10-08-21 v1 CD RAS	Opinion	sikh americans are community of interest. please keep communities of rochester hills, sterling heights and troy together. this will represent my community's interests.	amardeep mann	2022-03-13 18:07:00+00
Lange Congressional	Like	I believe the 13 congressional maps will bring a challenge to most. But change is good.	Jacqueline Sproles	2022-02-20 02:53:11+00
Chestnut	Like	Madison Heights and Hazel Park has more in common with Ferndale, Royal Oak, and Berkley, I like that this keeps us with Oakland County	Jennifer Nagle	2022-02-16 14:34:27+00
Lange Congressional	Dislike	The "Independent Commission" is bogus as expected. The goal is clearly to favor Democrats as much as possible by lumping large swathes of rural areas with dense urban areas in order to swing seats blue. District 6 is a prime example of this, but you see it all over the map, particularly in the southeast.	J Roberson	2022-01-28 16:51:10+00
Chestnut	Like	Thanks Roy, for the cover. We democrats are suckering the masses into willingly serve us.	democrat insider	2022-01-27 00:41:20+00

This map appears to be cleanly described, with continuous square lines roughly displayed as blocked rectangular sections. Only a couple of districts seem to intrude into another, mainly in the Detroit region due to high population density and residence distribution. Looks Fair and Non-Partisan. Like it. Holds true to the expectation of non-forced district boundaries.

We, the democrats control the Independent Redistricting Commission, suckers. We gerrymandered this map badly so we, the democrats, will win by creating districts with a large majority republicans by packing them together in a district and creating districts with a narrow democrat majority. We violated municipal and county boundaries to do this deed. Thanks Mr. Eid and Ms. Szeztela, both "independents" who are democrats and we have more democrats posed as republicans on the commission also. We win suckers enjoy our "cruel" rule. democrat insider

Chestnut	Like	Love being in the 6th district I could never understand living in Washtenaw County 10 minutes from Ann Arbor why we were put in the republican Gerrymandered district of Tim Walberg goodbye Walberg.	Deborah Buzzy	2022-01-09 15:38:45+00
----------	------	---	---------------	------------------------

Chestnut	Like	"Honest Broker is resorting to names because she/he isn't "Honest" enough to use their own name. Who I voted for shouldn't matter, but for the record I have voted for candidates from Both parties. I just want to see people properly represented, and this independent commission (It has members from both parties), is step up from one party deciding who stays in power. I hope you have a good day. Bless you.	Jason P Bauer	2022-01-08 19:23:03+00
----------	------	--	---------------	------------------------

Chestnut	Dislike	I believe Jason Bauer is happy about the gerrymandered map is because his democrat (marxist) party is going to steal the election from the will of the majority of the people in Michigan by packing rural/suburban districts with super majority for republicans by violating municipal/county boundaries and split up the democrat vote into narrow majority districts. A crook is a crook whether stealing money from a bank or stealing elections from the people. This map is unfair. we worked hard at the redistricting meeting and fought for a fair map. We did get the map voted on. It met all the criteria set up by the state. This map does not	honest broker	2022-01-08 01:12:09+00

Chestnut	Like	No map will be perfect, I am glad we are taking steps to not Gerrymander like the old maps, I work in GR as great many people do, and am glad that where I work and live are now in the same district. I believe the people upset are mostly upset because they know that one party is losing its major advantage of the last 20+ years, and finally the state might see some change.	Jason Bauer	2022-01-07 16:48:21+00
Chestnut	Dislike	This is just another map that makes no sense. Living "downriver" and now being grouped with Ann Arbor and much of Washtenaw County seems a bit ridiculous. What do they see that is consistent from one end of 6 to the other?	Richard Gyolai	2022-01-07 14:15:34+00

I just moved out of MAGAcomb and that loopy Q-wacko McClain's district, and now they put me back into it. I'm fine with it as long as the rest of the map is more sensible & competitive. No Republican can complain about this map after the map we've been living with the last 10 years....which was designed by one party solely to steal/invalidate the power of people's vote. If this means more competitive races, then it's good for the process.

Chestnut	Opinion	I believe in democracy, not a party. Split a precinct up precinct 18A will now have two State	Tom Rodgers	2022-01-06 23:10:15+00

None of the maps Represent  
 Detroiter's we are split up on  
 every map to ensure we have  
 no political power and no  
 control over our tax dollars  
 being allocated to us and for  
 us. Taxation without  
 Representation another JIM  
 CROW POLICY being re-  
 instated. I have nothing in  
 common with Grosse pointe,  
 Sterling Heights, Dearborn, St.  
 Clair Shores. The needs and  
 wants are very different for  
 other communities. Detroit is  
 the Unicorn of the State  
 needs are very different We  
 are just Sharecroppers in the  
 State of Michigan. Tax dollars  
 are always diverted to  
 another community. Via  
 contracts or re-allocation THIS

I want to express my heartfelt appreciation and commend the redistricting committee for the committee's hard work and dedication in completing the redistricting maps for Michigan in the face of so many difficulties and challenges, from the census information delays to the Covid pandemic, and probably a few others. Kudos to you all.

I know that your work will not make everyone happy. As I read the comments section, I am struck by how many of the negative comments are along very narrow, parochial lines, with criticism of how it affects their city or region. These very parochial criticisms give me some confidence that your maps are getting the big picture right.

I would hope that more people would have the bigger picture in mind. My primary hope and is that these  
This seems to be stretched into new dimensions. Looking forward to a powerful presence by the new 9th District.

Linden	Like	This appears to be the most fairly drawn Senate Map One more note on districts 10-13. The VAPs of all four districts taken together provide an average VAP of 608,296 per district. D10 is 11,976 people above average ("PAA") and D11 is 15,796 PAA. Together D10 + D11 are 27,745 PAA. Compare this with D12, which is 12,185 people below average ("PBA"), and D13, which is 15,562 PBA. Together, D12 + D13 are 27,747 PBA. Coincidence or is there more to this?	Heidi R Warrington	2021-12-30 20:05:46+00
Chestnut	Opinion		Luke S	2021-12-30 19:52:42+00

Does SCOTUS have a nutcracker? Chestnut poses a problem to the VRA regarding Minority-Majority Districts ("MMDs"). Districts 13 and 12 have the lowest and third-lowest VAPs, respectively. Both districts have less than 50% minority VAPs while D12 has a white VAP exceeding 50%. Further complicating this issue are neighboring districts 10 and 11, with the second and third largest total VAPs, respectively. Only time will tell whether the Court will crack this Chestnut.

As a lifelong resident of Ottawa County, this map is the only one of the three that makes sense given the culture and history of our community.

As far as I can tell, none of the State House maps preserve the Grandmont-Rosedale communities in one district. These five communities work together toward common interests in their area, and have a long and documented history of community advocacy. Splitting them up would lessen their impact, and would be detrimental to the west side of Detroit. I urge you to redraw the maps to preserve North Rosedale Park, Rosedale Park, Grandmont, Grandmont #1, and Minock Park in one district.

Linden	Like	<p>I like the Linden map because it puts the City of Midland in the same district as Bay City and Saginaw. These Tri-Cities share much. To have a State Senator paying attention to the needs of these medium-sized cities is a good thing, rather than dilute attention with the needs of rural areas. The Linden map rightly puts the more rural areas of western Midland County in the more rural district to the west. The statements to simply "keep Midland County whole" are just not persuasive.</p>	Clifford Todd	2021-12-29 15:32:22+00
Chestnut	Like	<p>I like the Chestnut map because it puts the City of Midland in the same district with Saginaw and Bay City. This is a natural grouping, as embodied in our MBS Airport. The City of Midland shares less with western and northern Midland County. The Chestnut map rightly puts outer Midland County with their similar areas to the north and west.</p>	Clifford Todd	2021-12-29 15:18:37+00
Chestnut	Dislike	<p>This is an absolute S#\$% show map</p>	LEONARD J DORAZIO	2021-12-29 14:53:14+00

Szetela Senate	Dislike	<p>After looking at all of the maps, NONE of them represent where we work, spend our time or money. This is extremely disappointing. The Rose township area of Oakland county should be in the same district as Fenton or Holly.</p>	Patricia Banner	2021-12-29 14:38:49+00
Lange Senate correct	Dislike	<p>This map does not represent where we work, spend our time or money. As part of the Fenton School district, we should be included with Fenton - or even with the village of Holly!</p>	Patricia Banner	2021-12-29 14:29:37+00
Kellom Senate	Dislike	<p>This map does not represent where we work, spend our time or our money. Include us with Fenton as we live in the Fenton school district.</p>	Patricia Banner	2021-12-29 14:21:25+00
Linden	Dislike	<p>This map does not represent where we work, spend our time or our money. Include us with Fenton.</p>	Patricia Banner	2021-12-29 14:16:03+00

I am a current resident of Muskegon County, former resident of Ottawa Co and also own a business in Ottawa Co. It makes no sense to split Holland from the rest of Ottawa Co and connecting Muskegon & Grand Haven to Gr Rapids. It would have made more sense to include Holland with Muskegon and Gr Haven. Furthermore, Wayland, Dorr, and Sparta are not part of the Gr Rapids district, even though they are nearly an extension of the suburbs now.

Reading other comments, especially for Oakland Co and the Detroit Metro areas, I suppose that the commission figured that if everyone was pissed off, they would consider it a booming success. Well, mission accomplished - you've managed to create such a mess that almost

Cherry V2 Dislike This map does not represent where my family works, attends school, or spends our time and money. We should be included in the Fenton district. Patricia Banner 2021-12-29 14:04:44+00

Hickory Dislike And I thought nothing could be worse than what was done in 2010 - our community of beaches along Lake Erie are divided into (3) legislative districts. This so severely hinders the Community of Interest mandate it's ridiculous - you were looking for precincts to move into other districts and stripped Frenchtown Township and divided not only Monroe County into 4 districts; but divided Frenchtown into 3 districts and stripped the communities along Lake Erie too in order to dilute their influence with the power companies - how you enjoy whatever monetary benefits you get from these decisions while the rest of us suffer. Mary Etta Kreklau 2021-12-29 13:58:49+00

Linden	Dislike	This map makes sure that the environmental issues posed for the Great Lakes is shouted down by the commercial farming businesses in rural Monroe, Lenawee, and Hillsdale Counties that contribute to the excess pollution of the Great Lakes. Gee thanks.	Mary Etta Kreklau	2021-12-29 13:49:50+00
Hickory	Like	Matt Maddock is still in my State House District!!! Matt is a solid conservative patriot who represents me very well.	Tim Mauro-Vetter	2021-12-29 13:49:38+00
Chestnut	Opinion	I see ALOT of negative comments. It's impossible to please everyone. The goal of all this is to establish a district map that is better than what we had before. I, for one, think it accomplishes that. All your points are valid...but lets get this change done and move on to the next.	Darrell Jarvis	2021-12-29 13:23:39+00
Chestnut	Like	To Micheal S: This is actually Muskegon State Park property, so it's just keeping this area with the other Muskegon State Park property to the south. No residents on this section.	Laura Abramson	2021-12-29 13:20:06+00

Chestnut	Like	<p>This map for the 8th district is fair, it has a low partisan score, and links communities with common interests.</p> <p>Thank you for your work on this and please adopt it.</p>	Barb Handley-Miller	2021-12-29 12:37:14+00
Chestnut	Dislike	<p>Oakland County is divided into 6 DISTRICTS in Michigan.</p> <p>How is that helpful?</p> <p>This map ensures that communities of color are preserved and enhanced by joining Grand Rapids to Muskegon and Muskegon Heights. Having the lakeshore as part of the equation is good but is not the only element to our communities of interest.</p>	Tim Mauro-Vetter	2021-12-29 11:55:16+00
Chestnut	Like	<p>Good grief, Ann Arbor is split among four state congressional districts. There should be community cohesion. This map totally dilutes the Ann Arbor community vote.</p>	Josie A James	2021-12-29 05:22:53+00
Hickory	Dislike		Patrice Matujec	2021-12-29 04:32:30+00

has anyone anywhere on any of these boards said: "This map favors the Democrats"? Not that I can see. Instead, it seems the Republican partisans are haggling over splitting Midland or some such masquerade. We are arguing in all of this over how far away from partisan fairness we can tolerate. To my mind a little sickness is still not healthy. A little unfair is still unfair. We are asked to choose among maps that are grossly tilted toward the Republicans, or only those that are a wee bit unfair, or even ever so rarely one (Szetela Congressional) that actually carves out partisan fairness and meets other constitutional criteria. Wow! If that can be done once, it should be possible for all the electoral contests. Great that you've talked to each other, great that you've done a lot of hard, hard work, but most of

I wish to bring to your attention, the extraordinary history of the Michigan State Senate over the last 39 years. That body has been under uninterrupted Republican control since February of 1984 and is expected to remain so until at least January of 2023.

The last Democratically-controlled Senate was elected in 1982, the year Gov. Blanchard was first elected. The margin was 20D-18R. A year later, Dem Senators Phil Mastin and David Serotkin were recalled and Republicans were elected to replace them in Feb. 1984, shifting the margin to 20R-18D. Republicans have controlled the Senate ever since. February 1984 to January 2023! This is a 39 year period. During those same years, Michigan has had Governors 20 years R to 19D. and the State House has gone Gregory Sullivan

Apple V2	Dislike	Not what we need. Apple V2 rewards the Republicans with more seats than they will earn from voters. It's strongly partisan, unfair, and should not be used. Really awful and not even the worst, which is Lange.	Peter Bane	2021-12-29 04:08:57+00
Chestnut	Like	Reasonably fair and responds to concerns about minority voters and Communities of Interest in the Detroit area, but both Birch V2 and especially Szetela are more fair and more adroitly drawn. You have a clear choice on Congressional maps. This is only #3 in my view. This map has many good features, though Szetela is a better choice. Birch V2 comes closest to having the most even number of voters in each district, but still has a lean towards the minority party that should be wrung out. It protects COI in Detroit better than other maps. I prefer Szetela, but Birch is close behind and could be made better.	Peter Bane	2021-12-29 04:05:28+00
Birch V2	Like		Peter Bane	2021-12-29 04:03:00+00

Szetela Congressional Like I like this map for many reasons. It's fair on partisan scoring. It respects many communities of interest, and I like that it groups Muskegon with Grand Rapids and the rest of SW Michigan. The areas are historically linked and this will help strengthen democratic representation across the proposed district. Peter Bane 2021-12-29 03:58:34+00

Szetela Congressional Like This map actually achieves partisan fairness with a near 0% Efficiency Gap, by combining the best features of Birch and Chestnut. In other words, it will mirror the popular vote for Congress statewide. It does well by Communities of Interest, a difficult criterion to meet. It also establishes Voting Rights Act districts. Bravo!! This is the one we need. Strongly urge you to adopt this. Peter Bane 2021-12-29 03:53:31+00

Lange Senate	Dislike	A dreadful map and deeply partisan, heavily favoring the Republicans who are nothing like a majority in the state. It has no minority-majority districts, and no redeeming features. It should be scrapped entirely.	Peter Bane	2021-12-29 03:48:18+00
Palm	Dislike	Palm packs Democrats in Washtenaw County, and it has a very bad partisan tilt toward the Republicans statewide. One of the worst, most unfair, unrepresentative maps. Put it aside.	Peter Bane	2021-12-29 03:45:50+00
Kellom Senate	Dislike	Kellom offers the most minority-majority districts, which may please some, but overall it is very partisan and will ensure control of the Senate by the minority party. Do not use it unmodified. There are better maps.	Peter Bane	2021-12-29 03:42:23+00

Szetela Senate	Opinion	<p>This map responds to comments of Detroiters who wanted strengthened Voting Rights Act districts, but the overall map is too partisan and favors the minority party. Less unfair is still not good enough. We need fair maps. Keep working. There are better choices than this one. Cherry still favors one party, but it is one of the fairer maps. It's possible to do better and you should try.</p>	Peter Bane	2021-12-29 03:36:02+00
Cherry V2	Like	<p>This map does pretty well by Communities of Interest.</p>	Peter Bane	2021-12-29 03:31:15+00

This map approaches partisan fairness. Cherry might be almost as good, but this one has more even population between districts. It is probably the best of the Senate maps. Thank you for unpacking Democrats in Ingham and Washtenaw Counties. This could still be improved. Even though this map delivers two competitive districts and a small Democrat lean in the overall vote, I wish you would unpack and shift it slightly more in proportion to the historic trends in party voting statewide. This would give us the Senate the voters deserve. Since the MI House maps are so BAD, and you really need to delay to improve them, take the interval to make the Senate maps better than they are.

Linden

Like

Peter Bane

2021-12-29 03:22:00+00

This is the most unfair of the MI House maps. Don't use it. While many commenters are incensed about how some lines are drawn in the immediate area, these will matter less than maps that unfairly deliver control of the House to the minority of voters. All the House maps have a partisan tilt that will disenfranchise majority party voters. We've dealt with dreadful gerrymandering for decades in Michigan, and have paid a terrible price for the bad government it delivers. Not one of your MI House maps is fair. A less unfair map is still unfair. The principle of equal representation must be paramount, not just in the size of districts, but in over all state-wide effect of their partisan composition. There will be no way to achieve partisan fairness at the state level without some

Pine v5

Dislike

Peter Bane

2021-12-29 03:13:37+00

This map is terrible and not the worst: reject it. Its partisan tilt will give a majority in the MI House to a minority of voters - just the problem MCIRC was adopted to address. Without fair maps we will get unresponsive government. Flint is a result of bad redistricting. The voters threw out the Emergency Manager law that allowed it, but the partisan, gerrymandered legislature restored it. Keep lead poisoning in mind. It could happen to your children or grandchildren. Your choices will have life or death

Magnolia

Dislike

consequences. Please keep working to draw fair MI House maps. None of them provide partisan fairness. Each awards a minority of voters with a majority of representatives. This one is bad. Others are worse. None of the maps address the concerns of Detroit voters about electing candidates of their choice.

Thank you commissioners for taking our community of interest into account in the Congressional map of CHESTNUT, and the Senate map of LINDEN, which our community supports. I support the Chestnut map only in the way that it represents our community of interest shown in C1510, however when it comes to fair maps for the entire state we strongly support the Birch Map.

Birch V2	Like	The Birch Map offers fair maps compared to the rest of the proposed maps.	Zainab AIN	2021-12-28 19:00:18+00

This version of Congressional redistricting works well in several aspects for my own proposed district (new MI-06), as it keeps Washtenaw County intact, includes all of Milan and respects the connections between the communities of eastern Washtenaw and western Wayne County. Overall, however, it's not my favorite of the redistricting options. In particular, that single district stretching across the southern border of the lower peninsula is truly odd in terms of disregarding communities of interest. The ecology, economy, and other key elements of SW MI are better respected by keeping Berrien County in a US House district with others to the north, as Birch v2 does. For this reason and for some similarly arbitrary divisions in the eastern part of the Lower Peninsula this proposed map The Middle Eastern or North African community is concentrated in the Dearborn and Dearborn Heights area, this map ensures fair representation

Birch V2	Like	<p>Another poor example of pulling the city of Midland out of Midland county and carving up other counties unnecessarily to serve what appears to be a partisan gerrymandering goal. Leave counties whole as much as possible. Leave city of Midland with Midland county.</p>	Bilal Elkadry	2021-12-28 18:53:37+00
Apple V2	Dislike	<p>Another poor example of pulling the city of Midland out of Midland county and carving up other counties unnecessarily to serve what appears to be a partisan gerrymandering goal. Leave counties whole as much as possible. Leave city of Midland with Midland county.</p>	Christian Velasquez	2021-12-28 18:51:17+00

Birch V2	Dislike	<p>Why pull just the city of Midland out of Midland county? Why carve up Saginaw and Bay counties. Keep these cities and counties whole as best as possible. That was part of what the original redistricting commission proposal was based on. This is partisan gerrymandering. Dragging a district out along a highway between two cities where it looks like a dumbbell is a clear sign of gerrymandering. This goes against intent of the vote for an independent redistricting commission.</p>	Christian Velasquez	2021-12-28 18:47:27+00
Szetela House	Dislike	<p>Birch v2 does a reasonable job of balancing multiple and sometimes incompatible criteria for fair redistricting. I support it over the other proposed maps for Congressional districts.</p>	Christian Velasquez	2021-12-28 18:44:36+00

A district that divides Roseville would not be able to properly address the unique economic challenges, infrastructure needs and interests of Roseville's residents. We are a community of interest with a proud history. It is a community that has a significant population of older residents, as well as similar demographical and socioeconomic characteristics with a strong sense of togetherness and community. The proposed map dilutes and minimizes the importance Roseville has, as parts of Roseville would be split into two different districts, and would be anchored to different municipalities with significantly different needs and interests than Roseville. Roseville has a strong working-class background that deserves fair representation

Szetela House	Dislike	There are no fair MI House maps! please create a new map that that does not give the majority of seats to the minority of voters and that addresses the concerns of Detroit voters.	Marie Colombo	2021-12-28 15:56:30+00
Szetela Senate	Dislike	Szetela is a bad option, Palm is the better option. This map does not keep communities of interest properly together for fair representation. Lange senate map is not a good option. Palm is the best option of the senate maps. Please do not choose this map as it does not keep communities of interest together.	Kathy A Swartz	2021-12-28 15:56:11+00
Lange Senate correct	Dislike		Kathy A Swartz	2021-12-28 15:53:37+00
Hickory	Opinion	This is the best of the MI Congressional maps, although it lacks partisan fairness by giving the majority of seats to the minority of voters. IF you cannot produce a better map, I hesitantly support this one.	Marie Colombo	2021-12-28 15:51:41+00

Kellom Senate	Dislike	Kellom is not a good option, Palm is the better option. Urban areas of Jackson county should not be combined with Washtenaw county as this does not keep communities of interest together.	Kathy A Swartz	2021-12-28 15:51:34+00
Linden	Dislike	Palm is the better option. This map will not allow the rural residents of Jackson county to be fairly represented.	Kathy A Swartz	2021-12-28 15:49:28+00
Palm	Like	This map is the best option of the senate maps as it provides the best overall representation for all the citizens impacted.	Kathy A Swartz	2021-12-28 15:47:01+00
Magnolia	Dislike	This is the worst of the MI Congressional maps; there really are no fair maps to endorse.	Marie Colombo	2021-12-28 15:46:09+00
Chestnut	Dislike	Keep Midland County whole. Palm is the best option, this map is bad because the rural voices of Jackson county will not be fairly represented.	Ann Rozeveld	2021-12-28 15:45:41+00
Cherry V2	Dislike	It makes the most sense to keep the city of Midland and its county together, and to keep Midland and Gladwin counties together.	Kathy A Swartz	2021-12-28 15:43:06+00
Lange Congressional	Like		Ann Rozeveld	2021-12-28 15:42:55+00

Linden	Like	<p>I support the Linden map as the most fair of the three senate district choices from a partisan view, and I strongly oppose the Palm map. I've studied the Linden map and I'm a little disappointed that Wexford and the City of Cadillac are grouped into district 36 with the vast rural area to the east. As a COI, I suppose it makes sense. But I'd like to know what the recent Republican representation has really done for this disadvantaged area.</p>	Thomas Stoffer	2021-12-28 15:36:17+00
Lange Congressional	Dislike	<p>This is the worst map it likely guarantees that Republicans will win the most seats, even when Democrats get the most votes. Please do not endorse this map. Chestnut is the better option. This map combines Jackson with Washtenaw county, so does not keep communities of interest separate and whole.</p>	Marie Colombo	2021-12-28 15:35:41+00
Szetela Congressional	Dislike	<p></p>	Kathy A Swartz	2021-12-28 15:35:40+00

Birch V2	Like	Of all maps offered for consideration, the Birch V2 appears to be the most representative of the included community groups such as those throughout the Gratiot corridor, north Warren, Sterling Heights, and Troy. It's also the least disruptive.	Barbara J Geck	2021-12-28 15:35:22+00
Lange Congressional	Dislike	Chestnut map is better. This map does not keep rural communities whole.	Kathy A Swartz	2021-12-28 15:33:06+00
Apple V2	Dislike	This map is very bad; It is terribly partisan and favors Republicans. Please do not endorse it.	Marie Colombo	2021-12-28 15:32:50+00
Apple V2	Dislike	Chestnut map is better, this map will not allow rural communities proper representation.	Kathy A Swartz	2021-12-28 15:31:39+00
Chestnut	Like	This is a fairly good map because it has good partisan fairness and protects COI in Detroit, but is still gives more seats to the party that has the fewest votes. Please endorse Szetela or Birch instead.	Marie Colombo	2021-12-28 15:29:17+00
Birch V2	Dislike	Chestnut is a better option. This map does not keep communities of interest together.	Kathy A Swartz	2021-12-28 15:25:22+00

Birch V2	Like	This is a good map that includes voting rights districts, and protects COI in Detroit, but it still gives more seats to the party that has the fewest votes. The Szetela map is better.	Marie Colombo	2021-12-28 15:24:00+00
Szetela Congressional	Like	This is an excellent map. It addresses communities of interest, voting rights districts AND provides partisan fairness. Please approve this map.	Marie Colombo	2021-12-28 15:18:30+00
Szetela Senate	Opinion	This map creates voting rights districts, and meets the requests of Detroiters. But overall, it is not as fair as others.	Marie Colombo	2021-12-28 15:14:08+00
Lange Senate	Dislike	This map creates NO minority-majority districts and is dismal on the partisan fairness score. Please do not approve.	Marie Colombo	2021-12-28 15:10:24+00
Birch V2	Opinion	somewhat better than Birch in balancing communities of interest	Barbara A Conley	2021-12-28 15:08:20+00
Chestnut	Dislike	does not keep communities of interest in mind at all; Lakeside communities have different interests than interior ones.	Barbara A Conley	2021-12-28 15:07:26+00

Palm	Dislike	While all the maps give an unfair advantage to Republicans, this one is the worst. Please do not approve.	Marie Colombo	2021-12-28 15:07:05+00
Hickory	Like	best for partisan fairness and communities of interest. Keeps Leelanau and Traverse City together, as they now function.	Barbara A Conley	2021-12-28 15:03:04+00
Kellom Senate	Dislike	This map is terrible on partisan fairness. Please do not approve.	Marie Colombo	2021-12-28 15:01:19+00
Linden	Like	best for partisan fairness and keeps lake Michigan communities together	Barbara A Conley	2021-12-28 15:01:15+00
Palm	Dislike	do not pick this one. Worst partisan outlook	Barbara A Conley	2021-12-28 14:59:09+00
Linden	Like	This is one of the best maps for partisan fairness.	Marie Colombo	2021-12-28 14:58:42+00
Cherry V2	Like	This is the best map for partisan fairness.	Marie Colombo	2021-12-28 14:48:04+00

Although it is unfortunate that the west side of Jackson County is not included in this district, I like that the district includes areas to the east of Jackson County. I think this will benefit the progress that both larger cities and smaller villages are working to achieve in terms of business development, culture and promoting a high quality of life. Regardless of the party of the representative who is elected, they will be challenged to respect a diverse group of interests.

I am very disappointed in the State Senate maps presented. I have to agree with SOOO many people who stated the maps have been gerrymandered to falsely promote "political fairness" while at the same time dismissing "communities of interest". This experiment in "redistricting" is proving to be a farce. I have to agree with the masses who believe your prioritizing process has been unconstitutional and I hope these maps are challenged in court.

Palm	Dislike	No to the Palm Map. It slices up Midland County. Stop GERRYMANDERING!! Keep Midland whole.	Brenda Guest	2021-12-28 09:53:14+00
Cherry V2	Dislike	No to Cherry V2. It is a bad map as it slices up Midland County.	Brenda Guest	2021-12-28 09:49:10+00

Chestnut	Dislike	The different communities shown in the separate halves of this map have hardly anything in common.	A Strasser	2021-12-28 09:47:06+00
Birch V2	Like	This keeps communities together that have much in common.	A Strasser	2021-12-28 09:41:08+00

The communities included in this proposed map have nothing in common. They represent opposite ends of the entire Wayne County and the huge area of the Detroit Metro area. The upper right half and the lower left half of this map should be divided into separate districts, with the lower left communities connected to the 'Downriver' cities which have so much in common. Any elected official would have a very difficult time representing the constituents that would be included in this entire map. Please look at the more natural division of communities, as are shown in the blue 'Birch' map, which joins Wyandotte, Allen Park and Southgate to the rest of the Downriver communities. Midland City should remain in Midland County as a whole and together with Gladwin County. Focus on the needs of the PEOPLE.

Nomi Joyrich

2021-12-28 02:19:05+00

Representation of residents of Midland & Gladwin counties is clearly best by retaining both counties holistic in the MI district mapping for the US Congress Reps. Carving off part/all Midland to part of a voting district South/East would disenfranchise businesses and residents.

I am strongly opposed to the current Hickory map. I was opposed to it early on, and I'm very disappointed to see what's being proposed. I do not want to be associated with Ann Arbor in any way. Although I graduated from The University of Michigan, I have very little in common with the residents of Ann Arbor and rarely go there. They're interests and lifestyles are very different from mine and most of us who live in Livingston County. Please do not clump Genoa and Hamburg in with Ann Arbor. We're on two different ends of the spectrum. The City of Brighton, the township of Brighton, Genoa, Green Oak, and Hamburg should stay together. Please reconsider the current Hickory map and allow the Brighton area to remain intact.

Separating Coe Twp from the rest of Isabella County is certainly gerrymandering. This map divides some counties and not others, but no township should stand alone. Local governments of Coe Twp (twp and village) work and partner with the County and other townships. Residents of Coe Twp work and shop in Isabella County. Coe Township does not routinely work/partner with Midland County governments. Coe Township should not be separated from Isabella County.

Szetela House	Dislike	This is not the worst of the House maps, but it would result in an election that does not reflect the way we vote. While I don't agree with these maps, I do believe that this map (Hickory) is possibly the closest to something like "fair?"	Nomi Joyrich	2021-12-27 22:19:24+00
Hickory	Like		Gina Favors	2021-12-27 22:17:57+00

		Thank you for having the willingness to unpack voters here in Ann Arbor and Ypsilanti and increase their representation rather than pack them together into 1 district. Rural residents may not like this, but they are less in total votes and population and as a result the maps should value partisan fairness over packing cities away from rural areas. Sorry to Jackson County residents, but you are part of creating a map that values partisan fairness over urban/rural divides.		
Szetela Senate	Like	This is the best of all the proposed House maps	Sean M McCormick	2021-12-27 22:15:20+00

Once again, so many Midland Republicans are spamming the comments section to ensure watershed connections when in reality the Midland area, and the state senate under this map, will be unfairly biased towards Republicans. As a dissenting voice of these people, I hope Midland and many other areas are part of competitive districts that ensure partisan fairness and that the commission ultimately values this over watershed connections and county lines. While those are important, we need to ensure that the lines overall represent the people who vote.

		<p>This map dilutes the voices of the largest minority population in West Michigan. Grand Rapids is the second largest city in Michigan and the voters in the metro area will be overshadowed by rural areas that have different needs than the metro area. We also repeatedly heard during public hearings in West Michigan that citizens in rural Ottawa County did not want to be combined with the Grand Rapids metro area. This map is also unfair from a partisan perspective. I urge the commission to reject this map.</p>

Lange Congressional	Like	I prefer this map.	Tracy Draves	2021-12-27 21:48:03+00
		I really appreciate the commission listening to the voters in West Michigan. The Hickory map does a good job of creating a fair map that considers communities of interest in the Grand Rapids metro area. Communities of color have better representation - especially for the Hispanic community along the Wyoming and Grand Rapids border and the strong African American populations in District 82. The townships that share services, needs, and school districts with the metro area are combined with the metro cities. The political bias is also lower in this map, which I appreciate as part of the commission's goals to have fair maps for all Michiganders.		
Hickory	Like		Sarah Woolsey	2021-12-27 21:47:42+00

----------	---------	------------------------------	---------------	------------------------

Szetela Congressional Dislike	<p>This map really does not make sense to this resident; it separates this senatorial district arbitrarily. I would be working in 1 district a few miles away and living in a separate district. Midland and Gladwin county common watershed would lose representation; this will hurt residents impacted by the 2020 flood.</p>	Robert G Dvorak	2021-12-27 20:34:10+00	
Birch V2	Like	<p>I support the Birch map because the downriver area needs to be together, we all share so many services, ideas and the goals on what downriver residents need and want, Wyandotte, Southgate, Trenton, Grosse Ile, Riverview are all one.</p>	Diane Weinman	2021-12-27 20:30:49+00

I am adding a comment urging the commission to do more to create fairer MI House maps. HickoryHandled11 does slightly better than the maps open to comment because it is the ONLY one which is less biased against Democratic voters. I read Julianne Pastula's memo which argued that proportional partisan representation is not required; but all the proposed House maps so far, except the modified Hickory, do show consistent bias in NEVER giving a majority of voters the majority of representatives. I am not a lawyer but I am an English language expert, and her claims look like equivocating, specious arguments to me.

District 47 is best represented in Linden , Palm maps. It is also reasonably partisan and equally . Cartography 101. It shows the basemap images as being the origin of Ann Arbor , and is therefore most accurate in accordance with voter rights. Hickory underscores population issues but checks indirectly the urban-rural issues shown in DISTRICT 33, or 47 as is shown in MAP 17 Linden-PALM . The glory of being the underdog voting district (under Detroit) is that Northville and Howell are both notoriously 'lesser districts, currently. All \*things\* being repairable only by consolidating lines of latitude and longitude, orientating the larger districts an arial view to the East, composes well a webbing concept map and actualized new districting . It help in our 'understand of the mortality rates of non -aging citizens

Birch V2	Like	This map reflects a fair distribution of voters and communities of interest,	Donna Stache	2021-12-27 18:31:30+00
Birch V2	Like	I think this map is the fairest. It meets the objectives of partisan fairness while also making the district more competitive - this allows more citizens' voices to be heard.	Caroline Nathans	2021-12-27 18:30:10+00

Birch V2	Like	<p>I supported this ballot initiative in 2018 because I wanted fair election with as many competitive seats as possible. This truly is about the people picking their representatives and limiting the gerrymandered mess we've been working under. Of all the maps this one seems to be the fairest of the lot so I support this map to be chosen for our official congressional district map.</p> <p>This is the most fair map as it keeps downriver as a community of interest. Wyandotte, Grosse Ile, Trenton and others all share the waterfront and common federal concerns about the abandoned McLouth Steel plant that deserve the attention of one congressperson and their staff. Please choose this map over others.</p>	Henry Yanez	2021-12-27 18:12:44+00
Birch V2	Like	<p>The Birch map best represents Michigan voters and seems the most fair.</p>	Judy Maiga	2021-12-27 18:05:37+00
Birch V2	Like		Laurie Williams	2021-12-27 17:42:19+00

Please fix Hickory to reflect partisan fairness. This seems to be the best of the House maps, but Hickory is unfair in that 53D to 57R gives the majority of seats to the minority of voters.

The Redistricting Commission should get back to work to fix all House districts, as none of them offer fair representation, given that each proposed House district map manages to provide for the majority of seats to go to the minority of voters. Additionally, Detroit-area voters are left out in the cold with no possibility of electing their own candidates. Please work on ALL House districts to more fairly represent the voters in Michigan!!

As the County Commissioner for the western side of Lenawee County, I was very disappointed to see the City of Hudson (part of my County Commission district) tagged onto the District 35 State House map. The new district is made up of Hillsdale and Branch counties. It looks as if the City of Hudson is an afterthought. I'm afraid that is how Hudson will be represented in the State House over the next 10 years if these maps go into effect. Please reconsider including the City of Hudson in District 34 that covers most of Lenawee County where Hudson is located. Thank you. Nancy Jenkins-Arno

Three maps, no choices. Every state house map (Pine, Magnolia, and Hickory) draws Lenawee County exactly the same. Each map divides the county in four ways. They strip out smaller populated townships (Macon, Ridgeway, and Deerfield) on the east side, and the small city of Hudson on the west side. Hudson is tagged onto the east end of a district that includes two whole counties. Given how the maps have been drawn, I cannot see how these areas of our county will be represented well. Please keep working on these maps so that all our Lenawee County residents have good representation. Thank you.

		<p>Keep Midland city and county together! Stop splitting us up! Our city and county work hand in hand on many issues and the lines between us are virtually non-existent. We are</p>		
Cherry V2	Dislike	one community!	Jane Scott	2021-12-27 03:54:54+00

Lange Senate correct	Like	This is very good for Midland and Midland county residents as it keeps us together in one district and helps those to the west of us who share similar concerns. Wow, the only map that doesn't try to split us up . Thank you that there is one that makes sense at least for our district.	Larry Schuelke	2021-12-27 03:54:54+00
Lange Senate correct	Like	I like this one. It keeps Midland county whole.	Justin Scott	2021-12-27 03:54:53+00
Lange Congressional	Like	I like this map!	Justin Scott	2021-12-27 03:52:37+00
Szetela Congressional	Dislike	Do not remove the city of Midland from the rest of Midland County and the rest of the watershed. Put Midland back together!	Jane Scott	2021-12-27 03:51:48+00
Chestnut	Dislike	Please keep Gladwin and Midland counties together and with the west.	Jane Scott	2021-12-27 03:49:23+00
Cherry V2	Dislike	Keep Midland and Midland county together. Separating it from Sanford which is so linked with the shared watershed. Looks like Gerrymandering to split up the county only to mix with Bay City and Saginaw. Totally different cities and issues.	Larry Schuelke	2021-12-27 03:44:56+00

I think this is probably the best of those proposed. I do question how much Midland & Flint have in common, but I also think we belong with Bay City & Saginaw. If more rural areas north & west of Midland are grouped with other more rural areas, that could give more voice to their communities of interest. I don't think the dam issues "holds water" because nothing has been done about it by either party in control for years.... I think the tri-cities have mutual interests through Dow, universities, etc, & because we DO have a great deal of semi-rural areas mixed throughout. There is NO perfect solution -- but I feel best about Chestnut.

Chestnut

Opinion

Kathryn Anne Myers

2021-12-27 03:25:57+00

This map seems most fair but changes should be made to better balance the the number of people in each district to get closer to the target number per district.

Overall, on the partisan fairness index, this map has done a great job. However, on neatness and county splitting, this map could do a better job. I like more of the districts than not, but the Grand Rapids-Muskegon area district by far is the one on this map that makes me question my support for it. Why is Ottawa County in three districts, why are a large number of staunchly conservative exurbs and rural areas in Ottawa lumped in with Muskegon and Grand Rapids, when they could extend this district a bit north to reduce county splits of Ottawa to 2, add more of Muskegon's suburbs (or most or all of Muskegon County, ideally), put more of Grand Rapids' suburbs into this district, and move the Jenison area into District 4. Do this, please, even if it means greatly altering Districts 2 and

Kelly Schrubba

2021-12-26 20:55:50+00

Please Keep Working! I know everyone on the Commission has put forth a lot of effort, HOWEVER--as of yet, there are not any completely fair house maps to choose from! Each proposed House map gives the majority of seats to the minority of voters! WE VOTED IN 2018 to redistrict in order to reflect non partisan areas, not these maps that can only slant the votes.

No MI House map addresses the concerns heard from Detroit voters about being able to elect their own candidates. This is the most unfair of the House maps.

Robert A Rankey

2021-12-25 01:23:02+00

Chestnut	Dislike	As other comments have listed I do not like splitting Midland County or combining it with communities such as Flint which have very few similarities.	Robert A Rankey	2021-12-25 01:17:16+00
Lange Congressional	Like	I agree with other comments about keeping Midland and Gladwin County together. The City of Midland should not be broken out or linked with City of Flint as there is little similarities between these communities.	Robert A Rankey	2021-12-25 01:09:23+00
Linden	Like	This map is superior to the less fair and more partisan maps	mark hansknecht	2021-12-25 00:37:28+00
Palm	Dislike	This map is very unfair and should be rejected out of hand	mark hansknecht	2021-12-25 00:35:45+00
Chestnut	Dislike	This is the worst. Any one of the other maps are an improvement. NW lower peninsula of Michigan (Michigan Region 2) should not be broken up. Each of the other maps respect this community of interest better than this map.	Kurt H Schindler	2021-12-24 21:19:15+00

This map is the most fair of those being considered. It should be adopted. But there is still room for improvement. For example, looking at districts 32 and 36: District 36 overshoots the target population by 5,293 (2%). District 32 undershoots the target population by -3,388 (-1.28%). Then look at Manistee County, where the east portions of the county are in district 36 and the remainder in district 32. That part of the county in district 36 has a population about 5,000+/- Moving that part of the county to district 32 would result in both districts being closer to the target population.

Hickory	Like	Not a good map. Worst of the three.	Kurt H Schindler	2021-12-24 21:13:05+00
Palm	Dislike	The map could do better (Linden), and it could be worse (Palm).	Kurt H Schindler	2021-12-24 20:56:44+00
Cherry V2	Dislike		Kurt H Schindler	2021-12-24 20:54:29+00

I wish to express strong objection to this map that separates Coe Township and the Village of Shepherd from the rest of Isabella County. As a former member of the Isabella County Board of Commissioners during the late 70's and early 80's and as a Mt. Pleasant City Commissioner for 12 years including serving as Mayor in 2013, 2016 and 2017, I have had the opportunity to work with all the units of government in Isabella County. Coe Township is very much a part of the cooperative spirit that exists among the various levels of local government within the county, especially the villages, townships and the city on the east side of the County. Because of the sharing of the regional educational district, the cooperation among the various social services, fire and police agencies and the Birch seems to offer the most fair boundaries.

Palm	Like	Please pack Ann Arbor and Ypsilanti voters together into one district. Thank you.	Truth and Freedom	2021-12-24 01:01:48+00
Palm	Dislike	Packs Ypsilanti and Ann Arbor voters into one district.	Gregory P Fox	2021-12-24 00:11:31+00

Linden	Like	Avoids packing all Ann Arbor and Ypsilanti voters into one overwhelmingly Democratic district.	Gregory P Fox	2021-12-24 00:07:22+00
Palm	Dislike	This map packs Ypsilanti and Ann Arbor voters (predictably Democratic) into one district. This is what we want to avoid. This map seems to really promote gerrymandering. It unnecessarily splits up communities for the sake of partisan gain. While no map is going to be perfect this map really seems to push the interest of select groups rather than communities of interest. The point of this commission is to do its best to draw nonpartisan, and fair maps, this map does not do that.	Gregory P Fox	2021-12-23 23:55:31+00
Szetela Senate	Dislike		James Cameron Hart	2021-12-23 23:13:50+00

With all due respect I do not believe this map fairly represents diverse communities of interest. It seems only promote the interests of large cities and discourage people in other areas of the state from voting because they live in smaller areas, and will not have their voices heard. The intention of these maps should be to promote people in all areas of Michigan to participate in the voting process. While no map will be perfect for everyone they should at least follow the spirit of equal representation.

Lange Senate correct Dislike

James Cameron Hart

2021-12-23 23:01:52+00

This map does not appear to promotes communities of interest. It appears to blatantly promote large urban areas, and go out of its way to discourage smaller rural areas from participating in the election process. Please consider the PALM map.

Lange Congressional	Like	City of Midland should be kept together with Midland County. Makes no sense to do otherwise, unless you want your vote marginalized by Bay City and Saginaw!	John F Lynn	2021-12-23 19:36:27+00

I believe this map should keep Roseville whole and not split up the city of Roseville into two different House seats. The two most northern precincts in Roseville share similar political, economic and sociological characteristics that merit keeping the city of Roseville in the same State House district, which differs vastly from Harrison Township or Chesterfield Township. Roseville would benefit staying together as a community of interest. The two precincts in Roseville that goes all the way to Chesterfield shares very little in common with Harrison Township or Chesterfield Township. Roseville and Fraser share a district court and have similar county commission lines. Roseville also shares municipal services with neighboring communities such as Fraser, Eastpointe and St. Clair

Dislike

2021-12-23 19:15:00+00

While biased REpublican, the Szetela House map is better than some others.

Nonetheless, it splits Lansing into 2 pieces--one is overwhelmed by rural areas of Clinton County and the other is linked with Lansing's southern suburbs. The 75th district (East Lansing and Meridian is attached to a very large rural area in Clinton County. the 73rd district (most of Ingham County is overwhelmingly white and rural. The placement of MSU in this district makes little sense as those students who do vote will be completely overwhelmed by the rest of rural Ingham County.

Szetela House

Laurence Rosen

2021-12-23 18:57:58+00

Palm	Dislike	<p>This map retains numerous districts that are tilted strongly towards the republican party which, I believe, was NOT the goals of this exercise. The Lansing area is drawn in such a way as to dilute the interests of Lansing and its close in suburbs by overwhelming the 25th district with an overwhelming rural constituency. Palm should be rejected as unfair and splitting several communities of interest.</p>	Laurence Rosen	2021-12-23 18:38:44+00
Apple V2	Dislike	<p>Overall Apple V2 is a Republican biased map. I do not like the boundaries of Cong. Dist. #7 as it does NOT keep Ingham, Eaton, and Clinton entirely together as a community of interest.</p>	Laurence Rosen	2021-12-23 18:15:25+00
Chestnut	Like	<p>This is the fairest map for the 7th Cong. district. I am particularly happy that Ingham, Eaton, &amp; Clinton have been kept together as a community of interest, thus not diluting the common interests of these 3 counties (plus Livingston County, which also shares many of the same interests).</p>	Laurence Rosen	2021-12-23 18:09:58+00

Birch V2	Like	<p>I like this map the best. It keeps my community, Sterling Heights, together, and the overlapping boundaries allow for a good regional perspective, which is important for strategic decisions for the metropolitan region.</p>	Carolyn DeMates	2021-12-23 18:03:20+00
Apple V2	Like	<p>I like how Sterling Heights is all together, and I like how districts overlap counties, which could provide for a regional perspective. As a metropolitan area, it helps for leadership to have a wider view.</p>	Carolyn DeMates	2021-12-23 17:55:19+00
Magnolia	Dislike	<p>This is not good. Must keep Alto, small farming community, with other like communities. Democrats always have to CHEST to win. Bad idea for changing state constitution for this.</p>	Connie D Crumpton-Armijo	2021-12-23 17:13:56+00
Palm	Like	<p>Keep lower Kent County like it was. Democrats have to CHEAT to win. Don't let them get away with it.</p>	Connie D Crumpton-Armijo	2021-12-23 17:00:59+00

Lange Congressional	Like	Dear Committee - please keep Midland city with Midland and Gladwin counties. There is no shared objectives integrating district with surrounding cities, divorcing Midland city and county. Thank You-	Brent Rhoads	2021-12-23 16:25:38+00
Palm	Dislike	Regarding State Senate map, Palm, I strongly disapprove of this map. I feel it is just as bad as the current biased map.	Joan Long	2021-12-23 16:18:13+00
Linden	Like	Regarding Senate Map Linden, I support this map because it puts the Gerald R Ford Airpost with Metro Grand Rapids which is very appropriate.	Joan Long	2021-12-23 16:15:02+00
Szetela House	Dislike	Regarding State house map Szetlla, I strongly disapprove of this map for many reasons - one of which is Ada should be linked to metro Grand Rapids, as they have communities of interests.	joan Long	2021-12-23 16:10:47+00
Hickory	Like	Regarding State House map Hicory - I approve of this map because it appears to be a fair map overall.	Joan Long	2021-12-23 16:06:25+00

Birch V2	Dislike	I strongly disapprove of the Birch map for several reasons, most importantly to me is that it links metro Grand Rapids to the rural counties of Ionia and Ottawa.	Joan Long	2021-12-23 15:48:37+00
Lange Senate correct	Like	I support the Lange Map & dislike the Chestnut Map. Keep Midland & Gladwin together, as we share many similarities together.	Aloysius	2021-12-23 14:42:27+00
Chestnut	Like	Chestnut is the best proposed US Congressional map. It is the best map for the most voters. Thank you for all your work on our behalf.	Julie Morris	2021-12-23 12:46:45+00
Palm	Dislike	People of the Eastern UP need representation of area closer to home. Why would we be in a district stretched 100's of miles to what looks like areas south of Ludington?	Andrew Long	2021-12-23 11:10:52+00
Pine v5	Like	This map keeps Midland County whole and helps all those in Gladwin County and Midland County who were impacted by the devastating floods of 2020 and focusing on their needs. Thank you commissioners Wagner, Lang and Clark.	Anne Van Hulle	2021-12-23 03:23:20+00

		Keep Midland and Gladwin counties together as a whole. To carve out Midland City from Midland County is just wrong. Focus on the people's needs and do not dilute their voices.	Anne Van Hulle	2021-12-23 02:51:37+00
Szetela Congressional Dislike		Keep Midland county whole and together with Gladwin county. Focus on the people's needs. Carving out Midland city from Midland County is just wrong.	Anne Van Hulle	2021-12-23 02:45:58+00
Pine v5	Like	Keeps Midland County whole Also part of Gladwin County with flood issue	Donald Deibert	2021-12-23 02:31:05+00

we the people need the Lange Congressional Map. Doesn't matter if you live in the city or the township it is critical to keep the citizens of the City of Midland, Midland County, and our Watershed Neighbors of Gladwin and Isabella Counties aligned together. It is only due to the resilience of our communities working together with local leaders that has allowed people to overcome the hardship caused by the flooding and breaching of the dams. There is much work to be done and now is not the time to be separated from our collective purpose. We The People must continue to stay together so we can 1) address flood reduction and dam repair 2) receive federal grant dollars for our Health Care System 3) promote tax and energy policies that drive Mid-Michigan's economy

Speaking for Midland - Please listen to the many voices on this portal begging for fair representation! Midland county should not be sliced and diced up, and Midland certainly doesn't belong with Saginaw and Bay City. The only people who will tell you that have a partisan agenda. Families in the city of Midland and Midland/Gladwin counties have so much more in common with education, the watershed, law enforcement, etc., than the city of Midland does with Saginaw or Bay City. Midlanders are asking you for fair representation, please. Thank you for your hard work and we are trusting you to do the right thing.

Lange Senate correct	Like	This is a fair map.	Daniel Kozakiewicz	2021-12-22 03:43:16+00

This is one of the five last minute maps added by a change in the procedural rules of the commission and not consistent with the Constitutional provisions of the petition drive. Obviously it has not been as fully considered as the three collaborative Senate maps but suddenly many many people from Ann Arbor have been ready to approve it, mostly without giving any reason for doing so. Please compare the comments approving the palm map for reasons given with the multiple comments on both maps disapproving without giving a reason. Please consider this comment to apply to all of the five new plans that reach into Washtenaw County, the city of Ann Arbor and even further East.

Lange Congressional	Like	Keep Midland County whole and with Gladwin!	Amanda Oster	2021-12-22 02:34:16+00
		This map is fair	Amanda Oster	2021-12-22 02:32:33+00
Chestnut	Like	I believe that Chestnut is a fair map. Having Washtenaw "united" benefits voters of both parties!	Al DuBruck	2021-12-22 01:49:48+00
Chestnut	Like	I support the Chestnut option for US Congress. The area is contiguous which is important to me.	Beata J Lamparski	2021-12-22 01:23:44+00

Szetela House	Opinion	This map like the other state house maps unfairly distorts the legislative body in Lansing by giving an unfair advantage to a single party and makes our state appear much more partisan than it actually is. We live in a purple state and our legislative body should reflect that.	Abbie Egberman	2021-12-22 01:02:07+00
Chestnut	Like	Good to have communities of interest in the same district. This is an economic area of interest. Lots of people commute between the areas on the map. The area also shares considerable natural resources.	Don Munski	2021-12-22 00:46:44+00
Palm	Dislike	Heavily gerrymandered and biased politically to favor the GOP. Please DO NOT go with this map as it flagrantly disrespects the whole reason this "voters not politicians" campaign was started!	Cat Trager	2021-12-22 00:27:39+00

For the past 30 years, Harper Woods has been manipulated to support one party or the other. Originally, it was placed in Grosse Pointe (Old District 1) to ensure Republican control. When Representative Tim Bledsoe flipped the 1st District to the Democrats, the next redistricting cycle shoved Harper Woods into Detroit to reduce the number of Democratically controlled seats. This map places Harper Woods (heavily Democratic) together with St. Clair Shore (largely Republican). This is going to be a swing district. For Harper Woods, I feel this is a fair map.

Please keep all of Ann Arbor in the same district.

Linden Dislike Ann Arbor resident 2021-12-21 23:57:49+00

We rural voters are too stupid to vote right. Thankem for our urban democrat elite masters in Ann Arbor to control us in the right path of Marxism.

Cherry V2 Dislike rural Calhoun and Jackson resident 2021-12-21 23:54:04+00

So gerrymandered. Terrible map. Do not use.

