10-08-21 v1 HD RAS Dislike Each district should stay under its own. when branching out it always brings discontent because each district has its own guidelines that they follow whether it aligns or not with what is agreed upon. Linda Swisher 2021-11-03 02:53:44+00

10-08-21 v1 HD RAS Like I think the canton School district is good but also has its downside. I am new to the district so I don't know a lot about it. But i feel the district does represent it's communities and how canton is brought up. I do not think canton favors any political parties and it is very diverse and full of different minds that come together and make good things happen. Arpita Singh 2021-11-03 02:31:22+00

I work in the Canton district and have found myself encountering different cultures of people. I think it is amazing how diverse this city is and therefore believe the district lines should stay the same. Along with that, the number of different businesses and managements that are included in this community add to the economic increase in the city. Changing the lines would create chaos and cause the city's cultures and community involvement to decrease tremendously.

As a new resident of  
Plymouth, I believe that the  
district does need change.  
Although there is a big voting  
turnout, diversity is lacking.  
Voices of those with a  
different background or way  
in life cannot be heard.  
Possibly having Northville as  
the same district as Plymouth  
could benefit and make it a  
more diverse community  
rather it is one voice.  
Northville is similar to  
Plymouth in how they do  
events and activities in the  
community.

10-08-21 v1 HD RAS	Opinion	I believe that district #43 or Canton should not be changed as it is a very well represented area. The population of district #43 is similar to that of the other districts surrounding it. District #43 is also very diverse in that there are many different races and people. This means there are many different opinions from district #43, making the map of this district perfectly fine.	Vidhi Patel	2021-11-03 01:55:35+00
10-08-21 v1 HD RAS	Dislike	The proposed southern district (including Portage) makes sense, but the Commission should take a closer look at the city of Kalamazoo and consider dividing the proposed northern district into West and East Kalamazoo districts. Douglas street would be a good dividing line if the Commission is really working toward the best solution to a representative form of government.	James E. Perry	2021-11-03 01:45:19+00

I think the boundaries of Canton and Plymouth are pretty fair because the outlines of the districts are compact. The populations of both districts are similar to others. There seems to be a more diverse population in Canton compared to Plymouth. Having a diverse population helps to understand the needs and point of views of people from different ethnicities and/or minorities. Because of this, political officials can try their best to address these issues and make the community more cohesive.

I have come to a conclusion that the current map of the district of the Canton is totally fine. We do not need changes, however, in the future maybe including Plymouth for more accurate measures. As of now, our population is roughly 90,000 in Canton which is ideal because it is very similar to the population of surrounding districts. Canton is full of a diverse community and that helps because it shows the aspects of all races and not just one. These conditions make me believe that the district is perfect as is, and needs no more changes as of now.

I think the borderline for Plymouth should not be changed because it has a pretty diverse population to include into voting and geography. I also believe Canton and Plymouth should be separate because both of the townships have their own voting decisions. This also makes sure that Canton that has a minor population than Plymouth with a major population, so that the Plymouth decision into voting doesn't take over Canton due to different decisions in vote. A population that has majority should never take over the minority, so that everyone gets a say within these boundaries.

H.G.A.

2021-11-02 18:32:54+00

This map is not perfect, but it's pretty good - including in my area. The I-94 economic corridor is an obvious community of interest of exactly the kind explicitly listed in the Constitution, and this helps you with partisan fairness. Could this be better? Sure! I like the AFL-CIO maps which keep Jackson, Calhoun, and Hillsdale Counties all whole and separate. But don't let the perfect be the enemy of the good. I really don't like your Congressional map, and I know folks on the opposite side of the political spectrum from me don't like this map. If you have each side happy with half your work and unhappy with the other half, you're probably on the right track. Keep up the good work - now fix the state house!

I think that the voting district for Canton is roughly fair. It has a community of interest where the people share similar economic interests and historical characteristics. Some might say to include Northville and Plymouth in this district due to the similar historical background, but Plymouth and Northville have different economic interests and would make a district too large and disproportional. In this case, Canton as its own district was a good choice. It has a diverse population, reflects a boundary of partisan fairness, and is of equal proportion.

I believe that district #35 of Canton should remain as it is. The district well represents the people and interests of the area and well encompasses the community and bonds in it. This district is compact and has good diversity. Although, through my knowledge and close relation to many in district #35, I believe that district #110 should not be the way that it is displayed on the map. For many years, the towns of Plymouth and Northville have developed many shared things and bonds through close proximity. Breaking up districts #35 and #110 in this way would not be beneficial to this community. There is no use dividing Northville and Township of Northville. The towns of Northville and Plymouth should be kept together. If not, it will only hurt the people.

10-08-21 v1 HD RAS Opinion

Eva Garza

2021-11-02 17:06:48+00

I think the Canton district is well-placed to maintain the ethnic diversity of its region without watering it down. It seems to be slightly more diverse than districts 36 or 19 surrounding it, and much more diverse than district 35. This makes it in a good place. District 35's boundaries with districts 14 and 17, as well as district 110, are well placed in terms of diversity, which can frequently impact voting. This plan would allow the various communities of each district to be properly and adequately represented.

2021-11-02 17:05:09+00

10-08-21 v1 HD RAS	Like	<p>I believe that District 43, representing Canton, should stay as is. The boundary lines drawn meet the redistricting criteria in population, diversity, contiguousness, and compactness. The district of Canton maintains a population of roughly 90,000, which is similar to other districts. Additionally, District 43 represents the needs of various groups of people. Moreover, it has compact borders and is contiguous. Thus, District 43 does not need any redistricting.</p>	Nabeeha Jalali	2021-11-02 17:00:10+00
Apple V2	Dislike	<p>Ok we're going in the wrong direction expanding this Lyndon Township/Washtenaw Co cut out. Please remove it altogether and keep the county boundary intact. This divides the Chelsea community and is unnecessary.</p>	Steven B	2021-11-02 16:58:03+00

Cherry V2	Dislike	<p>How is this not a gerrymander?  I'd love to see someone try to explain how this is a community of interest. It was clearly done for partisan reasons and is an insult to the jackson and western Washtenaw community.</p>	Alan	2021-11-02 16:55:21+00
10-08-21 v1 HD RAS	Like	<p>After looking at district 43(Canton) as well as its surrounding districts I believe the size is perfect and compact. It is evident that there is a diverse community of interest. Also the district up holds the equal population mandated by US constitution. Please remove this Lyndown Township/Washtenaw Co cut out. We've seen this on several maps and this divides the Chelsea community and is unnecessary. Please keep the county boundaries intact where possible - much like you've done with the rest of</p>	Kyra Burkhardt	2021-11-02 16:52:47+00
Birch V2	Dislike	<p>this map.</p>	Steven B	2021-11-02 16:51:21+00

Ypsilanti has a long history of being in the shadow of Ann Arbor. This map properly gives it a district that is only shared with half of AA instead of silenced by the entire city. This also contributes to having a better balance between democrat and republican representation for your map statewide, which is one of the most important reasons Voters Not Politicians passed in the first place

I believe we should keep the map as is shown. Moving schools for kids would be very hard. Geographically, it's very compact as it isn't a wildly obscure shape. Canton district is proper, and the boundaries are good as is. Canton has a diverse background which is whole with the current boundaries, giving the different communities representation. The size and population of the district also are fair. The 91,000 average of most other districts. Therefore there is no need to change the boundaries of this map.

2021-11-02 16:39:34+00

10-08-21 v1 HD RAS	Opinion	<p>I think that Canton should stay where it is. The current boundaries keep the population similar to the rest of the districts (around 90,000). Also, seeing the diversity percentages, I thought they seemed to be accurate in what I've observed in my life. I think that the people of Canton will have a very good chance of being fairly represented with this district boundary staying how it is.</p>	Jasmine Chalmers	2021-11-02 16:38:40+00
10-08-21 v1 HD RAS	Dislike	<p>Please avoid splitting Farmington and Farmington Hills into 3 House districts. The two cities share schools, libraries, and other services, and operate often as a united community. The long slivers of the districts do not advance interests of the F/FH community nor the few living within them.</p>	Darryl Conliffe	2021-11-02 16:34:27+00

10-08-21 v1 HD RAS	Opinion	I believe that the lines for Canton create a well represented area. Canton's population is similar to the other districts but has a higher diversity compared to other districts in Michigan. I believe that the map for Canton is drawn in a way to include a good variety of opinions.	Colin Bedolla	2021-11-02 16:31:59+00
Birch V2	Like	The Birch map is the fairest one statewide, and it is good for the Lansing area.	Philip Martinez	2021-11-02 16:24:57+00

I think that district #73 should not be changed for many reasons. First, the population of this district is relatively the same as other districts at around 91,000. Additionally, the district is geographically contiguous as it does not have any breaks. The shape of the district is not contorted, it is compact. The district encompasses all of Canton Township, any expansions or reductions would cause this to change. This district groups Canton Township only, so when decisions need to be made, there would be common interests. Any change geographically would cause either part of Canton to be broken apart, or a part of another city/township to be included in the district that would mostly be Canton. Lastly, the diversity of this district causes the decisions made to reflect many groups, which is best for the

It may make more sense for Troy/Rochester to be included with Birmingham/Clawson and removed completely from Sterling Heights.

2021-11-02 16:21:31+00

10-08-21 v1 HD RAS	Like	<p>I believe that the current voting district of Canton should be kept because it keeps the township together, thus reflecting the interests of the township of Canton. Canton has a diverse background that is held intact with the current boundaries, giving the different communities representation. The size and population of the district also are reasonable, as it hits the 91,000 average of most other districts. Thus there is no need to change the boundaries of this map.</p>	Zoha Syed	2021-11-02 16:16:15+00
Chestnut	Like	<p>For Troy specifically, this makes more sense being included with Royal Oak/Ferndale and Birmingham.</p>	Matthew Haupt	2021-11-02 16:16:03+00
Apple V2	Dislike	<p>Birch V2 is better for this area. Troy/Rochester moving by themselves to mainly Macomb cities does not make sense, especially as you head farther north. Troy has more interests aligned with Royal Oak/Ferndale and Birmingham.</p>	Matthew Haupt	2021-11-02 16:14:03+00

I think it would be more beneficial to have the Plymouth and Northville cities in the same district.

Relationships are close between the cities holding similar events and activities.

The population between these cities are also tight knit and being in one district would better reflect the people. This could also keep district 110 more compact.

10-08-21 v1 HD RAS Opinion

Peter Kim

2021-11-02 16:13:41+00

I believe we should keep the current voting district we have in Canton. Our boundaries are continuous and do not combine with any other cities or townships. This district also has a very wide variety of cultures and interests among its people.

The districts also have similar populations in relation to the other locations.

This is my second favorite map after AppleV2, I like this map more than Birch.

Patrick Quist

2021-11-02 16:12:25+00

I think that this potential map for redistricting is good for Michigan because the districts have reasonable shapes which don't break up the towns and have about the same population in each. Also, partisan symmetry helps in not giving an advantage for one party over the other.

2021-11-02 16:10:45+00

I believe that the voting district in Canton is pretty proper and fair as it is. The population of the 91,480, which is nearly exactly the targeted population of 91612. The population of people living in Canton is pretty diverse too. Though some may have higher numbers than others, there is a nice and broad array of groups that can have input. Geographically, it's very compact as it isn't a wildly obscure shape, and it also is relatively small and similar to its neighbors in terms of size. It is contiguous as there isn't any major separation. All in all, this Canton district is proper, and the boundaries are good as is.

10-08-21 v1 HD RAS	Like	<p>I believe that the map for Canton is drawn correctly and properly represent the diverse communities within the city. The size of the district is similar to that of the city and the boundaries will correctly represent the population without favoring one political party.</p>	Shayla Amin	2021-11-02 16:00:09+00

I'm a little disappointed in Caledonia not being included in District 4 but Middleville is, but other than that I completely agree with this map.

Kalamazoo and Grand Rapids share more than they're different. The 131 corridor is a common route for business in WMich. Some may complain that Kent County isn't kept whole, but I don't see how that is relevant. The commission is tasked with respecting communities of interest more than strict county borders.

I'm also a HUGE fan of keeping Ottawa County and the lakeshore as a single district, the tourism and business of the lakeshore is one community that deserves specific representation in congress.

10-08-21 v1 HD RAS	Like	<p>I think that this map is just fine for Canton, since we have equal population with the other districts as well as a diverse background that is also similar to the other districts.</p>	Jason Zhang	2021-11-02 15:53:17+00
Cherry V2	Like	<p>Thank you for unpacking Washtenaw County. Also thank you for understanding that communities of interest should not be at the sacrifice of partisan fairness. You have done your best work yet with this map, and I hope you continue to appropriately value partisan fairness with your house and Congress maps.</p>	Dwayne Grantland	2021-11-02 15:51:52+00
10-08-21 v1 HD RAS	Like	<p>The voting district should stay the same for Canton. The boundaries of Canton are geographically contiguous and do not break up the town or combine it with other towns. The population of the Canton district is also equal to the population of other districts in Michigan. In addition, this district represents a group of common and cultural interests.</p>	Shreya	2021-11-02 15:44:43+00

10-08-21 v1 HD RAS	Like	I believe we should keep the current voting district of Canton, because it groups together the entire township based on community interests and reflects Canton's diversity. The district is geographically contiguous and doesn't separate the town or combine it with another. All districts also have relatively similar populations, which provides more accurate representation.	Aliya Kurian	2021-11-02 15:44:26+00
10-08-21 v1 HD RAS	Like	I think that this map is very good & it represents partisan symmetry very well. This helps in not giving one party an advantage over the other party. Another thing that I really like about this map is the diversity in communities that it shows the proportional amount of votes in the state of Michigan.	Adithya Varanasi	2021-11-02 15:43:52+00

10-08-21 v1 HD RAS	Like	I think that this districting map will positively serve the state of Michigan, and the township of Canton. It does a good job of showing and reflecting the different communities of people found in Canton. I don't think that any new changes made were unnecessary.	Andrew McLaren	2021-11-02 15:42:17+00
Apple V2	Like	This district is amazing, please use this map! Referring to the district that links Kzoo and GR.	Alan D Cacciamani	2021-11-02 15:34:50+00
10-08-21 v1 HD RAS	Like	The map for the district of Canton is a good one, in my opinion. You can see that the districts all have an approximate population of 90,000 people. The equal size rule is a federal requirement, and it would be unnecessary and difficult to change the boundaries of our district because we already uphold this rule. In addition, our district already contains a diverse demographic, so there is not a huge need to change its boundaries.	Krithvi Rayarapu	2021-11-02 15:34:33+00

Cherry V2	Dislike	How does this represent a community of interest? You think the people in Calhoun have more in common with northern AA than the people in southern AA? This is ridiculous.	Larry	2021-11-02 15:34:32+00
10-08-21 v1 HD RAS	Like	I believe this map is accurately drawn and works to restrict unfair practices like gerrymandering, whether of a racial basis or specific partisan alliances. I think this map will allow our state to have a more democratic outcome reflective of its population without the harmful influences of gerrymandering.	Saanvi Jingilipalem	2021-11-02 15:28:03+00
10-13-21 v1 HD RAS	Dislike	FIVE Districts for EATON COUNTY! REALLY? We are rural, and if we have to combine with another county, it should be another rural county IF you are even still doing Communities of Interest.	DARLENE LITTLEJOHN	2021-11-02 15:27:10+00

10-07-21 SD RAS BK	Dislike	<p>This map makes no sense. Grosse Pointe should not be split in two. North Central/East Detroit should not share a district with Macomb Co. suburbs. All of GP, Harper Woods and the following Detroit east side neighborhoods should be in a district: East English Village, Morningside, Jefferson Chalmers, Cornerstone Village. Districts should be built around communities of a shared interest.</p>	Alex C	2021-11-02 15:19:59+00
10-29-21 SD v3	Like	<p>Keeping Northville whole, and in the same district as Plymouth, is in the best interest of the community and its residents.</p>	Randa Cain	2021-11-02 15:15:10+00

This district favors  
Republicans and takes  
representation away the East  
Side of Detroit. What does a  
sliver of the overwhelmingly  
Democratic East side of  
Detroit have in common with  
any of the more conservative  
Macomb County suburbs?  
Districts are supposed to be  
made around communities of  
shared interest.  
Representation would be  
taken away from the East side  
of Detroit with this district  
map.

10-07-21 SD RAS BK Dislike

Alex C

2021-11-02 15:08:59+00

Brilliant! This CD map along the 1-96 corridor connects two urban centers, Grand Rapids and Muskegon and gives a stronger voice to our diverse populations. Although Muskegon is on the lakeshore and home to the most beautiful beach on the West Coast, it is the ONLY lakeshore city with a diverse population, both racially and economically. The other communities like Holland, Saugatuck and South Haven are much wealthier and tourism focused. Muskegon is post industrial, with big environmental challenges. The median income of Muskegon is \$37,400 while Holland is \$57,000. Our needs and challenges are far greater than the communities to the south so we need be aligned with people with similar life circumstances.

2021-11-02 15:03:28+00

10-08-21 v1 HD RAS	Like	As a teacher in the community, I feel like this is reflective of the diverse communities of interest found in Canton. It seems reasonable in size, and doesn't look like any unnecessary changes have been made in comparison to the current map.	Gordon Copee	2021-11-02 15:00:04+00
Cherry V2	Like	This map is pretty good! While it is certainly not perfect, I appreciate your thoughtful considerations towards partisan fairness. Thank you!	Michael	2021-11-02 14:35:22+00
Cherry V2	Dislike	Please include East Sterling Heights with rest of Sterling Heights and Troy. Do not disenfranchise the Chaldean communities living in East of Sterling Heights. Map p7997 does this. <a href="https://districtr.org/plan/72287?portal">https://districtr.org/plan/72287?portal</a> . Thank you commissioners.	Yousif	2021-11-02 14:26:55+00

I live in Wyandotte and excluding us and Southgate from the rest of our Downriver community of interest as proposed would not only be unfair, it would make it extremely difficult to manage the many existing agreements among us and the other members of our community, from police and fire, to animal control, to business and economic interests. Excluding us and breaking up an existing community of interest in favor of including more western communities with which we have nothing in common makes absolutely no sense and would be harmful to all concerned. and I would ask that you consider how our community actually works and how we have historically worked together before making a decision that would have such a negative impact. Thank you for keeping the Tri Cities together as a separate district.

As a resident of Grosse Ile  
(District 7), I urge the  
Commission to include  
Southgate and Wyandotte as  
Communities of Interest with  
Grosse Ile and other  
Downriver communities. As  
Judith Maiga very thoroughly  
describes, Downriver  
communities are obviously  
linked geographically, as well  
as economically (by sharing  
the same employers and  
retail establishments),  
medically (access to  
Wyandotte Hospital as our  
closest and only accessible  
emergency facility),  
environmentally (we all suffer  
the same pollution and seek  
the same redress of the  
McLouth site and other  
industrial sites), while using  
shared services. Please  
include Southgate and  
Wyandotte in District and  
delete some western  
communities which share  
nothing with Downriver.

The City of South Haven affects the lives of all of the three townships that surround it in terms of livelihood, schools, and sense of community. Yet District 87 cuts in so close to the lake that Geneva Township is totally cut out. So my family who is four miles inland has no voting say in South Haven and now has no House legislator that also has our interests in our community. You have drawn the map having inclusive city areas in other towns, but not South Haven. Please include all three of its townships. Also please make sure that all maps passed have a close to zero partisan bias. The Commission was passed by the voters so that everyone had a chance to have their voice be heard. No district should be predetermined!

live in proposed district 7 on this map. Grosse Ile, Wyandotte and Southgate are definitely COI's and should be together in any configuration of downriver (as they are in most of the congressional maps.) Our cities share the services of Downriver Mutual Aid which is police and fire joint assistance and is funded through a congressional act/program, DRANO (Downriver Area Narcotics Organization), Downriver Swat Team, etc. Wyandotte shares the riverfront concerns of the clean up and future development of the abandoned McLouth Steel plant and Wyandotte's Beaumont Hospital services all emergencies from Grosse Ile as the only bridge that allows access to Grosse Ile lies where Wyandotte and Riverview meet - our Grosse Ile ambulances have literally met ambulances from

This is a poor map. It would give the Republican Party a 6-point advantage in the maps, so even if the Democrats won by 5 points the Republicans would get control of the chamber.

Fair maps shouldn't have a partisan advantage, and it's imperative for the Commission to ensure a partisan gap of zero. This map needs to go back to the drawing board.

2021-11-01 14:25:35+00

This is the Senate map. The Commission should move this forward to the comment period and move on to the Congressional (which has several potentially major changes to be made) and the House (which is the most complex and difficult of the three maps). This map isn't 100% what I would have done, but it meets the criteria and will result in a responsive State Senate that either party could win in any given election cycle. Which, by the way, I'm not sure Michigan has EVER had. So congrats to the Commission - and let's do great maps for Congress and House as well.

RES and THANK YOU for  
proposing a map that will  
result in the new HD87  
recognizing the SW Michigan  
lakeshore communities of  
interest. This is much needed  
and will result in citizens in  
our area being represented by  
someone in Lansing that will  
recognize our interests and  
bring solutions to the  
challenges we face as we  
balance tourism with meeting  
the needs of year-round  
residents. Tackling the issues  
involving the environment  
(ever increasing beach  
erosion), housing (short term  
rentals, and affordable  
housing for workers in our  
communities), while bringing  
much needed representation  
to our diverse population  
(African American, Hispanic,  
and the LGBTQ+) to address  
diversity, equity and inclusion  
are all issues we need to  
recognize and improve upon  
to bring a better quality of life Susan Catherman

10-06-21 v6 HD	Dislike	I should be voting with my community. Our county is chopped up in this map in a way that completely drowns my vote under the weight of many more rural voters. The western areas of Monroe county belong more with Lenewee county as the eastern towns in Lenewee are also rural. The city of Monroe, with this map, is being buried by rural voters and rural needs.	Christine DeRoque	2021-11-01 12:41:40+00
10-29-21 SD v3	Like	This is a much better map than what was originally drawn. It certainly meets the partisan fairness we are looking for. I urge you to adopt this map for the MI Senate and use this approach when drawing the House maps. Good job!	Coleen Tuokkola	2021-11-01 12:39:46+00

when learning about the gerrymandering process and what it meant, it was explained to me that we are supposed to vote within communities. We should have something in common with the people of our district. The way our current district is drawn is pretty much the same as this "new" one. I have NOTHING in common with the towns in the western part of this map. I have never been there, know no one there, etc. From what I understand, that entire area is rural. I live in the city of Monroe. This map and our current district map completely ignore city concerns and issues as my vote is completely drowned out by rural people and needs. I feel like our district should include Monroe County and cut off at the county line and extend upwards into familiar and

10-29-21 SD v3	Like	Thank you for making a map that is fair for both parties. Getting to 50/50 democrat and republican is more important than keeping any one district together. I hope your other map proposals follow suit and are fair in regards to partisan fairness, just like this one.	Dwayne Grantland	2021-11-01 12:31:42+00
10-29-21 SD v3	Like	Thank you for taking partisan fairness so seriously! It is so critical that we have fair maps and fair elections. This map does a pretty good job at leveling the play field and I want to commend the Commission for their work! I think this map is good. It starts to unravel the heavily Democratic votes. Even if you had several Republicans, the density of Democrats is so high it would not tend to matter in my opinion. If you jam pack an area with a specific kind of votes, the people don't get the say they like and it becomes an issue. Let's "stuff" Canton and other areas in Michigan.	Michael	2021-11-01 12:19:48+00
10-08-21 v1 HD RAS	Opinion		Anna Dziamski pt 3 (another submit	2021-11-01 11:14:03+00

I do not think if we change the districts it will help. I think Canton is Canton and some people are proud to be from it. I also think, bringing Plymouth into this, that Plymouth and Canton should remain separated. Especially Canton and Plymouth township. Plymouth township/ Plymouth has a different racial and political spectrum that Canton does. It also houses (usually) higher class residents than Canton. Or, the average income is larger.

10-08-21 v1 HD RAS Opinion

Anna Dziamski pt 2 (another submit: 2021-11-01 11:10:29+00

I believe we should keep the map as is shown. The races seem to be equally divided as well as they can be in this population in my opinion. Dividing Canton more than it already is would contribute to Bird to Isbister and back to Bird, moving schools can be hard, and I wouldn't wish that on anyone, especially a child. I also feel this map unpacks republican, democratic, and in between pretty well. There is not as much bias as I expected.

I'm not sure why Jackson continues to be lumped into the rural areas south of Jackson. We are a diverse, vibrant community that lies at the crossroads of US 127 and I-94. With our two largest employers catering to the medical and public utility sector, we would align more with Chelsea, Ann Arbor, and Mason or Lansing than we do with Coldwater, Hillsdale, or Jonesville. The rural community has different needs than we do living in the city of Jackson.

my name is Dick Ramsdell. I  
reside in Flint. At this late  
date let me still suggest that  
the commissioners go back to  
the drawing board, rethink  
your guiding principles, and  
modify your maps  
accordingly. You have made a  
great effort to balance  
partisanship in your maps.  
But from the comments I am  
reading, I think you have  
missed the boat. The culture  
of a section of the state, the  
racial, cultural, and  
environmental interests of  
the majority of the members  
of a community, rather than  
partisanship needs to be your  
guiding principle. The  
comments of your citizens  
and the most recent census  
must be your guide. We, as  
citizens of Michigan, come  
from many different  
backgrounds and cultural and  
historical experiences. Those  
different experiences are

2021-10-30 21:51:48+00

This is by far the best map you have drawn so far but you could do better with a couple neighborhoods. Boston Edison is split along the lodge instead of staying together. You spent a lot of time keeping neighborhoods together but missed this one. The neighborhood was split by the freeway but residents have worked really hard to keep it as one community. Also please don't put Regent park and Mohican Regent into a district with just Macomb county. They are the only detroit neighborhoods drawn into a macomb district. They would be better suited with Harper Woods a growing black community.

10-08-21 v1 CD RAS	Like	This map keeps areas of west Oakland county, like Milford and Commerce, connected to Oakland County, and along I-696, not into the thumb.	Sara Kravitz	2021-10-30 01:27:43+00

Please make additional changes to West Michigan. I have yet to see any changes that were expressed during your recent public hearing in GR. I've seen the commission really get into the details for Detroit and Metro Detroit, but make very little changes to West Michigan. Several of the existing districts just need to be re-done. District 33 is spread all over and it encompasses 7 different counties. District 20's stair step from Byron Township to Benton Harbor makes no sense. District 3 is grabbing parts of Kent and connecting it down to Battle Creek is another head scratcher. I think Commissioner Lange's map V1 does a good job for this part of the state. She also still includes this pseudo coalition district.

I'm sorry, but this commission simply doesn't understand West Michigan. They will spend countless time getting every little detail of Detroit figured out and taking every comment to heart, but they don't treat the West side of the state the same. Looking at this map, they virtually changed nothing in West Michigan. All the public comments from the hearing in GR has gone unnoticed. Just look at how crazy the districts have become. I think it's district 33 that contains 7 different counties! The southern part of Kent county doesn't belong with a district that contains Benton Harbor. A Senate district that contains all of GR and Kentwood makes perfect sense, but they are hung up on this pseudo coalition district. Wholesale changes need to be made and stop ignoring all the public comments you've already

10-29-21 SD v1	Like	VRA concerns aside, I think this is a fair senate map that accurately portrays the state of Michigan. It was won by Trump, Whitmer, and Biden per majorities. I think the 31st district here is an excellent COI district keeping Livingston County whole.	Dan Wholihan	2021-10-29 23:57:49+00
10-29-21 SD v3	Opinion	I have mixed views overall about the map collectively, but I can accept my district as it is keeping Livingston County whole and not with the City of Ann Arbor. I preferred the map before today's changes, overall from a partisan fairness standpoint going by the seats won metric.	Dan Wholihan	2021-10-29 23:54:46+00

The lines of State House District 83 should be changed. Fruitport Township and Fruitport Village should be added to the district to increase the percentage of Muskegon County residents somewhat. The rural Nunica area should be cut out and added to the more rural 85 district. Also the southern boundary of the district should end with the City of Grand Haven. Norton Shores and Fruitport have become more populated in the past decade and have different needs than rural areas. Also, because Muskegon County is being divided into so many house districts, its residents don't make up the majority of any House district it is part of. By chopping off rural area south of Grand Haven, Muskegon County residents would have a greater voice in District 83.

Out of all of the House maps proposed by the commission, this is the most equitable, keeping the voices of Detroiters clear and minority communities in need of representation whole. The Commission should include this map in the next round to avoid blatant disregard for minority representation, a cry that I've heard loud from many. In addition, regardless of the boundaries drawn, the Commission must use the decennial Census data it receives from the U.S. Census Bureau as its starting point for its legislative redistricting. A dozen states have already implemented this reform.

10-07-21 SD RAS BK	Dislike	No map that splits up the Grosse Pointes is acceptable to anyone who lives in Grosse Pointe. They are clearly a community of interest, and surely have more in common with St. Clair Shores than any other nearby community.	Brendan Cotter	2021-10-29 20:17:39+00
10-08-21 v1 HD RAS	Like	As a teacher in the community, I think this is a good map that keeps most of Canton together in one district. Canton has communities of interest, notably the APA community that contributes to the overall community.	Richard Mui	2021-10-29 18:56:21+00

Thank you for the many days and hours you have put into this important task. I believe the Senate map for district 32 does not well represent the COIs of the different communities with-in those lines. The larger mass of Clinton and Shiawassee Counties leans strongly conservative, while the Lansing, E. Lansing (MSU), and Okemos communities have a concentrated liberal influence, covering a much smaller area. Add to that that the college students who may vote as residents, most of the time won't be permanent residents in the area affected by their vote. With this map, the larger concentrated population of the liberal cities (approximately 17% of the land mass) will have a major influence over the rural areas (83% of the area represented) . Thus representation may

First let me thank all of you  
 for your hard work on this  
 endeavor-I campaigned for  
 proposal 2 and even if I may  
 not agree with all the maps, it  
 is important that re-districting  
 is no longer in the hands of  
 politicians. It is difficult for  
 each of you to know the make-  
 up all areas in Michigan-hence  
 these comments are very  
 important. To wit-  
 Senate map Elm-3 problems  
 on this map: Again Wealthy,  
 NOT Fulton, is the division  
 between City Wards 2 and 3.  
 Please honor this in dividing  
 the city.

Cascade Township is a suburb  
 of Grand Rapids, containing  
 the Gerald Ford International  
 Airport which is strongly  
 linked to the GR community.  
 There is very little connection  
 between Cascade Township  
 and Battle Creek.

Ottawa County should remain  
 whole. To link 4 Ottawa

10-07-21 SD RAS BK Dislike Rural Ottawa areas should not be combined in with West Grand Rapids, an urban area. Richard Paas 2021-10-29 03:59:47+00

10-12-21 EID v6 CD Like The combined West Michigan Grand Rapids and Muskegon district meets the goal of partisan fairness which is high on the hierarchy list of MIRC's mission. I have travelled to Muskegon from GR for years to see friends and relatives and I know others have as well spending time and money in both regions. Additionally a district rep here would be able to better represent the combined minority demographics that have been drowned out by gerrymandering for decades. While the combined GR/Kalamazoo district approaches this I think a GR+Muskegon region is a more natural fit. Richard Paas 2021-10-29 03:36:24+00

There was an extensive study done back in 2002 by the West Michigan Strategic Alliance with a mission to be a catalyst for regional collaboration. It was stated that the most successful future comes from regional decisions that balances economic prosperity, environmental integrity and social justice. This map best demonstrates a strong link between the economic connection along the I-96 corridor creating a common framework for partisan fairness inclusive of Grand Rapids, Kentwood and Muskegon creating a regional alliance to develop a regional alliance with political balanced mindsets.

2021-10-29 02:52:35+00

The Grosse Pointes were correctly mapped together with one exception. A small section of Grosse Pointe Woods on its south end (Precinct 4), was omitted from the map for State Representative District 4, where the rest of Grosse Pointe Woods was placed (as well as the other Grosse Pointes) and instead put into District 6. It is critical that this section of the City of Grosse Pointe Woods be included in District 6 with the rest of the city. The separation of this part of the city from the rest of the city is counterproductive to the importance of ensuring the unity of interest indicated to be accommodated by the the new redistricting.

in 2018 I was a captain with  
Voters Not Politicians in order  
to change the gerrymandered  
mess of the districts in  
Michigan. My team collected  
thousands of signatures from  
people who wanted to end  
unfair gerrymandering by  
establishing this commission.  
Now what I see in SE  
Michigan is a new racial  
gerrymandering: dividing  
districts up by lines drawn to  
prevent racial minorities from  
electing their preferred  
representatives. Districts 8,  
16 and 21 are a  
gerrymandered nightmare. In  
order to avoid majority  
minority districts, this  
commission is creating racial  
gerrymandering.  
The City of Livonia has been  
cut into three pieces to  
support this racial  
gerrymandering. I have  
testified in person to the  
commission that Livonia  
exemplifies a community of

10-11-21 v1 CD DJC	Like	This map looks great! The partisan fairness is improved. I also love how Bloomfield Township, Southfield Township and Birmingham are kept together.	Debbie Rosenman	2021-10-28 17:46:06+00
10-11-21 v1 CD DJC	Like	The map for District 3 seems to be a fair and reasonable grouping of Central Oakland County communities of interest.	Larry Spiece	2021-10-28 17:03:35+00

Kent County should be kept completely whole in the Congressional maps. The APPLE Plan should be rejected. The cities of Grand Rapids and Kalamazoo are distinctly separate Communities of Interest (COIs) each with its own identity and priorities. Putting the two in a common District pits two cities which compete against each other for resources; they should be separate, focal economies in separate Congressional Districts. Honor the Communities of Interest!

Similarly, for the State Senate District, the three proposed maps for Kent County all are identical and violate the concept of COIs. Rather than leaving all of Grand Rapids in one State Senate seat, the maps divide the city at its North-South center into two different Districts. The city of Don't divide Livonia. We are a community. We are similar to Canton, Northville, Plymouth. Similar to cities west of us, not east. Thanks.

These blocks need to be moved from District 10 to District 2. Including these blocks in District 2 will keep the Bangladeshi community together - meeting the ethnic, economic, and cultural needs that create this Community of Interest. Leaving this sliver in District 10 does not make sense.

There are areas in these maps that have very, very unusual units that are out-of-place, and seem to be arbitrarily included to meet other standards of numbers to the detriment of minority voices. Please do not dilute BIPOC votes!

10-11-21 v1 CD DJC	Like	<p>This appears to be a fairly drawn map that includes Oakland County communities of related interest, identities, governance, schools, etc.</p> <p>It,also, seems partisanly fair. District 8 benefits from the thousands of individuals housed in Jackson area prisons who are unable to vote or participate in civic activities, and most of whom have no ties to this community. Prison populations should be included in an overpopulated district in order not to sway the size of the actual community population of the district. Likewise, communities most impacted by incarceration (such as in Districts 1, 2, and 6 on this map) should be in underpopulated districts to compensate for their displaced population.</p>	Barbara Spiece	2021-10-28 16:08:29+00
10-07-21 v1 CD DC	Dislike		Kenneth Gourlay	2021-10-28 15:49:25+00

I strongly oppose the current configuration of State House Districts for Muskegon County. It appears that by dividing Muskegon County into four districts, that with the exception of District 84 which is mandated by the voting rights act, the remaining three districts are drawn to completely disenfranchise Muskegon County voters. Instead of drawing a straight line south from the eastern boundary of District 84 to include Fruitport Township in District 83, the map takes a left turn to exclude us. At the same time, the Ottawa County eastern boundary extends all the way to Crockery Township to Nunica. FRUITPORT is not a rural Township.

We live two blocks from Spring Lake and are part of the Spring Lake/Norris Creek watershed. This is where I

10-08-21 v1 HD RAS	Dislike	<p>The proposed District 18 looks like the map of the original district from Massachusetts back in 1812 that gave us the term "gerrymander." This district and all of the others in the metro Detroit area are racially gerrymandered. This is "negative racial gerrymandering" which is designed to nullify the vote of minority residents. That may not be the intent of the commission, but that will be the result. These maps of SE Michigan are "cracking" the minority neighborhoods, which essentially inhibits their influence and cracks apart communities of interest.</p>	Louise Weller	2021-10-28 13:05:12+00
10-08-21 v2 HD	Like	<p>Please leave Flint the way it is. Do not change the lines. We need. Use Map P7373</p>	Betty Knapp	2021-10-28 12:57:17+00
10-11-21 v1 CD DJC	Like	<p>One thing I do like about this district is that it is likely the one that is most contiguous in Oakland county, the district will seemingly represent a large cross section of Oakland.</p>	Kent Douglas	2021-10-28 04:30:27+00

10-08-21 v1 HD RAS	Dislike	Please make revisions to the State House plans (Pine, Oak, and Peach) to include Precinct 95 with State House District 2 (instead of District 10). This will place more of the Bangla community together so that they can have proper representation. You can reference map p7503 for details.	Rahim Miah	2021-10-28 04:23:05+00
10-08-21 v1 CD RAS	Dislike	I am opposed to this map because it breaks apart the contiguous COIs of Black voters in Southfield/Lathrup from Oak Park and parts of Detroit. It essentially cracks the Black vote by splitting 3 contiguous African-American communities into 3 different Congressional districts, thereby diluting the Black vote.	Judy Davis	2021-10-28 04:14:30+00

I am a Southfield resident and like that this map keeps the contiguous communities of African-American citizens in Oakland County together. Too many of these maps split Southfield & Lathrup Village from Oak Park along Greenfield Rd. However, these communities comprise a contiguous African-American COI under the current Redistricting rules, sharing significant cultural, historical, economic and other interests, and should be kept intact in Congressional voting districts, per the map #c4774 submitted to the public comment portal. I also support the Commission's proposed maps which join portions of the City of Detroit with Southfield, Lathrup Village and other south Oakland County border communities with respect to Black COI representation. It is important to keep this COI

10-07-21 v1 CD DC Opinion

Judy Davis

2021-10-28 04:04:56+00

10-08-21 v1 CD RAS Like I am in agreement with this map as it keep the City of Midland where it belongs, with its Great Lakes Bay neighbors of Bay City ,Saginaw and Flint. Hurray for a un-gerrymandered map for the voters of this region! katrhleen curell 2021-10-28 04:04:08+00

10-07-21 v1 CD AE Opinion I am a Southfield resident and like that this map connects Southfield/Lathrup with parts of Detroit. However, it breaks up African-American citizens in the cities of Southfield and Lathrup Village from Oak Park. These communities comprise a contiguous COI under the current Redistricting rules, sharing significant cultural, historical, economic and other interests, and should be kept intact in one Congressional voting district, per the Southfield Deltas map #c4774 submitted to the public comment portal. It is important to keep this COI together in order to avoid dilution of the Black vote. Judy Davis 2021-10-28 03:50:55+00

Im very happy to see a district like this one that recognizes that the city of Midland is not rural. Midland is a CITY and belongs with Bay City, Saginaw and Flint with whom we share the same urban interests. A watershed is not a determining factor in the criteria for drawing voting maps.

COI and partisan Fairness ARE! Thank you for drawing

2021-10-27 18:40:08+00

10-08-21 v1 HD RAS	Dislike	There is no reason to add parts of Oakland township to the Rochester-Rochester Hills district. Rochester/Rochester Hills has enough persons to fulfill the 77,000 requirement and is a unique community.	Rebecca McMahon	2021-10-27 18:31:51+00
10-09-21 v1 HD DJC	Like	I like this map to the extent that it keeps Livingston County districts whole and not put in with Washtenaw County as the vast majority of public comment stated. Thank you.	Dan Wholihan	2021-10-27 18:17:04+00
10-08-21 v1 CD RAS	Like	As a Ypsilanti Resident this is my favorite map so far.	Kristen Harter	2021-10-27 18:12:09+00
10-07-21 v1 CD AE	Dislike	Why is another map excluding Rochester Hills from our greater city area? Rochester, Roch Hills, Oakland Township are a tight knit community, but yall keep trying to split us up? Why were school district boundaries not thought of?	Peter Adair	2021-10-27 18:09:54+00

10-07-21 v1 CD DC	Dislike	<p>Another map where Rochester hills is split from our Greater Rochester area. We are a tight community with Oakland Township, yet here we are separated, why? Was anyone in these communities consulted? How about looking at school districts? Our schools usually create a tight community, but you have failed.</p>	Peter Adair	2021-10-27 18:07:51+00
10-05-21 v1 CD DW	Dislike	<p>Was anyone consulted with prior to these maps being released? Just looking at my city, why are we tied a huge Macomb county region and not Oakland? Rochester hills is split from Oakland Township? Really, was anyone consulted how closely this area is related? Were school district boundaries reviewed for cohesion? Why would you split the counties up to this extent? Make counties more cohesive, give up parts of Macomb for northern Oakland County. Oakland Township is a part of the Greater Rochester Area, not the area in this map.</p>	Peter Adair	2021-10-27 18:04:05+00
10-08-21 v1 CD RAS	Dislike	<p>the area in this map.</p>	Peter Adair	2021-10-27 17:59:45+00

This part of the map is fairly drawn and in a way that keeps central Oakland County together. By drawing lines in a fair way that also reflects the spread of connected groups of people, the map has kept inter-county communities, like that of the Walled Lake Consolidated Schools District and other schooling areas, together. Dividing areas that are critical for both elections and governance would not only create further divide among constituents but take away group identities that are extraordinarily meaningful among the individuals living in these areas.

These proposed maps have just flipped the carve-out from the west to the east side of southern Oakland Twp., north of Rochester Hills, making it an unchanged district and maintaining a partisan advantage for Republicans. In keeping with the goal of reflecting community boundaries, the entire township of Oakland should be in the same House district.

Two alternative map options would be:

• Keep Rochester and Rochester Hills combined (with 89,335 residents) to meet the House district population requirements of 77,000 to 91,000 residents.

See map:

<https://districtr.org/plan/70801>

• Include part of Auburn Hills, which would add

Please make sure that partisan fairness is maintained in all your districts especially at the state legislature and state senate level. The majority party that the voters overall have decided needs to be reflected in the state houses. I prefer the maps that the AFL-CIO has drawn mostly because the partisan fairness at the state level is close to evenly matched. Partisan Fairness means Representative Fairness and the reason we voted for Proposition 2.

10-04-21 v2 SD	Like	<p>I am ok with this map. I prefer our current senate district map which is very neatly defined. It encompasses all of Calhoun County, all of Barry County and all of Ionia County. 3 counties that are very similar with nothing extra. I'm still favorable to this map over anything that includes the city of K-zoo. I just don't get why there would be a need to break up my county when we only have a population of 134,000 which is far less that a Senate district requires.</p>	Sonja Marie Patrick	2021-10-27 16:16:23+00
10-13-21 v1 HD CSO f	Dislike	<p>Do not split counties in the U.P. The current proposal shows no understanding of the Upper Peninsula populations and cultures. I'm submitting a more fair division of districts in the Upper Peninsula for your consideration and request that this be adopted instead.</p>	Scott Trask	2021-10-27 16:12:14+00

10-07-21 SD RAS BK Opinion Thank you for keeping ALL of Cass County in one district. However, please consider putting the Eastern counties now in this district in a separate one. We have separate historical, cultural, and economic issues in the west. Thank you Naomi Ludman 2021-10-27 16:09:12+00

10-07-21 SD RAS BK Like This map continues the notion that counties along the southern border of Michigan are all alike. Southwest Michigan is NOT a community of interest with counties in Southeast Michigan. We who live in the southwest corner of the state (Cass County for example), go north and west and belong with Berrien and VanBuren Counties. Naomi Ludman 2021-10-27 16:06:41+00

I am from Dowagiac in Cass County in the southwest corner of Michigan. I want to talk about the proposed House Districts 64 and 81 in the Pine grouping. District 81 takes the city of Dowagiac and carves it out of Cass County instead of leaving it in District 64 where it belongs. Dowagiac is the only city in Cass County and anchors the community economically, socially, historically, and culturally. Dowagiac is the home of Southwestern Michigan College which is integrally related to the city in multiple ways. The proposed maps put the college in one District and the city in another. Furthermore, Dowagiac has a significant African American population whose votes are diluted by pulling them out of Cass County rather than keeping them with the African

I like this map! It does a good job of combining the Tri-Cities, along with Flint, to provide an urban/suburban focus, which is a good fit for the City of Midland, where I live. We share so much, and we share much more than with the north and west counties that some maps force us with. In fact, if you want to improve this map, you could trade some of Tuscola for some of Midland County. In any case, partisan fairness is a key determinant and this map helps Michigan with that factor. Thank-you for your hard work and this map.

Lynn Pottenger

2021-10-27 03:41:18+00

This map makes no sense as it puts the City of Midland, an urban/suburban city, in a Senate district with the very rural parts north and west. The City of Midland should be combined with the Tri-Cities area, including Bay City and Saginaw, with which there is a true community of interest. Folks keep writing that Midland needs to be kept with Gladwin due to the 2020 flood but the watershed is much bigger than that and much too big to be a single MI Senate district. We are not a single issue community and- by the way-Bay & Saginaw counties were also flooded! Please keep the Tri-Cities together and opt for the best map for political fairness.

2021-10-27 03:24:26+00

This is an unfair redistricting proposal. Dickinson County should not be split into two districts. This will create excessive work for county clerks, confusion among constituents during election time and will negatively impact our precinct delegates. Our county is united in many ways and holds to traditional values and attitudes. Dividing our county would undermine this. We do not want to be in the same district as Marquette County or Houghton County, which are more socially progressive. Keep Dickinson County united and redistricting the same as it's always been in the Upper Peninsula--especially the current 108th district.

Hello, my name is Sharon Taylor, I was born and raised in Flint, Michigan. I am a product of Flint schools. I continued my education through, Mott Community College and Michigan State University.

As a resident of Flint, I have seen many injustices, systematic racism, economic oppression, and racial discrimination. the latest is the poisoning of our community through our water system. There has been no justice served nor is our water problem corrected.

Our city is a resilient community, we stand and fight together. We want our voices to be heard and most of all, we want to stay together as a community.

We don't want to be gentrified; therefore, we need individuals that have a shared cultural experience, who

10-07-21 v1 CD DC	Dislike	<p>The Downriver area would benefit more be more aligned with District 8 than District 7 given proximity and similar cultural communities in Monroe County Just a side comment - I saw many comments about reducing Republican votes in a district - that should not be a criteria for either party !</p>	Mark Theobald	2021-10-27 00:40:02+00
10-04-21 v2 SD	Dislike	<p>A 54.2% Republican lean in this district (29) is totally unnecessary and unfair. The law requires fair maps and this is not fair. Moving the line a little or unpacking Ann Arbor a little would create a fair district.</p>	Susan Shink	2021-10-27 00:39:13+00

Birmingham, Bloomfield Hills and Bloomfield Township form a Community of Interest. They share a Chamber of Commerce and Birmingham Schools go into all three municipalities. They should form the core of a State House District. They can be combined either with A) Auburn Hills or B) Southfield Township (Franklin, Beverly Hills and Bingham Farms), Sylvan Lake, Keego Harbor and Orchard Lake.

Christopher Cummins

2021-10-27 00:00:25+00

this is a terrible map. Again, you have drawn districts vertically, crossing county lines. I'm in Sterling Heights; our COI do NOT stretch all the way to the Detroit River. It would be much more fair to keep all of Sterling Heights and Warren together in one State Senate District; and start over by drawing many districts HORIZONTALLY. You must STOP crossing county lines; this is not empty farmland or fields. Your maps should be more compact, not salamander-like in appearance as they are in this poorly constructed map. Are you achieving partisan fairness? That is, as near to 50/50 as possible? Please remember that that is what Prop 2 was all about. Gerrymandering should be gone and done with. We the majority of the citizens of Michigan want fairness in our maps and thus in our voting

Thank you, this map looks fair and balanced!

This proposed map for District 1 would be an absolute nightmare for the Upper Peninsula. The distance between the west end of the district and the east end is over 320 miles. Time to travel, for example, from Ironwood MI on the west end of the UP to Sault Ste. Marie, MI on the east end is nearly 5 hours and 20 minutes. That's in good weather conditions. In the winter it could easily take more than 6 to 7 hours. This is not acceptable in any way. The current 38th District is already quite large and expansive. The new map makes it unmanageable for senators and frankly, unacceptable to those living in these more rural communities up here. Senators will spend the majority of their time in the larger population areas and rural areas will certainly be underserved. I implore you to

All three of the collaborative maps for House are basically the same for the Detroit and Detroit Metro area which means Detroiters did not get a choice during the public hearings. Please reconsider. In addition The Michigan Department of Civil Rights said in a statement that "The maps this body approved on Oct 11 fail that test. They dilute minority-majority districts and strip the ability for a minority voter to elect legislative representatives who reflect their community and affect any meaningful opportunity to impact public policy and lawmaking."

2021-10-26 18:58:25+00

While this map (#243) keeps the Tri-Cities together, it binds that clearly urban/suburban population with the decidedly rural population all the way to the Lake Michigan shoreline. There is a clear disadvantage to both of these sharing a single representative with such divergent interests. All those comments about sharing watershed are ignoring the fact that our watershed is the Saginaw Bay watershed. The Tri-Cities would do better combined with Flint, another large urban population with shared interests. This is not a good map for us.

The division of Roseville as Zvonko Blazevski

2021-10-26 18:35:42+00

we are writing to express my concerns over the various proposed versions of the State House map that have been presented for public feedback. As residents of the City of Roseville, we are especially troubled with the prospect of splitting of the city into multiple districts. In each of the proposed maps, Roseville, a city with just over 47,000 residents, is divided into two districts; which to our knowledge has never occurred previously. Generally, the proposed maps have several of our most northern precincts in a district that goes all the way to Anchor Bay, creating a significant socioeconomic and geographic disparities while the rest of Roseville in a district that encompasses Eastpointe and portions of northeastern Detroit.

10-08-21 v1 HD RAS	Dislike	Please consider linking Emmet and Charlevoix counties with Antrim and part of Grand Traverse with which they have important common interests, tourism and small farming, as well as contiguity. They have very little in common with the eastern Upper Peninsula. Thanks for your efforts in undertaking this difficult task.	James S Rodgers	2021-10-26 18:06:15+00

10-07-21 v1 CD DC Like The 4th district makes a lot of sense it keeps the City of Grand Rapids within 1 district and with the surrounding suburbs. The objections I see are obviously by Democrats who want to make along narrow district with Kalamazoo a different area all together to try and gerrymander the district to create a Democratic leaning district in West Michigan. phillip weichman 2021-10-26 18:01:03+00

10-07-21 SD RAS BK Dislike Thank you for your hard work on the State Senate maps. Although Cherry seems fairest, it still leans Republican in a lean-Democratic state and needs further adjustment. For instance, District 27 packs Democrats into one oddly-shaped district because it joins Ann Arbor and Ypsilanti. For fairness, these two should be split into separate districts that include more of their suburbs and surrounding rural areas. James S Rodgers 2021-10-26 17:56:05+00

10-08-21 v1 HD RAS	Dislike	While I realize this is a difficult process, dividing smaller communities seems counterproductive to me. I urge you to find a way to keep Novi together in one State House District. The community shares many resources like fire, police, city government, library etc. We are already divided by the expressway and into four school districts. Dividing us up again will just create another division which is counterproductive to building a sense of community and unity.	Karen B. Zyczynski	2021-10-26 17:37:16+00
10-08-21 v1 CD RAS	Like	This is moving in the right direction, it's a good district for us, but still favors Republicans. We want a competitive election, with no one party favored over the other. It could still be better!	Erica Chappuis	2021-10-26 17:31:07+00

According to the National Conference on State Legislatures, all states must comply with the federal constitutional requirements related to population and anti-discrimination. For congressional redistricting, the Apportionment Clause of Article I, Section 2, of the U.S. Constitution requires that all districts be as nearly equal in population as practicable, which essentially means exactly equal. For state legislative districts, the Equal Protection Clause of the 14th Amendment to the U.S. Constitution requires that districts be substantially equal.

