal category and is no longer desired to be managed by the department. The department attempted a direct sale to Cedar Valley Holdings LLC without success.

The subject property is located on the east side of Hayes Tower Road, between Wequas Lake Road and Mulberry Lane (private), about 8 miles southwest of Gaylord, MI. There is a mineral well located on the property with an access road leading to Hayes Tower Road. The area is comprised of well drained loamy sand soil with 0 to 6% slopes. The parcel is zoned within the FR - Forest Recreation District, which requires a minimum size of 88,000 sq. feet (2.01-acres) and a width of 150 foot to meet local zoning to build requirements. The subject property meets local zoning to build as a standalone parcel based on the local zoning ordinance. The State of MI will be retaining mineral rights for the property as the oil and gas rights are currently under lease. The timber on the property mainly consists of young oak and white pine. Electric utilities appear to run into the property to support the mineral well. There are several granted easements running along Hayes Tower Road (i.e., Pipeline, Fiber Optic, and Highway).

AA	The subject property is 1.46 acres in size and is located on the south side of E Russell Lake Road, between I-75 and M18, about 9 miles south of Roscommon, MI. The property is surrounded by three adjacent landowners. There is a driveway cutting through the property being utilized by the adjacent landowner to the south. The DNR attempted to sell the property to this party but was unsuccessful. The area is comprised of well drained sandy soil with 0 to 18% slopes. The subject property does have legal road access to E Russell Lake Road. The property is zoned within the Forest / Forest Recreational District, which requires a minimum of 20-acres and 400 ft. of width to meet local zoning to build. The adjacent property to the south is zoned Rural Residential, which only requires 5-acres and 250 ft. of width to meet local zoning to build. Interested buyers are encouraged to contact Higgins Township regarding zoning/building inquiries. Property dimensions are ~331 feet X ~190 feet.