Chestnut Dislike Tasha 2021-12-21 23:47:30+00

		This keeps Washtenaw County whole and overall seems the most equitable-- does not break too many cities apart and keeps minority based districts		
Chestnut	Like	mostly intact.	Jessica 'Decky' Alexander	2021-12-21 23:45:55+00
Birch V2	Like	Great map. Use this one. This looks to be the worst of the congressional maps. Weird splits in many areas- looks like serious gerrymandering going on here. This splits up Midland county and puts us with unrelated southern cities and separates Sanford which is only a few miles away. Please	ken reynolds	2021-12-21 23:45:30+00
Szetela Congressional	Dislike	don't use this one.	Larry Schuelke	2021-12-21 23:17:39+00
Apple V2	Dislike	Quite the split up of the city of Midand with townships directly related to Midland like Larkin, Homer and others plus Sanford and Gladwin areas only to link with the city of Flint, and cities 60 miles + away. No, don't use this one.	Larry Schuelke	2021-12-21 23:09:30+00

Birch V2	Dislike	Wow-splitting up Midland and it's outskirts just to get it with Flint, Fenton and other unrelated areas. This is map is even worse than Chestnut which is poor. The Lange map is the best of the congressional maps.	Larry Schuelke	2021-12-21 23:03:05+00
Lange Congressional	Like	This is a good map for Midland County as we are kept with Gladwin county and those west which share the same watershed concerns which hit so hard in 2020 and will take years to recover from.	Larry Schuelke	2021-12-21 22:53:45+00
Chestnut	Like	I'm very happy to see this map much better connects like communities and overall, gives all Michigan a reason to be very proud of a community effort to bring about a well balanced redistricting and hopefully we will all benefit from more competitive primaries.	Howard	2021-12-21 21:42:41+00

Linden	Like	<p>I support the Linden Senate map as it combines the Tri-Cities of Midland, Bay City, and Saginaw and their common economic interests. It should also result in more competitive elections and contribute to less partisanship in Lansing.</p> <p>As an independent voter and Midland resident, I support the Chestnut Congressional map. It gives the Tri-Cities of Midland, Bay City, and Saginaw common representation for shared economic interests. It will also result in a more competitive district which will help contribute to end the partisan grid-lock in Washington.</p>	Kurt Hoefer	2021-12-21 20:49:37+00
Chestnut	Like	Bad map since it combines GR and Muskegon areas.	Kurt Hoefer	2021-12-21 20:27:36+00
Chestnut	Dislike	Bad map for Dutton because of how it combines GR and Kalamazoo, with areas between them.	Talman Wagenmaker	2021-12-21 19:23:42+00
Apple V2	Dislike	I am glad Brighton is kept whole and not included with Ann Arbor as we have little in common. I like this Magnolia map. It represents my COI very well.	Talman Wagenmaker	2021-12-21 19:21:09+00
Magnolia	Like		Mari-Ann Henry	2021-12-21 18:41:45+00

Palm	Like	This map seems to be the best for my community of interest.	Mari-Ann Henry	2021-12-21 18:34:38+00
Palm	Dislike	I do not like PALM. Please vote this down.	Samantha S Wiens-Wice	2021-12-21 18:30:19+00
Palm	Like	I like Palm, looks like they kept Livingston County intact. It will be more representative of our community.	Catherine Bays	2021-12-21 18:00:09+00
Szetela House	Dislike	Keep Saint Clair Shores together!	Blake G	2021-12-21 17:57:07+00
Hickory	Dislike	Keep Saint Clair Shores together!	Blake G	2021-12-21 17:55:47+00
Magnolia	Dislike	Keep Saint Clair Shores together!	Blake G	2021-12-21 17:53:20+00
Pine v5	Dislike	Keep Saint Clair Shores together!	Blake G	2021-12-21 17:51:21+00
Birch V2	Dislike	â€œ In this map, the concentration of Democratic voters in Grand Rapids, the second-largest city in Michigan and growing fast, is disenfranchised.	Kerry L Baldwin	2021-12-21 17:02:06+00

Palm	Like	<p>I like how this map keeps the Ann Arbor voices out of the rural areas. At the same time, Districts 4, 5, 6, 7, and 13 seems to pull Detroit voices out into the suburbs a lot. Not sure (well I can guess of course) what the purpose of that is as those communities are not at all alike. Better than other maps I've seen so far.</p>	Leigh Fehr	2021-12-21 16:58:17+00
Cherry V2	Dislike	<p>This is crazy! What is with District 15? Why would you split Ann Arbor and give them voices alongside rural areas stretching half way across the state? it is a clear effort to drown out rural voices. I don't see how anyone can say they think this is a fair map. Please don't vote for this.</p>	Leigh Fehr	2021-12-21 16:45:48+00

Linden	Like	<p>This is the most reasonable and balanced State Senate map. It has two competitive districts that allow equal advantage to both Republicans and Democrats. It helps assure that neither Party has an electorate population that will guarantee it remain in power election to election. It also includes 6 VRA districts.</p>	David Reid	2021-12-21 16:41:55+00
Birch V2	Like	<p>Birch V2 is the most reasonable map, given approximately even advantage to Republicans and Democrats and protecting the most COI districts at the same time.</p>	David Reid	2021-12-21 16:34:14+00
Magnolia	Like	<p>The Magnolia map is my choice. It is well balanced</p>	Randy Laur	2021-12-21 16:26:04+00
Palm	Like	<p>The Palm map is my preferance. Has a well balanced approach.</p>	Randy Laur	2021-12-21 16:14:56+00
Birch V2	Like	<p>This is the best map for the public. It is fair for the interest of the community</p>	Randy Laur	2021-12-21 15:22:48+00
Birch V2	Like	<p>Great map. I vote for this one!!</p>	Beryl Striewski	2021-12-21 15:14:26+00
Palm	Dislike	<p>Please continue working on the this map. Please vote against it.</p>	Julie Morris	2021-12-21 13:37:36+00

Chestnut	Like	This is the best map for US Congress. The majority of seats go to the majority of voters. Thank you for all your work on these maps.	Julie Morris	2021-12-21 13:23:39+00
Linden	Like	This map gives the majority of votes to the majority of voters. It is the best map for the Michigan Senate.	Julie Morris	2021-12-21 13:19:35+00
Birch V2	Like	This is a fair map for the majority of voters. It protects the most Detroit communities of Interest. Thank you for your work.	Julie Morris	2021-12-21 13:15:06+00
Apple V2	Dislike	Democrats holding secret meetings, violating the constitution, and already rigging the districts for 2024... sounds about right!	Tim Miller	2021-12-21 12:42:10+00
Hickory	Like	I Love how nicely this district fits Port Huron, Marysville, and Lakeport together, it even matches the places I regularly go to!	Aaron Thoms	2021-12-21 06:27:44+00

Again, this is NOT a good map; it has more red dots throughout the state than HICKORY House Map. So please pick HICKORY HOUSE MAP. Hickory has the lowest Republican bias of the three collaborative maps and the most majority-Black districts. Remember: Partisan Fairness, competitive districts--to END Gerrymandering--is what Prop 2 was all about. thank you!

Szetela House

Dislike

Choose HICKORY.

Carole J Chi

2021-12-21 06:20:43+00

This is a terrible map. I agree with M. Radtke and V.

Derderian. Better to go back to the HICKORY House Map and pick it instead, for it has the least partisan leaning toward Republicans--the lowest Republican bias--overall. Pick HICKORY. thank

Magnolia

Dislike

you!

Carole J Chi

2021-12-21 06:15:46+00

Pine v5	Dislike	<p>Terrribly gerrymandered map across most of the state (with the exception of my own area, strangely) in favor of the party that's been favored for the past 20 years! Do NOT choose the Pine House Map. It exudes gerrymandering. Please choose HICKORY House Map instead for it is much fairer, more competitive, much less partisan than this one. thank you.</p>	Carole J Chi	2021-12-21 06:11:15+00
Cherry V2	Like	<p>I Like what this map does with the coastal areas and the UP, places like Traverse City and Charlevoix should be connected. I'm not sure what's going on with the central and southern areas though, seems pretty chaotic. I'm in favor of the HICKORY House Map as it has the lowest Republican bias of the three collaborative maps and the most majority-Black districts. It still could be improved, but I know there are time constraints on you. Please pick the HICKORY House Map for Michigan.</p>	Aaron Thoms	2021-12-21 06:07:53+00
Hickory	Like	<p>Thank you!</p>	Carole J Chi	2021-12-21 06:04:01+00

Chestnut	Like	For a resident of Clyde like myself, this map is nice and compact, Harson's Island does seem a bit far for the same district, but I wouldn't mind this being our map	Aaron Thoms	2021-12-21 05:59:32+00
Szetela Senate	Dislike	This map does not achieve what it is supposed to Constitutionally---partisan fairness. So let's go back and choose the LINDEN Senate Map, or the Cherry Senate Map is a close second. But I prefer the LINDEN. thank you!	Carole J Chi	2021-12-21 05:57:01+00
Lange Senate correct	Dislike	Don't pick this map. It has many many many dislikes all over the place. It's obviously NOT a fair map for many reasons stated by many people. So please pick the LINDEN Senate Map. thank you!	Carole J Chi	2021-12-21 05:51:20+00
Kellom Senate	Dislike	Terrible map! People across the street would be in another district! Really?! Doesn't make any sense. Pick LINDEN Senate Map instead, for it makes more sense and exhibits partisan fairness which is what PROP 2 was all about! Pick the LINDEN Senate Map. Thank you!	Carole J Chi	2021-12-21 05:49:04+00

Cherry V2	Opinion	<p>This is much better than the Palm map, but is only second to the Linden map. And this one seems to have a lot of problems in District 5. So I'd recommend again that you stick to the Linden map for the most competitive Senate districts over all of the state of Michigan. Choose the LINDEN Senate Map please.</p> <p>thank you!</p>	Carole J Chi	2021-12-21 05:45:23+00
Palm	Dislike	<p>This is NOT a good map for COI or partisan fairness; it's gerrymandering all over again, for most of the state. We're trying to get away from that and make all districts as competitive as possible. So please choose the LINDEN Senate Map. Thank you!</p>	Carole J Chi	2021-12-21 05:41:00+00
Linden	Like	<p>I like the Linden Senate map for it has the lowest Republican bias of the three collaborative maps. it is the most fair, the most competitive; and that is what you are striving towards. So, please choose Linden for the Senate map. thank you!</p>	Carole J Chi	2021-12-21 05:38:41+00

Szetela Congressional Dislike	<p>Again, this map has problems. It's not the best for our Congressional map. Please choose BirchV2 instead. thank you.</p>	Carole J Chi	2021-12-21 05:36:23+00	
Lange Congressional Dislike	<p>This is NOT a good map for most of the state. Please choose BirchV2 instead for Michigan's Congressional Map, for it will be the most fair; and that is the point of this whole exercise--Prop 2. thank you!</p>	Carole J Chi	2021-12-21 05:33:38+00	
Apple V2	Dislike	<p>This is NOT a good map. It goes too far north for my Congressional district, making it unfair and noncompetitive. It's gerrymandering all over again....and not in a good way. Please choose the BirchV2 map which is much more fair to both parties.</p>	Carole J Chi	2021-12-21 05:27:38+00

Birch V2	Like	This is the best Congressional map in my opinion. There are more competitive districts; it exhibits more partisan fairness than the Chestnut map. And the majority of Michigan citizens voted FOR Prop 2 to end Gerrymandering in our state so as to achieve partisan fairness.	Carole J Chi	2021-12-21 05:19:05+00
Szetela House	Like	This is a better representation for our community for the state house map. We do share some schools and community activities in this map area. I approve of this map. This map is less competitive for people living in Macomb County. And that's unfortunate for the 3rd largest county and the 3rd and 4th largest cities in the state of Michigan.	Cheryl Depner	2021-12-21 04:56:21+00
Chestnut	Dislike		Carole J Chi	2021-12-21 04:52:02+00

Hickory	Dislike	<p>This is a terrible map. Superior Township is Washtenaw county not Oakland county. We pay taxes for our county not Oakland county, We do not share shopping areas, roads, churches or schools with anyone in this area. I reject this map. We cannot be fairly represented.</p> <p>This is unfair and poorly represented map for Superior Township. We are part of Washtenaw County and share churches, schools, shopping with the Ann Arbor Area NOT South Lyons or Wixom which are in Oakland County. We cannot be fairly represented with this map. I reject this</p>	Cheryl Depner	2021-12-21 04:51:58+00
Magnolia	Dislike	<p>map.</p> <p>Similar communities are</p>	Cheryl Depner	2021-12-21 04:42:16+00
Chestnut	Dislike	<p>divided in this map.</p>	Rajiv B	2021-12-21 04:40:50+00

This is a badly drawn map. Superior Township does not share schools, shopping area, churches, or any common community resources. We are also Washtenaw county not Oakland county where the rest of this map is located. We will never be fairly represented with map. You have treated the area of Superior Township unfairly and deny us fair

Pine v5	Dislike	representation.	Cheryl Depner	2021-12-21 04:30:36+00
Cherry V2	Like	This map is well done.	Cheryl Depner	2021-12-21 04:14:23+00
Birch V2	Like	Good map. Thank you.	David and Deanna Walters	2021-12-21 02:54:21+00
Birch V2	Like	Good map. Please keep this map.	Kristine Yeutter	2021-12-21 02:53:03+00
Birch V2	Like	While I am disappointed in this process and how gerrymandered the districts appear to be, the Birch map seems to be the fairest congressional maps.	JEFFREY YEUTTER	2021-12-21 02:52:23+00
Palm	Like	Thank you for hearing our voice and giving us this map.	David and Deanna Walters	2021-12-21 02:51:15+00
Palm	Like	Thank you for giving us fairly good representation for our state senate district.	Kristine Yeutter	2021-12-21 02:48:25+00

Palm	Like	<p>While I'm not a fan of any of the State Senate maps, the Palm map looks to be the fairest as far as communities of interest compared to the other options. It seems less gerrymandered than the other maps.</p> <p>We live in a border county, are rural, and a rather close community. What you did dividing our county into 4 areas will not create fairness or unite our county. This make two of our townships go with totally different representation, thus be blocked out of any real voice in Lansing. Your constitutional duty and priority is to keep communities of interest united. Please reconsider our Lenawee County map and give us united and fair representation.</p>	JEFFREY YEUTTER	2021-12-21 02:46:58+00
Magnolia	Dislike		Jeannie E Porter	2021-12-21 02:43:39+00

Magnolia	Dislike	<p>It is ridiculous that Lenawee County has portions carved out of it and combined with three other house districts. and therefore tiny Lenawee County will be represented by 4 different state legislatures. So much for communities of interest! I thought the purpose of this commission was to get away from partisan gerrymandering. These are the most gerrymandered districts I've seen in my lifetime.</p>	JEFFREY YEUTTER	2021-12-21 02:37:16+00
Magnolia	Dislike	<p>The Lenawee County map divides our small county into 4 areas, creating a nightmare for our county clerk and dividing our rural community of interest. This is the number one priority of the commission according to the Michigan Constitution. Macon and Deerfield Townships will basically have no voice with us, but will be marginalized with bigger areas they do not identify with. The Commission promised to draw fair districts. What happened?</p>	Kristine Yeutter	2021-12-21 02:29:41+00

Birch V2	Like	Partisan fairness is important to me. Birch V2 and Chestnut both meet that criterion, and hence are maps I favor.	Charles Altman	2021-12-21 02:21:16+00
Birch V2	Like	This map is not as great as chestnut but much better than apple	Matt Gandy	2021-12-21 02:13:52+00
Chestnut	Like	More competitive than Birch, better than Apple	Matt Gandy	2021-12-21 02:10:04+00
Birch V2	Like	This map brings together communities of interest along the lakeshore. This will help address the needs of the community.	Don Munski	2021-12-21 02:07:11+00
Apple V2	Dislike	Partisan Gerrymandering being done for partisan reasons!	Matt Gandy	2021-12-21 01:54:52+00
Linden	Like	I appreciate this map.	AeYanna L Yett	2021-12-21 01:38:54+00
Hickory	Dislike	This map does NOT accurately represent my community. The Black community within this district is poorly represented, to say the very least.	AeYanna L Yett	2021-12-21 01:38:03+00
Birch V2	Like	I believe this map accurately represents my community.	AeYanna L Yett	2021-12-21 01:35:50+00
Birch V2	Like	A fair map that will lead to competitive general elections, not primaries determining the winner.	A. G. Ulsoy	2021-12-21 01:08:29+00

Palm	Dislike	Do not think this map is fair. Please do not adopt this map	Sharon I kalee	2021-12-20 22:20:01+00
Chestnut	Dislike	Midland county doesn't have much in common with the cities of Bridgeport, Birch Run, Flint and Fenton but we sure do with Gladwin county and areas west of Midland as 2020 flood disaster showed. Keep people with a common interest and shared regional needs. Political majorities can easily shift around but not the area natural resource issues. The flooding and Dam failure ramifications will be with us for several years.	Larry Schuelke	2021-12-20 19:01:57+00
Hickory	Dislike	The new Hickory version should be rejected because it splits up my neighborhood (East English Village) along my very stree: Yorkshire Rd. This means one side of the street would be in District 9 and the other side in District 11.	Sara Weertz	2021-12-20 18:35:58+00

Magnolia	Dislike	The new Magnolia version would split up my neighborhood (East English Village) along my very street: Yorkshire Rd. This would put one side of the side in District 9 and the other side of the street in District11!	Sara Weertz	2021-12-20 18:33:17+00
Pine v5	Like	The Pine version 5 map keeps our three neighborhoods (East English Village, Morningside, Cornerstone) in District 17.	Sara Weertz	2021-12-20 18:29:49+00
Linden	Dislike	This map does not look fair. The Linden map keeps East English Village together in District 10.	henry	2021-12-20 18:28:38+00
Cherry V2	Opinion	This map is gerrymandered.	Sara Weertz	2021-12-20 18:27:34+00
Cherry V2	Dislike	Look at district 15????????? The Palm map keeps our neighborhood (East English Village) together in District 8.	Houssa	2021-12-20 18:26:43+00
Palm	Opinion	This map does not look gerrymandered like the other two.	Sara Weertz	2021-12-20 18:26:12+00
Palm	Like	The Cherry version 2 map keeps our neighborhoods together in District 10.	Houssa	2021-12-20 18:23:33+00
Cherry V2	Opinion	This map is nuts. I don't want to be in a district with G.R., different city.	Sara Weertz	2021-12-20 18:23:31+00
Chestnut	Dislike	No on this map. It does not keep Jackson whole as a county.	muskegon resident	2021-12-20 18:15:34+00
Szetela Congressional	Dislike		Stephanie Riley	2021-12-20 16:32:40+00

Szetela Congressional Dislike		i don't like that map. This map is not a good representation. It does not improve the current unfair distribution and should not be approved.	Jeannie Brown	2021-12-20 16:23:24+00
Palm	Dislike	This appears to be the most fair Senate map that is nonpartisan and balanced.	Carol Domino	2021-12-20 15:31:39+00
Linden	Like	Please vote for this map. This appears to be the most fair House map that is nonpartisan and balanced.	Jenn Slack	2021-12-20 15:30:02+00
Hickory	Like	Please vote for this map.	Jenn Slack	2021-12-20 15:29:26+00
Palm	Dislike	The Palm map is not fair and is not nonpartisan. This map has lines clearly drawn based on party affiliation by location, not by fairness. Please do not adopt this map.	Jenn Slack	2021-12-20 15:27:30+00

there is no easy way to draw these lines, if you could only do it based on population not all the other criteria maybe it would have been easier. However, the problem I see is that no matter how you draw them it is up to the voters in the given districts after all is said and done to VOTE for the person who can best be fair and honest when they get to Lansing or DC to represent the region or the state they are from just not the largest city in their district. In SE MI I feel those elected to the State and Fed level forget they are there for their entire district in the state level and than their entire state at the Fed level. In the end it comes down to electing the most honest and non political candidate, someone who can compromise and vote for the best for their respective district and position. This new map, whatever is I support this map both from a political fairness and a community of interest perspective.

Lange Congressional Opinion

2021-12-20 15:12:17+00

Palm	Like	I VOTE for this map. It keeps Jackson INTACT with similar areas of rural town interests. Bringing the 'OSU Buckeyes (Jackson) into the Big House (Ann Arbor)' will bring conflicts in many degrees that won't represent Jackson well. We have minimal common ground ideology with Ann Arbor's urban development. Linden and Cherry are the fairest maps and have competitive seats. Palm is very unfair.	Stephanie Riley	2021-12-20 15:08:58+00
Palm	Dislike	I VOTE for this map. It keeps Jackson INTACT with similar areas of rural town interests. Bringing the 'OSU Buckeyes (Jackson) into the Big House (Ann Arbor)' will bring conflicts in many degrees that won't represent Jackson well. We have minimal common ground ideology with Ann Arbor's urban development. Birch is the fairest map and has competitive seats. Apple is very unfair.	diane Detter	2021-12-20 14:40:46+00
Chestnut	Like	I VOTE for this map. It keeps Jackson INTACT with similar areas of rural town interests. Bringing the 'OSU Buckeyes (Jackson) into the Big House (Ann Arbor)' will bring conflicts in many degrees that won't represent Jackson well. We have minimal common ground ideology with Ann Arbor's urban development. Birch is the fairest map and has competitive seats. Apple is very unfair.	Stephanie Riley	2021-12-20 14:34:15+00
Birch V2	Like	I VOTE for this map. It keeps Jackson INTACT with similar areas of rural town interests. Bringing the 'OSU Buckeyes (Jackson) into the Big House (Ann Arbor)' will bring conflicts in many degrees that won't represent Jackson well. We have minimal common ground ideology with Ann Arbor's urban development. Birch is the fairest map and has competitive seats. Apple is very unfair.	Diane Detter	2021-12-20 14:29:43+00

Linden	Like	A good map, that is fair to both parties, and leads to competitive general election races.	A. G. Ulsoy	2021-12-20 14:27:34+00
Chestnut	Like	This is a fair map, and one that leads to competitive general election races, as opposed to decisions being made in primaries.	A. G. Ulsoy	2021-12-20 14:24:17+00
Magnolia	Dislike	Lenawee County map does not support communities of interests previous submitted. The map Divides the county into 4(four) representative districts which is gerrymandering at it's finest. The townships of Macon and Deerfield voters will be disenfranchised, their votes will no longer count and their representative will not consider their community of interests. The commission has violated the constitutional law by which it is governed. Redraw this map.	Carol Knoblauch	2021-12-20 13:13:36+00
Linden	Like	I think this map is the best of the MI Senate maps in terms of partisan fairness and communities of interest. The most fair of the maps.	Catherine Marks Marshall	2021-12-20 03:54:18+00

Birch V2	Like	I think this map does the best job balancing partisan fairness and communities of interest. I think this is the best one!	Catherine Marks Marshall	2021-12-20 03:50:18+00
Birch V2	Like	This map keeps Commerce Township in the 11th and with the other western suburbs in Oakland County. It's compact. This is the map that is the least objectionable. I currently live in the 11th and this map keeps Commerce Township whole and part of Oakland County and the western suburbs. It's more compact and fits the type of community. It is no longer rural, but suburban.	Karen J Adams	2021-12-20 00:52:18+00
Chestnut	Like		Karen J Adams	2021-12-20 00:46:47+00
Linden	Like	Linden is a fair map for the MI Senate, with a majority of seats going to the majority of votes. Vote YES on Linden!	Deborah Kallunki	2021-12-20 00:41:14+00
Birch V2	Like	BirchV2 is a fair map for US Congressional districts, with a majority of seats going to the majority of votes.	Deborah Kallunki	2021-12-20 00:39:24+00
Chestnut	Like	Chestnut is a fair map for the US congressional districts. It would result in the majority of seats going to the majority of votes.	Deborah Kallunki	2021-12-20 00:36:53+00

Chestnut	Like	Chestnut serves Michiganders well. It gives both parties an opportunity to win. That's how we elect the best people -	Lisa DiRado	2021-12-20 00:27:08+00
Szetela Congressional	Like	Looks well-balanced.	Margaret Teall	2021-12-20 00:18:25+00
Pine v5	Dislike	When I look at this map, I despair of ever having my vote count for State House.	Helen Harms	2021-12-20 00:12:51+00
Magnolia	Dislike	Worse map for fairness.	Helen Harms	2021-12-20 00:11:13+00
Hickory	Like	This map provides for the best balance in regard to partisan fairness. Overall there is still a Republican bias wo this map and, indeed, all the State House maps.	Helen Harms	2021-12-20 00:09:56+00
Palm	Dislike	Lumping my community in with Jackson County ignores the realities of population changes in my area. It totally eliminates partisan fairness.	Helen Harms	2021-12-20 00:06:51+00
Cherry V2	Like	Cherry as well as Linden offers the opportunity for more competitive elections	Helen Harms	2021-12-20 00:03:30+00

Linden	Like	<p>Washtenaw County has undergone many changes especially in the more rural areas as new housing has diversified the population. Linden unpacks Washtenaw and provides more fairness for the voting public of all parties.</p> <p>I like this map because it offers the most competitive districts of any of the proposed maps. Gives an opportunity for true</p>	Helen Harms	2021-12-20 00:00:46+00

Birch V2	Like	<p>interest</p> <p>This map is okay, the best off the group. I think it bears a bit more redoing - goal to group like areas together in an equitable way that has reasonable boundaries, and reflects the citizens of the state. This one, although the best, still has issues as so many off the other comments raise and could be MUCH better with slight</p>	Helen Harms	2021-12-19 23:52:31+00
Hickory	Opinion	<p>modifications.</p>	Philip Zazove	2021-12-19 23:47:45+00

Szetela Congressional	Dislike	Nope Szetela map needs Ozzy to interpret. WOW!	Drew Wagener	2021-12-19 22:41:51+00
Magnolia	Opinion	This map like the other state house maps unfairly distorts the legislative body in Lansing by giving an unfair advantage to a single party and makes our state appear much more partisan than it actually is. We live in a purple state and our legislative body should reflect that.	Abbie Egberman	2021-12-19 22:35:59+00
Lange Congressional	Dislike	Lange is flat out wrong for Michigan! Maybe California could appreciate this monkey business, there's absolutely no need for this nonsense around here.	Drew Wagener	2021-12-19 22:34:58+00
Apple V2	Dislike	One bad Apple here folks! Don't let it spoil everything!	Drew Wagener	2021-12-19 22:32:22+00
Chestnut	Dislike	Not a chance! Chestnut map should be roasting on an open fire.... Hell no!	Drew Wagener	2021-12-19 22:30:30+00
Szetela House	Dislike	Szetela strikes again with their embarrassing attempt at adulting. NOPE!	Drew Wagener	2021-12-19 22:28:25+00
Hickory	Dislike	Hickory's creator should find something else to do in their time...	Drew Wagener	2021-12-19 22:26:58+00

Pine v5	Dislike	To many counties divided.. Swing and a HUGE MISS. 100% no on the Pine V5 map!	Drew Wagener	2021-12-19 22:25:35+00
Pine v5	Opinion	This map and all the house maps need to provide a more reasonable possibility of electing a balanced legislature that reflects the people of the state and does not stack the house with legislators that do not reflect the views of the voters.	Abbie Egberman	2021-12-19 22:25:11+00
Szetela Senate	Dislike	Nope! Nothing short of insanity is represented in the Szetela map! Seriously, who's the wizard behind this drivel? Lange map has to be someones idea of a joke.....	Drew Wagener	2021-12-19 22:23:38+00
Lange Senate correct	Dislike	Hard to relate to the mind that could create the rubbish that the Kellom Map illustrates.... Not just a no, but this one should just be thrown off the list!	Drew Wagener	2021-12-19 22:21:15+00
Kellom Senate	Dislike	Hard to describe the Linden map without using the word cluster..... HARD NO	Drew Wagener	2021-12-19 22:18:57+00
Linden	Dislike		Drew Wagener	2021-12-19 22:14:47+00

Cherry V2	Dislike	Did someone give a toddler hopped up on sugar some crayons? How could anyone capable of clear thought support Cherry V2?	Drew Wagener	2021-12-19 22:13:27+00
Birch V2	Like	Of the options at this time, Birch V2 is the cleanest version, definitely still presents massive room for improvement though!	Drew Wagener	2021-12-19 22:10:51+00
Palm	Like	Of the map options, Palm is the best, but that's not saying much... In my opinion, every single map proposed should be scrapped and start again with a clean slate!	Drew Wagener	2021-12-19 21:48:14+00
Magnolia	Like	Selecting one of the available house map versions is about like trying to pick up a turd from the clean end... Of the house maps, Magnolia would fall into the cleanest of the turds.	Drew Wagener	2021-12-19 21:34:04+00
Szetela House	Dislike	This is an unfair map. The Constitution requires partisan fairness, which this map does not provide.	Connie	2021-12-19 21:15:24+00
Hickory	Like	This is the least unfair map. Partisan fairness must be prioritized, per the Constitution.	Connie	2021-12-19 21:13:22+00

Magnolia	Dislike	This map is unfair. Hickory is a better map. Partisan fairness must be prioritized, per the Constitution.	Connie	2021-12-19 21:10:56+00
Pine v5	Dislike	This map should not be used. Hickory is a better choice. Partisan fairness must be prioritized.	Connie	2021-12-19 21:07:45+00
Szetela Senate	Dislike	As required by the Constitution, partisan fairness must be prioritized. This map is unfair. Cherry and Linden have better partisan scores.	Connie	2021-12-19 21:04:29+00
Lange Senate correct	Dislike	This map is unfair. Partisan fairness must be prioritized.	Connie	2021-12-19 21:02:00+00
Kellom Senate	Dislike	This map is not fair. Partisan fairness must be prioritized.	Connie	2021-12-19 21:00:28+00
Linden	Like	This is one of the more fair maps. Palm is the least fair. Partisan fairness must be prioritized.	Connie	2021-12-19 20:58:30+00
Palm	Dislike	This is the worst map. Partisan fairness must be prioritized.	Connie	2021-12-19 20:56:33+00
Cherry V2	Like	This has better partisan fairness than other maps. Palm has the worst partisan fairness. Partisan fairness must be prioritized.	Connie	2021-12-19 20:54:44+00

Apple V2	Like	In keeping the proximate southern Lake Michigan counties (with some similar interests) together, this map is preferable to the chestnut map.	Susan Shapiro	2021-12-19 20:01:19+00
Chestnut	Dislike	This map is bad for the southernmost counties of the state. Berrien County on Lake Michigan has nothing in common with counties on the far eastern end of the state.	Susan Shapiro	2021-12-19 19:58:03+00
Chestnut	Like	I like that this map keeps Troy together with other Oakland County communities. While this map is far better than Apple v2 it includes Troy with parts of Macomb County, splitting up a	Chris Graunstadt	2021-12-19 19:52:54+00
Birch V2	Opinion	community of interest. This map does not represent communities of interest as	Chris Graunstadt	2021-12-19 19:51:15+00
Apple V2	Dislike	well as Chestnut or Birch2. This map is unfair, unacceptable and should be dismissed. It fails to demonstrate partisan fairness and runs counter to provisions in the Voting Rights	Chris Graunstadt	2021-12-19 19:45:57+00
Palm	Dislike	Act of 1965.	Chris Graunstadt	2021-12-19 19:41:02+00

Lange Congressional	Like	This is a fair map, not gerrymandered like apple and chestnut.	helen	2021-12-19 18:34:44+00
Palm	Dislike	This map is the WORST of all the maps submitted. It has the highest Republican bias of	Amy Teare	2021-12-19 17:44:04+00
Chestnut	Dislike	all the maps. no	Daniel Schifko	2021-12-19 15:16:55+00
Birch V2	Like	This map represents communities of interest best.	Daniel Schifko	2021-12-19 15:14:17+00
Apple V2	Dislike	This map does not represent communities of interest.	Daniel Schifko	2021-12-19 15:11:13+00
Lange Congressional	Dislike	This map does not represent communities of interest.	Daniel Schifko	2021-12-19 15:10:33+00
Szetela Congressional	Dislike	This map does not represent communities of interest.	Daniel Schifko	2021-12-19 15:09:49+00
Cherry V2	Dislike	This map does not represent communities of interest.	Daniel Schifko	2021-12-19 15:09:04+00
Palm	Like	This map represents communities of interest well.	Daniel Schifko	2021-12-19 15:07:49+00
Linden	Dislike	This map does not represent communities of interest.	Daniel Schifko	2021-12-19 15:05:25+00
Kellom Senate	Dislike	This map does not represent communities of interest.	Daniel Schifko	2021-12-19 15:04:48+00
Lange Senate correct	Dislike	This map does not represent communities of interest.	Daniel Schifko	2021-12-19 15:03:59+00
Szetela Senate	Dislike	This map does not represent communities of interest.	Daniel Schifko	2021-12-19 15:01:55+00
Pine v5	Dislike	This map does not respect enough communities of interest.	Daniel Schifko	2021-12-19 14:59:33+00

Magnolia	Like	This map keeps most of my community together.	Daniel Schifko	2021-12-19 14:56:03+00
Szetela House	Dislike	This map does not represent communities of interest.	Daniel Schifko	2021-12-19 14:52:54+00
Hickory	Dislike	This map doesn't properly represent communities of interest well.	Daniel Schifko	2021-12-19 14:49:45+00
Linden	Like	I support this as the best choice so far for the Senate.	Jonathan R. Hague	2021-12-19 14:10:38+00
Hickory	Like	I support this as the best choice so far for the House.	Jonathan R. Hague	2021-12-19 14:09:45+00
Palm	Dislike	This map is way too far biased to the right.	Jonathan R. Hague	2021-12-19 14:06:15+00
Hickory	Dislike	Districts 100 and 101 are still badly drawn. What is the point of separating the eastern portion of Lake County from the rest of the county, only to cut through the eastern part of Mason County to make up for it? The Lake County break is on township lines but cuts the village of Luther in half. This is a community of 300 people.	Kelly Weaver	2021-12-19 12:52:05+00
Lange Congressional	Dislike	This map is cleaner than Birch but it's still pretty bad for Muskegon because we're in a district where we can't elect someone who will represent our diverse interests. People of color are a community of interest.	Kelsey Bernadette	2021-12-19 04:02:06+00

Szetela Congressional	Like	I'm ok with this map because it puts Muskegon with Grand Rapids so we have a shot at real representation. However, I prefer the other version of this.	Kelsey Bernadette	2021-12-19 04:01:58+00
Chestnut	Like	Now this is a map we can get behind in Muskegon. It puts us into a competitive district where our diverse residents have an actual shot at being represented. People of color are a community of interest.	Kelsey Bernadette	2021-12-19 04:01:53+00
Birch V2	Dislike	What happened here? These lines are all over the place and are completely incoherent. It almost feels like it was drawn intentionally to stop Muskegon from actually being able to elect candidates who advance our diverse interests. People of color are a community of interest.	Kelsey Bernadette	2021-12-19 04:01:50+00
Apple V2	Dislike	This map is cleaner than Birch but it's still pretty bad for Muskegon because we're in a district where we can't elect someone who will represent our diverse interests. People of color are a community of interest.	Kelsey Bernadette	2021-12-19 04:01:46+00

Birch V2	Like	This BirchV2 map appears to combine fairness, community of interests, and jurisdiction boundaries pretty well. This Commission has a very challenging task to address the matter of gerrymandering abuse. This map does a good job of accomplishing the purpose and intention of the citizens' initiative to bring forth better representative government.	Jim Hughes	2021-12-19 03:04:32+00
Kellom Senate	Dislike	It is completely unnecessary to divide Dearborn into two separate districts.	Quinn Whittaker	2021-12-19 01:13:42+00
Linden	Like	This is the most fair senate map!	Bethany A Rocho	2021-12-19 00:56:21+00
Hickory	Like	This is the most fair house map!	Bethany A Rocho	2021-12-19 00:54:59+00
Palm	Dislike	No additional comments	Bethany A Rocho	2021-12-19 00:51:04+00
Palm	Dislike	No additional comments	Bethany A Rocho	2021-12-19 00:49:02+00
Szetela House	Dislike	Why do all of these maps split west Dearborn into two separate districts? Also, the boundary line that divides west Dearborn looks ridiculous.	Quinn Whittaker	2021-12-19 00:45:24+00

		The Palm is the worst of all the maps in terms of the most Republican partisan bias. Please do not select this unfair map. This map perpetuates the 60/40 GOP bias that was installed after the 2010 census by extreme		
Palm	Dislike	Republican gerrymandering. The Linden map seems to be the best in terms of partisan	JoEllen Rudolph	2021-12-19 00:03:06+00
Linden	Like	fairness. I like the Hickory map the best for the House map. It	JoEllen Rudolph	2021-12-18 23:57:57+00
Hickory	Like	seems the most fair. imbalanced and overtly	JoEllen Rudolph	2021-12-18 23:50:14+00
Palm	Dislike	partisan This is the fairest map and	Robert G. Hawley	2021-12-18 23:45:51+00
Linden	Like	should be supported. Yes to Hickory-- this is the	Allison Zimpfer	2021-12-18 22:09:39+00
Hickory	Like	most fair House map.	Allison Zimpfer	2021-12-18 22:07:31+00
Palm	Dislike	This map is incredibly biased and should not be supported. Biased. Asking the	Allison Zimpfer	2021-12-18 22:04:22+00
Palm	Dislike	Redistricting Committee to Vote Against. This map is gerrymandered	Marilee Milroy	2021-12-18 21:28:34+00
Linden	Dislike	for the democrats.	Gunther	2021-12-18 21:07:29+00
Palm	Like	This is a fair map, not gerrymandered like the other maps for the democrats.	sara	2021-12-18 21:03:29+00

Szetela House	Dislike	All proposed maps for Allegan are bad. They weaken our voice for our community and carve up the county far too much. It appears the commission is intentionally breaking the county up for political gain!	Rachelle M Smit	2021-12-18 20:29:05+00
Hickory	Dislike	Please keep Allegan County intact. Breaking this many lines does not represent our district and clearly is done for political gain.	Rachelle M Smit	2021-12-18 20:22:03+00
Magnolia	Dislike	This map is not good, Allegan County belongs together, I do not agree with this "caterpillar" district along the lakeshore. This does not represent my community.	Rachelle Smit	2021-12-18 20:18:04+00
Hickory	Like		Brett Meteyer	2021-12-18 19:48:34+00
Linden	Like		Brett Meteyer	2021-12-18 19:46:34+00

Palm	Dislike		Brett Meteyer	2021-12-18 19:44:28+00
Apple V2	Dislike	Vote NO. Splits Downriver	John Leon	2021-12-18 19:41:19+00
Chestnut	Dislike	Vote NO on Chestnut. It divides Downriver. It splits Wyandotte, which is across from the North end Grosse Ile into another district. Wyandotte, Southgate should be included in this district.	John Leon	2021-12-18 19:37:16+00

Birch V2	Like	<p>Vote Yes on Birch v2.  Regarding Downriver, this map keep the cities and Township that have a vested interest along the Detroit river together, whether is it involves redevelopment, cleanup, or the natural environment.</p>	John Leon	2021-12-18 19:30:26+00
Chestnut	Dislike	<p>This map divides the Downriver communities of interest in an unfair way. Southgate and Wyandotte should be included with Trenton and Grosse Ile.</p>	Roberta Urbani	2021-12-18 19:29:21+00
Birch V2	Like	<p>I support this map as being the most fair for the Downriver communities of interest.</p>	Roberta Urbani	2021-12-18 19:25:13+00
Hickory	Like	<p>Please approve this House map. It is the most fair of the options, and keeps most of the waterfront Downriver communities together.</p>	Roberta Urbani	2021-12-18 19:10:12+00
Hickory	Like	<p>VOTE YES on Hickory! Keeping these cities and Townships together along the river makes historical sense and a compact district. I love it!!</p>	John Leon	2021-12-18 19:07:40+00
Palm	Dislike	<p>This map is as bad as our current gerrymandered situation with its unfair Republican bias.</p>	Roberta Urbani	2021-12-18 19:06:24+00

Linden	Like	This is the best House map that has been presented. It is nonpartisan and keeps Downriver, a community of interest, fairly intact.	Roberta Urbani	2021-12-18 19:03:43+00
Cherry V2	Opinion	The Linden is best for partisan fairness. Splitting some of the larger downriver cites apart doesn't make a good map.	John Leon	2021-12-18 19:02:06+00
Pine v5	Dislike	Keep Allegan County together. This map does not preserve and respect geographical boundaries, specifically county lines. This is an intentional carving up of counties into multiple districts for political gain. Allegan County belongs in tact.	Rachelle Smit	2021-12-18 19:00:45+00
Linden	Like	Please vote in favor of the Linden map. This is fairly unpartisan and will work for all. This map retains the Republican bias of our current gerrymandered situation -- the situation we worked so hard to overturn with Proposal 2 to let voters choose their politicians, not the other way around.	John Leon	2021-12-18 18:58:55+00
Palm	Dislike	Please vote against this map, it's very partisan and unfair	Roberta Urbani	2021-12-18 18:58:15+00
Palm	Dislike		John Leon	2021-12-18 18:54:03+00

Chestnut	Like	Support Chestnut!	Olivia Holmesmith	2021-12-18 04:06:23+00
Apple V2	Dislike	This is an unacceptable map for Muskegon. Muskegon needs to have its diverse interests represented. This district is not diverse at all.	Olivia Holmesmith	2021-12-18 03:13:21+00
Birch V2	Dislike	This is an unacceptable map for Muskegon. Muskegon needs to have its diverse interests represented. This district is not diverse at all.	Olivia Holmesmith	2021-12-18 03:13:13+00
Chestnut	Like	This is the only acceptable map for Muskegon. Muskegon needs to have its diverse interests represented. This map is best for Berrien County. It keeps the county's urban areas together and bands Berrien with the other lakeshore counties to emphasize tourism, protecting the environment, preserving forests and dunes, fruit farming, reviving industry, Great Lakes history -	Olivia Holmesmith	2021-12-18 03:13:09+00
Apple V2	Like	all vital interests.	Laurence Funk	2021-12-18 02:23:39+00

Apple V2	Dislike	<p>This is a bad map for Barry county because it puts it in a district with urban areas. This will prevent our rural interests from actually being represented in Congress.</p>	Maxwell Bosman	2021-12-18 02:18:53+00
Birch V2	Dislike	<p>This is a bad map for Barry county because it puts it in a district with urban areas. This will prevent our rural interests from actually being represented in Congress.</p>	Maxwell Bosman	2021-12-18 02:18:47+00
Chestnut	Like	<p>This is the best map for Barry county because it puts it in a rural district. This will ensure that our rural interests are actually represented in Congress.</p>	Maxwell Bosman	2021-12-18 02:18:43+00
Birch V2	Dislike	<p>This map is absurd. The Niles area needs to remain united with the rest of Berrien County on any congressional map. We are similar to St. Joseph-Benton Harbor in diversity, total population, fruit farming, small industry, and share the history of the St. Joseph River valley, the exploration of which dates back to the 1600s. We don't belong with Jackson and Monroe, which are 120-150 miles away.</p>	Laurence Funk	2021-12-18 01:56:05+00

Chestnut	Dislike	Berrien County needs to be kept whole on any congressional map. Forcing the south county to find similar urban interests in Jackson and Monroe, which are 120-150 miles away and not be allowed to keep ties with the county seat in St. Joseph, which is a mere 25 miles away, is ridiculous.	Laurence Funk	2021-12-18 01:20:51+00
Birch V2	Like	I know drawing new maps is a difficult process, but I believe that this map helps balance the goal of partisan fairness and keeping communities of interest together in the best way possible.	Kenneth A Pearl	2021-12-18 01:00:18+00
Palm	Dislike	dislike	Jennifer Hollander	2021-12-18 00:07:58+00
Birch V2	Like	The Birchv2 map is a fair and honest redistricting map - something that has been neglected for decades!	Thomas Struckman	2021-12-17 23:22:48+00
Birch V2	Like	Please vote it into being. Birch v2 represents communities of interest better than other options	Jackie Long	2021-12-17 21:09:42+00

Hickory	Opinion	<p>This Plan is similar to other 2 proposed Plans in many respects &amp; is my preference of 3 proposed Plans. It is better than Plan Pine on population equality &amp; VRA compliance. This proposed Plan could be redrawn to score within a normal range in a larger class of accepted measures of partisan fairness, perhaps decreasing chance of successful legal challenges.</p> <p>Plan Kellogg outperforms all 3 proposed Plans on aspects of population equity &amp; VRA compliance, the highest priority criterion (Criterion A) in the MI Constitution.</p>	Beth Freeman	2021-12-17 21:01:38+00
Kellom Senate	Like		Beth Freeman	2021-12-17 20:41:17+00

Chestnut	Like	This plan performs well on a collection of partisan fairness measures; shows some consideration for county, city, & township boundaries; & performs better than other 2 Plans on top-ranked Criterion for population equity & VRA compliance, providing stronger districts of opportunity for the Black minority population to election candidates of its choice.	Beth Freeman	2021-12-17 20:32:53+00
Hickory	Like	Still much work to be done.....it's that tricky issue of partisan fairness for all. There has been some improvement, but please keep working!!!	Jack Ellis	2021-12-17 19:48:02+00
Linden	Like	Supporting a map simply because it is better than the current wretched one and the other proposed poor ones is really the epitome of a sad situation. I can only say as I've said before, IT'S NOT TOO LATE.....keep working.	Jack Ellis	2021-12-17 19:42:19+00
Hickory	Dislike	This map should be rejected. It is not fair and does not represent the communities of interest.	Dee J Maybee	2021-12-17 19:35:54+00

Pine v5	Dislike	This map should be rejected. It is not fair and does not represent the communities of interest.	Dee J Maybee	2021-12-17 19:34:34+00
Linden	Dislike	This map should be rejected. It is not fair and does not represent the communities of interest.	Dee J Maybee	2021-12-17 19:33:14+00
Cherry V2	Dislike	This map should be rejected. It is not fair and does not represent the communities of interest.	Dee J Maybee	2021-12-17 19:31:57+00
Lange Congressional Birch V2	Dislike	interest.	Dee J Maybee	2021-12-17 19:30:43+00
	Like	This is a good map:)	Erin Rutkowski	2021-12-17 19:30:18+00
Palm	Dislike	This is a terrible map. I don't think it does a fair job of dividing Washtenaw County. We voted for fair maps and this is NOT a fair map. Our current senate district is grossly gerrymandered, and this plan is just a bit above that. Please do not vote for this map!!!	Roger M Harms	2021-12-17 19:30:07+00
Palm	Dislike	This map should be rejected. It is not fair and does not represent the communities of interest.	Jack Ellis	2021-12-17 19:29:22+00
Apple V2	Dislike	interest.	Dee J Maybee	2021-12-17 19:29:19+00

Chestnut	Dislike	This map should be rejected. It is not fair and does not represent the communities of interest.	Dee J Maybee	2021-12-17 19:28:20+00
Cherry V2	Like	I think this is a good map. I like the way Washtenaw County is divided.	Roger M Harms	2021-12-17 19:28:19+00
Linden	Like	This is a very good map. I like the way it looks for Washtenaw County.	Roger M Harms	2021-12-17 19:26:50+00
Magnolia	Like	This is my preferred map. It is the most fair and best represents the communities of interest.	Dee J Maybee	2021-12-17 19:26:00+00
Palm	Like	This is my preferred map. It is the most fair and best represents the communities of interest.	Dee J Maybee	2021-12-17 19:24:28+00
Hickory	Like	I like the fairness of this map for Michigan, for Black people in their districts, and for all of us. The way this map is set up for the Dexter area is good.	Roger M Harms	2021-12-17 19:24:25+00
Birch V2	Like	This is my preferred map. It is the most fair and best represents the communities of interest.	Dee J Maybee	2021-12-17 19:21:27+00
Birch V2	Opinion	We voted for fair maps and this is a fair map. The map will serve Macomb County for the next ten years.	Jack Ellis	2021-12-17 19:21:05+00
Lange Congressional	Dislike	I think this map is not a good map for Michigan.	Roger M Harms	2021-12-17 19:20:46+00

Szetela Congressional	Like	I think Washtenaw would be well served with this map	Roger M Harms	2021-12-17 19:19:24+00
Birch V2	Like	I think that the Birch map would be a very good choice.	Roger M Harms	2021-12-17 19:17:23+00
Pine v5	Dislike	Too partisan!	Paul Marsh	2021-12-17 18:40:23+00
Magnolia	Dislike	This map seems too partisan.	Paul Marsh	2021-12-17 18:38:05+00
Hickory	Like	Best, least partisan map.	Paul Marsh	2021-12-17 18:36:06+00
Cherry V2	Like	Seems like a good redistricting map to me.	Paul Marsh	2021-12-17 18:33:41+00
Birch V2	Like	As a local elected official, I hear all the time that we need to "think locally, but act regionally." This map is a reflection of this mantra. The person elected to represent my district will have to consider the needs of both Oakland and Macomb County, and inner-ring and outer-ring suburbs. The Representatives from the region will have to consider issues through the lens of how they impact the region, not just their communities.	Paul Gielegem Jr	2021-12-17 18:33:36+00
Birch V2	Like	This is a good map. not too partisan.	Paul Marsh	2021-12-17 18:29:33+00
Palm	Dislike	Please vote against this unbalanced plan	Marcia Mackey	2021-12-17 18:28:40+00

Hickory	Opinion	This is the best house map. It could still be improved on partisan fairness. Next vote has submitted some ideas for making it more partisan fair.	Suzanne Perkins	2021-12-17 18:28:36+00
		This map is unacceptable and unfair due to partisan favoritism. In a fair and democratic system, the elected representatives will reflect the votes of the people. This Magnolia map reproduces the effect of gerrymandering, making some votes count more than		
Magnolia	Dislike	others.	Samuel Firke	2021-12-17 18:27:03+00
Palm	Dislike	Too partisan.	Paul B. Marsh	2021-12-17 18:25:14+00
Linden	Like	This is the best map. It is the fairest and centers around population centers.	Suzanne Perkins	2021-12-17 18:25:10+00
Birch V2	Like	This map is fair and has the least population deviation.		
		This or Chestnut are great!	Suzanne Perkins	2021-12-17 18:22:06+00
Chestnut	Like	This map and birch are the fairest and center around population centers.	Suzanne Perkins	2021-12-17 18:20:37+00
		This commission was formed because people voted against blatantly partisan maps like this. Please do not vote for		
Pine v5	Dislike	this map.	Stephen Kemsley	2021-12-17 18:08:05+00

Magnolia	Dislike	This map has a blatant partisan lean. This map defeats the entire point of having this commission in the first place. Do not vote for it.	Stephen Kemsley	2021-12-17 18:07:16+00
Palm	Dislike	This commission was formed because people voted against blatantly partisan maps like this. Please do not vote for this map.	Stephen Kemsley	2021-12-17 18:05:00+00
Hickory	Like	Much less vote packing in this map compared to others. More balanced and representative of the state overall.	Stephen Kemsley	2021-12-17 18:02:54+00
Magnolia	Dislike	This map is horribly biased towards one party. This map would defeat the whole purpose of the redistricting process and perpetuate minority rule and gerrymandering in Michigan. The partisan bias of this map is unacceptably high. Please choose Hickory instead.	Andrew Lorenz	2021-12-17 18:02:26+00
Cherry V2	Like	While not perfect, this is fair and much more balanced than other maps.	Stephen Kemsley	2021-12-17 18:01:46+00
Linden	Like	It's not perfect but it's much more balanced than some of the alternatives.	Stephen Kemsley	2021-12-17 18:00:30+00

Hickory	Like	Hickory is the only fair State House Map. Hickory gives the voting majority the best chance to gain the house majority, which honors the goal of "One Person, One Vote". Please adopt Hickory. The other 2 maps just perpetuate minority rule and gerrymandering.	Andrew Lorenz	2021-12-17 17:59:09+00
Birch V2	Like	This map is a fair compromise and has the least partisan bias.	Stephen Kemsley	2021-12-17 17:57:02+00
Linden	Like	Please vote YES on this map. This is the fairest State Senate map. The whole purpose of the redistricting commission is to draw fair maps with equal representation, and the Linden map accomplishes this better than the other maps. The Palm Map has a terrible partisan bias towards Republicans that would perpetuate the gerrymandering problem and minority rule. Every person's vote should count equally. Please reject this map. Choose a map with less	Andrew Lorenz	2021-12-17 17:55:24+00
Palm	Dislike	partisan bias.	Andrew Lorenz	2021-12-17 17:52:23+00
Birch V2	Like	This is the one	John A Herman	2021-12-17 17:10:08+00

Palm	Dislike	This map does nothing to change the current misrepresentation we have in our state today. This doesn't solve the Gerrymandering problem.	Kevin Marvin	2021-12-17 17:07:59+00
Linden	Like	This map is fair, well balanced, so the elections are competitive and not decide only by primaries.	A. Galip Ulsoy	2021-12-17 16:56:13+00
Chestnut	Like	A good map, that is fair and reflects will of Michigan voters.	A. Galip Ulsoy	2021-12-17 16:50:23+00
Lange Congressional	Dislike	This district goes too far west. This keeps both counties	Tara	2021-12-17 16:46:40+00

Lange Congressional	Dislike	all theses maps seem to shove taylor into a position with no voice	Eric Kyle Schichl	2021-12-17 16:12:03+00
Lange Congressional	Dislike	We have nothing in common with Monroe.	Karen	2021-12-17 16:00:01+00

Can someone explain how the desire for separating "urban" areas from "rural" places is tossed out the window when it comes to the City of Midland? Com. Lange is the champion of the need to keep rural areas rural, because wells and market access etc. Why should the Dow chemicals company town be the exception to the rule?