Additionally, the state of Michigan has enacted legislation that requires that newly established districts are "Compact, Contiguous, Preserve Political

Please consider the need for majority minority communities when you are analyzing maps. It is important to increase, not decrease minority voting strength for stronger representation in government.

Asking for you to not split minority communities. It will make it harder to elect representative candidates.

The mission of the Voting Rights Act in 1965 was to insure voting rights for all citizens. Map territories should empower communities to vote for representation for themselves.

2021-10-26 16:44:17+00

Thank you!

This map is somewhat better than the other maps, but still fails to meet the test of making sure the party that get the most votes gets the most seats. The commission could focus on unpacking the Democrats in small cities such as Ann Arbor in order to address this. In Livingston County's case, many people commute to Washtenaw County. The notion that we have nothing in common is false. People travel there all the time for entertainment (U of M athletics, Art Fair, culture), work, school (EMU and U of M), and health care. We have much in common and putting parts of the two counties together could meet partisan fairness.

Judy Daubenmier

2021-10-26 16:31:43+00

This map is somewhat better than the others. It is getting closer to having the Senate makeup match the makeup of the state as a whole.

Unpacking Democrats in smaller cities like Ann Arbor would help make it even more fair. Thank you for your work.

10-07-21 SD RAS BK Opinion

Judy Daubenmier

2021-10-26 16:24:56+00

Thank you for your work on these maps, but as I look at this one, it still would not result in the party that gets the most votes getting the most seats. This is a Democratic-leaning state and at best, Democrats would get a tie in the Senate. Please consider unpacking some of the smaller cities such as Ann Arbor. Many people in Livingston County commute to Washtenaw County for jobs, school, health care, and some have recently moved here from Washtenaw County due to housing prices. It would be reasonable to pair them.

Judy Daubenmier

2021-10-26 16:01:02+00

Thanks for your hard work creating our maps. The Pine map does seem the most fair of all house maps, but I still have concerns. Proposed House Districts 107 and 70 have such a large portion of their population incarcerated that they would be constitutionally too small were Michigan to reallocate incarcerated individuals to their home communities. I and many others spoke to the commission about this unfairness many times during the first round of comments, and also provided data and opportunities to speak to our organization, Voting Access for All Coalition, to find ways to address this problem. Many states have chosen to address this issue, since it syphons power away from our low income and black communities.

I realize reallocating incarcerated population

10-12-21 EID v6 CD	Like	I strongly support partisan fairness. This map would combine Muskegon and Grand Rapids which are connected by the I96 corridor. Muskegon and Grand Rapids are a strong COI for West Michigan. Thank you for your hard work and please support partisan fairness.	Joan Long	2021-10-26 15:56:35+00
10-13-21 v1 HD CSO f	Dislike	All of Lake Orion should stay in 46 and makes absolutely no sense moving to share with the other cities in lower 29! Interests, schools, etc do not align and are not shared in anyway. We must keep Lake Orion with Oxford, etc.	Evan Heinze	2021-10-26 15:47:06+00
10-13-21 v1 HD CSO f	Opinion	All Oxford & Addison precincts must remain in State House District 46 because their single shared school system is one extremely important non-partisan community of interest.	Evan Heinze	2021-10-26 15:33:59+00
10-07-21 v1 CD DC	Opinion	See my comments on the Birch map, whose District 5 is identical to this one's. Thanks for your efforts.	Dan Luria	2021-10-26 14:49:04+00

10-07-21 v1 CD AE	Opinion	See my comment on the Birch map, which has the same District 5 as this map. Thank you. District 5 makes good sense, as it groups Livingston County with Ingham County, which makes more sense than including it in a district with Detroit's northern suburbs as CD 8 is now. But the map overall still has a partisan fairness deficit, as it would produce (as I read it) a 7-6 Republican advantage in Michigan's delegation, when the popular vote in years 2012, 2014, 2016, 2018, and 2020 suggest that fairness would dictate a 7-6 Democratic-Republican delegation. Thank you for your efforts.	Dan Luria	2021-10-26 14:48:09+00
10-08-21 v1 CD RAS	Opinion		Dan Luria	2021-10-26 14:47:06+00

See my comments on the Cherry map, whose District 31 is identical to this one's. Overall, these State Senate maps fail on partisan fairness, as they would result in a majority-Republican State Senate in a state that votes 53% Democratic. My intuition is that this results from too many districts that pack Democrats together. This can only be addressed by splitting some Democratic Counties, including Washtenaw, Genesee, Saginaw, etc. Thank you for your efforts to be fair and unbiased.

See my comments on Cherry map, since this one has an identical District 31. Thanks.

Dan Luria

2021-10-26 14:38:00+00

10-07-21 SD RAS BK	Opinion	<p>This map makes a fair amount of sense, though it could also be seen as packing Republicans. It also ignores the strong connections between Ann Arbor and the southeast part of Livingston County. As a result, this district packs Republicans and the one to its south packs Democrats. Thus it could and should be improved. Thank you for your work.</p>	Dan Luria	2021-10-26 14:35:46+00
10-08-21 v1 HD	Opinion	<p>See my comments on Pine, since this map has the identical District 45 boundaries.</p>	Dan Luria	2021-10-26 14:31:32+00
10-08-21 v2 HD	Opinion	<p>See my comments on Pine, since District 45 is the same here as there.</p>	Dan Luria	2021-10-26 14:30:19+00

I appreciate the Commissioners' hard work on this. This map makes a fair amount of sense, recognizing that the southeast half of Livingston County is quite different, and more tied to Ann Arbor and less to southern Ingham County than is the northwest part of the County. With regard to Ann Arbor, however, the current maps fail to bring the required partisan fairness: by packing so much of Washtenaw County into so few State House and Senate districts, your maps make Democrats in less urban areas likely to be under-

2021-10-26 03:23:43+00

it is good that this map is drawn to keep the cities of Saginaw, Midland, and Bay City together. I am concerned that Zilwaukee is excluded as well as portions of Bridgeport. As a member of Saginaw African American Pastors (SAAP), our community of interest includes serving parishioners in all of these areas that will be affected collectively by decisions relative to infrastructure investment (water, transportation, and education), as well as the critical economic impact of job loss due to the international impact on the auto industry, and now the semi-conductor world. It is important to keep these communities together, but the resources that encourage the development of people should be paramount. I also agree that the important value of the watershed affects Dr. Hurley Coleman

2021-10-26 02:48:46+00

10-12-21 EID v6 CD Like as a longtime resident of Midland in search of a fair Congressional district, this map is really impressive. I like that it includes the Tri Cities and Flint, which make up a COI, but it also includes some areas of Midland County and it scores very high in Partisan fairness and is it has the lowest score in the Efficiency Gap! Bravo! kathrleen curell 2021-10-26 02:45:57+00

10-09-21 v1 HD DJC Dislike As member of Saginaw African American Pastors and Ezekiel, I am challenged by the district because of the exclusion of portions of Bridgeport and Buena Vista, who share school districts in Saginaw and Bridgeport. In addition, this map excludes the critical transportation resource of MBS that serves our community and is funded through our local tax base. It also excludes SVSU and Delta College, which are critical resources to the community. This map should be redrawn to include the critical infrastructure elements. Dr. Hurley Coleman 2021-10-26 02:41:34+00

As a member of Saginaw African American Pastors, I believe that the configuration of this map, District 5, suits the critical needs of the communities of Saginaw, Flint, Bay City, and Midland. There are several important reasons for this: 1. The communities along I-75 that experienced the impact of the loss of the automotive industry as an economic foundation for most of the middle class need representation of their economic needs as a collective. 2. The shared resources of water and transportation are critical to Midland, Bay City, and Saginaw requiring a concentrated representation of infrastructure investment in MBS and the colleges (SVSU and Delta). Finally, there is a mutual workforce in these communities that is best served by a unified vision of

2021-10-26 02:08:31+00

Thank you for your efforts. I am another who is going to ask you to listen to comments about District 29 drawn from Oxford to W Bloomfield & insist that it be changed. Once again, the city of Oxford itself should of course not be divided. Lake Orion & Oxford are considered as 'sister cities', therefore are very closely COIs and should not be divided either. These communities also share interests with Oakland Twp. (parts attend LO schools) Lapeer & Brandon. West Bloomfield community does not share the same interests as these more rural areas. This needs to be looked at closer and corrected.

10-08-21 v1 SD	Dislike	<p>Another map that places Sterling Heights with Troy? Not much in the way of choice here. Dropping Sterling Heights from this map (and keeping it whole, as most of the comments request) and adding Clawson and/or Birmingham creates a district with like needs, diversity and attitudes towards the future. Please reconsider maps Elm, Cherry and Spruce where Troy and Sterling Heights are concerned. And thanks for all your hard work!</p>	Richard Wochoski	2021-10-26 01:00:56+00
10-04-21 v2 SD	Dislike	<p>Berrien County should be kept whole, preferably with a the bias being more of a southwestern district ( possibly including Van Buren and Cass counties) rather than a purely southern district (one stretching from the lake shore all the way to Hillsdale makes no sense).</p>	Laurence Funk	2021-10-26 01:00:06+00
10-08-21 v1 CD RAS	Like	<p>I like this because it seems the fairest for our community</p>	Mark Grazioli	2021-10-26 00:54:40+00

10-14-21 v1 SD RL	Dislike	<p>District 16 makes no sense. A district along the US23 corridor down to Dundee and Tecumseh makes sense. Extending it all the way across Monroe is dissimilar from a community viewpoint. I think it better to see more of the east side of Ann Arbor in 16 and have 18 extend into Jackson. The partisanship data shows this is not as fair as the Eid plan. The efficiency gap is pretty large and it definitely gives an advantage to Republicans.</p>	Ronald Emaus	2021-10-26 00:53:01+00
10-07-21 SD RAS BK	Dislike	<p>While I'm happy that Troy was not split into different districts, I think our community interests are more compatible with cities to the south like Clawson, Royal Oak and Birmingham than those north of Rochester.</p>	Kendall Hauer-Wochoski	2021-10-26 00:52:45+00

10-07-21 SD RAS BK Dislike This map is marginally better than Elm. Is there a problem with dropping the cities in Macomb County and adding Clawson and Birmingham, both established cities with similar infrastructure and educational needs? If we're going to make our spending more effective, the best way is for each city in a Senate district to have similar needs. Richard Wochoski 2021-10-26 00:51:36+00

10-04-21 v2 SD Dislike Combining Sterling Heights with Troy and northern Oakland County would result in a Senate District with very widely varying needs. While Troy and Sterling Heights are fairly similar, the needs of northern Oakland communities are very different, especially since so many of them are still converting areas to city water and gas. State funds are more effective when focused on common problems and not spread across many disparate projects. Richard Wochoski 2021-10-26 00:44:50+00

10-08-21 v1 HD RAS	Like	I like that all these maps keep Troy as it's own district, so we can elect an official to best represent our area.	Kendall Hauer-Wochoski	2021-10-26 00:44:04+00
10-08-21 v1 CD RAS	Like	looks like the best map for my area.	kelly correy	2021-10-26 00:36:19+00
10-14-21 v4 SD Eid	Like	Unpacking Ann Arbor as is done in this plan is GREAT. It needs to be unpacked. The partisan data accompanying this Eid plan shows it is more fair for Ann Arbor and the state. All of us living in Ann Arbor know our votes have been wasted for years. Living on the east side, our interests often overlap with Ypsilanti: St Joe hospital, shopping on Carpenter, EMU events, Growing Hope, WCC and other overlapping interests (roads, intersections, police). The west of Ann Arbor is more aligned with Scio township, Barton Village, Dexter and Chelsea. This plan is more aligned with the interests of the subject communities.	Ronald Emaus	2021-10-26 00:34:30+00

10-08-21 v1 HD RAS	Like	Another good map that keeps Troy intact and will make it more effective and efficient to represent the city's needs within the statehouse. Nice work!	Richard Wochoski	2021-10-26 00:31:37+00
10-07-21 v1 CD DC	Dislike	I am not in favor of having Troy, Rochester Hills and Birmingham being put in with great swaths of Macomb County.	Kendall Hauer-Wochoski	2021-10-26 00:31:30+00
10-08-21 v1 HD	Like	Another good map that maintains Troy's independence. Nice work!	Richard Wochoski	2021-10-26 00:27:21+00

The partisan distribution in the accompanying data file makes no sense; each of 38 senate districts contain > 1.2 million voters: impossible. Clearly, Ann arbor needs to be unpacked. I would split it into east/west districts. Living on the east side, our interests often overlap with Ypsilanti: St Joe hospital, shopping on Carpenter, EMU events, Growing Hope, WCC and other overlapping interests (roads, intersections, police). The west of Ann Arbor is more aligned with Scio township, Barton Village, Dexter and Chelsea. For the 36 years I've lived here, my Democratic vote has been wasted in the Michigan Senate. The wasted vote in Ann Arbor is huge and I'm sure the 'Voters not Politicians' envisioned unpacking this city. That's what I voted for. Fix this.

Why split the boundaries of the Township of Plainfield, the Township of Gaines, and City of Wyoming?  
"Independent Commission"  
you can create two districts out Grand Rapids and a district with Kentwood, East Grand Rapids, the remaining part of Grand Rapids, and part of Grand Rapids Township. Walker has more ties to Alpine Township and Tallmadge Township than to the City of Grand Rapids. Ahh, you are trying to create an extra democrat seat by gerrymandering. Why not come out and say so, people are confused by the meandering boundary lines. Another map lumping Troy in with Macomb County. Unfortunately, Troy has little in common with most of the cities in Macomb County and the financial needs are not compatible. Most Macomb houses are older, their city infrastructure requires more care and their racial makeup is less diverse than in Troy. Please keep Troy in Oakland County.

I mapped out District 11 and 12 on districtr.org. Conveniently, District 2 gives the democrats a 3.26% advantage and District 12 gives the democrats a 6.8% advantage. The "Independent Commission" is gifting a senate seat to the democrats in Kent County by slicing into surrounding communities because those people don't vote "right". Here is a thought- place the cities of Grand Rapids, East Grand Rapids, and Kentwood into a senate district. The population of those three cities is 264,592 which is very close to the required 265,192 for a senate district. Bonus, no municipal boundaries will be split.

Van Buren and Allegan should be kept whole and together for the Senate as a community of interest. They share many functions of government as well as a large Hispanic population. Both are rural, agriculture and tourism based economies with many similar small towns through the counties. Aside from being a community of interest, together, they fit nicely as about 2/3 of a Senate district and could take in other parts of similar rural or coastal counties. Holland would be a good fit, Barry County would be another. Van Buren and Allegan have much more in common with each other than they do with the "Michiana" border counties.

This map does not make sense for those of us living along the I-75/I-275 corridor, or lakefront part of Monroe County. There is no interstate, or corridor, that links those of us in east part of the state with those counties out west: Branch, or much less, Saint Joseph & Cass Counties. This map currently splits Berrien County along the lakefront area. So if it does that, then the redistricting committee should show the same level of mercy to those of us in Monroe along the lakefront, and not lump us in with Hillsdale, or all of those other counties way out west. Battle Creek should be with Albion - not the rural townships around BC.

10-05-21 v1 CD DW Dislike I agree with some of the other writers on this district. I think pairing Downriver Wayne communities with Washtenaw is a terrible pairing. It would seem better to pair Downriver Wayne with Monroe and then move west of Monroe. Ty Erwin 2021-10-25 17:07:02+00

10-05-21 v1 CD DW Like I think this district is significant and a step forward because of the pairing of Kalamazoo city with Grand Rapids city, both with significant minority populations. I think pairing Grand Rapids with Kalamazoo makes more sense than pairing with rural areas of Kent because of competing rural-urban interests. I think the rural/suburban interests of Kent and Ottawa cancel the interests of the city and this district would amplify minority voters and voices. Ty Erwin 2021-10-25 16:55:08+00

Lake shore communities need a Senate representative who understands special needs of our communities. Lakeshore erosion and property damage, the ineffective current patchwork responses to this problem, the lack of living wage jobs in a tourist economy are just some of the unique issues lakeshore communities face.

Please reconfigure this map which as drawn unites disparate communities such as Benton Harbor with its current lead/water problem, huge swaths of rural Van Buren and Allegan counties and suburban Grand Rapids communities. One solution would be to have a long lakeshore district from New Buffalo area narrowly extending up the lakeshore as far as needed to meet population guidelines. I know you have so much to balance

but this district needs

Theresa DeVries

2021-10-25 16:51:29+00

The commission has been working very hard on these maps, but as your consultant has told you, there is still work to be done regarding partisan fairness. You can address partisan fairness by unpacking the Democrats who live in small cities such as Ann Arbor and combining parts of Ann Arbor with suburban and exurban areas. One approach would be to expand districts north along the U.S. 23 corridor. Many people along that corridor extending into Brighton commute to Ann Arbor for school and work. They have much in common with their co-workers there but can't afford housing there so they have moved a little farther away. Combining these areas would make a lot of sense and help address partisan fairness.

Judy Daubenmier

2021-10-25 16:48:51+00

Although you obviously have worked very hard on this map, it still falls short in the category of partisan fairness. Even your own consultant has told you so. This issue can be addressed by unpacking the Democrats in small cities such as Ann Arbor and creating districts that include parts of Ann Arbor and suburban and exurban areas, such as the U.S. 23 corridor up into Livingston County. Many people commute to Ann Arbor for jobs and school so they are very familiar with the area. Modifying Washtenaw and Livingston Counties would help address the partisan fairness issue.

Opinion

Robert Dragan

2021-10-25 16:37:05+00

Thank you for your work, but there is still more to do. This map falls short on the partisan fairness measure. The party that gets the most votes statewide should get the most seats. That's not what happens here. You may have to split some small cities like Ann Arbor and combine them with suburban areas to achieve partisan fairness. Those areas usually are tied together in many ways and the city boundary is an artificial line. Right now, too many Democrats are packed in an area like Ann Arbor and that is preventing you from achieving the partisan fairness required by the constitution

10-08-21 v2 HD

Please look at this map.  
<https://distrctr.org/plan/694>  
80. I based it on Mr. Anthony  
Eid's Juniper map.

This one gives Chaldeans a  
voice in suburbs of Detroit.  
We are around 80,000-  
100,000 in my proposed  
district 6 of the map I shared.  
It also gives Asians 10.8%  
population share, the highest  
out of the 4 proposed maps.  
In District 3 it gives blacks  
22.8% which is the highest of  
District 3 out of the 4  
proposed maps. Please  
consider giving Chaldeans a  
voice in one district. Thank  
you commissioners for your  
hard work!

2021-10-24 23:55:11+00

Farmington and Farmington Hills combined makes a state House district. Farmington and Farmington Hills should be united in a district. We share a school district and library system and many community endeavors.

Farmington Hills should not be split in two.

Farmington Hills has a lot more in common with Farmington than Southfield.

Farmington currently is drawn into Detroit (Wayne County).

I concur with the other commenters, Districts 30 & 39 are grossly gerrymandered. Pontiac should be in a district with its COIs of Auburn Hills, Lake Angelus, Sylvan Lake and Bloomfield. Oxford and Orion belong with the Brandon/Ortonville, Leonard area. Waterford, Clarkston and Independence Township are a COI. This is a disgrace; fix this!

2021-10-24 23:49:15+00

I agree with the other commenter. Pontiac has a COI with Auburn Hills (schools, both are manufacturing related economies, social interests and other concerns). To include a random portion of the southern Lakes district in Waterford is ridiculous. There is no COI and very few if any other shared concerns (Waterford is a Township form of government and does not handle its own roads (Pontiac is City), it has its own police department (Pontiac uses County Sheriff), Waterford has its own water system (Pontiac uses GLAA, most Waterford students go to school in Waterford, a large portion of Pontiac students go to school in West Boomfield)). There is no logical reason for this pairing and it is unfair to all; due to the disparate nature of the communities and their needs

9-28-21 v1 HD

Lisa

2021-10-24 23:44:28+00

This district dilutes both the voices of Pontiac voters and voters from Waterford. This is not necessary; the district was set and met VRA, population and COI standards when it was in a district with the Bloomfield/Auburn Hills area with whom Pontiac has COIs. Fix this! Pontiac and Waterford residents deserve better from this Commission. Lisa

9-27-21 v1 HD

Dislike

2021-10-24 23:36:18+00

This map is atrocious. Why would you remove Pontiac's COIs of Auburn Hills and Bloomfield Hills, nor include Sylvan Lake and Lake Angelus with whom they share school districts or even West Bloomfield where a large portion of the Pontiac children go to school, but instead include the southern Lakes portion of Waterford? These areas do not have a COI and have disparate social and economic interests. This is unfair to the residents of Pontiac and dilutes their voices. It is also unfair to the residents of Waterford who have their community unnecessarily divided. Hazel Park should be included with Ferndale. I agree with many comments regarding Farmington and Farmington Hills. These two communities should be kept together. We share a school system, library and many cultural events. Thanks!

commenting on the  
"Szetela State house  
plan" for district 56 which  
includes parts of Gratiot,  
Saginaw, Shiawassee and  
Genesee

You have already split up  
Gratiot County and drew the  
balance with rural and  
suburban areas of four  
different counties although  
not happy with it it is  
acceptable. Now this plan  
takes all the rural parts of  
district 56 removes the  
suburban parts of the district  
and with blatant political  
gerrymandering breaks up the  
work of commissioner Curry  
of Detroit, splitting up the city  
of Saginaw into two districts,  
a violation of the 1965 voting  
rights act. Please do not allow  
this to go forward changing  
the hard work of  
Commissioner Curry of  
Detroit.

10-07-21 v1 CD AE	Dislike	Milford and other communities in southwest Oakland County have nothing that connects them to the Thumb area. Although this map keeps Bay City, Midland and Saginaw together it leaves out Flint, a vital member of our COI. There are only 4 urban/suburban cities in the Mid-Michigan area so why leave Flint out? This maps also disempowers the voices of minority/BIPOC people in our COI. Unacceptable. Please continue the Commission's work towards fairly drawn districts.	William Asher	2021-10-24 18:47:15+00
10-13-21 v1 CD RL	Dislike	Southwest Oakland County shouldn't be group with Thumb communities. It is a three hour drive from Milford to Port Austin, and I don't think they have much that connects them.	GLORIA WOODS	2021-10-24 18:46:18+00
10-07-21 v1 CD DC	Dislike	This map has split Oakland County in ways that are not consistent with any of our communities of interest	William Asher	2021-10-24 18:45:10+00
10-07-21 v1 CD DC	Dislike		William Asher	2021-10-24 18:43:36+00

10-07-21 v1 CD AE	Like	District 3 on this map is entirely within Oakland County, which ensures that this part of the county will have accurate and responsive representations.	William Asher	2021-10-24 18:41:46+00
10-07-21 v1 CD AE	Like	Including Southfield with parts of Detroit makes sense, as they have much in common. This also contributes to Voting Rights Act compliance.	William Asher	2021-10-24 18:40:37+00
10-08-21 v1 CD RAS	Opinion	Southfield should be grouped with portions of Detroit. That will improve its Voting Right Act compliance. It has more in common with Detroit than parts of northern Oakland County.	William Asher	2021-10-24 18:36:55+00
10-08-21 v1 CD RAS	Like	This maps keeps western Oakland County connected with Oakland County along I-96 and I-696, and not into the Thumb, thus preserving a community of interest.	William Asher	2021-10-24 18:35:05+00
10-08-21 v1 CD RAS	Like	This map links Beverly Hills, Bloomfield, Bloomfield Twp, and Birmingham together.	William Asher	2021-10-24 18:33:45+00
10-08-21 v1 CD RAS	Like	Thanks! It's good to connect Troy, Rochester Hills, Rochester, Clawson, Royal Oak and neighboring communities.	William Asher	2021-10-24 18:31:50+00

10-07-21 v1 CD AE	Like	<p>This is a good map of our proposed Congressional District as it includes the Tri-Cities and Flint, urban and suburban areas. However, I would like to see more of Midland County in our CD so our community of interest is more complete. I like map 237 for this. Please continue to work for partisan fairness as you complete your task. Thanks for your commitment to get it right!</p>	GLORIA WOODS	2021-10-24 17:59:33+00
10-08-21 v1 HD	Dislike	<p>This map is Gerrymandered and unfair, giving a huge majority of seats to the minority party! Look at the Promote the Vote maps for the State House. They achieved all 7 criteria and make them fair!</p>	Debbie Rosenman	2021-10-24 17:21:57+00
10-04-21 v2 SD	Dislike	<p>This map is unfair and gives the majority of seats to the minority party.</p>	Debbie Rosenman	2021-10-24 17:19:37+00
10-07-21 SD RAS BK	Opinion	<p>This map has 5 Voting Rights Act districts, the same as current. Most good maps get to at least 6 but Promote the Vote has 7.</p>	Debbie Rosenman	2021-10-24 17:17:51+00

10-05-21 v1 CD DW	Dislike	The Southeast Michigan map needs a lot of work, nobody who lives here would think this is good. Troy and Rochester are clearly Oakland County cities with large Indian and Asian communities.	Debbie Rosenman	2021-10-24 17:15:45+00
10-07-21 v1 CD DC	Dislike	This Map splits Troy and Rochester's large Asian communities from their neighbors in Bloomfield, Farmington Hills, and Novi. Birmingham does not belong in a district with Macomb County, this makes no sense.	Debbie Rosenman	2021-10-24 17:13:40+00
10-07-21 v1 CD AE	Like	This congressional district is completely contained within Oakland County, thereby ensuring the county has accurate and responsive representation.	Debbie Rosenman	2021-10-24 17:11:12+00
10-08-21 v1 CD RAS	Opinion	Central Oakland County includes Pontiac and Waterford should be kept whole.	Debbie Rosenman	2021-10-24 17:06:42+00
10-08-21 v1 CD RAS	Like	This map best represents our communities of interest in Calhoun County.	Kamps Ginger	2021-10-24 16:42:46+00

10-08-21 v1 HD Dislike This map does not achieve a fair map with as close to zero political bias as possible. I would suggest you create the Midland House District like it is drawn in the Pine map (#227). This will help to create a map with more partisan fairness for the entire state. Please keep in mind the voters voted yes to Prop 2 and need fair representation in their districts. Partisan fairness is the whole point of redistricting and MI is 54% democratic vote. Thank you. Julie A Ortiz 2021-10-24 16:07:15+00

10-08-21 v2 HD Like This map gives Midland and Bay City, two cities that have been closely aligned for a long time, a competitive district where a representative works for the voters and brings the overall map closer to a zero political bias, but please continue to correct the Republican lean. Michigan is a 54% Democratic state and its districts should reflect that. Julie A Ortiz 2021-10-24 16:02:46+00

10-08-21 v1 HD RAS Like I like this map with representation of both Midland and Bay City together. Please continue to work on partisan fairness as Michigan is a 54% Democratic state and its districts should reflect that. Thank you for your hard work! Julie A Ortiz 2021-10-24 15:58:08+00

10-04-21 v2 SD Like I appreciate the commission consistently placing the Tri-Cities (Midland, Bay City & Saginaw) in a senate district as they have been a long-standing community of interest within the Great Lakes Bay Region. Please continue to work on the partisan fairness of the maps as a whole to achieve as close to zero political bias as is possible and ensure fair maps for all Michigan voters as this is the whole point of the redistricting commission. Thank you for all your efforts! Julie A Ortiz 2021-10-24 15:49:13+00

I appreciate the commission consistently placing the Tri-Cities (Midland, Bay City & Saginaw) in a senate district as they have been a long-standing community of interest with many common concerns. Please continue to work on the partisan fairness of the maps as a whole to achieve as close to zero political bias as is possible and ensure fair maps for all Michigan voters-This is why the voters passed proposal 2.

10-13-21 v1 CD RL	Like	<p>Midland is looking to the North and West for development. We have ties to Saginaw and Bay City, but the North and West is the future for the prosperity of Midland.</p>	John Michael Elsen	2021-10-23 18:01:29+00

Mr. Thrush, I like what you've done with Grand Rapids and surrounding communities in map 63361. The problem is, as I'm sure you know, you move one district, you are certain to move more. It might be interesting for you to finish that map just to see how what you've done affects other surrounding districts and beyond. The truth is, I'm not particularly fond of any of the six State House maps thus far. And, I understand Detroiters are less than pleased with what they've seen so far as well. There was a map out there before that I thought had potential but I don't see it among these six. So, Mr. Thrush, I'd be curious to see what you can do with the rest of Michigan. Who knows, the Commission might even take an interest. Note to the Commission: Please don't take my lack of enthusiasm

10-11-21 v1 CD DJC	Dislike	<p>This is not a fair map for District 13. What does Midland have in common with Ludington? Please go back to the maps that keep the Tri-Cities and Flint in one district. Please unite these communities of interest in a competitive district that will result in better representation for Mid-Michigan.</p> <p>Please do not dilute the interests of the Tri-Cities by including them with so many rural counties. Midland, Bay City, and Saginaw share many interests and industries with the Flint area. A map that keeps these mid-sized cities together, along with as much of their counties as possible, would achieve a more competitive district and much better representation for voters.</p>	Cassandra M Foley	2021-10-23 17:54:03+00
10-13-21 v1 CD RL	Dislike	<p>The city of Kalamazoo could be divided into two districts. A west Kalamazoo and an east Kalamazoo districts. Different communities there which would give them both an opportunity to elect a rep that will work for them.</p>	Cassandra M Foley	2021-10-23 17:46:14+00
10-08-21 v1 HD RAS	Opinion		Emily	2021-10-23 17:45:05+00

This map does not respect the natural communities of interest that exist in the Tri-Cities of Bay City, Saginaw, and Midland. This area is recognized as the Saginaw Valley, and the shared interests include an international airport (MBS), Delta College and Saginaw Valley State University, hospital systems, and cultural and entertainment engagement. In addition, many people commute among these three mid-sized cities for jobs at the variety of industries in the area. The Cherry map is a much better plan and creates a fair district. Cassandra M Foley

2021-10-23 17:34:57+00

10-05-21 v1 CD DW	Dislike	I DO NOT agree with combining Grand Rapids and Kalamazoo. I have lived in both places. They are completely different. It is evident what the REAL purpose of this is. The majority of Republicans and Independents and one-third of Democrats do NOT believe Biden won (mainly due to the refusal to do a FORENSIC audit - if there is nothing to hide DO the forensic audit). Why would you further erode election integrity by skewing the map to guarantee a one-party rule for the future? And why are the Democrats wholeheartedly in favor of combining the two? Think before you act!	Debora Smythe	2021-10-23 17:23:01+00
10-08-21 v2 HD	Like	This map is much more representative of the needs of Midland county and the community. It provides fair representation for the state	Katrina Bucknell	2021-10-23 17:22:43+00
10-08-21 v1 HD RAS	Like	This map allows like districts with shared interests an equal voice and representation in the state house. I agree with these lines	Katrina Bucknell	2021-10-23 16:53:11+00

10-08-21 v1 HD	Dislike	<p>This map doesn't reflect the needs of midland. Midland belongs with larger economic interests in more urban communities. We would not receive the representation we need with this map</p> <p>I absolutely will not approve this setup of combining Grand Rapids and Kalamazoo. These are two different cities. Everywhere you go, when someone is asking you where you are from, I would say from grand rapids, not Kalamazoo. There is an ulterior motive to combine these two cities. I am 100% against this!</p>	Katrina Bucknell	2021-10-23 16:42:40+00
10-05-21 v1 CD DW	Dislike	<p>Nancy</p> <p>Please ignore the comments of people who don't like the maps based on how other people vote. That is what gerrymandering is. Draw maps based upon geography. Michigan counties and townships are all squares. Just use those until you have the right number of residents.</p>	Nancy Tuohy	2021-10-23 16:05:28+00
10-13-21 v1 CD RL	Opinion	<p>the right number of residents.</p>	John W Person	2021-10-23 14:35:00+00

10-13-21 v1 HD CSO fDislike I don't live in or near this district. It is obvious from the shape that it was constructed based on who lives there and how they are likely to vote, otherwise it would not have this contorted shape. This is the definition of gerrymandering and is exactly what the commission was supposed to correct. John W Person 2021-10-23 14:27:58+00

10-14-21 v2 SD RL Dislike I grew up on on the Northeast side of Detroit. Please keep the northeast together. Our neighborhoods have too much in common to be cut up into 4 or 5 districts. Especially the part of Regent park that is cut up into the Eastpointe district. Our community extends between 6 and 8 mile going East. This area have the same schools bus routes and church community. the proposed map cuts my community up for no reason. Vernon Butler 2021-10-23 04:51:13+00

Please keep the Northend together. The Northend is a neighborhood bounded by highland park to the north, Hamtramck to the West and grand Blvd to the south, and Woodward to the West. It's a neighborhood that was one of the first integrated neighborhoods for affluent black professionals. It has a vibrant neighborhood planning efforts and CDC that organize communities. Please keep the neighborhood together with Hamtramck and all of Boston Edison.

Ms. Richardson, I heard you speak at the public hearing in Lansing on Oct. 21. It might interest you to know that the random area you quite obviously do not know in Washtenaw County where you placed your dislike pin and mischaracterized the entirety of the County as some super-urban New York City look-alike has the following:

Private wells and septic systems, not municipal water and sewerage

Limited if any broadband options and extremely spotty cellular reception

No public transportation whatsoever from Parker Rd and Scio Church, if your car breaks down you are out of luck. In fact you will have to travel many miles to even get to a place where you might be able to schedule public transportation if you are elderly or disabled only.

10-04-21 v2 SD	Dislike	<p>Farmington Hills should not be in District 11. It should be in District 18 with West Bloomfield and Waterford. Farmington and Farmington Hills should be united in a district. We share a school district and library system and many community endeavors. Milford and Commerce should be put in District 11 instead.</p>	Kyle Hoynacki	2021-10-23 00:19:08+00
10-08-21 v1 HD	Dislike	<p>Farmington and Farmington Hills combined to make a state House district. Farmington and Farmington Hills should be united in a district. We share a school district and library system and many community endeavors. Farmington Hills should not be split in two. Farmington Hills has a lot more in common with Farmington than Southfield. Farmington currently is drawn into Detroit (Wayne County).</p>	Kyle Hoynacki	2021-10-23 00:14:10+00

Naked gerrymandering. To connect two disparate urban centers across a wide rural area does a disservice to both. Especially when one (Muskegon, in this case) is far smaller than the other (Grand Rapids) The smaller one will only get taken advantage of to sway an election, and otherwise ignored by the representative who will only focus on the bigger city. This may help a political party (which is obviously the intent here) but it will not help either community.

Please keep Muskegon County intact and connected with other medium-sized communities up and down the lakeshore like Holland, Grand Haven and/or Ludington. NOT Grand Rapids. Ted Dyson

We are depending on you to  
make sure the maps of west  
Michigan are fair and they  
need work to do so.

State Senate map "Cherry  
220" is the best option,  
however it needs to have  
Cascade township with  
our airport and all its  
commerce and population  
added to the northern Grand  
Rapids District 24. It is now  
connected to Battle Creek and  
all the rural areas in between.

The southern boundary for  
the northern district should

10-07-21 SD RAS BK Opinion

be Wealthy Street, not Fulton Dorothy Munson

2021-10-22 22:27:45+00

This map does not represent our community of interest. Berrien County should not be divided. Much of these lakeshore communities are 2nd homes. People live and work between the two district you have divided. Berrien is the largest county in the southwest corner and should not be divided.

2021-10-22 22:24:08+00

nothing about this map makes any sense. You're splitting up whole communities and pitting them against each other. Grand Rapids with Kalamazoo? Splitting Grand Rapids into what, 3 different districts? We have a hard enough time getting proper representation without this outright gerrymandering. The STATED purpose of Prop 2 was to give power to the people to draw their lines, NOT to give power to the Democratic party to gerrymander so outrageously. I did not vote for this proposal because this is exactly what I knew would happen. Keep the major cities together as the center of their own communities and counties. Splitting up Ottawa, Muskegon, Kent and Kalamazoo so ridiculously makes NO SENSE. Not to mention my own Newaygo County getting lost in such a

10-04-21 v2 SD	Dislike	<p>As a citizen in northern Rockford I don't understand why we would split the school district into 2 different seats. I would encourage that the district map for the very large division 1 school district stay in tact for the district and surrounding communities that are with Rockford school district.</p>	jason rourk	2021-10-22 18:30:32+00

I agree with Christina Kacanowski. This district is not of likeness. Clinton township is absolutely nothing like the northern communities in the district. It would be ideal for the boundary to be north of 26 mile road and go into St. Clair County and even east. Also Oakland County is nothing like the communities in Northern Macomb County, which are still active farming rural communities. It would be best for the representation that the rural communities stay together and the urban/suburb communities are combined.

This map is by far the best one of the proposed maps, and I strongly urge the Commission to choose it. No map will be perfectly representative of COIs, but this one does arguably better than its peers while being the most representative of MI's partisanship. COIs will always be subjective, and what one commenter might think is representative might not be for another; this map is mostly quite well-received (so far.) The same can't be said of most of the other maps. Tying the GR area with Allendale, Muskegon, and Grand Haven makes decent COI sense, while creating a competitive/blue lean district representative of recent trends in West Michigan. The Berrien split is disputed, but by putting Benton Harbor in with Holland, Kalamazoo, and Battle Creek, it gives those voters a voice in a

I understand the challenge of  
producing maps that make  
geographic sense while  
weighing other factors. This  
map isn't terrible  
geographically, but by  
separating Bay City and  
Midland it ignores partisan  
fairness completely. Bay City  
and Midland are closely  
aligned economically, as  
many residents live in one  
area and work in the other.  
Please consider putting Bay  
City and Midland back  
together. Thank you.

I thought the purpose of this commission was to district maps that kept our communities together and not spit us up into weird portions that didn't make sense! This map goes from Walker to south of Vicksburg, which none of these cities have anything in common. The city of Grand Rapids has nothing in common with Kalamazoo, even though they are located in Michigan. In terms of distance, to get from one end of proposed 4 to the other would take over 2 hours! Each city needs to be the center of it's own county! Keep district to former lines at Wealthy.

Please keep  
 Farmington~Farmington Hills  
 together ...Many reasons  
 ...long family and cultural  
 histories between these two  
 regions and many longterm  
 residents have much pride  
 and commitment to the well  
 being collectively of our twin-  
 cities ...the last gerrymander  
 to separate the communities  
 was never liked ... Farmington  
 and Farmington Hills  
 combined makes a  
 pragmatically sensible district  
 and should be together. We  
 share a school district and  
 library system and many  
 community endeavors. Many  
 of us grew up here over the  
 past 30 yrs plus ..as did our  
 kids ...and we would like to  
 see that continued  
 investment into a graceful  
 and well earned retirement  
 for our shared seniors ! Also  
 please ensure Farmington  
 Hills is not split in two in a  
 future redraw. Thanks !  
 Keep Kent County separate  
 from Ottawa County.

I do like this more than how it has been. That said, I like how Holly is moved to 31 and I feel the demographics of Highland are such that it should also be part of that district. Again, this is better than the current, but still as a Planning Commissioner for over 20 years I can tell you that Highland is not the same as West Bloomfield, or even Waterford and White Lake. Milford is a bit closer but Highland fits much better with Holly and, well, all of Livingston County.

10-04-21 v2 SD	Dislike	Farmington Hills should not be in District 11. It should be in District 18 with West Bloomfield and Waterford. Farmington and Farmington Hills should be united in a district as we share school districting and library systems and many other community endeavors.	Kelle Shawn Shepherd-Bhavsar	2021-10-22 14:27:17+00
10-08-21 v1 HD RAS	Like	CALHOUN: Battle Creek-Albion district represents black voters in the region and the state's diverse communities while increasing partisan fairness. There are other parts of the state that still need work on VRA but Keep Calhoun County like this. Farmington Hills and Farmington have a joint schools and library systems (and many community organizations). Both Farmington and Farmington Hills should remain as one. This separation does not	Linda J Pell	2021-10-22 14:21:58+00
10-08-21 v1 HD	Dislike	make sense.	Kelle Shawn Shepherd-Bhavsar	2021-10-22 14:17:01+00

10-08-21 v1 HD	Dislike	As with all the other maps, Midland should be put with other larger populated cities such as Bay City and/or Saginaw. This map is not fair - very biased. Please change it. Strongly apposed to this map. This district should be more like the Pine map. Thank you.	Patricia Ellison	2021-10-22 14:13:05+00
10-08-21 v1 HD RAS	Like	I appreciate this map - having Midland and Bay City together makes sense and is a better representation of both parties.	Patricia Ellison	2021-10-22 14:08:10+00
10-05-21 v1 CD DW	Dislike	Grand Rapids and Kalamazoo are not common interest areas. They two entirely different communities.	Daniel Schellenberg	2021-10-22 14:07:31+00
10-04-21 v2 SD	Dislike	I would strongly suggest the rejection of this map. Not only does it break Ottawa County into three districts, it combines a rural section of Ottawa County with an urban section of Kent County. I find it hard to believe that one person could adequately represent the different needs of a rural and urban population. One side or the other would lose their voice.	David Beuschel	2021-10-22 14:07:03+00

10-05-21 v1 CD DW	Dislike	Grand Rapids and Kalamazoo are 2 entirely different communities. The Apple map makes no sense to put them together as a district of interest.	Michelle Schellenberg	2021-10-22 14:04:40+00
10-08-21 v1 HD RAS	Like	The map show less bias than before. Thank you for keeping it fair. Please Keep Kent County intact. Objective Number 1 is to keep Communities of Interest whole. This map is in clear opposition to the objective. Grand Rapids and Kent County should remain whole and not be tied to Kalamazoo. You Represent the Citizens of Michigan You Represent Fairness You Represent Transparency You Do Not Represent any Political Party You Represent Diversity. Please listen to the Citizens and KEEP KENT COUNTY WHOLE. Thank you!	Patricia Ellison	2021-10-22 14:03:48+00
10-05-21 v1 CD DW	Dislike		Timothy	2021-10-22 13:03:28+00

10-07-21 v1 CD AE	Like	Like APPLE and BIRCH, the JUNIPER proposal captures the entire Muskegon river watershed. This is a natural community of interest.	Timothy Koschmann	2021-10-22 12:26:28+00
10-07-21 v1 CD DC	Like	I appreciate the way in which the MAPLE proposal captures the full Muskegon, White, and Pere Marquette River watersheds in a single district. These watersheds have a lot in common and form a natural community of interest.	Timothy Koschmann	2021-10-22 12:21:48+00
10-05-21 v1 CD DW	Opinion	It's frustrating to see so many suggestions to split Ottawa County into different districts. Holland should not be combined with Kalamazoo but rather with Grand Haven and Muskegon County and Allegan County - the lakeshore region with similar manufacturing, tourism and agricultural needs. The "Apple" map 201 and the Lang map call for this cohesive, logical approach. Please give your support to either of them!	Ann VanZalen	2021-10-22 12:16:11+00

10-05-21 v1 CD DW Dislike By placing most of Muskegon CTY into a cluster with the down lakeshore communities, APPLE isolates the city of Muskegon from the rest of the Muskegon River watershed. The users and residents of this watershed constitute a natural community of interest. Timothy Koschmann 2021-10-22 12:14:36+00

10-05-21 v1 CD DW Dislike Pushing Kalamazoo and Grand Rapids together is the very opposite of the intention to prevent gerrymandering. The Grand Rapids and surrounding areas i.e., Cascade, etc is more than large enough to support the population requirement of a District, is of a reasonable map plan rather than scything north to south in an awkward division cutting through counties rather than encompassing counties. This divides each communities economic and educational interests and regional development. Thank you. Gina Hadley 2021-10-22 09:08:10+00

Kalamazoo and Grand Rapids should not be put together in the same district while separating those cities from the rest of their county. Kalamazoo belongs in Kalamazoo County, and with Southwest Michigan, Grand Rapids belongs in Kent County. Having the people of Kalamazoo County be divided and represented by two different representatives makes no sense.

Kalamazoo and Grand Rapids are completely different communities of interest. This would be a clear example of a gerrymandered district that favors one political party over another.

10-05-21 v1 CD DW	Dislike	This map is very gerrymandered and give a heavy partisan advantage.	Sam	2021-10-22 06:31:47+00
10-08-21 v2 HD	Dislike	This map must be scrapped. This map is very unfair. Does not have partisan fairness. Does not reflect needs of COI.	Nomi Joyrich	2021-10-22 06:20:07+00

10-07-21 v1 CD DC	Dislike	B'ham and Macomb County together? That makes no sense	Nomi Joyrich	2021-10-22 05:59:50+00
10-07-21 v1 CD AE	Like	Thanks for keeping Southfield together	Nomi Joyrich	2021-10-22 05:57:32+00
10-08-21 v1 CD RAS	Like	Keeping the Troy and Rochester areas together with Bloomfield, Farmington Hills and Novi keeps our Asian American Communities of interest together.	Nomi Joyrich	2021-10-22 05:55:28+00
10-08-21 v1 CD RAS	Opinion	Pontiac and Waterford should be kept together	Nomi Joyrich	2021-10-22 05:53:32+00
10-13-21 v1 CD RL	Like	I support Commissioner Lange's map for redistricting. It is a county of similar issues, concerns, business interests and tourism and benefits us by keeping Ottawa County a distinct entity unto itself.	Shelly C. Boeve	2021-10-22 04:31:52+00

10-13-21 v1 HD RAS	Like	This house map shows a good partisan fairness score and keeps the City of Holland and Holland Township, which both have sizeable minority populations together.	Christine Jarosik Pawlak	2021-10-22 04:11:11+00
10-13-21 v1 CD RL	Like	Thank you Redistricting Commissioner Lange for keeping Ottawa County whole!	Luke Koops	2021-10-22 04:06:08+00
10-05-21 v1 CD DW	Like	Map 201 is best for Ottawa County by keeping the common interests of its residents and small local communities together.	Luke Koops	2021-10-22 04:03:04+00
10-05-21 v1 CD DW	Dislike	Grand Rapids and Kalamazoo communities should not be combined in this way. This re-districting is a deliberate attempt to combine the population centers while neglecting the rural communities around the cities.	Lynette Timmer	2021-10-22 03:57:03+00
10-13-21 v1 HD CSO f	Opinion	In all these House maps, Saugatuck School District (Saugatuck, Douglas and Saug Township)and Laketown Township have much more in common with the towns in District 87 than they do with almost all of District 88	Catherine Brockington	2021-10-22 03:56:41+00

10-05-21 v1 CD DW	Dislike	Please keep Kalamazoo and Grand Rapids as separate districts. Other than political motivations, it makes no sense to stretch this district in such a way that these two populations are combined.	Jeffrey Timmer	2021-10-22 03:53:29+00
10-10-21 v6 SD RAS c	Like	This is a good map for the Tri-cities area! Thank you! It's good to keep Midland and its adjacent townships together with Bay City/County and Saginaw. This will make for a competitive district where a candidate from either party has a possibility of winning if they listen to the voters of the district rather than the current gerrymandered district that we have now. Please keep the district drawn this way as you work towards partisan fairness for the entire state.	Allison M Wilcox	2021-10-22 03:33:42+00

I must protest this map vociferously. First, it fails to keep Cass County whole and second it puts us with communities too far East. Cass County identifies with Berrien and Van Buren Counties to the north and east. But I must make two particular points. This map puts the city of Dowagiac in House District 81 and Southwestern Michigan College (SMC) in 64. The college is supported by and dependent upon the city of Dowagiac. The taxes of the county support SMC and the economic and cultural health of the two are interdependent. It makes NO sense to put the city and the college in two different districts. In a similar fashion, the interests of the Potawatomi Indian Tribe have been divided. Their elder house complex is five minutes from both SMC and

10-08-21 v1 HD	Dislike	<p>I don't like that this map puts the city of Midland together with the rural areas to the north. I prefer the other two maps that put Midland in a district with Bay City. Please continue to consider partisan fairness for the state as whole with your maps.</p>	Allison M Wilcox	2021-10-22 03:02:47+00
10-07-21 SD RAS BK	Like	<p>I appreciate your hard work to provide partisan fairness. Midland, Bay City, and Saginaw are part of the same watershed. I endorse providing an opportunity for urban interests and rural interests to be represented separately.</p>	Theresa Townley	2021-10-22 03:01:03+00
10-04-21 v2 SD	Like	<p>Thanks for continuing to put the tri-cities together in one senate district. Please consider partisan fairness for the entire state as you adjust the district lines in other areas of the state.</p>	Allison M Wilcox	2021-10-22 02:51:27+00

10-04-21 v2 SD	Like	I appreciate the hard work of the commission to create partisan fairness. Midland, Bay City, and Saginaw are all part of the same watershed, and share an airport. I appreciate putting those with urban interests together and those with rural interests together politically.	Theresa Townley	2021-10-22 02:49:44+00
10-08-21 v1 SD	Like	This is a great senate district for the Tri-cities of Midland, Bay City, and Saginaw. Thanks for putting us together. Please continue to work towards partisan fairness for the state as a whole.	Allison M Wilcox	2021-10-22 02:47:57+00
10-13-21 v1 CD RAS	Like	This map is satisfactory for Muskegon County. It keeps our county intact, and groups us with similar sized communities that won't overshadow us as would have been a problem if we were connected to Grand Rapids.	Ted Dyson	2021-10-22 02:45:37+00

10-07-21 SD RAS BK Like	<p>This district 1 map is a good one for the Tri-cities. Midland, Bay City, and Saginaw are tied together by many interests in the Great Lakes Bay Region. Thanks for keeping them together.</p>	Allison M Wilcox	2021-10-22 02:45:24+00
10-13-21 v1 CD RL Like	<p>This map is satisfactory for Muskegon County. It keeps our county intact, and groups us with similar sized communities that won't overshadow us as would have been a problem if we were connected to Grand Rapids.</p>	Ted Dyson	2021-10-22 02:43:16+00
10-05-21 v1 CD DW Dislike	<p>Grand Rapids and Kalamazoo are different communities of interest by all definitions. The two communities have differing cultural, historical, and economic interests. Having one narrow district along the 131 corridor does not accurately represent any community in the proposed district.</p>	Dayne Hoffman	2021-10-22 02:43:05+00

10-05-21 v1 CD DW	Dislike	<p>This map is an enormous disservice to a large portion of the residents of Kent County. Under this scheme, the majority of Grand Rapids suburbs are lumped in with far-flung regions of Michigan all the way to Roscommon. How is it protecting a community of interest to separate the suburbs of Michigan's second largest city from its urban core? Clearly the goal of this map is not to protect any interest outside of political ones - the very opposite of the supposed intent of this commission. Please consider realigning this map to keep Kent County as intact as possible.</p>	Shana Shroll	2021-10-22 02:38:54+00
10-14-21 v4 SD Eid	Like	<p>This is probably the best option so far. But it would be nice if the remaining corner of Muskegon County could be incorporated as well.</p>	Ted Dyson	2021-10-22 02:36:56+00

10-14-21 v2 SD RL	Opinion	<p>This map, while better than 247 still has it's flaws. You are cutting out too much of Muskegon County and chopping up several of the northern counties. Map 244 does a much cleaner job of keeping counties intact.</p> <p>I strongly support keeping Ottawa county together as one district, in order to represent local community and business interests as the founders intended, and I feel the way this map is drawn would be a fair balance.</p>	Ted Dyson	2021-10-22 02:34:31+00
10-13-21 v1 CD RL	Like	<p>Thank you.</p>	Brenda Bellamy	2021-10-22 02:32:13+00
10-05-21 v1 CD DW	Like	<p>I am very much in support of Map 201, which keeps Ottawa County whole. I think it is important to have local representation, which is what the Founders intended, and the community and businesses in Ottawa county need to be represented accordingly Thank you for your hard work and consideration in drawing up these maps. Please keep Ottawa County together as it has been for many years!</p>	Brenda Bellamy	2021-10-22 02:28:42+00

10-13-21 v1 CD RAS	Dislike	This map dilutes the voice of Asians, Indians and Middle Easterns in District 6. Royal Oak, Oak Park and Ferndale belongs to district 3. Please do not use this map!	Yousif	2021-10-22 02:27:58+00
10-14-21 v1 SD RL	Dislike	Gerrymander alert. Tight squiggly lines show all the red flags of an attempt to cherry pick certain demographics to engineer a partisan outcome. Please keep counties as whole as possible. Don't slice and dice us for partisan advantage like this. Muskegon County is a "community of interest" and shouldn't be divided. You had a map that did a much better job of this, combining nearly all of Muskegon county with intact counties to the north. Please use that one.	Ted Dyson	2021-10-22 02:26:14+00
10-05-21 v1 CD DW	Dislike	I do not support the "Apple" district map. Keep Kent county as one congressional district with East Grand Rapids and Kentwood. We share a community of interest. We do not share a community of interest with Kalamazoo and other outside areas.	Deborah Bragenzer	2021-10-22 02:24:04+00

10-07-21 v1 CD DC	Like	I am against Map 219, which would split Ottawa County into three congressional districts, diluting our voice and separating parts of Allegan and Muskegon from Ottawa County. I do not believe Ottawa county should be split up, and it should not be with Kent County.	Brenda Bellamy	2021-10-22 02:20:43+00
10-05-21 v1 CD DW	Dislike	I do not support the "Apple" district map. Grand Rapids and Kalamazoo do not have the same needs or have enough in common to be grouped together. Keep Kent County whole with East Grand Rapids and Kentwood.	Jenna Bragenzer	2021-10-22 02:13:51+00

This map seeks to do the opposite of the stated goal of Prop 2, which was passed because of its promise to end gerrymandering. This creates a strange, sliced up district that stretches an hour south to tie two completely different metro areas together, when there is plenty of population around GR to reach the needed quota. I can only assume this was done to favor one party over another. These two separate regions are very different, and deserve to have their own representation in their own geographical area. We all deserve reasonably shaped districts, and thats what we voted for.

