One-on-One Meeting Recap

Purpose:

To get to know you and your organization's
Transportation Asset
Management efforts and receive feedback on the program/process.

Findings:

Everyone has a process.

Processes are different and tailored to the region.

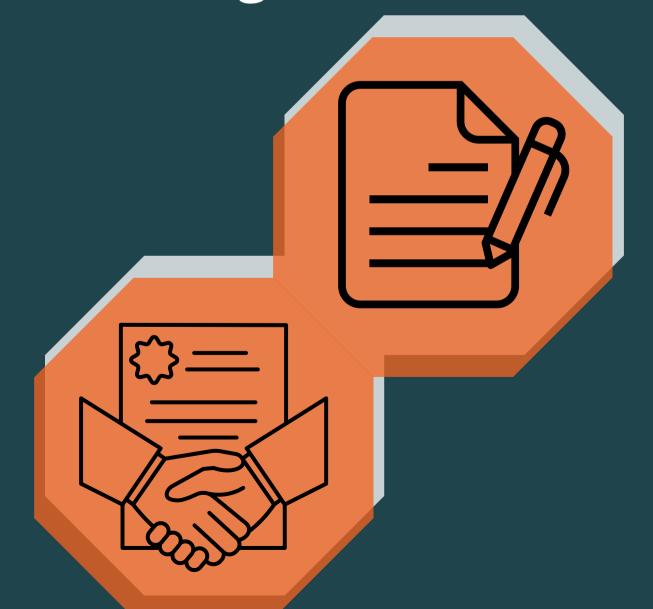

One-on-One meetings were beneficial.

Shared Concerns:

MDOT participation.
Staff/Time Constraints.
Budget Constraints.
Local Agency efforts may be constrained or there is a lack of interest.

Pavement Surface Evaluation and Rating (PASER) and Inventory-based Rating System for unpaved roadways.

Represent MPO/RPO at TAMC-sponsored conferences

Investment Reporting Tool (IRT) training seminars.

Culvert Inventory and Condition Data Collection

Asset Management Plan Development training seminars

Data Collection Equipment

Ensure rating teams have necessary tools:

- Laptop (reimbursable every 3 years)
- Roadsoft Data Export for Laptop Data
- GPS Unit
- Vehicle equipped with flashing beacon, reflective striping, etc.
- Reflective Safety Vests

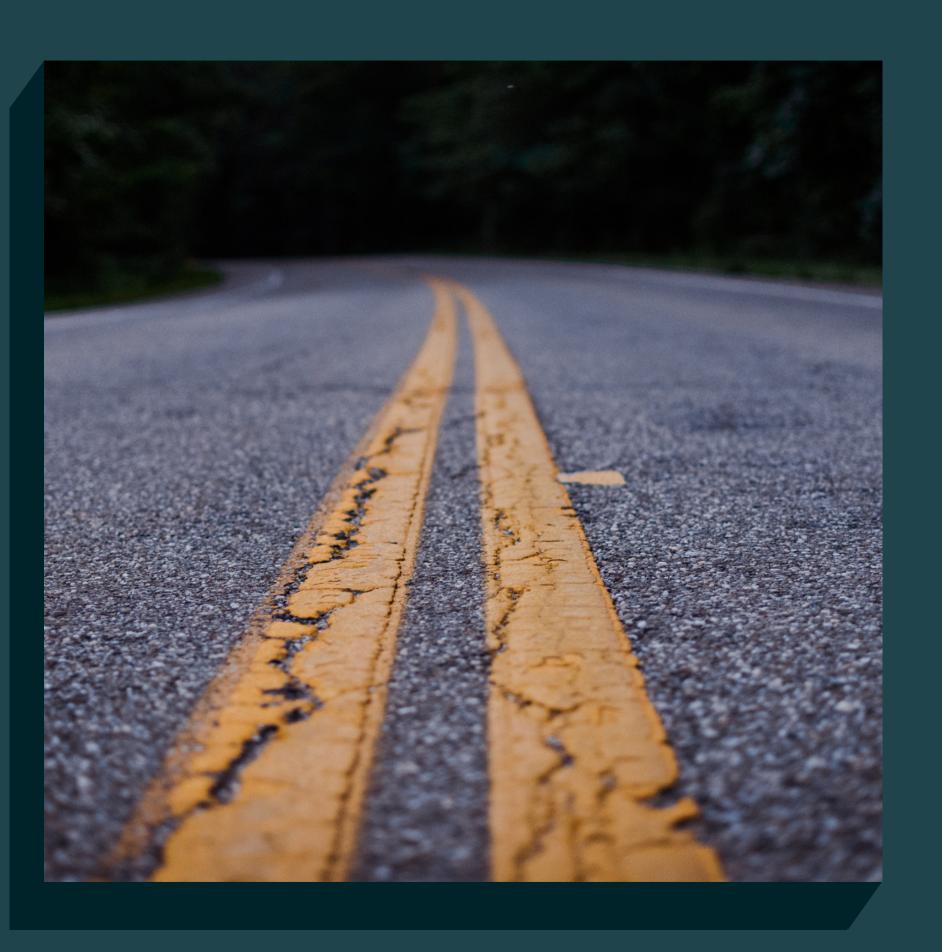

Roadsoft System Requirements

Communicate any equipment needs and purchases through Brad Sharlow, MDOT,

Manager Asset Management Section

Continue to coordinate with MDOT REGION TSC for the use of MDOT vehicle or request MDOT staff participation in data collection.