Lange Congressional Dislike

Mark

2021-12-17 15:51:03+00

I am not a fan of some of the other areas on this map as a whole. My own district does not differ much from all the other collaborative options. Why did this commissioner change her own draft map for this area? It was the only different configuration offered during the previous public hearing period. A shame - now every map looks remarkably similar to the current Congressional 12th wherein the Ann Arbor/Ypsilanti area is connected to the hour distant Downriver communities by snaking along the southern boundaries of Wayne County. Don't publish some propaganda in the "Candid Conversations" video telling me this commission didn't even look at the current maps and started from scratch on everything. How else did this commission arrive at the

Pine v5	Dislike	This map was starting to look fair, when I noticed how it slices the shorelines, as another constituent noticed. I prefer Magnolia.	Carly Moran	2021-12-17 07:30:05+00

Magnolia	Like	While none of the state house maps are the best, I respect how this map divides Jackson County if we must at all. It maintains the Jackson urban area without senselessly gerrymandering Ann Arbor into their population. It also keeps Hillsdale County intact. I don't think this map would be good for the gay community. We deserve a map where we have representatives who will	Carly Moran	2021-12-17 07:27:08+00
Apple V2	Dislike	listen to our needs I don't think this map would be good for the gay community. We deserve a map where we have representatives who will	Butch Jackson	2021-12-17 07:25:17+00
Birch V2	Dislike	listen to our needs	Butch Jackson	2021-12-17 07:25:10+00
Hickory	Dislike	This map is better than some, but still divides Jackson. Also is a bit odd how the neighboring district snatches Hudson from Hillsdale County. I prefer Magnolia. While it keeps Hillsdale County intact, it absolutely shreds Jackson County. I also see some similar issues with	Carly Moran	2021-12-17 07:24:47+00
Szetela House	Dislike	neighboring Lenawee.	Carly Moran	2021-12-17 07:21:52+00

Szetela Senate	Dislike	Much like aforementioned maps, Szetela needlessly splits rural Hillsdale County, and includes Jackson with the very different suburbs of Ann Arbor. Palm appears to be the best for Southern Michigan.	Carly Moran	2021-12-17 07:18:37+00
Chestnut	Like	I think this is a good map for the gay community. Unnecessarily divides Hillsdale County for gerrymandering purposes like the other maps, and also places rural Jackson County with the suburbs of Ann Arbor. Doesn't make much sense at all. Palm is best.	Butch Jackson	2021-12-17 07:17:59+00
Lange Senate correct	Dislike		Carly Moran	2021-12-17 07:14:52+00
Apple V2	Dislike	I prefer the Chestnut plan because it keeps communities of interest together better than Birch or Apple.	Graham Grayson	2021-12-17 07:00:12+00
Birch V2	Dislike	I prefer the Chestnut plan because it keeps communities of interest together better than Birch or Apple.	Graham Grayson	2021-12-17 07:00:04+00
Chestnut	Like	I prefer the Chestnut plan because it keeps communities of interest together better than Birch or Apple.	Graham Grayson	2021-12-17 06:59:59+00

Kellom Senate	Dislike	Once again, a very bizarre and unnecessary divide of Hillsdale County as I saw in other maps when the needs are the county are very homogenous (rural, older population). So far, my favorite would have to be Palm.	Carly Moran	2021-12-17 06:53:21+00
Linden	Dislike	Needlessly divides Hillsdale County, placing my part with communities east of me that don't match our needs quite as well as Branch, St. Joseph and Jackson County. I also see an odd division of Ann Arbor. I still don't understand the need to divide Hillsdale County, but out of all of the Senate maps, this one best represents COIs. I appreciate the inclusion of the counties to the west of Hillsdale, as I feel they are most similar to us. We're rural farming communities with similar natural resources and demographics.	Carly N Moran	2021-12-17 06:50:36+00
Palm	Like		Carly Moran	2021-12-17 06:46:44+00

Cherry V2	Dislike	<p>This feels gerrymandered to me. There is no need to snatch away the top of Hillsdale County, when the needs of Moscow and Jerome are very similar to the rest of us.</p>	Carly Moran	2021-12-17 06:42:57+00
Szetela Congressional	Dislike	<p>This map needlessly divides Jackson County, and includes Battle Creek in our rural District 5. Chestnut and Birch V2 are better options.</p>	Carly Moran	2021-12-17 06:38:28+00
Apple V2	Dislike	<p>The Asian American community of Western Michigan prefers the Chestnut plan</p>	Theresa Liu	2021-12-17 06:38:15+00
Birch V2	Dislike	<p>The Asian American community of Western Michigan prefers the Chestnut plan</p>	Theresa Liu	2021-12-17 06:37:38+00
Chestnut	Like	<p>The Asian American community of Western Michigan the supports the Chestnut plan</p> <p>This is better than AppleV2, but still not the best. It divides Jackson and places Battle Creek and Albion with Hillsdale and Branch Counties, two different places with different needs. See my comments on AppleV2 for why.</p>	Theresa Liu	2021-12-17 06:37:30+00
Lange Congressional	Dislike	<p>why.</p>	Carly Moran	2021-12-17 06:35:03+00

Apple V2	Dislike	<p>This is a gerrymandered map. The needs of Battle Creek and Albion are terribly different from those of Branch and Hillsdale County.</p> <p>I appreciate how this maps maintains the rural needs of District 5, while keeping Jackson as well, since many people in District 5 have connections there, i.e. shopping, school, family.</p>	Carly Moran	2021-12-17 06:30:40+00
Birch V2	Like	<p>I think this map makes the most sense out of the congressional maps. It represents the needs of the Hillsdale community, as well as the extended southern Michigan area. Speaking with a friend from the Detroit Metro Area, she says her needs are met as well.</p>	Carly Moran	2021-12-17 06:28:42+00
Chestnut	Like	<p>Linden is the fairest State Senate map. Please also consider including Oak Park in this map as it, Southfield and Detroit contain contiguous COI African-American communities which have strong ties.</p>	Carly Moran	2021-12-17 06:23:29+00
Linden	Like		Judy Davis	2021-12-17 06:09:11+00

		This map keeps contiguous African-American COIs together. Please consider also including Oak Park in the Chestnut Congressional map.		
Chestnut	Like	Thank you!	Judy Davis	2021-12-17 06:00:57+00
Apple V2	Dislike	Chestnut is a better map for Ottawa County.	Chris Carlson	2021-12-17 05:50:59+00
Birch V2	Dislike	Chestnut is a better map for Ottawa County.	Chris Carlson	2021-12-17 05:50:31+00
Chestnut	Like	This is the best map for Ottawa county.	Chris Carlson	2021-12-17 05:50:20+00
Palm	Dislike	Please vote no on this map, It seems very biased.	MICHAEL MCGEE	2021-12-17 04:07:46+00
Linden	Like	Linden is a much improved MI Senate map from the current. It has a low max population deviation. The quality of the comments and analysis by a number of participants is encouraging. Please refer to John Erdevig's, which I agree with. Thank you working the issues in a diligent manner.	George Dilgard	2021-12-17 02:53:06+00
10-29-21 SD v3	Opinion	Pontiac & Auburn Hills should be together Rochester & Rochester Hills should be together without any part of Oakland Township	Janet Armil	2021-12-17 02:50:03+00

Palm	Dislike	The worst and most gerrymandered of the proposed maps.	Janet Armil	2021-12-17 02:48:11+00
Hickory	Like	The fairest House map.	Janet Armil	2021-12-17 02:46:39+00
Linden	Like	The fairest Senate map.	Janet Armil	2021-12-17 02:45:14+00
Hickory	Like	The best-balanced state house map. This gives the voting majority the best chance to control the house majority.	Paul Torek	2021-12-17 02:41:49+00
Cherry V2	Like	This map does a good job of translating winning statewide vote totals into winning state senate proportions.	Paul Torek	2021-12-17 02:38:18+00
Chestnut	Like	Chestnut is a reasonably competitive map for MI overall. The max population deviation is lower than the current.	George Dilgard	2021-12-17 02:37:38+00
Palm	Dislike	This map is unbalanced. Had it been in effect in previous elections, the party that got more votes for state senate would hardly matter.	Paul Torek	2021-12-17 02:33:16+00
Cherry V2	Like	This map seems reasonably fair and respectful of communities of interest.	Edward Saunders	2021-12-17 02:05:33+00
Palm	Dislike	This seems purposefully gerrymandered for partisan gain. Exactly the opposite of why we voted for the MICRC in the first place.	Edward Saunders	2021-12-17 02:02:20+00

Magnolia	Dislike	<p>This seems purposefully gerrymandered for partisan gain. Exactly the opposite of why we voted for the MICRC in the first place.</p> <p>Good start, but statewide, this still has a large partisan bias that does not reflect the total population of the state and will adversely affect statewide elections away from the majority view.</p>	Edward Saunders	2021-12-17 02:00:56+00
Hickory	Like		Edward Saunders	2021-12-17 01:52:34+00
Linden	Like	<p>Waterloo Recreation Area serves a large population from Washtenaw, especially Ann Arbor. Jackson/Ann Arbor are much more connected than Brighton/Ann Arbor.</p> <p>Seems reasonably fair and respectful of Communities of Interest.</p>	Edward Saunders	2021-12-17 01:49:41+00
Chestnut	Like	<p>Waterloo Recreational Area serves a big population of Washtenaw County residents, especially from Ann Arbor. frequently. Szetela seems the best US Congress map, then Birch v2, but Cherry also seems a reasonable</p>	Edward Saunders	2021-12-17 01:46:46+00

2021-12-16 18:34:57+00

Palm	Dislike	This map is not a representation of bipartisanship, and gives an unfair advantage to one party over another - which is the opposite intent of this project.	Christine Gagne	2021-12-16 18:29:35+00
Cherry V2	Like	This map could use some more work to make it more balanced but better than Palm.	Lois Koel	2021-12-16 18:20:40+00
Linden	Like	Could be improved but this looks like the most balanced. This appears to be the fairest map.	Lois Koel	2021-12-16 18:18:07+00
Hickory	Like	This is my preferred map. It is the most fair and best represents the communities of interest.	Lois Koel	2021-12-16 18:14:17+00
Birch V2	Like	This map is ok, but could still use some changes to be more fair.	Dee Maybee	2021-12-16 18:00:10+00
Linden	Like	This map is a fair representation.	Julie Kelly	2021-12-16 17:52:58+00
Hickory	Like	Please vote NO, as this is an unfair map that is not much better than the current map. Seems to be the fairest map presented.	Julie Kelly	2021-12-16 17:51:14+00
Palm	Dislike		Julie Kelly	2021-12-16 17:48:42+00
Linden	Like	This is the fairest option being presented.	Erin Seipke-Brown	2021-12-16 17:43:04+00
Hickory	Like		Erin Seipke-Brown	2021-12-16 17:38:09+00

Chestnut	Like	This map is the best of the three balancing communities of interest with political fairness.	Jeff Ridsdale	2021-12-16 17:21:31+00
Birch V2	Like	The Birch is my preferred map. It is the most fair and best represents the communities of interest	Dee Maybee	2021-12-16 17:18:34+00
Linden	Like	This seems like a map that could work for the Senate. The is the fairest right now, but could use some more work.	Krista Anderson	2021-12-16 17:16:10+00
Hickory	Like	This is an improvement and definitely the most fair and bipartisan House map. Thank you. Please vote for this one.	Krista Anderson	2021-12-16 17:14:14+00
Palm	Dislike	This is not well done. PALM has the highest partisan bias of all the maps and would be little improvement over what we had under the previous gerrymandered districts. PALM is an extremely unfair map and should NOT be considered.	Krista Anderson	2021-12-16 17:11:59+00
Chestnut	Dislike	This map looks gerrymandered to create partisan advantages in districts 10 and 11. These districts are not competitive like in Birch. These are not fair districts.	Mahendra Kenkre	2021-12-16 17:05:32+00

Linden	Like	Fairly good map This looks like a gerrymandered map to create partisan advantages in districts 10 and 11. Both the districts have a strong partisan lean. They are not fairly created. Birch is a better	Donald Cooper	2021-12-16 16:59:07+00
Chestnut	Dislike	map.	Mahendra Kenkre	2021-12-16 16:58:24+00
Linden	Like	Good map After looking through all the proposed US congressional maps, I believe this map to be	Kathryn Carolan	2021-12-16 16:57:10+00
Birch V2	Like	the most fair.	Alex Austin	2021-12-16 16:55:26+00
Palm	Dislike	Very poorly drawn map Poorly drawn map. Not fair at	Kathryn Carolan	2021-12-16 16:54:32+00
Palm	Dislike	all Very poor map. Not fairly	Donald Cooper	2021-12-16 16:51:58+00
Palm	Dislike	drawn	Kathryn Carolan	2021-12-16 16:50:04+00
Palm	Dislike	Not a fair map. A very large number of residents of district 10 which includes Troy, Rochester and Sterling heights work in the auto OEMs GM, Chrysler and auto suppliers. They share a common economic interest and have relationships through the auto industry. This district represents them	Kathryn Carolan	2021-12-16 16:48:25+00
Birch V2	Like	well.	Mahendra Kenkre	2021-12-16 16:46:14+00
Hickory	Like	Best of the choices	Donald Cooper	2021-12-16 16:42:14+00
Hickory	Like	Good map	Kathryn Carolan	2021-12-16 16:38:33+00

Linden	Like	Seems compact and keeps together communities that have worked well together in the past.	Karen Zyczynski	2021-12-16 16:23:48+00
Chestnut	Like	I like this map best because it puts Barry county with other like minded farming townships slightly north of us. Keeping communities together, rather than splitting them in half or in thirds, helps maintain a sense of community. It helps maintain that feeling of working together toward common goals. We don't want to divide people, we need to bring them together to solve common issues.	Jessica Smith	2021-12-16 16:13:07+00
Hickory	Like	I like this map. Please vote yes on this map. Nothing is perfect, but this map seems to be a fair representation.	Karen Zyczynski	2021-12-16 16:06:04+00
Linden	Like	This map maintains communities of interest within Oakland, Macomb and Wayne Counties.	Jacob Oaster	2021-12-16 16:01:47+00
Hickory	Like		Jacob Oaster	2021-12-16 15:58:48+00
Birch V2	Like		karen zyczynski	2021-12-16 15:56:32+00

		This map is the opposite of what our voters voted for when forming the commission. Totally skewed map--still gerrymandered, partisan, and bias. Commission--VOTE NO on this		
Palm	Dislike	map.	Jacob Oaster	2021-12-16 15:55:12+00
Hickory	Like	I approve of this map.	Kent Mallow	2021-12-16 15:44:05+00
Linden	Like	I approve of this map.	Kent Mallow	2021-12-16 15:43:09+00
Chestnut	Like	I approve of this map.	Kent Mallow	2021-12-16 15:42:24+00

		This map splits up communities in very strange ways. The east side detroit neighborhoods who have strong communication and neighborhood presence should be in the same district - not in districts shared with St. Clair Shores, which has entirely different interests - and they definitely shouldnt be split down the middle like		
Magnolia	Dislike	they are here.	Erik Mitchell	2021-12-16 15:29:27+00
		This is the only map that provides real partisan fairness and takes into account "communities of interest" suggestions from a large number of people in Macomb, Oakland and Wayne		
Birch V2	Like	counties.	CYNTHIA MELITZ	2021-12-16 15:29:00+00

I support the Chestnut Congressional Map, the Linden Senate Map, and the Hickory House Map.

The Chestnut map in particular seems to be the best for both my home town of Oakland county, but also for Macomb and Wayne Counties as well. It keeps Troy with Oakland County (instead of with Macomb like in Birch) and puts Southfield with itâ€™s more closely aligned and partners in Detroit. This is also good for my orthodontist Jewish community as well, having roots in Oak Park. It also slightly raises the BVAP from 42% to 44% for the two Detroit districts, which I think is more fair for Detroit. I also like how it gives minorities a small voice in west Michigan. This wonâ€™t be a large voice, but at least politicians will have to listen to everyone.

Birch V2

Dislike

It also has more competitive Jacob

2021-12-16 15:25:55+00

This map of the three is the only that keeps East side neighborhoods morningside, EEV, and Cornerstone together. The neighborhoods have strong communication together and would absolutely benefit from remaining in the same group. While this map has some other shortcomings, this is the best move for our community.

Hickory	Like	Seems fair	Virginia Gibson	2021-12-16 13:19:40+00
Palm	Dislike	Want a fair playing field! The Birch map is better for fair representation than some of the other more partisan drawn maps.	Virginia Gibson	2021-12-16 13:17:33+00
Birch V2	Like	The Birch map is a fair representation of a non partisan district lines.	Donna Danford	2021-12-16 13:08:12+00
Birch V2	Like		Warren C Danford Jr	2021-12-16 13:03:37+00

Palm	Dislike	Palm map is essentially a duplicate of current unfair map This map is so unbelievably partisan in favor of Republicans. We wanted to finally have fairly drawn districts - a level playing field. THIS IS NOT fair or competitive.	Timothy R Geniac	2021-12-16 12:32:52+00
Palm	Dislike	The Palm map is an unfair map, it is skewed and does not move to even anything out.	Kathleen Townsend	2021-12-16 12:29:52+00
Palm	Dislike	This commission was voted on to create fair and representative districts. This map is basically the same gerrymandered districting we currently have.	Robin Renee Newsome	2021-12-16 12:18:21+00
Palm	Dislike	This is best map for the senate. It seems fair in its representation of all viewpoints. It takes us in a much better direction than any other map.	mark carlson	2021-12-16 12:10:22+00
Linden	Like	This map is the most fair map for representation in the House. If you elect any map from the options, choose this one	Scott Warrow	2021-12-16 11:07:29+00
Hickory	Like		Scott Warrow	2021-12-16 11:04:10+00

Palm	Dislike	<p>This map is politically skewed and is no better than are current gerrymandered district representation. We need a fair and representative voting system in this state. This map fails at that essential criteria</p>	Scott Warrow	2021-12-16 11:01:06+00
Hickory	Like	<p>This map has the best partisan fairness scores of the House maps. It is much better than Pine. This map looks like Lenawee Co. is being split up into four separate districts. Typically, "rural" area folks might see this map as a splitting up of the community. The</p>	Charles Hodgman	2021-12-16 09:44:11+00
Szetela House	Dislike	<p>MAGNOLIA map is the best. This map looks like the Lenawee Co. will now be in four districts. The typical "rural" area folks might see this map as a splitting up of the community. The</p>	david Berry	2021-12-16 09:14:52+00
Hickory	Dislike	<p>MAGNOLIA map is the best. This map isn't too bad, but it looks like some larger, more "urban" areas are stretching out into the typically "rural" areas. Some folks might see this map as a splitting up of the community. The</p>	david Berry	2021-12-16 09:10:42+00
Pine v5	Dislike	<p>MAGNOLIA map is the best.</p>	david Berry	2021-12-16 09:06:38+00

Magnolia	Like	<p>This MAGNOLIA map best preserves the "rural" area perspective as seen from the rural area. The larger urban areas have a place in the outlying areas, but do not sense the community found there.</p>	<p>David Berry</p>	<p>2021-12-16 08:59:04+00</p>
Szetela Senate	Dislike	<p>I do not like the SZETELA map because it does not keep Lenawee County whole. Tecumseh needs a voice that reflects the "rural" area it is set in, not the "urban" Ann Arbor sound. Please don't adopt this map. The PALM map is much better. Thank you.</p>	<p>David Berry</p>	<p>2021-12-16 08:35:21+00</p>
Lange Senate correct	Dislike	<p>I do not like the LANGE map because it does not keep Jackson County whole. Jackson, like Tecumseh, needs to maintain a voice that reflects the "rural" area it is set in, not the "urban" Ann Arbor sound. Please don't adopt this map. The PALM map is much better. Thank you.</p>	<p>David Berry</p>	<p>2021-12-16 08:29:34+00</p>

Kellom Senate	Dislike	<p>I really do not like the KELLUM map because it does not keep Lenawee County whole, and string the Ann Arbor area way out into the country/farming areas. These areas need a voice that reflects the "rural" area, not the "urban" Ann Arbor sound. Please don't adopt this map. The PALM map is much better. Thank you.</p>	david Berry	2021-12-16 08:26:12+00
Cherry V2	Dislike	<p>I do not like the CHERRY V2 map because it strings the Ann Arbor area way out into the "rural" areas! Those areas need a voice that reflects the "rural" area it is set in, not the "urban" Ann Arbor sound. Please don't adopt this map. The PALM map is much better. Thank you.</p>	david Berry	2021-12-16 08:22:15+00
Palm	Like	<p>I like the PALM map because it keeps Lenawee County whole. That reflects the "rural" area it is set in, not the "urban" Ann Arbor view some other maps present. Please adopt this map. Thank you.</p>	david Berry	2021-12-16 08:17:23+00

Linden Dislike I do not like the LINDEN congressional map because it does not keep Lenawee County whole. Tecumseh needs a voice that reflects the "rural" area it is set in, not the "urban" Ann Arbor sound. Please don't adopt this map. The PALM map is much better. Thank you. david Berry 2021-12-16 08:13:23+00

Szetela Congressional Dislike I do not like the SZETELA congressional map because it does not keep Jackson County whole. It combines the eastern portion of Jackson Co. with Washtenaw Co. Another reason is: Waterloo Township is a very rural community with no city water, no city sewer or public transportation. Ann Arbor has all of these things. Please don't adopt this map. The Chestnut map is much better. Thank you. david Berry 2021-12-16 07:55:32+00

Lange Congressional Dislike I do not like the LANGE congressional map because it does not keep Jackson County whole. Like Lenawee and Hillsdale, Jackson is primarily rural. I don't think the chunk of Washtenaw belongs with Jackson Co. Please don't adopt this map. The Chestnut map is much better. Thank you. david Berry 2021-12-16 07:45:59+00

Apple V2 Dislike I do not like the APPLE V2 congressional map because it does not keep Jackson County whole. It combines the eastern portion of Jackson County, including Waterloo Township, with Washtenaw county. Waterloo Township is a very rural community. Rural communities need to be kept independent. Please don't adopt this map. The Chestnut map is much better. Thank you. david Berry 2021-12-16 07:34:21+00

Birch V2	Dislike	<p>I do not like the Birch V2 congressional map because it does not keep Jackson County whole. Outside the Ann Arbor area is a "rural" community with no city water, no city sewer, no broadband, and no public transportation. Please don't adopt this map. The Chestnut map is much better. Thank you.</p>	<p>David Berry</p>	<p>2021-12-16 07:26:53+00</p>
Chestnut	Like	<p>I like the CHESTNUT map the best, because the counties of Lenawee, Jackson and Hillsdale will remain as the voice of the "rural" representative in the congress.</p>	<p>David Berry</p>	<p>2021-12-16 07:14:47+00</p>
Magnolia	Opinion	<p>I would like Harper Woods taken out of each State House map's District 11 and joined with District 10 of the Magnolia map. It would keep the City with the Grosse Pointes and more of Detroit; we have the same concerns on most House issues; the Magnolia map keeps the Pointes in Wayne County and I think Harper Woods should completely stay within Wayne County lines.</p>	<p>Veronica Paiz</p>	<p>2021-12-16 07:00:10+00</p>

Linden	Like	I like this map.	Jo-Anne Woodard	2021-12-16 04:16:05+00
		Grand Rapids is I believe one of the larger cities in Michigan besides Detroit. The people there will not be represented as this district combines them with a majority of farm area voters in other counties. I am sure these farm townships do not want to be in this district as well. There will be many conflicting priorities for a representative to address. This map has the worst seats to vote ratio for Michigan statewide		
Lange Congressional Chestnut	Dislike		Kathi Harris	2021-12-16 04:14:54+00
	Like	I like this map.	Jo-Anne Woodard	2021-12-16 04:12:04+00
		If the point of this map is to create more parity in the representation of each population, it fails miserably. It's clear this is a right-wing attempt to take control outside of the ballot box. Very disappointing.		
Apple V2	Dislike		Richard Wochoski	2021-12-16 03:41:25+00
		Yes, please. This map makes far more sense, and keeps my community with neighboring communities, rather than with communities 20 miles south of me.		
Birch V2	Like		Mark E Reed	2021-12-16 03:34:53+00

Apple V2	Dislike	I wish there were objective / mathematical criteria for redistricting instead of trying to make the map fair on partisan lines.	Sreela Datta	2021-12-16 03:33:01+00
Chestnut	Dislike	No, just no.	Mark E Reed	2021-12-16 03:32:38+00
Chestnut	Dislike	While this map keeps Troy in one piece, it also gerrymanders other parts of the state to provide an unfair advantage to a single political party. A point many of the other comments drives home.	Richard Wochoski	2021-12-16 03:32:20+00
Birch V2	Like	I wish there were objective / mathematical criteria for redistricting instead of trying to make the map fair on partisan lines.	Sreela Datta	2021-12-16 03:31:15+00
Chestnut	Dislike	While this map keeps Troy together, it splits up Oakland County in a weird way.	Kendall Hauer-Wochoski	2021-12-16 03:30:22+00
Chestnut	Like	I wish there were objective / mathematical criteria for redistricting instead of trying to make the map fair on partisan lines.	Sreela Datta	2021-12-16 03:30:17+00
Hickory	Like	I wish there were objective / mathematical criteria for redistricting instead of trying to make the map fair on partisan lines.	Sreela Datta	2021-12-16 03:29:07+00

Linden	Like	I wish there were objective / mathematical criteria for redistricting instead of trying to make the map fair on partisan lines.	Sreela Datta	2021-12-16 03:27:09+00
Birch V2	Like	I like that this map keeps Troy with similar communities.	Kendall Hauer-Wochoski	2021-12-16 03:23:49+00
Birch V2	Like	This map seems to be the most equitable not only for the City of Troy, but also across the state. Eastern Oakland County and Western Macomb County are similar in infrastructure needs and so would have similar needs in representation. I highly recommend this map.	Richard Wochoski	2021-12-16 03:23:21+00
Palm	Dislike	I wish there were objective / mathematical criteria for redistricting instead of trying to make the map fair on partisan lines.	Sreela Datta	2021-12-16 03:23:12+00

Out of all the House District maps, Hickory is the most fair, although not fair enough. Please work harder to achieve partisan fairness in these maps! That is what the people of Michigan voted for in 2018. And again, despite my comments in person, on Zoom, and in these written comments, please leave the people of the City of Detroit with the representation they need, and leave Livonia in one House District. You should NOT have left the drawing of Districts in Southeast Michigan to the end. It is the most populous portion of Michigan and should have been drawn first.

Hickory

Palm	Dislike	It's a partisan map	Partha Goswami	2021-12-16 02:36:09+00
Linden	Like	This seems to be the most fair Senate map.	Mark Hackbarth	2021-12-16 02:35:29+00
Hickory	Like	This seems to be the most fair map.	Mark Hackbarth	2021-12-16 02:34:31+00
Palm	Dislike	The map is too partisan and defeats the purpose of the redistricting legislation.	Mark Hackbarth	2021-12-16 02:32:49+00
Apple V2	Dislike	Was this map made by the Soviets. So gerrymandered. This is obvious	joan	2021-12-16 02:10:12+00
Chestnut	Dislike	gerrymandering. Do not use.	javon	2021-12-16 02:08:43+00
Birch V2	Like	This is the fairest map. Grand Rapids is not gerrymandered.	pado	2021-12-16 02:05:56+00
Palm	Dislike	The Palm map is terribly partisan. This is NOT what we amended the state constitution for! Please reject this map.	Janet Goldwasser	2021-12-16 01:23:49+00

Linden	Like	Commissioners, thank you for all your hard work. Of all the state senate district maps, Linden while not perfect appears to best achieve partisan fairness and fair representation.	Kathleen DeRosier	2021-12-16 01:12:19+00
Linden	Like	This is the best of the State Senate maps as far as Partisan fairness and compactness. This map does a good job of recognizing communities of interest.	Glenda Arlene Stainback	2021-12-16 01:10:48+00
Hickory	Opinion	I feel that all of the House maps are bad because they all lack partisan fairness, but this is probably the least unfair. Oak Park should not be split and Royal Oak Township should most definitely NOT be split. It's so small to begin with and splitting it in half just isn't right.	Glenda Arlene Stainback	2021-12-16 00:54:59+00
Birch V2	Like	This is the fairest of all of the Congressional Maps. This keeps communities together with common interest.	Glenda Arlene Stainback	2021-12-16 00:45:27+00
Birch V2	Like	Really Like this map! I hope this one prevails! Thank you again for all your hard work on this process	Suzanne Coats	2021-12-16 00:05:26+00

Birch V2	Like	<p>This map is about the fairest for Commerce Township. It keeps Commerce with like communities in Oakland County which are suburban metro Detroit. This is district makes it easy for us to reach the congressional office and is clearly not gerrymandered.</p>	Karen J Adams	2021-12-15 23:33:45+00
Birch V2	Like	<p>This is a good map for my community and I like the boundaries</p>	Constance Woods	2021-12-15 23:31:40+00
Palm	Dislike	<p>This map fails the test of partisan fairness. Both of the other two maps are much better than this.</p>	Allen R Wolf	2021-12-15 23:07:42+00
Birch V2	Like	<p>This map fairly represents my community.</p>	Angela Buczkowski	2021-12-15 23:04:18+00
Birch V2	Like	<p>Of all the congressional maps, this map provides the most partisan fairness. I know there are other criteria that the Commission must consider, but if you fail on partisan fairness, you end up with a gerrymandered map. A fair map will end up with the legislature representing the people in the approximate proportions of the parties representing the voters.</p>	William Asher	2021-12-15 22:58:09+00

Birch V2	Like	This map pairs us with similar communities.	Angela Buczkowski	2021-12-15 22:53:39+00
Pine v5	Dislike	<p>This map fails to provide partisan fairness. I know there are other criteria that the Commission must consider, but if you fail on partisan fairness, you end up with a gerrymandered map. A fair map will end up with the legislature representing the people in the approximate proportions of the parties representing the voters.</p> <p>This map fails to provide partisan fairness. I know there are other criteria that the Commission must consider, but if you fail on partisan fairness, you end up with a gerrymandered map. A fair map will end up with the legislature representing the people in the approximate proportions of the parties representing the voters.</p>	William Asher	2021-12-15 22:53:16+00
Magnolia	Dislike	voters.	William Asher	2021-12-15 22:51:11+00

Lange Senate correct	Dislike	This map is one of the worst maps in terms of seats compared to votes for Michigan. Please do not vote for this map. This map very much discounts the representation of city people by diluting their districts	Kathi Harris	2021-12-15 22:50:40+00
Kellom Senate	Dislike	This map does not does not represent people in Michigan well.	Kathi Harris	2021-12-15 22:49:24+00
Palm	Dislike	Palm is the worst map in terms of seats compared to votes for Michigan. Please do not vote for this map. This map very much discounts the representation of city people by diluting their districts.	Kathi Harris	2021-12-15 22:48:16+00
Palm	Dislike	The palm map looks worse to me than the current map. This was a competitive district (the 8th) before the 2000 census. The new map should be of that type.	Gerald Campbell	2021-12-15 22:46:59+00

Keeping Grand Rapids area split south and north will be good for the minority and underserved people that are primarily on the south side. They deserve representation. Having two districts in the area is justified by the large concentration of population. The north side has different issues, so two districts will work well with these districts as drawn. This is the fairest of the maps for Michigan overall in terms of seats compared to votes. Please select this map.

Grand Rapids is I believe one of the larger cities in Michigan besides Detroit. The people there will not be represented as this district combines them with a majority of farm area voters in other counties. I am sure these farm townships do not want to be in this district as well. There will be many conflicting priorities for a representative to address. In addition, the seats to vote ratio is not equitable statewide.

2021-12-15 22:41:04+00

Chestnut	Like	<p>Combining the city areas of Grand Rapids and Muskegon will provide great representation for the black minority and underserved city population. Combining the city areas is necessary to give a voice to this population in west Michigan. Grand Rapids is I believe one of the larger cities in Michigan besides Detroit. Every where else is farming communities with vastly different legislative interests. This map has the proper seat to votes ratio to be fair. Best map.</p>	Kathi Harris	2021-12-15 22:37:12+00
Szetela House	Dislike	<p>This is poor map as it divides Midland city from Midland county. Midland city is gerrymandered in this proposal into odd shaped district, trying to appease someone political interests.</p>	Stephen Stackable	2021-12-15 22:34:34+00

I want to thank the commission for splitting the districts to keep like areas of the city together. The south side of Grand Rapids (district 82) that has the poor minority population could use a dedicated representative. However, this is not a good district map for Michigan. The seats per votes ratio is terrible-the party with less statewide votes will have more seats.

Keeping the South Grand Rapids central city together as a house district number 82 on the Hickory House map is very positive step forward. This area consists of the main collection of minority underserved people in the Grand Rapids areas “mostly African American and People of Color. This would be the first time that a representative dedicated to this area would be elected. Thank you for creating House districts in the Grand Rapids area that keep the different ethnic groups together. Also, the is the fairest of the maps for Michigan overall in terms of seats compared to votes, however, it still is not equitable compared to the

Hickory	Like	statewide voting percentages.	Kathi Harris	2021-12-15 22:30:59+00
Hickory	Like	This map is good as it keeps Midland city and county in the same district.	Stephen Stackable	2021-12-15 22:29:01+00
Magnolia	Like	Great, keeps Midland city and county and watershed in the same district.	Stephen Stackable	2021-12-15 22:24:09+00

Magnolia	Dislike	I understand that this map leans way too far republican. Michiganders voted to end gerrymandering! Give The People what we voted for: Fair Maps! Vote NO on this map!	Charlotte Sadler	2021-12-15 22:23:51+00
Pine v5	Like	Great, keeps Midland county and city in one district.	Stephen Stackable	2021-12-15 22:20:53+00
Linden	Like	This map is a more fair representation of our districts. Again opposed to splitting midland county and Midland city into different districts, and separating city from counties to the north and west which have similar interests.	Dominique Muse	2021-12-15 22:18:46+00
Szetela Senate	Dislike		Stephen Stackable	2021-12-15 22:17:20+00
Hickory	Like	This map is more fairly drawn.	Dominique Muse	2021-12-15 22:15:57+00
Palm	Dislike	The Palm map is the worst of all the maps from the standpoint of partisan fairness. I know there are other criteria that the commission must balance, but to me partisan fairness is the most important, because it and it alone results in a non-gerrymandered map. Please do not approve this map.	William Asher	2021-12-15 22:15:22+00

Lange Senate	Like	This is best because it keeps Midland city and county in one district, and with counties to north and west with similar interests.	Stephen Stackable	2021-12-15 22:13:24+00
Kellom Senate	Dislike	Again dividing Midland city and Midland county into different districts, and separating it from the counties to the north and west which have similar interests.	Stephen Stackable	2021-12-15 22:09:36+00
Palm	Dislike	This map is the worst of the proposed maps. It results in major imbalances with regard to representation versus the percent of votes received by each party. Please do not use this map.	Allen R Wolf	2021-12-15 22:07:52+00
Cherry V2	Like	This map has the least amount of partisan bias. It should result in fair representation.	Allen R Wolf	2021-12-15 22:04:05+00
Palm	Dislike	This map does not fix the partisan bias the current map has	Dominique Muse	2021-12-15 22:03:47+00
Linden	Dislike	Again dividing Midland city from Midland county into different districts and separating from counties to the north and west which have similar interests.	Stephen Stackable	2021-12-15 22:02:41+00

Birch V2	Like	Fair	Rob Backstrom	2021-12-15 20:35:48+00
		Please reject this map, which isn't particularly non-partisan.		
Pine v5	Dislike	This one is so fair to the City of Lansing Michigan and surrounding area. Lansing Township joins the rest of the world in the same congressional district. Vote	Justin Barney	2021-12-15 20:30:04+00
10-07-21 v1 CD DC	Like	YES on this one.	RICHARD C CLEMENT	2021-12-15 20:29:56+00
		This is the most fair! Approve this to maintain democratic integrity!		
Linden	Like		Mary B Blair	2021-12-15 20:29:45+00
		This is a fair map! I advocate for this to be approved.		
Hickory	Like	This map is extremely biased. These are the kinds of partisan maps that Michiganders resounding said	Mary B Blair	2021-12-15 20:28:41+00
		that they don't want.		
Magnolia	Dislike	This map is pretty partisan.	Justin Barney	2021-12-15 20:27:26+00
		i'm not sure why it is being considered.		
Palm	Dislike		Justin Barney	2021-12-15 20:23:44+00

This map is ridiculous. How can you justify putting Allendale Charter Township in Ottawa County and Ada Township in Kent County in the same Senate District if not to create a "safe" district for the Republicans? They are not geographically proximate nor are they culturally similar. The only commonality is the white Republican voter base. This map does nothing to ensure the Senate reflects the statewide electorate not the partisan preferences of the minority non-urban

Palm	Dislike	Republicans. This is a sensible division between Kalamazoo, its surrounding area, and	Tim Russ	2021-12-15 20:22:10+00
Hickory	Like	Portage. This map does not provide	Justin Barney	2021-12-15 20:21:14+00
Pine v5	Dislike	fairness.	Nicole Gillies	2021-12-15 20:20:26+00
Magnolia	Dislike	I oppose this map. This map, as well as Linden, both look good to me, at least	Nicole Gillies	2021-12-15 20:19:44+00
Cherry V2	Like	in W. Michigan. This is an unfair map. Not	Justin Barney	2021-12-15 20:19:23+00
Palm	Dislike	good! Linden and Cherry both look good to me, at least in W.	Nicole Gillies	2021-12-15 20:19:13+00
Linden	Like	Michigan.	Justin Barney	2021-12-15 20:18:53+00

Hickory	Like	This map is accurate and fair.	Nicole Gillies	2021-12-15 20:18:21+00
Linden	Like	This is an accurate and fair map.	Nicole Gillies	2021-12-15 20:17:47+00
Birch V2	Like	I think that this accurately represents this area.	Nicole Gillies	2021-12-15 20:16:36+00
Birch V2	Like	I like this map, and I appreciate that it doesn't bundle the two urban centers (Kalamazoo and Grand Rapids) together, making these districts more fair for each party.	Justin Barney	2021-12-15 20:15:48+00
Birch V2	Like	I favor Birch because it joins Troy with similar communities within Oakland County, and prioritizes fairness statewide. Troy definitely shares interests and movement among communities to our north and south, and I'm glad to see these communities united in this map, over Apple.	Ashleigh Jennings	2021-12-15 20:09:06+00
10-07-21 v1 CD DC	Like	This one is pretty good too.. Vote Yes!	RICHARD C CLEMENT	2021-12-15 20:06:53+00
10-05-21 v1 CD DW	Like	This district appears to follow the data collected by enumerators and, appears to adhere to anti-discrimination laws. Vote Yes on this one..	RICHARD C CLEMENT	2021-12-15 20:06:21+00

Chestnut	Dislike	While Troy is still in Oakland County (good), taking a chunk of Oakland County (Beverly Hills et al) out makes no sense.	Chris Musich	2021-12-15 20:05:04+00
Palm	Dislike	This is an unfair map. We should be making democracy representative...and a vote for this map would NOT be doing the right thing. Vote no on the PALM map	Grat Dalton	2021-12-15 20:04:40+00
10-05-21 v1 CD DW	Like	This map appears to track population movement very well. Good use of stats. Enumerators had to dodge large and vicious dogs to get the numbers in SW Detroit. Met some nice people and businesses there. Vote Yes on this map.	RICHARD C CLEMENT	2021-12-15 20:02:39+00
Birch V2	Like	PLEASE use the Birch map. This map looks the most fair of all and represents our interests in Troy. Thank you!	Chris Musich	2021-12-15 20:00:33+00
Cherry V2	Like	This map is better than the other options. I'm glad that Livingston County shares the district with Washtenaw because we have many people who commute to work there and some school districts also overlap county lines. It makes sense.	Judy Daubenmier	2021-12-15 19:56:37+00

Palm	Dislike	The commission exists to eliminate gerrymandering not sanction it.	Tanner Delpier	2021-12-15 19:56:09+00
Hickory	Like	This is the most fair House map.	Mark Hoffman	2021-12-15 19:49:49+00
Hickory	Like	The Hickory map is the most fair of the House maps. I like the combination of parts of Livingston County with Washtenaw. Many residents commute to work there or for school or health care or entertainment or shopping. It is a natural association. About 70 percent of Livingston County residents commute out of the county for jobs so we have multiple communities of interest. The district that includes part of western Oakland County also makes sense since many people commute eastward as well. And Green Oak shares South Lyon school district with them as well the South Lyon mailing address and shopping. It is a community of interest as well. This is the best map among the collaborative maps.	Judy Daubenmier	2021-12-15 19:49:35+00

Palm	Dislike	We need to work to end gerrymandering! This map is an insult to democracy! Vote this DOWN! We must defend democracy not continue to erode it!	Mary B Blair	2021-12-15 19:48:03+00
Chestnut	Like	The Chestnut map is a good map. It includes Grand Rapids and Muskegon areas with are considered a Combined Statistical Area (CSA) by the Federal government. It also combines minority populations in the region giving them a stronger voice. It's also good from a partisan fairness perspective. Thanks for your hard work on this.	Joel Ombry	2021-12-15 19:46:55+00
Magnolia	Dislike	This map does a very poor job of achieving partisan fairness. That's what the voters asked for when they set up your commission. Please reject this map.	Judy Daubenmier	2021-12-15 19:44:44+00
Palm	Dislike	PALM has the highest partisan bias of all the maps and would be little improvement over what we had under the previous Republican gerrymander. PALM is an extremely unfair map.	Mark Hoffman	2021-12-15 19:44:21+00

Pine v5	Dislike	This map falls very short in the area of partisan fairness. I really hope this map is discarded. Michigan voters decided they want the party that wins the most votes to end up with the most House seat and this map doesn't do that. Please don't adopt it.	Judy Daubenmier	2021-12-15 19:42:46+00
10-07-21 v1 CD DC	Dislike	Muskegon will completely control district 13	Julie Norkoli	2021-12-15 19:39:25+00
Palm	Dislike	This is exactly what I voted against! Do not vote for this map!	Keith R Sauter	2021-12-15 19:39:04+00
Palm	Dislike	Dislike	Krista Abbott	2021-12-15 19:38:16+00
10-08-21 v1 CD RAS	Dislike	Muskegon will completely control all rural areas in district 13. So sad	Julie Norkoli	2021-12-15 19:37:31+00
Hickory	Like	The included communities of Kentwood, Cascade, and East Grand Rapids have a great deal in common and would be better represented by this district map.	Margaret R Orao	2021-12-15 18:50:22+00
Linden	Like	From my 30+ years of experience getting out the vote, canvassing, circulating petitions, this map seems most representative of the communities included. Please select this one.	Margaret R Orao	2021-12-15 18:38:45+00

Chestnut	Like	<p>Chestnut is most representative of our more urban area. Fair but competitive districts will reduce highly partisan fringe candidates funded and running in primary elections. This may result in functioning and representative government. Apple would be a second choice. I'd like to feel that I'm finally represented.</p>	Margaret R Orao	2021-12-15 18:21:28+00
10-07-21 v1 CD DC	Like	<p>I like this map because it is based on good data and population centers. Vote Yes on this one.</p>	RICHARD C CLEMENT	2021-12-15 17:15:34+00
Hickory	Like	<p>This map seems to be the most fair for Novi voters. This is a more rational map than the PALM map, paying more respect to population distribution and</p>	Barbara Miller	2021-12-15 16:57:41+00
Linden	Like	<p>demographics.</p>	Tamara Constantyn	2021-12-15 16:56:07+00

Chestnut	Dislike	<p>This is a disastrous map. It will divide communities, townships and counties. This is a poor attempt and will not work towards holding communities together, but rather tear them apart. This would not represent me or others in my community. Please do not even consider this redistricting.</p>	Susan Gentry	2021-12-15 16:54:21+00
Hickory	Like	<p>This is a more rational map, paying more respect to population distribution and demographics.</p>	Tamara Constantyn	2021-12-15 16:53:29+00
Linden	Like	<p>This seems the most fair map for fairness for Novi voters with goal to eliminate partisanship gerrymandering, so our voices can be heard and votes can be counted.</p>	Barbara Miller	2021-12-15 16:52:54+00
Birch V2	Like	<p>This seems to be the best map for Novi.</p>	Barbara Miller	2021-12-15 16:49:51+00

Palm	Dislike	<p>The voters have asked for a correction to gerrymandering. This map is insulting, almost as if the Commission members are unconcerned about the will of the citizenry, and suggests that no one on it knows the definitions of "fairness" and "non-partisan." I do not want who I am governed by to be decided by cynical, craven, dishonest people.</p>	Tamara Constantyn	2021-12-15 16:47:01+00
Linden	Like	<p>This is the fairest Senate map so far. Please support this map so our votes count everywhere. Thanks!</p>	Carmela Finn	2021-12-15 16:09:16+00
Hickory	Like	<p>This map is much fairer than the other options. We want an even playing field, and this is about as close as I've seen so far.</p>	Carmela Finn	2021-12-15 16:06:05+00
Palm	Dislike	<p>This map is as partisan as the gerrymandered maps done in the past by self-interested politicians. Michiganders chose a citizens commission to make all our votes count. This map does NOT do that. Please do not vote for this.</p>	Carmela Finn	2021-12-15 16:02:38+00
Chestnut	Like	<p>Thank you. it is uncompact but it has a majority minority district.</p>	dawson oldfield	2021-12-15 15:55:53+00

Hickory	Like	This is the best of the collaborative maps. It does the best with VRA compliance and with COI and with partisan fairness.	Murray A Gorchow	2021-12-15 15:47:26+00
Chestnut	Opinion	Cheese yo mom so thick she likes	doomah dickfit inyomouf	2021-12-15 15:45:58+00
Chestnut	Opinion	200%milk	distress call 101	2021-12-15 15:41:42+00
Chestnut	Like	I prefer maps that keep the City of Midland in the same district as the other Tri Cities. I feel that our community interests are more aligned with the Tris than with rural areas like Gladwin County.	Sally Youn	2021-12-15 15:40:22+00
Linden	Like	This is the fairest of the collaborative maps. Please adopt it.	Murray A Gorchow	2021-12-15 15:39:24+00
Palm	Dislike	I do not like this map at all. It does not address the whole purpose to get rid of partisan gerrymandered maps. Although this map does create some strange bedfellows, it is a great improvement over current districts. I prefer the Birch map overall, but feel that Apple is better than Chestnut,	Murray A Gorchow	2021-12-15 15:35:22+00
Apple V2	Like	which is the worst of the three.	Caitlin K.	2021-12-15 15:18:45+00

Chestnut	Dislike	I think this map unfairly divides several communities in Wayne County, diluting the voting power of some BIPOC communities and strangely combines some urban and rural areas in ways that could hurt fair representation for both.	Caitlin K.	2021-12-15 15:08:08+00
Chestnut	Opinion	Yo mama sooooo big she likes to eat chili	lindy samantha anne marie ye	2021-12-15 14:55:47+00
Magnolia	Like	I support this map, it keeps the community of interest intact.	john brooks	2021-12-15 14:55:31+00
Birch V2	Like	Despite my criticisms for how this map divides West Michigan (where I was born and my parents still live), I do think this map adequately reflects the communities in Wayne County.	Caitlin K.	2021-12-15 14:52:32+00
Birch V2	Dislike	One of the priorities for those of us in Kalamazoo and Calhoun counties, particularly those of us in the urbanized parts of these counties, was to have common congressional representation. We are as closely tied as any communities who are bound together by history and an interstate corridor.	Arthur Lee Kirk	2021-12-15 14:18:15+00

		Doesn't properly address the gerrymandering issues we have in this state. Not a good map.		
Palm	Dislike		Lori Spink	2021-12-15 13:56:12+00
Palm	Dislike	Please do not vote for this map.	K. Liedel-Ross	2021-12-15 12:40:15+00
		I prefer this map- it keeps south Oakland county together, and unlike other maps it keeps the Jewish community in a single district, instead of splitting it apart. Oak Park Huntington Woods and Pleasant Ridge are better grouped with other south Oakland county communities.		
Apple V2	Like		BATYA SCHREIBER	2021-12-15 12:13:00+00
Szetela House	Dislike	I prefer Magnolia	Elizabeth Bonner	2021-12-15 11:31:01+00

		Chestnut does the best job of reflecting communities of interest in Western Michigan.		
Chestnut	Like		Doug Remington	2021-12-15 06:45:35+00

Birch V2	Dislike	Birch does not reflect communities of interest in Western Michigan at all. Chestnut does a much better job of this.	Doug Remington	2021-12-15 06:45:32+00
Apple V2	Dislike	Apple does not reflect communities of interest in Western Michigan very well (especially the Kalamazoo/GR district). Chestnut does a much better job of this. This is a great map because it does the best job of all the proposed maps of including all the COIs in southwest Michigan in the same congressional districts. Southwest Michigan is more than just the lakeshore. Kalamazoo and Battle Creek should be together. Holland should be included with Allegan and Van Buren counties. This a great collaborative effort by the	Doug Remington	2021-12-15 06:45:27+00
Chestnut	Like	commissioners.	Lori King	2021-12-15 04:44:28+00

After almost three months of public comment and more than 10 public hearings, the commission proposed a number of collaborative maps for each of the levels of districts to be represented. For example, there were three proposed maps for State Senate Districts, Elm, Cherry and Spruce. On November 5th, five more Senate District maps were proposed, all totally different from the first three. The five were similar by substantially dividing Jackson County, dividing the city of Ann Arbor and adding parts of each of the counties together. Jackson County is essentially a farm community of interest, as well as a Community of interest with its many recreational lakes with public access, and in other rural ways. There is actually only one city in the entire County and everything The

Szetela Senate	Dislike	I disapprove of this map. Kent County is fragmented in this map, and one district connects southern Kent County to Benton Harbor/St. Joseph for no particular reason. The Commission has yet to come up with an acceptable State Senate map for Kent County.	Jim Lax	2021-12-14 22:29:55+00
Linden	Like	This is the most fair of the Senate maps. Thank you for getting this partisan lean and the VRA considered.	Nina Dodge Abrams	2021-12-14 22:27:55+00
Lange Senate correct	Dislike	I disapprove of this map. Kent County is fragmented in this map, and one district connects northern Kent County to suburban Flint for no particular reason. The Commission has yet to come up with an acceptable State Senate map for Kent County.	Jim Lax	2021-12-14 22:27:50+00
Chestnut	Like	This is a Fair map.	Shuvra Das	2021-12-14 22:24:20+00
Kellom Senate	Dislike	I disapprove of this map. Kent County is fragmented in this map, and one district connects southern Kent County to Benton Harbor/St. Joseph for no particular reason. The Commission has yet to come up with an acceptable State Senate map for Kent County.	Jim Lax	2021-12-14 22:23:50+00

Linden	Like	This is a fair map. I can see by all the 'red' comments that most citizens agree that this one should be	Shuvra Das	2021-12-14 22:19:27+00
Lange Senate	Dislike	discarded for imbalance. Kellom doesn't look good when checked for balance and fairness. Please choose	Cliff Johnson	2021-12-14 22:09:27+00
Kellom Senate	Dislike	Cherry or Linden. Both Cherry and Linden would be better balanced than this	Clifford Johnson	2021-12-14 22:07:25+00
Szetela Senate	Opinion	one. Appears to offer the fairest	Clifford Johnson	2021-12-14 22:05:17+00
Hickory	Like	solution for most people.	Sue Ross	2021-12-14 21:42:21+00

This partisan committee has shown nothing but total contempt for the northern Counties of Michigan. You have shown your democrat partisanship by continuing to favor maps separating the city of Midland from the county of Midland. The whole county of Midland is a critical part of our community and its watershed. Yet you're committed to ripping the child out of the Mother's womb to satisfy the Democrats lust for power. If you continue down this path, you will assure Michigan's total corruption to the rest of our Nation.. Leave Midland and Midland County as one contiguous entity. Thank you very much. If you really are concern about being fair, then you should include Ogemaw, Arenac, and Bay Counties within the new 2nd district, and remove the two Couties

Apple V2	Dislike	boarding Lake Michigan to	Richard Shutter	2021-12-14 21:26:03+00
Birch V2	Like	While not as well balanced as Szetela, this is a good map-- pretty fair.	Clifford Johnson	2021-12-14 21:24:38+00
Chestnut	Like	Good overall in terms of balance, but Szetela would be even better.	Clifford Johnson	2021-12-14 21:22:40+00

Apple V2	Dislike	<p>Please vote this one down. It fails to achieve the goal of parity--it sets us up for the side with fewer votes to win.</p> <p>This map works much like the current map for MI-06. It erases the voice of one of the largest cities in West Michigan - Kalamazoo - by tying the fate of the city to more rural counties, towns, and villages in the surrounding area. The range in incomes, businesses, and major economic issues alone across this geography renders this a seat that will only be able to serve a party-line politician. This map does not undo any of the 2010 gerrymandering that has rendered the west side a Republican stronghold, despite changing demographics - Apple 2.0 is a far more balanced map for our side of the state.</p>	Clifford Johnson	2021-12-14 21:20:20+00
Birch V2	Dislike	<p>None of the House maps really achieve the goal of parity, but this one is one of the worst choices. Please take another look at the</p>	Justin Mendoza	2021-12-14 21:19:59+00

Chestnut	Dislike	Please do not use this map. It is not fair and does not represent the communities of interest.	Timothy J Quinn	2021-12-14 18:30:43+00
Lange Congressional	Like	This map should be the one that is approved. Midland City is nothing like Bay, Saginaw and flint cities. The only commonality is we are all cities. This does not mean we should be lumped together keep us seperate.	Carl Beckman	2021-12-14 18:29:04+00
Palm	Dislike	This map does not adequately address the gerrymandering problem we now have in this state. We need adequate representation for every person in the state to address the important issues at hand.	Jennifer Bidwell	2021-12-14 18:28:43+00
Magnolia	Like	I prefer the Magnolia map. I believe is it the most fair and does the best job of representing the communities of interest.	Timothy J Quinn	2021-12-14 18:27:58+00
Birch V2	Like	The Birch is my preferred map. It is the most fair and the most reflective of communities of interest.	Timothy J Quinn	2021-12-14 18:25:52+00

		I do not support this map Midland city is vastly different then the likes of Bay, Saginaw and Flint cities. We should not be lumped in together with them just because we all our cities. Midland City needs to stay with Midland County.	Carl Beckman	2021-12-14 18:24:44+00
Chestnut	Dislike	The Palm is my preferred map. I believe it is the most fair and that it best reflects the communities of interest.	Timothy J Quinn	2021-12-14 18:21:34+00
Palm	Like	This is my preferred map. It is the most fair and it respects the communities of interest the best.	Timothy J Quinn	2021-12-14 18:17:19+00
Palm	Like	This is not a fair map. Do not choose this one.	Margaret E Guoin	2021-12-14 18:11:25+00
Apple V2	Dislike	Do not select this map. This is not a fair map but one of partisan leanings.	Margaret E Guoin	2021-12-14 18:05:43+00
Apple V2	Dislike	This is the best US Congressional map.		
Birch V2	Like	Please choose this map. This is the most unfair of the senate map options. It is not much different from a gerrymandered district. Do not choose this one!	Margaret E Guoin	2021-12-14 17:58:42+00
Palm	Dislike		Margaret E Guoin	2021-12-14 17:40:02+00

Hickory is the best of the 3 collaborative State House maps but it is still biased in favor of Republicans. Szetela's House map is better on partisan fairness. I like her Bay City/Midland City district because it would give us a chance to elect a more moderate politician. If you go to a second vote on the House maps please vote for Szetela's Senate map, otherwise, please vote for Hickory. And, thank you all for your sincere effort to listen and work together in these divisive times in the most transparent redistricting process ever!