This map will better serve the more rural communities in the area. The lakeshore communities have their own unique requirements and concerns, and it will be very helpful to have a representative who is able to concentrate on the needs of our residents. I would, however, suggest that Saugatuck be placed within the lakeshore district, as it has much more in common with those communities than it does with the more rural areas in the proposed HD88. The new proposed districts of HD 87, HD88, and HD81 recognize communities of interest, and allow the African American and Latino/Hispanic communities to be better represented. Overall, well

Thank you for keeping the Tri-Cities together in a senate district. These 3 cities are an obvious community of interest who all have industrial based businesses, a shared tri city airport, several shared media outlets, regional colleges and universities, and together we are considered the Great Lakes Bay Area. Please Continue to work on partisan fairness because the outcomes of the map should reflect the political make-up of the state. This will give the voters a more competitive district and a better representative. This is what the voters wanted when they passed Proposal 2. Please continue to improve the maps until the seat shares match the vote shares of the state (54% D / 47% R) Thank you!!

The eastern boundary of District 83 should be redrawn to include Fruitport Township and Village for the following reasons:

1. Fruitport is suburban in nature not rural. It is one of the fastest growing communities in Muskegon County.
2. Fruitport Township is part of the Spring Lake/Norris Creek watershed. Spring Lake is two blocks from my house and where we often launch our boat to get to Lake Michigan. We are part of the lakeshore community of interest.
3. We made the case to the County Apportionment Commission that our township has far more in common with Norton Shores than Ravenna Township and they drew the new map accordingly. Our new district will include the southeast section of Norton Shores

I am in support of this map because it keeps Ottawa County separate from Kent County and it also keeps the lakeshore counties together. All of Ottawa County needs to be kept together as the residents of this county share distinct values that differ from Kent County. The economy of all the lakeshore counties are similar in nature and it makes sense to keep these counties together so that their interests do not get diluted by being lumped with non-lakeshore communities like Grand Rapids or Kalamazoo.

Midland City is not rural, and should be included with Bay City in a State House district. These two cities have more in common with each than the rural districts surrounding them. This would be more representative as a community and political bias is closer to zero, which will make the district more competitive, and allow for better representation. And this is the goal of Proposal 2. Thank You! Please continue to improve the maps until the seat shares match the vote shares of the state (54% D / 47% R)

2021-10-21 22:17:36+00

This map is totally unacceptable. Cass County on the west side of this map has nothing in common with the areas to the east. We go to Kalamazoo, Grand Rapids and Holland to the north and to St. Joseph (city, not county) Benton Harbor to the west. This is a very bad map as it puts communities together that have nothing in common.

2021-10-21 22:16:38+00

I oppose this proposed map. Kent and Ottawa counties should remain entirely in one district. This division splits Community of Interest of Grand Rapids and Kalamazoo. In addition it splits multiple governmental services and smaller communities of interest, including MANY school districts. Splitting these communities in this way for any reason other than population (or the VRA) is a blatant violation of the Michigan Constitution. And could also be considered Gerrymandering. Redistricting should be conducted with the last 10 years of district maps available and recognized Communities of Interest shown, not just a political demographics map.

Splitting the City of Dearborn, and the burgeoning Arab American community, into 3 different house districts is entirely unacceptable. Using the VRA as an excuse is also a cop-out since Arab Americans are considered a protected class by the Supreme Court (since 1987). Census data does not accurately reflect the composition of SE Michigan (intentionally), and I was under the impression this commission is supposed to factor communities of interest. AFL-CIO fair maps initiative had a much better approximation for House maps (pg. 25, 42) (minus a few precincts, but MUCH better still). Note Dearborn heights as well, providing another opportunity seat (pg. 38). Dearborn faces unique infrastructure challenges, language access, educational, economic, and environmental issues that require state level

I appreciate the commission continually respecting the COI of the Tri-Cities (Midland, Bay City, Saginaw) but this district excludes Flint. These 4 cities are the only urban/suburban cities in Mid-Michigan and should be included together as they are also a community of interest. This district all dilutes the minority votes of Saginaw in a dangerous way and moves the commission farther from a zero political bias map. Put the Tri-Cities and Flint together in a congressional district. Aligning the Tri-Cities with rural counties all the way to the western shoreline of the State. Representation would favor Lake Michigan Shoreline. The Industrial Tri-Cities/Counties are more closely aligned with Flint/Genesee. I strongly object to this map

Wow this is great. I never thought about a congressional district that combined Grand Rapids and Kalamazoo but it makes perfect sense. The cities have so much in common -- universities, hospitals, industry -- that is in sharp contrast to the rural areas of the state. They also have a diverse population in common which makes it possible for these voices to be heard. At last. I have always felt like I didn't have a voice in Washington because Grandville was gerrymandered in with all the rural Lakeshore voices in the 2nd Congressional district. In this new 4th Congressional district I feel like I really belong. Like my vote counts. Thanks for coming up with this map.

First, I great appreciate the attempt to keep Counties intact, however, while I respect that greatly, one might argue that the economic, social, and political challenges faced by rural communities today vary greatly from those of urban and even mid-small cities. Add to that, there are now dozens of initiatives all aimed at creating a "Great Lakes Bay" environment. For these reasons, I would vote against this particular map and vote instead in favor of a maps that address the Tri-Cities together (MBS) AND allow for rural communities to have a separate voting block to address those concerns. Much thanks for the work of this commission to create fairness in our regional, political systems.

I like how this map is unpacking a heavily Democratic district. It's important to have fair competition, and I believe that our representatives need to be held accountable to all constituents in their district. When a district is unfairly and heavily gerrymandered, representatives become accountable only to their political party, and not to all the people in the district.

I am not happy with how you drew the state House maps, there are 3 VERY safe Democratic districts and 3 Republican districts. You packed most of the Democratic voters in our region into 3 districts, which again looks like gerrymandering the region as bad as it has been on the 2011 maps.

I think that there are NO competitive State House districts in the Greater Lansing Region as you have currently drawn the state House maps.

This is a big reason why your state House maps are still not meeting criteria 4 (partisan fairness) when you look at them statewide.

I would like the commission to can fix this by doing these three things in the Great

There are a lot of ways to keep both Ottawa and Kent Counties together. One way I mapped out on the district website, number 51955. Just really stop trying to insult the rural voters who happen to live between on one side, Grand Rapids and Muskegon and, on the other side, Grand Rapids and Kalamazoo. They deserve more than to be the thinly sliced rural sausage on a big urban-interest sandwich.

Since this is the ONLY map that links Battle Creek and Kalamazoo, I have to strongly support it. Even our local airport acknowledges this important link, i.e. Kalamazoo Battle Creek International Airport. Moreover, Western Michigan University has campuses in both cities which compliment our diversity. The I-94 corridor closely links these two communities in culture, outlook, recreation and business. For decades we have been working together to enhance our shared interests, and would appreciate having a representative that reflected these goals. We are two wheels on the same tandem bike -- don't cripple us by letting the air out of one of the tires.

10-07-21 SD RAS BK Opinion

Rosalind Cox

2021-10-21 17:54:12+00

This map is the best option of all those given if one is looking for communities of interest as the main goal. It is lacking in this area once you go west of St. Joseph County. Berrien and Cass County are not good choices for Branch, St. Joseph and Hillsdale counties. A better choice with the object of communities of interest in mind would be Lenawee, Jackson and possibly Washtenaw. The standards set forth in the Michigan Constitution would best be followed by grouping the above mentioned counties together. I believe the proposed map is too partisan in nature, something the Michigan Redistricting Commission was put in place to avoid.

2021-10-21 17:53:26+00

This map is good. Keeping Midland with our rural community makes the most sense. As a 32 year resident of the city of Midland, my community of interest is represented here. The water doesn't care about arbitrary political lines. It flowed into city and county homes alike.

Keeping the watershed together is paramount for our representation to watch over the multi million dollar multi year project to restore the watershed infrastructure and communities. We have nothing in common with Flint and they need good representation for their issues. Thank you for recognizing Midland's and Flint's needs as separate.

As a relative newcomer to Michigan, I have a hard time taking this map seriously. Grand Rapids is a fine anchor for a single district....and Kalamazoo is a fine anchor for a single, and separate, district. Kalamazoo is smaller, and built around a major state university, whereas Grand Rapids is a bigger, significantly more broad-based economy. These are two distinct communities of interest and, by that criteria, should be the basis on which these two cities stay separate in the next congressional map.

The positive of this map is that the Macomb county community of interest in this map is kept together. One glaring problem in this map is partisan fairness. Using the 2016 Presidential election data (50-50), this map will produce a 8-5 Republican split which is completely unfair. Likewise using 2018 AG data (52-48 D), this map gives 7-6 Republicans even though they lost. I urge you to use this map as a basis but move toward greater partisan fairness.

Like many of the other collaborative maps, this map still does not achieve true partisan fairness. Many of Michigan's elections are very close, so when evaluating partisan fairness, be sure to look at races where the result is close. Using the 2018 Governor's race to determine fairness gives an inaccurate picture of partisan fairness given that it was a strong Democratic year. The benefit of this map is that it keeps the city of Sterling Heights together.

10-07-21 v1 CD DC

Opinion

Drew Beckman

2021-10-21 16:47:43+00

The current map proposal splits Grand Rapids Metropolitan area into two districts, while lumping part of it together with Kalamazoo. When looking at similar communities of interest, the Grand Rapids area should be kept together in the same district to maintain standardization across the city/metropolitan area. Kalamazoo, on the other hand, has a very different economy, population, and community needs than Grand Rapids.

Community of Interest?  
Hardly! I know fellow seniors  
who live in Grand Rapids AND  
HAVE NEVER BEEN TO  
KALAMAZOO! They are both  
rather self-sufficient and have  
little in common except the  
obvious sought-after density  
of voting democrats. The City  
of Grand Rapids is, in most  
ways that matter to residents'  
everyday lives, one-and-the-  
same with Kentwood, East  
Grand Rapids, GR Township  
and the tightly bunched cities  
sharing SCHOOL DISTRICTS  
(which truly ARE Communities  
of Interest - given that folks  
seek to buy homes in specific  
School Districts so that the  
unique needs of their families  
can be met.) The Apple plan  
needs to fall off the tree and  
rot.

I am very much opposed to any map that joins Grand Rapids and Kalamazoo into a single Congressional district. As a long-term resident of Kent County who graduated from Western Michigan University, I know first-hand that these areas have distinct voices, cultures, and attitudes. Kent County and Kalamazoo County are distinct communities of interest. Kalamazoo County is really the gateway to lower SW Michigan via the I-94 corridor; Kent County is the gateway to the state's middle west and the lakeshore. The "Apple" plan, to me, disregards the significant cultural and infrastructural differences between these two regions in what I can only infer is a transparently partisan attempt to gerrymander a safe Democratic seat in a part of the state where historically

2021-10-21 16:16:02+00

10-05-21 v1 CD DW Like I support map 201 especially in regards to Ottawa County. Please keep Ottawa County together. Ottawa County must work together in every facet and that is how we need to be represented at the state level. Joel Studebaker 2021-10-21 16:13:37+00

This district has no significant metro area included. It is clearly drawn to assure the 5th District will always and forever be a "safe seat" for Republicans. As such, we will only see the most extreme candidates elected.

We need Kalamazoo in the corner district, and maybe even Battle Creek. That district (Kzoo, BC and Lansing) is just the opposite - all urban - all Democratic!

10-13-21 v1 CD RL Dislike The point of this commission is to blend these districts, as best possible, to assure they are competitive - not to carve out "safe seats" for both parties. Ric Seager 2021-10-21 16:12:47+00

10-13-21 v1 CD RL	Like	A map aligning Kalamazoo and Battle Creek just makes sense. These two cities share many things; an airport, a watershed, a major highway connecting them, many travel between them to work. They share a sense of community, People in this area have connections with both Grand Rapids and Kalamazoo via the 131 corridor. This map represents that.	Katie Reasons	2021-10-21 16:08:02+00
10-05-21 v1 CD DW	Like	People in this area have connections and interests with Grand Rapids and Kalamazoo traveling the north/south 131 corridor.	Cindy Krieg	2021-10-21 16:07:29+00
10-07-21 v1 CD DC	Dislike	People in this area have connections and interests with Grand Rapids and Kalamazoo traveling the north/south 131 corridor.	Cindy Krieg	2021-10-21 16:02:48+00

I encourage the Commission to keep the City of Grand Rapids whole within one State Senate district. The current map splits Grand Rapids into two districts. Grand Rapids is small enough to be drawn into one State Senate district and should not be split. Instead, the Commission should draw a State Senate district on the western border of the county that incorporates the Grandville and Walker area, instead of with Grand Rapids and Kentwood. The residents of these three municipalities share a community of interest as their school systems overlap with each other and residents work and shop in neighboring municipalities. I would suggest the Commission adopt a State Senate plan that includes the City of Grand Rapids, East Grand Rapids, and Kentwood. Please keep Ottawa Co. together. I support map 201.

The way you drew the state House maps, there are 3 VERY safe Democratic districts and 3 Republican districts. You packed most of the Democratic voters in our region into 3 districts, gerrymandering the region worse than the 2011 maps.

There are NO competitive House districts in the Greater Lansing Region as you have currently drawn the state House maps.

This is a big reason why your state House maps are still not meeting criteria 4 (partisan fairness) when you look at them statewide.

You can fix this by doing three things in the Great Lansing Region:

Put Delta Township back in the Eaton County-based district.

10-08-21 v1 HD RAS	Like	I like it. Best effort of the three. We want these competitive elections.	Laurent Chappuis	2021-10-21 01:31:43+00
10-08-21 v1 SD	Dislike	Was the aim to break up Detroit? Not as bad as ELM, but still, back to the drawing board.	Laurent Chappuis	2021-10-21 01:30:15+00
10-04-21 v2 SD	Dislike	Why is Detroit broken up beyond recognition? Terrible map, does not meet the intent of the ballot initiative.	Laurent Chappuis	2021-10-21 01:25:57+00

10-07-21 SD RAS BK	Like	I like that Cherry includes Grosse Ile with Wyandotte , Trenton and other downriver communities. Regarding the rest of the state, I understand the difficulties of balancing all of the requirements, but for me, having competitive districts should remain the top priority. It was the goal of the ballot initiative.	Laurent Chappuis	2021-10-21 01:18:11+00
10-08-21 v1 CD RAS	Like	I like this map! It keeps Farmington Hills and Farmington together and they have a shared community.	Alex Meyers	2021-10-21 01:15:52+00
10-07-21 SD RAS BK	Dislike	I wonder how one person can possibly represent the people of this district. Dems galore. The communities of Farmington and Farmington Hills share culture, events, school districts, and more. Splitting them between multiple legislative districts does not make sense.	Kathleen Koorhan	2021-10-21 00:46:31+00
10-08-21 v1 HD RAS	Dislike		Alex Meyers	2021-10-21 00:42:51+00

10-08-21 v1 HD RAS	Opinion	EGR and Kentwood are similar suburban communities and should be linked. They have more in common with each other than with the city of Grand Rapids.	Nancy Hejna	2021-10-21 00:42:35+00
10-08-21 v2 HD	Dislike	The communities of Farmington and Farmington Hills share culture, events, school districts, and more. Splitting them between multiple legislative districts does not make sense.	Alex Meyers	2021-10-21 00:41:34+00
10-05-21 v1 CD DW	Like	As the two largest cities in West MI, Grand Rapids and Kalamazoo share many urban issues. The cities also have the largest minority populations on the west side of the state.	Nancy Hejna	2021-10-21 00:15:43+00
10-08-21 v1 HD RAS	Like	Thank you for this rendering of District 32 (and the other plans that mimic this) which keeps Troy largely intact!	Lawrence Cramer	2021-10-21 00:09:36+00
10-07-21 SD RAS BK	Like	Good job! Moving the southern boundary of district 24 from Fulton to Wealthy would be consistent with longstanding ward boundaries within Grand Rapids.	Nancy Hejna	2021-10-21 00:01:20+00

10-07-21 SD RAS BK Like	This is the best option but it is still Poorly drawn. You need to consider downriver as a community of interest and address the issue of partition equality.	kelly correy	2021-10-21 00:00:23+00
10-07-21 SD RAS BK Opinion	Thank you for unpacking Grand Rapids. The northern Senate district should not go so far west. Ottawa County should be kept whole. Please adjust the district boundary so that Kent is not combined with Ottawa. Thank you!	Emily Brooke	2021-10-20 23:58:15+00

I think that the alignment of Midland City to maps combining regional urban areas vs. topographical feature similarities represents a valid conflict of priorities. But I do think the watershed/flood plains concern is significant for Midland, Saginaw and Bay City from the way the map shows the rivers flowing. But those issues are significant over most of the state and should be addressed primarily on that level, including special task forces to help resolve issues for specific needs and event recoveries such as the dam failures in May 2020. I do think economic development should address regions largely based on population densities “ weighing the benefits and harms to proposed developments on people. Again, special issues might require task forces focused on

This Senate Plan is the best of the options given, because it does a better job considering the communities of interest as outlined in the Michigan Constitution.

10-13-21 v1 HD RAS	Like	This house map - of all available draft house maps available for comment at this stage in the process - is the one I endorse, for the following reasons: it best captures my Community of Interest of North Ottawa County's Tri-Cities area (Grand Haven north toward Muskegon) and exhibits the best partisan fairness measures of all house maps to-date	Karen J Obits	2021-10-20 22:45:57+00
10-07-21 v1 CD AE	Dislike	Kalamazoo does not belong in a rural lakeshore district.	Max Hornick	2021-10-20 22:44:32+00

10-05-21 v1 CD DW	Opinion	A Grand Rapids/Kalamazoo district makes no sense. Other than being urban, the two communities have nothing in common. A Battle Creek/Kalamazoo district would be a far more compelling urban community of interest.	Max Hornick	2021-10-20 22:43:00+00
10-07-21 SD RAS BK	Like	The Cherry map seems to be the best draft State Senate map so far. Partisan fairness is essential and this comes the closest.	ROBERTA URBANI	2021-10-20 22:37:35+00

GOOD EVENING,

I am Pamela Martin Turner,  
President and CEO of  
Vanguard Community  
Development Corporation.  
Vanguard is a non-profit  
organization, serving Detroit's  
Historic North End  
neighborhood since 1994.  
We provide services in  
Community Engagement,  
Economic Development and  
Housing.  
I am here to support  
redistricting that puts the  
North End in one district, not  
two (8 & 17). Splitting the  
neighborhood, which includes  
East Boston and Arden Park,  
diminishes residents' political  
access and dilutes their  
political voice/power. The  
North End is one community.  
It is Historic and must be in  
one district, not two.

Thank you.

I understand the need to include Georgetown and other suburban areas with Grand Rapids and Kent. Honestly, the farm days of most of Ottawa are in the past. What percent of Eastern Ottawa works and shops in the Greater Grand Rapids area? The only reason to keep Ottawa out of Kent is to maintain status quo. I think it is a disservice to representatives to think that they cannot represent a number of interests of its constituents. The state of Montana has one representative. Do what makes the most sense.

2021-10-20 21:59:34+00

I am resubmitting my comment because it showed up on the map incorrectly: I DISLIKE the proposed map as drawn. My rationale is below.

The Clark State House Plan for proposed HD 37 and all of the other proposed draft maps from the Commission for my community are all identically drawn and no different from House District 45. All of the proposed Commission maps flip the carve-out from the west to the east side of Oakland Twp. Essentially making it an unchanged district and still maintaining a Republican advantage. To honor township boundaries, all of Oakland Twp. should stay in the same House district. Lastly, with the House requirement for district populations to be within 77,000 to 91,000 residents, both Rochester and Rochester Hills combined meet this

10-09-21 v1 HD DJC Dislike

Hills combined meet this B Anness

2021-10-20 21:50:13+00

This map attempts to break up the Great Lakes Bay Region by separating Midland City. The Business community in Midland, including 3 fortune 500, have spent millions promoting the the business opportunities in Midland as part of the Great Lakes Bay Region. Separating Midland be economically bad for supporting new businesses coming to Midland City.

10-07-21 v1 CD AE Opinion

Phil Sarnacke

2021-10-20 21:50:09+00

District 3 looks pretty good. I like the combination of urban and suburban communities. It is big improvement over our current congressional district. I'm still worried about favoring republicans when our current rep is a moderate democrat who I think fairly represents our values. My point is not the incumbent, but the adherence to acceptable political norms and not the extremism eating up the Republican party. I can't live with that and neither can my neighbors.

Dislike

Yousif

2021-10-20 21:47:17+00

Well, i'll give you credit for making District 13 more symmetrical than our current crazy boundaries, but the character of the communities in these boundaries are wildly divergent. A 4% republican bias is clearly unacceptable. Fix that and i might be able to live with it. But as closely contested as our races are, we have to strive for competitiveness and fairness to Democrats and people who will defend our democratic institutions. The fascist voices in the Republican party need to be marginalized so that we don't have permanent minority rule by white supremacists.

10-13-21 v1 CD RL

Opinion

Douglas Floto

2021-10-20 21:38:44+00

The Clark State House plan for proposed HD 37 and the other proposed draft maps from the Commission for my community are all identically drawn (why?) and no different from what is currently House District 45. All of the proposed maps flip the carve-out from the west to the east side of Oakland Twp. essentially making it an unchanged district and still maintaining a Republican advantage. To honor township boundaries, all of Oakland Twp. should stay in the same House district. With the House requirement for district populations to be within 77,000 to 91,000 residents, both Rochester and Rochester Hills combined meet this requirement with a population of 89,335, making it unnecessary to carve out any other community with Rochester and Rochester Hills.

redistricting commission.

Berrien's state senate district has been the entire county of Berrien coupled with Cass and St. Joseph counties for at least 20 years, if not more.

Splitting Berrien county's senate district is not useful.

While in the past the north population centers and the southern population centers have had their differences, the county commission has largely mended those fences over the years. Splitting Berrien County now would re-ignite some of those issues.

Population-wise, it is my understanding, this is not a needed adjustment and therefore would not recommend drastically changing the political dynamics for no apparent reason. Northern Berrien County does not identify with the counties to the north, but rather to the whole of Berrien County.

Berrien's state senate district has been the entire county of Berrien coupled with Cass and St. Joseph counties for at least 20 years, if not more.

Splitting Berrien county's senate district is not useful.

While in the past the north population centers and the southern population centers have had their differences, the county commission has largely mended those fences over the years. Splitting Berrien County now would re-ignite some of those issues.

Population-wise, it is my understanding, this is not a needed adjustment and therefore would not recommend drastically changing the political dynamics for no apparent reason. Northern Berrien County does not identify with the counties to the north, but rather to the whole of Berrien County.

10-12-21 EID v6 CD	Like	I like this map in that it includes Muskegon in an area that shares much more commonality. Muskegon is much more similar to these areas than the more rural areas toward the middle of the state.	Franklin P Crownover	2021-10-20 20:54:05+00
10-07-21 v1 CD AE	Like	Thank you commision for placing the Tri-Cities together in this congressional district. We share so many business, cultural and environmental interests. If possible I would like to see more of Midland County included in this district like Commisioner Eid's map #237. Please continue to weigh partican fairness. We need maps with as close to zero political bias as possible.	catherine L mitzel	2021-10-20 20:53:03+00
10-07-21 v1 CD DC	Dislike	Ionia County does not belong with Kent County. Very different populations. Better to include Muskegon in a district with Grand Rapids as they are much more similar.	Franklin P Crownover	2021-10-20 20:48:06+00
10-07-21 v1 CD DC	Dislike	Ottawa County should not be split up, and it should not be in with Kent County.	Franklin P Crownover	2021-10-20 20:42:30+00

10-13-21 v1 HD RAS	Like	I like this House District. Midland and Bay City share many urban and suburban concerns. This configuration allows for their fair representation in a way that has never been seen.	Carol Heron	2021-10-20 20:41:57+00
10-12-21 EID v6 CD	Dislike	No, no, no in the Kent County area. The close in SE suburbs in Kent County belong in the Grand Rapids area district, not with farflung Manistee and Gladwin. And Muskegon has coastal interests like Manistee, Ludington, Grand Haven, etc., -- dredging dollars for example. Stop trying to "marry" west Michigan cities that have little in common, while ignoring close-commuter neighborhoods that have much in common.	Doug Koopman	2021-10-20 20:39:26+00
10-05-21 v1 CD DW	Like	Good job with this district! Keeping Grand Rapids and Kalamazoo together makes a lot of sense as they have a lot of commonalities.	Franklin P Crownover	2021-10-20 20:37:36+00
10-14-21 v1 SD RL	Dislike	The Village of Leonard and Addison Township belong with other Oakland County towns. This also breaks up school districts.	Mary Hanser	2021-10-20 20:35:35+00

10-08-21 v1 HD	Dislike	The near west side needs to be part of the city just as the Near south side. This boarder to our south is too close and the one to the west includes suburbs that experience none of our metropolitan issues.	Michael M York	2021-10-20 20:34:02+00
10-08-21 v1 HD	Dislike	East Grand Rapids has more in common with Kentwood than with Grand Rapids, and should be in a district with Kentwood.	Franklin P Crownover	2021-10-20 20:30:40+00
10-07-21 v1 CD DC	Opinion	I believe more of Bay County and more of Saginaw County could be included in District 11 if Tuscola County were included in District 10 with which Tuscola has more in common. I am happy that Midland City is now being recognized as part of the Tri-Cities.	Carol Heron	2021-10-20 20:30:27+00

Don't see why four townships in Ottawa county would be included in district #24 with the city areas. They are low population country townships and outside the busy area of Kent County. They should stay in Ottawa county with other like townships. They do not share any have any or share any services like water, sewer, public transportation, or waste removal. The do not have issues with low-cost housing or city police/fire protection. There is no common Community of Interest.

2021-10-20 19:57:13+00

During public comment in Jackson, the vast majority of people present discussed their COI. Invariably they asked that Jackson County NOT be paired with Ann Arbor. The two areas have populations that could not be more disparate. It seems obvious that the needs of the much more populous Ann Arbor/Ypsilanti would be attended to before those of Jackson. Jackson becomes the forgotten step-child. Please reconsider.

10-08-21 v1 HD RAS	Like	Thanks for keeping Walker and N.W Grand Rapids together. They share a lot in common.	Franklin P Crownover	2021-10-20 19:45:45+00

It makes more sense to divide the city of Kalamazoo into two districts. One would contain the west side of the city, including the colleges, Oshtemo township and the western suburbs. The other would be the eastern part of the city with Parchment and Comstock included. These are very different populations with different representation needs. Portage, Texas Township, and Schoolcraft would make sense as their own district as well. However, it makes no sense to combine Oshtemo with Portage - Oshtemo has much more in common with Kalamazoo than it does with Portage.

Why is Berrien County split into three different districts? This does not give us fair representation. This map reminds me of the maps I saw in textbooks when I was back in high school to teach us about gerrymandering. To me it is quite obvious what is being done. I think what we have now has been pretty well. Berrien County should be as one.

your idea of putting all of the lower portion on MI together is a horrible one. I cannot fathom why you would do this. I moved here from the Chicago area and this is not representing our district. If anything is together it should be up the coast including Kalamazoo area not accross the bottom of the state. I can assure you that they are entirely different areas and have very little in common, except being along Michiganâ€™s southern border. Did anyone working on this do any research at all about the areas in question? My initial reaction to this is that is an effort at gerrymandering. Actually, if I look at the entire map, it seems to be an effort to stifle the voices of those in less populated areas bu those who live in more urban areas. I think you need to work on this some more.

I am not in favor of splitting Berrien County into two separate districts. Berrien has always been a representative county on its own; rural and urban, political affiliations, genders and races. Many of the lakeshore communities share similar issues that would best be handled by one official. Berrien County as a whole is home to major routes of transportation and infrastructure, again best suited to be represented by one official. This proposed redistricting would put my residence in one, with my work in another, all within a matter of 20 miles. I would like to see the existing map remain in place, which places Berrien, Cass, and St. Joseph counties as one. We are considered Michiana and should remain as such.

2021-10-20 17:44:30+00

AS I LOOK at this map, I can say, this is ridiculous. I see a puzzle with a lot of representation crossing into suburban areas. The idea behind redistricting was to make the voting process favorable for all involved in the process. To make sure all have the correct representation. What I see is would be another jab at Detroit. Does the representation mean to the commission? Where has the Detroit reps been during this process to speak with community members. The fact that the Detroit representation went silent is unfair to us as voters and tax payers. There has been plenty of community meetings for them to explain the process or at least hear out the community. If this is against the rules, this process was flawed from the beginning. I

right now, there are 5 very safe Democratic districts and 3 Republican districts. This is worse in terms of partisan fairness than the 2011 maps.

There are no competitive House districts in the Greater Lansing Region as you have currently drawn the state House maps, meeting they aren't meeting the partisan fairness criteria.

To make the maps more fair:

1. Put Delta Township back in the Eaton County-based district.
2. Split East Lansing and Meridian Township north and south like you did with the city of Lansing. You used the river to help divide the city of Lansing in the current House maps. Use Grand River Ave to divide East Lansing and Meridian.

right now, there are 5 very safe Democratic districts and 3 Republican districts. This is worse in terms of partisan fairness than the 2011 maps.

10-05-21 v1 CD DW	Dislike	I have NOTHING in common with Sterling Heights and the east side of Troy currently is mostly Democratic & Sterling Heights would vote for Trump today if asked. Bad decision made on this mapping.	Shelley Lake	2021-10-20 16:59:12+00

Monroe County has much more in common with the downriver area. We share the I 75 corridor and the western shore of Lake Erie. Monroe county is the connector between Metro Detroit and Toledo, not the connector of SE MI farms. The maps in general that have been drawn thus far do not follow your Constitutionally mandated criteria to draw FAIR Maps. As drawn they favor Republicans getting elected over Democrats. Historically, more votes are cast for Democrats in MI, but due to gerrymandering, more Republicans win seats in Lansing. Please don't continue this unfair practice.

2021-10-20 16:49:25+00

As I stated on other similar versions for District 8, I strongly disapprove of any of the map versions that place Battle Creek with southern, rural counties. It has nothing in common with them and has stronger ties with Kalamazoo along the I-94 corridor, which includes economic, health, social, environmental, and educational interests. Please do not consider this or other versions that place Battle Creek with areas of little common interest. This is worse than our current district of being included with Grand Rapids. The Congressional Map submitted by the Promote the Vote Coalition should be considered because it better represents how Calhoun County fits into the state economy.

Dear Commissioners,

I am concerned that the Lansing maps do not accurately reflect the community, particularly on the issue of partisan fairness.

Our current state House maps have 3 Dem districts, 2 Republican districts and 1 swing district (D71 - Eaton County area) in Greater Lansing. However, the new proposed maps have 3 Dem districts and 3 Republican districts because the vast majority of Dem voters in our region have been packed into 3 districts.

This means there are no competitive House districts in Greater Lansing and violates criteria 4 (partisan fairness). This is an example of gerrymandering that goes even further than the 2011 maps.

Your idea of putting all of the lower portion on MI together is a horrible one. I cannot fathom why you would do this. I grew up in SE MI and still have family there. I have lived in SW MI for over 40 years. I can assure you that they are entirely different areas and have very little in common, except being along Michigan's southern border. Did anyone working on this do any research at all about the areas in question? My initial reaction to this is that is an effort at gerrymandering. Actually, if I look at the entire map, it seems to be an effort to stifle the voices of those in less populated areas but those who live in more urban areas. I think you need to work on this some more.

Map 241 District 53, while  
the shape of the district does  
seem a bit linear, I believe it  
does reflect accurately the  
ties that Midland and Bay City  
have both economically and  
culturally. I like that it does  
balance the mix of both  
communities along with the  
diversity of the people who  
live in each community. They  
do have shared interests and  
because both urban cities are  
also imbedded in large rural  
areas, these urbanites have  
their unique needs and voices  
heard. This is a map that can  
reflect the voices of the  
citizens.

Map 200 District 13 and District 11. This map has draw districts to reflect very large rural areas while also including the more urban cities and towns within them. The effect is to dilute the voices of those urban and minority citizens.

A key example is including Midland into District 13, separating it from District 11 which houses Saginaw, Bay City and Flint. Segregating Midland from the other 3 mid-sized industrial/urban centers defeats the purpose of keeping communities with similar features together, esp. when they are geographically close together. Midland must not be separated from the Tri-Cities and Flint in any District map. These areas must have the representation they deserve by having their voices heard. What is the intent of separating Midland? Are we

10-07-21 v1 CD AE	Like	Appreciate my neighbors to the East, Bay City & Saginaw, being part of the same voting district as Midland. Thanks!	Jane Templeman	2021-10-20 14:30:43+00
10-12-21 EID v6 CD	Like	Either this map or the "apple" map would be my favorite. I like that it includes Muskegon with Grand Rapids since Muskegon fits much better with GR instead of the more rural north and east.	James Tremblay	2021-10-20 14:27:35+00
10-05-21 v1 CD DW	Like	I like this map. It makes sense to have a lakeshore district on the west side that includes Muskegon. Also, Grand Rapids and Kalamazoo together makes sense since the 2 western Michigan cities have a lot of shared interests.	James Tremblay	2021-10-20 14:24:11+00

Map 240: Regarding District 11, I generally like that you included Bay City, Saginaw and Flint together and also included parts of Midland, BUT the ENTIRE city of Midland needs to be kept in the same district. We are one community-one urban area. I do not understand why you would split up Midland. That does not seem proper nor reflective of the goals of this committee. Is there an address that is being protected???? This map has some good points, but it needs to be revised. Keep working at it.

2021-10-20 14:17:35+00

Cascade township should be in the north #24 district. It is very similar in character to Ada Township to the north. Certainly, it should be attached to the Grand Rapids city areas rather than where it is now combined with rural farming townships going all the way down south to Allegan and Barry Counties

10-08-21 v1 SD Opinion

Patricia Dawson

2021-10-20 14:14:55+00

I live on the west side of Grand Rapids in Walker. I was surprised to see the four Ottawa Townships included in the north side #24 Senate district. They have no relationship to the west side city area. They are very sparsely populated farming communities compared to where we live in the city. Recommend removing them from this district and replacing with areas closer to the city in Kent County that are more like us.

Map 243 . District 2 lumps together the major cities of midMI (Tri-Cities and Flint) with a large swath of rural areas of MI. But this design does not allow for proper representation of the urban populations. It almost seems as if there was an effort to dilute the voices of the more urban areas and minority folks by including enough rural areas with sufficient populations of rural folks to either match or exceed the urban areas. This looks like gerrymandering in a new shape. Mid-MI urban areas must have their voices heard, keep the Tri-Cities and Flint together, and keep them in a more cohesive and concise district, so their voices are not drowned out by rural populations.

This map looks like a gerrymander to save Rep. John Moolenaar's seat. It is unconstitutional to intentionally draw districts that benefit a candidate. You even put Gladwin in a district with Saginaw, Bay City and Flint. This makes no sense. Please go back to a Tri-Cities and Flint congressional district. This allows you to keep most of those 4 counties whole and have a clear Mid-Michigan COI.

Angie Kelleher

2021-10-20 13:47:41+00

I appreciate the commission continually respecting the COI of the Tri-Cities (Midland, Bay City, Saginaw) but this district excludes Flint. These 4 cities are the only urban/suburban cities in Mid-Michigan and should be included together as they are also a community of interest. This district all dilutes the minority votes of Saginaw in a dangerous way and moves the commission farther from a zero political bias map. Put the Tri-Cities and Flint together in a congressional district.

10-11-21 Eid v5 CD	Like	Wow! This map is fantastic. The Tri-Cities and Flint are together so the economic cooridor of MidMichigan is in tact. The minority voice of Flint and Saginaw will be stronger and the counties have been kept relatively whole. Good Job!!!	Jim Morrissey	2021-10-20 03:26:34+00
10-11-21 Eid v5 CD	Like	his is by far the best map that I have seen for our area. It keeps the Tri-Cities and Flint together as COIs and it keeps counties together too.	Molly Morrissey	2021-10-20 03:25:08+00

10-12-21 EID v6 CD	Like	Wow! This map is fantastic. The Tri-Cities and Flint are together so the economic cooridor of MidMichigan is in tact. The minority voice of Flint and Saginaw will be stronger and the counties have been kept relatively whole. Good Job!!!	Jim Morrissey	2021-10-20 03:22:22+00
10-12-21 EID v6 CD	Like	This is by far the best map that I have seen for our area. It keeps the Tri-Cities and Flint together as COIs and it keeps counties together too.	Molly Morrissey	2021-10-20 03:17:33+00
10-12-21 EID v6 CD	Like	This is by far the best map that I have seen for our area. It keeps the Tri-Cities and Flint together as COIs and it keeps counties together too.	Molly Morrissey	2021-10-20 03:17:32+00
10-11-21 v1 CD DJC	Dislike	This map is drawn to dampen the minority voice of Flint and Saginaw. And it completely silences the voice of Midland. Midland is an urban community and a vital part of the Tri-Cities and the MidMichigan economic cooridor.	Jim Morrissey	2021-10-20 03:13:15+00

10-11-21 v1 CD DJC	Dislike	<p>This is a ridiculous map. This must be to try and save John Moolenaar's seat. Midland is the only major city in this very rural district. It's absurd to have Gladwin county in with Bay City, Saginaw and Flint but not Midland. What the heck???</p>	Molly Morrissey	2021-10-20 03:10:05+00
10-13-21 v1 CD RAS	Like	<p>Thank you for keeping all the cities of the MidMichigan cooridor in the same congressional distict. This grouping is better for the urban areas of MidMichigan as well as the rural areas.</p>	Jim Morrissey	2021-10-20 03:05:08+00
10-13-21 v1 CD RAS	Like	<p>This is a good map because it keeps the Tri-Cities and Flint together in one district. We live and work in all these communities and we share urban commerce. The only suggestion that I have for this map is to put Tuscola in with the thumb and add more of Midland County.</p>	Molly Morrissey	2021-10-20 03:02:22+00

Scott Weston Rose,  
I was looking at your map and  
I give it my approval.  
Municipal and County  
boundaries are split only at  
necessity. Example, you have  
Grand Rapids containing two  
districts and the excess  
population in a district with  
Wyoming. The Detroit  
districts are split among  
Detroit boundaries instead of  
creeping into Oakland and  
Macomb Counties. The same  
for Ann Arbor and all cities.  
The problem is the  
"Independent Committee"  
and Anthony Eid, The  
Democrat, will not agree  
because there is no  
gerrymandering that will  
benefit a particular political  
party.

There is no commonality with the areas in this district number four. How could a Representative to Congress possibly deal with all the varied issues of these diverse areas and with some legislative wants actual being conflicting. There are urban challenges and farming area challenges. A district around Greater Grand Rapids that is primarily urban/suburban is needed for focused representation. Key areas that need improvement are public schools and transportation. In urban areas there are more feasible efficient opportunities for addressing climate issues with electric power because of the higher density population.

2021-10-20 01:40:20+00

There is absolutely zero community of interest between Battle Creek/Calhoun County and Monroe and whatever other counties are south of Detroit. (I'm not even sure what counties they are.) There are no commonalities whatsoever. Any areas west of Hillsdale will be totally diluted and ignored in favor of Detroit-area communities. This map is totally unacceptable. (A side question: why does each of the four maps throw Calhoun County in with the Detroit area?)

This district 4 map links the major metro, urban, and suburban areas in Western Michigan. These regions have similar and unique needs and interests on federal issues compared to the surrounding areas. Healthcare, housing, civil rights, public education are important to this unique community of interest. As there are primarily city governments in this district, they face unique challenges with taxation and supply of services such as police, fire and trash removal compared to Township government

I will make the same comment I have made on every single other map: There is absolutely zero community of interest between Battle Creek/Calhoun County and Monroe and whatever other counties are south of Detroit. (I'm not even sure what counties they are.) There are no commonalities whatsoever. Any areas west of Hillsdale will be totally diluted and ignored in favor of Detroit-area communities. This map is totally unacceptable.

This map just perpetuates the Gerrymandering that the district has suffered in the past. The large number of Democratic voters in West Michigan will be split so there is no possibility of electing a candidate. All districts surrounding Grand Rapids area (second largest city in Michigan and twice the population of Lansing) strongly lean Republican, so the only way to draw a fair district to give Democrats a chance at representation is to draw a district that includes either Kalamazoo or

The Commission should draw districts that are fair for both parties throughout the state. This Grand Rapids-Kalamazoo district would include the major concentration of Democratic voters in West Michigan (325,000 voters). If the cities are not linked, then Democrats are cracked into separate districts with no chance of electing a candidate in West Michigan. All districts surrounding this area lean strong Republican. This district map will help address the overall state partisan fairness of the current Commission maps by building a likely Democratic seat in West Michigan

regarding communities of  
interest-

Gov Whitmer's plan restarting  
the state during covid, divided  
into 8? regions. Areas were  
chosen based on where  
citizens traveled, lived and  
worked. To me that would be  
a community of interest.  
Midland county, Saginaw,  
Bay, and Gladwin and others  
to the north were part of a  
region.

The Tittabawassee River  
Water shed should also be  
considered due to shared  
economic impact during  
recovery. This will be a  
process for years. Yes,  
Midland, Bay City and  
Saginaw are the major cities  
of the Great Lakes Bay  
Region. Also in common are  
areas of major agriculture and  
rural areas that are connected  
to these municipalities. I do  
not see a significant  
connection to Genessee  
county and Fenton.

Like this map district 4. Metro Grand Rapids deserves to be the population base for a competitive Congressional district along with another city area. The current district divides up Grand Rapids (the second largest city in Michigan) into two congressional districts-the second and third to gerrymander the votes of the Metro 6 cities plus closely allied suburban townships-population of 500,000 people (5 percent of the population of Michigan). Only change I would suggest is adding Ada Township in northwest Grand Rapids area and removing Thornapple Township in the northwest corner of Barry County for better alignment with Communities of Interest.

The border between Senate Districts 24 and 23 should be moved to Wealthy Street, which is the border between Wards 2 and 3 in Grand Rapids and keeps Ward 2 residents in the same Senate district. This change helps to unpack the Democratic voter concentration in the south #23 district. If precincts need to be added to meet the population requirement, the commission could include the northern parts of Gaines Township in the Kentwood School District along M-6. If precincts need to be added, include the northern parts of Gaines Township in the Kentwood School District along M-6.

Grand Rapids deserves two State Senate seats. Ottawa County should expand to the north to balance out the population requirement. I

Berrien county should not be split. Our community of interest is with Cass & St. Joseph counties. We share media, we share services, we share tourism (from surrounding states). These maps make it look like there is no one from west Michigan on the Commission as they do not reflect our communities of interest. Partisan fairness has no place in this process. We have this commission to avoid Gerrymandering. Please keep our county whole and we our "similar" neighbors in Cass and St. Joseph Counties.

Please do not split Lyndon Township into two districts. We moved here precisely because we identify with Chelsea and the rest of Washtenaw County as our communities of interest. We shop, worship, recreate, and have all of our healthcare centered in Washtenaw County, despite having a Gregory mailing address which is based on the location of the nearest post office. We don't even go there; we use the post office in Chelsea. Our public library is also in Chelsea. We moved here precisely because we were appalled by the politics of Livingston County. We do no business there at all. It makes no sense to take a small township of approximately 3000 residents and split it in half. It not only creates an undue financial burden on the township; it also destroys any sense of community. ALL of

I love this map, of all the ones I've seen and commented on, this one seems the fairest for the folks living here. The map connects the two largest cities on the westside of Michigan. These two metro regions make up 92% of the population of this Congressional district. These cities and metro regions have similar needs and interests on federal issues: healthcare, housing, civil rights, public education. They definitely are a COI. The Representative for this district would not have to deal with competing priorities. This district would include the major centers of African-Americans, Hispanics and other racial minorities in western Michigan. 31% of the total population of the district is non-white (250,000 people total). Western Michigan's various racial minority populations, including immigrants, deserve to be

This is my second favorite map after Apple. I feel like Grand Rapids has less in common with Muskegon than Kalamazoo though.

10-08-21 v1 SD	Opinion	<p>If precincts need to be added, include the northern parts of Gaines Township in the Kentwood School District along M-6. The linked map achieves these goals  <a href="https://davesredistricting.org/maps#viewmap::43230428-2697-4c99-9a2c-e09ee77863d1">https://davesredistricting.org/maps#viewmap::43230428-2697-4c99-9a2c-e09ee77863d1</a></p>	Nancy Mroczkowski	2021-10-19 20:55:29+00

Cascade township should be included in the northern Kent County District (District 24), because:

-Ford Airport: The airport is in Cascade (but technically part of GR City) and should be represented by a metro Representative

-Cascade fits with the northern district because it is in Forest Hills School District (along with Ada and Grand Rapids Townships). It will provide a more cohesive Community of Interest than what is currently shown – more affluent middle-class neighborhoods.

-Cascade is not a Metro 6 City, but it is a rapidly suburbanizing area becoming increasingly a bedroom community with residential neighborhoods and fewer farms. It is an integral part of Grand Rapids metro area in terms of neighborhoods, business and shopping.

Metro Detroit, as long as I've lived, has philosophically separated suburbs by East and West. Drilling down farther, Wayne, Oakland and Macomb counties are decidedly different from each other. My Senate district 16 now includes a chunk of Warren, in Macomb County. Residents of Oakland do not share many common interests with residents of Macomb. Oakland is more white collar, big in legal and professional services, requires masks in school and follows scientific evidence. Macomb is more blue collar, industrial manufacturing related, does not require masks in school and is a hotbed of conspiracy theories. These are just a few significant examples of the mismatch of common

10-07-21 v1 CD DC	Dislike	This map has a huge mix of demographics. Ottawa County should be out of the Kent district map	Donna E Farris	2021-10-19 20:39:12+00

Please remove Waterloo Township from proposed district 69. This District somehow connects a large section of the city of Ann Arbor with Waterloo Township, which is in Jackson County. Waterloo township has no water or sewer service, no broadband, and no public transportation. Ann Arbor on the other hand has all of these things. How will a Representative vote on legislation addressing any of these things? Waterloo township will be left without a voice. Please consider exchanging Waterloo Township in Jackson County with Sylvan Township, which is in Washtenaw county. Sylvan Township includes the small town of Chelsea which is a very similar community as Ann Arbor. This would leave Waterloo Township connect with rural Jackson county.

Cascade township should be included in the northern Kent County District (District 24), because:

-Ford Airport: The airport is in Cascade (but technically part of GR City) and should be represented by a metro Representative

-Cascade fits with the northern district because it is in Forest Hills School District (along with Ada and Grand Rapids Townships). It will provide a more cohesive Community of Interest than what is currently shown "more affluent middle-class neighborhoods.

-Cascade is not a Metro 6 City, but it is a rapidly suburbanizing area becoming increasingly a bedroom community with residential neighborhoods and fewer farms. It is an integral part of Grand Rapids metro area in terms of neighborhoods, business and shopping.

The border between Senate Districts 24 and 23 should be moved to Wealthy Street, which is the border between Wards 2 and 3 in Grand Rapids and keeps Ward 2 residents in the same Senate district. There are only three wards in GR and they have had those boundaries for over 40 years. Ward 2 & Ward 3 are core internal GR identities/Communities of Interest. The current Ward system has existed in Grand Rapids since the 1980s and has long standing meaning and value to Grand Rapidians. This change helps to unpack the Democratic voter concentration in the south #23 district. The district line should follow precinct boundaries along Wealthy Street not Fulton Avenue. This adds the benefit of keeping GVSU downtown campus intact. People north of Wealthy Street align more

Senate districts should be based in the Metro Six Cities (GR, EGR, Kentwood, Wyoming, Grandville or Walker). These six cities share water, sewer, transit and waste management. It seems often in the past weâ€™ve been represented in the Senate by people from Lowell, Gaines or Cannon Township, not the Six Cities. Surrounding suburban townships should be added only when necessary. Certainly, Townships in Ottawa county have no community of interest with North Grand Rapids, so keep Ottawa County separate from Kent County when possible

This still needs some additional attention to achieve equality between both parties. But the improvements are getting us there. District 7 works at well. It is very important for school districts to be reprised by one person. Schools are the community and they need to hear from one voice. New Hudson, South Lyon, and Lyon Township are all part of South Lyon Schools. So district 7 does hold them together. I like the area Pontiac is in. It is a good cross section of voters who have the same issues and concerns. I like where Livonia is in one district and not divided. It too is a huge school district and with 14,000 kids in their district it will be helpful for parents to reach out to one representative. This will also benefit business too. Juniper is heading in the right direction but still needs to look further towards the Ward system has a long standing value to Grand Rapids residents, it's important to keep the non-downtown areas of Ward 2 together

10-08-21 v1 CD	Opinion	<p>Please be so kind as to explain the reasoning for splitting Lyndon township between 5 &amp; 7? My previous comment mistakenly said 6 &amp; 6, but I guess that is because this is rather confusing.</p>	David Peter Pentescu	2021-10-19 19:47:34+00

This district makes sense geographically, and it's not a "bad" district, but if the overall partisan fairness for the state doesn't meet zero political bias and erase the vote efficiency gap, then I suggest you use the Bay City/Midland House district I've seen in several maps. Bay City and Midland are two closely aligned cities and they have been for a long time. Please continue to make the maps better so that the share of possible seats a party can win matches their vote share in the state.