Data Collection

Data Collection Teams

Federal Aid Rating Teams

- 2 people
 - 1 representingRPA/MPO
 - 1 representing local agency
- 3rd person is permissible but not reimbursed unless meeting requirements.

Training & Certification Requirements

Attend PASER and IBR Training at least once in 3 years.

or

Meet Eligibility Requirements:

attended training 6+ years, Licensed PE attended training 3+ years, either has rated for a like number of years.)

AND

Passed certification exam once in last three years

Continue to coordinate with MDOT REGION TSC for the use of MDOT vehicle or request MDOT staff participation in data collection.

Federal Aid System

No less than one half of the FA System a year

Regional Agency Role

- Organize schedules with PA 51 agencies.
 - Data collection season 1st Monday of April - 2nd Friday in December
- Coordinate, participate and facilitate data collection.
- Ensure all participants are trained and have have access to State of Michigan travel reimbursement rates.
- Collection on one half of the federal system every year allows for any remaining annual funds to be spent on other data collection efforts.

Non-Federal Aid System

Reimbursement no more than every 3 years

Regional Agency Role

- Annual Call for Interest to PA 51
 agencies. Requests to be received by
 October 1.
- Coordinate collection cycles with an emphasis on top 123 agencies.
- Ensure all participants understand procedures for data collection and data sharing with the TAMC.
- Participate and perform data collection as needed or when requested.

Bridge and Culverts

Consider available budget, age of last data when approving requests

Regional Agency Role

- Annual Call for Interest to PA 51
 agencies for Culvert and Bridge Data
 Collection. Requests to be received by
 October 1st.
- Data Houses
 - Culverts Roadsoft
 - Bridges MIBridge

f Roadway Surface Condition L

ion Asset Management Council (TAMC) and is ex

practice of asset management statewide to enhance the dis and bridges. Part of the TAMC's mission is to collect all roads and bridges in Michigan. This document describes physical inventory and surface condition data of paved and Act 51 agencies on the Federal Aid (FA) eligible and Non-a. The TAMC has a TAMC Asset Management Coordinator ation of the TAMC activities. Questions relating to the to the TAMC Coordinator.

199 2007, P.A. 325 of 2018); each Local Road Agenc (MDOT) shall annually report to the TAMC the milea er their jurisdiction. Additionally, procedures and e TAMC shall, at a minimum, include the areas of opment of a multiyear program, budgeting and for

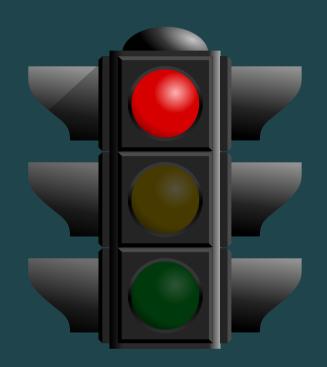

nanaging the TAMC work program to the R Corganizations (MPO). The RPO/MPOs le grams and have funds allocated from the ate those funds among eligible work actions, the RPO/MPO may need to limit