Hickory	Like	Voters not politicians. This is the most fair of the senate map options. Please adopt it.	Jim and Jill Crissman	2021-12-14 17:39:57+00
Linden	Like	This is the most fair. I supported Prop 2 and was so glad when it passed. Thank you for all your hard work as a commission to achieve fairness in giving us representatives who will listen to our input.	Margaret E Guoin	2021-12-14 17:34:59+00
Hickory	Like		Margaret E Guoin	2021-12-14 17:26:21+00

The Linden State Senate map is the fairest of the 3 collaborative maps and it reunites the Tri-Cities of Midland, Bay City and Saginaw into a legislative District. For once we may have the opportunity to elect a representative who might have to work for all of our votes and listen to all of us. And, thank you all for your sincere effort to listen and work together in these divisive times in the most transparent redistricting process ever!  
Please vote for the Linden State Senate Map.

being from West Michigan, either the Chestnut, or the Apple seem to be the best options. Personally, I prefer the Chestnut with a couple modifications. I think Muskegon may have more in common with Grand Rapids than Kalamazoo, and Chestnut has more competitive districts than Apple. But there are detractors with both plans, as well as the others. And, I have problems with both plans myself. In fact, I've submitted a slightly tweaked version of Chestnut already. But, maybe, the answer is an Apple/Chestnut hybrid, which I have done on Dave's Redistricting app. This hybrid looks more like Apple in West Michigan and Chestnut in Southeast Michigan with some revisions. Should the commission reach an impasse on the existing plans, maybe, something like this could act

Hickory	Opinion	Of the proposed House maps, Hickory is the best of the worst. If you have to settle for one of these maps, please adopt Hickory.	Margaret Weber	2021-12-14 15:53:26+00
Hickory	Opinion	All of the redistricting maps are imperfect. This is the best of them for fairness of representation. But it needs improvement. Seat count of 53D to 57R gives the majority of seats to the minority of voters. It is worth delaying the process to improve this map.	Margaret Weber	2021-12-14 15:52:22+00
Hickory	Like	Do not separate the Grandmont Rosedale neighborhoods: North Rosedale, Rosedale Park, Grandmont, Grandmont 1, and Minock Park. These neighborhoods have worked collaboratively for community improvements and stability for decades.	Margaret Weber	2021-12-14 15:47:31+00

I comment in this location just because I like the name Stray Cat Lounge. However I want to finish my balance-out-the-prolific-posts-of-Nancy exercise here because I sincerely hope the Nancy Tiseo who felt entitled to make over twenty comments about other communities is not the same Nancy Tiseo, newest Republican member of the Macomb County Board of Canvassers. A person responsible for certifying an election should not be trying to game the comment portion of the independent redistricting process. If it were the same person, and I lived in Macomb County, I would be asking questions about the voting ethics of an individual who seeks to have multiple "votes" on social media. Alice

Birch V2	Like	know soon the districts!	Sue Coats	2021-12-14 14:49:12+00

How does it accurately represent the community? Nancy must have a great deal of money to be able to keep nine apartments and/or houses in Washtenaw County, one in Battle Creek, one in Grass Lake area, one in Hillsdale, one near Bangor, one in Long Lake, a houseboat outside Muskegon, a something in Huron-Manistee National Forest and now a farm on the east side of district 36. Point I'm trying to make is how much credence do the commissioners give to vague claims of community from these not well verified social media comment tools? Are they reading these comments with a critical eye to ascertain real information, or are they simply counting up the dots? This is the most fair map. It is the only map that shows true partisan fairness. Please adopt this map.

How nice that Nancy is so well versed in COI theory. Perhaps she can explain the close knit community association she and others ascribe to Ann Arbor/Ypsilanti as if there is no difference between the towns in regards to the library cooperative association Ypsilanti has with southeast TLN and Ann Arbor does not. Ypsilanti engages in reciprocal borrowing other participating libraries. Ann Arbor funds so much of its own collection they opted not to participate in the program. Vastly different library resources is probably a pretty good indication of very different community needs. But this map unfairly packs them all together, because it is a glorious way to keep all the Dem garbage in one little district.

Birch V2	Like	This map appears to be fairly drawn. Thank you.	Phillip Reid	2021-12-13 23:19:03+00
		This is a bad layout. Lumping these out county rural areas into the same district with Grand Rapids metro areas would misrepresent the interests of both parts of the area.		
Birch V2	Dislike		William Higgins	2021-12-13 23:17:51+00
		This map does the best job of creating competitive districts. Safe districts are bad for democracy. They discourage people from voting. This is not what we should be promoting.		
Linden	Like		Sherrri Masson	2021-12-13 23:17:28+00
Linden	Like	This map appears to be fairly drawn. Thank you!	Phillip Reid	2021-12-13 23:14:43+00
Linden	Like	This map is well done, and gets closest to eliminating partisan bias.	Vaughn Derderian	2021-12-13 23:12:15+00

Hickory	Like	This map is the best effort to make districts more competitive. Safe districts are bad for democracy.	Sherri Masson	2021-12-13 23:06:40+00
Magnolia	Dislike	This map fails to create partisan fairness. Hickory is a better map.	Lisa Kiefer	2021-12-13 23:02:59+00
Hickory	Like	I believe the Hickory map is the best effort to make House districts competitive. Our current rep never communicates with his constituents and doesn't even campaign because it's a "safe" district. This hurts democracy. It makes people cynical and less willing to vote.	Sherri Masson	2021-12-13 23:01:53+00
Hickory	Like	This map is the fairest of the House maps. It also addresses VRA concerns in the state.	Lisa Kiefer	2021-12-13 22:56:56+00
Magnolia	Dislike	This map has the strongest unfair bias towards Republicans of any proposed House map.	Vaughn Derderian	2021-12-13 22:56:05+00
Hickory	Like	This map has the highest degree of fairness.	Bruce Fealk	2021-12-13 22:56:04+00
Hickory	Like	This map appears to be a fair map. Thank you.	Phillip Reid	2021-12-13 22:55:52+00

Hickory	Like	This map provides a good community of interest of our area keeping our school district fairly intact.	Lizbeth Estes	2021-12-13 22:54:54+00
Hickory	Like	I really like the fact that this map makes a good faith effort to create VRA compliant districts.	Vaughn Derderian	2021-12-13 22:49:30+00
Palm	Dislike	Palm is a poor choice! This is the sort of gerrymandered map we elected the commission to get away from. How did it even get drawn, given the criteria? Please eliminate Palm from consideration.	Jim Searls	2021-12-13 22:43:01+00
Palm	Dislike	I support this map over the other.	Jane L Slaughter	2021-12-13 22:07:39+00
Chestnut	Like	I support this map	Lohitha Dewasurendra	2021-12-13 21:44:52+00
Linden	Like	This map seems to keep the broader Downriver communities together better than any of the other proposed maps and should be adopted. Thank you.	Lohitha Dewasurendra	2021-12-13 21:41:50+00
Linden	Like	This is the most fair map for congressional districts that I have seen. Thank you for getting this right. I support the Birch map. I may actually have a chance to have a representative that will return my calls. Thank you for all your work!	Elizabeth C Palazzolo	2021-12-13 21:40:44+00
Birch V2	Like		Ryan M Husse	2021-12-13 21:37:28+00

Hickory	Like	Like the way this map keeps the waterfront communities of downriver together.	Elizabeth C Palazzolo	2021-12-13 21:26:44+00
Palm	Dislike	This map is worse than the gerrymandered situation we have now	Elizabeth C Palazzolo	2021-12-13 21:21:10+00
Birch V2	Like	This map seems to be the best at keeping similar communities together in relation to geography and population. It is a difficult task to build a puzzle with these necessary requirements.	Warren Danford Jr	2021-12-13 20:57:09+00
Linden	Like	Fair, least slanted to favor either party. This was the objective of Proposal.	WALTER F CHERRY JR	2021-12-13 20:46:32+00
Birch V2	Dislike	This map splits up 3 major cities in West Michigan making the cities not having a voice for their area of interest which are very different for rural areas. Keeping the cities together are better maps like in Apple and Chestnut	JOAN FIFELSKI	2021-12-13 20:36:00+00
Hickory	Like	FAIR is the objective. This map does it best. Thanks for all the work that went into this.	WALTER F CHERRY JR	2021-12-13 20:35:16+00

Birch V2	Dislike	<p>This map combines rural areas of interest like Ionia county with urban areas of interest like Grand Rapids. These should not be combined. Under the voting rights act splitting up the minority voting population of west michigan is wrong Least fair of all the proposed</p>	JOAN FIFELSKI	2021-12-13 20:31:01+00
Palm	Dislike	<p>Senate District maps. Hickory is the best of the worst House maps. I want maps that are more fair and genuinely representative of</p>	Rick L Catherman	2021-12-13 20:21:12+00
Hickory	Like	<p>local populations. Poor map. For too long the highly urban suburb of East Grand Rapids has been grouped with rural districts to the north, gerrymandering our voice. We belong with Kentwood and Cascade 2 very similar suburbs. End gerrymandering in West Michigan by adopting fairer</p>	Daniel Herbert	2021-12-13 19:55:31+00
Szetela House	Dislike	<p>maps, like the Hickory map.</p>	Gary Stark	2021-12-13 19:38:46+00

Hickory	Like	<p>Thank you for keeping the 3 very similar suburbs of East Grand Rapids, Kentwood, and Cascade together in one district. We have much in common and the district will ensure fair, balanced representation.</p> <p>I voted to have fair maps, and from what I can see, the Birch map is fair and will serve our community for the next 10 years</p>	Gary Stark	2021-12-13 19:34:14+00
Birch V2	Like	<p>Too many communities of interest split up on this map. No more gerrymandering.</p>	Gary Reitzel	2021-12-13 19:33:59+00
Szetela House	Dislike	<p>This map is very unfair. Chestnut is a fair map with partisan balance. Muskegon and Grand Rapids have much in common and both have significant non-white communities that would be disenfranchised under other maps. Please adopt this</p>	Kim Bergs	2021-12-13 19:30:27+00
Chestnut	Like	<p>Chestnut map. This map looks to be politically balanced. This map ensures that minority voices</p>	Gary Stark	2021-12-13 19:28:51+00
Chestnut	Like	<p>will be heard.</p>	Kim Bergs	2021-12-13 19:27:48+00

The Birch map gerrymanders West Michigan into 3 different congressional districts, putting each of the 3 major cities there into separate districts with larger rural populations (here Grand Rapids is combined with rural Ottawa and rural Ionia counties,. This disenfranchises the urban population and large minority population of West Michigan. Rather than creating partisan fairness, this map would again cement 3 Republican districts in West Michigan, perpetuating the kind of gerrymandering we have been trying to get rid of.

Birch V2

Dislike

No to Birch!

Gary Stark

2021-12-13 19:24:41+00

This appears to be the most fair of the Senate maps so far.

On every map I've looked at, the "Downriver" area is cut apart. On this one you have Wyandotte with Harper Woods, but everyone knows that Wyandotte, Southgate, Riverview, Trenton and Woodhaven are virtually all the same..... What happened to the mandate to recognize "communities of interest" communities like the Downriver area? Also, on many maps county lines have been crossed..... What's that all about? Is someone trying to make "gerrymandering of boundaries" legal. I wouldn't vote for any of these

removing Southfield, Edinboro Village, Franklin, Bingham Farms and Beverly Hills from Oakland County - as this map has done - severely decreases the likelihood that Oakland County will see Black or POC representatives. Oakland ranks 6th of 83 counties in Michigan when it comes to how many Black residents there are - more than 170,000. Southfield makes up more than 50,000 of those residents and strategically removing us is essentially a "whitewash" of Oakland County.

When it comes to our daily lives - where we live, play, work, and learn - the Oakland County communities you've placed into district 12 have much more in common with Farmington Hills, Oak Park, Birmingham, and Bloomfield Township than with

2021-12-13 06:10:11+00

Although this Cherry V2 map is an acceptable map for State Senate districts with the Tri-Cities district so many of us have asked for, it does have partisan fairness scores slightly higher than the Linden map. Indeed, the Linden Senate Map has a lower efficiency gap and less lopsided margin than Cherry V2. Out of the three proposed maps for State Senate districts, Linden is the best map for the state of Michigan, although none of them achieve proper partisan fairness scores. You should consider working on improving the partisan fairness scores; perhaps reducing Tuscola County and adding more of Midland County would help achieve this. Thank-you for your hard work.

Cherry V2

Opinion

Lynn Pottenger

2021-12-13 06:10:03+00

Although this Apple V2 map is an acceptable map for Congressional districts, it has partisan fairness scores slightly higher than Chestnut. Indeed, District 8 in the Chestnut map is preferred to this one because Chestnut map keeps most of Bay, Saginaw, and Genesee Counties whole and also includes most of Midland County. This map adds Tuscola County into this district, which does not make sense since you can reach the population requirements and the same political lean scores by including most of the already connected counties (e.g., more of Midland County). I hope you will choose Chestnut map for Congressional districts. Thank-you for your hard work.

2021-12-13 05:58:23+00

The commission has consistently drawn a Tri-Cities Senate district, which I greatly appreciate. We recognize and are grateful that you listened so carefully to the citizens of Mid-Michigan and heard us asking for this, given our many COI™s as urban/suburban cities with overlapping economic, cultural, and educational communities. Out of the three proposed Senate maps, the Palm map has the worst partisan fairness scores. This is a key criterion and should not be allowed to progress. Please do not choose this map. It does not represent Michigan well. Please select the Linden map for the senate districts, which does a better job of providing for competitive districts, including Mid-Michigan. Thank-you for all your hard work on drawing fair district maps. Other areas of the state that I know well seem well planned out.

None of the selected three House maps reflects true partisan fairness. Indeed, they all lean in favor of Republicans. This is not acceptable based on the goals of the redistricting in Michigan. The Pine V5 has the same partisan fairness scores as Hickory, but it ignores the changes to the Detroit area proposed by Commissioners Kellom and Curry. Hickory has the same partisan fairness scores as Pine V5, but the Hickory map also has the Detroit changes to honor COI's and improve majority-minority districts. If you are not going to improve the partisan fairness of the maps, please select Hickory as the best map for Michigan. Your hard work is appreciated.

Lynn Pottenger

2021-12-13 05:43:19+00

I recognize that the changes made to this Magnolia map for State House were meant to improve the COI representation and majority-minority districts in the Detroit area; however, it now has the worst partisan fairness scores and doesn't give Midland a competitive district. We need a fair & competitive House district for Mid-Michigan. The Hickory map keeps all of Curry's and Kellom's changes to Magnolia but also improves the partisan fairness scores. If you aren't going to improve the partisan fairness scores of the maps, please select the Hickory map as the best map for Michigan overall. Thanks for your hard work under challenging circumstances.

The maps offered for the State House districts are all too partisan, favoring Republicans by more than 5%. This is wrong and contrary to the goals of the bi-partisan redistricting effort that was voted in by 80% of Michigan voters—it should be fixed. Every district drawn for Midland, in particular, heavily favors Republicans instead of giving us a fair, competitive district. The Hickory House map has the least lop-sided efficiency gap of the 3 selected maps and it does keep all the needed alterations for the Detroit area to improve those COIs representation. It is disappointing that I cannot have a fair district for the City of Midland due to Republican grandstanding, but Hickory does a reasonable job for the rest of the state. I hope you can decrease the unfair

2021-12-13 05:25:03+00

The Linden map is the best of the 3 State Senate maps selected for comment, with the lowest (best) efficiency gap score and the least lopsided margin. Although these scores still favor Republicansâ€”which should NOT be the caseâ€”the Linden map gives us all the best chance to elect representatives who will actually represent their constituents and not just a political party line (so different from the past 20 years). Thanks for all the hard work to offer Mid-Michigan more fair districts than the past 20 years.

Linden

Like

Lynn Pottenger

2021-12-13 05:19:06+00

Chestnut is the best Congressional map out of the choices because it has the lowest efficiency gap number at 0.6% and the lowest lopsided margin at 4% in favor of Republicans. Of course, that partisan score could be improvedâ€”and should be improvedâ€”but it is the best out of the three currently available. It keeps the urban/suburban Tri-Cities and Flint together, not forcing a misfit between the City of Midland and the rural counties north and west. It keeps most of Midland County with the City of Midland and it is mostly competitive between the parties. It does a fairly good job of balancing many factors--partisan fairness, communities of interest, and keeping areas intact that have long associated with each other like the Tri-Cities and Mid-Michigan. Thank-you for Please reject this map. All your hard work on this endeavor has resulted in better, fairer maps than this one.

Birch V2	Like	I like Birch and feel that it is fair. It will serve Macomb and Oakland Counties well for the next decade.	Dennis J Bruck	2021-12-13 01:28:05+00

dunhamlake.com Dunham Lake community dates back to the mid 1940s' The lake is split down the middle and on some level this community of interest should be made whole. The area around the lake identifies with the Hartland and Milford communities. Birch V2 is a much better map than Apple V2 because Dunham Lake has nothing in common with the Michigan thumb a rural farming area. The Dunham Lake community of interest should be entirely included in district 9 (Lansing) OR district 11 (Novi, Farmington, Bloomfield) as drawn on Birch V2.

This is one of the best maps I've seen from this process, especially in respect to balanced representation for the metro area. I like that it keeps most of Detroit together, differentiates between the west, northwest, and northeast suburbs - mostly along county lines, and differentiates between townships and suburbs. This is a very well balanced map that balances a lot of conflicting requirements in putting something of this nature together while letting data and community drive the borders, rather than politics.

Apple V2	Like	11/10. Great work by the committee on this. Better at keeping Kalamazoo COI together and least	Brandon Alger	2021-12-13 00:40:01+00
Linden	Like	partisan. As a term limited elected official who will not be seeking elected office in the future, I believe the Birch v2 map will best serve Macomb and Oakland counties for the	Jessica M Swartz	2021-12-13 00:31:27+00
Birch V2	Like	next decade.	William Sowerby	2021-12-13 00:26:26+00

Hickory	Like	Better at keeping Kalamazoo neighborhoods together. Don't separate Oaklan/Winchell/Asylum lake neighborhoods.	Jessica M Swartz	2021-12-13 00:25:54+00
Magnolia	Dislike		Jessica Swartz	2021-12-13 00:24:21+00

Linden	Like	This is a much more fair map than Palm.	Allison Fox	2021-12-12 15:08:26+00
Cherry V2	Like	Much more fair than the Palm map. The Palm proposal is heavily gerrymandered and favors Republicans. Please consider Cherry or Linden instead.	Allison Fox	2021-12-12 15:07:35+00
Palm	Dislike	Thank you to all for your work on this! This map doesn't appear fair. I'm concerned that this map is clearly favoring a particular	ALLISON Fox FOX	2021-12-12 15:05:38+00
Palm	Like	party.	Brenda Lindsay	2021-12-12 14:49:10+00

Baraga County appears to have compatible economic interests at Marquette County. Both counties have a robust commercial forest industry, they depend on tourism, and medical care industries, they both have significant State of Michigan agency employers, they share the financial benefits of the Eagle Mine, they also share similar relationships with the Keweenaw Bay Indian Community. Although the political tendencies differ between these communities, I feel that Baraga can be well represented when paired with Iron, Marquette, and Alger Counties.

This map is so wrong I find a difficult starting place. For one, countries should not be split among districts. That is unfair not only to the political candidate but more importantly to the citizens. This map would lead to voter confusion, frustration and loss of voter rights when they just give up over confusion as to whom their representative is. Another issue is the size of the district. Surly you could find suitable population in a more condensed area. For example, two or three counties wide and two or three countries high. Go back to the drawing table and redo

Hickory	Like	Please vote for this map. It is a fair ungerrymandered map.	Charlotte Jeanne Morton	2021-12-11 22:11:22+00
Hickory	Like	This map is the most fair of the bunch, and it would accurately keep communities of interest together. I support its adoption over any other plan.	James Aidala	2021-12-11 21:44:29+00
Linden	Like	By far the best and fairest attempt at eliminating Gerrymandering of State Senate districts.	Phil Sarnacke	2021-12-11 21:16:34+00
Hickory	Like	By far the best to remove gerrymandering from our state house of representative This map is truly a partisan map favor the party in power. This should be an exercise to make Michigan and example to the nation of non partisan	Phil Sarnacke	2021-12-11 21:14:25+00
Palm	Dislike	politicking. I do not like this map. It does not keep Jackson County whole and separate from	Phil Sarnacke	2021-12-11 21:09:43+00
Szetela Congressional	Dislike	Washtenaw County.	Rebecca Mayer	2021-12-11 20:59:07+00

Lange Congressional	Dislike	I dislike this map. I don't shop in Washtenaw County and people in Washtenaw certainly don't shop in Jackson County. I think these should be kept separate.	Rebecca Mayer	2021-12-11 20:52:29+00
Apple V2	Dislike	I dislike this map. We need to keep Jackson and Washtenaw Counties separate as they are different in many ways including income, professions, etc.	Rebecca Mayer	2021-12-11 20:50:23+00
Birch V2	Dislike	I don't like this map. It mixes downtown people with country people. Jackson County is mostly rural. I like this map. We are a community. I live in the City of Jackson	Rebecca Mayer	2021-12-11 20:47:29+00
Chestnut	Like	This map is incredibly biased in favor of Republicans for no good reason.	Rebecca L. Mayer	2021-12-11 20:39:47+00
Palm	Dislike	dislike	Vaughn Derderian	2021-12-11 20:23:10+00
Palm	Dislike	I believe this map best accommodates the communities of interest.	James A DeNardis	2021-12-11 20:22:05+00
Magnolia	Like	I believe this map best accommodates the communities of interest.	Wesley Nakagiri	2021-12-11 19:37:27+00
Palm	Like	I believe this map best accommodates the communities of interest.	Wesley Nakagiri	2021-12-11 19:34:37+00
Birch V2	Like	I believe this map best accommodates the communities of interest.	Wesley Nakagiri	2021-12-11 19:26:04+00

Linden	Like	I strongly suggest the Linden map to ensure fair representation.	Ronald Fox	2021-12-11 19:20:04+00
Cherry V2	Like	Perfect example of a FAIR map. This was what our anti-gerrymandering vote on election day was supposed to produce	Ronald Fox	2021-12-11 19:18:11+00
Palm	Dislike	Very unfair. Heavily gerrymandered to favor Republicans. Palm is biased. Palm is a terrible proposal. Cherry and Linden are far superior.	Ronald Fox	2021-12-11 19:13:28+00
Palm	Dislike	Do not consider this map. It should be FAIR. That's what this group is all about, right? We have to watch every move you make. PLEASE !!!!!!!	Cynthia M. DeNardis	2021-12-11 19:02:07+00
Palm	Dislike	Unfairly gerrymandered district	Aaron Stark	2021-12-11 18:05:02+00
Palm	Dislike	This map is heavily gerrymandered for the GOP and should not be used.	Nicki Anderson	2021-12-11 17:48:08+00
Palm	Dislike	This is a lousy map.	Donald Tilley	2021-12-11 17:21:06+00
Birch V2	Like	This map appears to be the fairest and least partisan. It also seems the best for lakeshore communities. I encourage the MICRC to adopt this map.	BRIDGET P FOX	2021-12-11 17:17:40+00
Palm	Dislike	This map is ridiculous, unfair, unbalanced	Harrison Cole	2021-12-11 17:14:03+00

This map is the most fair and sensible by including the South Asian community of Troy, Rochester Hills, and Sterling Heights together. Birch keeps similar suburbs in Southern Oakland and Southern Macomb counties together as they are a community of interest that share similar challenges and opportunities.

This map is the most fair for Macomb and Oakland counties for the next 10 years.

I know you Republicans have no actual interest in being fair, so we are going to fight you every step of the way until you dissolve as an organization. This is unacceptable, and I deny your attempts at cheating.

This is the best state senate map

Hickory	Like	This map makes to best of what can be a messy process, and I appreciate the commission's work on this. I do feel it offers a fair and balanced redistricting, which is what we, the voters, asked for when we approved the ballot initiative.	Luke Vandenberg	2021-12-11 17:09:20+00
Birch V2	Like	I prefer this map in that I have always felt disenfranchised as a conservative voter given the past prevailing map. I felt my vote never counted. I believe that this map will provide a balanced opportunity for all voters to feel that their vote will count.	Steven Behrmann	2021-12-11 17:08:55+00
Palm	Dislike	THIS MAP IS BOOBOO	Jamie Foxx	2021-12-11 17:05:51+00
Palm	Dislike	I am commenting on the Palm Map. This is a very divisive map it is not representative of people of color in-terms. It is gerrymandering at its worst. Please re-consider.	Robin Smith	2021-12-11 17:05:20+00

Linden	Like	This is a good map for the district I live in. I feel it fairly represents the balance of voters and most clearly adheres to what the redistricting law was intended to do.	Luke Vandenberg	2021-12-11 17:05:13+00
Birch V2	Like	I believe this map keeps similar communities together better than other proposed maps.	Heather Schulz	2021-12-11 17:05:03+00

The Chestnut map seems to be the fairest for people in and around Midland. I've lived in that area for 40 years and have felt a connection with Bay City and Saginaw with whom we share an airport and common water supply as well as a strong business and manufacturing heritage. Midland has grown more urban and aims to continue that growth. I've never felt represented when lumped in with the central and western rural counties. The connection with Gladwin professed by some just came up last year because of a flood and doesn't represent our past or our future. I do like keeping most of Midland County together since so many people living outside the city commute to Midland for employment, healthcare, retail, etc. and this is the only map that accomplishes that.

Hickory	Like	This is the fairest map.	Janet Louise Armil	2021-12-10 20:29:25+00
		I don't really think this map is the best option for Macomb or the state at large. The partisan fairness of this map writ large is not what I envisioned when pushing for an Independent redistricting		
Chestnut	Dislike	board	Justin Smith	2021-12-10 20:28:34+00
Pine v5	Dislike	JUST DON'T LIKE IT	Eric Kyle Schichl	2021-12-10 20:25:19+00
		This is the most biased politically of the final maps.		
Palm	Dislike	Palm is an extremely unfair map. I am asking the Commission to vote against	Janet Louise Armil	2021-12-10 20:24:14+00
		this gerrymandering bias.		
Palm	Dislike		James C carpenter	2021-12-10 20:24:00+00

Hickory	Like	While this map continues to have Farmington divided, it appears to have more equity in other parts of the state. It looks more contiguous and fair	Anne Campbell	2021-12-10 20:04:49+00
Hickory	Like	While Farmington continues to be divided in bizarre ways, this map appears to be more equitable in terms of other parts of the state and tries to have more contiguous districts	Anne Campbell	2021-12-10 19:59:56+00
Palm	Dislike	This map is really broken up and is against the principals of Prop 2 and the overall goal of providing more equitable representation	Anne Campbell	2021-12-10 19:58:02+00
Palm	Dislike	wow - this map is so gerrymandered - totally against the principals of Prop 2 and the Voting Rights Act. While this is messed up for my	lori A Boyce	2021-12-10 19:53:07+00
Hickory	Like	community, it is the map with the most partisan fairness and Voting Rights Act representations	lori A Boyce	2021-12-10 19:49:30+00
Birch V2	Like	The Birch map maintains the most cohesion for central Oakland County, including both Farmington and Farmington Hills	lori A Boyce	2021-12-10 19:46:29+00

Kellom Senate	Like	This is the only State Senate map that looks reasonable.	Jeffrey Aisen	2021-12-10 19:44:00+00
Birch V2	Like	You have a very difficult task, but I believe the Birch Map keeps intact as much as possible similar communities. This is the case in the Detroit Metro region, as well as the Tri-City region.	Timothy Morse	2021-12-10 19:35:57+00
Lange Senate correct	Dislike	While these lines may look all neat and tidy, this map is gerrymandered to keep Midland in a Republican district. It also breaks up the natural and obvious connections among the Tri-Cities. These three mid-sized cities--Midland, Bay City, and Saginaw share common interests in areas of manufacturing and industry, cultural enrichment, and education, just to name a few. Midland should not be included with primarily rural districts with which it has so little in common. This map should be rejected.	Cassandra M Foley	2021-12-10 19:35:40+00

		Midland & Gladwin counties need to be kept together. Including counties south of Midland county make little if no sense other than to remove our voice from state		
Chestnut	Dislike	and federal affairs.	Russell V Christian	2021-12-10 19:35:19+00
Magnolia	Like	This map clearly represents the criteria for redistricting.	Melissa Gutzwiller	2021-12-10 19:34:44+00
Palm	Like	This map seems like it takes my communities interest into account.	Melissa Gutzwiller	2021-12-10 19:33:19+00
Cherry V2	Dislike	This one is way off to how our communities are really reflected.	Melissa Gutzwiller	2021-12-10 19:31:33+00
Chestnut	Like	Much better than other maps. Districts seem fairer. Huntington Woods is part of Oakland County.	Jeffrey Aisen	2021-12-10 19:30:38+00
Szetela Congressional	Dislike	This doesn't allow for normal natural boundaries.	Melissa Gutzwiller	2021-12-10 19:29:51+00
Lange Congressional	Dislike	This is an undesirable map. I have another preference.	Melissa Gutzwiller	2021-12-10 19:28:48+00
Apple V2	Dislike	No. This one doesn't make sense for my community.	Melissa Gutzwiller	2021-12-10 19:27:24+00
Birch V2	Dislike	Huntington Woods is in Oakland County and belongs with other west of Woodward communities.	Jeffrey Aisen	2021-12-10 19:27:11+00
Birch V2	Like	This one is best. It seems most fair.	Melissa Mary Gutzwiller	2021-12-10 19:26:00+00

Lange Congressional	Dislike	Please do not advance this map. It continues the gerrymandering of the last two decades by separating Midland from the other two Tri-Cities. It does not recognize the common interests of Mid-Michigan. The rural and shoreline communities west of Midland do not share the industrial and manufacturing interests or the cultural interests that Midland has in common with Bay City, Saginaw, and Flint. The Chestnut map is a much better choice for my area.	Cassandra M Foley	2021-12-10 19:25:51+00
Chestnut	Dislike	Not Preferred. I prefer Birch V2.	Melissa Mary Gutzwiller	2021-12-10 19:24:26+00
Szetela House	Like	If this map were selected, it would give two of the Tri-Cities a legislator who could work more effectively for the very similar interests of these mid-sized cities. It has the best score for partisan fairness and would thus give both parties a chance to win.	Cassandra M Foley	2021-12-10 19:15:46+00
Palm	Dislike	I do not like Rashida Tlib she only looks out for Arabic residences	Frances Ann Schichl	2021-12-10 18:56:00+00

Palm	Dislike	I do not want to be represented by rashida tlib, I fully reject this map	Eric Kyle Schichl	2021-12-10 18:54:33+00
Hickory	Like	I like this map, since Taylor has the most people downriver than anyother Taylor would dominated the district it was in. that is why they split downriver up.	Eric Kyle Schichl	2021-12-10 18:46:32+00
Cherry V2	Dislike	this district is dumb.	Eric Kyle Schichl	2021-12-10 18:39:19+00
Kellom Senate	Dislike	This is not a good map for Michigan overall in regard to voter representation. District lines are drawn such that rural population areas disproportionately dominate many districts including cities. Please do not use this map West Michigan city populations are not represented in this map. Grand Rapids is a very large city, but the large amount of surrounding rural areas in this district dominate the population. This map is not representative for cities such as Grand Rapids or the state of Michigan in general.	Nancy Mroczkowski	2021-12-10 18:37:40+00
Lange Congressional	Dislike		Nancy Mroczkowski	2021-12-10 18:32:42+00

Birch V2	Dislike	Communities of interest are ignored, their is nothing in common between Taylor, and allen park sorry to say but it is true. I do not like going into Talibs district.	Eric Kyle Schichl	2021-12-10 18:32:09+00
Szetela Congressional	Dislike	This map includes the city areas of Muskegon and Grand Rapids. However, the large amount of surrounding rural areas selected in this district dominate the population. This map discounts the only main large city in western Michigan, Grand Rapids and the only large city in Michigan beside Detroit. Also, does not represent the state of Michigan well.	Nancy Mroczkowski	2021-12-10 18:31:14+00
Birch V2	Dislike	City population is not represented in this map. Grand Rapids is a very large city, but the large amount of surrounding rural areas in this district dominate the population. This map is not representative for cities such as Grand Rapids or the state of Michigan in general.	Nancy Mroczkowski	2021-12-10 18:29:49+00
Linden	Like	Please vote YES on Linden when the voting and or rank ordering begins. Thank you for your consideration.	Robert Kennedy	2021-12-10 18:29:20+00

Chestnut	Like	<p>This map is pretty good for city areas including Grand Rapids and Michigan. Apple V2 map is much better because it includes the larger Kalamazoo city rather than the much smaller Muskegon city. If the Commission doesn't choose Apple, choose this map. At least city areas will somewhat be represented in one district.</p>	Nancy Mroczkowski	2021-12-10 18:28:19+00
Apple V2	Like	<p>The Commission has gotten this right with this map for Grand Rapids and Michigan. Pulling the largest city areas together in West Michigan fulfills the community of interest requirement. Putting the cities in separate districts reduces representation effectiveness because of the dominance of rural areas in the remainder of the state. Thanks for considering city areas.</p>	Nancy Mroczkowski	2021-12-10 18:26:58+00

Szetela House	Dislike	The Commission has missed the boat with this map for Grand Rapids. Districts with like characteristics and requirements are divided up. It will be difficult for a representative to do justice to these districts. Numbers indicate that this is the most unfair map for Michigan. Of the collaborative maps, this is the most fair. It has the lowest, closest to zero Efficiency Gap and is the best of the State House Maps. Please support this map when the voting begins! Thank you, commissioners.	Nancy Mroczkowski	2021-12-10 18:25:51+00
Hickory	Like		Robert Kennedy	2021-12-10 18:24:49+00

The Commission has gotten this right with this map for Grand Rapids however, not so good for Michigan. Districts are divided up into communities with like characteristics and requirements. In particular, District 80 where we live has collected common areas of middle class residential people. Also notice that the Hispanic/Latino community of Wyoming district 83 and the poorer section of south Grand Rapids district 82 have been kept together. This will be good for their representation. Nancy Mroczkowski

Hickory	Opinion	Please continue to adjust these maps for more partisan fairness. Midland and Bay City should be in the same House district. The Tri-Cities/Mid-Michigan community of interest should be honored in the House and Senate.	Cassandra M Foley	2021-12-10 18:13:31+00
Hickory	Like	The Hickory map is the most fair House map. Vote YES on Hickory!	Deborah Kallunki	2021-12-10 18:08:46+00
Linden	Like	The Linden map is an extremely FAIR map. Vote YES on Linden!	Deborah Kallunki	2021-12-10 18:07:46+00
Palm	Dislike	Please vote NO on the Palm map. This map is a replay of what we have now--it favors one party over the other! Proposition 2 was passed by Michiganders to eliminate partisan maps like this.	Cassandra M Foley	2021-12-10 18:07:12+00
Palm	Dislike	The Palm map has the worst Republican bias of all of the draft maps. It is an extremely UNFAIR map. Vote NO on Palm!	Deborah Kallunki	2021-12-10 18:05:10+00
Szetela House	Like	This map does a great job of eliminating political bias. I appreciate Midland being kept with Bay. I think this is the 2nd best map next to Hickory.	Danielle Fergin	2021-12-10 17:47:24+00

Palm	Dislike	<p>This map is terrible. I am shocked it made it this far without someone pointing out that it 100% politically bias and removing it. This was not created within the spirit of the redistricting process as evidenced by its horrible score for partisan fairness. This map is a step in the wrong direction. The reason we are redrawing the maps is because of maps such as this. This map has the same effect as the previous (gerrymandered) districts</p>	Danielle Fergin	2021-12-10 17:43:50+00
Palm	Dislike	<p>No. This map was not created in the spirit of political fairness as required by the redistricting process. The city of Midland has little to nothing in common with the other communities on this map. As a Midland resident I know Midland is more connected to the rest of the Tri Citites such as Bay City and Saginaw. This map does not represent Midland well and would lead to poor representation of the folks in Midland.</p>	Benjamin D'Angelo	2021-12-10 17:42:20+00
Lange Senate correct	Dislike		Danielle Fergin	2021-12-10 17:37:19+00

Linden	Like	I support this rendition of redistricting. It seems to improve the possibility for fair elections.	John D Paterson	2021-12-10 17:35:34+00
Lange Congressional	Dislike	This map absolutely does not represent Midland well at all. This this map is the epitome of gerrymandering and was not created in the spirit of the redistricting initiative. The city of Midland is part of the Tri-Cities and Mid-Michigan. As a resident of Midland I am far more connected to Bay City and Saginaw then the other communities Midland is grouped with in this map. Removing Midland and putting it with rural areas reeks of a personal agenda by this commissioner.	Danielle Fergin	2021-12-10 17:31:51+00
Palm	Dislike	This is a poor rendition of redistricting for fairness. Please do not choose this option.	JOHN D PATERSON	2021-12-10 17:29:43+00

Linden	Like	This is about the most fair of the maps. Please vote for this one.	Gregory Lynn Snider	2021-12-10 13:34:54+00
Hickory	Like	This is the best of the available maps. Please vote for this one.	Gregory Lynn Snider	2021-12-10 13:30:32+00
Palm	Dislike	This is a very partisan map. Please vote against Palm.	Gregory Lynn Snider	2021-12-10 13:27:30+00
Birch V2	Like	This map is fair. I am glad it keeps Mt Clemens and Clinton Twp together.	Sheila Strunk	2021-12-10 13:06:12+00
Cherry V2	Like	I like the Cherry map. It is more fair. Please vote NO on Palm. Thank you for your hard work on the Commission	Mary Ann Margaret Idzikowski	2021-12-10 13:05:12+00

Linden	Like	This map is relatively fair. The Cherry map is fairer and the Palm map is terrible. I voted for having a nonpartisan commission to draw our legislative boundaries so the voters could actually decide who their representatives in government are instead of having the party in power draw gerrymandered maps that would unfairly control the state house and senate for 10 years. Cherry and Linden promote that goal. Please choose either Cherry or Linden. Thank you for your work on the commission,	Mary Ann Margaret Idzikowski	2021-12-10 12:59:49+00
Cherry V2	Like	This map is more fair than Palm. Ingham, Eaton and Clinton Counties are competitive.	Mary Ann Margaret Idzikowski	2021-12-10 12:47:47+00
Palm	Dislike	This map is very biased and unfair, Linden and Cherry are fairer	Mary Ann Margaret Idzikowski	2021-12-10 12:28:43+00
Birch V2	Opinion	Birch is the fairest map for all concerned.	Syma Echeandia	2021-12-10 04:09:49+00
Birch V2	Like	This Birch Map appears to be the fairest of all the maps for all concerned.	Syma Echeandia	2021-12-10 04:08:15+00

Palm	Dislike	This map is so bad for partisan fairness that I am very surprised it has made it to the final round. Please don't vote for this map because it would not lead to good representation for the citizens of Michigan.	Molly Morrissey	2021-12-10 03:25:34+00
Palm	Dislike	The Palm Map has the highest rating of bias favoring Republicans. This is gerrymandering all over again- no improvement here only more of the reason we asked for a commission to REMOVE bias from the maps. Please do not use this map.	Marie Johansen	2021-12-10 03:10:09+00
Linden	Like	Good map, much fairer than the Palm version.	Jean-Philippe Faletta	2021-12-10 03:01:05+00
Cherry V2	Like	A very fair map, much better than the Palm map.	Jean-Philippe Faletta	2021-12-10 02:59:33+00
Palm	Dislike	This is a terrible map, very biased.	Jean-Philippe Faletta	2021-12-10 02:57:43+00
Hickory	Like	A very fair map, I approve of this plan vs. the others.	Jean-Philippe Faletta	2021-12-10 02:55:05+00
Birch V2	Like	I like the map for partisan fairness and is good for democracy.	Hirak Chanda	2021-12-10 02:50:28+00
Linden	Like	This map seems very fair.	Janice L Karlovich	2021-12-10 02:31:48+00
Palm	Dislike	No on Palm map -- too much partisan gerrymandering!	Janice Karlovich	2021-12-10 02:24:18+00

		Awful, just awful. Communities of interest are ignored totally. This is a disaster for the communities on the SW/MI-IN border. This matters to maintaining our		
Palm	Dislike	economic growth. I do not like this map. It eliminates the majority minority districts. I would recommend going back to	Kathleen McKee	2021-12-10 02:22:20+00

Palm	Dislike	This map is highly biased.	allison youngs	2021-12-10 01:23:07+00

Linden	Like	The Hickory map is better, more fair.	Kirk Rheaume	2021-12-10 01:16:06+00
Linden	Like	This map is better, more fair.	Kirk Rheaume	2021-12-10 01:14:29+00
Palm	Like	The PALM map is the worst. The most unfair! This map should not be used. Of the choices Hickory is better. Although it seems like a more fair map could still be developed. I know it's such hard work -- but so	Kirk Rheaume	2021-12-10 01:07:29+00
Pine v5	Dislike	important!	Cynthia Hudson	2021-12-10 00:54:10+00
Magnolia	Dislike	Definitely not this one. Very unfair.	Cynthia Hudson	2021-12-10 00:51:07+00
Chestnut	Like	Chestnut looks like the fairest option	Larry Feldman	2021-12-10 00:46:29+00
Hickory	Like	This map, while still showing Republican bias, is the best of the bunch. Maybe this one could be tweaked to be even better?	Cynthia J. Hudson	2021-12-10 00:46:11+00
Lange Congressional	Dislike	This is the worst of all of the choices. All of the maps have a Republican bias but this is the worst.	Cynthia J. Hudson	2021-12-10 00:41:47+00
Chestnut	Like	This is a fair statewide map. Probably the best of the bunch. It's good to keep the tri-county region together (Ingham/Eaton/Clinton.	Cynthia Hudson	2021-12-10 00:38:21+00

Linden	Like	I like Linden because it is parisan fair. I feel you should go back and work on all maps to increase VRA districts and strength.	Bob Chunn	2021-12-10 00:33:30+00
Linden	Like	This is a relatively fair map. Please use a fair map.	Cynthia Hudson	2021-12-10 00:30:13+00
Cherry V2	Like	This map is better than the Palm map, for sure. Although I don't understand why we can't have a map that doesn't have a Republican bias? I know what you are doing is hard work but please make a fair map.	Cynthia Hudson	2021-12-10 00:26:55+00
Hickory	Like	This is the best redistricting map. It provides a more balanced representation than the other maps.	Carol Cappuccio	2021-12-10 00:24:34+00
Linden	Like	This is the most fair representation of the voters of my community.	Jeanne Munn	2021-12-10 00:19:57+00
Palm	Dislike	This is an unfair map. Please do not use this map. The Cherry map and the Linden map are better options.	Cynthia Hudson	2021-12-10 00:17:50+00
Hickory	Like	This is the most fair representation for the residents of my community.	Jeanne Munn	2021-12-10 00:17:18+00
Linden	Like	A very fair and equal division of districts for both parties. it has my vote.	ramona j clemente	2021-12-10 00:13:19+00

Hickory	Like	One the the best as it appears to be the most impartial and bipartisan	ramona j clemente	2021-12-10 00:12:00+00
Palm	Dislike	This is an unfair drawing of a map and does not represent the voters of my community! Every other map is better than this one. Talk about partisanship. It is beyond laughable. Make the maps fair to both parties, not just one regardless of which one.	Jeanne Munn	2021-12-10 00:11:10+00
Palm	Dislike	This is the best map to represent the interests of the residents of my district.	ramona j clemente	2021-12-10 00:09:17+00
Linden	Like	The thumb should be kept together. Tuscola county has much more in common with Huron and Sanilac counties than we do with Bay and Saginaw counties.	Joanne Carlson	2021-12-10 00:03:58+00
Birch V2	Opinion	This is the best map that represents fairness for the citizens of my district!	Isaac White	2021-12-09 23:59:34+00
Hickory	Like	This is not a fair map. It does not represent the citizens of my district. I vote no!	Joanne Carlson	2021-12-09 23:58:13+00
Palm	Dislike	This map should never be considered a fair map in any way.	Joanne Carlson	2021-12-09 23:50:38+00
Palm	Dislike	A very unfair map!!!	Kim Hunsanger	2021-12-09 23:47:16+00
Palm	Dislike		ken tilp	2021-12-09 23:39:04+00

Palm	Dislike	This plan is very unfair and partisan. It gives Republicans a very unfair advantage.	Rob J Ross	2021-12-09 23:08:09+00
Cherry V2	Like	Cherry is a fair map, as is Linden. Palm is truly unfair. Please choose this map - it represents a bipartisan map.	Elizabeth Kaufman	2021-12-09 23:04:28+00
Linden	Like	Thank you Given the extensive experience that I have had with the redistricting process over the last three decades, which includes co-teaching a university course on redistricting, the Birch V2 map seems the fairest to me. Please choose this map and thank you for all of the hard work that you have put into this process!	Maggie D'Angelo	2021-12-09 22:37:29+00
Birch V2	Like	Please choose this map - it represents a bipartisan map.	Jean-Philippe Faletta	2021-12-09 22:36:35+00
Hickory	Like	Thank you This map does not maintain bipartisan equity. Please do not vote for this map it is still unfair. Thank you for listening.	Maggie D'Angelo	2021-12-09 22:34:29+00
Palm	Dislike	The whole goal of this commission was districting fairness; this accomplishes the opposite!	Maggie D'Angelo	2021-12-09 22:29:53+00
Palm	Dislike		Robert Gilbert	2021-12-09 21:58:19+00

Linden	Like	This is probably the fairest of the maps (Linden) for redistricting.	Fay Tanner	2021-12-09 21:42:06+00
Hickory	Like	This is a fair representation for redistricting. Hickory or Linden. Either one	Fay Tanner	2021-12-09 21:40:05+00
Linden	Like	is ok. Just not Palm.	Naomi Ludman	2021-12-09 21:37:38+00
Palm	Dislike	This is not a fair redistrict. Either Hickory or Linden, please.	Fay E Tanner	2021-12-09 21:34:34+00
Hickory	Like	PALM map is far too heavily biased toward Republicans.	Naomi Ludman	2021-12-09 21:34:16+00
Palm	Dislike	Please vote against it!!!! This is not a fair map. I am not asking for maps to lean Blue. I just want partisan fairness and this map is far, far, from that.	Christine Gierczak	2021-12-09 21:31:50+00
Palm	Dislike	I like this Map as it keeps Oakland county mostly together	Naomi Ludman	2021-12-09 21:30:23+00
Birch V2	Like		Scot Goldberg	2021-12-09 21:30:04+00
Linden	Like	This map does what the Commission was tasked to do: create a fair playing field for up-coming elections. Thank you for your effort and your independent approach in creating this map.	James S Rodgers	2021-12-09 21:28:08+00

Hickory	Like	Thanks to the Commission for its efforts in creating Redistricting maps. Hickory appears to me to be the best House map. It has the most partisan fairness and provides fair representation for minority voters.	James S Rodgers	2021-12-09 21:23:49+00
Palm	Dislike	Please choose either the Linden or Cherry map. Palm is clearly the least fair of the State Senate maps in that it provides a partisan advantage to one party and does not allow for fair representation for minorities. Thank you for your hard work on this difficult task.	James S Rodgers	2021-12-09 21:16:26+00
Palm	Like	Please do not even consider this map. It is by far the worst when ranked in fairness. It is little, if no better, than the current gerrymandered maps favoring Republicans. Please adopt Hickory instead.	Linda Weaver	2021-12-09 21:02:26+00
Palm	Dislike	Vote NO	Logan Chappell	2021-12-09 21:01:29+00
Linden	Like	This is a fair map with a real contest.	Kirsten Herold	2021-12-09 20:49:14+00

Hickory	Like	<p>This map represents the Wyoming community well and combines growing Hispanic neighborhoods on the border with Grand Rapids, providing an opportunity for better representation of the community.</p> <p>All the House maps really need work to achieve the kind of balance and fairness voters are looking for. This one is definitely inferior to Szetela. Please consider taking another run at the House maps!</p>	Chris Herweyer	2021-12-09 20:35:31+00
Magnolia	Dislike	<p>Vote no. This (PALM) map is very unfair. Cherry and Linden are more fair.</p>	Clifford Johnson	2021-12-09 20:25:03+00
Palm	Dislike	<p>I see that I'm not alone in asking you to reject this map!</p>	Kari Huss	2021-12-09 20:24:19+00
Palm	Dislike	<p>Very lopsided.</p> <p>Thanks for your hard work. Cherry and Linden improve fairness, though they still appear to favor one party.</p>	Clifford Johnson	2021-12-09 20:21:05+00
Linden	Like	<p>Please go with Cherry.</p> <p>Thanks for your hard work. Cherry and Linden improve fairness, though they still appear to favor one party.</p>	Clifford Johnson	2021-12-09 20:18:18+00
Cherry V2	Like	<p>Please go with Cherry.</p>	Clifford Johnson	2021-12-09 20:17:06+00

Szetela Congressional Like		Szetela looks fair--well done! Birch and Chestnut also look pretty fair, but please go with Szetela.	Clifford Johnson	2021-12-09 20:12:12+00
Hickory	Opinion	Hickory is better than the others, but the essential question is this: does it set us up for the majority to lose and the minority of votes to win? That's still a Yes, unfortunately. The stakes are so high, please take one more shot at making "one person, one vote" have meaning again.	Clifford Johnson	2021-12-09 19:59:58+00
Palm	Dislike	I strongly dislike the PALM map, as it is unfair to Michigan citizens. Our maps need to reflect our populace. First of all, I wish to thank the commission for doing all the work that's been done to try to create fair and balanced representation maps. It's a thankless task! This map presents the most fair opportunity for representation for MI Senate seats. This is the one that	Gwenne Allgaier	2021-12-09 19:58:49+00
Linden	Like	should be selected.	Evert Vermeer	2021-12-09 19:40:22+00

Linden	Like	This map provides the most fair representation for the people of the 29th Senate district. This is the one that should be adopted.	Mary Vermeer	2021-12-09 19:31:57+00
Palm	Dislike	While this map doesn't vary much from Linden and Cherry for my district, what it does in other areas of the state is supremely partisan and defeats the mission of the MCIRC. Do not adopt this one!	Nancy Duemling	2021-12-09 19:31:25+00
Hickory	Like	This map provides the most balanced representation for the Michigan House.	Evert Vermeer	2021-12-09 19:28:47+00
Hickory	Like	This is the most fair house map and should be the one selected	Mary E Vermeer	2021-12-09 19:26:45+00
Palm	Dislike	This is a bad map for the MI Senate and should be rejected outright!	Evert W Vermeer	2021-12-09 19:24:09+00
Palm	Dislike	This is the most unbalanced/unfair map of all the options and should definitely be rejected!	Mary E Vermeer	2021-12-09 19:20:23+00
Szetela House	Dislike	Too many cities are being sliced and diced. Makes it very difficult for a representative to support the needs of his/her community.	Constance Woods	2021-12-09 19:09:00+00

Hickory	Dislike	Why are Troy and Clawson losing part of their cities to another district?	Constance Woods	2021-12-09 19:05:33+00
Magnolia	Dislike	Please don't split up Troy	Constance Woods	2021-12-09 19:01:33+00
		This map splits up Roseville very unnecessarily! This is problematic because Roseville is a tight-knit community which tends to vote for state officials of a certain party. Splitting this community pushes our voices into the minority.		
10-08-21 v2 HD	Dislike	Excellent Senate map--fair and balanced. Please	Megan Mueller	2021-12-09 18:56:59+00
Linden	Like	approve.	Eric Rader	2021-12-09 18:47:22+00
Hickory	Like	Fair House map--I advocate approval.	Eric Rader	2021-12-09 18:45:47+00
		This map lacks fairness thus nullify equal competition among candidates. Please do not vote for this plan.		
Palm	Dislike	This map is not fair and	Mary Sepe,	2021-12-09 18:44:40+00
Palm	Dislike	should not be approved.	Eric Rader	2021-12-09 18:44:10+00
		This is the most fair senate map available. Please consider this one in your final decision. Fair and Balanced.		
Hickory	Like	Like all things should be.	Nicholas Dudley Barnes	2021-12-09 18:37:02+00

Linden	Like	This is a fair map and needs to be strongly supported by those on the commission. Fair and Balanced. Like all things should be.	Nicholas D. Barnes	2021-12-09 18:34:31+00
Palm	Dislike	This map is trash and needs to be voted against. Please do not vote for this map.	Nicholas D. Barnes	2021-12-09 18:31:53+00
Linden	Like	Seems the fairest Senate distribution of Democratic and Republican voters. Please vote for this map.	Mary Sepe,	2021-12-09 18:30:37+00
Hickory	Like	Seem like a very fair and reasonable distribution of Democratic and Republican voters. Thanks for your time,effort and fairness.	mary sepe	2021-12-09 18:19:45+00
Szetela House	Dislike	Dislike Szetela, terrible partisan fairness score. This map is unfair and redistricts in a partisan way.	Gwen Hejna	2021-12-09 18:13:27+00
Palm	Dislike	This is against the wishes of the people. Linden is far and away the best Senate map I have seen. Choosing it sets an example of balance that will provide a model of fairness when redistricting comes round	Daniel Towner	2021-12-09 18:09:23+00
Linden	Like	again.	Horace Porter Abbott	2021-12-09 17:56:36+00

Birch V2	Like	Honestly I like this map the best, it is nice that Oakland County is kept together for the most part. While none of the maps are perfect, this is one I would vote for.	Max Rohtbart	2021-12-09 17:53:08+00
Palm	Dislike	This map is very biased in favor of Republicans. The idea was to create more balance with an unbiased commission!	Janice Ray	2021-12-09 17:51:50+00
Hickory	Like	Hickory is the best and fairest map so far. It indicates how hard you have worked to achieve partisan equity, which is the central issue that has been so badly treated in the past.	Horace Porter Abbott	2021-12-09 17:51:40+00
Palm	Dislike	The Palm Map is not only Obviously not drawn with fairness in mind. This is not what the voters intended when we overwhelmingly voted to have an independent committee do the	Horace Porter Abbott	2021-12-09 17:43:57+00
Palm	Dislike	redistricting. This map is UNFAIR. Cherry and Linden are much to be	Rick Novak	2021-12-09 17:38:46+00
Palm	Dislike	preferred	Elizabeth Kaufman	2021-12-09 17:20:42+00