2021-10-19 19:45:03+00

Wyoming is a city of 77,000 people and is a Community of Interest that deserves to be kept together as a core part of a State House District. Do not split up Wyoming into two State House Districts. State House District population levels can be reached by adding the three main Hispanic precincts in Grand Rapids into a Wyoming district. This creates an opportunity for Hispanic representation from Kent County in the State House since population of this district would 32% Hispanic, the largest, most concentrated Hispanic district possible in Kent County. The current MICRC maps divide Wyoming unnecessarily. The current MICRC map splits the Hispanic communities living in southwest Grand Rapids and Wyoming

when I voted in support of establishing this commission I did so in the hope (but also frankly the expectation) that I would see exactly what has been going on here – thoughtful dialog, civic engagement, and commitment to democratic process in re-working our political representation within our state. I’ve followed the process fairly closely and have found it interesting reading the comments and getting a chance to see where priorities and preferences are when establishing these lines. Some seem to prefer keeping current D/R voting blocks together, while others prefer joining communities of similar size, style or economic backgrounds together. I think any realist at the start of all this would accept that this wouldn’t be an easy process, but I hope we can all appreciate that ultimately the Cascade township is a community of interest with Metro Grand Rapids so they should be kept together

I strongly oppose this map and encourage the commission to keep Ottawa County whole! Ottawa County is a community of interest. The county is unique with its Dutch heritage and vibrant diversity. Ottawa County also benefits from the Great Lakes. Even those on the eastern part of Ottawa County rely on the Great Lakes as a source of income or simple recreation. Ottawa County residents deserve a federal Representative who understands the importance of the Great Lakes and considers that while crafting policy in Washington. Currently, Ottawa County has a substantial voice in federal elections because the entirety of the county is in one congressional district. Splitting up the county diminishes West Michigan's voice and leaves a situation where small

Thank you for keeping Ottawa County intact! East Lansing and Lansing are strongly tied communities of interest and should not be in separate districts. This is demonstrated by the large number of people living in East Lansing who work for the state in Lansing, and these cities share: public transportation, a name, 911 call center, and active adult living communities. Lansing should definitely not be divided but should include East Lansing. I resided in East Lansing for 30 years and personally lived and saw the commonalities between those two cities, working in one, living in the other, along with so many of our East Lansing neighbors. Alternatively, drawing the district line at the Clinton County line or State Road (latitude), major road south of Clinton County line, so that any small portion of East Lansing to the North of that line is in the same district

when I voted in support of establishing this commission I did so in the hope (but also frankly the expectation) that I would see exactly what has been going on here – thoughtful dialog, civic engagement, and commitment to democratic process in re-working our political representation within our state. I’ve followed the process fairly closely and have found it interesting reading the comments and getting a chance to see where priorities and preferences are when establishing these lines. Some seem to prefer keeping current D/R voting blocks together, while others prefer joining communities of similar size, style or economic backgrounds together. I think any realist at the start of all this would accept that this wouldn’t be an easy process, but I hope we can all appreciate that ultimately the Steven Blum

10-07-21 SD RAS BK	Opinion	Grand Rapids has had wards for over 40 years the line for the district split should follow the ward line on wealthy not Fulton st	Joan Fifelski	2021-10-19 17:28:49+00
10-12-21 EID v6 CD	Dislike	District 3 isn't too bad on this map, but Southfield, Beverly Hills, Franklin and Lathrup Village should be kept with Oakland County and should not go into Wayne.	Sharon Baseman	2021-10-19 17:26:59+00
10-05-21 v1 CD DW	Like	District 4 is a good, representative district on this map. This district includes the major centers of BIPOC and Latinx folks residing in this portion of Michigan. These populations deserve to be heard in DC. The district as represented on this map gives a good, representative voice to the minority populations in West Michigan.	Lindsay Oaster	2021-10-19 17:25:03+00
10-13-21 v1 CD RL	Like	I actually like this map for District 12. It keeps the communities in SE Oakland together, as they should be, and only includes a small part of Macomb County.	Sharon Baseman	2021-10-19 17:24:27+00
10-07-21 SD RAS BK	Opinion	Please keep Ottawa County whole not part of Metro Grand Rapids	Joan Fifelski	2021-10-19 17:18:02+00

I thought the earlier maps had problems, but this is far worse for what is now District 30. It splits apart communities in the SE corner of Oakland County that should be kept together. Oak Park and Huntington Woods should be kept with Ferndale and Pleasant Ridge, and possibly Hazel Park. The district still goes into Detroit, which was the problem with the earlier maps -- it's just a different part of Detroit. Taking this district all the way up to Troy makes no sense for a state senate district. We have much more in common with neighboring communities in the SE corner of the county. This is one of the better maps for my area. Thanks for keeping Livingston County whole and not with Ann Arbor.

There is only one reason for the existence of the ICRC: end partisan advantage in districts. Whether that advantage is created deliberately or inadvertently is of no consequence. The result either way is to thwart the expressed will of the voters. The Lansing area districts will contribute to the gerrymandering problem, not solve it. Please ensure that you fix the Lansing area and the overall skew toward Republicans that is the clear result of the current draft House map. This is at the core of your mission as members of the ICRC.

10-11-21 v1 CD DJC	Like	IF Warren isn't going to be with the rest of Macomb County (I'd prefer it was, but I know the Commission wants to respect the Warren-Hamtramck immigrant connection), then this is the best version of District 6. It keeps the Thumb district more reasonable, and keeps COIs together in Oakland and Macomb Counties.	Christopher Khorey	2021-10-19 15:31:10+00

10-08-21 v1 SD	Dislike	<p>I agree with Sydney Schaaf that the EEV/Morningside/Cornerstone Village area being grouped together is great choice, but as a Grosse Pointe I would prefer that our neighboring community is joined with that, rather than grouped with Marine City/Algonac area. While I appreciate the idea of grouping lakefront communities together, I would prefer that they be represented by more state senators who can work to protect our lake, and I feel that our community is more closely related to District 6 than much of District 7.</p>	Caitlin Kalfut	2021-10-19 15:18:09+00
10-13-21 v1 HD CSO fLike	Like	<p>This is a much better configuration of District 87 than the collaborative maps, while achieving the same partisan fairness goal.</p>	Christopher Khorey	2021-10-19 15:17:01+00

10-07-21 SD RAS BK Like	<p>This is the most fair of the proposed Senate maps. It creates a competitive race which makes for a better representative. The map as a whole still needs lots of work as they all favor a party (the republicans) which they are not supposed to do per the constitution. Thanks for your hard work but there is still much need for improvement.</p>	Michael Izzo	2021-10-19 15:16:02+00
10-13-21 v1 HD CSO fOpinion	<p>Response to Cheri Fields - these are the boundaries of the City of Kentwood, which is an unusual backwards L-shape. That said, the commission has ignored municipal boundaries elsewhere, and it is true that northeast Kentwood is very different than the rest of the City.</p>	Christopher Khorey	2021-10-19 15:14:04+00
10-14-21 v4 SD Eid Like	<p>This is a much better configuration of Districts 3, 20, and 33 than any of the other maps. Though I prefer Commissioner Lange's suggestion of adding Cascade into a GR-area district, if that doesn't end up happening, this is the way to go.</p>	Christopher Khorey	2021-10-19 15:12:01+00

10-07-21 SD RAS BK	Like	Thank you for unpacking the East Lansing / Lansing region for this map. This is the right idea. It increases partisan fairness at the state level and keeps communities of interest intact.	Mark Brandt	2021-10-19 15:11:56+00
10-13-21 v1 SD RAS	Dislike	If the Commission is looking for ways to split up Ann Arbor and Ypsilanti, I like Commissioner Eid and Commissioner Lange's ideas better. This one doesn't really respect any COIs.	Christopher Khorey	2021-10-19 15:10:38+00

The commission needs to unpack Lansing to create fair districts. There are many ways to do this, but one would be to recognize the Lansing five. The commission could move Delta TWP into Eaton County and let it anchor its own district. The city of Lansing could anchor its own. East Lansing could anchor its own district, Delhi TWP, its own, and then Meridian TWP, its own district. This would do two things. First, it keeps communities of interest together and puts communities with different interests apart. Second, it increases partisan fairness. Both of these are requirements and should be addressed.

10-08-21 v1 HD RAS Dislike

Mark Brandt

2021-10-19 15:08:36+00

This configuration of Oakland and Macomb appears to create a bunch of Safe D and Safe R districts, which probably evens out in the overall partisan fairness metric, but won't produce a very responsive Senate - just one constantly locked in 19-19 gridlock. The collaborative maps have a number of competitive districts, which is the way it should be.

Christopher Khorey

2021-10-19 15:06:47+00

EID gets my vote again. Except for the fact that the district numbers are reversed on this one, I'm guessing this is the same map as 9-29-21 EID VTA CD, also numbered as #188. If so, the comments I made on that one apply this one. This is the best of the bunch, but it could still benefit from a tweak or two. Of the three comments I made previously, the two most relevant are: "One other small suggestion for SE Michigan. You might consider moving Taylor, Romulus, and Oak Park (majority Black) to the 12th (2nd); Dearborn to the 13th (1st) along with a few Detroit precincts. Southgate to the 8th (7th); additional parts of Novi to the 9th (3rd). Doing that gives you two majority minority districts and increases the Black population to 45% in the 12th (2nd) while leaving the black population in the 13th (1st) at 40%. What happened to the Tri-Cities district? That should be a fixture on all maps, given the highly positive response it has received.

10-08-21 v2 HD	Dislike	<p>It's not fair when, peoples in pontiac or any black or brown people not intitled to have a god giving representative, for there community, you are trying to cut them out for voting, when will this stop , just do the right things , please remember, united we stand, divided we all fall.</p>	Doris wilkes	2021-10-19 14:58:07+00
10-14-21 v1 SD RL	Dislike	<p>Not a fan of dividing Lansing like this at all. Two Lansing-area districts is perfect for partisan fairness. 1 packs Democrats, 3 cracks them. Go with two like many of the other maps have!</p>	Christopher Khorey	2021-10-19 14:56:39+00
10-14-21 v1 SD RL	Like	<p>I like the thought behind these Grand Rapids area districts, and overall I think they are better than the ones proposed on the collaborative maps, though they need a little tweaking. There is no need to split up East Grand Rapids, and the various Townships on the edges that are split up could probably be made whole with a little more re-work. Overall, though, I like this idea!</p>	Christopher Khorey	2021-10-19 14:54:10+00

10-08-21 v1 CD RAS	Like	Like this map for District 6. Keeping urban communities together, as they sometime overpower the voice of farming communities. Would have loved it more if Oakland twp is in District 6... not that many farmers there now... Thanks for all the hardwork by redistricting board.	kulwinder singh	2021-10-19 14:45:35+00
10-14-21 v4 SD Eid	Dislike	Clarifying my other comment - I meant 5 and 7, not 6 and 7.	Christopher Khorey	2021-10-19 14:43:49+00
10-14-21 v4 SD Eid	Like	There are a ton of comments on other maps advocating for splitting up Ann Arbor and Ypsilanti. This seems like a fair way to do that. Commissioner Eid is usually very conscientious with his map drawing, so I'm surprised he left this configuration of Districts 6 and 7 in tact. This was drawn haphazardly in an attempt to make both districts 51-49 D with little regard for any other considerations. The configuration of 6 and 7 on the Cherry map is the way to go.	Christopher Khorey	2021-10-19 14:41:56+00

10-08-21 v1 CD RAS	Like	This map appears to be both reasonable and competitively fair. It's also been drawn in a way that will allow for those elected to take have a good regional perspective, which is essential for the long-term planning and well-being of our communities.	Carolyn DeMates	2021-10-19 12:15:30+00
10-05-21 v1 CD	Dislike	I prefer the map that places Kalamazoo and Grand Rapids in the same district.	Charles Hodgman	2021-10-19 10:07:06+00
10-05-21 v1 CD DW	Like	This is a good map for district 4. Combining Kalamazoo and Grand Rapids should provide for good representation of these communities with many similarities.	Charles Hodgman	2021-10-19 09:59:45+00

Downriver is a community of interest and this map keeps much of downriver together. Including Wyandotte and Southgate with Grosse Ile is important because we share police and fire services, the waterfront, concerns on the redevelopment of McLouth Steel and our communities are tied together. This is a decent map but the overall state maps need to improve to have more competitive districts - they still lean toward one party and that's not acceptable under the guidelines provided. There's no such thing as a "little gerrymandered." Please work to make many more areas a 50/50 chance as far as outcome of elections.

10-08-21 v1 CD RAS	Like	Thank you the redistricting committee for the time and effort spent on this map.  Sikh Americans are a community of interest. Please keep Rochester Hills, Sterling Heights and Troy together so both Gurdwara (Sikh place of worship) communities of Oakland and Macomb Counties are represented by one congressperson	Devinder Bhasin	2021-10-19 03:01:08+00

District 31 needs to be redrawn in a way that recognizes more than just county boundaries for a map. County lines are not a priority in the redistricting amendment, but you wouldn't know it from looking at any Livingston County map. Thousands of Livingston County workers commute to the Ann Arbor area and rely on legislators who will vote to preserve the interest of infrastructure investment. There are shared economic interests and environmental interests with Washtenaw County as well due to the Huron River and the Chain of Lakes in Hamburg/Pinckney. These are communities of interest and should be considered when drawing these maps. Bringing more of Eastern Livingston county in with Ann Arbor would help further unpack Washtenaw County's Dem voters and give Kasey Helton

Districts that extend from north to south in absurdly long ribbon shapes across 8 Mile Road are an absurdity. Black residents of Detroit will not have the opportunity to elect candidates of their choice in these districts. These districts also cut across a number of different communities of interest. At most, these districts technically meet VRA requirements and none of the other criteria that the Commission is supposed to consider.

thank you for your hard work  
developing independent  
redistricting maps. They  
improve greatly on the  
current maps and promise a  
more representative process  
for all of Michigan.

As a resident of Greater  
Lansing, I do have concerns  
with the state House maps for  
my region. The six districts in  
Greater Lansing all appear to  
be uncompetitive, with  
Democratic voters and  
Republican voters packed into  
three districts apiece. Further,  
the locations of the splits  
result in districts that don't  
clearly reflect boundaries  
between communities of  
interest.

I suggest that you split East  
Lansing and Meridian  
Township along Grand River  
Avenue. This major highway  
divides Michigan State

This district that stretches from the west coast to the "far" east completely ignores the criterion of "communities of interest. Cut this proposed district down the center vertically and you might come somewhat close to something resembling a community of interest. It doesn't work for either side of the state. We just have different issues and we on the west don't work with those on the east in terms of municipal and government arrangements, nor social ones. We in the southwest corner go north to Kalamazoo and sometimes Holland or even Grand Rapids.

10-07-21 SD RAS BK	Dislike	We don't go east.	Naomi Ludman	2021-10-18 22:20:16+00
10-08-21 v1 HD	Dislike	Eastown definitely affiliates with NE Grand Rapids, but not NW Grand Rapids and Walker. Kalamazoo and Battle Creek are communities of interest and should be grouped together in one district.	Cindy Krieg	2021-10-18 22:11:31+00

This map does put the city of Dowagiac with Niles which is a good thing as we are a community of interest with that city. However, Dowagiac, Cassopolis, and Edwardsburg are also a strong community of interest. We all have ties to the Niles community. That is where we live and shop, go out to eat, and go to the doctor. Farther west, such as Three Oaks, are not the places we go to on a daily and weekly basis. Dowagiac, Niles, Edwardsburg, and Cassopolis should be in one district.

10-08-21 v2 HD

Opinion

Naomi Ludman

2021-10-18 21:16:11+00

This map appears to put the city of Dowagiac in a separate district from Southwestern Michigan College. This is insane! SMC has a Dowagiac address and is integrally connected to the city. Most of the college's employees come from Dowagiac, the two plan many events together, people in the city support the college financially and the residents of Dowagiac pay taxes to support the college. Dowagiac high school students attend SMC as dual enrolled students. I could go on and on. I live in Dowagiac and worked at the college for 35 years. The college and Dowagiac must be in the same district

Please try to create state House Districts largely composed of the metro six cities. There share Common Community of Interest: Shared water, sewer, transit, waste management, economy, and culture. If you have to add townships, make sure they are near largely residential and commercial suburban townships like Cascade, Ada, Plainfield, and Grand Rapids Township. Try to keep the greater Grand Rapids cities and townships in Kent County together. Avoid putting suburban townships in other counties. Kent County is the 4th largest county in Michigan and deserves to have representatives from the County as much as possible. A map that achieves these goals is linked here. <https://districtr.org/plan/63361>

2021-10-18 20:45:58+00

Wyoming is a city of 77,000 people and is a Community of Interest that deserves to be kept together as a core part of a State House District. Do not split up Wyoming into two State House Districts. State House District population levels can be reached by adding the three main Hispanic precincts in Grand Rapids into a Wyoming district. This creates an opportunity for Hispanic representation from Kent County in the State House since population of this district would 32% Hispanic, the largest, most concentrated Hispanic district possible in Kent County. The current MICRC maps divide Wyoming unnecessarily. The current MICRC map splits the Hispanic communities living in southwest Grand Rapids and Wyoming

I'm asking this committee to create State House Districts largely composed of the metro six cities. They have Common Community of Interest: Shared water, sewer, transit, waste management, economy, and culture. If you have to add townships, make sure they are near largely residential and commercial suburban townships like Cascade, Ada, Plainfield, and Grand Rapids Township. Try to keep the greater Grand Rapids cities and townships in Kent County together. Avoid putting suburban townships in other counties. Kent County is the 4th largest county in Michigan and deserves to have representatives from the County as much as possible. Please see this linked map which achieves these goals. <https://districtr.org/plan/63361>

Eastown should not be placed in with areas like Grandville and Walker, but rather in a district within Grand Rapids to the south with Ward 3 or the North with Ward 2

10-08-21 v1 HD RAS Opinion

Nancy Mroczkowski

2021-10-18 20:19:39+00

Cascade should be added together with its neighbor Kentwood. The Ford Airport, which is an island that belongs to the City of Grand Rapids, should be represented by someone who lives in a Metro Six city. Kentwood and Cascade share a common 28th Street Corridor. Cascade is a suburban township that should not be put in with predominantly rural, agricultural townships like Vergennes and Caledonia or townships in Barry and Allegan County

10-08-21 v1 HD RAS Opinion

Nancy Mroczkowski

2021-10-18 20:17:44+00

East Grand Rapids is a City and Should be placed with a fellow Six City, ideally with neighboring Kentwood. East Grand Rapids is suburban and should be placed with Kentwood rather than Grand Rapids

10-08-21 v1 HD RAS Opinion

Nancy Mroczkowski

2021-10-18 20:16:01+00

Kentwood is a city of 55,000 people and should make up the core of a State House District. Add Kentwood's fellow Metro Six City of East Grand Rapids since they share water, waste, and transit services and have the same system of government. Add the most similar nearby township -- Cascade Township -- because it shares the 28th Street Commercial Corridor and has the Ford Airport

Thank you for drawing a Southern Grand Rapids District with a strong African-American and People of Color population. It is possible to create a State House District that is around 50% non-white. African-Americans have not had a Black State Representative from Grand Rapids for over a decade. They deserve a chance to elect a non-white Representative to focus on their unique issues: housing, policing, justice, economic opportunity, etc.

red new state house district maps are unfair to Democrats I see only 3 "Democratic" districts and 2 "Republican districts" because you packed most of the Democratic voters in our region into 3 districts. This is worse gerrymandering than the 2011 maps.

I see no "evenly split" House districts in the Greater Lansing Region, on your maps. I conclude that your state House maps are still not meeting criteria 4 (partisan fairness). Please fix this them by:

1. Putting Delta Township back in the Eaton County district.
2. Splitting East Lansing and Meridian Township north and south, like you did with the city of Lansing. Use Grand River Ave to divide East Lansing and Meridian North-and-South.

I appreciate that the Flint Water Shed is in the same district. However, I'm concerned that taking out Holly from Oakland County, as many people who work in North Oakland County live in Holly (Auburn Hills, Troy), using the I-75 corridor, thus roadways, bridges, water control all need addressed by fellow users. Oakland County Fair grounds is just outside Holly, in Springfield Township and many of the 4 H groups of Northern Oakland County have similar interests and a community. Of the past, district 8 congressionally, did not have citizens who were familiar with the same issues as others, such as water conditions, sewer needs, and the lack of transportation resources. Also, state park land is unique to Northern Oakland County, crossing from Holly and crossing across the northern border

I appreciate how the tri cities are put together. Midland, Bay, and Saginaw have many common issues. It makes sense that they are put together.

This map shows a gerrymandered Grand Rapids (#4) by including very rural areas to the north and east, as well as some to the west. GR and Kalamazoo have much more in common with one another, so using map 201 which goes down the 131 corridor (a commuting route for many) between the cities makes more sense. As this map goes, the Democratic vote is greatly diluted for #4 and especially for #9. Kalamazoo combined with the rural area west and northwest to the lakeshore. Those areas have nothing in common. GR and Kalazazoo have common needs that would make sense for a legislator representing the two. Tech, industry, racial diversity, educational institutions, major medical, and arts/culture opportunities. Thanks for your work, but please

Thank you for serving on this commission. This map fractures the common interests in our West Michigan urban centers—Grand Rapids and Kalamazoo. Kept as it is, this map would divide the interests of the green area, making it very hard to represent. Please keep GR and Kzoo together—they have much more in common (diversity, industry, educational institutions, big-city policing needs, tech) than we do with other area outside the cities. The Lowell area and east is farm country—nothing in common with GR. Dividing the 2 cities and adding in more Republican farm country dilutes the Democratic vote and leaves it unlikely that the large number of Democrats in the West Michigan urban corridor will be represented.

Opinion

Scott Dean

2021-10-18 16:30:30+00

Flint needs its own representative; the city should not be split. Genesee County will not have minority representation with the current maps because of the split of the City of Flint and the African American Population. Flint is and has historically been faced with unique challenges specific to the City and Flint needs its own Representative. Based on the current maps, Flint may not have its own Representative.

10-08-21 v1 HD RAS	Dislike	The way Southwest Grand Rapids area is configured, you are gerrymandering the Hispanic community out of representation. The history of development for Grand Rapids was growth to the Southwest towards Grandville and the establishment of Wyoming. That area is now home to a thriving Hispanic community but everyone drawing maps is more focused on the traditional gerrymandering of seats to the South Grand Rapids African-American community and the Southwest White suburban community. Disagree with this redistricting. My thoughts are expressed in the attached letter. Thank You, Vedette Cordes	Herbert Seamons	2021-10-18 16:25:50+00
10-14-21 v1 SD RL	Dislike	Ann Arbor and Ypsilanti should not be in the same state Senate district. We have different communities of interest and should be represented differently. Please separate district 27 between Ann Arbor and Ypsilanti	Vedette J Cordes	2021-10-18 16:23:30+00

I am glad that Livingston  
County is included with  
Ingham County in the 5th  
Congressional District in this  
map. But the rest of the map  
falls short. It fails the test of  
being fair to voters of all the  
political parties. Your  
consultant has told you that  
Michigan leans Democratic,  
yet your map leans toward  
Republicans. How can that be  
fair? Michigan voters went to  
a lot of trouble and expense  
to set up your commission  
and hire you with the  
expectation that we would  
get rid of the Republican  
gerrymandered maps we  
have lived under for decades.  
But you have delivered a  
slightly watered-down version  
of the same old thing. That's  
not what you were hired to  
do. Please finish the job.  
You've put in a lot of time and  
effort. With just a little more  
work, you can transform  
these maps from another

10-08-21 v1 HD Dislike I do not like that the communities of Midland and Bay City are not in the same district. They are more similar than the rural communities around them and share a manufacturing base that binds them. Linda Weaver 2021-10-18 14:26:45+00

10-08-21 v2 HD Like I agree with this version of apportioning and that the commission consistently placing the Tri-Cities (Midland, Bay City & Saginaw) in the same district as they have been a long-standing community of interest with many commonalities including a manufacturing base. I would like to see the University Center included in the district since these communities are feeders to the student population. Please continue to work on the partisan fairness of the maps as a whole to achieve as close to zero political bias as is possible and ensure fair maps for all Michigan voters. Linda Weaver 2021-10-18 14:23:28+00

The way you drew the state House maps, there are 3 VERY safe Democratic districts and 2 Republican districts. You packed most of the Democratic voters in our region into 3 districts, gerrymandering the region worse than the 2011 maps.

There are NO competitive House districts in the Greater Lansing Region as you have currently drawn the state House maps.

This is a big reason why your state House maps are still not meeting criteria 4 (partisan fairness) when you look at them statewide.

You can fix this by doing three things in the Great Lansing Region:

1. Put Delta Township back in the Eaton County-based district.

The way you drew the state House maps, there are 3 VERY safe Democratic districts and 2 Republican districts. You packed most of the Democratic voters in our region into 3 districts, gerrymandering the region worse than the 2011 maps.

The way you drew the state House maps, there are 3 VERY safe Democratic districts and 2 Republican districts. You packed most of the Democratic voters in our region into 3 districts, gerrymandering the region worse than the 2011 maps.

There are NO competitive House districts in the Greater Lansing Region as you have currently drawn the state House maps.

This is a big reason why your state House maps are still not meeting criteria 4 (partisan fairness) when you look at them statewide.

You can fix this by doing three things in the Great Lansing Region:

1. Put Delta Township back in the Eaton County-based district.

The way that Gladwin, Clare, and Lake (#59,#94) counties are divided gives the appearance of an agenda or no regard. Most rural counties and municipalities share interest as well as resources. Would make more sense to try to keep lines at county lines where possible and it surely appears that the sliver of Lake could be exchanged for the sliver of Clare counties to have #94 more sensible and by removing that sliver of Clare would exchange it for the southern sliver of Gladwin County to include in #59 to again keep it complete. Keeping the process simple and sensible will save it from controversy and future headaches or need to start from scratch again in another 10 years.

This map of District 10 is ridiculous. An example of gerrymandering, which is what the Commission is supposed to eliminate. White Lake has nothing in common with Port Austin and other north/northeastern areas? Districts should have some semblance of continuity within the boundaries. Please redo. There are options.

2021-10-17 18:02:27+00

This is probably the best congressional map I have seen for the Tri-Cities and Flint. You placed Tuscola County in the Thumb where it belongs, kept 3 counties whole (Bay, Saginaw, Genesee) and kept most of Midland in here too. Excellent job. I didn't look at the efficiency scores or partisan lean for the entire map, so if that needs more work please continue to do so. We need maps that split the possible seats as evenly as possible. Michigan is 54% Democratic and the possible seats they can win should reflect that.

2021-10-17 17:50:03+00

Are you kidding me? I have been very civil on all my comments, but this doesn't even make sense. You ignored the clear COI of the Tri-Cities and Flint that most of the commissioners have included in their maps just so you could place Midland in this central district. This map seems to be drawn directly to support John Moolenaar. You know drawing a map directly in favor of a politician is illegal. You even put most of Gladwin in a district with Bay, Saginaw and Flint?! That makes absolutely no sense. Go back to the versions of the map that put the Tri-Cities and Flint together in a congressional district. This is one is awful.

This map splits up the lakeshore communities that have common cultures and economies. Residents often drive up and down the coast for work, shopping, and leisure resulting in the entire coast feeling like our community. Meanwhile rural residents in the east of the County choose to live there to get away from the busyness of the coast towns. The governance needed for maintaining the growing coast cities often seems like unnecessary oversteps for inland rural residents, and the hands off approach the inland residents like tends to leave the coast cities out to dry. These are conflicting needs that don't need to be forced together, and each could be properly addressed with a different map.

10-08-21 v1 HD RAS Opinion I think it's a mistake to divide Wyoming. They have a population of 77,000 and definitely make up a community of interest. I think it would be much better to keep the city all together in one district. This would also better represent our Hispanic population in Kent County. Under this map, hispanic communities are divided and risk being under represented. Max Gordon Aulbach 2021-10-16 19:52:02+00

10-08-21 v2 HD Opinion I think it's a mistake to divide Wyoming. They have a population of 77,000 and definitely make up a community of interest. I think it would be much better to keep the city all together in one district. This would also better represent our Hispanic population in Kent County. Under this map, hispanic communities are divided and risk being under represented. Max Gordon Aulbach 2021-10-16 19:51:09+00

Kentwood is the 3rd largest city in Kent County and should anchor a State House district.

East Grand Rapids and Kentwood are similar suburban areas of Grand Rapids and should be linked together.

They are more similar to each other than with the actual city of Grand Rapids.

Cascade township is part of the Grand Rapids metro region. They also share a school district, it should be included with a Grand Rapids district.

2021-10-16 19:48:29+00

10-08-21 v2 HD      Opinion      I think it would be worthwhile to keep Ward 2 of Grand Rapids together. I'm a lifelong resident of Ward 2 and feel it would be better remain with my Ward 2 in terms of state house representation.      Max Gordon Aulbach      2021-10-16 19:48:08+00

10-08-21 v1 HD      Dislike      Do not divide Waterford Township, as others have noted this is unnecessary and disenfranchises the residents of Waterford, Pontiac, Auburn Hills and Bloomfield. There also seems to be a concerted attempt to fragment Townships into Cities or a district made up of fragments of a number of Townships. What is the purpose of this other than to dilute the voices of the residents in these areas? Also, it is very telling that the only Township even remotely intact in the area is home to one of the Commissioners. Correct this!      John      2021-10-16 19:47:42+00

10-08-21 v1 HD RAS	Opinion	I think it would be worthwhile to keep Ward 2 of Grand Rapids together. I'm a lifelong resident of Ward 2 and feel it would be better remain with my Ward 2 in terms of state house representation.	Max Gordon Aulbach	2021-10-16 19:47:09+00
10-08-21 v1 HD RAS	Opinion	If this district was expanded slightly to the north it would make a great Hispanic District.	Frank Lynn	2021-10-16 19:46:54+00
10-08-21 v1 HD	Opinion	I think it would be worthwhile to keep Ward 2 of Grand Rapids together. I'm a lifelong resident of Ward 2 and feel it would be better remain with my Ward 2 in terms of state house representation.	Max Gordon Aulbach	2021-10-16 19:43:45+00

10-08-21 v1 HD	Dislike	Do not split the community of Waterford! This is not necessary under any of the VRA, COI or Population requirements. This is completely unnecessary and further results in the splitting of the Pontiac/Auburn Hills/Bloomfield Hills community, which is also unnecessary, as the districts as originally drawn were VRA and population compliant and kept communities of interest together. There have been many, many comments from the residents of all these districts on this matter; this needs to be fixed!	Tom	2021-10-16 19:42:28+00
10-08-21 v1 HD RAS	Opinion	Wyoming should not be split up. It is the second biggest city in Kent County and should have it's own district. It also has a large Hispnaic population.	Frank Lynn	2021-10-16 19:38:28+00
10-08-21 v1 HD	Opinion	I think it's a mistake to divide Wyoming. They have a population of 77,000 and definitely make up a community of interest. I think it would be much better to keep the city all together in one district.	Max Aulbach	2021-10-16 19:36:37+00

I agree with the other commenters, the Pontiac, Bloomfield, Auburn Hills area should be kept together as should Waterford. It appears that Townships are being split en masse and shoved, in small portions, into cities with which they have no relationship or in districts with small fragments of many townships, diminishing each their voices. It is rather telling that the only Township that is anywhere near whole is the home district of one of the Commissioners. This needs to be corrected immediately.

Breaking up the city of  
Midland from the surrounding  
areas (like Larkin Township),  
and adding Midland to other  
urban areas significantly  
dilutes the voice of the  
greater Midland area. The  
majority of Midland County  
residents work, shop,  
worship, or recreate in the  
City of Midland every day or  
at least every week. While  
the City of Midland shares  
some of the urban features of  
cities like Bay City, Saginaw,  
and Flint, each city is very  
unique in their strengths,  
challenges, and opportunities.  
As others have mentioned,  
flood recovery is and will  
continue to be a cohesive  
area of interest until at least  
the next redistricting. So, if  
for nothing else, I would  
recommend that the  
upcoming redistricting map  
continue to align the city of  
Midland and the greater  
Midland area.

10-14-21 v2 SD RL	Dislike	Partisan Fairness in my area needs to be the priority. In my district, the opposing party hardly runs because the other party is so entrenched. Voters are disenfranchised and don't vote because the odds are so skewed. Please apply partisan fairness to all maps.	Constance Lippert	2021-10-16 12:16:54+00
10-13-21 v1 CD RL	Like	I actually like this map for my district which is Milford. This district has traditionally been so partisan that frequently the opposing party does not even run because it's considered a waste. If this area is more politically balanced I believe that both political parties will have to be accountable to all the voters and not just the voters in their party. Thank you	Constance Lippert	2021-10-16 11:59:15+00
10-08-21 v1 HD RAS	Like	I like the way this looks and appreciate the unpacking of this heavily Democratic district. Now each party has a fighting chance to compete and the candidates will be held accountable to everyone in the district, not just their party. Thank you	Constance Lippert	2021-10-16 11:50:49+00

10-07-21 v1 CD AE	Opinion	Rochester and Rochester Hills should be placed in district 10 and give district 6 going east to Algonac. Keep New Baltimore in district 10. That would be the modification I would suggest. You have an opportunity to make 6 more moderate. Furthermore, by going east to Algonac into 6 you take away some conservative territory away from 10.	daniel cassidy	2021-10-16 11:23:57+00
10-07-21 v1 CD AE	Opinion	I do like this map over all the best, Put Midland and Flint together in district 11. I do think it would make district 6 more moderate if you gave it going east to Algonac from district 10. Then Put Rochester and Rochester from 6 into 10 Instead.	daniel cassidy	2021-10-16 11:19:05+00

Opinion

Lisa Lamancusa

2021-10-16 04:20:13+00

Actually the county is 55% Democratic in elections for the last 4 years. 55% of the population divided by 91,000 people per house district equates to 4 full Democratic seats required to match the balance of voting population. The latest Birch map is more balanced for partisanship and does a better job with community of interests.

10-13-21 v1 CD RL	Opinion	Gratiot County and Isabella Counties share an RESD. Please do not split them across 2 different Congressional Districts. This process is meant to correct for the gerrymandering that distorts Michigan's legislative priorities and processes. Creating a district that is 80% Democratic creates the effect of "packing," whether intended or not, and undermines the intent of the large majority that voted in favor of this initiative. Please reconsider.	Stefanie Sedlar	2021-10-15 19:56:34+00

10-05-21 v1 CD	Dislike	Please consider the attached alternative. This would still have a Lansing/East Lansing divide, it would just move that divide to follow along the western border of East Lansing instead of splitting Lansing city in half. to make up for the move, the East Lansing district would take on more of Ingham County. Making this move would follow pre-existing municipality lines, and still create 2 dem-leaning senate seats while better reflecting our region's political diversity.	Gurinder Sodhi	2021-10-15 18:47:07+00
10-04-21 v2 SD	Opinion		Zach R	2021-10-15 18:38:43+00

the whole point of this  
commission is to get the  
districts to reflect the actual  
voter majority. there are  
more democratic voters than  
republican voters so some  
tiny town should not have a  
greater influence than large  
communities elsewhere.  
majority should rule not  
special interests.

I am not in favor of splitting Berrien County into two separate districts. Berrien has always been a representative county on its own; rural and urban, political affiliations, genders and races. Many of the lakeshore communities share similar issues that would best be handled by one official. Berrien County as a whole is home to major routes of transportation and infrastructure, again best suited to be represented by one official. This proposed redistricting would put my residence in one, with my work in another, all within a matter of 20 miles. I would like to see the existing map remain in place, which places Berrien, Cass, and St. Joseph counties as one. We are considered Michiana and should remain as such. Thank you.

10-13-21 v1 HD RAS	Dislike	The greater Lansing region should be broken up into 5 districts that are Dem majority. This will help make your maps more fair. You need to make the maps fair on a partisan basis. Your maps for our region are not fair.	Heidi Schaetzel	2021-10-15 15:43:34+00
10-07-21 SD RAS BK	Opinion	Overall, the cherry plan is not as awful as the elm plan. That said, I still urge you to move the border of the Grand Rapids districts down to Wealthy Street and move Cascade into District 23.	Scott Urbanowski	2021-10-15 15:40:45+00

It was bad enough that Battle Creek and GR were put into the same congressional district ten years ago. To put Battle Creek and Cascade Township in the same State Senate district now would be even worse. Cascade is a charter township with a more suburban than rural feel (making it different than the rural areas in most of District 3). Cascade is also home of Gerald R. Ford International Airport, the regional airport serving Grand Rapids. It makes more sense to put Cascade in District 23. Within GR, I'd also suggest moving the border between 23 and 24 down to Wealthy Street and moving District 24 out of Ottawa County entirely.

10-08-21 v1 CD RAS	Like	BIRCH is a good congressional map, fairly drawn with no partisan leaning. It is logical to keep these suburbs together, like Farmington and Farmington Hills, as these communities of interest already share so much. Thank you for working so hard to get these maps right and for making partisan fairness an expected outcome for all Michiganders.	Paula I Martinos-Mantay	2021-10-15 12:59:39+00
10-08-21 v1 CD RAS	Like	I support the District 3 map. Beverly Hills, Birmingham and Bloomfield Hills work well together.	Diane Luscombe	2021-10-15 12:59:16+00

This map is no different than what currently is called HD 45. All three of the proposed maps flip the carve out from the west to the east side of Oakland Twp. essentially making it an unchanged district and still maintaining a Republican advantage. All of Oakland Twp. should stay in the same House district.

Additionally, given the current population of both Rochester and Rochester Hills, keeping Oakland Twp. exceeds the population requirement. If a carve out is necessary then it should be from Troy, given their population (see attached)

Carving out Rochester and Rochester Hills into Macomb and removing it from Oakland County is not a smart way to redraw the Congressional lines for this community. Keeping school districts, and cities within the same county when looking at Representation at a federal level should be given more consideration.

10-08-21 v1 CD RAS	Like	I like that Farmington and Farmington Hills are kept together. We are definitely one community. I also like that W.Bloomfield is kept intact. This comes the closest to partisan fairness. Thanks so much for all your hard work!!!	Nancy Joyrich	2021-10-15 02:39:56+00
10-07-21 v1 CD AE	Dislike	This map fails to comply with partisan fairness requirements and should be dropped from consideration. This map also does not reflect my COI (which is best represented with Ferndale, Royal Oak, Clawson, Madison Heights, south Troy, south Sterling Heights, north Warren, and Fraser). It also has really awful partisan fairness stats. This is definitely not in compliance with the law. While it's probably impossible to reflect everyone's COIs, it is possible to produce maps that are significantly more fair while providing decent representation a variety of COIs. This one also needs to be tossed.	Constance Tucker	2021-10-15 02:34:50+00
10-07-21 v1 CD DC	Dislike		Jessica Tucker	2021-10-15 02:32:16+00

10-07-21 v1 CD AE	Dislike	<p>This map does not reflect my COI (which is best represented with Ferndale, Royal Oak, Clawson, Madison Heights, south Troy, south Sterling Heights, north Warren, and Fraser). Further more the partisan fairness stats are abysmal. This is definitely not in compliance with the law. While it's probably impossible to reflect everyone's COIs, it is possible to produce maps that are significantly more fair while providing decent representation a variety of COIs. This one needs to be tossed.</p>	Jessica Tucker	2021-10-15 02:19:06+00
10-05-21 v1 CD	Dislike	<p>We want Troy to stay within Oakland County! We are deeply connected to all of our services in Oakland County. We have no connection with the communities in Macomb county.</p>	Andrew Young	2021-10-15 02:15:49+00

None of the maps reflect my COI, but at least this one does the best from a fairness perspective. Living in North Warren, my COI is really better represented by Ferndale, Royal Oak, Clawson, Madison Heights, Troy (south), Sterling Heights (south), north Warren and Fraser. Probably 80% of my every day life is in those areas. It'd like to see this map adjusted to have Warren & Madison Heights north of 696 added to District 6. Moving the area north of 696 out of a Detroit district is probably better for Detroit, to ensure that Detroiters better representation / more likely to provide VRA minority representative opportunity. I realize it may not be possible to accommodate every COI. If my COI isn't reflected in the maps, the best way for me to get fair representation is partisan fairness.

2021-10-15 01:59:14+00

my name is Amer Zahr and  
I'm a resident of  
Dearborn, a political activist,  
and a law professor. I'm  
also a member of Dearborn-  
based AAPAC, the Arab  
American Political Action  
Committee.

I'm extremely concerned  
with the latest State House  
maps published by the MICRC  
as they relate to Dearborn  
and the Arab American  
community. The latest maps  
split Dearborn down the  
middle and greatly dilute the  
Arab American vote. Districts  
3 and 7 split the Arab  
American community.

I presented to the  
commission on September 7  
in Lansing about the concerns  
of the Arab American  
community. In that  
presentation, I expressed  
support for the Fair Maps  
map as it related to Dearborn. Amer Zahr

10-08-21 v1 CD RAS	Like	I like this map the best! I think these Macomb County Communities pair very logically with the Oakland County communities. We are mostly small metro-cities with similar needs in terms of federal considerations. This allows the person who represent District 6 to focus on regional solutions to many problems.	Alysa Diebolt	2021-10-15 01:48:25+00
10-04-21 v2 SD	Dislike	Good job keeping Ann Arbor and Ypsilanti together. The fact is that they are a community of interest. Everyone knows that. Any claim to the contrary is only by activists trying to gerrymander.	Al Poehl	2021-10-15 01:34:32+00
10-08-21 v1 SD	Dislike	A few precincts of Detroit in with a district that runs into Macomb? That makes zero sense.	Al Poehl	2021-10-15 01:32:55+00

Remember when the commission claimed that they would respect communities of interest and consider the input of the public? Well, Eid certainly lied when it came to this senate configuration. How can he possibly say that Lansing and East Lansing are not a community of interest?? They share the same name for crying out loud. And he drew part of the city (a few precincts) in with East Lansing. All this is an effort to DEMOCRATIC GERRYMANDER and give democrats two solid democratic seats instead of respecting the region as a whole. Rural eaton has nothing to do with the city of lansing. Respect COIs , commission. You can do the right thing and fix Eid's gerrymander here.

10-08-21 v1 SD

Dislike

Al Poehl

2021-10-15 01:32:00+00

This is clearly a Democratic gerrymander. How else do you explain cutting up Ann Arbor to include with - get this - Marshall???? This completely disrespects communities of interest. The commission said they would respect the public's COIs (unless of course for VRA compliance). But this is beyond that, and beyond ridiculous. Thanks for your efforts, commissioners, but pay attention to the constitution please and pay attention to our COIs.

2021-10-15 01:27:49+00

Eid gerrymandered for the Dems? Shocker. That's about what we can expect from the outspoken Bernie Bro that lied about his political affiliation, then continues to bully fellow commissioners. His maps are always a Democratic gerrymander. Ann Arbor split up and into Milford - are you kidding me?

10-14-21 v4 SD Eid Dislike

Alan P

2021-10-15 01:23:29+00

This map is absurd. In addition to not fixing the Lansing fiasco, this map seriously splits all the way from Marshall through Calhoun, through Jackson, through Washtenaw, just to break up the city of Ann Arbor? How does that satisfy communities of interest? Also, breaking up the Lake Saint Clair district so that northern macomb is with more of detroit? This commissioner needs to re-read the constitution and respect COIs.

Still splitting up Monroe County and and merging some of Monroe County with southern Wayne and Washenaw. A better proposal would be to pt the city of Taylor into district 20 and Brownstown Twp into district 22 then move the Carleton and Steiner areas from 40 to district 60

10-13-21 v1 HD RAS Dislike

Thomas Heck

2021-10-15 01:05:44+00

10-13-21 v1 HD CSO	Dislike	These proposals continue to split Monroe county into 4 districts which makes no sense especially including the city of Taylor into district 40 with the village of Carleton and the Steiner area - no common issues! Also why include Belleville in district 65?	Thomas Heck	2021-10-15 00:59:31+00
10-14-21 v4 SD Eid	Dislike	I recommend keeping York Twp with the Saline district and instead adding either the Willis or Sumpter area to district 28	Thomas Heck	2021-10-15 00:54:10+00
10-13-21 v1 SD RAS	Like	Still a good proposal for District 28 - Monroe and Lenawee counties + Milan	Thomas Heck	2021-10-15 00:47:29+00
10-12-21 EID v6 CD	Like	I like this one more than the rest the efficiency gap is low.	Joshua Davis	2021-10-15 00:47:17+00
10-13-21 v1 CD RAS	Opinion	Not a bad proposal for District 8 except it breaks up Calhoun and Jackson counties - I recommend moving the city of Jackson into district 7 as it has more in common with that district than with the southern border counties.	Thomas Heck	2021-10-15 00:45:07+00

10-13-21 v1 CD RL Opinion Not a bad proposal for District 8 keeping the southern border counties together - I do agree with Conner's comment that maybe Jackson should be moved up into district 7. Thomas Heck 2021-10-15 00:39:27+00

10-08-21 v1 CD RAS Like This is one of the best maps I've seen coming out of the Commission. I've told the commission repeatedly that fairness and Voting Rights Act compliance are the two most important aspects of its work. According to FiveThirtyEight.com, this map produces as even a split between Republican and Democratic districts as can be done with an odd number of districts. Several of the districts are solidly Republican, others are solidly Democratic, and others are competitive. Two of the districts result in "minority-majority" populations, which gives the map VRA compliance. \*This\* is what the voters asked for in the 2018 initiative that created the Redistricting Commission. William Asher 2021-10-15 00:33:04+00

10-08-21 v1 CD RAS	Like	Keeping Oak Park & Ferndale together, as well as Huntington Woods and Oak Park is logical since they share school districts & have shared religious communities.	Jill A Warren	2021-10-15 00:29:50+00
10-08-21 v1 CD RAS	Like	I like that Birmingham and Bloomfield are together. With Ann Arbor unpacked I would feel that my individual vote has more significance.	Andrew Corey	2021-10-15 00:29:12+00
10-08-21 v1 HD RAS	Like	This is the best congressional map! I like that Birmingham and the Bloomfield communities are kept together as they are common communities.	Gregory Fox	2021-10-15 00:24:43+00
10-08-21 v1 CD RAS	Like		Deborah Rosenman	2021-10-15 00:14:32+00

This district is one of the only proposed districts which currently spans across three counties. The Commission has not properly considered the communities of interest in Novi. The 8 Mile Corridor between Oakland and Wayne Counties provides an easy natural boundary line to draw. Milford and Commerce should be added to District 11, and Washtenaw County should be completely removed. These areas do not have shared resources, services, or community interests. Please keep working on this district.

These areas do not have shared resources, services, or community interests.</p>	Aaron Martinez	2021-10-14 23:08:56+00
10-08-21 v1 HD	Dislike	<p>Too many of these southern Oakland districts spread into Detroit and thus take away the chance for Detroit residents to elect their own representatives. Please use more data to determine VRA compliance. Packing the Democrats together is giving Republicans undue advantage.</p>	Debbie Rosenman	2021-10-14 23:03:18+00

10-08-21 v1 HD RAS	Dislike	Bloomfield Township is being divided up into at least three different House seats. This is NOT good for our community!	Debbie Rosenman	2021-10-14 22:58:07+00
10-08-21 v1 CD RAS	Like	I like this map. It looks like a good effort to keep communities of interest together and good effort at non-partisan fairness.	Lauren Lisi	2021-10-14 22:50:07+00
10-13-21 v1 HD RAS	Opinion	It's great to see this map being pretty fair partisanly, but dividing Ann Arbor 4 ways is a little much. Rather it would be better to split Ann Arbor 2-3 ways and get another Democratic-leaning seat in the Lansing metro and the Flint area. This will provide a very fair map without destroying so many COI's around Washtenaw and Livingston.	Zach Geyer	2021-10-14 22:49:23+00
10-08-21 v1 CD RAS	Like	This is the best and most fair collaborative map of Oakland and Macomb county, and keeps similar suburbs together. Please move this map forward to deliberations.	Damanpreet Bedi	2021-10-14 22:20:02+00

10-05-21 v1 CD DW	Like	<p>I like the idea of Grand Rapids and Kalamazoo being included in one district. The two urban and suburban communities certainly have more in common than the surrounding rural regions. It is not evident that the proposed districts result in competitive elections which allow results that reflect the partisan votes. In other words, if Democrats get 55% of votes statewide, they should get about 55% of the legislative seats. (Or conversely, if the Republicans get 55% of the vote, they should get about 55% of the seats). Currently, districts unfairly tilt toward</p>	Fred John Overeem	2021-10-14 22:05:14+00
10-08-21 v1 HD RAS	Dislike	<p>Republicans. I would move this boundary South more to Wealthy St. That's a Grand Rapids ward line that makes more sense.</p>	Ron Eggleston	2021-10-14 21:50:28+00
10-07-21 SD RAS BK	Opinion	<p>Thank you.</p>	Rocky Adams	2021-10-14 21:25:08+00

10-05-21 v1 CD	Dislike	we want Troy to stay with Rochester and Rochester Hills, and Bloomfield in Oakland County! We are a community of Interest with cities there and are deeply connected to all of our services in the area. We really have nothing in common with the communities in Macomb county reaching as far as Lake St. Clair.	Albert Hu	2021-10-14 21:22:56+00
10-07-21 SD RAS BK	Like	Thank you for splitting up the GR region into 2 areas. I agree that the dividing line in GR could use some work (Wealthy St boundary makes more sense) but I like this idea.	William Saxton	2021-10-14 21:22:41+00
10-04-21 v2 SD	Opinion	This boundary between SS #23 & #24 should be Wealthy St, not Fulton. Its a natural city boundary between the different COI's within Grand Rapids.	Barbara Karenko	2021-10-14 21:20:38+00
10-04-21 v2 SD	Dislike	Cascade township is part of the GR metro region, is a GR suburb, and has the GR airport. This area must be included with a State Senate district. Matches well with Ada. Thank you.	Barbara Karenko	2021-10-14 21:19:30+00

10-04-21 v2 SD	Dislike	Please Ottawa away from Kent County. This area is much too rural to be a part of a Grand Rapids metro/Kent County Senate district.	Barbara Karenko	2021-10-14 21:18:29+00
10-07-21 SD RAS BK	Opinion	Cascade Township is a GR suburb and should be in the Grand Rapids metro region, not Battle Creek. This is also our airport, so a COI with State Senate district #24 seems obvious. Thank you.	Barbara Karenko	2021-10-14 21:16:04+00
10-07-21 SD RAS BK	Opinion	This really shouldn't be part of Grand Rapids metro. Its rural Ottawa County and even Ottawan say to keep Ottawa together!	Barbara Karenko	2021-10-14 21:13:52+00
10-05-21 v1 CD DW	Dislike	All 4 proposals for the congressional maps stink. Midland county should remain intact even if it means relaxing the population targets a bit!	David P Brausch	2021-10-14 21:05:51+00
10-08-21 v1 CD RAS	Opinion	Please consider moving Southfield to the adjoining Detroit district, as it is aligned more with Detroit than northern Oakland County.	William Asher	2021-10-14 21:02:53+00

10-08-21 v1 CD RAS	Like	The big problem with these maps is the attempt to keep the populations extremely equal! +/- 5% might be a more realistic target to get realistic maps that keep counties intact.	David P Brausch	2021-10-14 21:01:12+00
10-07-21 v1 CD AE	Like	Thanks for keeping Royal Oak with most of southeastern Oakland County, with which Royal Oak shares interests. Also you didn't dilute minority votes by including northern white suburbs with Detroit districts.	William Asher	2021-10-14 21:01:04+00
10-05-21 v1 CD	Dislike	We want Troy to stay in Oakland Co. where representation can be similar to other cities in Oakland Co. We share ideals, community interests, value ideas and community services which we value are part of our community.  We have little in common with Macomb county either in ideals, or community values. This county stretches all the way to Lake St. Clair.	Jane Weyhrauch	2021-10-14 21:00:42+00

10-07-21 v1 CD AE	Like	Including Southfield with parts of Detroit makes sense, and would contribute to compliance with the Voting Rights Act. Thanks.	William Asher	2021-10-14 20:57:52+00
10-07-21 SD RAS BK	Dislike	Yet again there is no excuse for breaking up counties this way. Just another example of blatant gerrymandering.	David P Brausch	2021-10-14 20:54:10+00
10-04-21 v2 SD	Dislike	Again, there is no excuse for breaking up a county into 3 districts!!!	David P Brausch	2021-10-14 20:52:00+00
10-08-21 v1 CD RAS	Like	This map is moving in the right direction in terms of partisan fairness - please keep it going.	Marian Mahoney	2021-10-14 20:51:32+00
10-07-21 SD RAS BK	Opinion	District 16 on this map keeps Rochester Hills and Troy together, and that's good because those communities are aligned and connected. Troy is also aligned with Clawson, but Rochester Hills/Troy are not so aligned with Oakland Township. Move Oakland Twp to another district, pull in Clawson, and a bit more of Sterling Heights to compensate for the population numbers.	William Asher	2021-10-14 20:49:27+00

I'm writing to express my disapproval that the latest plans for for state senate completely ignore the input our Detroit neighborhood (East English Village) gave the Commission. The earlier drafts of the State Senate districts kept our neighborhood intact. It would split East English Village (EEV) up into Districts 6 and 7. Yet EEV has been a united neighborhood for decades, with a strong neighborhood association which works together for the good of the entire neighborhood, not just half of it. Furthermore, we believe we should be in the same district with the neighborhoods on either side of us (Cornerstone and Morningside) as we have been working together cohesively for years and share the same concerns regarding quality of life and city services. We pulled together a Caryn Rose I don't think there is any excuse for breaking a county down into 3 districts.