Data Collection Policies

<u>Policy for Collection of Culvert Inventory and Condition Data (2023)</u>

<u>Policy for Collection of Roadway Surface Condition</u> <u>Data (2023)</u>

Policy for Collection of Bridge Condition Data

Data
must be submitted
to receive reimbursement

Data Submission

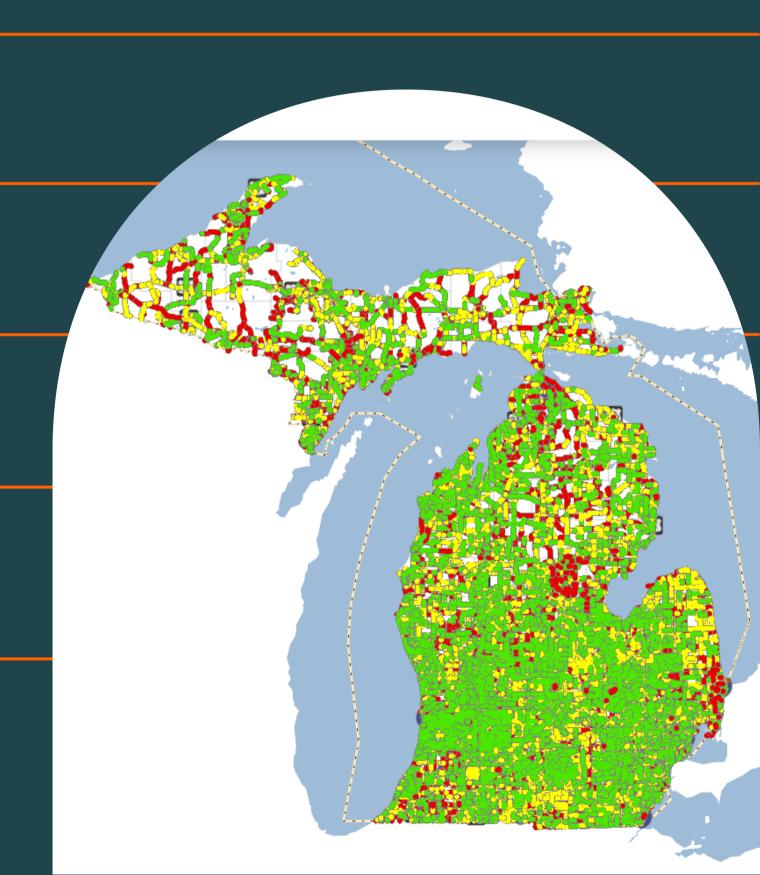

You're the expert on your regional Road Collector (LDC) program.

Monitor and report status of data collec

Maintain an accurate regional Roadsof

QA/QC and Data Submission

Provide links on agency websites and interactive maps, and dashboards for data.

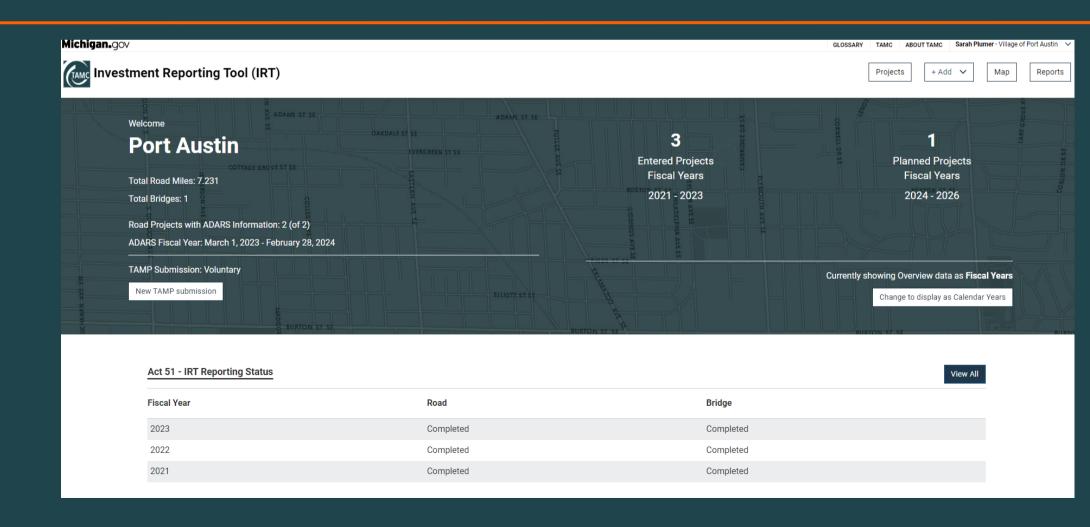

Technical Assistance

Technical assistance related to any work program activity, but not the act of collecting data

Help locals use TAMC Reporting Tools and Data Collection Equipment and Programs

Integrate PASER ratings and asset management into project prioritization criteria.

- Analyze Data and develop road preservation scenarios.
- Analyze performace of implemented projects.

Asset Management Planning

Monitor status of Transportation Asset Management Plans (TAMP) in Region

Provide assistance and training funds for agencies during the development of TAMPS.

Utilize asset inventory and condition data to provide reports or information to local, regional, state partners

How should an invoice be submitted?

- Utilize MDOT standard invoice forms.
- Invoice based on activity in unified work program
- Include information and back-up documentation required for each activity
- Timely Submittal. Keep TAMC
 Administrative staff updated if invoices
 will be submitted late

What does timely submittal mean?

Final invoices for the fiscal year must be submitted by October 15th.

OR

If it is determined early enough that this is not an option, plan ahead.

An EAP form with the remaining funding to be charged must be completed and approved by MDOT-Contracts Services Division prior to September 30th.

MPOs/RPAs have until December 1st to complete their invoices

What Products To Submit

PASER data for Federal Aid/Non-Federal Aid system

submitted to TAMC via the IRT

Culvert Inventory and Condition Data

Invoices submitted on time and fully completed.

Include receipts, logs and any supporting information.