Palm	Dislike	<p>This map is in no way balanced. The Palm map is not a fair map in terms of partisan leanings, and will just add to the gerrymandering that redistricting is supposed to correct. Please do not choose this map. We need fair elections.</p>	Heidi Gates	2021-12-09 17:11:30+00
Linden	Like	<p>This is the most fair map for state Senate representation. I urge you to choose democracy by majority vote. We must draw districts that reflect the voters and not favor one party over the other.</p>	Jennifer D Porter	2021-12-09 16:44:01+00
Hickory	Like	<p>It is time to draw and then choose maps that are fair to the voters and not partisan in nature. This is the most fair map and I urge you to choose fairness and democracy by majority vote. It is not fair to me and others for our representation in the state Congress to be chosen by the minority of voters.</p>	Jennifer D Porter	2021-12-09 16:40:44+00

Palm	Dislike	I thought that the reason for redrawing the maps was to create fair elections. The Palm Map is heavily favoring the Republicans and clearly hasn't been drawn with fairness in mind.	Christine Klykken	2021-12-09 16:39:06+00
Palm	Dislike	Stop trying to re-district to favor one party over the other. This disenfranchises me and others.	Jennifer D Porter	2021-12-09 16:34:30+00
Palm	Dislike	The Palm map is poorly drawn. The Cherry map is a much better choice.	James Nelson	2021-12-09 16:30:20+00
Palm	Dislike	This is not a fair map in terms of partisan leanings. Please pick one of the other Senate maps.	Liam Richichi	2021-12-09 16:30:16+00
Palm	Dislike	I really dislike this map. It doesn't seem likely to allow the upper Thumb area any representation. Also the entire map seems to bend over to the right.	Terry Brown	2021-12-09 16:28:11+00
Palm	Dislike	The Republican bias for this map is clearly too high!	Angie Kelleher	2021-12-09 16:23:02+00

Linden	Like	Please chose Linden or Cherry. They are less biased than Palm which is the worst map created. The whole object of the commission is to stop patrician gerrymandering and Palm does no do that. NO. This map subverts the whole, approved-by-large-majority process of	ELLEN ANNE TEGHTMEYER	2021-12-09 16:21:19+00
Palm	Dislike	developing fair maps.	Nancy Flanagan	2021-12-09 16:16:31+00
Palm	Dislike	This is the least fair map out of the proposed Senate maps. Cherry and Linden are fair maps. Palm is horribly biased and is no change from the current plan which is your	Caroline	2021-12-09 16:15:46+00
Cherry V2	Like	purpose to correct! I ask the commission to vote against the Palm map. It has the most partisan bias of all the maps presented. Partisan fairness was one of, if not THE top issue, for voters of the MICRC. Chose Cherry or Linden instead. They are less	ELLEN ANNE TEGHTMEYER	2021-12-09 16:14:26+00
Palm	Dislike	bias.	ELLEN ANNE TEGHTMEYER	2021-12-09 16:07:29+00

Linden	Like	<p>This is the most fair of the senate maps for the downriver area - it's important that the communities that share so many services and a riverfront have a state senator that has the time and resources to stay up to date for them all together.</p> <p>This is the most fair of the house maps. The final map should be as close to zero as possible on partisan fairness. If all this work results in a gerrymandered map that favors one party then the commission has failed. Please don't let that happen. This is vitally important to</p>	Judy Maiga	2021-12-09 16:05:45+00
Palm	Like	<p>democracy.</p> <p>Again I think this is a fair map.</p>	Judy Maiga	2021-12-09 15:59:56+00
Hickory	Like	<p>Thx for your work.</p> <p>This is a fair map. Thx for</p>	Robert T King	2021-12-09 15:59:42+00
Linden	Like	<p>your work.</p> <p>This is a fair map. Thx for</p>	Robert T King	2021-12-09 15:58:04+00
Cherry V2	Like	<p>your work.</p>	Robert T King	2021-12-09 15:57:03+00

Palm	Dislike	While the Palm map puts Midland in a senate district with Bay City and Saginaw, which I like, it has the worst score overall for partisan fairness. The desire for partisan fairness was the overwhelming reason that a majority of Michigan voters wanted the MCIRC created in the first place. Please choose the Linden state senate map instead.	Allison Wilcox	2021-12-09 15:56:42+00
Palm	Dislike	This is an extremely biased, unfair map violating the purposes of the commission.	Robert T King	2021-12-09 15:55:53+00
Pine v5	Dislike	We all know this process is very hard and no map will be perfect, but this particular map just fails in too many ways and doesn't achieve the central goal of the initiative that created this commission in the first place: to assure the greatest democratic participation in our state	Kevin G Karpiak	2021-12-09 15:55:31+00
Palm	Dislike	This map is horrendous. The point of this entire venture was to get rid of gerrymandering. This map is blatantly biased. Please vote NO on this map.	Judith Maiga	2021-12-09 15:54:58+00

Palm	Dislike	<p>We all know this process is very hard and no map will be perfect, but this particular map just fails in too many ways and doesn't achieve the central goal of the initiative that created this commission in the first place: to assure the greatest democratic participation in our state</p> <p>If we've learned anything, it's that the complicated task of balancing all the legal requirements makes drawing these maps really hard and imperfect. This is a really</p>	Kevin G Karpiak	2021-12-09 15:53:44+00
Hickory	Like	good compromise	Kevin G Karpiak	2021-12-09 15:51:02+00
Linden	Like	this is a good map!	Barbara A Conley	2021-12-09 15:50:57+00
Hickory	Like	this is a good map!	Barbara A Conley	2021-12-09 15:50:18+00
Birch V2	Like	<p>This is the fairest map. Thx for you work.</p> <p>The Palm map has the poorest partisan fairness score and should be rejected in favor of either the Linden</p>	Robert T King	2021-12-09 15:50:14+00
Palm	Dislike	or Cherry maps. Thank you.	Melany Mack	2021-12-09 15:48:49+00
Palm	Dislike	vote NO on this one (Palm)~	Barbara A Conley	2021-12-09 15:48:30+00

Cherry V2	Like	If we've learned anything, it's that the complicated task of balancing all the legal requirements makes drawing these maps really hard and imperfect. This is a really good compromise	Kevin G Karpiak	2021-12-09 15:47:56+00
Birch V2	Like	If we've learned anything, it's that the complicated task of balancing all the legal requirements makes drawing these maps really hard and imperfect. This is a really good compromise	Kevin G Karpiak	2021-12-09 15:44:03+00
Palm	Dislike	Vote NO on PALM	THOMAS HATCH	2021-12-09 15:31:14+00
Cherry V2	Like	The Cherry map and the Linden map are both more fair than the very biased Palm map. Please select the Cherry or Linden maps for voting districts. Thank you.	Melany Mack	2021-12-09 15:26:43+00
Palm	Dislike	The Palm map is the most unfair map offered for the state Senate. Both the Cherry and Linden maps are more fair and should be selected over the Palm map. Thank you.	Melany Mack	2021-12-09 15:23:46+00
Linden	Like	This map is also fair and should be considered for final approval. It is a lot fair map	Michael John Kidd	2021-12-09 15:23:14+00
Palm	Dislike	Vote no on PALM!	Jason Craig	2021-12-09 15:21:58+00

Palm	Dislike	<p>This map splits critical areas of Ingham County, areas that have similar issues, creating an unfair division of the communities clearly to the advantage of one party, thus violating the provision that districts ensure partisan fairness. Of the other maps, the Cherry or Linden maps most likely serve this region more appropriately.</p>	John Lindstrom	2021-12-09 15:19:54+00
Palm	Dislike	<p>This map is not fair. Asking the question "is it fair to all concerned?" brings the answer "no." Please do not choose this map.</p>	Wanda Eichler	2021-12-09 15:19:49+00
Cherry V2	Like	<p>This is a fair map and should be a top consideration for approval.</p>	Michael John Kidd	2021-12-09 15:17:57+00
Palm	Dislike	<p>Please get this right. This is not a fair map and should be rejected now. The Cherry and Linden are much better.</p>	Michael John Kidd	2021-12-09 15:08:32+00
Chestnut	Dislike	<p>I thought districts were to be representative of the geographic areas and not cross county lines. Please go back and put more thought into these districts.</p>	Jeanette Gronda	2021-12-09 15:05:10+00

Hickory	Like	Thank you for volunteering for the commission and for reviewing voter comments to aid in your decision. Of all the house maps, this one appears to me to best represent the commission's task of working toward every vote counting.	Kent Koehn	2021-12-09 15:00:41+00
Palm	Dislike	Thank you committee members for volunteering for such a difficult task. I believe this Palm map does not capture the fairness in representation that the voter passed petition was seeking. I would recommend looking more closely to the Linden and Cherry maps.	Kent Koehn	2021-12-09 14:53:54+00
Pine v5	Like	This is the most balance of the maps and should be what we see for the next election.	Murat Bates	2021-12-09 14:13:13+00
Palm	Dislike	PALM Senate Map is tilted towards one party unfairly.	Carmela Langley	2021-12-09 14:11:22+00
Szetela House	Dislike	This map was designed by the Republican party and is not balanced. I don't like this map for that reason.	Murat Bates	2021-12-09 14:08:51+00

Linden	Like	When I voted for the redistricting commission to be formed, it was with the intention that our voting districts would be drawn to make our elected legislature most closely reflect the balance of voters in our state. I believe the LINDEN map comes closest to achieving that in our State Senate.	Alexandra VanDoren	2021-12-09 13:59:02+00
Hickory	Like	When I voted for the redistricting commission to be formed, it was with the intention that our voting districts would be drawn to make our elected legislature most closely reflect the balance of voters in our state. The HICKORY map comes closest to achieving that in our State House.	Alexandra VanDoren	2021-12-09 13:57:24+00
Magnolia	Dislike	This map is clearly one brought to the table by the Conservatives and is therefore not as balanced as some of the others. District 45 is far to large a district for anyone to represent.	Murat Bates	2021-12-09 13:56:23+00
Palm	Dislike	Seems to be tilted to one party.	Jack G. Devine	2021-12-09 13:32:13+00

Palm	Dislike	I voted for the non-partisan redistricting commission because I believe our districts should reflect the balance of voters in our state as much as possible. The PALM map does not do that.	Alexandra VanDoren	2021-12-09 13:18:49+00
Linden	Like	The better map, reaching towards competitive districts. Please choose.	Laurent Chappuis	2021-12-09 12:47:24+00
Palm	Dislike	Not fair and no better at creating competitive districts as the current situation. Avoid!	Laurent Chappuis	2021-12-09 12:44:10+00
Linden	Like	Every vote should count, with this map every vote will count. This map (Palm) is far too similar to the current gerrymandered State Senate maps - very unfair and not what the folks who voted for the MICRC wanted to see: fair districting and fair representation. Reject this	David A Berger	2021-12-09 12:32:10+00
Palm	Dislike	map!	Thomas L Knox	2021-12-09 12:27:24+00
Hickory	Like	This map does represent an equability.	David A Berger	2021-12-09 12:26:37+00
Palm	Dislike	This map does not represent an equability.	David A Berger	2021-12-09 12:22:16+00
Cherry V2	Like	The Magic Mirror tells me this is the "fairest of them all"	Timothy Duane Early	2021-12-09 12:00:20+00

Linden	Like	This map is more fair than Palm,Hickory, and Linden this map is okay, but still	Timothy Duane Early	2021-12-09 11:55:02+00
Hickory	Like	partisan We voted for fair maps, and	Timothy Duane Early	2021-12-09 11:48:41+00
Birch V2	Like	Birch is a fair map.	Donald Lee Priest	2021-12-09 11:41:15+00
Palm	Dislike	This map is to partisan. Not an equal representation of the populace.	Timothy Duane Early	2021-12-09 11:39:20+00
Palm	Dislike	This map has the worst partisan fairness scores of all the maps and should be rejected.	Charles Hodgman	2021-12-09 09:28:23+00
Cherry V2	Like	This map is not terribleâ€¦ not great.	Molly Reeves	2021-12-09 09:24:00+00
Linden	Like	This app is not terrible.	Molly Reeves	2021-12-09 09:22:23+00
Hickory	Like	This map is not the worst. It carves up and attempts to sideline certain communities by splitting them up but is still better than other choices.	Molly Reeves	2021-12-09 09:19:41+00
Palm	Dislike	Worst choice. Favors unfair advantage to republicans.	Molly Reeves	2021-12-09 09:12:19+00
Palm	Dislike	The efficiency gap of the Palm map is a reason to reject it outright.	frances lichtman	2021-12-09 07:29:12+00

Linden	Like	<p>This is the best senate map. It aligns the East AnnArbor with Ypsilanti community where I have lived and worked for 25 years. This map is a fair representation of the people and voters. Please keep the Linden map.</p> <p>Linden. like Cherry, is a fair map. It represents the essence of this new process. Total contrast with maps like Palm which should never be adopted.</p>	S Jackson	2021-12-09 05:33:40+00
Linden	Like	<p>Cherry is the kind of map that should be adopted. Also Linden. Both are based on fairness, the idea that is supposed to drive this entire process. Palm on the other hand is the worst.</p>	Chuck Wilbur	2021-12-09 05:16:28+00
Cherry V2	Like	<p>This palm map doesn't achieve the partisan fairness for the purpose intended. It greatly shortchanges the Ypsilanti community. Please consider this outcome.</p>	Chuck Wilbur	2021-12-09 05:11:22+00
Palm	Dislike		S Jackson	2021-12-09 05:04:00+00

Palm	Dislike	<p>This map is unfair. It does nothing to eliminate gerrymandering. Cherry and Linden are superior maps. If we are just going to adopt unfair maps, what is the point of this whole exercise.</p> <p>Chippewa County doesn't need to be split, It would unfairly split the tribal population. They are already at a disadvantage.</p>	Chuck Wilbur	2021-12-09 05:00:58+00
Palm	Dislike	<p>Error in my previous comment. Red, not green. Palm is extremely biased. Cherry and Linden are much better.</p>	Ruth Murphy	2021-12-09 04:19:19+00
Palm	Dislike	<p>Palm is an extremely unfair map. Extremely biased. Cherry and Linden are much less biased.</p>	Cheryl D Hayes	2021-12-09 04:11:19+00
Palm	Like	<p>Linden. I like the sound of it! This is a fair map, i like that Shiawassee Co (my home) is connected with parts of the greater lansing area to create a competitive district. We will get politicians working towards the middle, instead of extremes, which is KILLING our politics and working on killing our Democracy! This is good, pick it!</p>	Cheryl D Hayes	2021-12-09 04:08:06+00
Linden	Like	<p>Linden. I like the sound of it! This is a fair map, i like that Shiawassee Co (my home) is connected with parts of the greater lansing area to create a competitive district. We will get politicians working towards the middle, instead of extremes, which is KILLING our politics and working on killing our Democracy! This is good, pick it!</p>	Mark Zacharda	2021-12-09 03:04:57+00

Palm	Dislike	<p>Palm is a terrible map, very unfair. It locks in Republican majorities. Please approve CHERRY or LINDEN instead. The party with the most votes should win the most seats. That's how democracy is supposed to work!</p>	Chris Andrews	2021-12-09 03:04:14+00
Hickory	Like	<p>I'm feeling this map. Partisan fairness (#1 reason why MI voters wanted MICRC) is reasonable! Go with it!</p>	Mark Zacharda	2021-12-09 03:02:45+00
Linden	Like	<p>Really like the fairness of this one</p> <p>I urge the commission to vote against the Palm map. It has the most partisan bias of all the maps offered. Partisan fairness was one of, if not THE top issue, for voters of the</p>	Carl Morrison	2021-12-09 03:02:29+00
Palm	Dislike	<p>MICRC.</p>	Randa Cain	2021-12-09 03:00:53+00

		<p>This map should be  SCRAPPED! It's the worst in  terms of partisan fairness.  The party that wins a majority  vote state-wide in the  statehouses should control  them. In no circumstance  should a party get, say, 45%  of the vote state-wide and be  able to control one (or both)  state houses. Palm oil sucks.</p>		
Palm	Dislike	<p>Palm map sucks, dump it!  This is the best of the worst.</p>	Mark Zacharda	2021-12-09 03:00:22+00
Hickory	Like	<p>But Was hoping for better.</p>	Carl Morrison	2021-12-09 02:57:03+00
		<p>This map is so far away from  what I expected from the  nonpartisan redistricting  commission when I voted for  the ballot initiative to form it.</p>		
Palm	Dislike	<p>This map seems to be fairly  drawn and should be voted in  as a good choice. Thanks for  the hard work.</p>	Carl Morrison	2021-12-09 02:51:50+00
Cherry V2	Like	<p>I support the Linden, State  Senate Map, which seems to  be the most fair map of the  bunch.</p>	Scott Bunce	2021-12-09 02:51:26+00
Linden	Like	<p>This is not a good  representation of the voters  in our area</p>	Charles Henry	2021-12-09 02:50:08+00
Palm	Dislike		George S Taylor	2021-12-09 02:48:19+00

Linden	Like	Though still not as representational as I would like, our population is such that this seems more fair than other choices.	Scott Bunce	2021-12-09 02:48:01+00
Hickory	Like	This map is the most fair map of the bunch. Please give it your support, Commission.	Charles Henry	2021-12-09 02:45:15+00
Palm	Dislike	Please vote against this map. None of the maps achieve partisan fairness, and this map is the least fair. Please remember the reasons you decided to be a Commissioner when you vote. Partisan fairness benefits everyone.	D Pond	2021-12-09 02:42:44+00
Hickory	Like	This map seems to do a reasonable job of providing fair representation in congressional voting.	Scott Bunce	2021-12-09 02:41:42+00
Palm	Dislike	The Palm Senate map should not be considered by the commission as a fair map. You can do better certainly. I prefer the Linden map.	Charles Henry	2021-12-09 02:41:40+00
Palm	Dislike	This appears very biased and does not provide a level of representation that is not skewed towards a single party.	Scott Bunce	2021-12-09 02:36:17+00

Linden	Like	The Linden map is the most fair State Senate map from the standpoint of partisan fairness. Please adopt it.	Katharine Shishkovsky	2021-12-09 02:35:04+00
Hickory	Like	The Hickory map is the most fair of all the House District maps.	Katharine Shishkovsky	2021-12-09 02:31:52+00
Palm	Dislike	This is the most disappointing proposed map. Every voter I have talked with from both parties wants more competition so that voters can choose office holders who will be more representative of their constituents.	Barbara Lucier	2021-12-09 02:30:56+00
Hickory	Like	The Hickory map is the least unfair in terms of partisan fairness, which was the whole objective of the Voters Not Politicians effort in 2018. I still do not like the fact that you have divided Livonia into three House Districts, but you have given up listening to me on this issue.	Katharine Shishkovsky	2021-12-09 02:30:12+00

Palm	Dislike	These maps are unfair and do not achieve partisan fairness. Please do NOT adopt the Palm maps. The citizens who voted in the MICRC wanted partisan fairness!	Katharine Shishkovsky	2021-12-09 02:26:59+00
Palm	Dislike	This map is very bad and very partisan in favor of Republicans. The 22nd district to the west of me is a perfect example of a pro-Republican gerrymander.	Cory	2021-12-09 02:26:10+00
Linden	Like	Linden is the most fair Senate map. It gives each party the opportunity to win. Competitive races give us the best elected officials.	Lisa DiRado	2021-12-09 02:19:26+00
Linden	Like	Linden is the most overall fair map, but still Commerce...is chopped up. It has more in common with West Bloomfield, then it does Milford, Highland, Waterford. It is suburban and not rural like the other communities I mentioned. Commerce is a bedroom community like West Bloomfield.	Michael Wiese	2021-12-09 02:16:13+00

This Palm Senate map is unacceptable. It's gerrymandering favoring the Republicans. This is where we are currently with Republicans drawn maps. Please Commissioners, vote

Palm	Dislike	no on this map.	Rosa Holliday	2021-12-09 02:10:24+00
Palm	Dislike	Do not pick this map. The partisan fairness is the worst of all the maps you have submitted.	Lisa DiRado	2021-12-09 02:06:59+00

Hickory looks to be the most fair, but my part of Commerce Charter Twp. is still cut up... chopped up. It is the best of the worst. We have much more in common with West Bloomfield, then Milford and Highland. Commerce has huge subdivision development, unlike Milford, Highland and White Lake. I am a real estate appraiser (45 years) and see the explosive growth of Commerce ...everyday! Milford, Highland and White Lake are definitely rural. Commerce is definitely Suburban and trending more so every year. The Walled Lake Consolidated School District has more in common with West Bloomfield Schools then with Huron Valley Schools.

Palm	Dislike	<p>The Palm map is unfair. This map leans the farthest to the RIGHT of all the draft map proposals. Of the 15 draft maps being considered by the MICRC, the Palm State Senate map is the worst. Palm has the highest republican bias of all the maps and would be little improvement over what we had under the previous republican gerrymander. Palm is an extremely unfair map!</p>	Michael Wiese	2021-12-09 01:48:24+00
Palm	Dislike	<p>This is an extremely unfair map! Why is this even being considered!</p>	KAREN T SANTELLI	2021-12-09 01:41:32+00
Palm	Dislike	<p>Cascade Township is Metropolitan! It should not be drawn with Rural areas, it needs to be included with the Greater Metro Grand Rapids area.</p>	KAREN T SANTELLI	2021-12-09 01:40:26+00
Palm	Dislike	<p>This is an obvious attempt at gerrymandering. Metropolitan areas are deliberately drawn with Rural inclusion. There are no Communities of Interest representation!</p>	KAREN T SANTELLI	2021-12-09 01:38:49+00

Palm	Opinion	<p>The Palm Map is the most unfair map offered. It is has little change over the current gerrymandered map, and goes against the aims of the law that this commission should be following.</p> <p>I voted to support the redistributing effort to end gerrymandering by both parties. This proposal takes gerrymandering to a new level. Please do not support</p>	Christine Strickling	2021-12-09 01:38:44+00
Palm	Dislike	<p>it.</p> <p>This map makes seven State House Representatives directly responsible for Lake Michigan shoreline issues and population. This is definitely setting up an important Community of Interest for Western Michigan and the UP.</p>	Trisha Spaulding	2021-12-09 01:36:47+00
Magnolia	Like	<p>Please choose this option as it provides the best option to make elected officials really</p>	Catherine Brockington	2021-12-09 01:30:55+00
Linden	Like	<p>campaign form our votes.</p>	Karla Paterson	2021-12-09 01:25:07+00

Palm	Dislike	<p>I appreciate the hard work this committee has had to do, but please keep at it. This palm plan does not stay true to the objective of not giving priority to any political party. Please make our elected officials work for our votes not expect to win outright.</p>	Karla Paterson	2021-12-09 01:20:11+00
Linden	Like	<p>The Linden is the most fair of all the Senate maps. It recognizes the Lake Michigan shoreline and is the least partisan. Please support this map.</p>	Bridget Fox	2021-12-09 01:14:39+00
Palm	Dislike	<p>Palm is too similar to previous distracting, unfairly privileges Republicans.</p>	Thomas H Carey	2021-12-09 01:11:18+00
Hickory	Like	<p>Of all the House maps drawn this appears to be the fairest. I also like that the lakeshore is considered in the way the districts are drawn.</p>	Bridget Fox	2021-12-09 01:00:06+00

		The Palm map is extremely unfair and would be very little improvement over the current heavily gerrymandered map. This whole process was voted into being because voters want fair maps. The party with the platform that attracts most voters statewide should win the majority of seats. Our maps need to serve this function --representative democracy. Thank you for your work!		
Palm	Dislike		Emily S Kallunki-Pasternak	2021-12-09 00:57:27+00

Linden	Like	This map is fair-please vote yes on this map!	Mary Kaven-Barron	2021-12-08 23:43:23+00

I like this map - it seems to respect out community's shared interests in th rural areas around us and to the west, in Jackson County, but also recognizes that we have a great deal in common with Ann Arbor to the east.

Linden	Like	Please select this map.	Thomas L Knox	2021-12-08 23:42:55+00
Hickory	Like	This map meets is fair-please vote yes on this map! I've lived in Chelsea for 20 years and feel strongly that out community has more in common with the rest of Washtenaw County, especially Dexter, Scio Township, and parts of Ann Arbor. This map places us in with Jackson instead. Consider revising this map to include Chelsea in with more of Washtenaw County, to the east of here.	Mary Kaven-Barron	2021-12-08 23:40:53+00
Hickory	Dislike		Thomas L Knox	2021-12-08 23:40:27+00

I voted for the redistricting initiative because I want a fair system instead of favoring one party over another through gerrymandered districts. This plan is the least fair of all of the proposals and runs counter to the spirit of the Michiganders who voted to reform the system. I urge you to reject this plan and to adopt one which is more fair to all voters.

Palm	Dislike		Amelia Hefferlin	2021-12-08 23:37:40+00
Palm	Dislike	This map is not neutral and should not be chosen. Please vote no on this map!	Mary Kaven-Barron	2021-12-08 23:33:19+00
Linden	Like	This is the best senate map when considering the alternatives (Palm, Cherry). Please select this map. When I collected signatures for the creation of an Independent Citizens Redistricting Commission everyone who signed that petition signed it because they wanted Fair Districts. This is the least fair map of all maps. Do you saddle us with this map for 10 years.	Robert Ziel	2021-12-08 23:00:44+00
Palm	Dislike		Lauren Lisi	2021-12-08 22:58:25+00

Hickory	Like	This appears to meet the neutrality goal. Politicians shouldn't ask for any more. Please select this map.	Robert Ziel	2021-12-08 22:57:34+00
Palm	Dislike	Do not vote for this map. It is another gerrymander designed to keep the Republican minority population in control of the legislature.	Catherine Gramze	2021-12-08 22:53:17+00
Palm	Dislike	This plan fails the neutrality objective for redistributing. Please do not choose this plan.	Robert Ziel	2021-12-08 22:52:19+00
Birch V2	Like	I like this map. I think my district is represented well as a community and the map as a whole is fair as well.	Susan M. Diliberti	2021-12-08 22:50:38+00
Palm	Dislike	Most unfair of all senate maps. Please do not choose this one.	Theresa Pearce	2021-12-08 22:45:52+00
Palm	Dislike	This map is the most unfair of all three of them. It preserves the Republican edge so that they can win fewer votes statewide than the other party and still win most seats. That's now why people created your commission. We want partisan fairness!	Judith Marie Daubenmier	2021-12-08 22:43:38+00

Palm	Dislike	The PALM Senate map is NOT a fair and unbiased map. This map should not be chosen.	Elizabeth Ann Alexander	2021-12-08 22:43:32+00
Palm	Like	The Linden map is the best for partisan fairness with its low 3.3 efficiency gap and 4.5% lopsided margin. Hope this one is selected.	Gloria A Brooks	2021-12-08 22:34:19+00
Palm	Dislike	The Palm map has the highest efficiency gap at 6.1 and a nearly 6% lopsided margin. This map should not be adopted.	Gloria A Brooks	2021-12-08 22:32:08+00
Chestnut	Dislike	This map splits districts and is not fair.	Alyssa DeVecht	2021-12-08 22:26:45+00
Chestnut	Dislike	This map splits districts and is not fair.	Alyssa DeVecht	2021-12-08 22:26:44+00
Palm	Dislike	I find this map to be the most unfair map of all the maps. Please do not choose this map.	Susan M. Diliberti	2021-12-08 22:25:48+00

Magnolia	Like	I support the Magnolia map for State House. It is the best in terms of fairness and keeping communities of interest intact.	Colleen Quinn	2021-12-08 21:24:06+00
Palm	Like	The Palm is my preferred map for State Senate. It keeps our communities of interest intact and is the best in terms of overall fairness	Colleen Quinn	2021-12-08 21:22:16+00
Birch V2	Like	The Birch map is my preferred map as it best depicts our communities of interest and seems the most fair	Colleen Quinn	2021-12-08 21:19:35+00

Chestnut Like My family is from Muskegon and I currently live in Grand Rapids. GR and Muskegon have so many communities, strengths, and challenges in common that Chestnut makes complete sense . Chestnut is the best map. Linda Zinnen 2021-12-08 20:18:58+00

Szetela House Like I appreciate that this map keeps Midland and Bay City together. Many people move between the two to live and work. Both cities have long-standing industries and similar public policy priorities. It also provides a district that is very competitive which is very important to me in the hopes that elected officials will actually listen to a broad spectrum of voters and represent the whole district. "Safe" seats are an impediment to broad representation of voter interests and priorities. This is my preferred map for the House, but Hickory is my second choice. Anne Wallin 2021-12-08 19:52:05+00

Szetela Senate Opinion I appreciate that this map keeps the cities of Midland, Bay City and Saginaw together. That is a logical group of communities with similar interests. However this map is not any better than the Linden map for partisan fairness. While this map is acceptable from my perspective, Linden is a better choice. Anne Wallin 2021-12-08 19:46:31+00

Lange Senate correct Dislike NO, no, no. Please do not put the city of Midland back into a largely rural district. We have little in common in terms of policy priorities with rural areas. Surely two legislators could work together to address issues related to the floods. I do not see the watershed as a compelling COI. I do however see cities with significant industrial bases and citizens who live and work among the three as an important COI to be kept together. Please do not choose this map. It perpetuates the current gerrymandering. Linden is a better choice. Anne Wallin 2021-12-08 19:43:06+00

Hickory	Like	<p>This seems like the best of the proposed maps. It is a lot messier than I expected from this process. For my local area, I see many peculiarities and nothing obviously harmful in the boundaries.</p>	Peter Bednekoff	2021-12-08 19:37:56+00
Kellom Senate	Opinion	<p>I appreciate that this map has kept the cities of Midland, Bay City and Saginaw together. That is important to me and leads me to prefer this map for my interests. But I am concerned about how that then impacts partisan fairness in other districts. Competitive districts and upholding the requirements of the Voting Rights Act are critical components as well.</p>	Anne Wallin	2021-12-08 19:36:55+00

I appreciate that this map kept the city of Midland with Bay City and Saginaw. The three cities have much in common given their significant industrial economies. However the Chestnut map keeps more of Midland county in the district to I prefer that map. I do like the better efficiency gap of this map. It is an acceptable map even though I prefer the Chestnut map.

Szetela Congressional Opinion

Anne Wallin

2021-12-08 19:32:28+00

Lange Congressional	Dislike	<p>This map does not reflect that the municipalities of Midland, Bay City and Saginaw have much in common as public policy priorities given their significant industrial economic bases or that people live in one and work in another. This would put the city of Midland back into a largely rural district with which we have little in common. Our current district was gerrymandered, and this just perpetuates that illogical grouping. I implore you not to select this map. I appreciate the significant work the commission has done, but this map is a dud for me.</p>	Anne Wallin	2021-12-08 19:27:52+00
Cherry V2	Like	<p>I like the overall map, and especially the way districts fan out from the Detroit population center. Districts 15 and 16 are weird shapes, though the overall distance across them is not a problem.</p>	Peter A Bednekoff	2021-12-08 19:27:08+00
Chestnut	Dislike	<p>Surely this is not the most contiguous option.</p>	Peter Bednekoff	2021-12-08 19:15:21+00

Hickory	Like	After reviewing all the maps I find this one to be the most fair and the least impartial. Birch II has partisan fairness for US Congressional maps.	John P. Lieto	2021-12-08 19:04:02+00
Birch V2	Like	Support. Chestnut and Birch II have partisan fairness.	Gwen Hejna	2021-12-08 19:03:49+00
Chestnut	Like	I like this map. Cherry V2 provides more partisan fairness than many choices.	Gwen Hejna	2021-12-08 18:59:20+00
Cherry V2	Like	Hickory is the least unfair. Including Szelela, All House option have a strong right partisan bias.	Jon G. LaSalle	2021-12-08 18:54:35+00
Szetela House	Dislike		Gwen Hejna	2021-12-08 18:53:54+00
Cherry V2	Like	This map shows a much fairer representation for both parties. Thank you for being impartial!	John P. Lieto	2021-12-08 18:53:32+00
Linden	Like	This map is okay, too, but I prefer Hickory. This map also provides more partisan fairness than other choices.	Jon G. LaSalle	2021-12-08 18:52:13+00
Hickory	Like	I like Hickory the best (of poor choices). While not perfect, it has some better qualities than the others overall.	Jon G. LaSalle	2021-12-08 18:46:04+00
Hickory	Like	Support Hickory as the least unfair State House map. This is the least bad of the House options, they all lean to partisan right.	Gwen Hejna	2021-12-08 18:45:16+00

Palm	Dislike	This map is so unfair! I know the committee can do a better job than this. Please don't consider this!	John P. Lieto	2021-12-08 18:44:52+00
Magnolia	Dislike	Magnolia leans strongly right and is therefore an unfair partisan map. I do not support	Gwen Hejna	2021-12-08 18:40:17+00
Pine v5	Dislike	Dislike Pine. Leans strongly to partisan right.	Gwen Hejna	2021-12-08 18:34:54+00
Lange Congressional	Dislike	Gives unfair partisan advantage to one party. We want competitive districts.	Gregory Fox	2021-12-08 18:34:07+00
Apple V2	Dislike	Too biased, the seats awarded would not be consistent with statewide votes.	Gregory Fox	2021-12-08 18:31:46+00
Birch V2	Like	This would be my second choice after Szetela, based on the number of competitive districts. It's all about fairness.	Gregory Fox	2021-12-08 18:29:28+00
Palm	Dislike	My previous entry of support IS A MISTAKE. I actually believe this map is awful, and fails on many levels including partisan fairness--there is none.	Jon G. LaSalle	2021-12-08 18:27:42+00
Palm	Dislike	Palm is by far the worst, with large Republican bias, out of all 15 draft maps.	Gwen Hejna	2021-12-08 18:26:35+00

Szetela Congressional	Like	This is my favorite of the bunch, offering the most competitive districts. When elections are more competitive, more people vote.	Gregory Fox	2021-12-08 18:26:11+00
Linden	Like	Linden has better partisan fairness score. Palm is worst. This map is okay and displays or provides more partisan	Gwen Hejna	2021-12-08 18:18:46+00
Palm	Like	fairness than any others.	Jon G. LaSalle	2021-12-08 18:13:46+00
Cherry V2	Like	Cherry and Linden have better partisan fairness scores than the other options. This map does not provide enough competitive districts and could lead to effective minority control of the house (party with minority of votes statewide getting majority of	Gwen Hejna	2021-12-08 18:11:01+00
Magnolia	Like	seats). This map will easily allow a party that gets a minority of votes statewide to grab a controlling majority of seats in the state house. The purpose of Prop. 2 was to get away from this sort of	Gregory Fox	2021-12-08 18:08:59+00
Pine v5	Dislike	gerrymandering.	Gregory Fox	2021-12-08 18:04:50+00

Birch V2	Like	I think the Birch map is the best choice. It keeps our communities together and is fair to all parties.	Debra Van Zegeren	2021-12-08 17:51:01+00
Hickory	Like	Hickory is the least bad of the proposed state house district, with the most competitive districts. This Map should be split to run vertical instead of horizontal for House districts 17, 16 and 5 , and restore the communities of Livonia, Redford and West Detroit. You keep splitting these communities vertically and they should be split horizontally. You are also package all of these 3 districts to majority democratic up to 70%. Each of these communities want to stay intact and remain there	Gregory Fox	2021-12-08 17:48:24+00

Chestnut	Like	I like this map it keeps Jackson and Washtenaw counties within their own area.	Kathy McClinchey	2021-12-08 15:28:24+00
Cherry V2	Like	This is a lot better than what we've had. Thanks!	Charles Tobin LaVoy	2021-12-08 15:20:39+00
Linden	Like	This is definitely a step in the right direction for partisan fairness!	Charles Tobin LaVoy	2021-12-08 15:19:37+00
Palm	Like	The "Palm" senate map is the one that most protects the interests of differing communities.	Dakota Barnes	2021-12-08 15:18:42+00
Hickory	Like	I appreciate the UP getting 3 districts. West, Central and Eastern really do have their own interests.	Charles Tobin LaVoy	2021-12-08 15:18:18+00
Palm	Dislike	This just looks like more partisan gerrymandering again. I thought the whole point was to have a map that's fair?	Charles Tobin LaVoy	2021-12-08 15:14:23+00
Linden	Like	I do believe this map does show partisan fairness based on scoring.	Ruth Ziel	2021-12-08 15:08:13+00

Hickory	Like	Again the maps were supposed to be neutral. While the partisan scoring is better it is not neutral. I encourage you to keep Jackson and Washtenaw counties separate as they are very different in needs and interests.	Ruth Ziel	2021-12-08 15:05:27+00
Lange Congressional	Dislike	I am terribly dissatisfied in the commission putting forth this map. These maps were to be neutral. This is clearly not based on its scoring.	Kathy McClinchey	2021-12-08 15:03:32+00
Palm	Dislike	I live in Coe Township and I think this is a terrible map. I see no benefit to remove us from Isabella County. I do most of my shopping in Isabella County. My kids and I utilize the library in Mt. Pleasant and my community involvement is in Isabella County. Also, I do not feel I will be properly represented as part of Midland County.	Ruth Ziel	2021-12-08 15:01:11+00
Szetela House	Dislike	Please be aware that this map currently proposes to separate the City of Dexter's Cedars neighborhood (triangle formed by McCormick Pl & Katherine Way) from the rest of the City.	Sarah Bryant	2021-12-08 14:43:51+00
Cherry V2	Like		Justin Breyer	2021-12-08 14:41:48+00

Lange Senate correct Opinion	<p>Please be aware that this map currently proposes to separate the City of Dexter's Cedars neighborhood (triangle formed by McCormick Pl &amp; Katherine Way) from the rest of the City.</p>	Justin Breyer	2021-12-08 14:41:15+00
Szetela House	<p>I live in Coe Township and serve on both a local school board and the Gratiot-Isabella RESD board. Combining Coe Township with Midland County to create a MI House district makes no sense. We have limited contact/cooperation with Midland County and no shared services. Coe Township needs to be kept with Isabella County as we have shared services with other Townships and our state level representation should be consistent across our county.</p>	Matthew Showaletr	2021-12-08 14:28:07+00

I have to shake my head at the thought of separating Coe Township from Isabella County. Two previous comments regarding this mention gerrymandering, education, economic, and environment which I totally agree with. Another factor to consider is Coe Township's relationship and proximity with the Saginaw Chippewa Indian Tribe. There are tribal members who are residents in Coe Township and their culture is felt throughout Isabella County. To disconnect this community does not make sense. Birch V2 is geographically compact, keeps communities of like interest together and seems fair to both political parties. Please select Birch V2. Thank you for your hour or service.

The entirety of Bridgeport Charter Township has historically been in the same House district as the City of Saginaw. We are one and the same community and are tied together culturally and economically. It would be a great disservice to the citizens of Bridgeport to share representation with communities that are more rural in composition when Bridgeport has a dynamic mix of urban, suburban and rural constituencies. As a Trustee of Bridgeport Charter Township, I have a unique and personal perspective and can tell you that Bridgeport voters want to remain aligned closely to the City of Saginaw. Please do everything in your power to include the whole of Bridgeport Charter Township in the same House district as the City of Saginaw.

2021-12-08 01:37:00+00

Cherry V2	Dislike	Ann Arbor does not belong with rural Hillsdale, rural Calhoun, and rural Jackson. The Commission has a responsibility to place communities of interest together and this map fails that clear Constitutional criteria.	Joe	2021-12-08 01:35:02+00
Cherry V2	Like	This map is an improvement on the other maps. It achieves partisan fairness.	diane chielens	2021-12-08 01:32:48+00

Ypsilanti and Ann Arbor should be separate. For 40 years I have called Saline Junior Ann Arbor. They should be in the same district. Dexter & Chelsea are very similar to much of western and southern Ann Arbor. They should be connected. The I94 corridor between Ann Arbor and Jackson has communities that share familial and employment ties that reach through Washtenaw county to western Wayne county. This map does not serve the purpose of keeping communities of interest together and it only serves to worsen the partisan imbalances that this endeavor was meant to avoid.

Palm	Dislike	Fairness of this map is worst for Michigan compared to all the others. This will be just as bad as current Senate district maps. Area around Grand Rapids is divided well. Please do not select this map because of the unfairness for Michigan.	Donna Farris	2021-12-07 23:22:22+00

Cherry V2	Like	<p>Appreciate that Grand Rapids is divided into two districts north and south on this map as well. Living on the north side, I can see the difference in the community commonalities compared to the south side district. The south side has an inner-city character that needs focused attention. This map would be second choice map for Michigan â€œ Linden being the first.</p>	Donna Farris	2021-12-07 23:21:12+00
-----------	------	---	--------------	------------------------

Linden	Like	<p>Appreciate that Grand Rapids is divided into two districts north and south. Living on the north side, I can see the difference in the community commonalities compared to the south side district. Thank you for putting Ada and Cascade townships with the north side where they fit best. Fairness of this map is best for Michigan. This is the first choice for Senate maps.</p>	Donna Farris	2021-12-07 23:19:42+00
--------	------	---	--------------	------------------------

The western Michigan area contains the only other large city population besides Detroit in Michigan. By combining Grand Rapids with the adjoining rural townships in Kent, Ottawa and Ionia counties, the percentage of rural population is so large that the priority needs of the city will be completely discounted. All the other areas of Michigan are small town/rural so there is no other opportunity to represent city type areas. The city areas of western Michigan deserve representation (over 500,000 people in Grand Rapids and over 200,000 in Kalamazoo). This map is just as bad as the Birch map. This is the most unfair map for Michigan and western Michigan. Please do not select this map.

Lange Congressional Dislike

Donna Farris

2021-12-07 23:17:50+00

By combining Grand Rapids and Muskegon, this district population contains many city residents, however, because of the smaller size of Muskegon compared to Kalamazoo, the percentage of rural population (even more than the Chestnut map), is such that the priority needs of the cities will not be considered. This map is not good for Michigan and western Michigan. Please do not select this map.

Cherry V2	Like	This Map achieves partisan fairness.	Robert Anderson	2021-12-07 23:03:58+00
Palm	Dislike	Vote No of Palm Map. This map is not a representation of partisan fairness. This outline will not benefit all communities involved.	Charise Martin	2021-12-07 23:03:53+00
Szetela Senate	Opinion	This is a good district for the Tri-Cities and I like it, but the partisan fairness scores don't seem any better than Linden. Linden is my first choice of senate maps, so unless this does something for a particular community of interest that I'm unaware of I, would prefer Linden.	Jennifer Austin	2021-12-07 23:03:19+00
Linden	Like	I like the way this Map achieves partisan fairness.	Robert Anderson	2021-12-07 23:02:01+00
Hickory	Like	This map does achieve a good degree of fairness.	Robert Anderson	2021-12-07 22:59:59+00

Fairness is important - both  
Republicans and Democrats  
should have a fair chance.

It's important to celebrate  
diversity and assure that all  
groups have representation,  
not just white rural voters.

The BIRCH map is the least  
disruption from the current  
maps.

This Palm Map does not  
achieve partisan fairness.

Lange Senate correct	Dislike	<p>I do not understand Commissioner Lange's obsession with placing Midland in central/western/northern districts. She doesn't even live here so why is she so focused on deciding what she thinks is best for Midland. As a Midland resident I can tell you that Midland is part of the Tri-Cities and Mid-Michigan. The Tri-Cities are Midland, Bay City, and Saginaw. Mid-Michigan is a bunch of counties, but the core counties have always been Midland, Bay, Saginaw, and Genesee. There are many reasons why these communities should be untied in legislative districts. Lange's continued insistence on placing Midland in strong GOP districts reeks of gerrymandering. Do not adopt this map. The Linden map has the best partisan fairness scores and a</p>	Jennifer Austin	2021-12-07 22:49:50+00
Birch V2	Like	<p>Community of Interest should include Tuscola County and Bay County as we are rural and an agricultural area.</p>	Douglas & Gaylee Henne	2021-12-07 21:54:44+00

Birch V2	Like	No plan is perfect, but the Birch map looks as if it addresses the partisan gerrymandering more appropriately. It appears to be more fair and to address diversity in the population. It doesn't carve up my city, Detroit, so egregiously. I would support Birch.	MARY JANE CASSADY	2021-12-07 21:31:32+00
Apple V2	Like	I prefer (as with this Map) that Berrien County stay intact for voting purposes.. I would rather see Berrien county as one vs two districts	Kenneth Peterson	2021-12-07 21:21:17+00
Chestnut	Dislike	when voting.. I do like this senate district for the Tri-Cities, but the partisan fairness scores are not better than Cherry or Linden. I prefer Linden as the senate map	Kenneth Peterson	2021-12-07 21:16:30+00
Kellom Senate	Opinion	choice.	Jennifer Austin	2021-12-07 21:08:23+00

I do not like this map. Commissioner Lange clearly has an agenda because every map she has drawn takes Midland from the Tri-Cities and Mid-Michigan and places us with counties we have little in common with. This District 2 does not reflect the reality that Midland has been and still is part of the Tri-Cities and part of Mid-Michigan. There are so many reasons that these communities fit together, and yet Commissioner Lange continually chooses to ignore those facts for her own agenda. Please do not choose this map.

Palm	Dislike	This map is subject to heavy partisan bias. Please do not select this map	Cary Fleischer	2021-12-07 16:55:22+00
Cherry V2	Like	Thanks for keeping 2 Senate districts in urban/suburban Grand Rapids. There is enough population that two districts are necessary. The districts have some common needs based on being urban areas. Dividing the city north and south is the best for segregating the unique needs of the districts. However, this would be a second choice to Linden as it is not as fair for Michigan state.	Cary Fleischer	2021-12-07 16:54:17+00

Szetela Congressional	Like	I like this map because it breaks the different 'districts' of Detroit with different needs, into their own representative districts. Downtown Detroit has different needs than those of the suburbs.	Benjamin Christenson	2021-12-07 16:31:50+00
Chestnut	Dislike	Berrien has more in common with Kent than it does with Monroe. People tend to work and travel a lot more to the north and south than to the east--there's little over in that direction.	Peter Trine	2021-12-07 16:30:06+00
Birch V2	Like	The Birch option appears to be the best of the congressional redistricting options. As a retired US Army officer and college math teacher, I do have serious concerns about the truthfulness of the data actually being to used in the process. Starting with bad data never yields truthful results. Integrity first, commission!	Victor Roeske	2021-12-07 16:29:21+00

Chestnut	Like	I like this map because it combines the large economic cities of Grand Rapids, Muskegon unlike the current map that tries to break up the urban communities.	Benjamin Charles Christenson	2021-12-07 16:23:21+00
Lange Congressional	Dislike	This map is not optimal because it breaks the large metro population of grand rapids into small subsections all weakened from rural nearby counties.	Benjamin Christenson	2021-12-07 16:15:52+00

This is by far the best of the five plans for West Michigan. It makes Kent County one undivided county and keeps Ottawa County one undivided county. Both are top 10 population counties, and Ottawa is Michigan's fastest growing county. I have lived in different parts of Ottawa County for 50 years and one 10-year splitting of the Congressional representation of the county was confusing at best. The agricultural community of interest and the settlement of Ottawa County from the eastern shore of Lake Michigan have a set of interests fully recognized by the Apple V2 Plan. The people who live in Ottawa County and along the east shore of Lake Michigan are diverse and have an important community of interest that is an important part of our state. The Apple V2 Plan does the best job of This map keeps most of Livingston together. It gives the most possibility of equal out come in the state house.

2021-12-07 03:58:16+00

If only the City of Muskegon and the City of Kalamazoo could be moved to Kent County then there would be a fair map with an urban congressional district, BUT REALITY GETS IN THE WAY, since the City of Muskegon is in Muskegon County and the City of Kalamazoo is in Kalamazoo County then to combine the city of Muskegon or the City of Kalamazoo in a congressional district with the City of Grand Rapids and only part of Kent County is GERRYMANDERING to benefit a political party and

Lange Congressional	Opinion	disenfranchise the people.	merlin steffes	2021-12-07 03:39:07+00
Chestnut	Dislike	I like district 7 but the overall map is not fair	Douglas Helzerman	2021-12-07 03:25:13+00

The Lange Plan is the best compromise for West Michigan. It makes Kent County one whole county and preserves Ottawa County as one whole county. It probably is not the first choice of either county, but does not choose sides. From my perspective as a political scientist who has lived in different parts of Ottawa County for fifty years, it preserves the Dutch heritage of settlement of the county which started on the east shore of Lake Michigan in Holland and moved in all directions. Taking the most Dutch heritage part of Michigan and the diverse people who chose to live there and merging it with Kent County would be like denying the heritages of northern and eastern Michigan, especially since both Ottawa and Kent Counties are top ten

10-06-21 v2 HD corre Like		This is one of the few maps that does not break up Monroe County. I believe this is the best map for our county without mixing rural communities with urban communities.	Candice Ferrell	2021-12-07 02:22:14+00
Szetela House	Dislike	A rural community in Monroe County is a different community of interest from Taylor which is closer to an urban community. Our county with a low population is being split up into 4 different districts? Rural areas should be grouped with other rural areas.	Candice Ferrell	2021-12-07 02:15:32+00
Palm	Dislike	Palm map is the most non-partisan, it does not meet the VRA standards, and deliberately packs Washtenaw. District 6 is a poor collection of different community of interests with no common anything and leaves all towns, cities, religion, and minorities without fair representation.	Nina Dodge Abrams	2021-12-07 01:15:39+00

I am in support of the Birch v2 map for the following reasons: as a former school board member I appreciate that this map keeps all Romeo Community Schools district in one Congressional area. I walked to collect signatures so that the gerrymandering issue could be voted on by Michigan voters in 2018. Therefore, I studied the maps looking for the one that avoided partisan gerrymandering and maintains the Community of Interest concept as was overwhelming supported by voters. In my opinion the Birch v2map meets these standards. I like that this map is keeping the Gratiot corridor in the county intact. Even though this map crosses county lines, it is similar to our current US Congressional district. In keeping north Warren and Sterling Heights,

Palm	Dislike	<p>This map looks like the product of a traditional gerrymandering expert when it comes to Washtenaw County, where I lived and was active in the community for over a dozen years. It has the highest partisan lean of any of the state Senate maps. And it undermines majority-minority district representation in the state Senate.</p>	Michael Sklar	2021-12-07 00:37:58+00
Chestnut	Opinion	<p>I doubt that all communities across the southern part and northern part of the state will have similar interests. Looks like areas should be divided down the middle of the state too.</p>	Teri G Frantz	2021-12-07 00:36:58+00

Linden	Like	I lived in Washtenaw County for over a decade and was active in the community. This map does a much better and fairer job of mapping Washtenaw County than does Pine (which is a classic example of packing, and a better job than does Cherry (which splits southwestern Washtenaw County despite its coherence as a community of interest along the I-94 corridor). It also has a more moderate partisan lean than Pine (about half!!) and a better Voting Rights Act score than Cherry.	Michael Sklar	2021-12-07 00:32:30+00
Szetela Congressional	Like	Not the worst map, but not perfect. Other than the Detroit area, most districts would be too difficult in a day. Linden is a much more fair map than Palm. Please choose the fairest option in front of you - that would be Linden.	Teri Frantz	2021-12-07 00:27:20+00
Linden	Like	Linden.	Emily	2021-12-07 00:19:12+00

This map leaves a lot to be desired. It has a number of districts that span the border between Detroit and communities to the north of the City -- diluting the representation of both the City and the inner-ring northern suburbs, which are unique communities with unique interests. It introduces a host of voting rights act problems by creating fewer majority-minority districts than currently exist and that are present in the Hickory and Magnolia maps. And it has a larger partisan bias than Hickory. Hickory is a better option!

Pine v5

Dislike

Michael Sklar

2021-12-07 00:17:14+00

This map has fewer majority-minority districts than Hickory does, undermines the City of Detroit's representation, and has a worse partisan fairness score as well. You can do better! In fact, you did do better -- Hickory is better.

2021-12-06 23:55:07+00

I do not like the Linden State Senate map. It divides Jackson County and combines rural areas of Jackson county, which is rural in character, with densely populated areas in Washtenaw County, including half the city of Ann Arbor . Ann Arbor has public utilities, widely available broadband, and public transportation. Most rural areas donâ€™t have these public services (and donâ€™t need them). These different communities have different needs and require different legislative representation. Please adopt instead the â€œPalmâ€ State Senate map. It keeps Jackson County whole and combines it with more rural sections of adjoining Counties. Thank you.

Like

Cary Fleischer

2021-12-06 22:44:36+00

Looks like district 3 was drawn to intentionally add significant rural population to offset the urban influence of Grand Rapids. Grand Rapids has significant industry, business, higher education and medical activity. Being the second largest city in Michigan, it has problems/needs consistent with metropolitan areas. Combining a significant rural population in adjacent counties does not support or compliment this community. Both Apple V2 and Chestnut maps respect the community of interest aspect much better. In addition, this map is the worst for fairness across the state of Michigan.

Lange Congressional Dislike

Cary Fleischer

2021-12-06 22:43:25+00

Putting Muskegon in the same district 3 with Grand Rapids creates a district with an urban population. However, this map district adds a significant rural population that does not support or compliment this community. Grand Rapids has significant industry, business, higher education and medical activity. Being the second largest city in Michigan, it has problems/needs consistent with metropolitan areas.

While it is nice to see a tri-city district of Midland/Bay City/Saginaw, this map is the most partisan of the choices. I am very interested in competitive districts to drive elected officials to represent voters broadly versus sitting in "safe" seats. Choose the Linden map which is more competitive. I appreciate your work and how well you have listened to comments from the tri-city area, but this map misses the mark.

Palm

Dislike

Anne Wallin

2021-12-06 20:52:09+00

Cherry V2 is an okay map that is a bit more fair. It also keeps the Tri-city area of Midland/Bay City and Saginaw together which is sensible from a public policy perspective. They have similar interests relative to rural areas. But for me Linden is a better map that is less lopsided.

Cherry V2

Opinion

Anne Wallin

2021-12-06 20:48:14+00

This map is okay. I appreciate you keeping the municipalities together, particularly Midland, Bay City and Saginaw. They have much in common since people live and work among the three. They also have similar public policy interests relative to the interests of rural areas. That said, I prefer Chestnut over Apple V2 since it keeps more of Midland county together versus looping in Tuscola county. That said the partisan fairness is good and competitive districts is a key objective for me from this process. Officials need to broadly represent their constituents which doesn't happen if they sit in "safe" seats. Thank you for all of your work.