2021-10-14 20:08:12+00

You have several districts that are split across the county line between Detroit and Oakland County, like districts 18 and 21. This means that it is extremely likely that the residents of the Detroit portions of those districts will not be able to elect a representative that looks like the voters. That would be a violation of the Voting Rights Act, and something that I think the commission should take very seriously. We've got to satisfy the VRA, and we've got to ensure partisan fairness.

Midland City is not rural, and should be included with Bay City (as in maps Pine and Peach) in a State House district. These two cities have more in common with each than the rural districts surrounding them. Even though the shapes of Pine and Peach are odd, it is more representative as a community and political bias is closer to zero, which will make the district more competitive, and allow for better representation. And this is the goal of proposal 2.

If Washtenaw County will be split for congressional districts, I like Western Washtenaw in this northern district better than in the Border County district where we have been this past decade. I like that we're included with more suburban communities in this district. That better reflects the way the growing Western Washtenaw communities along I-94 function in our county.

I would like to thank the Commission for drawing a state Senate district that includes the cities of Midland, Bay City, and Saginaw— also known as the Tri Cities. These 3 cities are an obvious community of interest who all have industrial based businesses, a shared tri city airport, several shared media outlets, regional colleges and universities, and together we are considered the Great Lakes Bay Area. Please Continue to work on partisan fairness because the outcomes of the map should reflect the political make-up of the state. This will give the voters a more competitive district and a better representative. This is what the voters wanted when they passed Proposal 2.

This map butchers COIs in Washtenaw County. Ann Arbor shouldn't be split 4 ways. You can make good districts by splitting it once and including Ann Arbor, Scio, and Pittsfield townships in those districts. I understand the desire to make fair maps, but you can do it without destroying communities of interest like this.

10-08-21 v1 HD	Dislike	The districts for the Lansing area are unfair because they pack Democrats from Eaton and Ingham County into three districts. This creates unfair partisan advantage and this is supposed to be a non partisan process.	Telaina M Eriksen	2021-10-14 17:24:50+00

Novi should not be divided between two different districts. It needs to be returned to district 110. By separating the city, it works to silence the voices of the AAPI population. Beyond that, this map divides many school districts that should be kept together to best serve the needs of their communities, while at the same time lumping parts of communities that share very few common issues or concerns.

I like this 29th district that connects Ypsilanti to Western Wayne, it is a good COI and is good for partisan fairness. However I think you should keep Ann Arbor whole and with the rest of Washtenaw County. I think that you made this split for partisan fairness reasons, but you can make a partisanly fair map without it. If you have to split Ann Arbor, the way you did it here is at least acceptable.

Thank you for keeping the Lake St. Clair COI together in District 7 in this map. I appreciate that our community would have a voice to address lakeshore infrastructure and stewardship of our lake. I approve of this configuration, with one significant caveat. I think that people of the Jefferson-Chalmers neighborhood in Detroit should have the final say as to whether they are included in District 7 or not. In my mind, of all Detroit neighborhoods, Jefferson-Chalmers is the single neighborhood that best fits with the nautical character of District 7. However, it should be up to the people in that neighborhood to decide whether or not they want to be with the lakeshore suburbs. It is my hope that those folks will speak-up and let you know.

The most important thing the Commission can do is give us maps that are fair. That's what the overwhelming majority of Michigan voters were voting for when they approved the Independent Commission. These maps for the Lansing area are anything but fair. They pack Democrats into three districts thereby limiting their political impact. This practice--packing--is one of the forms of gerrymandering we voted to eliminate. We will wonder what it was all for if we end up like the districts proposed for the Lansing area.

area, both Washtenaw and Livingston should be kept whole and in different districts with a chance at their own fair representation representative of our different cultures. There isn't much middle ground between these two staunchly partisan counties, as shown with the current 22nd St Senate District which gerrymandered your county and Chelsea, Dexter, and Scio Twp especially. Partisan Fairness to me is a 48.5-51.5% D/R district where no voters can be ignored (dismissed due to different party OR taken for granted by same party) and everyone has their say. Swing districts are tough with Michigan geography, and the commission collaboratively has a good one. This however is a 55% district. This is basically the current 22nd State Senate District if it was drawn in reverse, except

Please keep Berrien, Cass, and St. Joseph together.

Understanding the uniqueness of Michiana is important and vital to all communities across southwest Michigan. For example you have split school districts in this proposal. Stevensville and Baroda are just one example and I think we owe it to our children to make sure they have strong representation in Lansing and splitting them up will hurt their voice. Also, Michiana (Berrien Cass and St. Joseph Counties) are all in the Indiana media market. We do not get Kzoo or GR media markets as we are part of Southwest Michigan not West Michigan.

I am happy that this proposal for District 6 includes the whole of my neighborhood, East English Village, plus our neighboring communities of Morningside and Cornerstone Village. These 3 neighborhoods make up the Morningside, East English Village, & Cornerstone Village Community Advocates (â€œMECCAâ€) Development Corporation non-profit as well as the East Warren Development Corp. non-profit which focuses on the stretch between Mack and Alter encompassing all 3 neighborhoods. It is most important to me that our 3 neighborhoods remain intact within the new District boundaries.

The Congressional Map submitted by Promote the Vote Coalition is a FAR BETTER representation of how Calhoun County fits into the state economy. This map does not reflect the economic, social, health, education or environmental connections or Community of Interest between Calhoun County (I-94 Corridor). The southern tier counties have synergies along an economic corridor along Route 12. and M-60. This significantly dilutes the interests of Calhoun County.

I respectfully oppose this map because it breaks up my COI into three pieces. The Lake St. Clair Community of Interest should remain whole. This map splits my home town of Grosse Pointe Park from the Lake St. Clair district and from the other Grosse Pointes. This is completely unnecessary and ruins two communities of interest simultaneously. Moreover, Clay and Ira townships should be included with the rest of the lakeshore. Finally, I have noted that a number of commenters on a similar map expressed concerns that that this configuration splits up important Detroit neighborhoods that want to be together in a community of interest. Although I do not specifically know what the purpose behind this configuration is, the outward appearance is that it treats people and communities as

10-05-21 v1 CD	Opinion	Troy should stay with Oakland County along with Rochester Hills and Rochester. Not sure why anyone would try to lump Troy into Macomb region.	Janet Jennings	2021-10-14 13:13:30+00
10-07-21 v1 HD	Opinion	Please keep Novi together. Taking a densely populated part of Liberty park from precinct (14) and lumping it into a rural district (with Salem, South Lyon and Worden) seems like a deliberate attempt to dilute the voice of a diverse community.	vijay G	2021-10-14 12:35:05+00

My greatest concern is the overall fairness of the maps, but something seems wrong here. If you would, try to draw a boundary around this region using the boundaries of the districts you have here that is fair (a slight dem lean like the state total) then you could limit the cascading issues, you could set a "fire break" as I have mentioned before, and look at this region holistically. You might find one more step of the overall fairness I believe is lacking for the map as a whole.

You can't please everyone but DO NOT believe it is "good enough" that your party has a small advantage. There are champions of fairness within your group. Close ranks around them please. Good luck.

I don't know Dan. Back in the summer most people were asking to keep Livingston county whole, in this map the county is intact. Washtenaw county residents made similar appeals and Com. Lange has honored those as well. In a close election, the estimated partisan outcome is small enough a good Republican candidate who listens to the needs of his/her constituents could have a chance of winning the seat. I thought that was your advice on the live chat of commission drafting sessions for people concerned about partisan balance and Republican leaning maps. I notice you object to Shiawassee being grouped with Grand Rapids due to distance. Yet you raise no objection to Benton Harbor and Monroe in the same district. Isn't that an even greater distance? I know Alice

10-12-21 EID v6 CD Opinion This is better than the other individual maps, although I prefer the version Commissioner Eid drew for the collaborative map. It's not terrible though for my area. Dan Wholihan 2021-10-14 05:16:31+00

This is a flat out partisan gerrymander that breaks up communities of interest. Ann Arbor shouldn't be split three ways. The Brighton area should not be split. Genoa Township and Hamburg Township belong with Brighton. In addition, a Brighton State House District shouldn't go all the way to Eastern Commerce Township, nor to Waterloo, nor to Ann Arbor. Ann Arbor will control everything in these three districts, and we will have no representation whatsoever in our communities.

10-13-21 v1 HD RAS Dislike Dan Wholihan 2021-10-14 05:04:14+00

10-13-21 v1 CD RL	Dislike	I strongly oppose this map. Livingston County does not belong with Washtenaw County. This is also a non competitive district where Ann Arbor overwhelms the rural areas. It also splits up the Lansing area, packs Lansing with Kalamazoo (makes no sense), and puts Shiawassee with Grand Rapids 100+ miles away on the other side of the state.	Dan Wholihan	2021-10-14 04:41:43+00
10-05-21 v1 CD DW	Like	This is a good map. It takes into account the similar demographics between Grand Rapids and Kalamazoo.	Katherine Leighton	2021-10-14 04:20:01+00

I think it was the right choice to put Hemlock in with the tri cities district. Unlike most the other draft maps which throw Hemlock outside of the tri city district this one lets us be apart of our community. Hemlock is very economically connected with Saginaw the city. Whenever people need to go buy food most of us drive into Saginaw to get food. Or many people like me go into Saginaw because thats were we work. It wouldn't make sense that we get cut out and thrown into a another community we have no connection with.

I see many comments asking to unite certain areas in the recently flooded watershed in District 11. However, the watershed in mid-Michigan includes many other counties and many other communities in addition to the flooded areas, and all will be affected by future decisions. While this is an important issue, particularly for the flooded communities, there are other important issues as well. Midland is interested in continuing to grow as a city and prosper along with Bay City, Saginaw, and Flint. Since these four areas have many common business, industrial, educational, and cultural interests, it is a great idea to include the city of Midland in District 11. Putting Midland in District 13 would make the flood and that one part of the watershed nearly the ONLY shared interest among

urge the commission to re-evaluate the decision to separate northern Berrien county from the rest of Michiana. It's important to keep all three counties together. Here's why:

SW Michigan, otherwise known as Michiana, has its own electric grid. Indiana Michigan (Michiana) Hydro Power is generated in Berrien & St. Joseph Counties.

Berrien, Cass & St. Joseph Counties are served by PJM, a regional transmission organization (RTO) that coordinates the movement of wholesale electricity. The rest of the state is served by MISO. By breaking Berrien into two Senate districts, it could potentially disrupt energy supplies in the region.

Further, the police departments of the three

2021-10-13 23:07:01+00

10-07-21 v1 CD AE	Opinion	For the most part, I like this map for what's been done with keeping most of SE Oakland County together and keeping Warren and Centerline with Macomb County, however, I feel that Southfield belongs in District 3, not district 2. It has much more in common with Oakland County than with Wayne County. It should not be broken off from Oakland.	Sharon R Baseman	2021-10-13 23:06:25+00
10-10-21 v6 SD RAS c	Like	This is a good proposal for District 28 keeping Lenawee and Monroe counties together, keeping the city of Milan together, and adding Sumpter Twp	Thomas Heck	2021-10-13 23:03:55+00
10-12-21 EID v6 CD	Dislike	For District 8 I prefer the previous version (10-10-21 V1 CD RAS) which follows county lines closer except for adding the small slice of Berrien and removing the small slice of Jackson.	Thomas Heck	2021-10-13 23:01:17+00
10-11-21 Eid v5 CD	Dislike	I prefer the ;ater proposal that does not include all of Berrien County - this proposal breaks up too many counties in District 8	Tom Heck	2021-10-13 22:57:58+00

10-10-21 v1 CD RAS	Like	I like this proposal for District 8 - it keeps the border counties together with a couple of counties just off the border that are a combination of agriculture and recreational land. I dont understand why the small portion of Jackson county is not included while a small area of Cass county is added	Tom Heck	2021-10-13 22:53:16+00
10-08-21 v1 HD RAS	Dislike	The Lansing region maps are unfair because they pack Democrats into 3 districts. Please fix this and create fair districts for the Lansing area and fair statewide maps. Novi should not split and requesting not to move the liberty park subdivision where we live and to Keep the subdivision as it remains in Novi. This change will not bring in many business and residents living in this subdivision.	Susan Andrews	2021-10-13 22:42:26+00
10-07-21 v1 HD	Opinion		Ramesh Iyer	2021-10-13 22:15:05+00

10-10-21 v6 SD RAS c	Like	I am in favor of the proposed redrawing of Districts 27 & 29. Competitive districts will attract better "middle of the road" candidates. That will in turn create a saner government and more bi-partisan cooperation. Thank you for your service and for hearing my concerns.	William Stirling	2021-10-13 21:55:38+00
10-12-21 EID v6 CD	Like	Thank you for this district. The I-96 corridor is a great COI. Grand Rapids fits well with Muskegon.	Barbara Karenko	2021-10-13 21:43:38+00
10-08-21 v1 HD RAS	Like	Is this green tail from the 106th in Cheboygan County purposeful or accidental?	D Pond	2021-10-13 21:34:53+00
10-08-21 v1 SD	Dislike	I loathe every single state senate map. Why is the commission obsessed with including Southern Kent County with the lakeshore? We share almost nothing in common. I'd rather be included in district 3 than district 20.	Patrick Quist	2021-10-13 21:29:34+00

I don't like any of the state house maps proposed. It is obvious the commission is purely guessing on what to do with West Michigan/Grand Rapids. I like district 75, but 79/86 are lacking. I live in proposed district 96 and while I don't think the district is perfect, Alaska/Middleville/Caledonia/Lowell are very similar as a community of interest.

10-08-21 v1 HD RAS Dislike

Patrick Quist

2021-10-13 21:24:48+00

I approve of this map out of the five congressional maps proposed. Grand Rapids and its suburbs share far more in common with Kalamazoo and its suburbs than with the rural communities of Northern/Eastern Kent County. Completely anecdotal, but in my 27 years of living I've visited and worked far more in these borders than North Kent County. Some may complain that Kent County isn't kept whole, but I don't see how that is relevant. The commission is tasked with respecting communities of interest more than strict county borders. The only thing I would change is to add Ada/Forest Hills to this map and possible remove Middleville.

This map also respects Ottawa County and the lakeshore community.

This map (Oak) does not work. It does not meet the partisan fairness score, and probably should not have been brought forward to public hearing. The final map should be either Peach (with the Midland-Bay City district) or Pine (with more representation for Ann Arbor and a blue-leaning Jackson district). You probably can't do both of those changes, or the map will unfairly advantage Democrats - but I see both of those ideas are receiving positive feedback!

10-08-21 v1 HD RAS	Like	It appears that Novi's current State Rep Kelly Breen will live in the 36th District and not the newly proposed 110th District. I think this map is fair and equitable.	David W Staudt	2021-10-13 19:26:59+00
10-07-21 SD RAS BK	Like	This is the best configuration of District 7, in my opinion. Algonac and Marine City are a community of interest with the St. Clair River communities, not with the urban Metro Detroit communities.	Christopher Khorey	2021-10-13 19:26:55+00

I like the Grand Rapids split in that it creates one Democratic district and one swing district, surrounded by GOP districts. That fairly represents the politics of the region. I agree with the comment that the boundary between the two districts within the City of Grand Rapids could be moved south to Wealthy Street, which is a common cultural dividing line in the city. That could remove enough population from District 23 to potentially add Cascade Township to 23? I agree with the comments that it should not be split from the rest of Metro GR.

I live in Lyndon Township but my mailing address is Chelsea. Looking at this map makes no sense to me unless you are trying to divide the little township of Lyndon for political reasons which I thought was the whole idea for this committee not to be doing! I and my family are connected to Washtenaw County. I work here (Deputy Clerk of Lyndon Township). My son works in Washtenaw and attends Washtenaw Community College. It makes more sense to have the entire township represented by one person. The cost of running elections will go up with that burden put on the residents. Even looking at a Census map it makes no sense to split up this little township the way it is on this map. Please put all of Lyndon Township together and back in CD 7.

THIS IS OBVIOUS

Gerrymandering and an attempt to benefit the Democrat party. The advertised reason for creating the Commission was to STOP GERRYMANDERING AND SPLITTING UP COMMUNITIES. From PBS, 9/25/21: "In a gerrymandered state, it's not unusual to see towns carved in half and shared school districts split into different political districts. This is by no means accidental â€” the redistricting process has long been conducted behind closed doors, under the watchful eye of the very politicians hoping to tip voting lines in their favor. But Michigan may have found a way to break this pattern â€” and take the politics out of the process."

REALLY!? So how is the resulting map from this Commission any different?

District #53 is a genius house map for the two small cities of Midland and Bay City with our many shared community interests and values fairly. Combining the surrounding rural districts into district #31 is also a brilliant. These districts would allow so many more voices to be heard. Thank you for striving to make fair maps that reflect the political makeup of the state.

This is a completely unacceptable map from a constitutionally required partisan fairness perspective and should be rejected outright. Michigan can do much better.

#### Fair Maps Favor People Over Parties

The underlying principle enshrined in Michigan's Constitution by Proposal 2, which established Michigan's Independent Citizens' Redistricting Commission, is that fair maps should prioritize the voice of the people, not political parties. The people of Michigan deserve representation that reflects their beliefs, their values, and ultimately, their votes. Therefore, our state's newest district maps should give Michigan voters meaningful control over who represents them in Lansing,

10-04-21 v2 SD Like I like this map because Leelanau County is grouped with Grand Traverse County. I feel that reflects our economic interrelationship. Leelanau County does share a health department with Benzie County and has other ties there, but if there has to be a choice, we belong with Grand Traverse. Natalie Wilson 2021-10-13 18:33:15+00

10-10-21 v6 SD RAS c Like I like this Tri-Cities senate district. You have done an excellent job of keeping these three cities together, adding in some of their counties, creating a competitive district in which the candidates running will have to work for our votes before and AFTER the election, corrected a heinous gerrymander from the previous maps, and contributed to the overall political fairness of the entire map. Please keep this district as it is drawn as you move forward. Jennifer Austin 2021-10-13 18:30:44+00

I really like this Tri-Cities + Flint congressional district but I have some suggestions. If you place Tuscola County with the Thumb district you will have room to put more of Midland, Bay and Saginaw Counties back into this district. I lived in the Thumb for 11 years and I always considered Tuscola county to be more closely aligned with the Thumb through rural and agrarian areas and the schools play each other in sports and the communities interact through festivals and events. That would also allow for you to take less from Macomb and Oakland which have their own communities of interest that may not align with the Thumb as well.

The proposal to split Lyndon Township into two districts does not make any sense. It is a community that has a small tax base due to the State of Michigan owning approximately 52% of the land for parks. This split would put an unfair tax burden on the Lyndon Township residents. The Township should be kept in its entirety in Washtenaw County. Please reconsider your proposal.

2021-10-13 17:15:47+00

This map is getting better, but if "communities of interest" are of chief importance, then there is still work to be done here. Novi has far more in common than the rural communities of Superior Twp and Washtenaw County. I also think it's unnecessary and overly complex to spread this district out across three very disparate counties - wayne, oakland and washtenaw. that seems excessive, please consider a more easterly extension of the map to include more "second ring" suburbs closely connected by school districts, infrastructure development zones and city and county boundry lines.

There are three maps, and there is no variety in this area at all. Reaching every district in these zip codes across 8 mile in slim, siloed districts, up several miles into communities that have little in common is a mistake.

There is some positive to reaching across 8-mile, but doing so in these sliver-like districts it is only dividing Detroit neighborhoods and diluting the population's vote. Anywhere north of 696 has very different interests, challenges, and populations from Detroit. What does Birmingham have in common with Winship? Huntington Woods with Bagley? There's some good though in District 18 along the Woodward Corridor, but it separates University District and Palmer Woods from their most near neighbors.

Proposed House District 36 has been one of the fastest growing areas of the state over the past 10 years. It's expected to see a lot of additional population growth over the next 10 years. This district will quickly become overweighted population-wise as the population continues to grow. In fact, considering the population numbers are based on the 2020 Census, the current overweight is probably even higher than the numbers presented. Shifting at least one of the more built-out Novi precincts into the Proposed House District 110 will ensure that these districts better conform to the equal population requirement now and into the future.

Under Section 3 of the Voting Rights Act, a change affecting voting, such as a redistricting plan, may not be used unless you can show that the change has neither a discriminatory purpose nor will have a discriminatory effect. It appears that this map lines will have a discriminatory effect by cutting up the black community in Detroit and Wayne County moving far across County lines.

Can the Redistricting Commission provide evidence that this map will not have a discriminatory effect? Detroiters interests are totally different from someone living on the other side of Oakland County. This house district is cut up so that we will have no black representation. If a black person ran for office it would take a millions to win and compete with a much wealthier Oakland County.

Proposed House District 36 has been one of the fastest growing areas of the state over the past 10 years. It's expected to see a lot of additional population growth over the next 10 years. This district will quickly become overweighted population-wise as the population continues to grow. In fact, considering the population numbers are based on the 2020 Census, the current overweight is probably even higher than the numbers presented. Shifting at least one of the more built-out Novi precincts into the Proposed House District 110 will ensure that these districts better conform to the equal population requirement now and into the future.

Please relocate Delta Township to a district that lies within the true boundaries of Eaton County. The proposed 91st district is mostly in the City of Lansing and Ingham County, which has a totally different makeup of all attributes that redistricting was supposed to correct. The proposed district that Delta lies in, does nothing to correct the issues that need to be fixed, financially, racially, or economically. Delta is the center of diversity in Eaton County... the remainder of the County needs more of the diversity that Delta has!!!

Splitting 3 townships off Hillsdale County and strapping them to the urban center of Jackson disrupts our community. Hillsdale County is intact in all other districting, but gerrymandered in this scheme, creating a rift of interests in our county. This is only one small portion of all the micro-finessing of lines in SW Michigan in an attempt to preserv a 2-seat majority for one party in our state, violating the charter of this commission.

I am dismayed at how a bipartisan commission has come up with something that completely favors Republicans. Districts 5, 8,9,10,11,12,13 will be red. 4 will be a toss-up, 1,2,3,&7 will be overwhelmingly blue. This is gerrymandered. You should take a wagon-wheel or sliced pie approach where the center of the wheel is in the major blue cities like Detroit, Ann Arbor, etc and extend them out into rural areas so it contains roughly 50% each. I'm disappointed in whomever the democrats were on this commission that they didn't recognize this extreme flaw as it was being drawn up. Scrap this, start over.

this map and the Detroit neighborhoods' responses to it demonstrate why Communities of Interest are so much more important than partisanship. LOCAL REPRESENTATION MATTERS AND COMMUNITY-BASED ISSUES MATTER. WE ARE MORE THAN JUST STATISTICS, WE ARE PEOPLE WITH COMMUNITY NEEDS THAT TRANSCEND PARTY BOUNDRIES. The residents of East English Village are rightly outraged at being ignored (despite numerous public comments) and split-up from the Cornerstone and Morningside neighborhoods in this map. The residents of those neighborhoods want to be together in Detroit-based districts. The residents of the Grosse Pointes want to be together along with the northern suburbs and the rest of the Lake St. Clair shoreline.

10-05-21 v1 CD DW	Like	While this map does reflect much of what my COI has advocated for, which is keep the tri-Cities with Flint for a Congressional District, I have one tiny concern. It is this: why is Tuscola County included in this map, while part of Bay County is eliminated? I do not see any reason for this. I appreciate that the tri-Cities are kept together with Flint. I wouldn't wish this to change. But adding in more of Bay County on the northern shoreline of Saginaw Bay serves this community in a way that Tuscola and it's rural areas do not. Thank you for your efforts.	Carol Heron	2021-10-13 00:45:16+00

Having lived in Grand Rapids, I believe this is the best map for them for reasons that others have already mentioned. GR and Kzoo have been disenfranchised for a long time, and this map will allow their voices to be heard. I understand that other counties prefer to remain "intact", but I believe that in this case many more voters will benefit than will be harmed. There are many counties being split for good reasons or because they have to be, so it should be about the best interest of the most voters, not county lines per se.

The City of Flint needs its own representative and should not be split. If this map stands, Genesee County will not have minority representation because of the split of the City of Flint and the African American population in this and the surrounding areas. Flint is and has historically been faced with unique challenges specific to the City and it needs its own Representative. Based on the current maps, Flint may not have its own Representative. Flint is a community of interest that should be within one State House district.

the more as the city of  
Midland right. Having read  
previous comments, I say  
again that Midland is a small  
CITY not a small town like  
other towns in the county.  
Midland has a a big medical  
center, big manufacturing  
facility, big corporate  
headquarters, performing arts  
facility, sports facilities, many  
hotels, apartment complexes,  
a (dying) mall, and a mixture  
of blue collar and professional  
residents. Those  
characteristics are found in  
Bay City or Saginaw but  
nowhere else in Midland or  
Gladwin County.  
Those who think the  
watershed should determine  
districting need to remember  
that Saginaw and Bay City are  
also downstream of the  
Tittabawassee. They had less  
flood damage but share the  
dioxin cleanup, so if they  
want the water shed to  
determine the district the

If one studies the representative districts in Kent County, one will notice that the 75th, 76th, 78th, and 86th lean democrat while the 79th, 96th, and 98th lean republican. That is 4 to 3 advantage for the democrats in a county that leans republican. Kent County residents must accept this disfranchisement for the sake of equality.

I certainly support splitting Ann Arbor where many Democratic votes are currently 'wasted' leading to an undemocratic State Senate. It makes sense to divide it North and South so communities along 94 are represented in district 29. I'm less certain about the composition of the southern district 27 and whether it gives enough opportunity to non-white voters to elect a non-white representative. My home location is about equal distant between Ypsilanti and downtown Ann Arbor and we share many of the same community interests. It will be a challenge for this area to engage and share concerns with the residents in Brooklyn, Manchester, and Jerome.

Glad to see Kent County whole, however it shouldn't come at the expense of Ottawa. This map divides Ottawa not once but twice! There is no logical reason a community of interest like Ottawa County should be cracked into 3 separate congressional districts. Townships such as Jamestown, Georgetown, and Tallmadge as well as the city of Hudsonville are economically, socially, and historically tied to Ottawa County. They are also agriculturally/farming based communities. Fix this map by making Ottawa County whole and making up the population with either residents from Montcalm to the north or Barry to the south.

As Lyndon Township Clerk, I am highly opposed to the split that is being proposed that will basically split Lyndon Township in half. The State of Michigan owns over 52% of the property in our rural township, which results in a much lower tax base. The proposed change will result in having more ballot styles, thus greatly increasing the cost to administer elections and the revenue to support it. Splits should be reserved for larger cities. Please make Lyndon Township whole again and follow county lines.

NEW Senate District # 10 map  
" I have lived in Troy since the early 70s, yet most of my work experience has been in Macomb County. There is NO WAY that Oakland/Macomb are communities with common interests. By including Macomb with Troy, it weighs heavily republican. Troy affiliates with the rest of Oakland County in Oakland Schools, library affiliation, scouts and sports teams but I can't think of any affiliation with Macomb County. Here's a funny difference: Troy's/Oakland County's E-W streets have names, but change to different names once you cross from Oakland to Macomb. The speed limits even change! Troy needs to be with Oakland County and Sterling Heights needs to be with Macomb County. These communities share interests and political fairness; as Troy is an important city in relation with Rochester, Rochester Hills, and other cities in Oakland County, it must stay where it belongs, thank you!

we voted for redistricting to fix the extreme gerrymandering that has given Republicans a huge advantage for decades, and that continuously hands them a ridiculous number of seats in both Houses that is disproportionate to the number of votes they receive. These maps seem to do the opposite and give Republicans an even greater boost. I know there are many factors to consider here, but since this was the number one goal of redistricting, this partisan bias should be addressed.

Splitting Novi in the way this map has done has no logic to me. The current break at 8 mile that creates the small hamlet of Noville(!) makes more sense. Residents of Novi share school districts with Northville, but breaking Northville into 2 seems to be unnecessary as does splitting This zig zagging configuration unfairly packs Washtenaw County voters of one party together in one district.

Of the three maps I like this most. It keeps Southeast Oakland County together, keeps Warren with Macomb County, and does the overall best job of balancing a representative vote to match statewide vote, while minimally splitting communities. It isn't perfect, but perfect is likely impossible. This is an impressive balance of a fair vote and sensible districts, while accepting the limitations of a geographic representative system.

I am objecting to dividing Lyndon township into two districts and taking my part of the township away from Chelsea and Washtenaw, our communities of interest where we shop, get medical services and recreate. This would put an additional economic burden on our small Lyndon population and tax base in terms of elections and grants etc. There would have to be a very compelling reason for such a carve out and that does not exist here. This is not a theoretical issue for me. These are the reasons for the whole reapportionment process. Please return us to CD7 so we can feel represented and not endure additional tax burdens for our services.

Thank you.

we want the voters to draw maps with as close to zero political bias as possible. I know your job is not easy, but at the end of the day, the political party that receives the most votes in an election, should receive the most seats in an elected body.

Under the previously gerrymandered maps, in 2018, Governor Whitmer won the state by a 9.5% margin. In 2020, President Biden won Michigan and our two US Senators are Democrats. Despite these overwhelming victories for one party, Michigan's delegation to the US House is split 50/50.

This map will do better to accurately reflect the will of Michiganders who have consistently elected Democrats to statewide offices.

10-08-21 v1 CD RAS	Like	The district 10 on this map is preferable to the others. Rather than hook around rural northern Oakland and Macomb county, it descends fairly equally. A jagged district border is preferable to the "crab claw" in the other maps.	Troy Heck	2021-10-12 16:58:21+00

Districts 10 and 12 should not cut across so many different communities. If a representative for district 10 lived in the northwest portion of Warren, they would have very little in common with those near Eastern Market in the way of neighborhood history, local economy, school districts, city/county government representation, etc. I live in Warren and would not want to take away representation from

10-09-21 v1 HD DJC Dislike

Detroiters or vice versa.

Carl Weckerle

2021-10-12 14:55:44+00

The proposed State House District No. 6 really makes no sense to me; it is truly combining areas with no shared interests, from Mack to 12 Mile. We requested to at least keep our neighborhoods of Morningside, East English Village and Cornerstone together in 1 district. Morningside appears to be broken up into 3 districts. Once again, these districts appear to be clearly drawn to dilute the shared interests and voting power of Detroit residents.

10-07-21 SD RAS BK	Opinion	Plymouth and Canton share a school district. The commission is supposed to consider communities with shared interests, but this map separates the two. Splitting Lyndon Township between two districts will cause financial harm to our small township. Election costs will rise significantly if this is done. A large portion of our township is state land, so we already have limited resources. Please keep our township in one	Mary Maguire	2021-10-12 14:41:09+00
10-10-21 v1 CD RAS	Opinion	Congressional District.	Kristen Brekke	2021-10-12 14:40:42+00

It was my understanding the redistricting commission would represent the interests of the people. The proposed State Senate districts for 6 and 7 do not make any sense for residents of the East English Village, Morningside and Cornerstone neighborhoods. Combining us with suburbs to the north does not represent our interests, and in fact this would drastically reduce our effectiveness as neighborhoods. This appears to be more gerrymandering. Please keep our neighborhoods together, we have more in common with other Detroit neighborhoods, Harper Woods and the Grosse Pointes than we do with Mt.

10-10-21 v6 SD RAS c Dislike

Clemens or Sterling Heights. The Commission is supposed to take into account communities of common interest. The map separates Plymouth from Canton, which have share one school district. The two communities are close, along with

10-05-21 v1 CD DW	Like	This map gives an expected partisan balance that is more in line with the votes of Michigan residents overall. To do this, it must draw some less compact districts such as Kalamazoo/GR, but that is necessary given the urban / rural voting patterns. Fairness is a more important factor than COI which can be defined in many different ways.	Mark E Miller	2021-10-12 14:05:58+00
10-07-21 SD RAS BK	Dislike	It looks like the Commission is packing Washtenaw Democratic voters into this one district. This is not a balanced map.	Madeline Wagner	2021-10-12 14:04:02+00

This District 4 map is well done. As noted, Kalamazoo and Grand Rapids share many institutions with common interests--12 institutions of higher learning, health care providers and health care manufacturing firms, aerospace, automotive, and technology firms, and so on. Minority populations in West Michigan have rarely had a voice when it comes to our representation. This map provides us that voice as it places large sects of our Latino/a/x and lgbtq+ community together between Grand Rapids and Kalamazoo. This map provides the populations around urban centers a voice in congress, whereas many of the districts throughout the area provide rural residents with that representation.

10-04-21 v2 SD	Dislike	As a school board member, districts 6 and 8 cover too many communities, cities, school districts, and counties. These districts will make it very difficult for any state senator to get to know and represent well the school districts across all of these borders.	Carl Weckerle	2021-10-12 14:01:59+00
10-04-21 v2 SD	Dislike	There are so many Democrats crammed into this one district that it's not a fairly-drawn map.	Chris Savage	2021-10-12 13:56:13+00
10-08-21 v1 SD	Dislike	This is another map that seems to intentionally cram as many Democrats into one district as possible. This, in my view, is not a fair map.	Chris Savage	2021-10-12 13:55:10+00

the proposed map, as it stands, blatantly ignores input you have requested and received from the members of the East English Village, Cornerstone Village, and Morningside communities. Our commonalities have been diluted in the past by the district divisions (4/6). Throughout this process of reviewing and redrawing district lines, we have been vocal in requesting that our three neighborhoods be contained in a single district. We also spend time, effort, and money, as well as sharing social concerns with the Grosse Pointe and Jefferson Chalmers communities to the south. Our tri-community efforts to improve the East Warren Business/Commercial Corridor is likely to take a hit as a result of your current proposed redistricting. Please consider the boundaries you have established for District 6. The amount of Democrats crammed into this one district looks intentional. This is not a fair map.

Niles must remain with the rest of Berrien County. I join others that have questioned the carve outs of small sections of more rural counties for no readily apparent reason. For us in Niles, Berrien County is THE community of interest. Second of importance is the opportunity to remain in the larger part of the old 6th District, which this map proposes. I've found no re-districting map dating back to 1973 that divides Berrien County.

I appreciate that the commissioners have apparently heard the requests to unpack Ann Arbor and Ypsilanti. However, creating a Senate seat that combines Ypsi with all of the rural townships running all the way to Calhoun County does a great disservice to the people of Ypsi. Stretching that Senate district that far does not make sense, when there are ways to create fair maps that take into account communities of interest and compactness that work just as well to ensure fairness and numerical parity. Maps such as those presented by the AFL-CIO are good examples. This is a good start, but doesn't quite hit the mark.

10-07-21 v1 CD DC	Dislike	<p>This map would give Warren a chance at a representative of color, which is great, but I'm afraid that our voices, of all colors and backgrounds, would be lost with this map. Wayne County is so dominant that we in Warren would be an afterthought, even though we are the third largest city in Michigan.</p>	Joel Rutherford	2021-10-12 02:04:03+00
10-09-21 v1 HD DJC	Dislike	<p>Try making this district line so that the townships, cities, villages etc are more like in personalities. NO one could possible be effective in serving a district split this way. GEt real!</p>	Cynthia L Zorn	2021-10-12 02:03:26+00

What is going on with Byron Township here? It's being split between 3 separate districts. This is the first map I've seen that put Byron in more than 2 districts. Byron Center is an actual community. To just divide it up piecemeal and lump some in with Grandville/Wyoming, some in with Caledonia/Cascade, and some in with Jamestown/Zeeland isn't really fair to the people who live here. I realize that at some point you have to just pick a line and the districts won't be perfect. But these lines aren't even square. There are significantly better draft maps that the committee has presented. Not sure what happened with

10-08-21 v1 HD RAS	Dislike	<p>I appreciate that Oakland, Wayne, and Macomb county leadership should be acting in a more regional way. I don't think cross-county districts is the way to do it, if that is the thinking behind these three maps. Southern Oakland and Northern Wayne districts as drawn, extend too far north-south, again assuring many citizens will not understand where their district begins or ends. Electors deserve clarity. Candidates must be able to reach out and listen.</p>	Nancy Bliss	2021-10-12 01:15:58+00
10-10-21 v1 CD RAS	Like	<p>As a Vice President BAPAC, the nonprofit Organization that works for the wellbeing of the Bangladeshi Community in Hamtramck and Detroit, I endorse this proposed map.</p>	Abdur Razzaque	2021-10-12 01:10:45+00

As you know, the purpose of the committee is to make a fair drawing of the state. When 80% of the community are Democratic and you lump them together this does seem fair. I realize this is a tough job and everyone will not like the like the end results. However, this is setting the state up to be no different than it was under a party gerrymandering drawing. You must and can do better for the sake of our Democracy.

I respectfully oppose this map. This map needlessly splits Grosse Pointe Park from the other Grosse Pointes and from the Lake St. Clair lakeshore. This map also splits-up the Lake St. Clair Community of Interest (A-9 from the MGGG report) into 3. This will limit our ability to advocate for our lakefront infrastructure issues, address water levels, and stand-up against other communities dumping sewage in our lake during rain events. The reasoning behind splitting-up the lakeshore is unclear here. If it was done for partisan reasons then I have two points to make: (1) COIs are higher in priority than partisan outcomes; and (2) the original District 7 could be more easily modified with minor alterations, rather than by breaking it up completely. I like that this map doesn't only group me with AA urbanites

10-07-21 SD RAS BK Dislike I'd rather every district be drawn to provide as close to 50/50 Democrats/Republicans/Independents as possible. I expect that such districts will end up as pie charts centered on urban areas and pie slices extending away for a long distance in some cases. Lee Katterman 2021-10-11 17:50:14+00

I think my Congressional District is acceptable and fair. Livingston County is kept whole and away from Ann Arbor and 99% of Washtenaw (Lyndon Twp doesn't belong in the district - Waterloo is a better replacement). In addition, this is a fair 50/50 district and winnable for either party. No voters will be ignored.

I think drawing District 6 from a 50/50 district to a 55%D district is against partisan fairness taking away a rare competitive district and making it safe democrat. Voters are no longer choosing politicians here.

Also, In response to Mr. Coletti, Ann Arbor does not belong with Livingston County. We are very culturally different communities that have even less in common with Ann Arbor than Do not pack Washtenaw voters together in an 80% Democratic district.

10-07-21 SD RAS BK Dislike As drafted, packs excessive Dems into Dist. 27; does not respect distinct community character of Ypsilanti. Please modify to correct these deficiencies. Lana Pollack 2021-10-11 17:47:19+00

10-09-21 v1 HD DJC Like District 93 appears to provide a good representation of similar communities. My only comment is to recommend Rutledge Township to be included into District 93. They are an integrated part of the Hastings Community. To have them separate would be disadvantage to both. David Neubauer 2021-10-11 17:47:04+00

As an Ypsilanti resident of many years, and a former resident of Ann Arbor and Chelsea, I do not feel this map respects the distinct "Communities of Interest" within the area. Both Ypsilanti and Ann Arbor residents see a strong distinction between the two: Ann Arbor identifies more strongly with its small-city and township neighbors to the west and north, while Ypsilanti retains a blue-collar industrial heritage shared more closely with its neighbors to the east of US23. A shared Senate district erases Ypsilanti's distinct community of interest, violating the Commission's mandate. Reconsider maps that instead connect Ypsilanti with communities like Belleville, City of Wayne, South Lyon, or Monroe. At least 80% Democrats. This does not seem to be a balanced distribution. Same ole same ole.

10-05-21 v1 CD DW	Like	Please keep Georgetown part of Ottawa County. Thank you!	Robin Pintar	2021-10-11 17:06:54+00

I agree with Mrs. Austin. Tuscola should be within a district with the Thumb since they are a much more rural area compared to Flint, Saginaw, Bay City, and Midland. Adding the rest of Midland County would make sense because many of the people living within the county goes too Midland. While I can't say much from Tuscola's perspective, I believe they would feel better represented by a Thumb district rather than with the Tri-Cities and Midland. Attached would be the proposed idea that I had in mind.

10-10-21 v1 CD RAS Opinion

Trenton Berry

2021-10-11 17:06:17+00

The City of Midland is not rural, and should be included in a Congressional district along with Bay City, Saginaw, and Flint. These cities are the core of Mid-Michigan and a community of interest. The City of Midland needs be included in an area that makes economic and geographic sense! I see a lot of comments stating Midland is rural? The City of Midland is NOT rural. Please do not consider this map. Also, please continue to look at partisan bias when tweaking maps.

redistricting commission.

Berrien's state senate district has been the entire county of Berrien coupled with Cass and St. Joseph counties for at least 20 years, if not more.

Splitting Berrien county's senate district is not useful.

While in the past the north population centers and the southern population centers have had their differences, the county commission has largely mended those fences over the years. Splitting Berrien County now would re-ignite some of those issues.

Population-wise, it is my understanding, this is not a needed adjustment and therefore would not recommend drastically changing the political dynamics for no apparent reason. Northern Berrien County does not identify with the counties to the north, but rather to the whole of Berrien County.

10-08-21 v1 HD RAS	Like	I like this map better because it makes me feel like my vote has a voice. In some of the other maps that lump Ann Arbor and Ypsi democrats into one district, the outcome seems predetermined, diminishing the value of my vote. As a voter, I want the guarantee of a free and fair election - not the guarantee of a victory for any party.	Mary Patek	2021-10-11 16:35:53+00
10-11-21 Eid v5 CD	Dislike	This maintains better continuity, but still looks a lot like gerrymandering together GR and Muskegon regardless of the areas between.	Luke Dornon	2021-10-11 16:32:07+00

much of the West Michigan  
Lake Shore area in Ottawa  
county is centered around  
small city life, their small  
suburbs, and the rural areas.  
This large area brings a  
balance in representation  
between all three groups.  
Dividing it into 3 districts risks  
the smaller cities outweighing  
their rural populations, and  
dilutes the representation of  
the area. It should remain as a  
single represented district.  
Having grown up in the area  
and moving back I'd like to  
see it kept that way.

Additionally having lived in  
Kent County for some time  
prior putting two cities  
together of totally different  
community cultures, and  
suburb life structures to make  
a district seems purposefully  
made to outweigh the rural  
needs of the county. I find it  
dubious at best for that to be  
done.

10-10-21 v1 CD RAS	Dislike	Moving Troy, Rochester Hills, Clawson, Royal Oak, Berkley, Huntington Woods and Ferndale out of District 3 and into District 6 does not preserve county contiguity.	Timothy Talbert	2021-10-11 16:19:35+00

The City of Midland should be in a congressional district with the tri-Cities and Flint as they are all urban/suburban areas that need appropriate representation. If Tuscola County were placed in the Thumb district and the portion of Gratiot that is carved out for the 11th is put back with the 13th and then place the city of Midland as much of Midland County as will fit in the 11th this would be a better district and more representative of the communities and would make a map closer to zero political bias. You can then remove some of Oakland and Macomb counties from the Thumb district. Partisan fairness is far more important for the overall map and this map does not achieve this.

Commissioner Szatela is doubling down on her D-gerrymander which she proposed the other day. 3,6,and 10 can be re-drawn to create 3 competitive districts. 1 that leans D 1 that leans R and one that is even. Instead this map packs R's into District 10. Please also draft an alternative map with the thumb region drawn into the Tri-cities area. It is possible to do. Give the public an actual alternative than simply drawing the thumb into the Detroit area.

10-08-21 v1 HD RAS	Dislike	Please give the residents of south Warren a voice in the legislature. This map does not do that. Merge the portions of south Warren in this map into a single district. That is the only fair way to draw Warren	Jeremy Fisher	2021-10-11 15:17:40+00
10-08-21 v1 HD RAS	Like	Very good map. Represent the communities and NOT circle them in 1 district. This way, cultures and minorities can represent themselves.	Tariq Fanek	2021-10-11 15:17:22+00

I think this is exactly the right move. Our district should be a representation of the people that live in the district. I hold no ill will toward rural residents, but think that they should have a representative that represents their interests and those of us in the cities should have a representative that represents our interests. Representation should be based on the people, not the land area. It is easy to argue that Midland and Bay should be kept within arbitrary lines drawn based on geography, but in reality the two cities have much more in common than the cities with the rural areas in the same county.

J'Taime Lyons

2021-10-11 15:15:52+00

Please don't crack the vote of south Warren. South Warren has long had a difficult time gaining representation. Only one of 7 city council members are from south Warren due to gerrymandering in the council districts. The state house maps have made getting representation here difficult as well. You have a real chance of giving south Warren a voice in Lansing by merging the southern portion of Warren into one house district with Center Line.

Merging Detroit portion of these two districts would benefit Detroit as well. Do the right thing. Give Warren proper representation!!!

Again, this map is drawn to give partisan advantage to Democrats in the metro-Detroit area. Macomb County is large enough to be its own congressional district. Dividing South Lyon from Oakland County is done specifically to dilute Republican votes in Oakland County...and District 10 is being drawn as a Republican vote sink. How about drawing a map with 3 competitive districts in 3, 6, and 10...one that leans R, one that leans D, and one that is even. Also, if the commission is serious about giving the public alternatives, why not propose an alternative map that draws the thumb into a district that is centered around Bay City or Flint. Why does the thumb have to be drawn down into the Metro Detroit? I know why....because you are trying to benefit the Democrats the I am interested to see how this will all work out.

Thank you for placing the Tri-Cities (Midland, Bay City, Saginaw) and Flint in a Congressional district as they should be. The commission has consistently been doing this of late and I greatly appreciate it. May I suggest that you place Tuscola County with the Thumb. They are a more rural agrarian county and their schools play the Thumb schools as well in sports. I lived in the Thumb for 11 years and I always thought of them as part of the Thumb. This would allow you to leave more of Oakland and Macomb County out of this the Thumb district and put some of Midland County into the Tri-Cities/Flint district. Areas around the city of Midland like Larkin, Mills, and Homer are more closely aligned with the city than they are with the rural parts of the county. Thanks for all the hard work you've been

Our most effective representation in Congress will be with one person who works for our whole county and understands the way township and county policies relate to national ones. Map 201 will do that.	Mary Jean Lotz	2021-10-11 14:10:07+00
10-07-21 SD RAS BK	Dislike	No, no, no...this is a terrible map. It continues the practice of gerrymandering by packing all the Democratic voters in the county together. Please fulfill your mission and end gerrymandering.	Ellen Frank	2021-10-11 14:09:48+00
10-05-21 v1 CD	Dislike	How badly this is! We really want Troy to stay with Rochester and Rochester Hills, and Bloomfield in Oakland County! We are a community of Interest with cities there and are deeply connected to all of our services in the area. Why did you make this kind of bad proposal to change it to Macomb?	Xin Ouyang	2021-10-11 14:09:14+00

10-07-21 SD RAS BK	Dislike	Ann Arbor and Ypsilanti vary drastically in terms of demographics (race, socio-economic status), and should be split apart. Please reconfigure proposed district 27 to break apart Ann Arbor and Ypsilanti.	Carrie A Rheingans	2021-10-11 14:08:56+00
10-07-21 SD RAS BK	Like	This is a much more even distribution of voters than the one I previously commented on.	Larry Bright	2021-10-11 14:08:45+00
10-05-21 v1 CD	Dislike	Oppose the redistricting change. Troy needs to remain in Oakland County where community interests with Birmingham and West Bloomfield are more parallel.	William Hudak	2021-10-11 14:08:18+00
10-08-21 v1 HD RAS	Like	I like how the MI House map has unpacked the more densely populated City of Ann Arbor to allow our larger population to have a larger number of representatives. As the 5th largest city in the state, it seems fair for us to have more representation.	Carrie A Rheingans	2021-10-11 14:05:47+00

10-05-21 v1 CD	Dislike	Troy belongs in Oakland County, we have nothing in common with Macomb County. Their representatives do not represent me or our community.	Linda Almeranti	2021-10-11 14:05:06+00
10-06-21 v6 HD	Like	Thank you for creating a map that encompasses the essence of this community, we are growing and thriving -- we are not the rural focused community we were in the past. We have tourism, beach-front activities, and many pressing issues on the shoreline that need to be addressed. This district will help consolidate our focus on the issues of the coastline and create a competitive area where we can hold our elected officials accountable.	Chokwe Pitchford	2021-10-11 14:04:22+00
10-08-21 v1 HD RAS	Like	I am in favor of this map because Bay City and Midland are two similar urban cities. They have more in common with each other than the smaller cities closer to both. Keep District 53 like this.	Lynda Magirl	2021-10-11 14:03:21+00

10-07-21 SD RAS BK	Dislike	This map packs this district with too high a concentration of Democratic voters, which, in turn, dilutes the effectiveness of the voters.	Larry Bright	2021-10-11 14:03:18+00
10-08-21 v1 HD RAS	Like	This is an excellent map. The people of the City of Midland and Bay City already consider themselves a community of interest. We share an arts community and an economic base. People who live in each city commute to work in the other city. This gives fair representation to both Bay City and Midland and creates a competitive and fair district. These are 2 urban areas who share so many interests and are part of a community of interest. Thank you for this map! .	Sarah Schulz	2021-10-11 14:01:33+00
10-08-21 v1 HD RAS	Like	Thank you for unpacking Washtenaw county. Ypsi deserves to have a voice distinct from Ann Arbor.	Joe Lalonde	2021-10-11 14:00:59+00

10-04-21 v2 SD	Dislike	<p>I live in Ypsilanti and don't want my vote to be lumped into Ann Arbor's. Ypsi is distinct from Ann Arbor in place and people and deserves to be unpacked. Wasn't the point of remapping to eliminate any partisan bias? 6% partisan bias is still too much. I support the AFL-CIO maps for partisan fairness.</p>	Joe Lalonde	2021-10-11 13:59:36+00
10-04-21 v2 SD	Dislike	<p>Under the proposed plan Novi, which is in Oakland County, is being combined with communities in Wayne County and what I think is a rural part of Washtenaw County where the AAPI community in this area have no mutual communities of interest.</p>	Atasi Bagchi	2021-10-11 13:59:05+00
10-05-21 v1 CD	Dislike	<p>Troy needs to stay with Oakland county. It is more closely aligned with Birmingham and Bloomfield Hills.</p>	Rakesh Shah	2021-10-11 13:58:54+00
10-05-21 v1 CD	Dislike	<p>Strongly oppose this redistricting change. Troy belongs with Oakland County- Rochester, Birmingham, Bloomfield Hills.</p>	DIANE JEAN RUDZEWICZ	2021-10-11 13:58:31+00

10-05-21 v1 CD	Like	<p>Keep Troy, where it belongs.....with Rochester, Rochester Hills and Bloomfield in Oakland county. Charles Marchetti</p> <p>This is a terrible map that has no partisan balance. The whole purpose of your commission is to create districts where elections are competitive resulting in a legislature that represents the people not create districts that are 80% one party-- making it impossible for the other party to win. This is unacceptable.</p>	Gay MacGregor	2021-10-11 13:58:14+00
10-07-21 SD RAS BK	Dislike	<p>We most strongly want Troy to stay with Rochester and Rochester Hills, and Bloomfield in Oakland County! We are a community of Interest with cities there and are deeply connected to all of our services in the area. We really have nothing in common with the communities in Macomb County reaching as far as Lake St. Clair.</p>	YING ZHANG	2021-10-11 13:58:05+00
10-05-21 v1 CD	Dislike	<p>We most strongly want Troy to stay with Rochester and Rochester Hills, and Bloomfield in Oakland County! 10-09-21 v1 HD DJC	Dislike	House Districts encompass approximately 91,000 people and can be within a 10-percent margin. Given these guide rails, there should NEVER be a reason that any district in southern Michigan stretches into four separate counties!	Robert Wolfer	2021-10-11 13:40:41+00

Macomb County is one of the easiest counties to map for the senate. We know that you are trying hard, but you are over thinking this.

Sterling Heights and Warren are sister cities that deserve to be represented by a single Senator. The Mound/Van Dyke Corridor is an important economic hub for both cities. They share similar demographics, economies, and school districts.

Similarly, Eastpointe, Fraser, Roseville, Saint Clair Shores, Clinton Township, and Mt. Clemens should be in one senate district. They have a ton in common. They are all diverse communities who have shared representation in the past. These communities share the Groesbeck/Gratiot corridor that dictates their economic development.

These communities also share Jeremy Fisher

2021-10-11 13:40:14+00

10-05-21 v1 CD DW	Opinion	We like map 201 that keeps Ottawa county together including Georgetown Township. We would like to keep Ottawa County together and not split up in any way. Ottawa County has a variety of demographics and I think that is why our county works so well together. So ask that you keep Ottawa County together in the redistricting	Elizabeth Besteman	2021-10-11 13:40:04+00
10-09-21 v1 HD DJC	Dislike	Lapeer County has enough population where it can wholly be encompassed by one House District. Here, it has been split into three separate districts. This is incredibly unnecessary.	Robert Wolfer	2021-10-11 13:38:19+00
10-09-21 v1 HD DJC	Like	I like this Map keeping Banglatown which is Bengali /asian community of interest under one block. splitting one common cummnity does not help them to heard their voices. Please keep this map.	Kawsar A Khan	2021-10-11 13:36:43+00

I see so many problems with this map, it will just save me more time to write my general comment here. 1.) If there are so many counties that are not solely located in one Congressional District, you probably have not done this right.

2.) District 8, is an abomination as it groups together people from very distinct communities that have different interests. Someone in New Buffalo is not going to have the same day-to-day concerns as someone from Hillsdale, and neither will have similar interests to someone from Monroe. How is anyone elected member of Congress supposed to fairly represent all the interests of people in these communities?

3.) Great care is also being taken to cram as many This is definitely an improved map. Thank you!

10-08-21 v1 HD RAS	Like	This map is a definite improvement over previous drafts!	Janet Goldwasser	2021-10-11 13:17:32+00

Districts 10 and 12 don't make a lot of sense. I really appreciate the effort to make as many VRA districts as possible. However, South Warren deserves its own representation. It shouldn't be packed in with Detroit simply because it has a large minority community. The desires of the minority community in south Warren are not the same as the minority community in Detroit.

While I do not believe that packing was the intent of these maps, I do believe that this is the outcome. The Detroit portions of these districts should be combined. Then the Warren portion of these districts should be combined. This would allow these two communities to have strong voices in Lansing.

10-07-21 SD RAS BK	Dislike	stop this gerrymandering.	Jessie	2021-10-11 13:10:57+00

District 28 is not terrible. However, I do not feel like Sterling Heights has much in common with Shelby Township. I feel like taking part of District 10 and giving it to 28 would make more sense than going into Shelby. Between the auto industry, the defense industry, minority communities, and general demographics, Warren and Sterling Heights have a lot in common. We also share Warren Consolidated Schools. Sterling Heights Voters in District 28 simply do not have a connection with that portion of Shelby Township. Troy should not be in a Macomb County District. It needs to stay in Oakland County.

Looking at the possible options this is the very best solution for the Lakeshore communities in SW Michigan. The Lakeshore communities have much in common culturally, financially, and have specialized infrastructure concerns, and thereby benefit by having representation that understands and can focus on the needs of the lakeshore. Continuity is important. As a long time resident of Ottawa County, the other options that split Ottawa county apart would be detrimental to continuity and unnecessarily confusing to constituents. In that light It is important that Georgetown Township, which is part of Ottawa county remains as part of this option.

This is an inadequate state Senate map. It's worse than what we had before. Again, district lines should NOT be drawn vertically to mix the Counties of Macomb and Oakland with Wayne County. And I agree with E.Boyer, J.Fisher, G.Chapp, J.Rutherford and C.Finn's comments. Sterling Heights and Warren 2 of the largest cities in Michigan and have so much in common that together they'd make a perfect COI Senate District. We share school districts, workplaces, shopping areas, restaurants, places of worship, etc. Please make all of Sterling Heights and all of Warren into one Senate district and draw the rest of SE Michigan State Senate districts horizontally. Let's maintain partisan fairness, zero political bias. Close enough is not nearly good enough. End the  
This is my preferred option.

Of all the possible map options being considered, this Map 201 is THE best and most well-thought-out for the counties on the Lake Michigan lakeshore. I'm a lifelong resident of Ottawa County and over the years have spent a lot of time in the different communities not only in Ottawa County but also along the Lake Michigan lakeshore. They have their own distinct flavor and culture, distinct even from an "inland" county like Kent County or Ionia County. Map 201 thankfully keeps Ottawa County represented congressionally as one county, and keeps Georgetown Twp (which is in Ottawa Co.) as part of Ottawa County. Thank you! The other redistricting map suggestions do not do justice to the unique cultural and historical flavor of these lakeshore counties and splits This is better. Fewer convoluted boundaries. But the districts should keep contiguous communities intact whenever possible.

what this map does across  
Oakland County is a hot mess.  
The breaking up of the  
greater Farmington  
community, a diverse  
community in its own right  
that is presently represented  
by one member of the State  
House makes no sense. That  
district should have been left  
alone as it presently is.  
Instead, this map illogically  
carves it into three different  
districts.

What is presented in District 9  
basically slides together all  
the areas of more affluence,  
which is not a COI.

District 5's tortured  
drawing eleven miles across  
but only a mile wide in many  
places grabs the less affluent  
areas, dives across Southfield,  
and then reaches south three  
miles by one-half or one mile  
into Wayne County/Detroit.

There is no commonality of  
interest here. Please help me  
understand the logic here, as  
The Commission should not  
pack Washtenaw voters  
together in a 80% Dem  
district.

Come on commissioners, just look at this district 19 and many more. Gerrymandered! Districts should be more compact...NOT look like salamanders again. Draw the district lines from east to west (horizontally). Stop creating districts from north to south (vertically) for you are including Wayne County with Oakland County cities/communities and Wayne County with Macomb County cities/communities. Many of the districts on this map in SE Michigan look like salamanders (gerrymandered). Back to the drawing board, Please! Thank you.

10-07-21 SD RAS BK	Dislike	<p>This is poor map. The more convoluted the district lines, the more gerrymandered it remains. Do NOT carve Dexter out of District 27 if you are going to include other Ann Arbor border communities like Saline.</p> <p>My State House District 25 seems pretty fair. But I agree completely with Carmi Finn and the Ellises that all of the districts to the south of me should NOT be drawn vertically--crossing county lines, but rather go back and redraw them from east to west to combine COIs! Macomb and Oakland County districts should not include parts of Detroit (Wayne County). And please remember we want maps with zero political bias. The whole point of this exercise is to rid Michigan of gerrymandering once and for all. Let's go for partisan fairness.</p>	Ryan Waddington	2021-10-11 05:19:35+00

Grand Rapids and Kent County have a strong connection. Kent County has a large population of 657, 974 residents (2020 census). Map 233 breaks up the natural bond between Grand Rapids and Kent County, to instead connect Grand Rapids to the Lake Michigan shoreline counties. In so doing, Ottawa County has to be chopped up between 3 different districts. Why would that be done? Kent County has nearly enough residents to form its own district. Please eliminate Map 233 and keep both Kent County and Ottawa County intact.

Congressional District 6 should include ALL of Warren and Sterling Heights for they are sister cities. Warren should not be split up and connected to a CD that includes Detroit, which is in another county, for then Detroit's interests would be the focus. Also consider removing Oakland County communities from District 6; and instead move the map boundary eastward to include Fraser, Eastpointe and Roseville, even St. Clair Shores, for we all have more in common.

Thank you for Map 201 which keeps Ottawa County intact. As the fastest growing county in Michigan with the fastest growing township in Michigan, demographics for communities of interest in Ottawa County are changing rapidly. With that in mind, I think it is important to remember that no community of interest exists as an island. Every community of interest is inextricably tied to another community of interest. For that reason, I think it is vitally important to keep Georgetown Township a part of the Congressional District of which Ottawa County is a part. The citizens of Ottawa County have a shared vision for the future of the county. It is that shared vision which has made Ottawa County the fastest growing county in Michigan. It has made the county a wonderful place to

10-07-21 SD RAS BK	Dislike		Sarah Elizabeth DeFlon	2021-10-11 02:51:39+00

the current proposal for Novi makes zero sense to how we operate as a city and community. We consistently share resources with neighboring cities such as Northville, Walled Lake/Wixom, Farmington Hills and Farmington. We even had a consortium for Novi, FH, and Farmington at one point. We have zero in common with the rural communities outside of our area and share no commonality in operations. You are also marginalizing our growing diverse population here with how you cut this map. You are cutting up school districts, and including counties that have nothing to do with our area and our neighbors. Novi to the north needs to be whole with the rest of our community. You are cutting Precinct 14 out of its own community. It is taking voters who are in Novi schools out of Katherine Dooley

10-08-21 v1 SD	Dislike	Thank you! Districts 8,9,14,16 and 18 are not competitive. On of the goals for redistricting is not to allow an advantage to either party. We need competitive Senate districts to encourage more responsive government for all.	George Dilgard	2021-10-11 01:59:34+00

The inclusion of portions of Hillsdale and Calhoun in this district don't really make sense and were not requested in my previous public comment or any other that I saw. I think that there are better configurations available. I personally like 06326. Chelsea, Dexter, Saline, and Pittsfield Twp had double-digit population growth driven by proximity to Ann Arbor and there's room for that to continue in the future. Let's have a senator for the greater Ann Arbor community and give Ypsilanti a chance to elect someone focused on their issues, which are different from Ann Arbor's issues and from the rest of the county.

Only time will tell, but I think separating Midland from Isabella County will be a positive. Regarding the map in general, I don't have enough information to knowledgably critique all of the districts. However, multiple newspaper articles have indicated that the current maps favor one political party. As a citizen of Michigan, my hope was that the maps would result in a legislature that more accurately reflects the voters of this state, would result in more competitive districts, would lead to more collaboration in Lansing, and would result in elected officials who are responsive to the citizens of this state. Too often, I receive responses from elected officials that tell me they will not be taking my opinion into consideration if they bother to respond at all.

2021-10-10 23:09:40+00

This district map gives a voice to the centers of largest minority populations in West Michigan (182,000 people total). Grand Rapids has the largest minority population in West Michigan and Muskegon has a large population as well -This is a significant minority vote which deserves not to be diluted.

- Per the 1965/1975 Voting Rights Act, the minority population in West Michigan needs to be properly represented.

- Minority issues of equal opportunity, inclusion and human rights are continuing issues to be monitored and addressed

This map which includes Grand Rapids and Muskegon have much in common “ so a Representative would not have to deal with conflicting priorities.

I urge the commission to please place Precinct 14 in Novi to District 110, instead of where it is currently in District 36. This precinct has a significant AAPI community, and there are fears that their voices may not be heard if they are kept with District 36. On the other hand, if the precinct is placed with 110, they can be part of a coalition/voting bloc so that their interests are better served. I hope that the commission considers this proposal so that we ensure that Precinct 14 has a voice and that voice is heard.

I'm disappointed in this proposed map. The districts, particularly in the ones in Detroit appear to have it split up into every which way. I would like the commission to respect the municipal boundaries, especially county boundaries, as well as neighborhood boundaries. I was informed that the commission may be interested in limiting racial/ethnic representations in each district, which appears to against the idea of maintaining communities of interests. Detroit is a city with appx 85% African Americans, and as such I would expect my district to reflect close proportional representation.

I would also add stretching out districts over multiple municipalities will only creates challenges to those who represent us, and will be a disservice to the PLEASE include Troy in Oakland County! I never go to Macomb County and spend my time and \$\$ in Oakland County, where we are and should always be.

10-08-21 v1 CD	Dislike	I agree with Daniel. Also, apparently many in Midland do not feel that they should be in a district with Saginaw and Bay City anyway. Fix the map!	Lisa	2021-10-10 22:42:47+00

If there is nowhere to put the Thumb, it seems it would make more sense to keep it connected to Bay City, Saginaw, Flint, etc. It seems like the rationale is that the Tri-Cities want to be kept together. That's a poor rationale for drawing the Thumb into Metro-Detroit. It's very possible to draw the map differently. There isn't enough African American population in Flint for the VRA to apply to a congressional district so what happens in that portion of the map should not be dictated by Flint. The commission should present maps with different options, including one with the Thumb not drawn into Metro Detroit.

I support this map. Albion has a lot of synergies with the City of Battle Creek and very few with the surrounding rural townships. Both of these cities will benefit from being represented by the same HD. Linda J Pell

2021-10-10 22:00:40+00

very, very disappointed in the proposed map for District 6. This entire process feels like an exercise in futility. Why ask voters for input and then blatantly ignore the many comments that have emphasized the importance of keeping our East English Village, Morningside and Cornerstone Village neighborhoods united in one district and not split up (as historically this has been the case). We are a strong voting bloc - we turn out for elections and make our voices heard. Splitting Morningside does a disservice to all of our three eastside communities. We work together on countless issues and projects (which I have enumerated in prior submissions). In this proposed plan, we are also split off from Jefferson Chalmers as well as the Grosse Pointe communities with whom we share many I like how Warren is included the surrounding areas that help support it.

10-04-21 v2 SD	Dislike	I live and work in Ann Arbor so I can only give the context for the area that I know. As the map currently stands, I am concerned that my senate vote as an Arborite would drown out the voices of Ypsilanti and deny them a degree of self-determination. Any election would be decided by the Ann Arbor consensus no matter what the majority of Ypsilantians decided. I would like to see Ann Arbor and Ypsilanti split into different districts to prevent this. I think Ann Arbor is more similar to Chelsea, Scio and Dexter.	Ian Green	2021-10-10 19:59:56+00

The purpose of the commission is to create districts that are not biased in either direction politically, and best represent the Michigan people. Why then, is this map 6.5% biased towards republican performance, and the house map 10% biased towards republican performance? There have been maps presented to the commission that achieve near 0% party bias (such as the Michigan AFLCIO fair maps project among others), so this is clearly possible and practical. We all deserve unbiased maps that give us the most representative government.

I agree with Sharon & Murray. These maps and the districts stretching from Detroit into Oakland County will impede Detroit area voters from electing the rep of their choice. As a commenter noted in the comment portal, it is much more expensive to campaign in Oakland County and this could impede many candidates from the Detroit area. Also, while you have drawn most of these districts to be democrat seats, the disparity between the vast amount of split communities and their economic, social and other needs may be so great as to deny all of the voters in the district the representation they need.

Keep working. This map is also nonsense. Detroit does not belong in Oakland. It deserves its own representative. Vertical lines, dividing Oak Park and Southfield, not keeping community of interests together, and preferring Republicans is not what the Constitution requires or why we voted for a Re-Districting Committee. Foremost is the need for partisan fairness. Second, keep communities who already work together together. Third, give Detroit its due and let it stand alone. And 4th, do not splinter Oakland County one of Michigan's economic generators. We want a stronger better state not a 3rd world disaster. Please unpack this area to make it more fair. As it currently stands it is not equally distributed. Thank you for your consideration. Thank you for unpacking Ann Arbor. I agree with these changes in Washtenaw County.

		Districts 8, 9 and 14 are heavily Democratic. Meanwhile Districts 16 and 18 are safely Republican. One of the purposes of creating the Independent Redistricting Committee was to create competitive districts so that elected officials would need to be responsive to voters. Creating safe districts does not do that. These 5 Districts need to be revised to make them competitive.

		I agree with Sharon Baseman. The vertical Detroit to Oakland County districts seriously risk Detroiters losing or not having Detroiters in the State House. I understand the need to unpack the Detroit vote, but theses districts go to far into Oakland and Macomb counties jeopardizing Detroit representation.		
10-08-21 v2 HD	Dislike		Murray A Gorchow	2021-10-10 16:32:42+00

I support this Congressional Map 201. Grand Rapids and Kalamazoo have much in common. Healthcare providers and manufacturers, educational institutions, the 131 corridor and a significant amount of the population in this district are good reasons to keep it together. They both contain a significant minority populations who share common interests and needs. Thanks for your thoughtful consideration.

Represent Citizens not your own interests! Current analysis suggests that the proposed State House and Senate districts favor Republicans by 6.5%. Despite a Democratic majority, there are a proposed 18 D seats to 20 R seats, 7 D districts vs. 5 R districts are packed, and there are 0 proposed districts with a minority majority over 50% (compared to 5 today). Despite being well-intentioned, the independent commission will not inherently lead to the creation of a fair map. Partisan fairness is more important than following city/county lines and making compact districts. Funny shapes are okay - what's NOT okay is a system that doesn't adequately represent the people.

This District 4 map is well done. Grand Rapids and Kalamazoo have much in common, and are linked but the busy US 131 corridor. They share many institutions with common interests--12 institutions of higher learning, health care providers and health care manufacturing firms, aerospace, automotive, and technology firms, and so on. Combined, these two urban areas of West Michigan deserve greater representation, and this district will finally give the large minority population in West Michigan a chance to have their voices heard in Congress. While other proposed districts in West Michigan will represent primarily rural interests, this district will represent the significant urban population living here. Please approve this district map.

10-08-21 v1 HD RAS Like Bay City and Midland should be in the same district! The people share so many things! Common goals because of the close proximity of the 2 urban communities. People in each shop, work and spend their leisure time in each other's city. They are more alike than the smaller cities around the area. The major industries and shopping opportunities are in these sister cities! Julie Hilliker 2021-10-10 13:46:35+00

10-08-21 v1 CD Dislike As I said, the plan I just created on Dave's, might have a flaw or two. I just noticed one my self. I just made some minor changes to 11, 12, 13 by switching out Wyandotte for Romulus and moving few Detroit precincts. Now, there are 4 dem, 4 rep, 5 competitive, but still 6.42 likely Dem districts. <https://davesredistricting.org/join/26901765-7806-42a3-b87c-e23285970955> Jack Bengtsson 2021-10-10 13:38:46+00

there are a lot of things wrong with this map, and the other two you uploaded on the 8th. Previously, I have expressed support for map #188 with a few tweaks. I still support that map as a clear alternative to this one. However, I was messing around on Dave's Redistricting this morning and came up with another one. While no plan is perfect, this new plan (see link below) is fairly simple and I think it addresses several concerns that I've read. The tri cities are together, Arenac is part of the aforementioned district as well. Ottawa County remains whole, instead of split into 3 parts, as part of a lakeshore district that goes from Mason to Berrien. Therefore, Kalamazoo and Battle Creek are no longer in part of a district with Ottawa. Muskegon and Kent remain whole as well. There has been Please keep Ottawa County whole. We are stronger together not broken up. We believe in the same things. We would like Ottawa County to remain the same.

This is a disgusting example of political gerrymandering that the citizens of Michigan voted to put an end to when they supported the MICRC. By cracking the townships of Williams, Monitor, and Bangor this board is making it harder for citizens to vote because there will be unnecessary confusion for voters. They won't automatically know who their state rep is because it will be different from their neighbors who live in their exact same township. You are splitting communities of interest, a constitutional mandate, in order to draw two sitting incumbents together for partisan reasons. Shame on you, this commission can and must do better.

I'm not thrilled with district 18. Lumping part of Royal Oak and most of Ferndale with a part of north central Detroit splits south Royal Oak from its northern neighbors, and dilutes the minority vote for constituents in Detroit. Under the Voting Rights Act you really need to provide opportunities for representation for the Detroit residents. Meanwhile Royal Oak has common concerns with other southeastern Oakland communities like Berkley, Huntington Woods, and Madison Heights (not to mention Hazel Park!); a legislator representing those communities would have a fairly unified docket.

Represent Citizens not your own interests! Current analysis suggests that the proposed State House and Senate districts favor Republicans by 6.5%. Despite a Democratic majority, there are a proposed 18 D seats to 20 R seats, 7 D districts vs. 5 R districts are packed, and there are 0 proposed districts with a minority majority over 50% (compared to 5 today).

Despite being well-intentioned, the independent commission will not inherently lead to the creation of a fair map. Partisan fairness is more important than following city/county lines and making compact districts. Funny shapes are okay - what's NOT okay is a system that doesn't adequately represent the people.

10-08-21 v1 HD RAS Dislike It appears this map is too far drawn into Wayne county. It could be more east west to include Eastpointe and would help keep communities of Warren and Eastpointe together and not favor so much of Wayne County and leave Warren, Eastpointe and Centerline residents at a real disadvantage in having our voiced hears Joel Rutherford 2021-10-10 00:41:16+00

The commission needs to completely redraw Oakland districts 3,6,10. At this point it is a partisan gerrymander to benefit the Democrats in District 6. Chair Szatela redrew district 6 to be 55% Democrat...even when Commissioners Orton and Clarke noted it was a departure from what the commission had been doing. District 10 intentionally packs Republican votes. The 3 districts can be re-drawn in a way that make sense to the eye, and in terms of COI and partisan fairness. 3 districts that would be neither strongly Republican or strongly Democratic. Troy should remain in Oakland County. Our mission, values and shared values that are part of our Troy, Rochester and Oakland County identity. Thank you.

The districts need to reflect shared community interests, and it appears that the current configuration favors the Republican party even though most Michiganders vote with the Democratic party. It is not acceptable to continue partisan districting, even if this is unintentional. We need representation, including representation of political party and values. Please continue your important work and do not allow a an outcome that is biased toward one party.

10-04-21 v2 SD

Opinion

Melissa Grey

2021-10-09 23:40:54+00

Mount Clemens would be best combined with Roseville, Clinton Township, Saint Clair Shores, and Fraser. This is important as these communities are very similar and for partisan fairness. They all expanded at the same time during the mid-1900s and have the same infrastructural concerns. Plus, there is a large push to keep lake-shore communities together, which makes sense as they will have similar concerns. Mount Clemens is surrounded by these communities and the concerns of the residents of Mount Clemens are very similar to the surrounding communities.

2021-10-09 23:39:59+00

SD 16 is ridiculous and deprives half of Sterling Heights of fair representation. Any district including Sterling Heights should be extending down into Warren, NOT up into Rochester and Oakland Charter Twp.

Sterling Heights and Warren share multiple communities of interest. We are both homes to major automotive plants, strong Polish-Ukrainian communities, and have historically grown together hand in hand for decades. I'm galled by this map in particular because it cracks the Polish Ukrainian community between three districts: 6, 8, and 16. That guts our ability to be represented at all. Fix this and put Sterling Heights and Warren back together.

Emily Boyer

2021-10-09 23:30:20+00

I would like to see Mt Clemens included with Clinton Township and also to see the part of Clinton Township north of the city of Mt Clemens included with the Township, not with the lakeside communities. Splitting the township into two and also including part of Wayne County in the district dilutes the voice of our township, which is the largest population township in the state. It also feels like you are diluting the voice of Macomb County in general by including parts of Wayne County with so many Senate districts. Sterling Heights and Warren are strong communities of interest. District 6 and 16 would be best re-worked to have Sterling Heights and Warren together. They are extremely similar communities and Sterling Heights itself is cut in half, which was an issue with the prior districts.

I do not agree with this map as proposed. Sterling Heights and Warren are more natural partner communities due to shared economic and infrastructural synergies. While Warren shares a southern border with Wayne County, the economic, local governance, and infrastructural ecosystems are much different. In this case, this border as proposed does not honor these distinctions. The district should be redrawn to include Warren, Sterling Heights, Fraser, and Roseville.

10-05-21 v1 CD DW	Like	<p>Ottawa County must be kept together. It makes no sense to carve the county up into multiple pieces! Keep Georgetown Township, Holland and Grand Haven in the same district.</p>	Jeffery M Buhner	2021-10-09 21:38:28+00

I understand that current analysis indicates that the districts favor Republicans. Given the fact that our state is at least 50% Democrat, based on the party of both of our senators and our governor, this obviously is not a defensible outcome. One other comment: districts that are heavily tilted toward one party or the other tend to create extreme candidates because the winner of the party's primary is virtually certain to win the election and this leads to appeals to the activist base rather than a more balanced electorate. So I would urge that balance within districts be strongly considered.

10-04-21 v2 SD

Opinion

Robert E Gilbert

2021-10-09 21:29:34+00

Very disappointed in Commissioner Szatela's partisan gerrymander of this district. As Commissioners Clark and Orton noted, the commission had been working to make districts competitive, but this district was changed not to make it competitive, but specifically to give the Democrats a 55% advantage. More Republican portions of the district were drawn into District 10 which is an insane district stretching from Western Oakland County to the Thumb in order to pack Republican voters. The previous version of this district were better.

2021-10-09 21:09:07+00

The city of Novi is already divided between four different school districts. To divide it again between two state house districts does a huge disservice to the cohesiveness and interests of the community. The more ways we divide up an area the less people see themselves as part of that community and their interests become divided in multiple directions. As someone who lives in Novi but within the boundaries of another school district, I find that many of my neighbors become more aligned with the school district and community where their children attend school and less so with the community in which they live. Minimally, I believe we need to keep the city within one district.

Making Districts 10, 21,18, and 16 verticle from South Oakland into half of Detroit makes no sense. There is enough space among these 4 districts to make sensible groupings. South Oakland county shares schools, security, libraries, infra structure and community of interests. Detroit has its own combinations of shared community needs. Also, the ethnic, religious, and race interests are so split up that the likelihood of diverse and fair respresentation of COI in the legislature is nil. These are need to be re-drawn and horozontally to be fair and meet constitutional requirements. Detroit deserves its own representative.

Splitting Oakland up into Wayne and Macomb hurts one the most economically contributing counties of Michigan. Wayne and Detroit deserves to have dedicated representative as does Oakland and Wayne needs their integrity. The South Oakland inner suburbs should be grouped together: they are economically and security tied together, share the same infrastructure problems, and have similer community of interests. These COIs are ignored by including significant parts of Detroit/Wayne and spreading over to Macomb.

I have lived in Clinton Twp. for 32 yrs. During that time I witnessed Macomb Cty being gerrymandered into a Republican dominated area. The map needs to be redrawn to be non partisan and not to favor one party over another, that is the purpose of this commission. The majority of our state voted blue and our state districts need to be more in line with the reality of people's choices.

The line splitting Berrien County make little sense especially in light of how the MICRC (better!) did the state House and US Congressional districts. Splitting the county is fine with me because it does have somewhat distinct sections, but you did better on the other maps keeping like with like. The east part of Berrien is rural, but the coastal part is lakeside tourist all the way down to New Buffalo. I think it would be better to extend district 20 along the coast and shift the southern part of Van Buren County into 26. Paw Paw would probably rather be in 26 too, so perhaps you could also shift it into 26 and balance populations some other way. I feel less strongly about Paw Paw than the coastal area, though, because to balance population somewhere in the counties around Kalamazoo has to be

2021-10-09 18:56:52+00

I disagree with the comment that district 87 is gerrymandered. On the contrary, the coastal area makes sense as a community of interest, which the MICRC is supposed to consider. St Joe and New Buffalo are lakeside tourist towns. In this case, a "long narrow" district makes sense. Most of the rest of Berrien County is rural with many farms. Benton Harbor is probably more like Flint than anywhere else in Berrien County, but Flint is too geographically remote to be in the same district. All the commission can do is decide whether Benton Harbor should be with the a neighboring city or with farming, and I think you make the best choice including it with neighboring St Joe.

I agree that Midland belongs with the Tri-Cities for reasons others have mentioned plus reasons I listed in a comment on the US Congressional district map. Thank you for your hard work.

Jan Baumgras

2021-10-09 18:30:27+00

I recently moved from  
Midland but lived there  
almost 30 years, and I believe  
that including the City of  
Midland with the Tri-Cities  
and the Flint area rather than  
the rest of Midland County is  
best. The key word is "city".  
While Midland is a small city,  
it is not a small town, which  
all the other towns in Midland  
County are. In many ways  
Midland resembles Traverse  
City or some Detroit suburbs  
that are too far away to be  
districted with Midland, so  
the best the commission can  
do is group it with other cities  
that have some  
commonalities. Nowhere else  
in Midland County will you  
find any of the following, but  
you would find all of them  
in/near Bay City, Saginaw,  
and/or Flint:  
Large manufacturing site,  
performing arts center, a  
large medical facility, several  
sports venues (some of which Jan

10-08-21 v1 CD	Like	<p>I have been critical of the draft maps in many other areas but I want to commend you for the improvements to District 4. It is compact, reasonable as a community of interest, and relatively competitive. Thank you for eliminating the ugly gerrymander that stretched Grand Rapids to Kalamazoo. District 6 needs to be entirely in Macomb County and not double crossed into Oakland. Macomb County is a distant community of interest apart from Oakland. The two counties have separate Community College Districts, separate sheriff offices, and generally compete in separate high school athletic conferences. Breaking the county line like this also makes district 6 less competitive and I thought the commission was supposed both draw clean lines and err on the side of competitiveness. This map does the opposite of both of these goals.</p>	Daniel Harris	2021-10-09 17:43:44+00

I have lived in Cascade Township for 16 years and am very familiar with all that we have in common with the area represented as north Kent County district senate map #24. We are adjacent to Ada Township and close to East Grand Rapids. All three areas share many businesses, shopping, restaurants, resources, parks, etc. We have similar middle-class neighborhoods, schools, economic parity. In fact, East Grand Rapids, Ada and Cascade are perfect examples of the "communities of interest" that was the point of the anti-gerrymandering campaign. I can't think of any relationship or "community of interest" we have with the current district drawn, #20, that is very distant from us and mostly rural.

Cascade, Ada and East Grand Rapids should be included in the northern district #24. They are neighborhood communities. They are socio-economically similar. Even though they are suburban, all three look to urban Grand Rapids for work and leisure interests.

Furthermore, Cascade, Ada and East Grand Rapids do not share the housing and employment concerns of south district #23. Nor do their suburban/metropolitan interests align with those of the rural areas of Ottawa County.

Recommend the following revised map to address these concerns:

<https://davesredistricting.org/%2Fjoin%2F8f4e299e-9f02-458e-aecb-77ae231858f5&data=04%7C01%7C%7Cb01dfc4417b24648>

just to add a few thoughts.  
My concern is that Novi has been cut in half, but that 's not exactly true. By separating the northern part of the city and lopping it in with rural parts of Washtenaw county, I fear that those voices will be drowned out. that area has a significant AAPI population and without the connectivity back to their own city, school district, economic base and interests, they will be disenfranchised as members of a growing city, and without representation for a significant and valued minority population. If "communities of interest" are a priority, city boundaries and school districts must be kept whole as much as possible.

This current state house map fails to reflect the cohesion between communities in Southwest Oakland County. The two Novi districts (36 and 110) will divide the City and place each district with the interests of a different county. Proposed District 36 puts suburban Oakland County with very rural parts of Washtenaw County where there are virtually no shared interests. Proposed District 110 places Novi with an oddly drawn portion of Northville in Wayne County which separates a neighborhood. It quite literally divides a neighborhood's representation. The interests of Oakland County's growing suburban communities are vastly different from those of small villages and townships in rural areas.

The City of Novi is a crossroads for many

Aaron Martinez

2021-10-09 06:23:24+00

The current map fails to consider the communities of interest within Oakland County. It does not make sense to have the Novi area (proposed District 3) extend into Wayne County while separating Novi from the surrounding areas in our own county. South Lyon, Lyon Township, and New Hudson should all be in a district which is predominantly made up of Oakland County communities, which all have shared resources, schools, histories, and infrastructure.

For example, the City of Novi has 4 school districts within its boundaries: Novi, Walled Lake, South Lyon, and Northville. These communities have strong ties to one another and within the Oakland County community. They should be kept together as much as possible.

10-07-2021 CD RAS	Dislike	Representation will be much more effective and better able to serve constituents if they have cities that have similar values and priorities which is why Troy belongs with Oakland County not Macomb's district 6. Additionally, this map appears to render Indian voices mute.	Dina Shargabian Stuber	2021-10-09 05:12:40+00
10-08-21 v1 SD	Like	This district is pretty well drawn. I agree that these areas of central/western Oakland County share a community of interest. My one suggestion would be to unite Independence Township, though. The current division seems arbitrary, and as someone who has lived on both sides of the drawn line, I can say with confidence that there is no difference between the precincts you have put in and taken out. The township should be unified, if possible.	Alexander Gavulic	2021-10-09 04:51:48+00

We want Troy to stay with Rochester and Rochester Hills, and Bloomfield in Oakland County! We are a community of interest with cities there and are deeply connected to all of our services in the area. We really have nothing in common with the communities in Macomb county reaching as far as Lake St. Clair.

The way this map splits Oakland County is much better than the previous maps, but northern Oakland is still an issue. Independence Township, which rests along the I-75 corridor and is an exurb of Detroit, should be in District 3 with the rest of central/west Oakland County. Trading Orion Township, which does not lie along that corridor, into District 10 would keep population even, but you could also remove Rose Township, Northville, and Northville Township (which aren't even in Oakland County), to keep both Independence and Orion Townships in 3. Either way, Clarkston deserves to be represented along with its fellow exurban communities rather than a region it has no connections to.

2021-10-09 04:31:23+00

Here again is an oddly shaped sub-section that is being removed from its county lines and added to a different district. The only area that this should occur is the very populated city of Detroit and its suburbs. I see no justification for this to occur with smaller towns/cities. Please keep county lines clean to avoid the appearance of special interests that breach public trust.

All efforts should be made to align districts with county lines except for the most populated area of Detroit. Carving out small sections, cities and neighborhoods will breed skepticism and distrust in this process. This map is starting to again carve out small sections and group them in a variety of districts. Please keep lines simpler and clean.

Why is this section added to district 5? In fact, why is the entire west portion of Ionia county separated from the other half of Ionia county, given its distance from Grand Rapids? Why can't county lines be better preserved in creating districts when they involve less populated areas?

Robert C

2021-10-09 04:10:41+00

Why is Ottawa County divided into THREE districts that stretch half way across Michigan? Does it make any sense to group these portions of the county away from the more proximal district 4 that is centered around Grand Rapids? Preserving the area around Grand Rapids into one district seems more logical. Why not draw district 4 to cover both Ottawa and Kent counties and then group Ionia county into district 5? Following county lines in less populated areas best preserves the appearance of fairness.

2021-10-09 04:09:52+00

District 8 spreads too far across the state to be reflective to regional differences. This would break up the current District 6 that includes Allegan, Berrien, Cass, St Jospeh, Van Buren and Kalamazoo. One of the tasks assigned to the commission is to create compact districts. District 8, as drawn, seems to contradict this edict. The eastern, central and western portions of District 8 should be divided and grouped in closer geographical proximity to neighboring counties.

2021-10-09 04:08:52+00

I completely agree with Lisa's comment. Clarkston and Independence Township belong in District 3, not 10. Orion Township could be swapped into 10 (it has roughly equal population as Independence), or the Commission could remove Northville, Northville Township, and Rose Township from 3 while keeping Independence and Orion for a likewise workable population difference.

This map is certainly an improvement for Oakland County over the past maps, but Independence Township remains part of the exurban Detroit suburbs, especially along the I-75 corridor, and it should be paired with its fellow exurban/suburban communities in 3 rather than a region it shares no interests with in 10.

Thank you for the opportunity to comment. And from reading the other comments I can see you have a lot of opinions to weigh. I just thought part of the plan was to create nice compact districts around a community of interest so I am surprised to see the Grand Rapids Metro area split among three or four districts that spread through several counties and all the way to Indiana. The population of the metro area would fit rather nicely into two districts, I think, The airport and all the suburbs and shopping in cascade are part of the metro area. Dividing the metro area of Kent County into two compact districts would allow the more rural areas of Ottawa, Allegan and Barry counties to remain together in their area of interest without pulling in a handful of metro voters. Thanks, and

Clarkston should be with Oakland County, remove Northville and place in with the Ann Arbor district.

my comment is not about my district. I voted for the Commission and I don't care if Northville is combined with Plymouth, Novi or Ann Arbor. My primary concern is with the electoral fairness of this entire process and whether it is going to continue to favor a minority party statewide. I have lived in Michigan for 20+ years and in every one of the six presidential elections since then, the Democratic candidate has won the majority of votes cast, except in 2016. Similarly, during the same period, Democrats have won the Governor's office three times. Yet despite the fact that Democrats have won the majority of votes statewide in most elections over the past two decades, only twice has Michigan sent more Democrats to Congress than Republicans, only twice has the State House had a District 87 is a hideous looking gerrymander the way it snakes along 3 different counties. Just put it entirely in Berrien County and keep things simple.

Considering the rational in the Dorothy Munson comments below, this looks like an excellent opportunity to reduce/eliminate packing in the south #23 district, more fairly represent the large number of Democratic voters in the area and improve overall statewide partisan fairness percentage. Greatly improves meeting the requirement for Communities of Interest as well.

I live in Cascade Twp and it REALLY needs to be aligned North Kent County Senate map #24. The Airport and Ada are all aligned with this region which is serviced by the Airport! Cascade is both affluent and metropolitan in it's interest and makeup. It only makes sense to align "like" areas. East Grand Rapids borders Cascade Twp and has the same make up. It too should be included in Senate map #24. I really don't see a "non-partisan" commitment in these current maps. They still appear very gerrymandered to me.

10-05-21 v1 CD	Dislike	Rochester, Rochester Hills and Troy should not be grouped in with Macomb County. The above three communities function as one community of Oakland County and have little in common with Communities in Macomb!	Carole	2021-10-08 21:55:46+00

Current analysis suggests that the proposed State House and Senate districts favor Republicans by 6.5%. Despite a **\*\*Democratic majority\*\***, there are a proposed 18 D seats to 20 R seats, 7 D districts vs. 5 R districts are packed, and there are 0 proposed districts with a minority majority over 50% (compared to 5 today). Despite being well-intentioned, what's NOT okay is a system that doesn't adequately represent the people. Close enough isn't good enough as these district lines will control what happens in Michigan for the next 10 years. Partisan fairness must be measured and evaluated every step of the way. Thank you for your work. I hope you're strive to do better.

Cascade township and East Grand Rapids should both be included with the northern Grand Rapids district; the communities are part of the greater Grand Rapids metro area, and connecting them together into one senate district would create a district that can be more reasonably represented. Cascade has no connection with the current district it is drawn in, and does not share a community of interest with the communities further south.

Effective representation for residents of Cascade - many of whom use Grand Rapids city water and sewer systems - would mean including them in the broader Grand Rapids community where they live, work, and play.

Instead, I urge the commission to adjust the northern district to include

Thank you very much for voting to publish a state senate map with the Lake St. Clair lakeshore whole. If you adopt a map with District 7 intact, we will have a voice in Lansing to address our lakefront concerns, including water levels and issues related to separation of storm and sewer systems to prevent (or at-least minimize) dumping of sewage into our Lake. I also highly advise that the Commission listen closely to the opinions of residents of the Jefferson-Chalmers neighborhood of Detroit, which was added to the district. In my mind, of all Detroit neighborhoods, Jefferson-Chalmers is the one neighborhood that is most similar to the nautical nature of the rest of District 7. However, whether the District is finalized with or without Jefferson-Chalmers included should be deliberately based

2021-10-08 20:29:46+00

I am not too concerned one way or another what our state house district looks like. This meets some of the map criteria and is a decent district based on compactness and geography. But it is imperative that we keep partisan fairness in the center of our minds. You have had a lot of practice mapping on compactness, COI's, not splitting more than is necessary, and I see that you are mapping based on VRA and partisan fairness issues. Let's keep that up. We must have a map that has as close to zero political bias as possible. The map must reflect the voters of the state and not give undue advantage to a party that receives fewer votes. Let's make our legislature work for us by making it so they have to work for our votes. Legislatures in safe districts

I'm torn on this map. I would love to see districts more compact and square. I would love to see COIs kept together. And I would love to see House districts that aren't spread out so candidates don't have to travel as much to talk to voters and concerns are more centralized around an area. At the same time, partisan fairness is the most important factor as far as I am concerned. We have had maps that decided how our legislature was made up for decades. Republicans gerrymandered so badly that even though there were a majority of voters who voted for Democrats, the Republicans held minority rule. That has to end. We need maps that achieve as close to zero political bias as possible and if that means my district is shaped like a bone then so be it. We can't all have what we want. The most

First I would like to say thank you for your service while serving on this commission. I have been quietly watching the commissions on line meeting and wanted to see how things would turn out. I know the reason this commission was formed was to attempt to eliminate gerrymandering and it is safe to say few Districts in the state were gerrymandered more than the 62nd District which now is even worse in your District 74. I am a life long resident of Pennfield Charter Township and served as the Township Supervisor for 4 of those years. As I have watched our "New" District evolve during your meetings it has been disheartening to see that once again the main concern has become to make sure it is a Democratic seat and not a seat that truly represents the people.

As a resident of this district, I will have to agree with both other comments made about it here. This area of Kent County is much more linked to GR and its surrounding suburbs than the southern counties which it is drawn in with. While I understand the need to meet quotas on population distribution, the Cascade area at the least should be included in a district like the current 24th. While some adjustments would need to be made with surrounding districts, I believe this would still produce a more equitable and contiguous result overall than the map as currently drawn.

Every map the Commission posts continues to ignore the very real issues raised by numerous commenters on north and west Oakland County. Only the county's northeastern most townships (Addison, Oxford, Oakland), have any feasible connection with Romeo or Lapeer in District 10. The rest of the county should categorically not be paired with the thumb. Northern Oakland County shares a community of economic and personal interest with areas in the central part of the county - Pontiac, West Bloomfield, Commerce Township, Novi, etc. - and has no shared community at all with the rest of District 10. I've attached what an Oakland County-based district that unites these communities could look like here. Oakland County deserves the same standard

I appreciate the hard work the first ever independent redistricting commission is doing to create fairness in our political system. However, this current map does not seem like it creating fairness. It appears that the Metro Detroit area suburbs are cracking pieces of Detroit out, which will end up limiting these constituents political power. many of these suburbs also do not have common interests with the parts of Detroit they are taking from. Also. Oakland County is cracked up into 9 different districts, only 1 of which remains entirely in the county. This needs to be changed. 1 improvement would be to Madison Heights and Hazel Park in Oakland Co. and put the rest of Sterling Heights back in Warren Co. This map seems to unnecessarily break up COI's. Brian David Stawowy

I'm extremely disappointed to see that this map has split Novi in half. Novi extends from 8 Mile Rd to 14 Mile Rd. NOVI SHOULD BE KEPT WHOLE. Novi is not 2 separate entities and it should not be divided. The proposed North Novi district stretches to rural parts of Washtenaw County. Southwest Oakland County doesn't have any similarities to rural Washtenaw County. There are no shared services nor similar demographics. Novi is a growing city with a significant AAPI community similar to Troy. Dividing Novi in half diminishes the voting power of the AAPI community and other communities of color. Novi shares school districts with Northville and Walled Lake and works with Farmington and Farmington Hills. Do not divide Novi into multiple districts. Keep Novi together in one district and

This map is going in the right direction, but Independence Township needs to be in District 3, not District 10. It has a roughly equal population with Orion Township, which can be switched into 10 to maintain population balance. Northville City and Township could also be switched out for a roughly equal population balance, as they aren't even a part of Oakland County. Additionally, Independence Township is part of the I-75 corridor and maintains a shared community of interest with all of District 3.

I still firmly believe none of Oakland County should be paired with the thumb, and that a unified exurban Oakland district (all of the county other than the southeast corner of Southfield, Bloomfield Hills, Troy, Rochester Hills, and

10-07-2021 CD RAS Opinion

Royal Oak), would represent Alexander Gavulic

2021-10-08 19:33:00+00

Van Buren and Allegan should be kept whole and together for the Senate as a community of interest. They share many functions of government as well as a large Hispanic population. Both are rural, agriculture and tourism based economies with many similar small towns through the counties. Aside from being a community of interest, together, they fit nicely as about 2/3 of a Senate district and could take in other parts of similar rural or coastal counties. Holland would be a good fit, Barry County would be another. Van Buren and Allegan have much more in common with each other than they do with the "Michiana" border counties.

		<p>This eliminates communities that clearly associate with the Grand Rapids Metro Area. Specifically, I am referring to Plainfield Township, Alpine Township, Rockford, and Cannon Township were I reside.</p>		
10-05-21 v1 CD DW	Opinion	<p>Kent County should be kept whole and potentially with counties of Berry, Montcalm, Ionia, or even Newaygo. Kent County needs to be fixed.</p>	FLOYD PATRICK	2021-10-08 19:20:45+00

the current proposal for Novi makes zero sense to how we operate as a city and community. We consistently share resources with neighboring cities such as Northville, Walled Lake/Wixom, Farmington Hills and Farmington. We even had a consortium for Novi, FH, and Farmington at one point. We have zero in common with the rural communities outside of our area and share no commonality in operations. You are also marginalizing our growing diverse population here with how you cut this map. You are cutting up school districts, and including counties that have nothing to do with our area and our neighbors. Novi to the north needs to be whole with the rest of our community.

I voted on redistricting to make people's voices better heard and the cutting up of

This is a disappointing result for Wyoming, a city of 76,500 persons, to have a split representation in house districts. A singular, unified voice for residents of the city is of the utmost importance, but the arbitrary extension into Byron Township seems unnecessary when many draft maps to this point created a suitable, strong district with Grandville and Wyoming together in their entirety. Wyoming/Grandville or Wyoming/Grand Rapids are much better suited to the residents and are representative of the communities of interest in the metro-Grand Rapids area.

Northville a carveout? Look at the traffic patterns and COI; this area is connected to M14 (Washtenaw) 275 (Western Wayne county) and i-96 to Detroit where residents here work. Active infrasture issues and activity is tied to Western Wayne/Washtenaw. This is a specific cutout - would like an explanation. This appears to be about pulling Southgate, etc.. into #7. They are not Western Wayne, and have completely different infrastructure and COI. This is about 10 years into the future. No-Northville carve out. Put with #7... #2 isn't a good fit, but it's better than #3 which will always get a rep from Auburn Hills/the lakes area of Central Oakland. This has to be a hard No. Either divide at the county line at 8 mile - or bring in Novi like the AE maps.

why on earth would you cut  
Novi in half and separate key  
elements of its economic base  
across two districts? Not sure  
that carving up school  
districts across legislative  
distric lines is a good idea at  
all, and lobbing in a rapidly  
expanding suburban  
community in with a rural  
communities across county  
lines really stretches the  
notion of "communities of  
interest." School districts are  
the backbone of any  
community and should be  
kept intact across legislative  
district lines. This is not  
happening in this map, not  
just for Novi, but for several  
districts in the surrounding  
area. Busting up school  
districts, crossing county  
lines, miss-matched suburban  
and rural 'communities of  
interest' with very little in  
common from housing stock  
to population density to  
infrastructure needs to  
Birmingham and Bloomfield  
should be kept together.  
This seems like an odd  
carveout. Why not work to  
keep the county together?

10-05-21 v1 CD	Dislike	We want to stay Troy with Rochester hills, Bloomfield hills in OAKLAND county! We are a community of interest with cities there and are deeply connected to all of our services in the area. We really have nothing in common with the communities in Macomb county.	Yashodhara Gupta	2021-10-08 18:06:54+00

The diverse communities of interest throughout Oakland county need better representation in DC. Many of these communities are tied together economically, and should be kept intact. Partisan balance can be obtained by grouping communities along the 696 corridor, which is a more reasonable solution for an "economic community of interest" than stretching the district north to include more rural, sparsely populated populations with very different economic concerns. Ultimately, it ends up watering down both economic considerations. Pontiac and Waterford should be kept together. Troy and Rochester should be kept together, Farmington hills and Novi should be kept together... all of these similarly-minded communities

South West Kent County could really use another look, these areas are cut up based on some very interesting dividing lines. I think areas are better served dividing them by things such as County and township lines, rather than using things like highways or subdivisions. Byron township and school district are now represented by 4 different representatives, while the Gaines township and City of Wyoming areas all fall into multiple districts as well. I understand trying to make each district about the same amount of voters, but by splitting up some communities so much you take away all of their voices and give them to the larger areas around them.

AS SOMEONE WHO HAS LIVED IN both Troy and Sterling Heights, I have to object to putting Troy in a district with Sterling Heights and Macomb County. Troy is far more connected to the other communities in Oakland County, such as Rochester and Birmingham, than it is connected to Sterling Heights. One major example: our schools are a major component of and strength in our community. By districting Troy with Sterling Heights and other communities, I fear that our schools will not be a focus of our legislator, as the legislator will be representing a majority of communities in the Macomb County ISD, as opposed to Oakland Schools. As another example: If you go to the Troy Chamber of Commerce website and search for the businesses who are members, you will see members from the adjoining Half of West Bloomfield should be with Waterford; the other half with Commerce Township. Put Pontiac with Auburn Hills.

The most recent House map splits up the greater Lansing area, effectively packing two districts with one party so that the partisan splits do not reflect the political views of the entire area. Ingham County, with a population of 285,000 (3.1 House districts) is carved into pieces of 6 districts; Eaton County (110,000, 1.2 districts) is divided into 3 districts. An improvement would provide better partisan balance. The two counties voted 61.7% Democratic in 2020; the current maps would pack that vote into 2 districts, resulting in a significant partisan advantage for the minority party. A fairer map would produce 3 Democratic leaning districts and 2

there has been a large amount of public comment from voters of color in Muskegon who are worried about being split off from other urban communities of color and grouped into a 90% white and rural district. Given this public comment, I'm surprised that the commission continues to draw the Western Michigan districts this way. It seems to me that there are multiple reasonable ways to shift things so that Muskegon is in either 9 or 4, which would be a much better fit for this community. I find it odd the commission keeps rejecting such plans because they're worried such a district would not be compact enough. The reality is that they are currently considering plans that are even less compact. #9 in this plan for instance has weird narrow stretches that extend out in Van Buren and Oakland K

This map is WAY better than others because:  
Troy belongs with #3  
#7 Northville is included with COI neighbors (not a carve out added to Central Oakland cnty)  
Bringing Novi/S. Lyon is a fit due to some school overlap and similar development/business issues. These Oakland Cnty towns are South of i-96 and no lone twp or city is pulled into a different county.

I think you could make this congressional district better. The commission assigned this area by census blocks to even out population between districts. If you instead assigned some census blocks in the northern or western portion of Lyon township on the eastern side of Livingston County it would likely make your map more compact. Additionally, the commission would not be splitting the Chelsea area - right now you have captured some businesses with Chelsea addresses and I am fairly certain there are residential homes with residents, who were expecting to be in a district with their Chelsea and Waterloo neighbors, mixed in there as well. I am not as familiar with the area north of South Lyon but the satellite feature shows some compact housing developments, a few of them split. If it comes

Grosse Ile is disconnected from most of its closest downriver fellow communities of interest. We share police and fire support from Trenton, Wyandotte and Southgate as well as a shoreline with Trenton and Wyandotte and the same massive concerns over the McLouth steel polluted area cleanup. At the very least, Wyandotte, Southgate and Trenton should be included in District 7.

10-07-21 v1 CD AE	Like	<p>I really like this map because it maintains a practical geographic and commercial connection between Warren, with cities like Sterling Heights. Given the Warren and Sterling Heights are the 3rd and 4th largest cities in the state, we share not just geography but a lot of cross-commerce, economic, and civic activities. This map simply makes more sense in that it reflects the already existing relationships between Warren and its Macomb County, municipal counterparts--just in district form.</p>	George Chapp	2021-10-08 04:28:18+00
10-06-21 v2 HD corre	Dislike	<p>Lake Orion belongs with Oxford, Brandon and Leonard, not Auburn Hills and Bloomfield. Pontiac belongs with Auburn Hills and Bloomfield. This change would put all the affected communities back into their actual COIs, clean up the maps and preserve the VRA.</p>	Lisa	2021-10-08 04:27:46+00

there is so much wrong here  
that I almost don't know  
where to start.

1) on districts 38 and 29 -  
they were originally changed  
because the 29 district was  
"c" shaped and "looked  
weird" - somehow during the  
discussion Comm. Eid  
removed Auburn Hills from  
Pontiac, turned it into an ]  
(inverted c), then  
disenfranchised a very small  
portion of Waterford/Union  
Lake by separating them from  
the rest of their community  
(and basically wasting all their  
votes), and lastly deliberately  
underpopulated the district to  
concentrate the Pontiac vote.  
He did this while saying that  
Pontiac had more in common  
with Waterford than Auburn  
Hills, Lake Angelus or Sylvan  
Lake? Umm, no. Auburn Hills  
and Lake Angelus share  
schools, infrastructure and  
COIs with Pontiac, Sylvan Lake  
shares a school district and  
Ypsilanti should be it's own  
district to ensure equal  
representation for minority  
communities.