Apple V2

Opinion

2021-12-06 20:42:03+00

Lange Congressional	Like	<p>Perfectly drawn district for Michigan 9 th congressional district. Love it! Includes all of the highly conservative areas in the thumb and northern exurbs/ suburbs of Metro Detroit. Contains much of the old territory from Michigan's current tenth congressional district.</p>	Robert Krett	2021-12-06 20:41:13+00
Birch V2	Opinion	<p>I prefer Chestnut over this map, Birch V2. The partisan fairness of this map is only a little better, but you have split off part of Midland county and added Tuscola. That doesn't really make sense. I do appreciate that this map keeps the cities of Midland/Bay City and Saginaw together. This map or Chestnut is a far improvement over the current gerrymandered district I live in. I appreciate all of your work to improve the representation of all voters by making politicians</p>	Anne Wallin	2021-12-06 20:37:00+00
Chestnut	Like	<p>listen to all not just a few. I support the District11 boundaries</p>	Constance Woods	2021-12-06 20:36:40+00

It is very disappointing that this map splits Midland from the tri-city area. Cities have much in common in terms of public policy needs and would benefit from an elected representative who could focus. This map is also biased in favor of the Republican party (as are the other two) which leaves me in a noncompetitive district which is very disappointing. Competitive districts are very important to me so that politicians have to represent their districts fully and broadly not just listen to a certain segment. That said, this is the best of the three options. At least others in the state will have a more competitive district even if I don't.

Hickory

Szetela House	Opinion	Please Keep Working! There are no fair house Maps that are less unfair, are still unfair. We want maps that are actually fair.	Karen Weideman	2021-12-06 18:10:04+00
Hickory	Opinion	Thanks for unpacking Democrats in the Lansing area and the Ann Arbor area. All the maps have Republican bias, but this one is the best of the bad. Maps that are less unfair, are still unfair. We want maps that are actually fair.	Karen Weideman	2021-12-06 18:08:32+00

Birch V2	Like	I like the Birch map because it *does* put communities that are similar together. Small geographically with growing and evolving populations. This will allow the person who represents us to advocate for suburban communities well.	Alysa Diebolt	2021-12-06 17:41:15+00
10-08-21 v1 HD	Dislike	I do not understand the reason for making Mason and Oceanna in 2 different house districts	Ed Schuitema	2021-12-06 17:28:09+00
Lange Senate correct	Dislike	Seems as if this map would provide terrible representation for Michigan overall. Similar to the maps currently being used for the Michigan Senate. Urban/suburban area representation is heavily discounted.	Dorothy Munson	2021-12-06 17:17:03+00
Kellom Senate	Dislike	Seems as if this map would provide poor representation for Michigan overall. Similar to the maps currently being used for the Michigan Senate	Dorothy Munson	2021-12-06 17:16:06+00

Palm	Dislike	Absolutely please vote no on this map. This is the worst of the maps for fairness. Similar to the maps currently being used for the Michigan Senate.	Dorothy Munson	2021-12-06 17:14:44+00
Cherry V2	Like	This map would be second choice compared to Linden. It provides two districts to represent the large urban/suburban population of Grand Rapids and is effective for Michigan overall.	Dorothy Munson	2021-12-06 17:13:40+00
Linden	Like	Seems as this map would provide a good breakdown of districts for effective representation in west Michigan and Michigan overall. Great to see that the urban/suburban populations have two Grand Rapids districts for representation. This is the best map.	Dorothy Munson	2021-12-06 17:11:46+00

Hickory	Like	<p>This is the least unfair state House map, and is closest to compliance with the Constitution (although it still hugely favors one political party over another, which is illegal). This district in particular does a good job of connecting Jackson to other cities along I-94, which is a major economic community of interest as outlined in the Constitution. It is also about 50/50 between the two political parties, which means this is a very competitive district -- meaning the voices of the people will actually be heard, whichever way we choose to vote! Good job on this one.</p>	Conner	2021-12-06 17:04:06+00
Lange Congressional	Dislike	<p>The urban/suburban populations in west Michigan are not represented in this map. Grand Rapids, Kalamazoo and Muskegon are all grouped with rural areas. No better than the current Congressional district maps for the state.</p>	Dorothy Munson	2021-12-06 16:53:26+00

Szetela Congressional Dislike		<p>Even though the cities of Grand Rapids and Muskegon are together in one district, there is so much rural population in this district, that the voters in these urban/suburban areas will have no voice. This map is unfair overall for the state. Grand Rapids, the second largest city in Michigan, is not represented because it is grouped with rural areas. This map does not have districts that represent communities of interest with like issues, needs and wants.</p>	Dorothy Munson	2021-12-06 16:51:52+00
Birch V2	Dislike	This map is unfair statewide.	Dorothy Munson	2021-12-06 16:50:38+00
Chestnut	Opinion	<p>I see that this is an attempt to keep urban/suburban areas in one district because the remainder of west Michigan is primarily rural with some small towns, when compared to the Apple V2 map Muskegon is much smaller than Kalamazoo so the urban/suburban population percent is less. But for sure, this map provides for the urban/suburban population to be represented compared to all the other maps.</p>	Dorothy Munson	2021-12-06 16:49:17+00

Apple V2	Like	<p>It is great to see that the urban/suburban areas are well represented in one district in west Michigan. All other areas are primarily rural with some small towns. Looking at the details, even though it appears that a substantial number of rural voters might be disenfranchised by this map, over 90% of the population lives in urban areas</p>	Dorothy Munson	2021-12-06 16:48:05+00
Szetela House	Dislike	<p>This is a poor district map for the Grand Rapids area. It splits like districts apart. The result will be that like areas will not be easily represented. This map is the most unfair of the House maps.</p>	Dorothy Munson	2021-12-06 16:12:35+00
Hickory	Like	<p>I want to thank the commission for splitting the districts to keep like areas of the city together. The south side of Grand Rapids (district 82) that has the poor minority population could use a dedicated representative. Also, this is the fairest map for Michigan overall.</p>	Dorothy Munson	2021-12-06 16:10:40+00
Magnolia	Like	<p>This map is the best of all the choices.</p>	Timothy Collins	2021-12-06 16:08:33+00

Palm	Like	Palm is the best of all the alternatives.	Timothy Collins	2021-12-06 16:06:34+00
Birch V2	Like	Birch is the best of the congressional maps.	Timothy Collins	2021-12-06 16:04:14+00
Chestnut	Like	Thank you. This map is the fairest map and makes the most sense.	Ann Kathryn Dechow	2021-12-06 15:11:50+00
Szetela House	Dislike	I agree with Joel. Barry County should be kept together, not split three ways.	Ethan Holmes	2021-12-06 15:10:54+00
Hickory	Dislike	Barry County should not be split three ways.	Ethan Holmes	2021-12-06 15:07:55+00
Magnolia	Opinion	Barry County should not be split three ways.	Ethan Holmes	2021-12-06 15:05:43+00
Pine v5	Opinion	Barry County should not be split three ways.	Ethan Holmes	2021-12-06 15:02:03+00
Palm	Like	As a Precinct Delegate and more importantly a past President of my association, I have talked to many people about the Senate Palm plan. Most are life long residents of Green Oak and have strong opinions of maintaining and using the Palm Plan.	Linda Williams	2021-12-06 14:35:01+00
Apple V2	Dislike	Commission was formed to free Michigan of unfair partisan bias, this map is unacceptable.	Jennifer Mabrey	2021-12-06 14:33:16+00

Magnolia	Dislike	Commission was formed to free Michigan of unfair partisan bias, this map is unacceptable.	Jennifer Mabrey	2021-12-06 14:31:28+00
Palm	Dislike	Commission was formed to free Michigan of unfair partisan bias, this map is unacceptable.	Jennifer Mabrey	2021-12-06 14:29:52+00
Birch V2	Like	After reviewing all the suggested plans, I believe Birch for the Congressional plan would be best for Green Oak and Livingston residents. I live in a 55+ community (320 units, average age about 70+). Many cannot drive and depend for their comfort, church attendance, shopping and entertainment to go no further than Brighton, Livingston and South Lyon areas. Personally I never go south due to my points of interest are only 10-15 miles from home. Thank you.	Linda Williams	2021-12-06 14:28:14+00

Chestnut	Like	Commission was formed to free Michigan of unfair partisan bias, this map is one of the least unfair of the available drafts.	Jennifer Mabrey	2021-12-06 14:28:09+00
Linden	Like	This map is a good representation of a variety of voters and their concern... this is a fairer way to have my vote heard equally. I VOTE YES ON LINDEN Commission was formed to free Michigan of unfair partisan bias, this map is one of the least unfair of the available drafts.	Francine Darling	2021-12-06 14:27:38+00
Hickory	Like	Commission was formed to free Michigan of unfair partisan bias, this map is one of the least unfair of the available drafts.	Jennifer Mabrey	2021-12-06 14:27:09+00
Linden	Like	Commission was formed to free Michigan of unfair partisan bias, this map is one of the least unfair of the available drafts.	Jennifer Mabrey	2021-12-06 14:26:08+00
Cherry V2	Like	This map is a good representation of a variety of voters and their concern... this is a fairer way to have my vote heard equally. I VOTE YES ON CHERRYV2 Commission was formed to free Michigan of unfair partisan bias, this map is one of the least unfair of the available drafts.	Francine Darling	2021-12-06 14:25:25+00
Cherry V2	Like	Commission was formed to free Michigan of unfair partisan bias, this map is one of the least unfair of the available drafts.	Jennifer Mabrey	2021-12-06 14:24:12+00

Palm	Dislike	This map limits fair voter choice for Senate in our Upper Michigan area. I VOTE NO on Palm map	Francine Darling	2021-12-06 14:20:27+00
Palm	Like	Out of all the maps this is the one that is the most fair for our area of the state. Please consider using this map.	Judith K Janssen	2021-12-06 12:20:58+00
Palm	Dislike	This map is unfair. This outline would not benefit district 1. Vote No on Palm.	Asia Pratt	2021-12-06 04:03:18+00
Chestnut	Opinion	The Chestnut map appears to be the best of the available choices. In any event, the project is a step in the right direction versus a map drawn solely by the party in power. I do wonder what a map drawn by completely "neutral" algorithms would look like.	R H Wendt	2021-12-06 01:54:53+00
Palm	Like	This is the only fair senate map that protects communities and partisan fairness	Karen Makay	2021-12-06 00:54:11+00
Palm	Like	I think this is the most fair map and best represents communities	Sandy Hanson	2021-12-06 00:52:09+00

Palm	Like	Palm is the only senate map that reflects Michigan's partisan makeup. It reflects communities of interest and would allow the best representation for our individual districts	Robyn Peake	2021-12-06 00:51:11+00
Palm	Like	I like this map and I think that it is fair for voters throughout the state of Michigan.	Lindsey Peake	2021-12-06 00:46:05+00
Palm	Like	This is the only fair senate map. Please vote for this map	Anita DeYoung	2021-12-06 00:45:35+00
Palm	Like	This map is the only map that is actually fair for Michigan voters and accurately takes into account communities of interest throughout the state.	Mike Chappell	2021-12-06 00:42:55+00
Palm	Like	This map is the best map to fairly represent the communities of interest of Michigan voters.	Mike Chappell	2021-12-06 00:38:04+00
Palm	Like	This should be the map chosen by the commission. It is fair, it keeps our communities together, and it respects local boundaries	Goodreau	2021-12-06 00:34:04+00
Palm	Like	This map is very reasonable. I believe this would work for all Michigan voters.	Julia Wall	2021-12-06 00:34:02+00

Palm	Like	<p>This is the only map that is fair and keeps communities protected</p> <p>like this map, because it gives the smallest difference between the median district and the average results for the state. It gives both parties a fair shot at having a majority of the districts, which seems fair to me, because Michigan tends to be an evenly divided state, on average. I live in what would be district 11, and like the idea of having a district entirely within Oakland County, rather than having only parts of three districts in the county. I also like having a district centered on Lansing as well as one centered on Ann Arbor and one centered on Grand Rapids. These areas deserve representation recognizing their uniqueness in Michigan. I also want to thank the Commission. Clearly they have taken their jobs seriously in working to give Michigan fair maps that don't</p>	Ray Martin	2021-12-06 00:30:33+00
Birch V2	Like	privilege one party over the	Don Kensler	2021-12-06 00:24:40+00

Palm	Like	I would like the commission to vote yes on Palm! This is the most fair map and makes the most sense for our communities	Suzy Glomski	2021-12-06 00:22:45+00
Palm	Like	This is the only fair Senate map. We need to have a map that is fair on a partisan and community basis	Dan Abbott	2021-12-06 00:20:42+00
Palm	Like	This is the most fair of all the senate maps. It protects communities and it respects partisan fairness	Doug Nelson	2021-12-06 00:15:04+00
Palm	Like	I hope that the commission will choose this map as it is the most fair and supports communities of interest in south Michigan	Randy Peat	2021-12-06 00:08:53+00
Palm	Like	I really appreciate that this map is actually fair. Please vote for this map	Judy Janssen	2021-12-06 00:07:18+00
Palm	Like	I hope the commission will choose this map. It is the most fair and best for COIs	Matt Nilson	2021-12-06 00:05:43+00
Palm	Like	This map should be chosen as the most fair map which keeps our communities whole.	Mick Middaugh	2021-12-05 23:50:38+00
Palm	Like	This map fairly represents Michigan communities of interest and is good for voters.	Linda Meenan	2021-12-05 23:47:41+00

Palm	Like	This is the map that most fairly represents our communities and partisan fairness	Karen Allison	2021-12-05 23:44:40+00
Palm	Like	This is the best map for Michigan. It is the most fair and does our communities justice	Steve Baldus	2021-12-05 23:43:27+00
Palm	Like	This map is fair and will be the best map for the voters of Michigan.	Bob Baran	2021-12-05 23:42:05+00
Palm	Like	I think this is the best map for Michigan. Please consider that it is the most fair and keeps our communities well represented	Kathy Moussalli	2021-12-05 23:38:16+00
Palm	Like	I think this map accurately represents the voters of districts throughout the state.	Paul DeYoung	2021-12-05 23:37:39+00
Palm	Like	This is the most fair map and it best represents our communities in rural michigan	Niki Sill	2021-12-05 23:36:45+00

This plan is all mixed up in terms of representing West Michigan. Rather it looks like a plan to dilute that representation by crating a few Gerrymandered districts lacking communities of interest in our area. It splits both Ottawa County which has not been split in recent years and Kent County which has been split. That could deny a voice to those who settled Michigan moving east from the east shore of West Michigan. Both Ottawa and Kent Counties are among the top ten population counties in Michigan. They are not divided in the Apple and Lange plans. The diversity of Michigan and the goals of the commission would be advanced by rejecting this plan.

Palm	Like	This is the best map for Michigan, it protects our interests and is fair	Linda Norton	2021-12-05 23:14:37+00
Palm	Like	This is the most fair map. It protects our Michigan communities and keeps rural interests and urban interests safe	Rick Zuiderveen	2021-12-05 23:13:11+00
Palm	Like	I believe this map is the most fair map. It best represents communities of interest and protects partisan fairness	Susan Zuiderveen	2021-12-05 23:11:34+00

This plan reaches across the entire southern edge of the state to create a district whose elected representative would represent a mix of counties who have very little in common and whose Congressperson would be hard pressed to push any agenda in Washington, D.C. However, if the same counties were placed with adjoining counties, they would be well represented. The Commission saw the wisdom of placing Northern Michigan together, but instead of working to settle a few districts in West Michigan, it mixed us up with the with the heavily populated Southeast. That left us with three out of five questionable choices when it had two opportunities to avoid splitting Ottawa or Kent Counties which both are top ten population counties with no members of the

Szetela House	Like	<p>This is my #2 among MI House map. Hickory is a better map. Still contains partisan bias. Violates Constitutional criterion but would be an acceptable map if you are not going to start one on the MI House maps. Please consider possibility to start over on MI House maps.</p> <p>Least bad MI House map. Still contains partisan bias. Violates Constitutional criterion but would be an acceptable map if you are not going to start one on the MI House maps. Please consider possibility to start over on MI House maps.</p>	David Hopkinson	2021-12-05 20:49:37+00
Hickory	Like	<p>Least bad MI House map. Still contains partisan bias. Violates Constitutional criterion but would be an acceptable map if you are not going to start one on the MI House maps. Please consider possibility to start over on MI House maps.</p>	David Hopkinson	2021-12-05 20:45:06+00
Magnolia	Dislike	<p>Worst MI House map. Partisan bias is extreme and unacceptable. Violates Constitutional criterion. Please consider possibility to start over on MI House maps.</p>	David Hopkinson	2021-12-05 20:35:00+00
Pine v5	Dislike	<p>Near worst MI House map. Partisan bias is extreme and unacceptable. Violates Constitutional criterion. Please consider possibility to start over on MI House maps.</p>	David Hopkinson	2021-12-05 20:31:21+00

Hickory Dislike Grouping Kentwood and EGR with Cascade Township, Forest Hills, and Grand Rapids Township seems like grouping suburbs with city folk. These are two very different communities of interest. and does not work for the Kent County area. Brian Baker 2021-12-05 19:51:02+00

Magnolia Opinion This map groups many areas well. One area of concern is Plainfield Township. This should be one district, community of interest instead of splitting it into two. Keeping it as two will cause voter confusion. Same thing with the City of Walker and Alpine Township. These should be in the same district, not split up. Finally Grand Rapids Township, Cascade Township, Forest Hills are similar communities of interest, but adding East Grand Rapids to this district doesn't make sense. EGR is much different than the former. Brian Baker 2021-12-05 19:47:14+00

Linden	Dislike	This is grouping Southern Kent County with Allegan County and communities like Saugatuk. These are different communities of interest and should be revised.	Brian Baker	2021-12-05 19:41:11+00
Palm	Like	This map shows the best for areas in the Kent County area. The areas in South Kent County have different interests than those in the northern areas. It is best to have separate representation in the Senate.	Brian Baker	2021-12-05 19:35:39+00
Cherry V2	Dislike	This map doesn't serve the city of Grand Rapids well. It would be better to have Grand Rapids as one district and Wyoming/Kentwood/Grandville and separate districts. Those areas are growing and need different representation than Grand Rapids.	Brian Baker	2021-12-05 19:30:49+00

Szetela Senate	Like	<p>Third choice among the Senate maps. Acceptable although partisan bias is still apparent, regrettably. Proposal 2 was intended to allow us to solve that. Important improvements in and around Detroit.</p>	David Hopkinson	2021-12-05 19:28:24+00
Szetela Congressional	Dislike	<p>This map gives such influence to the Detroit Metro area. The rest of Michigan will suffer under this map. No voice when it comes to Michigan.</p>	Brian Baker	2021-12-05 19:25:37+00
Apple V2	Dislike	<p>This map is terrible. Kent County is split up and combined with communities of interest across Mid-Michigan? Perfect example of gerrymandering.</p>	Brian Baker	2021-12-05 19:22:35+00
Lange Congressional	Like	<p>This is similar to the current district make. If its not broke, don't fix it.</p>	Brian Baker	2021-12-05 19:19:23+00
Birch V2	Like	<p>This map groups communities of interest well. I especially like how the Greater Grand Rapids area is in one district.</p>	Brian Baker	2021-12-05 19:16:20+00

Lange Senate correct	Dislike	This map is worst or nearly worst. Violates Constitutional criterion. Fails due to large partisan bias. Appears designed to affect Republican control of the Senate.	David Hopkinson	2021-12-05 19:14:58+00
Chestnut	Dislike	This map is grouping several communities of interest that should be separate. Grouping Lake Michigan shoreline communities with a big city like Grand Rapids will eliminate the voice of those smaller communities. Do not consider this map.	Brian Baker	2021-12-05 19:13:38+00
Kellom Senate	Dislike	Fails on fairness. Partisan bias is worse than Linden and Cherry. Important effort to improve districts in and around Detroit.	David Hopkinson	2021-12-05 19:03:10+00
Linden	Like	Best of the Senate maps. Fairest due to least partisan bias. I regret that all of the maps still show a Republican bias which violates a Constitutional criterion.	David Hopkinson	2021-12-05 18:56:30+00
Lange Senate	Dislike	Just an awful map for partisan fairness.	Claire Ott	2021-12-05 18:38:55+00
Palm	Dislike	This map does not come close to being fair.	Claire Ott	2021-12-05 18:37:17+00

2021-12-05 16:36:18+00

This map is the only one that shows TRUE fairness. It gets close to a 0% Efficiency Gap. It addresses Community of Interest and establishes Voting Rights districts. This is the best combination of the best parts of Chestnut and Birch.

Szetela Congressional	Like		Emliy Jernberg	2021-12-05 16:35:33+00
Magnolia	Like	The Magnolia map is terribly unfair and should be discarded. A map that would give the majority of votes to the minority of voters is unacceptable. Please continue working on the maps until you come up with one that makes sense.	Jacqueline Dilley	2021-12-05 16:23:08+00
Pine v5	Dislike	The Detroit voters aren't getting their votes counted with these current maps. Please keep working to give the majority of seats to the majority of voters.	Emily Jernberg	2021-12-05 16:17:02+00
Pine v5	Like	This is NOT a fair map!! It does not inspire candidates to listen to their constituents by being in actually competitive districts. Please Keep Working!	Carrie Hatcher-Kay	2021-12-05 16:15:39+00

Magnolia	Dislike	<p>This map is among the most unfair.</p> <p>Please keep working to come up with a fair map. Detroit voters are unable to elect their own candidates in ANY of the maps.</p> <p>Majority of seats are going to the minority of voters!</p> <p>Each proposed map gives the majority of votes to the minority of voters. This would be completely unfair to Detroit voters!</p>	Emily Jernberg	2021-12-05 16:14:14+00
Szetela House	Like		Jacqueline Dilley	2021-12-05 16:12:02+00
Magnolia	Dislike	<p>This map is entirely unfair. There are no fair house maps to choose from! This map gives the majority of seats to the minority of voters! That is NOT the purpose of your commission.</p> <p>There are no fair house maps to choose from. Detroit voters are stating that they have no way to elect their own candidates. This and all other proposed MI House maps does not address that concern. We want maps that are actually fair so that our democracy can function.</p> <p>PLEASE keep working! Thank you.</p>	Carrie Hatcher-Kay	2021-12-05 16:11:48+00
Szetela House	Opinion		Emily Jernberg	2021-12-05 16:07:57+00

Szetela House	Opinion	<p>None of the MI House maps addresses the concerns heard from Detroit voters about being able to elect their own candidates. PLEASE maintain the mission of your commission: give fair representation to every individual across the state. In this and in ALL the house maps, the majority of seats goes to the party with the minority of voters!</p> <p>Hickory is the best of the worst House maps. We need fair maps. Please do fair, competitive districts. We want representatives who have to listen to their constituents. Seat count of 53D to 57R gives the majority of seats to the minority of voters.</p>	Carrie Hatcher-Kay	2021-12-05 16:04:35+00
Hickory	Opinion	<p>Hickory is the best of the worst House maps. We want maps that are fair. Please go back to the drawing board and re-draw these maps. We want candidates that listen to constituents.</p>	Emily Jernberg	2021-12-05 15:57:46+00
Hickory	Opinion	<p>constituents.</p>	Jacqueline Dilley	2021-12-05 15:54:22+00

Hickory	Opinion	Hickory is the best of the worst House maps. PLEASE go back to the drawing board to achieve the mission you set out to achieve: fair, competitive districts across the state. We want candidates to have to listen to their constituents. That was the mission of Voters Not Politicians creating your commission. THANK YOU!	Carrie Hatcher-Kay	2021-12-05 15:52:48+00
Pine v5	Dislike	Not a fair map by any measure.	ALAN FOX	2021-12-05 14:34:17+00
Magnolia	Dislike	Unfair map that guarantees Republican control under any circumstances.	ALAN FOX	2021-12-05 14:32:41+00
Palm	Dislike	This is the worst option. Does not keep Lake MI communities together	Marie E Giese	2021-12-05 14:27:23+00
Hickory	Like	Best of a bad lot. Consider starting over, but if not this is the best.	ALAN FOX	2021-12-05 14:26:38+00
Linden	Like	Linden is the best and fairest Senate map.	ALAN FOX	2021-12-05 14:23:24+00
Magnolia	Like	This map seems like the best of the options provided	Marie E Giese	2021-12-05 14:22:47+00
Palm	Dislike	Very unfair map designed to ensure Republican control of the Senate regardless of vote totals. Exactly what Voters Not Politicians was created to avoid.	ALAN FOX	2021-12-05 14:21:58+00

Cherry V2	Like	Fair map with competitive districts. Less compact than Linden.	ALAN FOX	2021-12-05 14:19:56+00
Lange Congressional	Dislike	Unfair statewide and has boundaries throughout that are poorly defined.	ALAN FOX	2021-12-05 14:18:18+00
Birch V2	Like	Birch is a fair map that keeps the Lansing area together.	ALAN FOX	2021-12-05 14:16:11+00
Chestnut	Like	Chestnut is a fair map statewide and keeps the Lansing region together	ALAN FOX	2021-12-05 14:12:55+00
Pine v5	Dislike	I do not like the Pine V5 State House map. It combines Waterloo Township in Jackson County with much of the city of Ann Arbor.	Michael Cameron	2021-12-05 00:09:50+00
Magnolia	Dislike	I do not like the Magnolia State House map. It combines Waterloo Township in Jackson County with much of the city of Ann Arbor.	Michael Cameron	2021-12-05 00:07:30+00
Hickory	Dislike	I do not like the Hickory State House map. It combines Waterloo Township in Jackson County with much of the city of Ann Arbor.	Michael Cameron	2021-12-05 00:05:55+00

Szetela House	Like	I like the Szetela State House map the best. It keeps more of Jackson county whole and keeps Waterloo Township in Jackson County. Waterloo is a very rural area, as is most of Jackson county as a whole	Michael Cameron	2021-12-05 00:04:26+00
Szetela Senate	Dislike	I do not like the Szetela State Senate map because it combines rural areas with the city of Ann Arbor. Ann Arbor has vastly different resources and services than rural areas do and therefore need different representation.	Michael Cameron	2021-12-04 23:56:57+00
Lange Senate correct	Dislike	I do not like the Lange State Senate map because it combines rural areas with the city of Ann Arbor. Ann Arbor has vastly different resources and services than rural areas do and therefore need different representation.	Michael Cameron	2021-12-04 23:55:09+00

Kellom Senate	Dislike	I do not like the Kellom State Senate map because it combines rural areas with the city of Ann Arbor. Ann Arbor has vastly different resources and services than rural areas do and therefore need different representation.	Michael Cameron	2021-12-04 23:53:41+00
Linden	Dislike	I do not like the Linden State Senate map because it combines rural areas with the city of Ann Arbor. Ann Arbor has vastly different resources and services than rural areas do and therefore need different representation.	Michael Cameron	2021-12-04 23:51:38+00
Cherry V2	Dislike	I do not like the Cherry V2 State Senate map because it combines rural areas with the city of Ann Arbor. Ann Arbor has vastly different resources and services than rural areas do and therefore need different representation.	Michael Cameron	2021-12-04 23:49:54+00
Palm	Like	I like the Palm State Senate map. It keeps Jackson County whole and keeps the city of Ann Arbor separate from rural areas.	Michael Cameron	2021-12-04 23:47:48+00

Szetela Congressional Dislike	I do not like the Szetela congressional map because it does not keep Jackson County whole.	Michael Cameron	2021-12-04 23:41:19+00
Lange Congressional Dislike	I do not like the Lange congressional map because it does not keep Jackson County whole.	Michael Cameron	2021-12-04 23:39:23+00
Apple V2 Dislike	I do not like the Apple V2 congressional map because it does not keep Jackson County whole.	Michael Cameron	2021-12-04 23:37:31+00
Birch V2 Dislike	I do not like the Birch V2 congressional map because it does not keep Jackson County whole.	Michael Cameron	2021-12-04 23:35:51+00
Chestnut Like	I like the Chestnut Congressional map because it keeps our community and our rural setting whole.	Michael Cameron	2021-12-04 23:31:57+00
Magnolia Like	This Magnolia map clearly follows the criteria listed in Michigan's Constitution and takes into consideration many of the communities of interest that were testified to before the commission. Very well balanced approach.	Marcia Dicks	2021-12-04 23:27:32+00

Palm	Like	This Palm map clearly follows the criteria listed in Michigan's Constitution and takes into consideration many of the communities of interest that were testified to before the commission. Very well balanced approach.	Marcia Dicks	2021-12-04 23:22:17+00
Chestnut	Like	I like the Chestnut Congressional map because it keeps Jackson county with its basic rural atmosphere and community.	Michael J Cameron	2021-12-04 23:22:05+00
Chestnut	Like	This is the best collaborative map that was presented to the public. It is mostly fair and keeps communities of interest whole.	Marcia Dicks	2021-12-04 23:18:08+00
Apple V2	Dislike	Not the best district boundaries for fairness	James Kopas	2021-12-04 21:40:59+00
Chestnut	Dislike	This map is not the best option for fair districts	James Kopas	2021-12-04 21:38:49+00
Birch V2	Like	After looking at the maps presented I feel that this map keeps similar communities together	James Kopas	2021-12-04 21:35:09+00

Whatever happened to keeping the districts as square as possible? Isn't that supposed to be a main goal when redistricting occurs? Why is it assumed that people have the same interests/opinions just because they are the same race or ethnicity? That's an offensive assumption.

Lange Senate correct Dislike

This map is a terrible mess. Whatever happened to keeping the districts as square as possible? Isn't that supposed to be a main goal when redistricting occurs? Why is it assumed that people have the same interests/opinions just because they are the same race or ethnicity? That's an offensive assumption.

The Cherry map comes close to partisan fairness. Thank you for your work. The Palm map seems transparently unfair, as it would result in a state legislature controlled by a party that could get less than 50% of the popular vote. Daniel Luria

2021-12-04 15:07:09+00

I have expressed some reluctant support for this map before, and I still support it over the others. However, I took a very close at this map. It appears that, perhaps, this map was created by a computer program in that there were so many unnecessary splits among various communities. SO, I TOOK THE LIBERTY OF MODIFYING THIS MAP WITHOUT SOME OF THOSE UNNECESSARY SPLITS. THIS MODIFIED MAP CONTAINS JUST .2 LESS DEM SEATS THAN THE ORIGINAL, 54.44 vs 54.64, SO THE PARTISAN BALANCE IS STILL THERE. I suggest you take a serious look at it. Perhaps, the modified map will generate a little more support. Because as I look at the comments on all these State House maps, I don't see a net positive of support for any of them. In fact, the net negatives, as I'm

Frederick Beiermeister  
Farmington and Farmington  
Hills should be connected in  
a District. We share many  
civic assets and nothing is  
gained by separating our  
representation. Hickory is the  
best for us of a weak lot.

Frederick Beiermeister

2021-12-03 21:19:44+00

Hickory

Opinion

North and south Ottawa  
county have very little in  
common and it would make  
more sense for it to be split.  
The northern half is more  
connected to Grand Rapids

Apple V2

Dislike

because of I96.  
There is a clear north-south  
split in Ottawa but the way  
it's split here makes no sense

Christian Alvarez

2021-12-03 21:17:50+00

Birch V2

Dislike

and doesn't capture this.

Christian Alvarez

2021-12-03 21:09:20+00

Chestnut	Like	There is a clear north-south split in Ottawa county that this map captures. Areas to the south are more connected to Holland the the lakeshore. Areas to the north follow the I-96 corridor and are more connected to Grand Rapids.	Christian Alvarez	2021-12-03 20:59:03+00
Palm	Dislike	Possibly the worst Senate map. The goal of Proposal 2 was that the composition of the elected body to reflect the composition of the voters. Partisan bias and division by partisanship will be the death of this process if we allow it.	David Hopkinson	2021-12-03 20:53:43+00
Pine v5	Opinion	I like the way that Sterling Heights is kept in two districts. However, this map is not as fair as the Hickory or Szetela maps.	Drew Anthony Beckman	2021-12-03 20:49:03+00
Magnolia	Dislike	This is the worst map for the state House. This map breaks up Sterling Heights significantly, and still doesn't achieve partisan fairness. Reject this map.	Drew Beckman	2021-12-03 20:48:16+00

Szetela House	Opinion	<p>This map also breaks up Sterling Heights into three districts which is not necessary. Sterling Heights could be kept in two house districts. Overall, this plan appears to be relatively fair, although close elections may produce results giving the minority party a majority in the legislature. Look at data from the 2020 Presidential Election to confirm if this map is still fair.</p>	Drew Beckman	2021-12-03 20:47:19+00
Hickory	Opinion	<p>While I do not like the fact that Sterling Heights is split up into three different districts, this map is the fairest when it comes to proportionality of seats. This map is probably the best House map, although it is far from perfect.</p>	Drew Beckman	2021-12-03 20:45:38+00
Palm	Like	<p>This one seems to make the most sense to me. Please choose this one.</p>	Susan Sidock	2021-12-03 20:29:09+00

Cherry V2	Like	This is my #2 choice among Senate maps. I like the way Clinton-Eaton-Ingham counties are treated. I don't understand why all the maps retain a partisan bias toward the Republican party opposed by a Constitutional criterion. Muskegon is a very diverse area and should be in a	David Hopkinson	2021-12-03 20:22:40+00

Apple V2	Dislike	this map. Black and Hispanic communities are opposed to	Kendall Goodwin	2021-12-03 20:00:08+00
Birch V2	Dislike	this map. The Black and Hispanic communities of Muskegon	Kendall Goodwin	2021-12-03 19:59:18+00
Chestnut	Like	prefer this map.	Kendall Goodwin	2021-12-03 19:54:44+00

Szetela Congressional	Like	<p>This map is my #3 choice after CHESTNUT then BIRCH. Has Republican bias statewide. Glad that Clinton-Eaton-Ingham counties are kept together. Glad to see some competitive districts across the state. I know that is not a criterion but I think it will eventually help cure our ugly partisanship.</p>	David Hopkinson	2021-12-03 19:54:04+00
Chestnut	Dislike	<p>This map does not make any sense for my community or anywhere else that I look at. Unfair in so many respects. I am sorry, but this map does not serve my community of interest well! Living in the east side of Dearborn, we have almost nothing in common with north west Detroit. The I96 corridor is as far from us as the earth to the moon. Please keep all of Dearborn together!</p>	John C. Greko	2021-12-03 19:53:38+00
Magnolia	Dislike	<p>This map is the worst of the proposed maps; the least fair, least reflects the electorate, most partisan imbalance.</p>	Carol Phyllis Allie	2021-12-03 19:50:32+00
Lange Congressional	Dislike		David Hopkinson	2021-12-03 19:34:25+00

Chestnut	Like	This is the only map that doesn't disenfranchise our African American families in the Muskegon area. We are distinct from other mostly White lakeshore cities and it makes much more sense to keep us connected to other African Americans in the Grand Rapids area.	Gia Welterorth	2021-12-03 19:10:24+00
Birch V2	Dislike	This is a terrible map that disenfranchises our African American families in the Muskegon area. We have are distinct from the rural townships which are mostly White in this district. It makes much more sense to keep us connected to other African Americans in the Grand Rapids area like in Chestnut.	Gia Welterorth	2021-12-03 19:10:20+00
Apple V2	Dislike	This is a bad map that disenfranchises our African American families in the Muskegon area. We have are distinct from other lakeshore cities which are mostly White. It makes much more sense to keep us connected to other African Americans in the Grand Rapids area like in Chestnut.	Gia Welteroth	2021-12-03 19:10:17+00

Palm	Opinion	Consider all fairness when drawing things lines Vote No on Palm please.	Ashley Thomas	2021-12-03 18:46:33+00
Magnolia	Like	Out of all the options - the Magnolia map provides the best fair partisan option as it takes in the interest of most communities.	Annette LeBaron	2021-12-03 17:55:09+00
Birch V2	Like	This map represents my community well (Dist 11) and is the best overall map for the state. I would recommend the Birch map.	Annette Lebaron	2021-12-03 17:45:16+00
Chestnut	Like	I like the Chestnut map for Michigan's U.S. Congressional districts. It is the "least unfair" of the proposed maps in terms of partisan fairness.	Jerry Oljace	2021-12-03 17:36:14+00
Hickory	Like	I like the Hickory map. It is the "least unfair" in terms of partisan fairness. And, partisan fairness should be a key consideration for the MICRC in approving the final maps.	Jerry Oljace	2021-12-03 17:32:50+00

Palm	Dislike	I do NOT like the Palm map. It is the worst of all the draft maps in terms of partisan fairness. And, partisan fairness was a key goal for Michigan voters, and a goal of the MICRC. I strongly urge the Commission NOT to approve this map.	Jerry Oljace	2021-12-03 17:29:40+00
Cherry V2	Like	I like the Cherry map for the State Senate. It, along with Linden, are the "least unfair" in terms of partisan fairness.	Jerry Oljace	2021-12-03 17:26:17+00
Linden	Like	I like the Linden map for the State Senate. It along, along with Cherry, are the "least unfair" in terms of partisan fairness.	Jerry Oljace	2021-12-03 17:22:38+00
Szetela Senate	Like	Another acceptable option. Please choose either Linden, Cherry, or this map.	Drew Beckman	2021-12-03 17:17:44+00
Kellom Senate	Opinion	I am not a fan of this configuration for Sterling Heights. While this map does take into account important communities in Detroit and Wayne county, it appears to sacrifice partisan fairness to achieve this goal.	Drew Beckman	2021-12-03 17:16:21+00

Linden	Like	This is the best map for the state Senate and should be selected. It produces generally fair results and maintain solid Macomb county communities.	Drew Beckman	2021-12-03 17:15:04+00
Palm	Dislike	This map cannot be adopted! It gives an unfair advantage to one political party over another.	Drew Beckman	2021-12-03 17:13:58+00
Cherry V2	Like	This is a good map, and I would be fine if it is selected. It has pretty good partisan fairness scores. Splitting Sterling Heights at Van Dyke makes the most sense if it must be split. Sterling Heights has a lot in common with Troy and Rochester Hills so this configuration would work.	Drew Beckman	2021-12-03 17:13:07+00

This map is an acceptable map as it is better than both the Lange and Apple maps. However, I would still prefer Szetela or Birch over this one. Please look at partisan fairness data for individual elections as well! Not just the aggregate data that assumes there are 52% democrats in the state of Michigan. These vary from election to election so multiple data points need to be evaluated.

Chestnut	Like	Szetela > Birch > Chestnut > Apple > Lange	Drew Beckman	2021-12-03 16:59:23+00
Birch V2	Like	This is the best collaborative map that was presented to the public. It is mostly fair and keeps communities of interest whole. While I prefer the Szetela map, this map would also be acceptable.	Drew Beckman	2021-12-03 16:54:03+00

Apple V2	Dislike	Do not adopt this map. The party that wins the greatest proportion of the votes in this map is likely to have a minority of seats during close general elections. That is not consistent with the spirit of representative democracy where the government is meant to carry out the will of the most people.	Drew Beckman	2021-12-03 16:52:46+00
----------	---------	--	--------------	------------------------

Szetela Congressional	Like	This is the best map for Congressional districts and should be adopted! This map has the best measures of partisan fairness, even during close elections. The design of putting Sterling Heights with its Troy neighbors to the west is a good idea, as these communities are very intertwined. Adopt this map!	Drew Beckman	2021-12-03 16:50:33+00
-----------------------	------	---	--------------	------------------------

Lange Congressional	Dislike	While I like the configuration of Macomb County and Sterling Heights in this map, it does not achieve partisan fairness in a close election. This map is biased in favor of the Republican party and should not be adopted. This district configuration is present in other proposed maps with better partisan fairness measures.	Drew Beckman	2021-12-03 16:46:32+00
Kellom Senate	Dislike	The Northend and Boston Edison should stay with Hamtramck and the Eastside of Detroit. Cornerstone village would fit better in the lower eastside district. This map seems to best represent the rural nature of Western Washtenaw and Jackson Counties and the urban interests of Ann Arbor/Ypsilanti. I would encourage adopting this version of the Senate Map.	Vernon Butler	2021-12-03 15:04:44+00
Palm	Like	I support the Magnolia map which is the best at avoiding partisan gerrymandering and represents Northern Michigan best.	Scott S.	2021-12-03 14:33:08+00
Magnolia	Like		Mari Stanaway	2021-12-03 13:12:56+00

Palm	Like	The Palm map is better than the others for Northern Michigan but it is partisan gerrymandering for the Democrats.	Mari Stanaway	2021-12-03 13:09:52+00
Birch V2	Like	I support the Birch plan. It is the fairer than the rest for Northern Michigan.	Mari Stanaway	2021-12-03 13:05:23+00
Birch V2	Like	This map seems the most fair of the Congressional maps. It keeps my county intact and seems to be a very fair competitive map	Denise O	2021-12-03 10:50:27+00
Palm	Like	This Palm map is the best map for the State Senate. My community of interests are mostly addressed vs. the other maps that don't address them.	Denise O	2021-12-03 10:42:41+00
Magnolia	Like	this map seems to be the best available for the State House. Most of my community of interests have been addressed.	Denise O	2021-12-03 10:29:09+00
Birch V2	Opinion	While I prefer Chestnut, this map is better than Apple V2. I	Hirak Chanda	2021-12-03 03:37:04+00
Pine v5	Dislike	We in Allegan don't want to be split up like this and believe it will unfairly diminish our voice. We say no.	Bob Knaack	2021-12-03 02:14:16+00

Szetela House	Dislike	Do not carve up Allegan, we don't want to be carved up in this crazy way.	Bob Knaack	2021-12-03 02:07:57+00
Hickory	Dislike	Don't chop up Allegan county like this it makes no sense unless some gerrymandering is going on.	Robin Knaack	2021-12-03 02:00:58+00
Magnolia	Dislike	I see no reason to carve up Allegan county like this. Respect the county the way it is which is why we live here.	Robin Knaack	2021-12-03 01:55:27+00
Magnolia	Like	This Magnolia map clearly follows the criteria listed in Michigan's Constitution and takes into consideration many of the communities of interest that were testified to before the commission. Very well-balanced approach.	Jeff W	2021-12-03 01:14:06+00
Palm	Like	This Palm map clearly follows the criteria listed in Michigan's Constitution and takes into consideration many of the communities of interest that were testified to before the commission. Very well-balanced approach.	Jeff W.	2021-12-03 01:04:49+00

Pine v5	Dislike	<p>This map is very disappointing. it's as if the creator did not realize his/her constitutional duty. There is a huge amount of partisan bias and does not adequately reflect communities of interest. you can do better than this!</p>	Sue Hadden	2021-12-03 00:25:22+00
Magnolia	Dislike	<p>This map is very disappointing. it's as if the creator did not realize his/her constitutional duty. There is a huge amount of partisan bias and does not adequately reflect communities of interest. you can do better than this!</p>	Sue Hadden	2021-12-03 00:22:59+00
Linden	Dislike	<p>This map does not demonstrate partisan fairness which is your constitutional duty to uphold. Please Palm.</p>	Joe Fuhker	2021-12-03 00:20:54+00
Cherry V2	Dislike	<p>This map does not demonstrate partisan fairness which is your constitutional duty to uphold. Please accept Palm.</p>	Joe Fuhker	2021-12-03 00:18:53+00
Linden	Like	<p>There is a lot to like about this map. COI and partisan fairness.</p>	Sue Hadden	2021-12-03 00:10:29+00

Hickory	Like	I like this map, and I'm excited about a district that covers both suburbs and parts of Detroit.	Vaughn Derderian	2021-12-02 22:58:25+00
Palm	Dislike	This map does not demonstrate partisan fairness which is your constitutional duty to uphold. Please accept Linden or Cherry.	Sue Hadden	2021-12-02 22:38:47+00
Lange Congressional	Like	This map does not demonstrate partisan fairness which is your constitutional duty to uphold. Please accept Birch or Szetela I prefer Birch and Szetela overall but this map does a good job of COI with	Sue Hadden	2021-12-02 22:31:38+00
Chestnut	Dislike	contiguous regions mostly. This map is the best, offering the fairest districts of any proposed Senate map. This honors the VRA making it	Sue Hadden	2021-12-02 21:46:56+00
Szetela Congressional	Like	easier for partisan fairness. The Szetela is supposed to be the best of the 4 House Maps? It still divides Jackson County. Please do not take away the voices that need to be heard in Jackson County.	Sue Hadden	2021-12-02 21:40:15+00
Szetela House	Opinion	Keep it fair. Thank you	Sharon Houck	2021-12-02 21:39:48+00

Birch V2	Like	Overall, Birch covers COI and statewide voting patterns very well. For my community, it keeps us together. We have shared interests and concerns (water quality for one) The I94 corridor binds us together although we do not want a district that goes all the way across the state (and this map does not do that).	Sue Hadden	2021-12-02 21:35:40+00
Hickory	Dislike	Hickory is a BAD Map. As with the other maps, it does not keep Jackson County whole and combines us to Ann Arbor. Please DO NOT choose this map.	Sharon Houck	2021-12-02 21:20:12+00
Magnolia	Dislike	Magnolia is another BAD map. This continues to lump Jackson to Washtenaw of which they are two separate distinct communities. This Map is a Bad Option. Please discard it? Thank you	Sharon Houck	2021-12-02 21:14:52+00

Pine v5 Dislike The Pine V5 Is NOT a good map for Jackson County. It combines Jackson To Ann Arbor. Why do this? Jackson needs fair representation too, that differs from Ann Arbor. Leave Jackson County whole. Please do not mix us with communities that we have nothing in common with. If this is the plan, we will have no voice. Bad Map Sharon Houck 2021-12-02 21:08:29+00

Szetela Senate Dislike The Szetela State Senate map is Not a good map. Combining the rural areas of Jackson County with Urban Ann Arbor is an unfair option for Jackson. The Senate Representation would be lost in Jackson as their time would be spent with the specialized needs and demands from a much larger population in Ann Arbor. Please do not consider this map and do consider the Palm State Senate Map which is a much better Map. Thank you Sharon Houck 2021-12-02 21:00:59+00

The Lange State Senate map is NOT a good map. It combines Jackson County, which is mostly rural, with half of the city of Ann Arbor. Ann Arbor has public utilities, widely available broadband, and public transportation. Most rural areas have none of these things. These different communities have different needs and require different legislative representation. Please adopt instead the "Palm" State Senate map. It does a much better job of satisfying the "communities of interest"™ objective of this committee.

Lange Senate correct Dislike

I have lived in the Grand Rapids area for over 30 years and have been very active in community activities across the region. I have also been extensively involved in working with clients in the Kalamazoo area for much of that time and so have a pretty good understanding of the two distinct communities. Based on that I find it to be completely irrational to suggest these two communities are "communities of common interest" - anymore than Detroit and Traverse City are communities of common interest. Their economies are driven by different dynamics, they do not engage in common regional responses to workforce development, behavioral health, law enforcement, social dynamics, entertainment and cultural activities or frankly any significant dynamic of

Birch V2	Like	Out of all Congressional maps I am favoring the Birch map. It better balances respect for shared values of communities of interest while avoiding better partisan gerrymandering.	Susana Bercea	2021-12-02 01:20:58+00
Szetela Senate	Dislike	District crosses county borders (Wayne and Macomb). As a resident of the Grosse Pointes I have a stronger community connection to Eastpointe and Roseville than the Northern shoreline of Macomb County. District is stretched out from Detroit to the southern	Michael Novak	2021-12-02 01:17:50+00
Kellom Senate	Dislike	border. It looks unusual.	Michael Novak	2021-12-02 01:14:55+00
Birch V2	Like	The Birch congressional map is better than the other congressional maps. It balances the closest the shared values of communities of interest while avoiding partisan gerrymandering. Wayne County communities and Macomb County communities are mixed	Leonard Knotwood	2021-12-02 01:10:25+00
Lange Senate correct	Dislike	together.	Michael Novak	2021-12-02 01:07:48+00

Birch V2	Like	I consider the Birch map a relatively fair map. It avoids partisan gerrymandering and respects shared values of communities of interest. Grosse Pointes have more in common with Eastpointe and Roseville, than New Baltimore, Harrison Twp and costal Macomb County. It appears to be an attempt to pull a Wayne County community into Macomb	Devora Dumitrescu	2021-12-02 01:06:31+00
Lange Senate correct	Dislike	County... for some reason?	Michael Novak	2021-12-02 01:05:34+00
Birch V2	Like	Out of all Congressional maps I am favoring the Birch map. It balances the closest out of all other maps avoiding partisan gerrymandering and shared values of communities of interest.	Andrea Dumitrescu	2021-12-02 01:05:15+00
Birch V2	Like	Out of all Congressional maps I am favoring the Birch map as it comes close to avoid partisan gerrymandering while balancing also the shared values of communities of interest.	Valentin Dumitrescu	2021-12-02 01:03:46+00

Palm	Like	<p>I am favoring the Palm map as it comes closer than the other State Senate maps to avoid partisan gerrymandering while balancing also the shared values of communities of interest.</p> <p>Out of all State Senate maps I am favoring the Palm map as it comes close to avoid partisan gerrymandering while balancing also the shared values of communities of interest.</p>	Leonard Knotwood	2021-12-02 00:54:34+00
Palm	Like	<p>The Palm STate Senate map is the map does a good job balancing the interest of shared values of community of interests while avoiding as much as possible partisan gerrymandering.</p>	Susana Bercea	2021-12-02 00:53:15+00
Palm	Like	<p>The Palm STate Senate map is a decent map that balances well compared to the other maps, the interest of shared values of community of interests while avoiding as much as possible partisan gerrymandering.</p>	Devora Dumitrescu	2021-12-02 00:49:40+00
Palm	Like	<p>The Palm STate Senate map is a decent map that balances well compared to the other maps, the interest of shared values of community of interests while avoiding as much as possible partisan gerrymandering.</p>	Andrea Dumitrescu	2021-12-02 00:48:39+00

Palm Like The Palm State Senate map comes closest to a fair map that takes into account the communities of interest and the avoids partisan gerrymandering Valentin Dumitrewscu 2021-12-02 00:45:45+00

Magnolia Dislike This map-Magnolia-has the worst partisan fairness score of the 3 House maps. Again, that score alone, should be an indicator that this map is not meeting one of the key goals of reducing the occurrence of gerrymandered voting districts in MI. And my town, Midland, would have no chance of having a competitive race due to partisan unfairness, per this map. Unless the commission decides to revise the maps for the House, of the 3 current maps proposed, I would encourage you to use the Hickory map over this one, even though that map also reflects many of the same partisan unfairness concerns. Marie Johansen 2021-12-02 00:40:40+00

I do not like this Pine v5 map as it still reflects a bias to favor Republicans with a partisan fairness score above 5%. That remains unacceptable. Again, this map totally disregards the reasoning and decisions reflected in the Senate and Congressional maps to align Midland with its Tri-City sisters-Bay City and Saginaw. Why would you now decide to separate Midland from the Tri-Cities concept and also separate Saginaw and separate Bay City into districts that do NOT provide for partisan fairness. None of the House maps have been drawn to ensure partisan fairness. The House district map should be drawn in a way that may change the status quo, abide by COI and, foremost, have a partisan fairness score closer to the goal of 1%. And if some Congressional seats end up at risk for a challenge, then Marie Johansen

Dislike

2021-12-02 00:24:43+00

The Palm Map has the worst partisan fairness scores of the 3 maps proposed for State Senate. That score alone, tells me that this map should NOT be used, regardless that there may be parts of it that satisfy some. The point of the commission is to create partisan fairness, not maps that keep the status quo. I do appreciate that the commission has tried to keep the Tri-Cities (and sometimes Flint) together, as they are COI and are aligned in many of their needs, in spite of their diversity.

Palm

Dislike

Marie Johansen

2021-12-02 00:02:42+00

I prefer Chestnut map over this one-Apple V2. This map does keep the Tri-Cities and Flint together in one district. This is good, but then it includes-Tuscola County, perhaps to achieve population balance. But that could also have been achieved by including more of Midland County since it is geographically next to Midland and makes more sense than including Tuscola, which is not connected to Midland nor to Flint in any significant way

Apple V2

Opinion

Marie Johansen

2021-12-01 23:53:48+00

I prefer Chestnut map over the Birch V2 map because it keeps some of the counties where Midland, Bay City and Saginaw reside a bit more cohesive. While I do not believe that voting districts should use county lines as a reason for identifying a voting district, at times, it may makes sense to keep geographic areas aligned. But this map at least keeps the small cities of Midland, Bay City, Saginaw and Flint together which is good, but Chestnut still is my preferred

2021-12-01 23:14:29+00

I am disappointed and concerned that this map totally disregards the reasoning and decisions reflected in the Senate and Congressional maps to align Midland with its Tri-City sisters-Bay City and Saginaw. Why would you now decide to separate Midland from the Tri-Cities and encase Midland within it's county - who are you protecting???? I voted "liked" only because this map is a bit better than the other 2 being proposed, but it certainly continues to reflect partisan partiality favoring Republicans by 5%, which is way above the goal of 1%. It seems that for this mid-MI area, the citizens as a whole, are not being given the freedom to actually choose their representative, because this district-esp. for Midland-continues to be protected to keep the status quo. Voting should matter and in order to

2021-12-01 23:07:29+00

Of the 3 maps for State Senate, this map offers the lowest efficiency gap, but it still, unfortunately, favors Republicans. Please continue your efforts to create maps reflecting partisan fairness, as this is an important goal for the commission. I do like that you kept the Tri-Cities together as they represent COI. When the division of Republicans and Democrats is fairly equal in a district, any representative will need to truly earn their votes by responding to the needs of all the citizens. You are working hard. Thanks.

Linden

Like

Marie Johansen

2021-12-01 22:51:30+00

I like that you kept the Tri-Cities and Flint aligned into the same district as it reflects the facts that the Tri-Cities and Flint ARE COI. I know that you are working on creating maps that reflect partisan fairness and in that respect this map has the lowest lopsided margin of 4% in favor of Republicans. This could be improved, but is the best of the maps offered so far.