1. I appreciate the important work the commission is doing.

2. We need maps that show partisan fairness, which the proposed Congressional District 6 for Troy does not. Troy does not have common demographics or county government with the communities east of us.

3. This map isolates Troy from communities of interest. Our fellow communities of interest are to the south and west of us. We more commonly share governmental services and recreational and entertainment venues with the communities stretching to the south and/or west of Troy in Oakland County than the parts of Macomb County the proposed map puts Troy with.

4. I strongly support the state maps produced by the Michigan AFL-CIO Fair Maps Project. They are very well-researched, and fair in all 7

Maps like this that split Dearborn down Greenfield effectively split the Arab American community and dilute the vote of our community. This is clearly done to split the Arab American community (which makes up about 90% of the population of Dearborn east of Southfield Freeway). If a map like this were adopted, Arab Americans would be a minority bloc in both districts in which Dearborn is a part. The AFL Fair Maps draws a much more equitable map, keeping East Dearborn (E of Southfield Freeway) fully intact and grouping it with parts of West Dearborn to reach the requisite numbers of roughly 92,000 for a district. Please do not accept any maps that split up the Arab American center of Dearborn (East Dearborn).

Combining Novi and Northville is also unnecessary. The current split at 8 mile road makes sense because it's on the line between Wayne and Oakland Counties. This grabbing of half of Northville and combining it with Novi makes no sense at all.</p>	Andrea Johanson	2021-10-08 03:07:49+00
10-07-21 v1 CD DC Like	<p>I like this map. District 8 has very clean lines. For the most part counties are being kept whole. Battle Creek and Jackson are both industrial metro areas with small city communities that have deep roots here from many generations.</p>	Sonja Marie Patrick	2021-10-08 03:01:35+00

I'm extremely disappointed to see that this map has split Novi in half. Novi extends from 8 Mile Rd to 14 Mile Rd. NOVI SHOULD BE KEPT WHOLE. Novi is not 2 separate entities and it should not be divided. The proposed North Novi district stretches to rural parts of Washtenaw County. Southwest Oakland County doesn't have any similarities to rural Washtenaw County. There are no shared services nor similar demographics. Novi is a growing city with a significant AAPI community similar to Troy. Dividing Novi in half diminishes the voting power of the AAPI community and other communities of color. Novi shares school districts with Northville and Walled Lake and works with Farmington and Farmington Hills. Do not divide Novi into multiple districts. Keep Novi together in one district and

You're fracturing communities  
of interest in favor of creating  
gerrymandered districts for  
Democrats. At least we've  
gotten to the point where  
you'll finally admit it.

What you're doing in  
Southwest Michigan violates  
the historical split of Berrien  
County, you've split school  
districts, media markets, and  
you've lumped in  
communities that have no  
business being together.  
Lincoln Township, Royalton  
Township, and St. Joseph  
Township are residential  
areas that have no similarities  
between New Buffalo,  
Saugatuck, and Douglas.

You should be ashamed of  
what you've done to our  
community. Scrap this and  
throw it in the trash where it  
belongs!

Here, I had added my map suggestions, as Block club President of Warwick from W. Warren to Belton, we were about to add the streets south bound but if our boundaries are separated this would disconnect the areas. Also I am a Radio Patrol member, Precinct Delegate and Community Liaison. My church is in my district, please don't change the lines at Schoolcraft and give it to another district, making the districts too wide and large will divide our residents, we would never get back the Community feel being One District, rather than Detroiters fighting to be accepted in an area that don't understand their needs. Lines will not make communities receive our residents but rather create tension. Detroit and Dearborn has merged but others surrounding city's have

We are faced with many unique challenges in Gladwin County and have suffered a disastrous setback with the recent floods that impacted much of both Gladwin and Midland County. We have worked tirelessly with many entities throughout all of Midland County on efforts aimed at recovery, but also on ways to mitigate future disasters. Thank you for your efforts; however carving the communities apart without recognition of the economic impact of separating the City of Midland from these regional efforts will hurt Gladwin County and our watershed and economic work long term.

		Great! Keep Midland together, keep community interests together as one.		

Commissioners, I appreciate the progress you've made so far on this very difficult initiative. Please continue your work to provide a truly level playing field for future candidates all across Michigan. For example, the proposed District 29 map groups Chelsea and Dexter with the predominantly conservative Jackson County to our west, but the makeup of our communities is much more of a blend of liberal and conservative. The map as drawn does not reflect that diversity of viewpoints. A more balanced map is especially important to give my loved ones and neighbors in the LBGTQ community a fair shot at having their concerns heard.

I oppose this map because the city of Midland and Midland county should be one district. City of Midland and County of Midland should be in 1 district.

10-05-21 v1 CD is still a better representation and takes COI more into account. Birmingham and Clawson belong to District 3.

10-07-21 v1 CD DC    Opinion    Yousif    2021-10-08 01:04:32+00

Commissioner Anthony is not taking COI into account. But he is taking political parties.

This is an absolute no for Troy and Rochester Hills, Warren and Madison Heights. Districts 1, 3 and 6 DO NOT MAKE SENSE! They are not in the correct district! 10-05-21 v1 CD makes the best sense! Please Independent commissioners vote NO on this one!

10-07-21 v1 CD AE    Dislike    Yousif    2021-10-08 00:58:38+00

I live in Royal Oak but I lived and worked for many years in southern Macomb County. Hazel Park and Madison Heights should be part of District 3 as part of southern Oakland County. I shop and eat in these cities and have friends and family there. Oakland county is big but I would like to add that southern Oakland county communities are very connected to one another. Don't split us up. And I'm sorry to say this, but pulling Warren out of Macomb County would be a shocking gerrymander like move. It also would hurt the city because it would be overshadowed by Detroit. Warren has a special connection with Sterling Heights and they both should be with the rest of Macomb County.

2021-10-08 00:43:15+00

I like the 96th District on this map and the previous one (#193). Keeping Byron Township together with Gaines Township (our neighbor to the east) makes a lot of sense. Byron and Gaines coordinate on utilities and emergency departments and are very similar in community makeup. Combining them with the more rural communities to the south is, I think, a better choice than combining with the urban area to the north. Byron and Gaines are still mostly rural.

Please reconsider the map for the region including Farmington and Farmington Hills. It is inconceivable that you would split communities unless you were intentionally trying to divide the electorate. Farmington sits inside the borders of Farmington Hills. We share a school district, a library system, and many civic functions. We were once a city that grew into a surrounding twp. It is one community. Splitting us up as a community and placing half of us with Southfield and another half with Franklin and Beverly Hills and Southfield makes no sense.

10-06-21 v5 HD	Dislike	I oppose this map as the proposed 53rd district maybe the very definition of Gerrymandering by connecting Bay City and Midland county with a long narrow strip of land. This is the shameful type of politics that we were ensured this so-called "independent" commission was going to help us avoid.	Richard Cesaretti	2021-10-07 22:25:17+00

I ask you to keep my county  
(Muskegon County) undivided  
on your congressional map.  
Maps 205, 200, 187 and 180  
do this very well. Our county  
is very interconnected  
economically and culturally  
and would be poorly served  
by being divided between  
districts.

We are a lakeshore  
community with a maritime  
focused economy and  
lifestyles and as such share  
common interests with  
similar communities up and  
down the lakeshore like  
Holland, Grand Haven,  
Pentwater, and Ludington.  
Please group us with similar  
communities to our north and  
south, not with Grand Rapids  
to our east. Grand Rapids is a  
large city that dwarfs  
Muskegon. Your maps such as  
203, 195 and others that try  
to connect us to Kent County  
would be a major detriment

The Federal Office of Management and Budget defines the Saginaw-Midland-Bay City Combined Statistical Area in Mid/Central Michigan as the area that surrounds the business, transportation, environmental and residential infrastructure resources within Saginaw Bay and Saginaw River watershed region. The MBS combined statistical area is the 4th largest CSA in the state of Michigan.

In 2009, the Bay Area, Midland Area and Saginaw County Chambers of Commerce, Bay Future, Midland Tomorrow and Saginaw Future Inc. jointly decided prior to the last census that the Great Lakes Bay Region of Mid/Central Michigan includes Bay City, Midland and Saginaw.

Thank you for all of your work; however, I am very concerned to see Troy being put into a district with Macomb County jurisdictions. Please keep Troy whole and completely with Oakland County. Troy does not share a community of interest with Macomb County cities. We are connected with Oakland County Government, services, recreation, and entertainment venues. We have many more commonalities with communities to our South or West and very little in common with jurisdictions to the East. I do not understand or agree with any rationale that moves Troy away from Oakland County or away from the communities in which we most often conduct business. The idea behind the Redistricting Committee was to fix issues such as communities being districted

I think it would be unfair to put Warren, Roseville, and Eastpointe in separate Congressional Districts when they're neighboring Macomb County communities. I'm an attorney in private practice, in Warren. Many of my clients live and work in Eastpointe, Roseville, and Warren. My gynecologist and rheumatologist, I see in Roseville. I shop in these cities; at Costco for gas, groceries, clothes, and many other things and other stores. I use the libraries in Eastpointe, Roseville, and Warren. I go to restaurants and entertainment opportunities in Eastpointe, Roseville, and Warren. My personal sense of community is in these three cities together.

together, Ann Arbor and Ypsilanti make up most of Washtenaw County. From west to east, as well as from urban cores to rural peripheries, Washtenaw County is significantly diverse. I have lived/ worked/ volunteered in Ann Arbor and Ypsilanti for a combined total of 6 years. I strongly advise against tying Ann Arbor and Ypsilanti into one district. The differences between each are not recognized often enough. These differences are somewhat congruous with COVID-19 hospitalization data. Zip codes such as 48197 are a stark contrast to others like 48105. The residents of these areas deserve to be recognized , as well as to self govern, per their unique identities. Differences between these zip codes are sometimes black and white (literally but also figuratively).

I used to work at Macomb Community College, South Campus. Macomb communities should stay in a Macomb County district. This means that Warren should be in the same district as it's sister city, Sterling Heights. Just as the inner ring suburbs of Oakland County should be kept together, the inner ring suburbs of Macomb County should be kept together as well. The communities that line Mound, Van Dyke, Groesbeck and Gratiot use those thoroughfares to visit the same cities, neighborhoods and businesses. Do not make Warren an orphan city.

Map #193  
 try tweaking map #193, it's much better map. Not happy with

I live in Huntington Woods. Southfield needs to be moved down into District 2 because of the Voting Rights Act. With the exception of Southfield, keep the inner ring suburbs of Detroit together, this includes adding Hazel Park and Madison Heights into District 3 rather than including them with Detroit. Keep the inner ring suburbs along both sides of the Woodward Corridor of Oakland County together. We have our own vibe. The cities in the western part of this district, Northville and Novi, have nothing in common with the eastern part of this district. We have much more in common with Madison Heights and Hazel Park. You should also add Troy and Rochester Hills into this District. They belong with Oakland County, not Macomb County.

10-05-21 v1 CD	Dislike	<p>Troy does not belong in an district for Macomb County! It is part of Oakland County and the map should be divided up according to county lines. There should be no little pieces of 1 county broken off and added to a different county!</p>	Paul Rizza	2021-10-07 20:44:01+00

Despite Rochester Hills, Troy, and Madison Heights proximity to Macomb County, those communities have more in common with their neighboring Oakland County communities, and should be moved from District 6 to District 3. This change would allow Warren to be grouped with its neighbors in Macomb county. I realize you would have to move some communities out of district 3 - perhaps Walled Lake, Wixom, Novi, Northville, Northville Twp., and Waterford Twp. I want to support Jennifer Austin's comment. I'm glad that this map keeps the mid-Michigan tri-Cities together.

Park couldn't fit into district 6. Mark Bliss

2021-10-07 20:37:49+00

Why is Warren separated from Macomb County? This looks as gerrymandered as the partisan maps previously drawn by politicians. Warren is the largest city in Macomb County and should share representation with nearby Macomb cities like Sterling Heights and Roseville, with whom we share industries, school systems, cultures. There is a big difference between the needs of the City of Detroit in Wayne County and the needs of Macomb County cities. Also, you shouldn't pack the most populous city in Macomb County with the most populous city in Wayne County. This map does not work for either Detroit or Warren or Macomb County.

R. Maramraju

2021-10-07 20:09:02+00

I am a W. Bloomfield resident and we have several socioeconomic similarities with Troy and Rochester. These Oakland County cities should be in our District to preserve the economic ties that connect the majority of our county's communities. Removing Troy and Rochester from District 6 would allow the addition of Warren to the rest of Macomb County (Dist. 6). Warren and Sterling Heights are sister cities that share economic ties. The Mound-Van Dyke manufacturing corridor is extremely important to these communities of interest.

I am a long time resident of Novi and was very upset and disturbed to see a small section of Novi notched out of our district. This just happens to be the location of the home of our newly elected State Representative! Is this the result of deliberate rigging on the part of some Commissioners? Novi is a very cohesive community with strong ties among residents. It should remain intact, especially since this map seems to have partisan bias built into it, the very opposite of the goal of the Commission. Also, West Bloomfield should be divided in a north and south manner and paired with Waterford and Commerce Township respectively. They are similar and geographically aligned. Pontiac and Auburn Hills should be similarly paired.

10-06-21 v2 HD corre Opinion	<p>One modest suggestion for the Upper Peninsula. it would be more compact and cleaner looking if Baraga County stays with the rest of the western UP just like it has in previous maps. Then your district number 108 can take in more of Dickinson County and both districts won't stretch so far from west to east.</p>	Daniel Harris	2021-10-07 19:58:22+00	
10-05-21 v1 CD	Dislike	<p>Troy is in Oakland County, not Macomb. We are a community with interests aligning with neighboring Oakland County cities. We are connected to all of the services in Oakland County, not Macomb. Our children attend schools in Oakland County which are supported by Oakland County Intermediate School District, again, not Macomb.</p>	Lea VanAmberg	2021-10-07 19:58:20+00

As communities with much in common, Mount Clemens and Clinton Township belong with Roseville and Fraser, not with Algonac or Grosse Pointe. And after looking at the partisan bias scores of the proposed districts 8, 9 and 14, it is obvious they need to be dispersed in some ways to districts 16 and 18. Avoiding partisan bias and ensuring competitive elections is the guiding impetus for the Redistricting Commission and that needs to be looked at seriously.

10-06-21 v2 HD corre Dislike	<p>This is a terrible map. Auburn Hills, Lake Angelus and Sylvan Lake have infrastructure, schools and COIs with Pontiac. Pontiac students also attend W Bloomfield Schools in large numbers, but somehow a small section of Waterford, which has no such connections is put in this district, which is unrepresentative of the communities and creates these very oddly shaped districts.</p>	Lisa	2021-10-07 18:33:39+00
10-06-21 v2 HD corre Dislike	<p>Splitting up Farmington and Farmington Hills makes no sense - we operate together - same school system; library and work together in approach to market. Us residents frankly view ourselves as one community and we support each other's businesses throughout Farmington and Farmington Hills.</p>	Iori A Boyce	2021-10-07 18:33:35+00

the tri-cities and Flint should be within the same district. These regions share the same watershed, have similar economic activity, and share the same infrastructure. Further, the tri-cities and Flint are witnessing a declining population, due to a lack of new economic activity. Young people are leaving for college and not coming back. The only difference between these communities is their racial/ethnic make-up. Saginaw and Flint have significant Black communities, while Midland and Bay City are majority-white. Although, Bay City has a large Hispanic population. The individuals who believe these communities are different, only do so because of those racial differences. They rationalize this belief by stating they have more in common with the rural 2nd district. However, the only

I am a 20 year resident of Troy. Troy along with Rochester and Rochester Hills are grouped with about 10 cities in Macomb county in this district #6 map. We really have nothing in common with these communities sprawling east as far as Lake St. Clair. Troy is a high diverse urban city with close to 30% immigrant population, highly educated (over 60% of adults in Troy are college educated) with great emphasis on public education. In contrast many of the cities in the proposed district are rural, such as Washington Township for example, is 95% white and less than 1% immigrant population and only about 32% of adults are college educated. Also being part of Oakland county, we, Troy shares many resources with other Oakland county cities, our children play and compete with other schools in Vital Anne

I attended meetings presented by the Independent commission from California. One of the repeated comments made by the presenters, one Democrat, one Republican, one Independent, was to keep local communities of interest together. Maps were redrawn many times to fit the needs of the communities not the politicians or parties. Oakland county needs to stay together. Ferndale needs to stay with south east Oakland county not in 3 districts. Dividing Ferndale makes this more difficult for all 3 counties not easier. Separating Troy into 2 districts is also more difficult. Keep South east Oakland county intact so communities can work together.

While I like this map much better than some of the more recent maps that put Midland in with metro areas like Bay City, Saginaw, and Flint and/or also separate Midland from Midland County; it still leaves out Porter, Warren, Mt Haley, and Ingersoll. Why would you send these small townships to the Saginaw and Flint districts? There is absolutely nothing that these small townships have in common from a distant huge metro area. No shared community of interest. One question that should be asked is the reasoning for pulling them out. It absolutely makes no sense at all and I do not believe that there is any data that can provide any similarities, but there is a lot which shows the dissimilarities.

I'm torn on this map. I would love to see districts more compact and square. I would love to see COIs kept together. And I would love to see House districts that aren't spread out so candidates don't have to travel as much to talk to voters and concerns are more centralized around an area. At the same time, partisan fairness is the most important factor as far as I am concerned. We have had maps that decided how our legislature was made up for decades. Republicans gerrymandered so badly that even though there were a majority of voters who voted for Democrats, the Republicans held minority rule. That has to end. We need maps that achieve as close to zero political bias as possible and if that means my district is shaped like a bone then so be it. We can't all have what we want. The most

10\_3\_21 RSzetela CD Dislike I oppose of this map. It detaches Midland county from Gladwin county this counties have a common connection, the disaster of 2020. These counties have been working together to rebuild their communities, Carl L Hamann 2021-10-07 15:51:28+00

10-06-21 v6 HD Dislike keep our communities of interest together. This is what the citizens commission said they would do but you are not. The counties of Midland, Gladwin and Central Michigan have more in common with our agricultural base than we do with Saginaw or Flint or Bay City for that matter. Midland alone has 500 farms and 88,000 acres. Then there is the flood of 2020. You are cutting Midland right out of the recovery process so that we can be restored as a whole with Gladwin county Anne Van Hulle 2021-10-07 15:46:38+00

Here again is an oddly shaped sub-section that is being removed from its county lines and added to a different district. The only area that this should occur is the very populated city of Detroit and its suburbs. I see no justification for this to occur with smaller towns/cities. Please keep county lines clean to avoid the appearance of special interests that breach public trust.

I like that most of south Oakland County has been kept together on this map, with the exception of Madison Height and Hazel Park, which should also be kept with Oakland County. I disagree for a number of reasons that Southfield should be moved to District 2. I believe it should be kept in District 3. Among other things, there is a significant Jewish population in Southfield and moving it to District 2 would split up a large community of interest, taking the Southfield Jewish community away from the Jewish community in Oak Park and Huntington Woods, as well as West Bloomfield and Farmington Hills. The Oakland County cities where there is a large Jewish community should be kept in the same district.

Genesee County is a strong democrat county. always has been. with this map it is currently cut into 8 different Representative. looking at the map 5 of those would be republicans and 3 would be dems. this is a bad map. it is not representative of the people and the voting trends of people. It also packs majority minority communities into 2 districts. I understand that we are looking to make it non-partisan however, you have to look at the previous voting trends because if the people are 60% dem and 40% republican but the map is 40% dem and 60% republican it is a bad map.

STRENGTH OF USE THIS  
MAP.

Why would you split Midland County from Midland which has the same community of interest. I live in the city of Midland and 6 miles up the road is my cousin's 1000 acre farm. Their kids went to Midland public schools, were on the same sports teams, ... We have none of these things in common going east through Bay City.

This appears to be someones attempt to meet an equal number of voters on each side which is not what redistricting is about. If this were true and 90% of an area/community of interest of the state was one party, would you then split this community apart and link it with another area not even in close proximity to try to make it 50/50?? This is exactly what you have done in

I object strenuously to the way Senate District 34 lines are drawn. The configuration doesn't respond to our main complaint, which was that very rural areas shouldn't be lumped with the more urban area of Muskegon. The map you drew is very similar to the one that exists, where two very rural counties were lumped with Muskegon's more urban environment. We want a map which lumps the more urban Lakeshore communities together stretching from Holland north through Muskegon and eliminating the eastern half of those counties, which is very rural.

fair districts help both parties by eliminating the election of extremists in "safe" districts.

We ask for what VNP organized around, the end of districts drawn to favor one political party.

From here on out, this commission must map with partisan data in front of them.

To achieve fair maps, they need to be aware of partisanship and adjust the district lines accordingly.

The commission has created plans for the state House, state Senate, and Congress that favor Republicans, with state house and state senate heavily favoring Republicans.

Voters across Michigan passed Prop 2 because we wanted new fair maps that reflect the will of Michigan voters. In their current form, these maps do not meet the standard of fair maps.

I am concerned with breaking Oakland County into so many districts particularly for the federal congressional districts and to a lesser extent, the state Senate districts.

Oakland County is a cohesive entity particularly along the I-75 corridor and the M-59 corridor. I understand that the increasing population of Oakland County makes it impossible to keep the entire county within one federal congressional district, but regional and shared resources such as fire, police, and park services that receive both state and federal funding are best served by keeping communities that share those resources in the same congressional district or at least just a couple adjoining congressional districts.

Although it may appear to make sense to separate Troy Sandra L Dyl

2021-10-07 07:37:50+00

Agree with Cathy L. and Daniel H. This attempt at creating representation that serves Midland or Bay counties does not service either one fairly. When the people voted on the creation of this commission they did not expect to see district lines drawn that do not let voters pick politicians that represent their communities. This map will give less voice to its citizens in both counties due to the gerrymandering proposed by this map.

This map#200 does a good job for the City of Midland (District#11) and puts much of Midland County with Gladwin and other truly rural areas (District #13). I bet the Gladwin County residents are happy with this split! The City of Midland is NOT rural"thus it is good to include it with other cities, with the Tri-Cities of Bay City, Midland, and Saginaw, and with Flint"all urban/suburban cities. It is important to recognize the communities of interest formed by the Tri-Cities and with Flint. These have been described before but include economic/industrial shared base, cultural and educational shared interests. I like this map. We all share in the Saginaw Bay watershed which includes 22 counties, so that aspect is better managed by State of Michigan entities, such as the state legislature.

This house map makes absolutely no sense. Most of the other districts in MidMichigan look like they follow county lines - Please do not carve out Midland in this way and lump it in with Bay City. As a resident of Midland County, it makes the most sense to me to keep Midland in one, westward facing house district. Midland has more in common with Sanford and more rural western areas than Bay City. The 2020 flooding affected multiple areas in Midland County and splitting up these areas into different districts will harm flood recovery. Please keep the city of Midland with Midland County and do not lump us in with Bay City!

Troy should be drawn with other neighboring communities in Oakland County as a clear community of interest. Whether we are looking at recreation, commuting, shopping or entertainment, there is much more movement to and from Troy and other communities within Oakland County to our south and west. We share county government and some municipal services, and we deserve representation in Congress that will understand and be responsive to the needs of this whole, larger community.

This house map makes absolutely no sense. Please do not carve out Midland in this way and lump it in with Bay City. As a resident of Midland County, it makes the most sense to me to keep Midland in one, westward facing house district. Midland has more in common with Sanford and more rural western areas than Bay City.

2021-10-07 04:11:52+00

Please do not carve out the city of Midland like a turkey to include it with Saginaw and Flint. This makes absolutely no sense! Midland belongs in westward-facing rural district and that is what the residents of Midland want and deserve. It appears that the Commissioners have a misunderstanding on the 2020 flooding. The City of Midland had major flooding along with the flooding in Sanford and in Gladwin County. That's why it is so important that Midland County remain in its entirety and Gladwin County needs to remain in the same district to ensure continuity and a united effort in our recovery. Jennifer Majorana

2021-10-07 04:06:48+00

Your proposed map will result in a major setback in our flood recovery and flood management efforts. Why are you cutting Sanford out of representation with Midland? The Commission appears to be ignoring the constitution which requires that they use "communities of interest"™ to draw fair maps. Instead it appears that the Commission is trying to dilute the voices of the Midland community by adding them into larger urban centers with Flint and Saginaw. If you talk to anyone who lives in Midland, we share little in common with Saginaw and especially not with Flint!

10-04-21 v2 SD	Dislike	This make ZERO sense for Novi. This map combines Novi with 2 other communities in 2 other counties. We are COI within Oakland county.	Marian Mahoney	2021-10-07 03:48:34+00

This absolutely makes no sense to combine Grand Rapids, Kent County and Muskegon together. Muskegon County has different requirements, desires and community goals. These current proposed districts appear to be politically motivated and that should not be the case because that is gerrymandering! Each community has its different values and community needs and goals and us on the lakeshore have different governing needs than elsewhere. We need our community and individual voices to be heard equally but these proposed boundaries will not give us a greater voice but suppress it. This is a bad idea and I vote NO!

I am very disappointed to see the current maps for the Novi area Senate district. This district covers 3 counties, and combines many areas which have no connection to one another. Simply put, rural Washtenaw county has nothing in common with suburban Oakland County. Even worse, the map provides a clear advantage to Republicans despite the increasing concentration of Democratic voters in Oakland County. Adding Novi to these areas would also drastically silence the voice of our area's growing concentration of Asian residents and voters. There are few other areas in which the interests of this community are able to be represented effectively.

Further, this district would divide historically connected communities of Farmington and Farmington Hills. On

Combining Westphalia with Pewamo makes sense considering their shared school district, but it may be worth considering adding Pewamo with Clinton County instead of adding Westphalia with Ionia. The precinct lines in Lyons township follow very closely with the school line so you could even send Pewamo East and Muir/Lyons west. The School district is in the Clinton County Regional Educational Service Agency, the district dips into neighboring Dallas and Lebanon Townships in Clinton County, and the two towns are very connected to the village of Fowler in neighboring Dallas township. All three towns were founded in the mid 1800s by German Catholic migrants. There are a lot of families connected through Westphalia Pewamo and Fowler that have live between here for Warren belongs in Macomb county - they are the anchor city for the county and COI. This is a huge mistake to remove them from the Macomb county district.

I totally disagree with the "like" comments seen in this portal that state; share a lot of the same non profits, I visit Midland a lot, and Midland shares more in common with Bay City, Saginaw, and Flint. First of all these comments come from outside Midland and Midland County so how would they know; Secondly regarding to sharing a lot of the same non profits they must be referring to Salvation Army, Red Cross, and others like this that are seen in every city and county across the state and the U.S. so it makes no sense to roll us together for that reason. We may have some of these non profits in common, but the needs are vastly different in each community. Midland is not similar to Saginaw and Flint in needs; Thirdly, regarding the point that someone stated that they visit Midland frequently

10-05-21 v1 CD DW	Like	<p>This is an excellent map that has The City of Midland in with Saginaw, Bay City and Flint. The City of Midland is part of the economic area with the Tri Cities and Flint does not look west to Midland county or the other counties West of Midland county or North. The City of Midland is distinctly different than the rural areas in the western and northern districts and is much better aligned to the east and south with Saginaw, Bay City and Flint. Good job on this map.</p> <p>Thank you.</p>	Greg Mayville	2021-10-07 00:31:05+00

This map is absurd; Metro Detroit looks like a jigsaw puzzle. Will look worse after the changes today; such as Taylor and Monroe in a district. Start over and do things correctly please. I note that commenters from Detroit were also highly unhappy with the maps during the public comments at today's meeting. There are ways to get VRA compliance without destroying everyone's community representation. Local Reps for local communities! Why is farm county (Clinton county) in with Brighton??

Just as bad as before. Why is a tiny slice of Union Lake and Waterford in a district with Pontiac, with whom there is no educational, social, economic or COIs, when you could include Lake Angelus (shares infrastructure and school district), Auburn Hills (COIs, schools, infrastructure), Sylvan Lake (schools/taxes) or even West Bloomfield (a large portion of Pontiac students go to school in W Bloomfield) and still not have jeopardized the VRA. Splitting up a COI and community is nothing to take lightly. Additionally, many, if not most, of these metro Detroit districts in this map split COIs, communities, are strangely shaped and have little if no common interests and will make no one happy. Not good choices; looks worse than what we have had in the past.

10-04-21 v2 SD	Dislike	The brown area of the map that includes both Ann Arbor and Ypsilanti is a very densely populated area with very diverse population creating a more bias region. This area needs to be restructured separating these two major metropolitan areas making it less partisan in nature making for a more fair voting map. Thank you for the work you have already done. I hope you will take my suggestions under consideration and make adjustments accordingly.	Debbie Naylor	2021-10-06 23:10:09+00

I am concerned that Oakland County senate districts delving south of 8 mile will dilute black voices and representation.

As an elected person myself, I know how tempting it is to draw all your attention to better resourced (and often times more vocal) parts of a district.

When adding in the component of race, I worry that black detroit's will not be heard the same amount as their less structurally disadvantaged white, suburban voters.

Also--looking at campaign finance filings it is clear that elections in Detroit are less costly to run than in Oakland County...This could lead to Detroit candidates not being viable simply because of their donor base. Thus re-affirming structural inequities.

I want to express my concern about your proposed state Senate map. My understanding is that it skews Republican by 6.5%, by the Commission's internal measurements. I happen to be a Democrat, but that really doesn't matter in this discussion - what I want is for a fair distribution of voters in districts, so that the legislative body (the Senate in this case) ends up with a majority accurately reflecting the majority of voters in the state. The very nature of gerrymandering is that the reverse is obtained - by shoehorning Democrats into a few districts, Republicans can get a majority, even though there are demonstrably more Democrats than Republicans in this state.

I know a lot of your respondents are laser-focused on preserving Communities of

2021-10-06 19:40:48+00

I lived in Midland until recently and agree with Jennifer Austin. Others ask that the City of Midland not be separated from the rest of Midland County, but the city is not like the rest of the county which is rural, farm land. I also agree that it makes more sense to include areas surrounding Midland with the city, move Tuscola County which actually is largely rural, and carve out less of Oakland County to go with the Thumb. The Thumb is largely rural farm land while - like the City of Midland - Oakland County is becoming less farm land and more subdivisions.

Please keep Allegan and Van Buren counties together and whole. Antwerp Township does not belong with Kalamazoo!! We do not live in Kalamazoo for a reason - we are different!!

As a suggestion, perhaps consider adding the Barry county townships around Gull Lake to Kalamazoo County. The Gull Lake community makes more sense than pushing Antwerp and Kalamazoo together. Paw Paw, Plainwell, Otsego, Mattawan & Lawton (Both in Antwerp Township!), are small town communities with common sense values, similar economies, rural areas that share many strengths and challenges. Allegan and Van Buren counties collaborate on providing public defender services and veteran treatment courts to our residents. Both Allegan and

I've lived in Macomb County all of my life and am really upset to see map after map drawing northern Macomb in with the thumb, as it's been for the last 20 years. We have nothing in common with the thumb area and for the last 20 years, my family, neighbors and I have felt that our votes have meant nothing. My neighborhood 23 and Romeo Plant has more in common with Shelby Township, Utica, Sterling Heights. We have zero in common with Bad Axe! You had a REALLY good map early on - #144 - that met all criteria. You even used it to fix some of the lines on your other maps, yet you otherwise seem to be discounting it. #144 is the most fair map that I've seen in every respect and it needs to receive more serious consideration. Honestly, the fact that you're discounting M.A.

38.4 Coalition Minori Dislike	<p>The verticle path of the districts are rediculous. Its matching new suburbs with other tattered areas, its is unlike with unlike and allows domination by Republicans. An horizontal path would more likely put like with like and be fairer. The new schedule is limiting the power of diversity with minority people.</p>	ninadabrams	2021-10-06 19:01:34+00	
10-04-21 v2 SD	Dislike	<p>This is gerrymandered to favor Republicans, who are the minority in Michigan but continue to foist their unpopular and dysfunctional policies upon all of us. This cannot stand. Every voice matters, every vote should be counted, and their firehose of lies needs to be shut off once and for all.</p>	Jean Marie Knowlton	2021-10-06 18:59:37+00

The Federal Office of Management and Budget defines the Saginaw-Midland-Bay City Combined Statistical Area in Mid/Central Michigan as the area that surrounds the business, transportation, environmental and residential infrastructure resources within Saginaw Bay and Saginaw River watershed region. The MBS combined statistical area is the 4th largest CSA in the state of Michigan.

In 2009, the Bay Area, Midland Area and Saginaw County Chambers of Commerce, Bay Future, Midland Tomorrow and Saginaw Future Inc. jointly decided prior to the last census that the Great Lakes Bay Region of Mid/Central Michigan includes Bay City, Midland and Saginaw.

This map ignores the communities of interest of Midland and Gladwin for flood recovery and watershed management, as well as the agricultural community of interest that benefits from representation that understands the importance of agriculture here in Midland and Central Michigan. Midland County should be kept whole in this process and be included in a district that is representative of the innately rural agriculture base that makes up Central Michigan.

The City of Midland has always been very distinct from the surrounding townships. From the level of services the city provides to the manufacturing base. Unlike other communities that have similar sized communities within the county. The city is very isolated much like Saginaw and Bay City and I-75 and US-10 corridor are the connectors to these similar sized population centers. This map makes a lot of sense as it pertains to employment, services and future issues that residents in the Tri-cities will need to address.

The latest 10/04/21 State of Michigan Senatorial Map or Plan seems to favor the GOP who are projected as winners in the plan by 6.5% more of the districts while in the State of Michigan in the last election votes for Dems leaned toward 6.5% in favor of Dems.

This is a difference of 13% from reality.

The Senate seems to be packed or stacked.

This is not fairness or competitiveness and is an absolute, disproportionate, disadvantage for Dems.

The plan needs to be corrected.

The outcome has been "corrupted" by using the phrase "communities of interest."

It is used by the GOP as their code phrase for packing a few voting districts with a large number of Dems.

I like most of this map. The Tri-County (Bay City, Saginaw, Midland) and Flint together feels like home. But why would Tuscola be added in? Nice County and all, but we don't have a shared history with them. I'd rather we had more of our communities from Saginaw, Bay Midland and Genesee counties added in, we have much more in common. Together we share common jobs history (from the Lumber Era to GM); even today, lots of people I know, family and friends, live in one of the 4 communities and work in another. I was born in Saginaw and worked in Saginaw, Bay, and Flint before I retired. For a while, I led the Tri-County Fair Housing Center that served Saginaw, Bay and Midland counties. Our waters and water issues are shared as are our cultural outlets. For instance, I live in Bay County and love

This map splits Calhoun County 3 ways. It is hard enough trying to help people find community resources when you're broken up into 2 districts. 3 districts would make things worse. Also Battle Creek is the resource hub for all of Calhoun County. All of our community agencies, resources, educations systems, military systems are located in Battle Creek, with a few in Marshall (such as our county seat & Veterans ID card service). We need a legislators who are focused on the people living in Calhoun County and being able to get them the help they need, when they need it. Community Action Agency is very important to struggling families, disabled Veterans, Senior citizens. They provide several programs/services in Calhoun, Barry, Branch, & St.

Van Buren and Allegan should be kept whole and together for the Senate as a community of interest. They share many functions of government as well as a large Hispanic population. Both are rural, agriculture and tourism based economies with many similar small towns through the counties. Aside from being a community of interest, together, they fit nicely as about 2/3 of a Senate district and could take in other parts of similar rural or coastal counties. Holland would be a good fit, Barry County would be another. Van Buren and Allegan have much more in common with each other than they do with the "Michiana" border counties.

10-04-21 v2 SD	Dislike	Breaking up Farmington Hills into 2 Senate districts is DUMB! Keep Farmington and ALL of Farmington Hills together. That is a community that has a strong history and needs to be kept together.	Dana Lynn Fortier	2021-10-06 15:01:53+00
10-05-21 v1 CD	Like	Thank you MICRC for a Tri-City and Flint congressional district. It makes perfect sense.	Kathleen L Dolan	2021-10-06 14:59:17+00

10-05-21 v1 CD Dislike Keep the residents of Midland County in one district. Do not include Saginaw, Bay City, Pinconning, etc. It seems as though you are trying to keep it the same as before, where the interest and votes in the city of Midland are overshadowed & ignored by the outlying areas. Carol Arnosky 2021-10-06 14:57:19+00

10-04-21 CD V3a AE Dislike This map does not represent the needs of the city of Midland and Midland County. We have nothing in common with Flint and Saginaw. Midland is tightly connected to our rural neighbors through our shared watershed, especially Gladwin County and our agricultural communities. The commission appears to be ignoring the constitution which requires that they use "communities of interest" to draw fair maps. Instead it appears that the Commission is trying to dilute the voices of the Midland Community by adding them into the larger urban centers of Flint and Saginaw. jane scott 2021-10-06 14:54:47+00

Overall, this plan is reasonable but could be improved. I agree with Robert C, that "All efforts should be made to align districts with county lines except for the most populated area of Detroit. Carving out small sections, cities and neighborhoods will breed skepticism and distrust in this process. This map is starting to again carve out small sections and group them in a variety of districts. Please keep lines simpler and clean."

For example, while District 13 is fair overall, it has too many small carve-outs such as the City of Midland and the Holland area. More effort should be made to preserve whole counties with Districts, as counties represent a Community of Interest (all under the same government entity). The same can be said

It's important to keep Livonia together as a single district. It is very clearly a community of interest and should be treated as such. Splitting up the city into multiple districts will only serve to confuse and discourage voters, limiting their participation in our democracy. Keep Livonia together.

The residents of Midland County want to be kept together in one, westward facing congressional district. Please do not carve out the City of Midland from the rest of the county.

It appears that the Commissioners have a misunderstanding on the 2020 flooding. The City of Midland had major flooding along with the flooding in Sanford and in Gladwin County. That's why it is so important that Midland County remain in its entirety and Gladwin County needs to remain in the same district to ensure continuity and a united effort in our recovery. Your proposed map will result in a major setback in our flood recovery and flood management efforts.

The Commission appears to be ignoring the constitution which requires that they use

This map is terrible for  
Midland. I am a 30 year  
resident of city of Midland  
and want to be kept with my  
county and watershed  
counties. WE ARE PHYSICALLY  
CONNECTED BY OUR  
WATERSHED. I have lived  
through many floods and the  
multi million dollar project to  
restore our watershed in  
concert with out county and  
Gladwin only can be  
successful by having focused  
representation. Flint and  
Saginaw will not represent  
our needs and is a purely  
artificial grouping of  
communities. We are a small  
community with completely  
different needs compared to  
Saginaw and Flint and  
pretending otherwise is  
disingenuous. Saginaw and  
Flint have many important  
issues distinct from ours and  
we should not dilute their  
efforts. Please do NOT carve  
out the city of Midland.

This statewide map is overall better than most of the other draft maps, but what it's doing to north and west Oakland County is still a major issue.

Northern and western Oakland County do not have any affiliation with the counties of the thumb. We are affiliated with other Detroit exurbs like Novi, Pontiac, West Bloomfield, and Farmington & Farmington Hills. Creating a single, unified exurban district like that would allow you to keep the Oakland portions of District 6 as-is while moving Southfield into a Detroit-based VRA district and splitting Oakland County only three times as opposed to five. Tuscola County and Shelby Township could offset the population loss in 10. I've attached what such an exurban district could look like here.

2021-10-06 14:44:48+00

Separating Lansing and East Lansing is ridiculous. They share public transit, public health departments, economic development/footprints, they are one community. If you traveled from West Lansing through Lansing and into East Lansing on M-43 (Grand River Ave) you wouldn't be able to tell which municipality you are in. The school districts overlap. If you included just the zip codes for Lansing and East Lansing it makes almost exactly one Senate district. We don't travel to Charlotte, St. Johns or Owosso unless we want to pretend to be rural and wear flannel for a day.

One more partisan fairness improvement: Pontiac area. Rochester and Rochester Hills together are only slightly under the population threshold, and that area is growing. I'd recommend simply making that the district rather than cutting up another community (in this map, Oakland Township). Then have the Pontiac district go south to Bloomfield Hills instead of west (this is better for COIs, as well). Then do an Auburn Hills/Lake Angelus/Waterford district, which I know is a funny shape, but then again so is District 29 on the current draft.

I am one of many people who went out collecting signatures all day, every day, to make sure you got the right to do what you're doing now. It was arduous. Worth it, though, if the new maps are exemplary.

Oakland county isn't quite right, having only one fully-contiguous state senate seat, and not even even one fully-contiguous congressional seat. Certainly that must be fixed.

You've undoubtedly heard that "close" is only good in horseshoes, hand grenades, and shaves. Getting these maps this far is a good thing. But you must eliminate the current state of minority rule. 6% would be an early Christmas present. If the maps are representative of the will of the people, not politicians, you will be lauded as the best at getting this

10-04-21 v2 SD	Like	Splitting Ann Arbor and Ypsi would be done for one reason only - to provide a partisan advantage to the Democratic party. The whole state know Ann Arbor and Ypsi are very much a like Community of Interest. And constitutionally, communities of interest rank HIGHER than the partisan balance criterion. The commission is doing the right thing by keeping AA and Ypsi together!!	Daniel G.	2021-10-06 05:37:57+00

I think the commission is doing an admirable job of following the constitutional criteria which often are in conflict with one another. You have drawn a 50/50 State Senate map which means it does not provide a disproportionate partisan advantage. I think there are many people who believe the only fair map is one that gives the Democrats an advantage. Our political geography is what it is...with more heavily populated regions having higher amount of Democratic voters. The commission cannot undo that nor can they change it.

Once again, I want to say I like this State Senate District. Troy fits with Sterling Heights and the Rochesters, in part because of the Asian community. We have more in common with these communities than Royal Oak. Daniel G.

I like this version of the congressional map. PLEASE KEEP TROY WITH 6. We are not Royal Oak or Ferndale. We have more in common with the Rochesters and Sterling Heights (as the commission has noted in particular with the Asian communities.)

For what its worth, I also think the map looks much better w/o drawing Grand Rapids into Muskegon or Kalamazoo. Making Kent County whole was something I heard alot about prior to the map drawing.

The results of your efforts so far are a huge disappointment to the people of this state who have been disenfranchised through unfair representation for years and hoped this commission would fix it. These maps favor Republicans by 6-6.5% and that is 106-106.5% unacceptable. They must be drawn without bias to prevent political minority rule from continuing to shackle this state to the dark ages. In District 28, the Washtenaw section of the City of Milan is going actually backward. This section has more in common with Ann Arbor than the Lenawee/Monroe County areas it would be lumped in with on this map. This needs to be addressed. We have to live with this for ten years and if the maps aren't fair, we may not even have a democracy to vote in by 2031.

I live in District 13. I'm not understanding how this district has been drawn. Drawing the inner ring suburbs of Oak Park, Royal Oak Township, Ferndale, Huntington Woods, Royal Oak, Berkley, even Birmingham makes sense and could be described as a community of interest. Instead of drawing it down into Detroit which is a different county and different interests, it should include all of Hazel Park, Madison Heights, and Clawson, instead of splitting those cities. These combined cities that I'm suggesting would also be more partisan balanced than drawing part of Detroit into the district which would be packing more Dems into just one Senate district.

Thank you commissioners for your service.

I am looking at District 36 on your redistricting map. Having lived on the shores of Lake Huron in Thunderbay for 50 years, and managed a farm for over 20 years I can attest that the concerns of these two are worlds apart. I would suggest that the concerns of the Lake Michigan and Lake Huron shore dwellers are more similiar than those of land bound Agricultural communities and the Forestry and inland lakes communities. Please adjust your map disection accordingly. Whether you go up down or sideways to me, would not seem to matter. When representatives are voted into office, their ability to focus on their constituents issues and be physically in proximity to these issues to me would seem best. Good luck. Thanks for listening. God bless.

Overall changes to Oakland County are a step in the right direction, but in my opinion this configuration is still somewhat flawed.

Southfield Twp (not the city to its south) is heavily white and makes no sense as part of a VRA district. Simple fix would be to exchange it for Oak Park and Royal Oak Twp (not the city to its north), which are majority Black, though this would leave #12 ~15k over and #9 ~15k under, but this could be solved by shuffling population through Novi and parts of Wayne county using #8 as an intermediary.

On a similar note, either Novi or Rochester/Rochester Hills would be a better fit for #9 than White Lake. I see two potential solutions. Solution one would be to add

10-04-21 v2 SD Dislike I commend the commission for drawing districts that look very different from the districts of the past, and look nothing like what our elected officials would have drawn for themselves. However, this map, like the maps of the past, retains a strong and real Republican lean, and I hope the commission will find a fairer version. Max Milstein 2021-10-06 01:30:50+00

10-05-21 v1 CD DW Like Thank you, members of the Commission, for combining the economic, educational and cultural areas of Midland, Bay City, Saginaw and Flint. We truly consider ourselves Mid Michigan and I am thrilled to see a map that reflects that. Adding Midland to the northern areas of the state like we've seen in other maps would be a mistake. Midland is an urban city with a population of over 40,000. The next largest city northern lower peninsula is less than half the size. Truly, this is the map that represents the far more accurate community of interest. THANK YOU! Sarah Schulz 2021-10-06 01:26:06+00

10-04-21 CD V3b AE	Opinion	I can't tell if I like this map or not because I HAVE NO IDEA IF IT IS FAIR.	Lauren Lisi	2021-10-06 01:08:00+00
10-04-21 v2 SD	Dislike	Several years at this, and all you can do is maintain status quo? With a governor and both senators D and have been for years it's clear the D's are underrepresented. You conflate and pack communities of color as much as possible. You really haven't addressed fairness at all, and when we have another statewide body elected to redistrict it's clear the existing biased panelk will have to go.	Samuel Lindhorst	2021-10-06 01:03:49+00
10-04-21 v2 SD	Dislike	Verticle map drawing is crazy. Its mixing very diverse community of interests: inner suburbs with wealthy Birmingham and poorer Detroit. It is packing Democrats and not achieving a balance. The area should be horozontal OP/Royal Oak Township east to St. Clair Shores and Warren. The area would be inner suburbs with similer problems of aging, schools, and sewer systems.	Nina Dodge Abrams	2021-10-06 00:54:46+00

As someone who grew up in Ann Arbor, I know that city is in many ways worlds apart from Ypsi. Both are great places to live, but their identities are entirely different, as anyone living you there would point out. I would urge you not to draw a district that includes both Ann Arbor and Ypsi; this lumps together two distinct cities in SE Michigan and packs together communities of color.

10-04-21 v2 SD

Dislike

Benjamin Ratner

2021-10-06 00:47:30+00

Ann Arbor needs to be unpacked. It's size alone warrants it but it has more than one type of community to consider. Ypsilanti should be it's own district or at least the bulk of a district. Ypsilanti's communities are different from the communities of the city Ann Arbor. The Universities' student communities are even different. This would be more representative of each area and be a step toward correcting the partisan bias you have created in your maps. You should use the Fair Maps Project maps as your guide.

2021-10-05 22:58:47+00

I thought the last version of this map was bad, but this may be even worse. A number of the inner ring suburbs that have always been together should have been kept together -- Huntington Woods, Oak Park, Ferndale, Pleasant Ridge, etc. We have nothing in common with the part of Detroit that this map puts us with. And splitting Oak Park makes no sense whatsoever. It should be kept together. This House map should not be combining Oakland County and Wayne County. It should be a totally Oakland County seat made up of a group of the inner ring suburbs.

2021-10-05 22:50:59+00

Well this is definitely better than the other recent draft maps so thank you for doing this. Keeping Kent County together looks so much better than snaking parts of it down to Kalamazoo. The part that makes the least sense is the double crossing of districts between Oakland and Macomb counties. District 6 could be entirely contained in Macomb while district 10 and 3 could split up Oakland in a more compact way.

10-04-21 v2 SD	Like	I want to thank you for all your hard work. I was one of the signature collectors for Voters Not Politicians. All I ask is for the maps to be fair. It does not look fair when there appears to be a more Republican bias.	Mary O'Neill	2021-10-05 22:46:40+00
10-05-21 v1 CD	Like	Finally a version that keeps Kent County whole. This make sense and works for us.	cheryl scales	2021-10-05 22:46:36+00
10-04-21 v2 SD	Dislike	The totality of maps STILL favor republicans in a state that votes majority democratic in every election in the past 20 years (or more.) This is NOT acceptable. You need to insure that the maps are fair and reflect the total voting population of the state on top of what you are doing. I understand this is all very complicated and difficult but that is the task before you. Thank you. Please insure that the correct changes are made.	Judith Maiga	2021-10-05 22:45:22+00

10-05-21 v1 CD DW	Dislike	This does not make sense. Grand Rapids and Kalamazoo do not have any common efforts together, they are in sperate metropolitan areas, and have no relations to each other. Kent County should be together as one.	cheryl scales	2021-10-05 22:43:21+00
10-05-21 v1 CD DW	Dislike	Once again you have seperated Rockford and the surrounding areas from Grand Rapids. Keep Kent County together. We are part of regional planning, infrastructure sharing, and over 80% of the residents from the City of Rockford work in Grand Rapids. Kent County is mostly urban, and you have attached us with rural counties that we do not share any issues with.	cheryl scales	2021-10-05 22:40:48+00

This new map is an improvement in District 13 over the previous maps with the elimination of Highland Park and the extension in Oakland County to Birmingham and part of Clawson, however, I still think it's wrong to cram so many Democrats into one district by including any portion of Detroit. This helps to eliminate one Democratic District. It also makes no sense to split up Farmington and Farmington Hills. Overall, it's insane for Republicans to have a 6% advantage in a state where we overwhelmingly elected a Democratic president, two U.S. Senators and three statewide leaders in Gov. Whitmer, SOS Benson and AG Nessel. More work is still

10-05-21 v1 CD DW	Dislike	This map is identical to '10-05-21 v1 CD'. Also 5-8 Republican advantage for 2016, 6-7 Republican advantage for 2020 presidential elections. (1 Democratic seat is a close win). I think that is barely an improvement for DW's previous map.	Yalcin Yanikoglu	2021-10-05 22:09:29+00

I think the committee has done a remarkable job of balancing district populations and keeping districts geographically sensible. I have read the analyses and believe that this proposal favors Republican candidates a bit too much and encourage the committee to reconsider how districts are drawn around the state's largest cities to ensure that historically Democratic voters are not all lumped together. I say this because I think that an equal balance of Dems and Repubs does the most to ensure a moderate government overall. Thanks for considering my thoughts.

Lumping our distinct, which voted strongly Democratic in all recent elections, with a large swath of rural area to the west is absolutely ridiculous. It very much seems designed to nullify Democratic numbers and turn the advantage to the Republicans. All of my local, state, US representatives are Democrats. This is a reflection of the beliefs of the people in this district. Also quite odd, as state and national elections lean significantly Democrat.

All told, this map favors Republicans by as much as 6.5% in some measures. 6.5% is absolutely a disproportionate advantage to Republicans and must be fixed.

Opinion

Leon F.

2021-10-05 21:19:07+00

Thank you for keeping Midland County all in one district. As a former resident of Sanford, now moved to Midland I can attest that residents of the more rural parts of the county look to Midland as the source of jobs and services while Midland residents often look to the northern and western areas of the county for recreational opportunities. Given the common concerns in Midland and Gladwin counties around Tittabawassee River flooding issues, it makes sense to add that section to district 32 if additional population is needed to meet the required population numbers.

10-04-21 v2 SD	Dislike	<p>I am attempting to understand in what world does it make sense for this map to lean Republican by over 6%. Our state is led by three Democratic leaders. The state voted for a Democratic president by over 154,000 votes. We currently have 7 Republican congressional representatives and 7 Democratic congressional representatives. We have two Democratic state senators. So tell me why this map is leaning Republican by 6%? It is disappointing to see the commission settle for Republican leaning maps.</p>	Marci W	2021-10-05 21:01:25+00
10-05-21 v1 CD	Like	<p>I really like that you have included the city of Midland with Bay City and Saginaw (the Tri-cities) and Flint together in the same congressional district. The City of Midland is very different from the rural parts of Midland county, so separating them makes sense. This will also improve the partisan fairness for the 11th district. This is a good map!</p>	Allison Wilcox	2021-10-05 20:55:47+00

10-05-21 v1 CD DW	Opinion	Why not keep Muskegon County whole? Seems like an odd carve out.	Brian Burch	2021-10-05 20:54:21+00
10-05-21 v1 CD	Dislike	Some serious gerrymandering going on here, and on the east side of this Kent County district.	Brian Burch	2021-10-05 20:52:59+00

I generally like that most of Muskegon County is kept together and grouped with our natural lakeshore communities of interest. However, the tiny carve out of Moorland Township seems a bit random and odd, but not a huge deal if that is the compromise needed to balance population.

My larger concern is the long meandering district that stretches to link Grand Rapids and Kalamazoo. Although I don't live in that area, this seems contrived to produce a partisan outcome.

I would encourage you to chose map 200 over this one. #200 does a better job of honoring geographic compactness and keeping whole communities together. Carving two far-flung urban centers away from their

Good to see Kent together,  
but apparently that can only  
come at the expense of  
Ottawa County, which is once  
again Gerrymandered  
incoherently, and separated  
from Muskegon. There seems  
to be no rhyme or reason,  
except to breakup the  
Lakeshore economic region  
and make assumptions for the  
eastern 1/3 of our county. At  
the same time, placing  
Kalamazoo/Portage into a  
Lakeshore district is the  
opposite of reasonable.

Make it simple! Restore the  
Lakeshore!  
Ottawa County Belongs  
Together!

Dislike

Brian Burch

2021-10-05 20:51:17+00

Yes, this map serves West Michigan best! Muskegon County is kept whole as the "community of interest" we are, and we are grouped with other adjacent lakeshore communities like Grand Haven and Ludington who share common concerns as port cities.

Grand Rapids, Kent County and those suburbs make up their own district representing their own unique interests as a single large inland metro-area.

These are the natural boundaries of our lifestyles, economies and culture in West Michigan, and it makes sense that district boundaries follow suit. Thank you.

Looking at West Michigan, it seems as if you are unfairly packing the Democratic cities of Grand Rapids and Kalamazoo into a single district at the expense of having each of those cities be included within their respective counties. And I've never understood the idea of a "Lakeshore community of interest" as being a priority. For starters, small resort towns such as my hometown of Saugatuck has little to do with more major cities such as Benton Harbor and Muskegon and virtually zero in common with the rural inland communities which you found necessary to include. Overall, it seems the Commission is making a conscious effort to maximize Republican districts at the expense of Democratic voters across Michigan. Simply unfair.

I'm not sure what the citizens of western Sterling Heights have common with the citizens in Oakland Twp. The city of Warren on this map will have three senate seats and could possibly be represented in the senate by no one that lives in Macomb County. You may not think this matters but it does. You also created a COI along the lakeshore in mostly Macomb county yet downriver you divert off the lakeshore and go west to include Taylor. What's the COI there? Communities of interest don't matter if they don't have a representative that cares about their community. Honor county boundary lines, at least close to the margins, and try to create more districts as politically balanced as possible. After all, politically fairer districts are why many, if not most, of us, voted for this law in the first place. This is what a district looks like when partisan fairness is all of a sudden the top consideration instead of the fourth. Trash this map.

Jack Bengtsson

2021-10-05 15:07:03+00

This map now splits Oakland County into SIX congressional districts. Residents of Oakland County spent the last ten years being split into 5, and want a unified voice. There is absolutely no reason Oakland should be split into more Congressional seats than Wayne.

Additionally, this map STILL suffers from attempting to combine parts of Oakland with the thumb. As a resident of Independence Township, I can say that northern and western Oakland County share NO communities of interest with Lapeer, Sanilac, Huron, Saint Clair, and Tuscola Counties, economically, politically, or otherwise.

A more reasonable map would combine the Detroit exurbs in Oakland County - the northern and western townships, along with

Co together with the other  
lake shore counties. We are  
of few people compared to  
the cities of GR, Kentwood,  
Wyoming and the rest of Kent  
County. This is far more fair! Suzie

2021-10-05 14:43:12+00

no part of Oakland County should be paired with the thumb. As a resident of Independence Township, I can say we share no communities of interest (economically, politically, or otherwise), with Lapeer, Sanilac, Huron, or Tuscola Counties.

Instead, a much more reasonable map would put most of Oakland County (the northern townships, Rochester, Pontiac, Waterford, West Bloomfield, Farmington & Farmington Hills, Novi, and the western townships), into a single district that represents all of the Detroit exurbs. Troy and Royal Oak could then be paired with Sterling Heights and Warren, with Southfield going into a VRA district in Wayne County. I have attached an image of such a proposed district.

It's important to people of Oakland County that we Thank you for switching to map #187, keeping the lakeshore community together.

The current draft map of the State Senate Districts encompassing Washtenaw County concern me for two reasons:

1st, because they perpetuate the packing of Ann Arbor voters into one State Senate district, which means that anyone who identifies as a Republican in that district has essentially no chance of being represented by someone who aligns with them. One of the things you are tasked with is to not provide disproportionate advantage to political parties or candidates, which this does.

The 2nd reason for my concern about the proposed districts is that they do not take into consideration the fact that there is a significant economic "Community of Interest" connection

2021-10-05 01:07:04+00

One other small suggestion for SE Michigan. You might consider moving Taylor, Romulus, and Oak Park (majority Black) to the 12th; Dearborn to the 13th along with a few Detroit precincts. Southgate to the 8th; additional parts of Novi to the 9th. Doing that gives you two majority minority districts and increases the Black population to 45% in the 12th while leaving the black population in the 13th at 50%. Just a thought, they're pretty minor adjustments.

2021-10-05 00:24:21+00

If you are going to insist on drawing messy lines to connect together cities in separate counties for the US House map for the sake of keeping urban areas together, then you should be consistent and connect similar urban areas together in the same State Senate districts.

Example - the city of Grand Rapids should be kept whole in one district rather than split between two districts.

Grand Rapids plus Kentwood plus East Grand Rapids has almost exactly the correct population for one district and is a clear community of interest. Another example - Lansing and East Lansing are clearly connected and similar communities that are right next to each other that belong in the same seat. In fact about 94% of Ingham County could be one district

The Commission needs to slightly adjust this map to hit partisan fairness index, and I think the east side of Detroit and Macomb County are the place to do it. Right now, 6 and 8 are lopsided Democratic districts, while 5 and 7 are narrow Republican districts. I would recommend putting the Grosse Pointes in 6, moving Eastpointe and the portions of Warren and Sterling Heights from 6 to 5, and Macomb Township to 7. That should create 3 Dem-leaning districts, one of which (5) would probably be winnable for Republicans in a good year, and one safely Republican district (7). That should help with the partisan fairness analysis.

I see comments from people from Midland saying we are similar to Saginaw and Flint. This can't be farther from the truth. We have no similarities with these two cities. Their big issues are poor schools and high crime rates. Midland has some of the best schools and a very low crime rate. People in Midland do not typically go shopping in Flint or Saginaw. This is just not accurate at all. We have much more in common with the rural counties of Gladwin, Isabella and Arenac counties especially because of the ongoing issues with the dams and flooding.

9-20-21 v1 CD Dislike This map removes the City of Midland from the rest of Midland County. It puts the City of Midland with other counties down state that have nothing in common. We need to stay with Gladwin and Isabella counties and the County of Midland should not be broken up. Mike 2021-10-04 00:45:55+00

9-29-21 Eid v2b CD Dislike Midland is a vital part of the Tri-Cities. It is not a rural community and should not be lumped together with the other rural parts of our county. Midland needs a representative that knows the needs of a city. And the rural parts of Midland County need a representative that has their interest at heart. You have put Midland in with the Tri-Cities in the State Senate map and it needs to stay the same for the US Congressional map. Molly Morrissey 2021-10-04 00:43:43+00

This is a good map. We are grouped with rural areas around Midland. Many of the workers at my business are coming to Midland from the Gladwin and Isabella counties. This map keeps the City of Midland together with the areas that have experienced the issues with the dams failing and flooding. We have very little in common with Flint and Saginaw. We have very different school systems and the crime rates are very different. The issues that require significant work in Flint and Saginaw are much different than those in the City of Midland. This is a good map.

hello, my name is Celeste. I live in Ferndale; currently part of Senate District 11 and House District 27 and I am a racial justice voter.

I am addressing the Commission today because I believe that voters should elect their leaders and not the other way around, and as a racial justice voter I believe our communities need more resources and opportunities for reflective representation.

I am concerned about the draft State Senate map proposed by the Commission because of the way it condenses demographics, decreasing the opportunities for communities to have their voices heard.

I recommend that the Commission follow the recommendations of the Fair Map Project and apply the map they have submitted.

9-30-21 RAS revisions: Dislike

Washtenaw County, particularly Ann Arbor, Ypsilanti and their suburbs have more in commons with Wayne County communities such as Romulus and Taylor than they do with Jackson County communities such as Grass Lake. It would be wrong to place Grass Lake with Ann Arbor. Aside from demographic differences, the areas have vastly different political differences which could make the district difficult for a representative to represent. The section of Jackson county in 5 should be given to 7 and a section of 2 should be shifted into 5 OR just not replaced, given the population of the district should meet legal standards.

Sam Jones-Darling

2021-10-03 09:22:19+00

The commissioners are still not listening to Calhoun County. You eliminated the hearing for Kalamazoo, and took away any chance I had to speak. You separated the military establishments, which shows very little respect for me and the other Veterans living here. Calhoun County does not need or want to be with Kalamazoo County. Kalamazoo County does not NEED Calhoun County. Kalamazoo County has the population for 3 house Districts without splitting in multiple ways keeping the residents from electing a representative focused solely on Kalamazoo.

Please keep our small town communities together! Our small towns in Allegan and Van Buren Counties are very similar and share many interests. It would be a disservice to break them apart. Hartford, Lawrence, Decatur, Lawton, Paw Paw, Allegan, Otsego, Plainwell and Wayland are very similar small towns in the Southwestern part of Michigan. These towns are similar in size, development and cost of living. They are mostly rural, but also benefit from tourism and the proximity to larger cities such as Kalamazoo and Grand Rapids. They should be kept together as a community of interest and fit nicely into a Senate district.

9-15-21 v16A SD

Opinion

Mike Chappell

2021-10-02 19:33:45+00

I don't like 20 at all, Van Buren to Cascade Twp? I think you can do some rearranging between 20, 21, & 3 to make that a little better. 23 is fine. 24, not too sure, however, assuming that is a competitive district, I can live with it. Other than that, it's a very interesting map. A nice district stretching from Muskegon to Benzie, Ottawa mostly intact, a good sized mid Lower Peninsula District, a lot of that seems to make pretty good sense. You might be close, but keep working on it.

9-15-21 v15A SD

Opinion

Jack Bengtsson

2021-10-02 19:24:52+00

I'll limit my comments to the western half of the lower peninsula. First of all, I get it that you're trying to create some political balance across the state, and some competitive districts where you can, and I'm okay with that for the most part. That said, here are my comments. perfect - 80. Maybe perfect - 78, 83, 84, 86. Okay - 79, 87, 84, 86, 98, 99, 100, K-zoo/BC/Jackson. Kind of okay - 97, Lansing area, 76/77 GR (needs tweaking, in terms of commonality Easttown, East Hills, other hoods along Wealthy make more sense as part of the 76th, as do some hoods N of 196 just E of the river being part of the 77th. Splitting Plainfield may not be too popular with some, but I get it, it's probably the only option if you're going to split GR like that), also some inland districts seem okay.

9-30-21 HD	Opinion	Questionable/Not okay - 65, Please consider this districting. It makes sense to include the tri-city area and	Jack Bengtsson	2021-10-02 19:14:55+00

Thank you for putting this map out for public comment and the refreshing proposal for the boundaries of District 9. I am a resident of the City of Midland. The city of Midland is a small, progressive and increasingly diverse city created and based on manufacturing - very much like its sister cities of Saginaw, Bay City and much larger Flint. We are not a rural, isolated town, but "The City of Modern Explorers" and perhaps the last outpost before Michiganders head out to the great north. Countless numbers of citizens commute between the cities of Midland, Saginaw, Bay City and Flint for work, family, shopping and recreation. Midland's issues, needs and desires closely parallel the populations and cities of this proposed 9th District.

The inclusion of Midland where it belongs with the Tri-Cities is a great change here from the previous maps. Our colleges, businesses, media, transportation and community partnerships are with the Saginaw and Bay City. This MSP much better reflects the needs of the community as a whole. Others I have seen which continue to lump Midland with the rural areas.

This map looks pretty good to me. I have resided in Midland for a long time and I can assure you that we have a community of interest with the Tri-Cities: Bay City, Midland, and Saginaw, and Senate District #1 in this map preserves and honors that COI. You've read about the shared interests from economic, industrial, cultural, and educational there is also a shared airport, MBS. While folks are complaining about not keeping a watershed intact, they are forgetting that the flooding continued down the watershed all the way to the mouth of the Saginaw River in Bay City; the lines have to be drawn somewhere and it makes sense to me to keep the suburban/urban character of Midland, Bay City, and Saginaw together under a single Michigan Senate district. Thank-you for your  
This is a good map. Midland, Bay City, Saginaw and Flint have commonality in industrial, economic, education, transportation and cultural interests.

9-30-21 HD Like I Like that you split Ann Arbor into a northern district and a southern district rather than East-West. Casey Lewis 2021-10-02 02:47:41+00

9-15-21 v16A SD Dislike This 27th district that includes Ann Arbor and Ypsilanti is a democratic pack and doesn't represent communities of interest well. Just because they are close geographically does not mean they are alike. Ann Arbor should be put with areas in Western Washtenaw that are also wealthier and whiter, whereas Ypsi should be put with areas in Western Wayne county like Romulus, Bellevue, and potentially Canton that are more diverse. Thanks for your hard work, I just wanted to offer my feedback Casey Lewis 2021-10-02 02:28:31+00

Thank you for combining the Great Lakes Bay region of Bay, Midland, Saginaw counties and Flint in one district. There are regional interests as well as local county interests. Combining these Great Lakes Bay Region counties together gives the potential for access to regional funding for projects as well as funding for the counties.

9-20-21 v4 CD	Dislike	<p>This proposed map shows an unexplainable stretch to group part of Muskegon county with Grand Rapids/Kent County. There is no good reason I can think of to group Muskegon with the landlocked Kent county. Muskegon County in its entirety should be grouped with the lakeshore, with whom it shares a greater amount of common interests. This is an obvious play of gerrymandering, and I hope it will be soundly rejected.</p>	Melissa Brower	2021-10-02 02:05:45+00
9-30-21 RAS revisions	Like	<p>This new district intelligently groups the Tricities and Flint into one district. There may not be a more obvious COI in the state. It only makes sense to keep it together.</p>	Joseph Weir	2021-10-01 23:19:26+00

9-15-21 v16A SD Like This is a vast improvement over the existing 36th senate district. The proposed district groups one of the most obvious communities of interest in the state (the Tri Cities) into one district. I think this distict will allow rural western Midland county to get the seperate representation that should go with a ag/rural district. Joseph Weir 2021-10-01 23:11:51+00

9-30-21 RAS revisions Dislike Thanks for doing this work. It's not your fault that West Michigan isn't represented on this commission but that fact surely contributed to the disservice this map does to Muskegon and Ottawa County populations. I can't speak for other communities (there seems to be a debate about Midland) because I'm not familiar with those communities. I am, however, very familiar with Muskegon and Ottawa Counties and can tell you that these need to be redone. Numerous communities of interest are needlessly broken up, even into 3 districts. Best wishes in fixing this. Brant VanOrman 2021-10-01 22:44:00+00

This map represents a good consolidated district that encompasses major urban areas of Flint, Saginaw, Bay City and Midland and their combined economic, environmental and educational interests, as well as rural areas in those counties. Please continue to recognize the shared interests of the Tri Counties of Saginaw, Bay and Midland, and the ties to Flint/Genesee County. Thank you.

It is good to keep the Tri-Cities together. Born and raised in Saginaw, moved to Midland, I work in all three counties and spend money in all three counties. Those who say that there is no connective tissue between our agricultural, manufacturing and service economies simply have it wrong. We share colleges and universities, a well used and well maintained airport, and a watershed that we all depend on. Keep us together for representation in our state and in Congress. And while Flint may not appear at first glance to be apart of our economic triangle, the economic and manufacturing along the I75 corridor that takes us through Birch Run and Frankenmuth to Flint is also important connective tissue. Well drawn and well done.

09-09-21 v10 SD	Dislike	Do not like breaking up Midland County. City of Midland needs to stay with watershed. Tri cities is just a name. We are physically tied together with our upstream watershed neighbors.	jane scott	2021-10-01 20:32:25+00
9-15-21 v15A SD	Dislike	Do not like breaking city of Midland away from watershed. Tri cities is just a name. We are tied geographically to the watershed and is a major long term issue for our city.	jane scott	2021-10-01 20:30:40+00
9-29-21 Eid v2b CD	Like	I like how you kept the City of Rockford with Plainfield Township. We associate with Grand Rapids and Plainfield Township. It would be better if you added Courtland and Algoma Township to district 3, we have a lot of joint planning and infrastructure projects together	cheryl scales	2021-10-01 20:30:08+00

While this map isn't perfect, it is good to see the MCRC following through on its promise to listen to locals and take COI into account. Keeping the Tricity metro area together as an economic unit and then tying it together with the Flint area gives our historically close community, real representation. Our residents spend money throughout the region. Workers commute between the communities whether it be on their way to Dow, Michigan Sugar, or one of the auto manufacturers. There seems to be some push to pretend Midland is "rural" and belongs with a vast stretch of low population counties. Dow Chemical is a global company that employs thousands of workers throughout the proposed district. These workers deserve to be kept together and their economic interests

9-14-21 v14 SD	Dislike	Do not like Midland county broken up. "Waters" down our flood recovery issues which will be long term and needs focused representation on the watershed area.	jane scott	2021-10-01 20:26:32+00
9-8-21 v8 SD	Dislike	Don't like breaking up Midland County. This ignores geographic reality that city of Midland is part of watershed and needs our representation to focus on flood issues with neighboring counties.	jane scott	2021-10-01 20:24:55+00
9-15-21 v16A SD	Like	The way the 33rd senate distract includes more rural northern areas of Kent county and places them with other rural areas to me makes great sense. Thank you for the work the commission is doing.	Robert Doyle	2021-10-01 20:24:32+00

The City of Rockford is a strong partner with Plainfield, Cannon, Courland and Algoma Townships. This proposed map separates us from our partners ( including our membership in our shared wastewater plant) and aligns us with rural townships we have no shared issues with. The City of Rockford needs to be with Plainfield Township, Grand Rapids ( where most of our citizens work) and Kent County! This alignment assures us that we will never have representation that meets our Community profile and needs. Reconsider this and add us with district 11

Let me say that I live in  
Homer Township, about 3  
miles south of Sanford.  
However, I connect with  
Midland for schools, doctors,  
exercise programs, church  
and shopping. I know friends  
who live in Sanford would say  
the same because I see them  
in those places. For medical  
specialists, I head to Bay City  
or Saginaw. For more  
extensive shopping, to  
Saginaw or Flint. For regional  
church gatherings, I head to  
Flint or Clarkston. Those are  
all part of my "home" area.  
Even though I am equidistant  
between Mt. Pleasant and  
Saginaw, it never crosses my  
mind to go to Mt. Pleasant for  
doctors or shopping. They are  
not part of my Tri-City  
community. Without  
including Saginaw and Flint,  
we would be a pretty white-  
washed district. I appreciate  
the unity of interest

This is a great map, representing a true community of interest - the Tri Cities. The tri-cities, Midland-Bay-Saginaw are called the tri-cities for a reason. We are a community. We share an economic based, a medical system, and arts community, and our schools are connected through sports. Our airport is even called "MBS" - Midland/Bay/Saginaw. Any other map in this area that does not include the 3 cities would not be a community of interest. Let's stick to the plan of COS and competitiveness and choose a map like this.

I thought this plan was a decent starting point and made some modifications to do a better job keeping together communities of interest:

<https://districtr.org/plan/567>

37 The districts follow the same general idea here but are more compact/clean.

These changes also greatly improve the map in terms of partisan fairness. Here is the plan score analysis:

UP communities of interest are our counties. Please keep them together. Each county has its own sheriff, prosecutor, schools, hospital, and economic and historical identity. Moreover, given the already vast size of UP districts, unnecessarily splitting up counties to be in two separate house districts will decrease citizen access to their already overwhelmed representatives. The counties represented by two different reps will introduce confusion and lessen the ability of local officials to advocate for their citizens at the state level.

I like where you're going with district 10 since it unites a lot of lakeshore communities. I would try a version of 10 that takes in Muskegon, which wouldn't be hard to do since it already goes all the way up to Norton Shores. This would keep Muskegon with lakeshore communities but also areas with Black and Latino populations like Kalamazoo, Benton Harbor, and Holland. To get equal population I would then take out eastern parts of Ottawa like Zeeland, which could be put in the more Grand Rapids-oriented district 11. I also think Warren should be kept with the rest of southern Macomb in district 4. The Black population should be evened out between 1 and 2. And finally, I would move Barry county into 9 or 12 and Shiawassee County into 8.

9-15-21 v16A SD	Like	<p>I really like this lakeshore district. My community is a lakefront community. I am from Grosse Pointe Woods, but I also have family in St. Clair Shores, Harrison Township, and Harsens Island in St. Clair County. We all live in lakeshore communities and share the same lake resources. I like that we will have a unified voice to address issues like water levels and their impact on lakefront infrastructure. Thank your for drawing this district.</p>	Elizabeth	2021-10-01 05:00:48+00
9-30-21 RAS revisions	Dislike	<p>Splitting Oakland county into 7 districts is absurd. There would only be 6 districts across the entire state that don't include part of Oakland county in this map.</p>	Rob	2021-10-01 04:51:08+00

To clarify, the justification for a 90% black VAP district in Detroit is that most neighborhoods in Detroit are over 90% black. Just by keeping neighborhoods together, you will end up with that result. As long as there are a sufficient number of opportunity districts (like 14 - 15 total statewide), African American will win 13% of the seats. This is completely reasonable as they account for 13% of the population. There is no need to hack of communities as the out of state "experts" are

The Great Lakes Bay Region includes Arenac, Gladwin, Clare, Bay, Midland, Isabella, Saginaw and Gratiot. These are the communities that make up the Great Lakes Bay Regional Alliance. This economic alliance come together after careful study of the interconnectedness of these communities. We share a labor force, talent pool, business resources, civic groups, social groups, and economic groups. The rural and the urban work together and strengthen each other. This map slices off Bay City, City of Saginaw, and City of Midland from the rural regions they interact with and puts them with Flint and Genesee county, which they do not share many civic, social, or economic ties with at all. Please do not use.

I have lived in Midland for over 30 years. I strongly dislike dividing Midland County up. We share our watershed issues with Gladwin county and our city has much more in common with our rural neighbors than Saginaw and Flint. Combining the city of Midland with Flint and Saginaw will hurt all involved. Saginaw and Flint need representatives to deal with inner city urban issues and the lead issue. Midland needs help with watershed and flooding issues. Don't dilute our representative's efforts by asking them to deal with completely different issues.

I am less in favor of this map compared to others that include the Tri-cities. It's obvious that pains were taken to leave The city of Midland out of this map. I would prefer that Midland City is included. The tri-Cities is treated as a unit by many concerns, including commerce, religious communities, transportation, higher education, media, watershed, DHS. Please stick with one of the maps that includes the tri-cities, Flint, Genesee County, Bay and Saginaw Counties. Removing Tuscola County would enable the right population with minor tweaks of Shiawasee or even Arenac County.

9-29-21 RAS v2 HD	Dislike	District 30 is disjointed. The community or Orion is more aligned with Oxford, Oakland, Independence, and maybe the north part of Auburn Hills- but not a small piece of Oxford, Auburn hills and the Bloomfield's. The roads, pathways, local governments, school districts, economy, community of interests, rural verses city setting are all different	Donni Steele	2021-09-30 17:13:06+00
9-15-21 v16A SD	Dislike	Why are Highland Twp, Milford Twp, and Pontiac in the same district? These communities have little in common with each other, and this grouping only serves to dilute the votes on all these residents.	Everett Keyser	2021-09-30 16:20:32+00
9-15-21 v16A SD	Dislike	Grosse Pointe/Harper Woods should not be separated from Wayne County in this proposed redistricting.	Monica Hubbard	2021-09-30 16:13:30+00

9-15-21 v16A SD Like As a Muskegon County resident, I think this division of Muskegon County makes sense. It keeps the lakeshore area together with regions north and keeps the eastern part of the county, an area with more rural farming interests, with similar regions in Newaygo and northern Kent Counties. Jennifer Reeths 2021-09-30 16:06:09+00

9-15-21 v16A SD Dislike Why are all the communities along Lake St. Clair grouped together? We have the water in common, but that's it. Politically, these communities are very different. It's a once-in-a-lifetime event when I travel up to New Baltimore, Algonac, or Marine City. I'm much more likely to go to neighboring Harper Woods, Eastpointe, or the east side of Detroit. Everett Keyser 2021-09-30 15:54:23+00

Midland should be part of the Tri-Cities to keep our communities of interest together. As many have stated, they want to keep Midland County whole. So here is an idea, instead of carving out the townships in Midland County, why not take out some of the western townships in Saginaw County. It keeps the Midland whole, and puts some rural areas of Saginaw with other rural areas.

9-20-21 EID v1 CD Dislike Standish is a whole other world, its not the same as the rest of the counties on this map. With all due respect has the commission traveled our region? Keep us north of 55 if possible. Dave Cooksey 2021-09-30 14:45:35+00

9-20-21 v2 CD Like Battle Creek does not belong with Kalamazoo. The people trying to pair us are trying to bully us and take away our voice. The Kalamazoo-Portage Metropolitan Statistical consists of Kalamazoo and Van Buren County. By districting us the way the commission is, will have no effect on those trying to push us together for partisan reasons, but if you change the lines to better suit 1 party, then it will have a detrimental effect for thousands who will have no representation. Why are they trying to self pack themselves and then cry over gerrymandering. Sonja Marie Patrick 2021-09-30 14:22:56+00

9-15-21 v16A SD	Like	<p>The Grosse Points and Harper Woods have always been more linked to the northern suburbs than they are to the more urban Detroit. The needs and concerns are quite different and it would be great to have representation that would the better reflects those concerns.</p> <p>I like that my community stays in tact. I was worried the lines wouldn't be fair but this looks pretty good and I feel we would be represented in a fair way.</p>	Ronald Tolfree	2021-09-30 14:07:26+00
9-20-21 v4 CD	Like	<p>Thank you</p>	Richard Arno	2021-09-30 14:05:42+00

This 4th district is very odd, with the attempt to link the GR and Kazoo urban areas along the 131 corridor. It looks like you're trying to get one, and maybe two, possible Democratic districts out of this, something I would expect from a Democratic-run redistricting process in the legislature, if it was so controlled. But you can do better with 4, 9, and 13. Most people don't think partisan--they think job, home, local school, local shopping, etc., all arguing for geographically compact districts, as much as possible even in rural and small town areas. The lack on the commission of deep familiarity with western Michigan is so apparent, and so disappointing.

Jayne Germond

2021-09-30 13:43:54+00

It's impossible to comment on the whole map because there is no data regarding whether you have eliminated disproportionate partisan advantage that has been in every map so far. The Lansing region is poorly drawn. By packing heavily Democratic Delta Township in with Ingham County, you add to the disproportionate partisan advantage of the GOP by turning the purple Eaton County District red. Better approach would be to add southern ingham County to District 92 and put Delta Township and Grand Ledge into 94.

The inner ring suburbs of Ferndale, Pleasant Ridge, Huntington Woods, Oak Park, Berkley, and Royal Oak Township all share 3 school districts and this is my community of interest.

Besides the fact that this House District 18 map is split between Oakland and Wayne County, it is also splitting our school districts. Our communities also share the 9 Mile business district, and the 11 Mile business district. The Jewish communities in Oak Park and Huntington Woods have synagogues on 10 Mile, on Lincoln, and on Woodward. These are all Communities of Interest. The way your map is drawn you would be splitting our cities between 3 different districts and I fear our common

interests would be diluted.

As a resident of northern Oakland County, I don't personally have any issue with being combined with Flint and Genesee County, but the bigger issue with the proposed District 10 is that it also draws in the very rural Lapeer County (which my community does not share any mutual interests with), to create the equivalent of a Republican gerrymander, diluting the Democratic votes in Flint to create a decently red seat out of what could otherwise be a competitive district.

This state map as a whole could easily create an inadvertent 9R-4D split, in large part because of dilutions like the one found in District 10 and the packing of Democratic voters in districts in the Detroit Metro. I'd personally like to see a map that creates more

District 9 can be better drawn to unite the Detroit exurbs in northern and western Oakland County rather than combining them with the thumb in District 10. As someone from Independence Township, I do not have any mutual interests (economic, political, or otherwise) with communities in the thumb, but rather those in Oakland County like Rochester Hills, Novi, Wixom, West Bloomfield, and Pontiac. The population loss in District 10 can be offset by adding Utica, Washington Township, Clinton Township, etc. to 10 and uniting Warren in 6. The new District 9 would unite the Oakland County exurban areas of metro Detroit and would be highly competitive on a partisan level, while still allowing a VRA district to unite Southfield and Detroit. An image of such a proposed district is attached.

The 36th Senate District is close, but could use a small change. I agree with the other comment that Arenac should not be included in the 36th. For many of the same reasons he listed, I would like you to consider adding the rural areas of Cheboygan County instead. Cheboygan, Otsego, and Presque Isle are in the same ESD. Additionally, Cheboygan is in Heath Department District 4, along with Alpena, Montmorency, and Presque Isle counties. And, finally, the area is rural and it flows well into the surrounding areas, with the exception of Mackinaw City and the City of Cheboygan, the entirety of that county seems to have more in common with the rest of the surrounding counties in the proposed 36th district, than that of Arenac.

This map makes sense - that area of Waterford has a lot of connection to the City of Pontiac and follows the M-59 corridor. I do think that Auburn Hills is significantly connected to the City of Pontiac however, as it is one of the cities that impact the Pontiac School District (individuals on the northern border attend Pontiac Schools), used to be Pontiac Township and thus connected to the city, and many individuals that used to live in Pontiac live on the eastern border of Auburn Hills of the city. Additionally, there is strong connection with Oakland University in the City of Pontiac through the OU/Pontiac Initiative, which makes sense to connect the surrounding areas from OU, rather than randomly splitting Auburn Hills into the other district with Bloomfield.

I'm glad that the committee kept my small, urban community of Harper Woods joined to our traditional neighbors of the Grosse Pointe communities with whom we share many services and similarities, but the map ties us to agricultural rural communities whose concerns are vastly different. It would have made much more sense to join us with St. Clair Shores, Roseville, Eastpointe and portions of Detroit (Cornerstone Village on the map) because our interests are much more similar. I believe our representation will not reflect the needs of our community. Please reconsider the district lines for the lower portion of District 7 where our urban nature is considerably different from the needs of the more rural communities.

the Grosse Pointes were split  
10 year ago in the state house  
and there is unanimous,  
bipartisan and non-partisan  
opposition to any districts  
that would split us again. I  
was concerned to hear a  
commissioner suggest  
splitting up the Grosse  
Pointes today. That would be  
counter-productive because  
this District 4 as drawn is  
ALREADY IN THE VRA SWEET  
SPOT. According to the  
commission's consultants,  
you should look to create  
districts that are 40-45%  
African American VAP. This is  
one of the only districts that  
actually satisfies that goal.  
Although the Grosse Pointes  
would prefer to be with  
Harper Woods (a majority  
black city that shares a school  
system with us) and St. Clair  
Shores (another non-  
industrial, lakeshore suburb),  
we want to stay together as  
the Grosse Pointe COI most of Robert

Love this map! It solves a lot of the issues that the Commission was struggling with. Plus it puts the district numbers in the same places they have been historically (UP in 1, GR in 3, Flint in 5, etc).

Each district works, in my opinion. 1 is a rural "Up North" district. 2 unifies rural areas in West Michigan. 3 is Grand Rapids and Muskegon without being a wacky shape and keeps Ottawa County communities of interest together. 4 keeps the Lansing area together and keeps Livingston County together. 5 keeps Flint, Saginaw, Bay City, and Midland together without cutting Midland off from most of its county. 6 unifies Kalamazoo and Battle Creek, keeps lakeshore communities together (though maybe tweak the boundary near

I believe the commission is on the right track here - Including Muskegon with the GR area is probably the fairest outcome in any scenario. The population of the 3rd district without it would have to expand either into rural areas - favoring the GOP - or grab voters from Kzoo and Battle Creek - favoring Dems - to make up for the shortfall. The current layout is rated to have a partisan lean of R +1, which I believe is much closer to the reality of the population in the area trying to be represented. While Muskegon may be on the lakeshore and is certainly distinct in ways from GR, I can only imagine how different Muskegon would be from Mt. Pleasant or any of the rural areas that comprise most of the 13th. Even a short trip up to Sparta or to Newaygo county shows the already stark differences in population, despite their

it is tragic that Kalamazoo County residents in suburban areas surrounding the cities of Kalamazoo and Portage will not share representation with their neighbors living in the cities. The commission cannot reasonably justify creating a Senate district that includes unconnected portions of several counties. This is a compromised map, borne of an unfounded desire to include Battle Creek and Kalamazoo together that tramples over school district lines, connects areas that have nothing to do with each other and seems to be solely a partisan division that separates Democratic areas and Republican areas from each other. Kalamazoo is a bipartisan county that is never dominated by one party or the other and in the past 10 years has been represented by BOTH a

keeping the I-54 corridor intact seems to be a major reason for drawing the Battle Creek and Kalamazoo metro areas together, but I would like to remind the commission that Kalamazoo county has TWO major freeways passing through it and so does Calhoun county. The interests the commission believes the cities share are not as valid as the interests between Battle Creek and Marshall or Kalamazoo and the suburbs in Texas and Oshtemo townships.

As well, this map packs Democratic and minority voters in a seeming partisan Gerrymander while simultaneously lumping rural and likely-Republican voters from several counties into a horrible even more Gerrymandered district. This is absolutely not what the

voters intended to have the

This map is the compromised result of the horrible Stevensville to Caledonia map to the west. The commission's desire to draw a coast based district is admirable and makes sense, but deciding to keep the rest of Van Buren and Allegan counties apart seems to abandon reason, especially with the inclusion of several outlying Grand Rapids suburbs.

A cleaner and more logical map would have been drawing the remainder of Calhoun County, Barry County and the remaining Kent County portions together. These areas share state highways and school districts and also are the "in-between" area that makes up the landmass between the relative metropolises surrounding it. (Kalamazoo, the greater Lansing area,

Responding to Jennifer Austin's comment - I really like the map she linked. It takes the general idea of this map, but fixes some of the issues. The only thing I disagree with in her comment is the idea that 4 D, 4 R, 5 Competitive is a bad thing - I think that's inevitable with our states' political geography. And 5 competitive districts is a lot compared to many states. Texas and Oregon are both poised to pass partisan maps that would only include one competitive district in each state, for instance.

Kalamazoo County fits into an entire Senate District by itself. There is absolutely no need to break up this county. Texas and Oshtemo Townships belong with Kalamazoo and Portage. Battle Creek belongs with Calhoun County. This map dilutes the minority vote and erases the competitive district that Calhoun County has been for a very long time. Those wanting Battle Creek with Kalamazoo are packing minorities into a single district, instead of giving them the opportunity to elect 2 public officials to properly represent them.

I agree with other comments that the City of Midland is better grouped with Bay City and Saginaw. I'd include Mt Pleasant too if possible. Many people live in one of these cities and work in another along the M-20 and I-75 corridors. Much of northern Midland, Bay, and Isabella counties is rural farming country, but half the population of Midland County is in the city which is home to a large regional hospital and the Dow Chemical headquarters and manufacturing which is decidedly not rural. There are also several colleges and mid-sized to large universities located in Mt Pleasant, Midland, Saginaw, and Bay City including Delta which has campuses in two of these three cities. If Flint is also in the same district, it is also a manufacturing city with a large university.

I agree that the northeast portion of the Lower Peninsula fits well (mostly rural and small towns) with most of the Upper Peninsula, but the northwest portion is demographically and culturally quite different. It would make more sense to extend district 12 further south into Roscommon, Gladwin, Clare and northern Bay County. The northwest part of the Lower Peninsula could then be extended from the Straits to include Ludington, which is again more like the other coastal towns. I have lived all over the Lower Peninsula and don't believe residents of these areas would agree with this map.

9-20-21 v4 CD	Dislike	Niles needs to be with the rest of Berrien County. As a former resident I feel that Niles and eastern Berrien County reflect with all of Berrien County and Van Buren.	Douglas Kyle Nelson	2021-09-29 00:47:11+00
9-20-21 v2 CD	Like	District 8 nicely represents the area where I live. As I shared in my testimony and the Jackson public hearing Jackson County is solidly connected to Lenawee and Hillsdale counties through intergovernmental partnerships, economic development organizations, and non profits. Thank you for clearly using Moon's data showing community of interests when drawing this district.	Jeffrey F	2021-09-29 00:26:26+00
9-20-21 v1 CD	Like	Thanks for recognizing Ingham-Eaton Clinton as a unified region.	Chris Andrews	2021-09-29 00:09:19+00

Van Buren and Allegan should be kept whole and together for the Senate as a community of interest. They share many functions of government as well as a large Hispanic population. Both are rural, agriculture and tourism based economies with many similar small towns through the counties. Aside from being a community of interest, together, they fit nicely as about 2/3 of a Senate district and could take in other parts of similar rural or coastal counties. Van Buren and Allegan have much more in common with each other than they do with inland rural areas like rural Calhoun or with the

I live in Norton Shores and work in Muskegon public schools. Our school district is a majority students of color including one third Black and 10% Latinx. Nearly 90% of our students receive free or reduced lunch and 25% don't have internet at home. This is the reality of living in a community faced with historical racism and disinvestment. Our kids face real challenges that students in white, more affluent schools generally do not. It is essential that we be grouped with other diverse communities facing similar challenges so that we will have a representative who is fighting for our kids and making sure we have the funding we need to give them the same opportunities their white peers have.

I strongly dislike how the Commission has handled Southeast Oakland County. It is very easy to draw a VRA compliant district that keeps Berkley with Huntington Woods and Northern Oak Park, which all share a school district. Additionally, this map splits Ferndale from Southern Royal Oak; two areas which are very similar and have major downtown shopping and commercial districts. Northern Royal Oak is far more "suburban" in the traditional sense, while Southern Royal Oak (specifically looking at south of Catalpa/Gardenia) is far more in-line with Ferndale. Southern Royal Oak has a much greater concentration of medium and high density housing, and faces similar issues to Ferndale when it comes to issues of Housing Affordability, Zoning, and new

I have just figured out that House District 54 as drawn, lops off Southend Bay City from the House District. Not only is the Southend in Bay County, It is in Bay City! It is in the Bay City Public Schools School District! It has far more in common with Bay City (as part of it!) than Mt. Forest which is miles from Bay City. It makes sense to draw lines for House District 54 that encompass Bay City and the immediate townships adjacent to it, Moving out from there. People would understand that. Also following suit with the shoreline and the Saginaw River. I write this as a resident of Essexville which is on the Eastern edge of Bay City, The Southern edge of Saginaw Bay, at the mouth of the Saginaw river. It was a stroke of luck that my house/street were included in House

9-20-21 v4 CD	Like	<p>This is a fair map for the Livingston County area. It's a 50/50 map for partisan purposes. It also respects the wishes of the majority of commenters to keep Livingston County whole and not put us with Washtenaw County.</p>	Dan Wholihan	2021-09-28 20:29:01+00
9-27-21 v1 HD	Like	<p>I think these are good State House districts for the Livingston County region. The Brighton area is a community of interest, as is the Howell area. These districts keep those areas together. Tyrone Twp is the odd township out, but most of the residents there are in Fenton schools and with Fenton addresses.</p>	Dan Wholihan	2021-09-28 20:26:13+00

9-24-21 v1 HD	Like	<p>I approve this map for House District 54 with one tweak being necessary. As Bay County is drawn into the House District, the Southern line of District 54 cuts University Center out of Bay County. Delta College is in Bay County. University Center is mostly in Bay County and is a Community of Interest together with Saginaw Valley State University. For this reason, University Center needs to be included in House District 54.</p>	Carol Heron	2021-09-28 20:00:04+00
9-20-21 EID v1 CD	Like	<p>I really like how district 11 is drawn. It well represents the community by including the entirety of Warren and Grosspointe which are more closely related to such a community than northern areas such as Washington and New Haven.</p>	Nick Yee	2021-09-28 19:33:37+00
9-20-21 v4 CD	Dislike	<p>I believe district 6 should include the entire city of Warren, such a highly populated community shouldn't be split in half. Can take off some of the most northern portions to make an easy fix.</p>	Nick Yee	2021-09-28 19:14:52+00

The previous map with my comments seems to be gone. I like this Map because it does not split Midland county which allows the county governing body to better serve the community. It also keeps Midland with the smaller towns that are similar like Mt. Pleasant, Clare, Gladwin and Alma. These same towns are also in the Chippewa and Tittabawasee watersheds dealing with regular flooding events where we need to work together. Midland does not share the more urban interests of Saginaw and Flint, and even Bay City. Thanks for considering these points.

9-27-21 v1 HD Dislike The Macatawa peninsula on Lake Michigan should be with the district to the south which puts it with other beach communities on our continuous stretch of beach and dune along the lakefront. I have given written and oral testimony 3 TIMES on this and submitted a map. DO NOT FOLLOW THE COUNTY LINE--IT CUTS OUR COMMUNITY IN HALF. Lisa M Jevens 2021-09-28 18:01:51+00

9-20-21 v1 CD Like This map (#178) does maintain the Tri-Cities/Great Lakes Bay Region community of interest, in part, but then it pairs that with the very rural Thumb region stretching down to the shores of Lake St Clair. This is not a reasonable combination as the Thumb has no community of interest with the Great Lakes Bay region--different economic, social, and educational concerns. Please do NOT adopt this map. Lynn Pottenger 2021-09-28 17:44:15+00

This map (#180) is better than others in that it combines Midland, where I reside, with its sister cities Bay City & Saginaw, and with Flint--all of which form a community of interest (Tri-Cities/Great Lakes Bay Region) based on economic (industrial principally) and cultural (shared services and interests) and educational (SVSU, Delta College, Northwood University, sports leagues) aspects. While it separates Midland from the rest of Midland County, this is not a problem, given the much more rural base of (western/northern) Midland Country. Clearly counties will have to be split to meet the requirements of redistricting and this split is acceptable. While I think the map #144 does a better job, this one could work.

9-20-21 EID v1 CD	Dislike	I live in Muskegon Heights. Don't put us in a 90% White district	Darius Boyles	2021-09-28 15:44:14+00

Putting my dot next to Shannon Moore to piggy back on her comment. Attached is a suggestion on how to draw Districts 4, 9 and 13 to create a Muskegon-Grand Rapids district that unites communities of interest, rather than just linking townships in a straight line. The entire Muskegon area, entire Grand Haven area, and the entire Kent County Grand Rapid metro area are included, linked together by I-96 and the Grand River.

District 9 then includes all of southern Ottawa County - Holland, Zeeland, Hudsonville, Jenison, Allendale.

District 13 gets Barry County and a couple townships in Kalamazoo County, which makes it huge and sprawling, but that's what happens when we lose a district and, at the same time, the population Muskegon belongs in a diverse district like this, not with a 90% White district where we can't be heard. Please make a more compact version of this.

Robert Wolfer is incorrect about the VRA. A Muskegon-Grand Rapids district would be about 30% minority, which certainly does not constitute packing from a VRA perspective. In fact splitting these areas could be considered a "crack" under the VRA. Cracking is a bigger concern than packing when you have smaller clusters of concentrated minority population as opposed to very large concentrated minority population like in Detroit.

I really like this configuration of the Tri-Cities being kept together as well as adding Flint with it. These areas have many industrial similarities. I will also note, that many people are saying to keep their counties together, even though it is impossible to keep every county whole. So some county has to be split somewhere, and this split in Midland county is one in which I agree with.

I think it is a good idea to include Muskegon with Grand Rapids because Muskegon has a large Black population. However, this plan was haphazardly drawn and does not do a very good job executing this goal. I'm afraid the public will shoot it down because it's poorly drawn, not because putting Muskegon with Grand Rapids is a bad idea. Many people on the portal have provided ways to make a more compact version of District 4. I think the commission has an obligation to put forward a more reasonable and compact version of this plan for consideration given the public comment regarding disenfranchising Muskegon and western communities of color. What I recommend is extending 4 into Northern Ottawa and removing more exurban parts of Kent and placing them in 13. Then put

This is not the right way to split Greater Lansing. You can easily do a core Lansing district, core East Lansing/Okemos district, South Lansing/Holt and out-county district, and a district based on Lansing's western suburbs and environs.

With this map I've attached below, you get a unified Clinton County save for the small portions of Lansing & East Lansing which project into it, and you added in the neighboring Shiawassee Co. communities most similar to it and connected to the Lansing area. You only get one municipal split: Lansing. And that's because it's too large for a single district. You get very compact districts. The Eaton County district remains a swing district.

9-15-21 v15A SD	Dislike	<p>This map dilutes the power of the voters in Macomb County. The 3rd largest county in the state has 3 State Senators. This map would only guarantee only 1. You must respect county borders when drawing maps. The Counties operate as their own community of interest and should not be diluted across county lines.</p>	John Caron	2021-09-27 13:25:29+00
9-24-21 v1 HD	Dislike	<p>On a Senate Map, St Clair Shores is joined with other lake front communities since there is a shared interest. This map splits St Clair Shores with the southern portion being combined with Detroit where needs and issues are far different than southern St Clair Shores. This dilutes the power of the voters to split the City into 2 when it does not need to be split.</p>	John Caron	2021-09-27 13:20:10+00

9-16-21 v2 CD	Like	<p>While it certainly a goal to keep counties intact within congressional districts, there are going to be unavailable situations where a county must split. Not sure why there are so many here against splitting Midland county but to me, it is fine and makes sense to if needed to make a district out of the tri-cities. It seems like districts 12 and 13 unfairly pack a large amount of Dem leaning voters into two districts. While I understand it's unavoidable to a certain extent, I hope the the the final map fairly represents the even partisan split in our state.</p>	Ryan T.	2021-09-27 01:21:28+00
9-20-21 EID v1 CD	Dislike		Ryan T.	2021-09-27 01:14:55+00

Regarding districts 1 and 2 - I think that the North East and North Central portion of the lower peninsula align much more with the upper peninsula than the Lake Michigan shoreline. I'd suggest a district with the UP and NE Lower Penn. and a District that covers Lake Michigan from the Bridge down to Muskegon and including the chain of lakes.

9-23-21 v1 HD	Dislike	<p>I think this iteration of the district map needs serious rethinking. Splitting a small community like Redford into 3 (!) different districts is ridiculous. We should all be represented by one Representative working for our best interests. Tacking little bits of us onto other larger communities all but guarantees our voices will not be heard.</p>	Melinda Jean Graczyk	2021-09-26 14:36:48+00
9-16-21 v2 CD	Dislike	<p>In what world did you take into account communities of interest in this map? Battle Creek has more in common with Kalamazoo than ANY of the border counties. Not only the fact that there is a major military base straddling both Calhoun and Kalamazoo Counties, but also the shared workforce and I-94 corridor. It almost feels like our concerns were NOT taken into consideration.</p>	Anthony Pennock	2021-09-25 21:17:48+00

9-15-21 v16A SD Like This is the ONLY map of Battle Creek I agree with. In what world is there is a community of interest in teh House maps between Battle Creek and the border counties when we are the I-94 corridor? This makes NO sense at all! Anthony Pennock 2021-09-25 21:13:26+00

9-15-21 v16A SD Dislike Once again, Warren is Michigan's third largest city, and Macomb County's largest city. Yet under this map, the voting power of our citizens is torn apart. This map will devastate the ability of Warren residents to vote for elected officials who truly care about our issues. There is no reason to tear apart our city other than a desire to dilute the voting power or working class residents. Jeremy Fisher 2021-09-25 20:50:12+00

Warren is Michigan's third largest city. We are a major hub for the auto industry, the defense industry, and manufacturing in general. We are the largest city in Macomb County.

This map divides Warren into four state rep districts diluting the power of our voters. It is likely to lead to the third largest city in the state having zero state representatives elected from within our borders.

This map is unfair to the working class citizens of Warren.

my immediate impression.  
this map makes sense! A big  
improvement from the  
current map and from the  
other plans presented. Please  
adopt this map.

This map is VRA compliant,  
and the majority-minority  
13th District brings together  
clear communities of interest  
along the Detroit River. It  
makes much more sense to  
combine Ann Arbor with the  
Western Wayne County and  
Western Oakland County  
suburbs than with the  
Downriver suburbs. The 9th  
district brings together the  
bulk of Oakland County's  
diverse, relatively affluent  
suburbs minus those that are  
joined with Ann Arbor.  
Madison Heights and Hazel  
Park are divided from  
neighboring Royal Oak and  
Ferndale, but they share  
characteristics with diverse,  
neighboring Warren as well,

Midland County is one community of interest that should be maintained. Maps that split up our county will make it more difficult to coordinate our flood mitigation efforts.</p>	Matthew J Smith	2021-09-23 15:05:39+00
9-16-21 v2 CD	Dislike	<p>I do not like this map. It makes no sense to split up Midland county. Our county is a community of interest that should be maintained.</p>	William Schuette	2021-09-23 14:49:34+00
9-20-21 EID v1 CD	Dislike	<p>Why would you want to split Midland county. I oppose this map. Splitting a county would be similar to splitting a household or next door neighbors who have similar interests. Keep Midland and its county whole.</p>	William Schuette	2021-09-23 14:46:50+00

9-16-21 v2 CD	Dislike	<p>I oppose this map. Why would you want to split up Midland County. This would be similar to splitting up the state of Michigan on a senatorial seat and connecting us with another state such as Ohio, only impacting us at a local level. Keep counties whole and together.</p>	Dennis Quehl	2021-09-23 14:39:55+00
9-22-21 v1 HD	Opinion	<p>Greetings. The small triangle of Royal Oak boarding Beverly Hills is called "The Beverly Hills neighborhood of Royal Oak." It makes sense to include it in District 21. That should make it possible for you to include more or all Clawson in 23.</p> <p>Strongly dislike. Midland County should not be split up. Our watershed with our rural communities is one of our top issues and should not be broken apart. City of Midland is aligned with our rural neighbors not big cities.</p>	Daniel Grams	2021-09-23 14:19:27+00

9-16-21 v2 CD	Dislike	Strongly dislike. Splits Midland County from City. Our city and county work closely together on many issues. Our city is small and more closely aligned with our rural communities.	jane scott	2021-09-23 13:40:21+00
9-16-21 v2 CD	Dislike	Midland County should *not* be split.	D	2021-09-23 13:06:05+00
9-20-21 EID v1 CD	Dislike	The district labeled "5" is not acceptable - chopping off a third of Midland County? No. The overall Congressional districts proposed by this map are among the fairest presented so far1	D	2021-09-23 12:53:32+00

9-22-21 v1 HD	Like	This is the part of Grosse Pointe Shores that was cut off from the rest of Grosse Pointe. It is a small population to shift if the commission were so inclined.	Bob Dindoffer	2021-09-22 23:25:58+00

Thank you for mostly keeping the Grosse Pointes together. Obviously, this is strong VRA opportunity to elect district. However, unlike 10 years ago, the Grosse Pointes are mostly together, which will at-least make us relevant to our state representative. This will hopefully allow us to advocate for stewardship of our lake and lakefront infrastructure issues. Please note that the Commission did split Grosse Pointe Shores into two districts. Also, I would very much have liked to have Harper Woods with the Grosse Pointes as the communities share many services and share a school system. However, given what happened to us 10 years ago, I will take the map as drawn and thank the Commission for it.