Magnolia	Dislike	This district is clearly Gerrymandered to favor dems. Albion and Battle Creek have nothing in common. Including the Battle Creek suburb of Emmett Township instead would make so much more sense. I have lived in Battle Creek my entire life and have only gone to Albion twice.	Nathan Halder	2021-12-01 05:33:02+00
----------	---------	---	---------------	------------------------

Palm	Like	I am very pleased with this district. As a lifelong resident of northern Calhoun County, my community has extensive connections with Barry County/the north. My brother, mom, and boss all commute across the county line and work/school/shopping connects Barry and Calhoun Counties. I am hopeful to finally see a non-Gerrymandered map.	Nathan Halder	2021-12-01 05:28:20+00
Birch V2	Like	I like how Battle Creek isn't chopped off and stuck into some district with much bigger cities like Grand Rapids or Kalamazoo in this map. The borders make sense and help Battle Creek/Calhoun County get properly represented for once.	Nathan Halder	2021-12-01 05:23:27+00
Chestnut	Dislike	Battle Creek has much stronger ties with the rest of Calhoun County than Kalamazoo/the Lake Michigan coast. Calhoun County's weight is being chopped up and diluted in this map.	Nathan Halder	2021-12-01 05:17:04+00

Birch V2	Like	My community may fit better in district 9, but it's better than other maps	Scott Guerne	2021-12-01 02:10:22+00
Magnolia	Like	Not perfect but may be the best of the offering	Scott Guerne	2021-12-01 02:08:03+00
Palm	Like	This map represents my community best	Scott Guerne	2021-12-01 02:03:58+00
		This map should be rejected on the basis of partisan fairness--the MICRC's metrics and analysis have shown that it clearly gives a significant advantage to one party.		
Palm	Dislike	Voters overwhelmingly approved Proposal 18-2 because they wanted to reject a built-in advantage to either party, voters just want a level playing field. Please choose Linden or Cherry to get closer to achieving this critical goal.	Ashleigh Jennings	2021-12-01 01:46:14+00
Palm	Dislike	This map does is gerrymandered, and slants significantly to republicans. Vote against this map. Support fairness.	William Asher	2021-12-01 01:26:35+00
Szetela House	Dislike	If you like abstract art, this is your map. Otherwise the best choice out of a basket of bad choices is the Magnolia map.	Kim K Lindsey	2021-12-01 01:05:49+00

Hickory	Dislike	This map is flawed in so many ways. Please use the Magnolia map.	Kim K Lindsey	2021-12-01 01:03:15+00
Magnolia	Like	This map splits parts of Burr Oak apart, puts Colon( a small lake/rural community) in a more urban district. That said, this map is the best choice out of a group of bad choices.	Kim K Lindsey	2021-12-01 01:00:33+00
Pine v5	Dislike	This map does not serve the communities of interest or give the best representation to a majority of the people.	Kim K Lindsey	2021-12-01 00:55:51+00
Szetela Senate	Dislike	This map splits counties willy nilly and does not represent communities of interest.	Kim K Lindsey	2021-12-01 00:53:37+00
Szetela Congressional	Dislike	This map fails at both communities of interest and is too partisan.	Kim K Lindsey	2021-12-01 00:49:16+00
Lange Congressional	Like	Disregard my earlier comment. I find the whole process of clicking on the maps and leaving comments not ideal. I thought I was commenting on Apple V2, not Lange when I commented. I like this map, if I had to choose one to like.	Kim K Lindsey	2021-12-01 00:47:50+00
Birch V2	Like	Quite a fair map, I think. Thank you for your work.	Josephine Rood	2021-12-01 00:47:01+00

Lange Congressional	Dislike	this map totally fails at communities of interest and the lines dividing many counties are just bizarre. Huron, Sanilac, Tuscola counties should be grouped	Kim K Lindsey	2021-12-01 00:45:46+00
Magnolia	Opinion	together. this map has way too many county divisions and groups communities together in a way that does not best represent communities of interest.	Brian C. Alexander	2021-12-01 00:44:42+00
Apple V2	Dislike	This map is closest to what would be fair representation and keeping communities of interest together.	Kim K Lindsey	2021-12-01 00:44:23+00
Birch V2	Like	This map is one of the better choices for communities of interest and following the constitutional requirements.	Kim K Lindsey	2021-12-01 00:43:10+00
Chestnut	Like	Grouping major urban areas with rural areas does not fill The States constitution that when redistricting they group communities of Interest.	Kim K Lindsey	2021-12-01 00:41:59+00
Palm	Opinion	Some tweaking would fill that statement.	Brian C. Alexander	2021-12-01 00:40:24+00
Lange Senate correct	Dislike	This map is partisan and not respectful of the communities of interest requirement. Palm map is the best of several bad options.	Kim K Lindsey	2021-12-01 00:38:19+00

Kellom Senate	Dislike	This map has way too many illogical divisions and is not suitable. The Palm map is a much better choice.	Kim K Lindsey	2021-12-01 00:36:45+00
Birch V2	Opinion	It appears district 9 is grouping major urban areas with rural areas. The States constitution states that when redistricting that they group communities of Interest. Some tweaking would fill that statement.	Brian C. Alexander	2021-12-01 00:35:13+00
Szetela Congressional	Like	This is a good map -- fair and reasonable, with a good number of competitive districts.	Josephine Rood	2021-12-01 00:33:57+00
Linden	Dislike	This map not only splits Hillsdale County, it separates it from Branch, breaking up a true community of interest.	Kim K Lindsey	2021-12-01 00:31:09+00
Palm	Like	This map represents the best choice of all the proposed maps, though it is still lacking.	Kim K Lindsey	2021-12-01 00:29:44+00
Cherry V2	Dislike	This map groups too many varied and different counties together, blowing up the communities of interest criteria.	Kim K Lindsey	2021-12-01 00:27:15+00

Hickory	Opinion	Please keep working to draw state house maps that are truly fair. Hickory is the best so far, but still gives an undue advantage to the Republican Party. Thank you so much for all your efforts, Commissioners! I hope that MICRC's work will be a model for the nation.	Josephine Rood	2021-12-01 00:10:54+00
Cherry V2	Like	This map is quite good with respect to partisan fairness, which is the thing that matters most to me.	Josephine	2021-11-30 23:54:42+00
Linden	Like	This is a fair map, and I support it for that reason. I voted for Proposal 2 because I want maps that are not unfairly drawn to benefit one party or the other.	Josephine Rood	2021-11-30 23:43:55+00
Birch V2	Dislike	Confusing at best. The zig-zag along the lake shore is not realistic. Breaking up Allegan County in this many pieces defeats the purpose of county representation.	Stephen J Young	2021-11-30 23:41:24+00
Magnolia	Dislike	This map is gerrymandered to bias the democrats. Do not use. Use the fairer Palm map instead.	Stephen J Young	2021-11-30 23:39:40+00
Linden	Dislike		Merlin Steffes	2021-11-30 23:38:06+00

Cherry V2	Dislike	This map is gerrymandered to bias the democrats. Do not use. Use the fairer Palm map instead.	Merlin Steffes	2021-11-30 23:37:24+00
Palm	Dislike	This map carves up Allegan County while adding parts of Kent and Ottawa. This is not at all reasonable based on the intent of the plan to be non-partisan.	Stephen J Young	2021-11-30 23:35:50+00
Palm	Opinion	This map is the fairest. Cherry and Linden are slanted to favor democrats.	Merlin Steffes	2021-11-30 23:33:51+00
Szetela House	Dislike	Allegan County belongs all together, not diced up into multiple parts and pieces.	Stephen J Young	2021-11-30 23:20:15+00
Hickory	Dislike	Allegan County belongs all together, not diced up into multiple parts and pieces.	Stephen J Young	2021-11-30 23:18:19+00
Magnolia	Opinion	Reviewing populations and the map in general, this map seems to keep most related communities intact. No perfect, but better.	Anne Arendt	2021-11-30 23:18:13+00
Magnolia	Dislike	Allegan County belongs all together, not diced up into several parts.	Stephen J Young	2021-11-30 23:12:48+00
Pine v5	Dislike	ALLEGAN County belongs together, not in several parts.	Stephen J Young	2021-11-30 23:10:10+00
Palm	Opinion	This map seem most adequate.	Anne Arendt	2021-11-30 23:04:15+00
Birch V2	Opinion	Birch seems to be the best choice.	Anne arendt	2021-11-30 22:53:33+00

Birch V2	Opinion	<p>At the very least, this line around Warren and Royal Oak need to be shifted to that St. Clair Shores and Eastpointe are part of district 13, which should allow you to include the rest of Royal Oak with Oakland County. This could be acceptable with this small re-working.</p>	Terri McCormick	2021-11-30 22:40:56+00
Hickory	Like	<p>I like the Promote the Vote Maps as they are Fair Maps. This one is as close to Fair among the three Maps that are presented.</p>	Mary O'Neill	2021-11-30 22:37:31+00
Chestnut	Like	<p>I think the Promote the Vote Maps are better but this is better than the other two Maps for fairness</p>	Mary O'Neill	2021-11-30 22:29:37+00
Palm	Like	<p>Palm map leans very Republican so this map does not meet the standards guiding the commission in drawing these maps. This map fails #4 standard of partisan fairness. Please do not vote for this map</p>	Mary Murphy	2021-11-30 21:49:22+00
Magnolia	Opinion	<p>This map breaks up the Thumb of Michigan. Huron, Tuscola and Sanilac are very similar and should stay as a district.</p>	Michael Smith	2021-11-30 21:40:08+00

Hickory	Like	I like the Chestnut map the best of the choices put before me. Thank you	Gloria Woods	2021-11-30 21:37:55+00
Palm	Like	I am not sure how well so many new districts will work out, but I like my rural area as is on this map	Michael Smith	2021-11-30 21:37:33+00
Birch V2	Opinion	We are a rural community and this map is better than some, but still goes too far south incorporating larger cities.	Michael Smith	2021-11-30 21:34:47+00
Linden	Like	I am very happy to see this map. It is the best of the choices for the State Senate district for the Tri-Counties (Bay, Midland and Saginaw) and is the most fair to the partisan nature of our elections. Thanks for all your hard work!	Gloria Woods	2021-11-30 21:23:53+00
Chestnut	Like	I think this is a great map because it so closely aligns to what our COI actually is. Keeping Bay, Midland and Saginaw together with Genesee county is acknowledging how much our past and present together will mean to our future. Thank you!	Gloria Woods	2021-11-30 21:02:45+00

Linden	Like	This Linden map is my preferred State Senate map. Finally, our area will have representation in the State Senate for the Tri-Cities. Partisan Fairness is a critical measure. In this map, it is acceptable.	Carol Heron	2021-11-30 19:58:26+00
Birch V2	Like	Southwest Michigan looks Ok. This map makes no sense to me at all. People in northern Grand Rapids have little in common with the rural communities to the NW of the city. However, this is better than the other proposals.	Lorraine Root	2021-11-30 19:55:15+00
Palm	Like	None of the options were really good, but Birch is acceptable to me. I live in Plainfield Twp. near Grand Rapids, and I do feel for the most part that my community is enclosed in the right district.	Susan L Jordan	2021-11-30 19:49:21+00
Birch V2	Like		Susan L Jordan	2021-11-30 19:46:13+00

Lange Congressional	Dislike	<p>This map violates the state constitution. I don't think more needs to be said than that.</p> <p>(d) Districts shall not provide a disproportionate advantage to any political party. A disproportionate advantage to a political party shall be determined using accepted measures of partisan fairness.</p> <p>(e) Districts shall not favor or disfavor an incumbent elected official or a candidate.</p> <p>I think this is the best option. It is better than the others.</p>	Adam Nash	2021-11-30 19:19:09+00
Magnolia	Like	<p>Could be better.</p> <p>I think this is the best option. It is better than the others.</p>	Lena Mae Remsing	2021-11-30 19:10:12+00
Palm	Like	<p>Could be better.</p> <p>I think this is the best option. It is better than the others.</p>	Lena Mae Remsing	2021-11-30 19:09:29+00
Birch V2	Like	<p>Could be better.</p>	Lena Mae Remsing	2021-11-30 19:07:42+00
Birch V2	Like	<p>This map is somewhat better than the others. Livingston County fits well with Ingham and Shiawassee counties. The 7th district is competitive. But overall, it still falls short on partisan fairness.</p>	Judy Daubenmier	2021-11-30 19:03:46+00

Magnolia	Like	GR township looks good here		
Palm	Like	I support this version.	james t	2021-11-30 18:55:43+00
	Like	Palm fairly represents 33	james t	2021-11-30 18:52:11+00
		I don't think this new redistricting map reflects our communities of interest. We are a rural and farming community and all of Tuscola county should be in our		
Palm	Dislike	district.	Laurence J Wade	2021-11-30 18:46:38+00
Birch V2	Like	support birch for district 3.	James Allan Taylor	2021-11-30 18:46:30+00
		Agree with Sandra Burgess. While Troy is intact, which is good, pulling in Macomb County doesn't make sense. This is a pretty hard county line for COIs. Is there a better		
Linden	Opinion	option?	Terri McCormick	2021-11-30 18:41:43+00
		I don't think this new redistricting map reflects our communities of interest. We are a rural and farming community, we belong with Tuscola county and not Macomb and Oakland		
Birch V2	Dislike	counties.	Laurence J Wade	2021-11-30 18:40:28+00
		While Troy is intact, which is good, pulling in Macomb County doesn't make sense. This is a pretty hard county line for COIs. Is there a better		
Palm	Opinion	option?	Terri McCormick	2021-11-30 18:40:03+00

Cherry V2	Opinion	Agree with Richard Wochoski - this is better than splitting Troy into Macomb County, but would like to see a map keep Troy completely in Oakland County. This is a pretty hard county line regarding COIs.	Terri McCormick	2021-11-30 18:37:49+00
Szetela Senate	Like	Troy has good representation within our COI here. Thank you.	Terri McCormick	2021-11-30 18:33:53+00
Kellom Senate	Dislike	The east side of Troy is heavily diverse. these voices will be drowned out in a mostly Macomb district. Please keep Troy whole. The Szetela map is far better for Troy's COI. Thank you	Terri McCormick	2021-11-30 18:31:52+00
Szetela Congressional	Like	This map achieves bipartisan fairness, which is the ultimate goal.	Sheryl Pramuka	2021-11-30 18:18:19+00
Szetela House	Dislike	Ada should be linked to the west with Grand Rapids because Ada and Grand Rapids are both metro areas. Ada is NOT rural and should not be linked to rural areas. Thank you.	Joan Long	2021-11-30 18:08:50+00

Barry County has  
approximately 66,000 people.  
It makes no sense to be split  
into three districts. I am not  
sure what Fennville residents  
have in common with  
Bellevue residents.

2021-11-30 17:56:34+00

I think this map does a disservice to several communities of interest.

The Hispanic Community could have been kept together as a community of interest along the Grandville Corridor Roosevelt Park area of Grand Rapids as well as as far east as even Madison Street.

Cascade Township is in District 79 and really should be attached to East Grand Rapids as a suburb of the metro area rather than part of the largely rural areas outside of that area such as Alaska and Alton.

Placing East Town with a largely Westside all the way out to Standale is in such an anomaly.

Szetela House

Dislike

Dennis Murphy

2021-11-30 17:50:26+00

I've looked at this map before and still like it I like the connection with the similarities between Kalamazoo and Grand Rapids is growing metropolitan areas with a burgeoning healthcare and education/University systems.

tying the two areas together down US 131 will facilitate Transportation issues and funding which will help the whole region

2021-11-30 17:19:47+00

Of the 3 maps offered, the Magnolia map better than the other 2. Although not really what I would like, for example it splits Hamburg Twp up, and doesn't keep those in the same school district together. Brighton should be paired with South Lyon and Whitmore Lake and keep Hamburg Twp with the rest of Pinckney. This will keep our community together. Our community is very rural and to link it to a community that is a large city, makes no sense, as our values and interests are completely different. People move to these communities from large cities because of the values and interests and to get away from the city influences.

Palm	Like	Of the 3 maps offered, the Palm map is the best, as it keeps like communities together. Our community is very rural and to link it to a community that is a large city, makes no sense, as our values and interests are completely different. People move to these communities from large cities because of the values and interests and to get away from the city influences.	Elizabeth R	2021-11-30 16:37:20+00
------	------	--	-------------	------------------------

Palm	Like	I support the Palm map. I do, however, think the dividing line between the two districts within the city of Grand Rapids should be kept at Fulton Street (the dividing line should NOT be moved south to Wealthy Street because a move south to Wealthy Street would split the neighborhood associations of Heritage Hill and Easttown between two districts).	Ginta McNally	2021-11-30 16:37:10+00
------	------	--	---------------	------------------------

Birch V2	Like	<p>I like the Birch maps. It keeps Livingston County together, which groups shared interests and communities that are tied together. Our large rural areas having nothing in common with the areas south of us, therefore, this ensures shared values and interests.</p> <p>The Magnolia plan could be strengthened by NOT drawing Cascade with the municipalities of East Grand Rapids and Kentwood for its own district. Grand Rapids township forms a community of interest with Ada and Cascade Townships, in composing the Forest Hills School District area.</p>	Elizabeth R	2021-11-30 16:31:39+00
Magnolia	Like	<p>I do not like the division in my neighboring counties, not keeping these communities of interest intact. My approval goes to Magnolia</p>	Ginta McNally	2021-11-30 16:31:36+00
Szetela House	Dislike	<p>This terribly splits my neighboring counties and does not keep communities of interest together. Go with Magnolia.</p>	Penny K Wingate	2021-11-30 16:21:04+00
Hickory	Dislike		Penny K Wingate	2021-11-30 16:18:00+00

I oppose the Apple plan. The Grand Rapids and Kalamazoo metropolitan areas are two different communities of interest and should not be combined in a congressional district. Grand Rapids has competing interests with Kalamazoo - both compete to attract businesses, airports compete for federal funding, etc. It does not make sense to create a long congressional district from the city of Grand Rapids to the City of Kalamazoo - two extremely different communities of interest. The Apple plan omits a large portion of the Kalamazoo metropolitan region and includes it in a separate congressional district - this does not make sense, and Kalamazoo should stay together as a community of interest. Also, inclusion of the northern suburbs of Grand Rapids in a congressional district drawn

I will agree with a prior comment "this is the best of a bad situation". One of my neighboring counties is separated into 4 districts. This makes no sense, as they are communities of interest. However, this is the best of all proposed.

Penny K Wingate

2021-11-30 16:15:32+00

In my opinion, the Grand Rapids and Muskegon metropolitan regions form two different communities of interest. Therefore, I oppose the Chestnut plan. Grand Rapids has competing economic interests with Muskegon - both compete to attract businesses, airports compete for federal funding, and so on. Additionally, the northern suburbs of Grand Rapids should not be included with a congressional district drawn all the way to Midland County - this is too far away and would hurt constituents who need to access the congressional district office. The plan breaks three counties each into multiple congressional districts - constituents will be confused when they need to contact a congressional office.

Szetela Senate	Dislike	I do not like the big division of Hillsdale County, and also do not like Ann Arbor being split and Jackson being put in with half of Ann Arbor. Stay with Palm for State Senate map. This is not a fair representation of communities of interest. Jackson should not be put with Ann Arbor.	Penny K Wingate	2021-11-30 16:07:32+00
Lange Senate correct	Dislike	I approve of Palm. I absolutely do not like the division of Hillsdale County, and also seeing Ann Arbor divided. This is complete gerrymandering! This does NOT respect communities of interest. I'm agreeing to Palm	Penny K Wingate	2021-11-30 16:03:19+00
Kellom Senate	Dislike	only. This is a No vote from me. Too much division in my county of Hillsdale. The best option I see is Palm.	Penny K Wingate	2021-11-30 16:00:27+00
Linden	Dislike	This is the best option I find for State Senate maps, although I still do not like seeing townships pulled from our county of Hillsdale. Absolute NO on all of the other options.	Penny K Wingate	2021-11-30 15:57:03+00
Palm	Like		Penny K Wingate	2021-11-30 15:53:54+00

Cherry V2	Dislike	A Very Big NO! What does Hillsdale have in common interest with New Buffalo and Constantine? Why are 3 of our county townships pulled away from us and given to the Ann Arbor area for? They are OUR communities of interest, as is Lenawee and Jackson counties!! Go with Palm on this one!!	Penny K Wingate	2021-11-30 15:50:16+00
Birch V2	Like	I like the Birch Congressional District Plan because the plan keeps Kent County whole within one congressional district. It keeps the "Metro 6 City" area in one congressional district. It also includes areas from nearby counties that identify as the Grand Rapids area in one congressional district. Chestnut, Birch V2 and Lange gets my thumbs up over this. Again, I have a problem with the breaking of areas near Detroit and putting them with	Ginta McNally	2021-11-30 15:49:57+00
Szetela Congressional	Dislike	Ann Arbor area.	Penny K Wingate	2021-11-30 15:46:45+00

Lange Congressional	Like	This one is acceptable, though I see splitting communities of interest somewhat. But much better than Apple V2 and Szetela which I strongly disapprove.	Penny K Wingate	2021-11-30 15:40:20+00
Palm	Like	Jackson County should be left with the rural counties to the south and west...Jackson County does not belong with Ann Arbor.	David	2021-11-30 15:39:35+00
Cherry V2	Dislike	Jackson County should be left with the rural counties to the south and west...Jackson County does not belong with Washtenaw County.	David	2021-11-30 15:38:15+00
Apple V2	Like	I do not like this map as it appears heavily gerrymandered. My preference is with Chestnut or Birch V2 map.	Penny K Wingate	2021-11-30 15:37:14+00
Linden	Dislike	Jackson County should be left with the rural counties to the south and west...Jackson County does not belong with Washtenaw County.	David	2021-11-30 15:36:14+00
Birch V2	Like	I like this, though it is not perfect, but much better than others. My opinion is that it is fair in representation of communities of like interest.	Penny K Wingate	2021-11-30 15:33:08+00

Chestnut	Like	<p>This map seems to keep my county, and other areas, together to respect communities of interest. It seems to avoid partisan gerrymandering that appears evident in other maps.</p> <p>I feel like this region does represent my community and a good job was done here, likewise my family in Oxford has good recognition of their community.</p> <p>My only complaint is Lake Orion drawn south into the odd C shape with Pontiac.</p> <p>Thank you for your time and efforts on this map! A good compromise leaves everyone</p>	Penny K Wingate	2021-11-30 15:22:17+00
Magnolia	Like	<p>unhappy haha.</p> <p>I live in Clarkston but have family in Oxford and I have to say this does seem to do us both justice. Keeping both communities together, though not in a single community does provide recognition for the differences between the two.</p>	steven sioma	2021-11-30 14:54:16+00
Palm	Like	<p>Thank you!</p>	steven sioma	2021-11-30 14:52:07+00

Most of these communities are a mix of suburban to rural and lots of semi-rural. Driving down the road you might pass a farm, then a new development, followed by some older cozy homes with good plots of lands with gardens.

My only complaint is separating Lake Orion and Oxford, but it's an understandable choice. Thank you for recognizing our communities!

Barb Handley-Miller

2021-11-30 13:13:27+00

Linden	Like	<p>I support the Linden map, it is a very competitive map, with the closest to partisan fairness scores. I support keeping Saginaw, Bay City and Midland together in a Senate District, so many economic, environmental and recreational common interests. Thank you!</p> <p>This map is excellent, consolidating urban areas of Saginaw, Bay City, Midland and Flint, while also keeping much of the counties intact. This district's representation at the federal level will be a big help to the continued development of and quality of life in this area of Michigan.</p>	Barb Handley-Miller	2021-11-30 13:08:14+00
Chestnut	Like	<p>Thank you.</p> <p>Quick correction on previous comment. Districts should be 110, 109, 108, and 107. All other suggestions remain. I strongly oppose the proposed map you have offered and urge you to consider the alternative in my original comment below.</p>	Barb Handley-Miller	2021-11-30 13:00:17+00
Magnolia	Dislike	<p>comment below.</p>	Pamela Trask	2021-11-30 05:50:43+00

The redistricting in the Upper Peninsula is not at all well-considered. Dickinson County should not be divided. The lower part of Marquette County is more in line with Dickinson County culture and that should be divided. The Keweenaw, Houghton, Baraga and northern Marquette counties should be in district 109. Gogebic, Iron, Dickinson, south Marquette, and Menominee counties in district 108. Delta, Schoolcraft, Alger, Luce and Chippewa counties in district 107. Mackinac and the three counties just over the bridge should be in district 106. These would be fairly balanced population wise and would be much more suitable in terms of local culture, concerns, and values. The committee should seriously reconstruct the redistricting map in the U.P. I believe they will understand it will be least  
Terrible split of Oakland County just to please and reward Democrat strongholds. Need to keep large cities intact and have smaller townships intact.

Palm	Like	Palm seems to be the best of the choices. Clinton and Shiawassee counties and EastLansing don't seem to be communities of interest.	Lamonte Lator	2021-11-29 23:50:18+00
Birch V2	Like	Birch is best of the crowd but still seems skewed.	Lamonte Lator	2021-11-29 23:40:15+00

Palm	Dislike	I do not like splitting the Lake Michigan shoreline in Berrien County between 2 districts. Again, a better option than the others but still not aligning with communities that my city has actual	Karen M Laetz	2021-11-29 22:41:02+00
Birch V2	Opinion	relation to.	Mary Elizabeth Harp	2021-11-29 22:23:15+00
Palm	Opinion	Again, while this map is so far the best option, it now puts me in a district with a county that my city shares nothing with instead of the nearest community that is aligned. This is the best of all the options, but I like it less than how I'm districted now. My area has nothing in common with the area's of Wayne county that this map shows. I live closer to Macomb county and would rather be districted	Mary Elizabeth Harp	2021-11-29 22:21:41+00
Magnolia	Opinion	that way.	Mary Elizabeth Harp	2021-11-29 22:19:19+00

I have long believed that County Lines are a throw-back to an earlier century. The partisan rating for all of these House maps are over 5% -no where near an equitable number. While I am not in favor of this particular map, given the other choices, it is the best of the 3. I don't understand why grouping the tri-cities is fair and right for the congressional and senate maps but not for House maps. Heavy sigh. If this is our best choice, I reluctantly vote in its favor. I rank it a semi-dismal "like" but as always, am grateful for your work. Thank you.

I love that this map, the Linden one, supersedes county lines and instead is a reflection of our growing comradery with the Great Lakes Bay Region -an economic base for future that we are all coming to depend upon. Now our political decision can be also made with these considerations in mind. Thank you!

Chestnut	Like	<p>The "Chestnut" map has the lowest efficiency gap number of .6% with a Republican skew of 4%. We (in Midland) are a heavily Republican County but this particular map keeps numbers as fair as possible while also maintaining the growing economic unity of our Great Lakes Bay Region. Something that is important to all of us. Thank you so much for such a difficult task!</p>	Tammy J DeRuyter	2021-11-29 21:43:32+00
Palm	Like	<p>Palm is the only truly fair map that respects communities of interest! Good on the commission for not slashing communities up with this map quite as much.</p>	Andrea Poehl	2021-11-29 21:25:44+00
Linden	Like	<p>I support the Linden State Senate map.</p>	Joan M Gustafson	2021-11-29 21:20:38+00
Birch V2	Like	<p>I like the Birch v. 2 map.</p>	Joan M Gustafson	2021-11-29 21:18:03+00
Cherry V2	Dislike	<p>A truly fair map is one that respects communities and their interests and gives both parties a chance to win majority. This map is not that.</p>	Andrea Poehl	2021-11-29 20:53:28+00

I approve this composition of the 49th District. It reflects the relationship that communities have with each other that sit along the I-96 and US-23 Corridors. This district also reflects the relationship that Green Oak and Brighton has with South Lyon / Lyon Twp and Milford respectively. Many people in the Livingston County commute to Oakland County. I also approve how Livingston County is split. The 50th District represents the rural half of the County, whilst the 48th District represents the exurban/suburban half of the County. Good work.

Palm	Dislike	This is the fairest map out of the drawn options.	n/a	2021-11-29 16:23:41+00
		Unfair and partisan map.		

Palm	Dislike	This map is a continuation of the partisan gerrymandering that the commission was created to fix.	Rosemary Jones	2021-11-29 16:19:08+00
Palm	Dislike	This map is very unfairly drawn; most partisan.	Shay Florian	2021-11-29 16:17:55+00
Linden	Like	This is a fair map and the way the 14th and 15th is drawn creates better partisan balance	Rosemary Jones	2021-11-29 16:16:12+00
Cherry V2	Like	This is a fair map that is closest to giving an equal voice to all voters	Rosemary Jones	2021-11-29 16:11:38+00
Magnolia	Dislike	This proposal is awful. The idea of having three districts within one county is a fantastic recipe for failed effective representation. Clinton County should remain within one district and include similar communities. I wonder if anyone subscribes to if it isn't broken please don't attempt to fix it philosophy.	David Kirk	2021-11-29 15:08:28+00
Birch V2	Like	It is important to keep Clinton County as a whole. Although I think this process has drifted from its original purpose this version is at least a better option.	David Kirk	2021-11-29 14:58:49+00
Cherry V2	Like	The partisan fairness on this map is really good.	Jaime Highfield	2021-11-29 14:47:35+00

Linden	Like	This map has good partisan fairness.	Jaime Highfield	2021-11-29 14:45:59+00
Palm	Dislike	This is the most partisan map and is very unfairly drawn.	Jaime Highfield	2021-11-29 14:44:46+00
Chestnut	Dislike	Gerrymandering 101. There is no reason to drag our district into Grand Rapids other than to drown out the voices from our rural area. Bad idea.	Ross Vander Jagt	2021-11-29 14:21:25+00
Birch V2	Like	I consider Birch to the best of the worst.	James Scheuerle	2021-11-29 13:54:19+00
Birch V2	Dislike	By joining Jackson with Ann Arbor in to one district are two very different community . Not good for either communities. Don't care for this redistrict plan!	John Butterfield	2021-11-29 13:31:50+00
Szetela House	Dislike	This map is a racial gerrymander, removing the largest minority concentration of Sterling Heights residents - pct. 5. This is the area directly west of Hayes and south of 15 mile road. Removing African American residents from the greater districts in Sterling Heights cuts them off from the community in which they live and want representation.	M. Radtke	2021-11-29 07:27:06+00

Hickory	Dislike	This map is a terrible gerrymander. Sterling Heights is the 4th largest city in the state and is sliced and diced beyond all recognition. This makes no sense.	M. Radtke	2021-11-29 07:19:58+00
Magnolia	Dislike	This map is bad for Sterling Heights, as it is a racial gerrymander. The SE corner of Sterling Heights, South of 15 mile, west of Hayes is the most racially diverse area of our city. This plan takes it out of Sterling Heights proper, and merges it with Clinton Twp and Mt. Clemens. This racial gerrymander cuts up Sterling Heights for no reason than to remove the black population.	M. Radtke	2021-11-29 07:16:41+00
Pine v5	Dislike	The Kent City bubble here is gross. Should be grouped with Sparta and maybe Cedar Springs.	Dolan Bair	2021-11-29 07:16:04+00
Cherry V2	Dislike	I believe this map disenfranchises Sterling Heights, the state's 4th largest community, by drawing it into different districts, where no area of Sterling Heights is a majority.	M. Radtke	2021-11-29 06:31:53+00

Birch V2	Like	This map seems to best reflect a more cohesive culture and economic reality, it speaks more holistically of where people live, work, and go to school.	Jessica Alexander	2021-11-29 01:05:35+00
Magnolia	Opinion	I can accept the Magnolia map I am not pleased with this process. It may be difficult but Redistricting should be open and fair. I expect to this process to be open and fair. Unfortunately it doesn't look to be the case.	Phil Marsh	2021-11-29 00:40:35+00
Palm	Opinion	I can accept the Palm map for the Senate I am not pleased with the lack of transparency in open and fair redistricting. I really expect more from my government.	Phil Marsh	2021-11-29 00:34:29+00
Birch V2	Opinion	While I can accept the Birch map I am not pleased with how this process has been handled. I expect this process to open and it has not.	Phil Marsh	2021-11-29 00:30:31+00

Magnolia Like This map is the best of the lot, but it is pretty awful. With 110 districts, I should have been pretty easy to have lots of rectangle shapes all over the map, but there are hardly any. 96, 50, 49, 35, 34 look reasonable. The rest, over 100 districts, wander here and there. Did any of the committee read the guidelines for drawing up the districts? Susan Rockwell 2021-11-29 00:26:53+00

Palm Like This map is the best of the lot, but it is pretty awful. Every person on the committee has rules they are supposed to adhere to. One of which is to eliminate gerrymandering. Why does district 30 go so far north, while district 31 extends to the south? Same with districts 23 & 23. How is district 32, shaped like a C not gerrymandering? The Detroit area is awful. Look at the long narrow districts 1, 6, 7, 8, 9. And this is the best map. Did any of the committee read the guidelines for drawing up the districts? Susan Rockwell 2021-11-29 00:18:48+00

Birch V2 Like This is the best of our options.  
The gerrymandering in the  
Detroit area needs to be  
adjusted. Susan Rockwell 2021-11-28 23:57:46+00

Magnolia Like There was nothing  
"independent" about the  
MICRC. Clearly the  
Democrat's got their  
"impartial" members on the  
commission based on these  
newly drawn districts that are  
gerrymandered to tilt the  
scales towards the  
democratic party across the  
state! This seems like it's  
part of Eric Holder's plan  
to permanently pervert  
legitimate voting rights.  
Reject these new plans and  
either maintain the status quo  
or use the Magnolia Map for  
the State House of Reps David F. Teller 2021-11-28 22:24:53+00

Sadly, this is the best of the worse when attempting to get maps for the State House that don't favor one political party over the other. All of the House maps need more work and I hope that we can get to a better 50/50 split of political parties so that the minority of voters don't continue to dominate the Michigan House.

Linden	Dislike	Don't include Ann Arbor with Jackson	Brian	2021-11-27 18:19:10+00
Lange Congressional	Dislike	Splintering Downriver taking away their voice and identity with this gerrymandering next step, political castration then their local autonomy.	Valentino Zavala	2021-11-27 18:16:44+00
Palm	Like	Jackson should be separate from Ann Arbor	Brian	2021-11-27 18:15:33+00
Cherry V2	Dislike	none	Brian	2021-11-27 18:11:38+00

Palm	Like	Jackson should remain separate from Ann Arbor.	Kent	2021-11-27 17:10:14+00
Palm	Like	Jackson should remain separate from Ann Arbor.	Marilyn	2021-11-27 17:09:26+00
		Anyone with eye sight can see what this is. This is a complete and utter flim-flam sleight of hand land grab that slow walks Downriver and Western Wayne with eyes wide shut into the throes of a central cities (Detroit.) The next goal, strip local away autonomy and identity then proclaim by decree we are Detroit. We can pay pad their coffers and pay their taxes. No voice, no representation. The whole reason why Downriver and Western Wayne were prepared to succeed from Wayne county for Erie county nearly thirty years ago.		
Szetela House	Like		Valentino Zavala	2021-11-27 17:00:18+00
Magnolia	Like	Dickinson County should not be split up, we belong together as a community! The maps should follow county lines. This is gerrymandering!	Julie Roell	2021-11-27 16:59:41+00

Pine v5	Like	<p>Representation is best when it's a community of interest. Flint being a whole district fits this bill. Those who do not wish this and proclaim it gerrymandering would perhaps say the same thing if Flint were divided into multiple districts. The simple answer is Flint is no longer large enough to be multiple districts unless you want to chop it up</p> <p>While this is the best overall of the proposed maps, none of these proposed state house maps are appropriate for Grand Traverse County. Splitting up district 104 and combining Grand Traverse County with Leelanau places unfair advantages to transplant voters (dominant in Leelanau county) who bring different ideals and values than that of the majority of Grand Traverse County voters. Please consider re-working these maps to keep Grand Traverse County together.</p>	Winston Green	2021-11-27 16:33:07+00
Magnolia	Opinion		Sarah Hehir	2021-11-27 16:19:23+00

Palm	Opinion	All 3 maps are districted the same for my area, however I do feel that overall, this map is the best representation for the state overall.	Sarah Hehir	2021-11-27 15:55:58+00
Chestnut	Dislike	The Thumb is again lumped with Macomb County, which means their voice is our voice. Relative to Detroit, my voice is half of theirs. 700k to 300k - not fair	Michael A Cox	2021-11-27 15:47:21+00
Birch V2	Like	Of the proposed congressional maps, this one most fairly represents Northern Michigan communities.	Sarah Hehir	2021-11-27 15:46:43+00
Szetela House	Dislike	Ada Michigan is not a rural area it is a suburban area not farms and should be linked with the west side of the Grand Rapids area because things like housing, water, fire would be shares communities of interests.	JOAN FIFELSKI	2021-11-27 14:11:05+00
Chestnut	Like	I like this district Eastown is part of the Northeast side of Grand Rapids not the Northwest. Northwest and Eastown would not be a community of interest.	Randolph Hay	2021-11-27 14:09:21+00
Szetela House	Dislike		JOAN FIFELSKI	2021-11-27 14:08:55+00

Szetela House	Dislike	Walker and Grandville are two cities of interest and should be kept together as many people work, shop and travel between these areas. The airport which is in Cascade Township is a major hub for the Grand Rapids Metro area it does not have the same needs or interests as rural areas so it should be kept with the urban House districts.	JOAN FIFELSKI	2021-11-27 14:07:56+00
Szetela House	Dislike	Wyoming and Grands Rapids share a large Hispanic community that should be kept together so they are represented in our State House.	JOAN FIFELSKI	2021-11-27 14:07:00+00
Szetela House	Dislike	Wyoming is the second largest city in the Grand Rapids area and should be kept together as one community of interest with its own State House district.	JOAN FIFELSKI	2021-11-27 14:05:59+00
Szetela House	Dislike		JOAN FIFELSKI	2021-11-27 14:05:13+00

Kalamazoo and Grand Rapids have many interests that are in common like the educational colleges and hospitals that work together on research and giving us our medical professional of tomorrow

Keep Downriver together in one district, please. Our residents have unique concerns and work together economically. We desperately need fair representation that consider our concerns. We've generally been misrepresented in the past. Grouping Wyandotte and other Downriver communities with the more rural communities will once again give us unfair representation. This map does not represent communities of interest.

Linden

Opinion

Suzanne L Zavala

2021-11-27 13:26:34+00

Palm	Opinion	<p>Still not sure how the commission through splitting Downriver into several districts and lumping various Downriver communities with other communities who don't share commonalities. All of Downriver has economic commonalities and lumping some of us with more rural communities or with Detroit will make it much more difficult for our common concerns to be addressed.</p> <p>Not sure how or why the Downriver communities were split. District 4 includes Romulus, Van Buren and Sumpter Township? We don't have much in common with them and will make it more difficult for any elected representative to effectively represent the Downriver community.</p>	Suzanne L Zavala	2021-11-27 13:22:09+00
Szetela Senate	Opinion	<p>District 5 is not good representation for Wyandotte and the other Downriver communities. To be lumped in with Detroit will generally make it more difficult for Downriver to get</p>	Suzanne L Zavala	2021-11-27 13:18:30+00
Kellom Senate	Dislike	<p>representation.</p>	Suzanne L Zavala	2021-11-27 13:15:31+00

Palm	Like	This keeps Jackson County intact. Don't need to be part of Ann Arbor culture.	Larry	2021-11-27 13:10:04+00
Pine v5	Dislike	This doesn't make any sense as far as Southgate is concerned. How was this division created? Most of the State House maps are identical as far as Downriver is concerned, except this one. There isn't much difference in these maps. Splitting the whole of Downriver will negatively impact our representation. Taylor and Allen Park have more in common with Wyandotte and Southgate than Detroit. Wyandotte and Southgate have more in common with Taylor and Allen Park than Ann Arbor. Downriver communities often work together and splitting our representation will not be fair.	Suzanne L Zavala	2021-11-27 13:02:20+00
Apple V2	Dislike		Suzanne L Zavala	2021-11-27 12:42:13+00

Again splitting Downriver into separate districts will not serve my area. Our cities have much more in common with each other than some of the residents in this proposed map, especially Detroit and the rural communities. Our previous congressional representation has been lacking in favor of Detroit for many years. Downriver always seems to be an afterthought. Please keep all of Downriver together as a community of interest. Taylor, in particular as the largest Downriver community, should be included with the other Downriver communities as one COI. This map will negatively affect our representation.

Szetela Congressional Dislike	<p>Not a good map for West Michigan representation. Same situation as the current district 3 Gerrymander. There is some merit to combining city like areas like Grand Rapids and Muskegon, but there are too many country areas for fairness. Better to go with Apple V2 to better represent all these areas.</p> <p>This map does justice for Michigan. My brother-in-law in Kalamazoo will be happy because he lives in the city and always thought that he was not represented well because of the majority of farm communities in his district. I like it because my vote will now count. Maybe we can get a Congressmen that will represent us.</p>	Steve Fish	2021-11-26 15:55:06+00
Apple V2	Like	Steve Fish	2021-11-26 15:14:17+00

Apple V2	Like	<p>Appreciate that the Commission has generated a Communities of Interest district centered around the two largest cities in West Michigan. Kalamazoo and Grand Rapids have many common characteristics that need to be addressed at the Federal level. Thanks for providing representation for this large urban population. (over 600,000 people)</p>	Lisa Lamancusa	2021-11-26 14:31:40+00
Szetela House	Dislike	<p>Do not agree with this map. For a State House district, Ada township and Cascade township should not be included with rural areas in Kent Allegan and Barry counties. Both of these townships should be with the Grand Rapids six city area like in the Hickory, Pine V5 or Magnolia maps.</p>	Lisa Lamancusa	2021-11-26 14:27:00+00
Hickory	Like	<p>We appreciate that the Commission has kept Ada as part of the northeast Grand Rapids area district 81. We are an integral part of this urban area. Thank you for considering our comments and giving us representation.</p>	Lisa Lamancusa	2021-11-26 14:20:27+00

Palm	Dislike	<p>This is such a gerrymandered map. But all of them are. Please do the work the voters sought: Create a fair map with competitive districts as much as possible. This isn't it; but the others aren't, either. I've already posted a comment on the Birch map that speaks to all the maps generally, so I'll be brief. This map, like others, appears quite gerrymandered. Competitive districts instead of safe blue or red districts, would hopefully bring better candidates, whether incumbent or challenger, This map, like others, is extremely disappointing. It has a clear</p>	Elisa Tomaszewski Mantey	2021-11-26 11:45:28+00
Apple V2	Dislike	<p>GOP tilt.</p>	Elisa Tomaszewski Mantey	2021-11-26 11:39:39+00

This map -- as well as all the others -- still looks quite gerrymandered. It's as if you're trying to create safe Democratic districts and safe Republican districts, instead of competitive districts. The whole point of voters approving establishment of the commission was to make the districts, at least overall, more fair. All the maps have a clear Republican tilt. A Democratic tilt wouldn't be fair either. A truly competitive map would help inspire candidates, whether incumbent or challenger, Democrat or Republican, to provide better ideas and better representation to their voters, not just their party. I'm sure this panel has worked hard, but every map I've seen is extremely disappointing. And I'm not just talking about the district in which I live; these maps need more work. They are Basically the same map as Lange for my city and a complete joke. Gerrymander much?

Robert

2021-11-25 02:45:28+00

Linden or Szetela or Kellom at least kept us in some semblance of our own rural community. Lange, Palm and Cherry split us from our neighbors right across the road with the same Webberville mailing address. They take White Oak completely out of any option to have a voice by assuming our concerns are the same as those of communities in western Ingham county and Lansing. What an odd division to have our nearest towns of Webberville and Stockbridge also isolated into two other separate districts. Please

Lange Senate	Dislike	reconsider.	Lorie Culham	2021-11-25 02:24:25+00
Magnolia	Like	I agree with this one.	Harry Billings	2021-11-25 01:42:40+00
Palm	Like	This map makes the most sense to me.	Harry Billings	2021-11-25 01:39:49+00
Birch V2	Like	We need the mix of rural and urban voters that this map accomplishes.	Harry Billings	2021-11-25 01:33:03+00

Pine v5	Like	This map makes a great deal of sense and will help our county and the Four Lakes Task Force secure the assistance needed from State government to recover and plan for the future. Thank you for using common sense as our community has overwhelming unity in need to be one voice at this moment in history.	Andrew Booms	2021-11-25 01:17:27+00
Lange Senate correct	Like	This map does a great job preserving the Tittabawassee watershed and helps ensure the community can recover from the horrible events of May 2020.	Andrew Booms	2021-11-25 01:14:13+00
Lange Congressional	Like	Wow - I didn't realize common sense was so easy to recognize. This map finally keeps Midland whole and gives us assurance our representative will work for us!	Andrew Booms	2021-11-25 01:07:38+00
Apple V2	Dislike	This Map like the Birch map is clearly carving out the city of Midland from the surrounding communities of interest. If forced to choose something that seems wrong, this version is least repelling to me.	Andrew Booms	2021-11-25 01:04:30+00

Chestnut	Dislike	<p>This one looks better than the other two, but it still does not give the Tittabawassee watershed united representation. If you want to adopt a map that will pass the question, does this look like gerrymandering? This is your map, yet it disregards so many voices in an effort to redshift political party representation so it still sounds like gerrymandering.</p>	Andrew Booms	2021-11-25 00:59:05+00
Magnolia	Like	<p>While none of the State House maps fully eliminate strangely shaped districts, this map appears to be the best of the lot. Most districts boundaries keep regional and economic communities intact in a rather compact and reasonable manner.</p>	Jerry Jaloszynski	2021-11-25 00:59:01+00
Apple V2	Dislike	<p>This map does not reflect the actual interest of Midland at all. My voice will be lost to Saginaw and Flint.</p>	Andrew Booms	2021-11-25 00:52:31+00

Magnolia	Like	<p>This map doesn't make sense putting our rural area of Clinton County in with East Lansing, and having an oddly shaped district. But it is the least Chaotic of the proposed maps and thus one that can be accepted while holding ones nose. The priority of Communities of Interest obviously was not used by the commission based on the results of these maps- breaking up Clinton County. After further examination of the proposed State House maps, I've come to the conclusion that the Szetela House Map is the most gerrymandered of them all. The map is full of odd-shaped districts. We sold the independent redistricting commission to the public with the promise of no more gerrymandered districts favoring one party or the other. This map fails to perform to the intent of the voters and should be rejected.</p>	Janice Harte	2021-11-25 00:46:07+00
Szetela House	Dislike		Jerry Jaloszynski	2021-11-25 00:46:05+00

Palm	Like	<p>While this map does not make sense, putting East Lansing and Lansing in with Clinton County, while cutting off part of northern Clinton County, it is the best of the proposed maps. The oddly shaped districts looks like political pressure was put on the the supposedly "nonpartisan" nature of this redistricting process.</p>	Janice Harte	2021-11-25 00:12:19+00
Birch V2	Like	<p>This Birch Map is mostly fair. It doesn't separate Lansing and East Lansing from Clinton County, my community of interest as I requested on but at least has some balance over all.</p>	Janice Harte	2021-11-25 00:01:57+00
Hickory	Dislike	<p>On behalf of APIA Vote-MI, we ask the commission to spend more time revising the state house maps. We recognize that the MICRC has already worked very hard, but we need to spend more time to ensure fairness as we will be stuck with these maps for 10 years</p>	Marunur R Choudhury	2021-11-24 23:56:32+00
Linden	Opinion	<p>On behalf of APIA Vote-MI, Linden is the best choice out of the state senate maps with respect to fairness and protection of COIs.</p>	Marunur R Choudhury	2021-11-24 23:52:53+00

Birch V2	Opinion	On behalf of APIA Vote-MI Birch and Chestnut are the best options for congressional maps with respect to fairness and protection of COIs.	Marunur R Choudhury	2021-11-24 23:41:58+00
Chestnut	Opinion	On behalf of APIA Vote-MI Birch and Chestnut are the best options for congressional maps with respect to fairness and protection of COIs. Feel this represents the areas best out of the 3 map options. Please support this map.	Marunur R Choudhury	2021-11-24 23:35:01+00
Pine v5	Like	Thank you.	Nancy M Howk	2021-11-24 20:40:54+00

District 9 is NOT remotely a cohesive community. Aside from occupying the state of Michigan there are simply too many disparate communities in this map. Suburban, near/inner semi agricultural, only agricultural, communities that support the arts and DIA and vast swathes that do not. If ever there was an effort to ram republican candidates down the throats of north Oakland County voters this is it! I'm sure the rural and east side communities don't mind but I see this as a dilution of my communities ability to have a voice in the US house. After being represented by Elissa Slotkin for 4 years this is a non-starter. There will never be a rep in this district that will represent my community. It is NOT POSSIBLE and makes absolutely NO SENSE to put anyone north of Oakland county into this map/district!

Birch V2

Magnolia	Dislike	<p>Same as Hickory. Battle Creek has nothing in common with the rural portion of Calhoun County it's paired with. Should have expanded directly around Battle Creek and combined the remaining rural areas together. Feels like an attempt to cancel voices. Please DO NOT support this map. Thank you.</p>	Nancy M Howk	2021-11-24 20:40:04+00
Hickory	Dislike	<p>Same as Magnolia. Battle Creek has nothing in common with the district identified. Should have expanded directly around Battle Creek Area and combined the balance into an area. Feels like cancelling voices here! Please DO NOT Support this map. Thank you.</p>	Nancy M Howk	2021-11-24 20:37:36+00
Magnolia	Dislike	<p>Battle Creek and the rural area across the top of Calhoun County have nothing in common. Why wouldn't you expand directly around Battle Creek into an area and then the balance of Calhoun County together. Please DO NOT Support this map. Thank you.</p>	Nancy M Howk	2021-11-24 20:33:13+00

Cherry V2	Dislike	<p>Please DO NOT vote this map in, the west side of Calhoun County has NOTHING in common with a majority of the District represented here. Why would a Single District snake for such a length, but if only to cancel out voices.</p> <p>Thank you.</p>	Nancy M Howk	2021-11-24 20:28:07+00
Kellom Senate	Dislike	<p>Any map that Splits Ann Arbor is an insult to the people of Ann Arbor, Jackson, and Michigan. Creating a democratic majority at the expense of communities of interest is a joke.</p>	Deandre M	2021-11-24 19:41:38+00
Linden	Dislike	<p>Any map that Splits Ann Arbor is an insult to the people of Ann Arbor, Jackson, and Michigan. Creating a democratic majority at the expense of communities of interest is a joke.</p>	Deandre M	2021-11-24 19:31:22+00
Palm	Like	<p>Only one map - this map - makes sense got javkson and Ann Arbor. This is the best Senate map.</p>	Deandre M	2021-11-24 19:29:15+00

I urge the commission to resume work on these maps to get them closer to zero political bias. None of the state house maps meets partisan fairness standards. The map with the most partisan fairness is Szetela's map and the Midland-Bay City district makes sense. If this map is not available for the initial vote, and the commission refuses to improve the partisan fairness scores of the maps, I reluctantly support Hickory as it has the best partisan fairness scores of the 3 collaborative maps.

Opinion

Carol A Sullivan

2021-11-24 19:26:23+00

Chestnut	Like	<p>I write to encourage adoption of the Chestnut map for the Congressional district encompassing where my family lives, works, and spends money. Chestnut has the best partisan fairness scores among the top three options. Increasing fairness = increasing competitiveness = better representation for this Mid-Michigan region. Thanks to all involved in good faith efforts to achieve fairer, more representative redistricting in our state.</p>	Carol A Sullivan	2021-11-24 19:21:34+00
Cherry V2	Dislike	<p>Any map that Splits Ann Arbor is an insult to the people of Ann Arbor, Jackson, and Michigan. Creating a democratic majority at the expense of communities of interest is a joke.</p>	Deandre M	2021-11-24 19:21:15+00

Linden	Like	<p>As a Midland resident and someone who spends money and supports endeavors throughout the Tri-Cities, I write to encourage adoption of the Linden State Senate map. Of the three map options which group the Tri-Cities, Linden offers the best possibility of electing a representative outside of political extremes. Competitive elections will yield more engagement among the electorate and representation better aligned with the entirety of a district's constituency. Thanks to all involved in good faith efforts to achieve fairer, more representative</p> <p>redistricting in our state.</p> <p>This is the best map but it doesn't go far enough to represent partisan fairness. Please create a new map that</p>	Carol Sullivan	2021-11-24 19:08:52+00
Szetela House	Opinion	<p>is fair.</p> <p>This is the better of two ugly maps. It keeps Grand Rapids with surrounding communities instead of with the distant city of Muskegon.</p>	Suzanne Perkins	2021-11-24 18:41:21+00
Lange Congressional	Opinion		merlin steffes	2021-11-24 18:13:49+00

Magnolia	Like	I don't understand why the series of carve outs across the central counties. Why not just keep the counties whole? But overall this map is the best of the choices.	William Gordon	2021-11-24 17:28:16+00
Palm	Like	This map is the best of the options. Overall this map is the most acceptable of the choices.	William Gordon	2021-11-24 17:21:01+00
Birch V2	Like	Take this one with minor tweaking.	William Gordon	2021-11-24 17:15:50+00
Birch V2	Dislike	This 'tooth' in Washtenaw should be left in Washtenaw. It defeats the 'keeping districts square' concept. The population can be adjusted in Ionia or Shiawasse County where you are already splitting the County. State legislators need fair maps where both parties are competitive. This district along with the other two up for consideration are better than the one that combines parts of Calhoun County with Kalamazoo County. Good job Commissioners!	William Gordon	2021-11-24 17:13:01+00
Hickory	Like		Liam Smith	2021-11-24 16:56:10+00

During the great migration, many African Americans moved to the Calhoun County area in Albion and Battle Creek for jobs. The VRA requirements in the redistricting commissions mandates state that African Americans and other people of color need to be given a voice so that their votes aren't drowned out. Leaving Albion and Battle Creek intact in one district helps with their representation in the state legislature. Most people don't see their state legislative map as their "community" so issues related to school districts and such aren't really relevant to most folks. It should be cultural similarities and economic engines that determine a state legislative map community of interest. I don't want as much cracking and packing in these maps and this does a good job for a district.

On behalf of APIA Vote-MI, we urge the commission to spend more time on the house maps to ensure that they are as fair as possible. The MICRC was established in part to right the wrongs that gerrymandering has caused to Michigan, and if we proceed further with the state house maps as is, then gerrymandering will continue to damage the political process in our state for at least 10 more years (with the impact being felt the most in our communities of color). I know that the commission has worked very hard on these maps, but we need to spend more time. Continued effort to ensure fairness is absolutely worth the extra effort, because, again, we will have to live with these maps for 10 years.

Birch V2 Dislike Residents repeatedly asked the Commission to respect COI by keeping all 18 Downriver communities In Wayne county together in one congressional district. Instead, Downriver has been divided into three democrat gerrymandered congressional districts. Two districts are joined with Detroit which, with the exception of the Delray neighborhood, does not have the shared values, economic interests or history of Downriver. The third district pairs Downriver communities with Ann Arbor, a college town, completely disconnected from our way of life Downriver. Lesley Thomas 2021-11-24 06:12:29+00

Szetela Congressional Dislike Keep Ottawa county together. Another map lumping large cities with rural areas. We live in Ottawa county to get away from Grand Rapids. Looks like a gerrymander map just to get to Muskegon. The worst for common interests. Of the last four, APPLE V2 map is the best for West Michigan. Arend Gilligan 2021-11-24 05:32:24+00

Birch V2	Dislike	<p>This map splits Ottawa county and lumps too many far away cities with rural areas. Looks like hints of gerrymandering just to get Allendale. One of the worst for common interests. Of the last four, only the APPLE V2 works the best for West Michigan.</p>	Arend Gilligan	2021-11-24 05:24:40+00
Chestnut	Dislike	<p>This map chops up Ottawa county and lumps too many far away cities with rural areas. What a mess, nothing in common! Of the last four, only the APPLE V2 works the best for West Michigan.</p> <p>Best of "final four" congressional maps. Lets the lakeshore/rural communities stay together. Keep the largest inland urban/cities in their own districts with their own interests. Keep my</p>	Arend Gilligan	2021-11-24 05:16:51+00
Apple V2	Like	<p>Ottawa county united!</p>	Arend Gilligan	2021-11-24 05:04:58+00

Chestnut	Opinion	In listening to the hearings - arguing that Midland should be included with Bay City etc. due to "watershed" is a poor argument for COI as the entire state has watershed issues.. The most important matter for maps is partisan fairness, followed by community of interest. Closest to partisan fairness. Keeps COI Farmington / Farmington Hills together.	Lori Boyce	2021-11-24 03:46:15+00
Birch V2	Like	Keeps Detroit together. Birch, seems to be a better	Lori Boyce	2021-11-24 03:36:49+00
Birch V2	Like	option for Michigan	Connie Schultz	2021-11-24 03:36:17+00

Isolating Coe Township from the rest of Isabella County divides several Communities of Interest:

- 1.Educational-Coe Township is part of the Gratiot-Isabella Intermediate School District.
- 2.Economic-The primary shopping area for Coe Township residents is the City of Mt. Pleasant in Isabella County.
- 3.Social Services-The Gratiot-Isabella United Way serves vulnerable Coe Township citizens.
- 4.Environmental-Like many townships in Gratiot and Isabella counties, Coe Township has invested in wind energy.

2021-11-23 23:01:25+00

Birch V2	Dislike	<p>West Michigan is not represented fairly in this map. This is not a fair map for the state as a whole. The rural population included with the Grand Rapids city areas takes away from the city voice. I will bet that the rural population does not want to be lumped in with the city also. In addition, these townships do not want to be in the same district with Grand Rapids city. The lakeshore district is divided extensively. Apple V2 is the only map with fair representation.</p>	Steve Fish	2021-11-23 22:51:36+00
Birch V2	Like	<p>Map keeps Farmington and Farmington Hills together, includes established neighborhoods and growth areas, offers a good mix of urban, rural and communities in between.</p>	Frederick Beiermeister	2021-11-23 22:46:20+00
Hickory	Dislike	<p>This map is unfair because it does not give equal weight to all people voting - it should provide partisan fairness and fair weight.</p>	Betty Jane Palm	2021-11-23 22:15:18+00

Pine v5 Like Finally! Districts drawn that reflect the population better. I've lived in Grand Rapids area for 22 years and I have never felt the districts, as drawn, reflected the voters of this area. Ever. Thank you for trying to reflect reality. Sean Lancaster 2021-11-23 22:09:45+00

Szetela House Dislike Of all the proposed maps being considered for federal Congressional and State Senate and House Districts, the Szetela House Map is the only one not keeping Isabella County whole. Taking one township and making it part of a district to the east simply doesn't make sense. Do not adopt this poorly drawn map. Keep Isabella County whole! Jerry Jaloszynski 2021-11-23 21:52:56+00

		<p>One more general comment.  Why in the world are you analyzing these communities based on race? If my neighbor is a different race than me, we still have more in common than someone of my same race who lives in an entirely different type of community, rural vs urban for example. Perhaps that is why you are having so much trouble drawing fair maps</p>		
Szetela House	Dislike	<p>that respect communities. Argentine Township should remain where it currently is today, our concerns are similar to those around us not</p>	Melanie A Kurdys	2021-11-23 21:48:54+00
Chestnut	Dislike	<p>in a different county.</p>	Sue Ann Syoen	2021-11-23 21:41:44+00
		<p>Why is there not a single map that keeps Allegan County intact or with just 2 Representatives as we are today? We are a community of interest, with many similar communities and interests. The obvious gerrymandering is a disappointment given the message from the community when the commission was</p>		
Szetela House	Dislike	<p>voted for. Please try again.</p>	Melanie A Kurdys	2021-11-23 21:40:55+00

Hickory	Dislike	<p>It is so disappointing to see the obvious gerrymandering in these maps. Allegan County is again split into 6 districts, breaking up our community of interest into fragments. Please go back to the drawing board. Surely you can do better.</p>	Melanie A Kurdys	2021-11-23 21:36:07+00
Pine v5	Opinion	<p>Every one of these State House maps creates a series of long narrow districts that connects disparate communities on either end and carves up northern Detroit. As a Birmingham resident, I want to retain a district that has a coherent political identity. As someone who follows mapping closely, these districts are way more gerrymandered than the current 2010 districts.</p>	Joseph Michael Zane	2021-11-23 21:35:15+00
Linden	Like	<p>Thank you for making a map that unpacks Washtenaw County voters. This is a vast improvement compared to other Senate Map drafts, and much better than the unfair unconstitutional Palm map</p>	Chris Lewis	2021-11-23 21:33:11+00

Magnolia	Dislike	<p>This map splits Allegan County into 6 (I think) districts! As a county, we are a community of interest with many similar communities. Even the lakefront, which is a treasure of the county. We voted for this Commission to reduce gerrymandering and this clearly cuts up our county and the state into communities without mutual interest.</p>	Melanie A Kurdys	2021-11-23 21:30:24+00
Pine v5	Dislike	<p>Voters approved this Independent Commission to REDUCE gerrymandering. Clearly, Allegan County, as well as many others, have been divided then combined with communities who share no common interests. The weird lakeshore district is a prime example of gerrymandering. Please respect the will of the people. Draw maps that maximize the retention of intact counties.</p>	Melanie A Kurdys	2021-11-23 21:23:17+00
Pine v5	Like	<p>This map fits the COI intent and keeps Troy intact. This map should be adopted.</p>	Jeff Alan Schaeper	2021-11-23 21:21:51+00

Hickory	Like	<p>Why is the largest city in Oakland County being split? This makes no sense and violates COI guidelines. I fail to see how West Sterling Heights have a stronger connection to East Troy as we don't share schools, library, police, fire and other essential services. This map should be rejected.</p>	Jeff Alan Schaeper	2021-11-23 21:20:16+00
Magnolia	Dislike	<p>Why is the largest city in Oakland County being split? This makes no sense and violates COI guidelines. I fail to see how West Sterling Heights have a stronger connection to East Troy as we don't share schools, library, police, fire and other essential services. This map should be rejected.</p>	Jeff Alan Schaeper	2021-11-23 21:18:56+00
Szetela House	Dislike	<p>Why is the largest city in Oakland County being split? This makes no sense and violates COI guidelines. I fail to see how West Sterling Heights have a stronger connection to East Troy as we don't share schools, library, police, fire and other essential services. This map should be rejected.</p>	Jeff Alan Schaeper	2021-11-23 21:17:35+00

Palm	Dislike	<p>This map is an unfair partisan gerrymander, and doesn't follow the constitutional requirement of partisan fairness. You spent weeks finding a way to unpack Washtenaw County, so why would you completely undo your work for a map that scores lower on partisan fairness? Please look at the Linden or Cherry V2 maps instead because they follow the constitution, and don't silence the votes of Washtenaw County residents</p>	Chris Lewis	2021-11-23 20:20:16+00
Linden	Like	<p>This is a good map for the Tri-cities. I like that you have put Midland, Bay City, and Saginaw together, and have included the areas adjacent to each city. I look forward to having a more competitive district, where either party will have a chance of winning the election.</p>	Allison Wilcox	2021-11-23 19:45:26+00
Cherry V2	Dislike	<p>Genesee County have 5 senators??? this is wild. It washes out the communities of interest. this is the 5th largest county in the state and should remain in place.</p>	Holly Armstrong	2021-11-23 19:37:58+00

Linden	Like	This seems like the fairest way to treat this area	Nan Green	2021-11-23 19:36:15+00
Palm	Dislike	This map is the most unfair of the Senate maps	N Green	2021-11-23 19:28:24+00
Palm	Dislike	Southern St.Clair should not be in the same district as Wayne county. Just because we are lake communities does not mean we are the same community of interest.	Dominic Jakubowski	2021-11-23 19:28:04+00
Szetela House	Like	All House maps are unfair, but Szetela is much better than Pine or Magnolia. Consider going back to drawing board. These maps should be better. Thanks for unpacking Democrats in Lansing area.	Matthew D. Horwitt	2021-11-23 19:24:31+00
Cherry V2	Like	This is a more fair way to map this area	Nancy Green	2021-11-23 19:23:01+00
Hickory	Like	All House maps are unfair, but Hickory is much better than the others. Consider going back to drawing board. These maps should be better. Thanks for unpacking Democrats in Lansing area.	Matthew D. Horwitt	2021-11-23 19:21:53+00
Birch V2	Like	this would be better if Warren wasn't divided but it is still the best version.	Ron Singer	2021-11-23 19:20:38+00
Palm	Like	This map keeps the lakeshore community of interest together along Lake St. Clair	Monica Palmer	2021-11-23 19:20:20+00

Magnolia	Dislike	The Magnolia map is very unfair and should be rejected. Makes Republican control likely even in Democratic years. Hickory is better. Consider going back to drawing board. These maps should be better.	Matthew D. Horwitt	2021-11-23 19:18:30+00
Magnolia	Like	This map represents the lakeshore community of interest along Lake St. Clair.	Monica Palmer	2021-11-23 19:17:02+00
Pine v5	Dislike	The Pine map is unfair and doesn't address issues raised at Detroit hearing. All maps are bad. Consider going back to drawing board. If you won't, choose Hickory	Matthew D. Horwitt	2021-11-23 19:15:43+00
Szetela Senate	Like	Szetela is a fair map, although still has Republican bias. Districts in Ingham-Eaton-Clinton are competitive and reflect the diverse communities.	Matthew D. Horwitt	2021-11-23 19:05:40+00
Szetela Senate	Like	Szetela is a fair map, although still has Republican bias. Districts in Ingham-Eaton-Clinton are competitive and reflect the diverse communities.	Matthew D. Horwitt	2021-11-23 19:05:40+00

Lange Senate correct	Dislike	The Lange map has more partisan bias. It makes it less likely that the party with the most votes wins the seats. I want fairness, not bias. Please do not adopt this map.	Matthew D. Horwitt	2021-11-23 19:02:24+00
Lange Senate correct	Dislike	The Lange map has more partisan bias. It makes it less likely that the party with the most votes wins the seats. I want fairness, not bias. Please do not adopt this map.	Matthew D. Horwitt	2021-11-23 19:02:24+00
Kellom Senate	Dislike	The Kellom map has more partisan bias. It makes it less likely that the party with the most votes wins the seats. I want fairness, not bias. Please do not adopt this map.	Matthew D. Horwitt	2021-11-23 18:59:09+00
Palm	Like	This map represents my community the best.	scott blaine	2021-11-23 18:58:37+00

The Hickory map is the best of the proposed maps. I like how it has the whole of Midland County together plus an added chunk to get to the population density needed. I do not support the little bits of Bay County being included - so small, just leave with Bay County. If there is a possibility of making some adjustments to the map to make this district more competitive party-wise, that would be preferable. That's the whole purpose of Prop 2. Thank you very much for your service in this first round of an independent commission.

2021-11-23 18:56:48+00

Chestnut	Like	<p>I support the Chestnut map. It is a good representation of our communities of interest with the Tri-Cities area together. We have many similarities economically, environmentally and in our education systems. Thank you for listening to our concerns and developing a map to represent us in the future.</p>	Kay Rochlitz	2021-11-23 18:56:22+00
Palm	Dislike	<p>Palm is a very unfair map. Linden and Cherry are much better. Map would ensure Republican control even in Democratic years.</p>	Matthew D. Horwitt	2021-11-23 18:54:29+00
Cherry V2	Like	<p>Cherry is a relatively fair map, although less compact than Linden. All Senate maps have Republican bias, but this is better than Palm. Districts in Ingham-Eaton-Clinton are competitive and reflect the diverse communities.</p>	Matthew D. Horwitt	2021-11-23 18:52:04+00

Pine v5 Dislike Although it is appreciated that Orion Township and Village are kept whole, taking pieces of Oakland Twp, Auburn Hills Bloomfield Hills and Bloomfield is converging "unlike" communities together. Orion community aligns most similarly to communities to the North, East and West not South. All three map versions have the same flaw. Donni Steele 2021-11-23 18:51:02+00

Magnolia Dislike Although it is appreciated that Orion Township and Village are kept whole, taking pieces of Oakland Twp, Auburn Hills Bloomfield Hills and Bloomfield is converging "unlike" communities together. Orion community aligns most similarly to communities to the North, East and West not South. Donni Steele 2021-11-23 18:48:38+00

Hickory	Dislike	<p>Although it is appreciated that Orion Township and Village are kept whole, taking pieces of Oakland Twp, Auburn Hills Bloomfield Hills and Bloomfield is converging "unlike" communities together. Orion community aligns most similarly to whole communities to the North, East and West not South.</p>	Donni Steele	2021-11-23 18:46:06+00
Szetela Congressional	Like	<p>Szetela is a fair statewide map, although all maps have Republican bias. Several competitive seats. Thanks for keeping Ingham-Eaton-Clinton together.</p>	Matthew D. Horwitt	2021-11-23 18:43:11+00
Lange Congressional	Dislike	<p>All the maps are unfair but the Lange map is the worst. It has Republican bias. It breaks up the Lansing region, while the others do not. Chestnut, Birch and Szetala are preferable. Map for Lansing Region district is less compact.</p>	Matthew D. Horwitt	2021-11-23 18:40:50+00

Apple V2	Dislike	<p>The Apple map has more partisan bias. It breaks up the Lansing region, while the others do not. Chestnut, Birch and Szetala are all better statewide and for the Lansing region. Apple makes it more likely that Republicans win more seats even in Democratic years.</p>	Matthew D. Horwitt	2021-11-23 18:28:48+00
Birch V2	Like	<p>Birch is a fair statewide map where party with most votes probably wins most seats, although all maps have Republican bias. Thanks for keeping Ingham-Eaton-Clinton together. Apple and Lange maps are very unfair.</p>	Matthew D. Horwitt	2021-11-23 18:25:02+00
Chestnut	Like	<p>This is a fair statewide map where party with most votes probably wins most seats, although all maps have Republican bias. Chestnut has several competitive seats. Thanks for keeping Ingham-Eaton-Clinton region together. Apple and Lange maps are very unfair.</p>	Matthew D. Horwitt	2021-11-23 18:18:20+00
Apple V2	Dislike	<p>Hemlock and Merrill should remain in a district that includes a larger portion of Saginaw County and/or Midland County.</p>	Sarah Brooks	2021-11-23 18:12:37+00

Palm	Like	I like this map the best out of all the presented options because it keeps the lakeshore (Muskegon County and north) together, and this well represents me.	Taleah Greve	2021-11-23 17:57:21+00
Birch V2	Like	Of all the maps, this is the fairest and keeps my local District and community of interest together.	Taleah Greve	2021-11-23 17:40:56+00
Birch V2	Dislike	Northville, Plymouth and Canton have much more in common with Livonia. These communities should all be in the same district.	Donald Mitzel	2021-11-23 17:37:35+00
Linden	Like	Fair map, along with Cherry. Deserves consideration, unlike Palm, which is the worst.	Lisa Ann Keith	2021-11-23 17:34:53+00
Palm	Dislike	Terrible map and least partisan of all of them. This map should not be considered.	Lisa Keith	2021-11-23 17:31:54+00
Palm	Dislike	This unfairly packs Democrats into one district and is totally unnecessary. By far this is the least fair map.	Joshua Michael Drzewicki	2021-11-23 17:28:11+00

Linden	Like	In regards to partisanship, this is a generally fair map. Would like to see some work, but it's definitely serviceable and would provide our state with relatively fair maps in the Senate for the next 12 years.	Joshua Drzewicki	2021-11-23 17:27:52+00
Palm	Dislike	This is a horribly partisan map!	Danielle Emerson	2021-11-23 17:26:29+00
Cherry V2	Like	This is a great, proposed map that needs every consideration given to it.	Lisa Keith	2021-11-23 17:26:14+00
Linden	Like	This map is fairer than the rest.	Danielle Christine Emerson	2021-11-23 17:25:23+00
Cherry V2	Like	The Cherry v2 map is good because it's the most partisanly fair of the maps available. Not perfect, but it's the best available.	Joshua Drzewicki	2021-11-23 17:22:53+00
Cherry V2	Like	closest to fair of all the maps available	Jolene Vatter	2021-11-23 17:22:34+00
Cherry V2	Like	The partisan fairness is best on this map!	Danielle Emerson	2021-11-23 17:22:02+00

Pine v5	Dislike	Please don't create a Lake Shore districts. I understand the Lake shore has unique challenges. however, everyone in the Allegan County has a stake in this lakeshore. Allegan County is very cut up. County lines need to be respected as best they can be. (All these maps have same issue for Allegan)	Mark A Evans	2021-11-23 17:11:02+00
Magnolia	Dislike	Please don't create a Lake Shore districts. I understand the Lake shore has unique challenges. however, everyone in the Allegan County has a stake in this lakeshore. 2021-11-23 17:07:00+00

Beck Road from M-14 to I-96 is a corridor. This part of Novi travels south into Wayne Co for work and schools. The section of Novi and Northville have grown up together, in a way the rest of Oakland county did not. People in this District 6 map know Novi well. Novi's voice will be heard in this district and not drowned out by the Central and Eastern Oakland area with very different issues. Novi does share a bond with this area, and although a cut off at between counties at 8 miles appears to be a clean line, there are many ties that would be severed in doing so. KEEP this map. It works for District 6. District 48 being in Livingston county and Ann Arbor make no sense. Only some of these people have thoughts and actions that are a polar opposite of normal common sense. There is no way that this group can have fair representation.

At the very least I would understand a Lansing or East Lansing based seat dipping into Bath or DeWitt, but anything beyond that into Clinton County makes no sense from a COI standpoint. The Clinton County/Grand Ledge district you guys initially had maintained the County COI and created a competitive seat. Had you kept that, took Delta Township and the western part of Lansing Township into the rest of Eaton County, you still would have ended up with 4 dem seats and a swing seat like you have on this. If we're going to accept that cities can be COIs we should be doing the same with counties too. Please take Capital region COIs into more consideration.

I am a rural Midland County resident. I support the Linden map proposal for districts 34 and 35. While it would be nice to have the county whole for representation at the state level; there are many competing needs you must consider. Therefore, I agree with having the county split and the Tri-Cities of Midland, Saginaw and Bay City in one district (most important) and the rural Midland county with the northern rural areas. This map is more non-partisan than what we have today and a vast improvement. It could be better, but this is a significant first step in the right direction. Thank you very much.

2021-11-23 10:17:36+00

Birch V2 Like This is an acceptable map with partisan fairness scores only slightly higher than Chestnut, but I like District 8 in Chestnut better because it keeps most of Bay, Saginaw, and Genesee Counties whole And keeps the city of Midland with the rest of the tri cities and Flint. This is the community of interest for the City of Midland. Greg Mayville 2021-11-23 10:12:50+00

Magnolia Dislike While I respect the changes made to this map to improve the COI representation and majority-minority districts in the Detroit area, it has the worst partisan fairness scores and doesn't give Midland a competitive district. Hickory keeps all of Curry and Kelloms changes to Magnolia but also improves the partisan fairness scores. If you aren't going to improve the partisan fairness scores of the maps please select Hickory as the best map for Michigan. Greg Mayville 2021-11-23 10:02:35+00

Pine v5	Dislike	<p>None of the House maps reflect true partisan fairness and they all lean in favor of Republicans. The Pine V5 has the same partisan fairness scores as Hickory, but it does not contain the changes made to the Detroit area by Commissioners Kellom and Curry. Hickory has the same partisan fairness scores as Pine V5 but also has the Detroit changes to honor COI's and improve majority-minority districts. If you are not going to improve the partisan fairness of the maps please select Hickory as the best map for Michigan.</p> <p>I am thankful that the commission has consistently drawn a Tri-Cities Senate district. We appreciate you listening so carefully to the citizens of Mid-Michigan. The Palm map has the worst partisan fairness scores of all 3 senate maps. Please do not choose this map. It does not represent Michigan well. Please select the Linden amp for the senate districts.</p>	Greg Mayville	2021-11-23 09:59:18+00
Palm	Dislike		Greg Mayville	2021-11-23 09:55:42+00

None of the State House maps achieve the partisan fairness scores they should because they all favor Republicans by more than 5%. Every district drawn for the Midland House is heavily biased in favor of Republicans instead of giving the area a competitive district. If I have to choose between the 3 biased maps, the Hickory map is the most fair. Even if I'm unable to have a competitive district for Midland, I want the rest of the state to have a good map. Hickory keeps all the alterations made to the Detroit area to increase majority-minority districts and improve the representation of COI's, and also has the lowest lopsided margin and efficiency gap numbers. Hickory is the best map of the 3 for the state.

Hickory

Like

Greg Mayville

2021-11-23 09:51:45+00

I support the Linden State Senate Map. All 3 maps have drawn the Tri-Cities (Midland, Bay City, Saginaw) district that I support, but Linden has the lowest efficiency gap score and the lowest lopsided margin. Even though these scores are still in favor of Republicans and not where they should be, if I am choosing between the 3 maps, Linden is the one that gives Michiganders the best chance to elect representatives that will represent them and not a political party. Thank you for listening and giving the people of Mid-Michigan fair districts.

Linden

Like

Greg Mayville

2021-11-23 09:48:16+00

I support the Chestnut Congressional Map because it has the lowest efficiency gap number at 0.6% and the lowest lopsided margin at 4% in favor of Republicans. Though I would like to see the partisan fairness scores improved, if I have to choose between 3 imperfect maps I choose Chestnut. It has the best congressional district drawn for Midland because it keeps the Tri-Cities and Flint together, keeps the other counties whole, keeps most of Midland County in it as well, and makes it possible for either party to win. This is a good example of balancing partisan fairness, communities of interest, and keeping areas intact that have long associated with each other like the Tri-Cities and Mid-Michigan.

Chestnut	Like	<p>I like this map better compared to the other maps I have seen. The areas of Canton, Plymouth, and Ann Arbor are all somewhat developed the same amount and it would be easier to maintain all of them with the appropriate budget. Also, the minority population, like East Asians, of these places would be adequately represented because their demographics are very similar.</p>	Alia Mulbagal	2021-11-23 07:37:16+00
Cherry V2	Dislike	<p>I don't agree with these new borders. Canton is already a really crowded place and expanding these borders to Inkster will make it even harder for minority groups to be represented. It also makes it harder for elections. Plymouth and Canton are usually viewed as one entity so it would be easier to include Plymouth instead of Inkster. Also, the demographics of Canton vs. Inkster are completely different and would mess with the funding system.</p>	Alia Mulbagal	2021-11-23 07:31:28+00

As a student from PCEP, I believe that we should keep Canton and Plymouth together in District 5. The two cities are very similar, and because they share a school system, the Plymouth-Canton residents all share similar experiences and history. I find it odd that Plymouth was grouped into District 13, when geographically it is far away from west bloomfield which is also in district 13. I don't think that Plymouth shares nearly as many similarities with West Bloomfield as it does Canton. Having the maps drawn like this, there would be an issue of people with different experiences cancelling out each other's votes.

Cherry V2

Opinion

Gareth Miller

2021-11-23 04:59:48+00

Compared to the other proposed maps, this one is by far the most acceptable. For starters, there is no separation between Plymouth and Canton which will benefit the community and education systems way more compared to the other propositions. There is also only a 0.01% increase in deviation, as less is better in this case. The only thing that is still concerning is that the white population makes up 73.78% of the whole which will still lead to representation problems in the future. Overall though, compared to the other proposed maps, this one is the best in terms of borders.

Chestnut

Opinion

Rithi Aree

2021-11-23 04:26:01+00

In terms of the effects on district 5 from the new borders, I personally believe the split is not a good idea. The most apparent reason, that we can derive from just looking at the map, is the fact that the new districts split Canton and Plymouth. As we all know, depending on where we live, determines where we go to school. Changing these borders will cause more harm than good as schooling in these two townships is so connected and will be extremely hard to separate. Another issue that is shown in the chart below, is that not only does the overall population deviation decreased by almost 2% but the ethnicity in the district is majority white. This can and most likely will lead to issues with representation. Therefore, redistricting is not a good idea.

2021-11-23 04:11:50+00

I am in favor of the proposed district 6 because equal representation is evident. Northville, Canton and Plymouth are all grouped together and are on the same wavelength, which will allow them to be evenly represented. Also, Plymouth and Canton are shown as sharing one district between the two of them, which is something highly valued to me. These cities center around Ann Arbor as well, which I see as good because of its high population and size.

Chestnut

Like

Elizabeth Kelly

2021-11-23 04:10:34+00

This district is drawn much better than the other. It incorporates all the similar townships. This one also has better diversity representation. The population amount is in check with the other ones giving us equal representation. It also does a good job of using entire cities and not dividing cities up

Chestnut

Like

Emilio herrero

2021-11-23 04:10:25+00

I agree with this map and the boundaries of district 6. Diversity may be a little bit lower than other districts, but deviation from the target population is almost non-existent. Additionally, it combines both Plymouth and Canton which is something I like to see. The only thing I don't like is the shape of the district. It needs to do something about the narrow part of the district that heads toward Detroit.

Chestnut

Like

Alex Uranga

2021-11-23 04:09:00+00

I think the districts of canton(5) should join with those of Plymouth seeing as the school districts are combined. This would make the representation more valid since they are with people we are around with the most. These lines should remain almost identical to school districts in my opinion while still trying to keep equal populations. The diversity isn't the greatest so improvement is needed.

Cherry V2

Like

Emilio Herrero

2021-11-23 04:04:38+00

I think these proposed district lines are not well-suited for the community. For starters, I think a positive of this plan is that the district does have more racial diversity than others, at around 66%. However, this plan divides Plymouth, Canton, and Wayne, which are relatively similar in racial backgrounds, as well as the fact that these cities share a school district and similar cultural backgrounds. It would not make sense for students who live so close to each other and attend the same school have different districts. Additionally, different cities like Northville, Westland, and Inkster have different needs as the latter are more working class populations whereas the former is more wealthy and diverse. I think the borders should be expanded to include

Cherry V2

Opinion

Plymouth and Canton in one Shruva Kambhammettu

2021-11-23 03:59:32+00

I think that this district's boundaries are ok. The deviation of the target population is not bad. However, the main issue I have with the district is that the diversity of it is not exactly equal to that of the surrounding districts. Additionally, I feel this district, Canton, could be shaped a little bit differently. It seems a little too rigid around the edges. It would be better if cleaner boundaries were made. It would be even better if Canton (distinct five) somehow combined with Plymouth (district 13). They both share the same school district, PCEP, and it would get rid of the weird shape of district 13. It was also combined similar parts of the two separate districts.

Cherry V2

Opinion

Alex Uranga

2021-11-23 03:56:30+00

Chestnut Like I do agree with the borders drawn for district six. Plymouth and Canton are connected, which is one of the most important things that I believe should be in this district's borders (due to the connection between the two cities and populations). Some districts do have a largely white population, but overall, this is a very well-drawn map Jishnu Borra 2021-11-23 03:46:49+00

Chestnut Opinion This map is significantly more acceptable and achieves fairness. The margin could be closer to zero but, again, it has a better cover of communities of interest. It also has two voting rights districts, another plus. The Native American group has a higher population in this area compared to other districts as well. Alisha Shaik 2021-11-23 03:46:38+00

Overall, I believe the district lines should be redrawn. The cities of Plymouth and Canton interact on a regular basis, and even share the same school district. Redrawing district lines would advance the diversity among the two cities. Canton contains a wider variety of people compared to Plymouth, therefore, combining the two would create an even wider spread of people to be represented. Challenges are always going to be inevitable when it comes to redistricting. For one, representation won't be equally layed out, as some areas will contain people with similar beliefs, while other areas will be more diverse. Taking all of this into account, district lines should be redrawn because it will diversify the representation of the two cities and makes the most sense in the long

Cherry V2

Opinion

Elizabeth Kelly

2021-11-23 03:43:33+00

I believe it is unnecessary that Plymouth is part of district 5 instead of district 13. It is a better idea for both to share a district because they could also share a school district. District 5 is off of the target by 4302 people and District 13 has an extra 2688 people. This completely throws off the balance.

Cherry V2

Dislike

Alisha Shaik

2021-11-23 03:40:18+00

Out of all the proposed plans, I think that this plan for the borders of Congressional District 6 fit the needs of the communities the best. For starters, the population deviation is 0.01%, meaning that is basically reaching the target population of the district, so there isn't too many or too few people in the district. Additionally, as a student in the Plymouth-Canton school district, it is a crucial part of the school environment and population to keep the two cities together in the current district as it makes transportation much easier as well as the fact that both cities are made up of similar racial groups, making it very important to keep students of similar backgrounds together in one district, as this plan proposes. Also, the racial demographic of this is very diverse, and the borders of

Chestnut

Like

Shruva Kambhammettu

2021-11-23 03:31:06+00

District 6 and the nearby districts are drawn very well with very few discrepancies in borderline. The Districts also perfectly even out the population giving each district an equal amount which we can see in the incredibly low Population Deviation. The District borders also do not intrude on any city causing some of it to be in one district with other parts being in the next. One of the few things that need to be worked on in the District Map though is racial diversity. Most likely due to the priority taken to split the population, equally race wasn't heavily regarded causing many districts that have little racial diversity.

Chestnut

Opinion

Salem Ben-Kalefa

2021-11-23 03:19:31+00

This map is considerably better than the Cherry V2 map, as it puts Canton with cities that are similar to us. For example, I'm glad that we're in the same district as Plymouth in this map, since Plymouth and Canton are such linked communities with the same school district. I also believe it makes sense that we are in the same district as Ann Arbor, as I think we have a lot in common. In addition, District 6 gives representation to ethnic groups in the area (most especially the Asian American community).

Chestnut

Like

Overall, this is a great map.

Nolan Johnson

2021-11-23 03:11:56+00

Magnolia is the best map in my opinion. I feel it is only fair to keep all of Livingston county together as it has been for many years. We have a strong community that is viable in helping Michigan become what a great state should be. The local communities support each other in many ways, such as education, fire and police.

Magnolia

Like

Carol Yakel

2021-11-23 03:10:29+00

I dislike the district borders due to how first the unevenness of it causes it to cut Livonia in half and as it looks like much of District 5 is going into District 4.

Nonetheless, Plymouth is separated by Canton which makes little to no sense due to the similarity between them and the many things they share like schooling. The districts themselves are separated fairly equally in population, but disregard race. Many areas like canton have many different races, but if you were to look at nearing Districts many have little diversity which is something that should be taken into account when districting.

Cherry V2

Opinion

Salem Ben-Kalefa

2021-11-23 03:05:04+00

As a resident in the community, I believe that District 6 is drawn out correctly and although it has some small changes that should be made to its design, no major ones. The district is diverse in its demographics and this allows for fair voting among the population as well. It also includes many major cities like Ann Arbor and schools for these areas. It does however have some issues regarding the downriver communities in the district who would get more of a say in a different district.

Chestnut

Opinion

Anna Vega

2021-11-23 03:03:59+00

in my opinion, district 13 is more diverse regarding race, compared to other suburban town groups in the Western suburbs. So in that sense, the voices of many communities will be present in this proposed district. However, while I know it is inevitable to split towns in half during re-districting, Farmington Hills and Farmington are in completely different districts, and Commerce Charter Township (and a little bit of Walled Lake) are completely cut in half. This makes me concerned about how the districts will tackle education if they are splitting up towns. As a resident of Plymouth, our school districts are connected with Canton - and Canton isn't even included in this district. It's obviously not just about Canton and Plymouth's needs, but considering we have an extremely large

Cherry V2

Dislike

Madeleine Brugman

2021-11-23 03:03:19+00

The proposed district 6 forms a like minded community, centering around Ann Arbor. I believe that this is a fair district. As a resident of Plymouth, I appreciate that Northville, Canton, and Plymouth are all together (Canton and Plymouth share a school district, and that was one of my main concerns about the re districting plans - that they should be in the same district.) These small towns are closely correlated, so it's nice that all of them will feel heard. Politically, this map also makes the most sense. It hits the population target and makes Ann Arbor a metropolitan center, which I think is important, considering it's the 5th largest city in Michigan. I hope you take this comment into account. Thank you!

Chestnut

Like

Madeleine Brugman

2021-11-23 03:01:03+00

District 6 lines seem to be drawn relatively well. In terms of target population, there is practically no deviation. In terms of diversity, it seems fairly accurate when you take in account the towns and area in this district. It also is great that plymouth and canton is placed in the same district, seeing as they intertwine in many regards, such as education. I only have some hesitancy when it comes to the downriver communities as it does appear questionable. Nevertheless, I'd still say the lines are drawn fairly well and create a mostly accurate representation of this region.

Chestnut

Opinion

Minh-Y Nguyen

2021-11-23 02:55:49+00

Before providing my opinion, I made sure to take a look at both the map given and the table at the bottom. Looking at the map, we can see some important areas are well-included in the borders such as Plymouth and Canton. Given that Plymouth and Canton are two very similar areas and even share a school district proves how important it is to keep them in the same area. Next, from the table, we can see that the current population of District 6 (775273) isn't far from the target of 775179 which shows us that the District is on the right path. Additionally, comparing the diversity of district 6 to other districts shows us that we are doing well when it comes to including citizens of all cultures/races. In conclusion, the borders of district 6 do not need to be changed.

Like

Shivangi Bhatt

2021-11-23 02:55:25+00

This districting map splits up Plymouth and Canton, two cities that are pretty much one and the same. I go to PCEP high school, which has students from both Canton and Plymouth. Because of this, I, and many of my fellow students, feel that we are of the same community. Additionally, Plymouth and Canton share a similar demographic, so it only makes sense to group the two together to ensure representation of the ethnic groups in the area. Not to mention the border boundaries look very odd, with district 13 stretching all the way down from Novi to incorporate Plymouth.

Cherry V2

Dislike

Nolan Johnson

2021-11-23 02:52:16+00

I think the district lines for district 6 are drawn well. It includes large cities such as Ann Arbor, Canton, and Plymouth. It has racial diversity as well as political diversity. Keeping Plymouth and Canton within the same district is especially beneficial because these communities share a schooling district and this allows them to make decisions that benefit them unanimously.

Chestnut

Like

Samantha Emery

2021-11-23 02:49:30+00

In my opinion, the district borders do not need to be changed. I'm sure many would agree with me when I say that changing the borders would mess with the Plymouth- Canton District. My second reason would be that if we take a look at the table provided below, we see that the diversity of the area is in perfect balance compared to some of the other districts. Additionally, the population of the already established district seems to be in the right place. In conclusion, changing district lines will be an event deemed unnecessary.

Cherry V2

Like

Shivangi Bhatt

2021-11-23 02:43:09+00

As a student at PCEP, I find that it is unnecessary that plymouth isn't included with district 5 and is instead with district 13. District 5 is deviating from the target by lacking 4302 people. District 13 has an excess of 2688 people. As such it would make more sense for plymouth to just join district 5, seeing as how they share a school district together and are similar in many regards. This would make both the districts closer to the target, while maintaining a fairly accurate representation of the towns and individuals living there.

Cherry V2

Opinion

Minh-Y Nguyen

2021-11-23 02:39:44+00

I believe that the separation between Canton and Plymouth is unnecessary and will be confusing considering the fact that the two communities are so closely connected. They share similar diversity demographics as well as a major school district (Plymouth Canton Community Schools) so dividing the two would create a large change in many aspects. One issue is transportation for schooling as bus routes are already designed to cover the entire area.

Cherry V2

Opinion

Anna Vega

2021-11-23 02:39:37+00

I feel in a way this is a very good drawn district. It definitely has many fields of interest and diversity. But also will give many different political views. My only issue is I feel as some places may have other concerns than others, such as places that are more country land-like. While the others are suburbs. Which could cause differences in needs and wants.

Chestnut

Opinion

Morgan Haynes

2021-11-23 02:35:47+00

I think splitting Plymouth and Canton into two different districts is not a good idea. While the two communities do have their differences, I believe that the consequences of splitting up the two communities will outweigh the benefits. The racial diversity, political diversity, and economic status demographics are quite similar in both communities. I think the most important part is actually that Plymouth and Canton share a schooling district. Splitting up these two communities has the potential to create conflicts within the school system and may damage the operation of the system entirely. Therefore, I think that district 5 should be expanded to involve Plymouth.

Cherry V2

Opinion

Samantha Emery

2021-11-23 02:31:57+00

2021-11-23 02:30:27+00

Chestnut	Like	<p>Congressional District 6 is well drawn according to the demographics of the area. It is pretty diverse compared to other places allowing for better inclusivity of votes. The district also keeps school districts such as our own intact. Adding more downriver towns is a bad idea because of how different the demographics are compared to more inland towns. The downriver communities need more attention and would be better if they were grouped together with District 13.</p>	Zaynab Junaid	2021-11-23 02:29:37+00
Chestnut	Like	<p>These congressional district lines are well and reasonably drawn. It includes a diverse demographic. But these areas are still similar. The proposed districts, keep Plymouth and Canton in one district, which is necessary due to schooling and transportation. The cities/ areas are diverse, but most share the same views. This is a well drawn congressional district with the racial diversity, which represents Michigan well as a state.</p>	Soumya Kaparathi	2021-11-23 02:27:22+00

It's great that Northville, Plymouth, and Canton are kept together, but then Ann Arbor shouldn't also share a representative b/c Wayne county cannot be represented effectively if it is grouped with Ann Arbor because of their different needs and large population difference. The challenges district maps could include benefitting one political party over another for representatives.

Chestnut

Opinion

Sarah Balfoul

2021-11-23 02:26:51+00

I appreciate the diversity in the current drawing of district 5. Splitting up Plymouth and Canton would allow each community to become more independent. It would also provide the opportunity for each community to directly resolve issues that specifically affect each community. Plymouth and Canton have many differences that would be better targeted if they continued to be two different districts.

Cherry V2

Like

Samantha Emery (for another friend 2021-11-23 02:26:32+00

Cherry V2      Opinion      I would say it is very well drawn. But they should have included Plymouth and canton together. They are very similar through diversity along with economic status wise. Plus they a very much related and work together. Such as having a shared school district, libraries, etc. Which causes them in a way to be a whole.      Morgan Haynes      2021-11-23 02:26:23+00

Chestnut      Like      I think the borders of Congressional District 6 are drawn well. This is because it incorporates all the larger cities in the area such as Canton and Ann Arbor. Also, it has a very diverse population with substantial populations in all ethnic groups except Pacific Islanders. This results in all people in people in the district being well-included and fitting in as well as people of different backgrounds having good representation.      Deepak Raju      2021-11-23 02:24:37+00

Of all the proposed redistricting maps I've seen so far, I would argue that this one best fits the needs of the Plymouth-Canton community. So far, this is the only map that correctly couples the two areas together into one region. As a resident in this community, I observe that the two areas are closely related. Their racial demographic is very similar, and their communities are interwoven. By keeping the two areas together, it allows for better representation of the district and state as a whole.

The district line between Plymouth and Canton is unnecessary, and could cause a lot of disturbances between the communities, since they are connected, by schools. Separating Plymouth and Canton would disrupt school districts and communities. The district line is unnecessary because both districts are able to have a similar, diverse demographic and are economically similar. Dividing Plymouth and Canton would cause issues that could be easily avoided. Even though, some areas of either cities have different socioeconomic factors, they are still very similar.

Chestnut	Like	<p>I think the borders of Congressional District 6 are drawn well. As a Canton resident within the P-CCS School District, I like how these boundaries do not split up Plymouth and Canton. This large area also has good diversity, especially with Ann Arbor and surrounding suburbs.</p>	Arav Kulkarni	2021-11-23 02:15:38+00
Chestnut	Like	<p>This is the best map. It represents the communities well and keeps Troy whole.</p>	Rosalind J Cox	2021-11-23 02:15:00+00
Cherry V2	Dislike	<p>As a member of Canton Township, I believe that the separation of Plymouth and Canton is not a good idea. This is because both Plymouth and Canton share a school district. This would cause school transportation systems (such as buses) to be disrupted if the boundaries were changed. Also, most of the ethnic groups in both the Plymouth and Canton are largely well-represented resulting in their being no need to make the change.</p>	Syamala Machiroutu	2021-11-23 02:14:34+00

Cherry V2 Like I believe that the congressional district borders are good for multiple reasons. The borders of canton and plymouth are connected which is good because they share a school district. Also the border are easy to look at and clear so its easy to see how everything separates. Finally, there is a good amount of space in the areas and they cover cities that are in the same area. Abhijay Das 2021-11-23 02:13:56+00

Cherry V2 Dislike I don't think drawing the line between Plymouth and Canton was a beneficial idea. The populations of Plymouth and Canton are similar in terms of economic status, racial diversity, and political diversity. Plymouth and Canton also share a school system so splitting them into two separate districts has the potential to cause more conflicts that could negatively impact the efficacy of the current system. Samantha Emery (for a friend) 2021-11-23 02:12:46+00

The proposed boundary for District 35 includes parts of Plymouth, Plymouth Township, Livonia and Northville. I wish it could have been more in line with the PCCS boundaries, but understand that the school district is large and could not likely be included in just 1 voting district. This could pose a problem, as our school district is divided into two separate voting districts that could come to different decisions education wise. As drawn, voting district 35 is not very diverse, but it is a reflection of those communities that are upper-income suburbs.

Frances Walewski

2021-11-23 02:11:29+00

I believe the division of Canton and Plymouth will cause more issues than solutions, as these towns have historically been united for long, and dividing them will only create more problems. Canton and Plymouth are already similar, and PCEP, the district that I attend, has three of the biggest high schools in all of Michigan, with around 2,000 students in each school. However, aside from the division of Canton and Plymouth, I believe these changes are good in eliminating borders that could benefit one political party over another, which helps keep our elections fair. If the new borders did not divide Canton and Plymouth I would support this change, but due to it, I am divided on the issue leading to my vote.

Rachel Lipman

2021-11-23 02:02:48+00

As a student of PCEP I believe the borders of the district are drawn pretty well. The diversity of Canton is pretty high, because it combines a large span of diverse areas into one district. The district could have expanded a little more to incorporate a few more people in order to reach the target population, but the deviation was very small so there really was no need. Additionally, if the district expanded a bit more then partisan fairness would be more equal. Overall, I think the lines of the district are drawn well.

Hickory	Dislike	<p>We moved into our community because we liked just the way it was. I would prefer that it never change. That being said, I do not like that Hickory version for our future.</p>	Carol Yakel	2021-11-23 01:50:24+00

The district boundaries are good because it ends Republican gerrymandering to give parties a better chance of sharing power in Lansing which ensures partisan fairness. There seems to be more evenly divided between Republicans and Democrats, and these lines don't benefit a political party that holds power when they were drawn. A challenge of the district map if approved is city splits because this breaks economic and cultural ties between towns and counties. If we include parts of cities with other cities this may not include the interests of everyone because they will be overshadowed with the most populous of the areas we are combining.

Cherry V2

Opinion

Sarah Balfoul

2021-11-23 01:41:27+00

District 5 compared to the other districts is much more diverse and economically different from the other districts. I feel like having this district may cause issues in funding and public resources. The district strongly varies when it comes to socioeconomic factors, which could be an obstacle for those on the lower end of the district. The boundary between Canton and Plymouth is also unnecessary because it splits up two very alike towns. The school system also is currently joining the two together, and it would be better if we allowed the two towns to remain together. I feel like Canton is somewhat out of place in District 5, and should be regrouped to better fit demographics. Plymouth being grouped with towns such as Northville and Novi is also impacting the resources

Congressional District 6 is drawn fairly and I think the proposed borders are very good. There is a decent amount of diversity within the district and especially in the voting population, which would allow for the most inclusive form of voting. This district includes both Canton and Plymouth, which is good for the PCCS School District and isn't breaking up any closely related communities. Also, the population deviation is 0.01%, which means that the target population and the actual population of the district are very similar. However, the inclusion of downriver communities in District 6 is questionable, because their needs would be more looked after in downriver District 13.

I believe that the congressional district borders are well drawn for several reasons. The first is that the borders of Canton and Plymouth are connected, which makes sense given that they share a school district. Second, the borders are clear and there is no marginalization, meaning they are clear cut and easy to distinguish. Lastly, there is a reasonable amount of space covered in the areas, and they include cities that are reasonably in the same district.

Cherry V2

Opinion

Chae Eun Park

2021-11-23 01:17:20+00

I don't think the separation of Plymouth and Canton is a good idea. The Plymouth-Canton community schooling is a good schooling system and would face problems if Plymouth was separated from Canton. The diversity and demographics are also very similar in these two cities. This is why I think the boundary of district 5 should be extended to include Plymouth.

Cherry V2

Opinion

Rahul Aree

2021-11-23 01:16:34+00

I have been a member of the canton community since I was born(since 2006). Personally, i think that the district boundaries are poorly defined. One reason for this is that Canton and Plymouth have a mixed schooling system. This shows the poor boundary line definition between Canton community and Plymouth community. However the boundary line between canton and westland are well defined. These two communities don't have much in common and look like two different worlds. Not only this but the schooling system of canton has been ranked very high compared to westland consistently over many years. Yousif Nasser

I believe that the District 5 borders are fine where they are. The total population of this district is close in number with other districts, and there is also good racial diversity, showing that the borders have been drawn accordingly. However, I do not agree with the split between the Plymouth and Canton districts. District 5 divides the PCCS Community School District as well as the Wayne-Westland Community School District, which are both close-knit communities for people within the cities and would have impacts on the social and educational happenings. Nonetheless, this doesn't seem to be a major problem, since not many conflicts would happen.

Cherry V2	Opinion	<p>I disagree with the state senate district borders around Canton and Plymouth. There are borders separating the two cities, despite the unison of school districts at PCEP. I believe that the district boundaries could use improvement, specifically in representation of minority groups. There is a large proportion of the majority racial group in Canton and Plymouth, despite the diversity of the area there. None of the House maps are consistent with Prop 2. Magnolia is one of the most biased. Please give us a House map or maps that prioritize partisan fairness.</p>	Chae Eun Park	2021-11-23 01:09:54+00
Magnolia	Dislike		Cheryl Hayes	2021-11-23 01:05:39+00

Cherry V2	Dislike	<p>I believe that the separation of Canton and Plymouth districts would not be a good idea. Our communities are too alike and doing something of this scale really puts a burden on the people. While reading through the comments I see many people sharing the same doubts as I. As a student who goes to a PCEP school the separation of the district will create differences among us that are not currently there and I'd like for it to stay that way.</p>	Heldius Zeqo	2021-11-23 01:03:49+00
Magnolia	Dislike	<p>None of the House maps achieve partisan fairness. Please give us a new House map or maps that prioritize partisan fairness and are consistent with the VRA.</p>	Cheryl Hayes	2021-11-23 00:52:11+00
Linden	Like	<p>Linden and Cherry have the best partisan scores of the Senate maps. Palm is not fair and not consistent with Prop 2.</p>	Cheryl Hayes	2021-11-23 00:43:31+00

Szetela Congressional Opinion	<p>Mount Clemens is located in Macomb County (not Oakland) and has nothing in common with Royal Oak, Ferndale, Rochester, etc. How could an elected official for such diverse groups identify with or accurately represent our needs??!!!</p>	Patricia DiVirgilio	2021-11-23 00:43:30+00	
Chestnut	Like	<p>I believe that the proposed district lines of district 6 are very good. There is much diversity within the voting population that would allow for the best chance at fair voting. In addition, there is much economic diversity between the cities. It also keeps Plymouth and Canton, two very similar places together, unlike the other map proposal. This map is overall drawn out very well and I believe it will benefit the state well.</p>	Savana Gabor	2021-11-23 00:40:06+00
Hickory	Like	<p>None of the maps are fair especially when we the people voted for partisan fairness. Why do they all lean in favor of the Republicans? I am in favor of this map and keeping Northville intact.</p>	Thomas Mallia	2021-11-23 00:36:02+00

had occurred largely in private and led to some of the most Republican gerrymandered districts in the country, but now they are drawn taking communities of interest into account. However, people are still bringing up the fact that they are not being considered. The chair of the Michigan Democratic Party believes they spent a good deal of time drawing maps without considering partisan fairness. I think the redistricting committee should address the concerns that the Democratic Party has to ensure that the organization of the districts isn't more favorable to a political party. However, they did do a good job of taking votes from all citizens

Personally, I believe the proposed district map does not represent the interests of everyone. For one, it splits up Canton, Plymouth, and Westland, all of which a large majority of PCEP students come from. This could cause issues with funding and districting for who can go to PCEP. In addition, it splits Livonia in half which could cause issues with voting in Livonia. Overall, the proposed district does have some benefits, but I believe it would not be the best decision for everyone.

Cherry V2

Opinion

Savana Gabor

2021-11-23 00:12:04+00

I am very pleased with the district lines of district six. The district is very ethnic. The main ethnicity is American, African-American, and Asian in the area. This district also holds a lot of the schools in the Plymouth-Canton area. I like this fact because it allows for a widespread age group as well.

Chestnut

Like

Aryan Narla

2021-11-23 00:11:01+00

Congressional District 6 seems to be fairly drawn, taking into account communities that are integrated in terms of people, education, and economic activity. It also takes into account diversity across a vast area with decent representation of African American, Asian, and Latino minorities. The only knock on this map is what seems as a random inclusion of Downriver towns such as Brownstown and Grosse Ile into District 6. Brownstown and Grosse Ile are closely connected with other downriver towns such as Southgate and Wyandotte. Residents of these towns have little in common with residents living in far-away towns of Chelsea and Dexter. Their needs are closely aligned with downriver district 13 and belong in that district.

Chestnut

Opinion

Sasha Qureshi

2021-11-23 00:08:25+00

As a resident of Canton, I feel that these district lines are good the way they are. This is because when looking at the population, it barely deviates from the average, and the voting age population is similar to the other districts. Geographically, it already includes Plymouth and Canton, which was a concern for the Senate district map, and it seems to have many prominent areas in my community. If I had to point out a challenge with this district, it would be that it excludes parts of Wayne. I know that this probably couldn't be a change to make because of all of the imbalances it would create, but overall District 6 seems like it's drawn out well.

Personally, I feel that the district lines are fine as they are in the map. I've had a quick read-through of the other comments, and I do acknowledge that a challenge of this setup would be the separation of Plymouth and Canton as they are prominent cities for my school district. At the same time, however, I feel that including Canton and Plymouth in the same district might create an unbalance of power between the districts. I'd assume that switching districts for Plymouth or Canton would mean swapping out another one to add to Plymouth's district, and that would convolute things even further. It would mess with the populations, diversity, and political boundaries that are already well established.

2021-11-22 23:54:36+00

I am pleased with the districting with District five. The district has widespread racial diversity, as a decent amount of the population is made up of African Americans, Americans, and Asians. We also have a small deviation from the target that means we are meeting the criteria our district wants us to reach. Redistricting this area would hurt many of the schools in it and hurt the Plymouth-Canton relationship.

Cherry V2

Like

ARYAN NARLA

2021-11-22 23:53:51+00

While District five seems to be drawn out fairly, there are still some downsides. One good aspect is the population amount in comparison to the surrounding districts, which appears to be fair. Another good quality is the diversity and representation which is present, as well as the socioeconomic diversity. Despite these factors, I believe Plymouth should still be included in District 5 based on social patterns and school districts, because of its many similarities to Canton, a major city in district 5.

Cherry V2

Opinion

Nia Ahmad

2021-11-22 23:53:26+00

District 13 seems to be well drawn in terms of population and diversity. By including Novi (23% asian, ~10% African American) and Farmington (20% African American, 14% Asian), it ensures diversity. However, it does break what is a close knit and diverse community of Canton and Plymouth. Canton and Plymouth are integrated in terms of people, economic activity, and education. Breaking that could introduce inequity and nullify the minority vote, specifically in Plymouth which is 90% white. I like how all of Kalamazoo and surrounding area is in one district. makes representation easy

2021-11-22 23:12:44+00

Overall, I think District 6 is well drawn out. It has a good shape and has a population deviation of 0.01%, meaning that it is a fair size. Also, a good amount of the population is able to vote, allowing the district to represent the interests of the population well. This district includes both Canton and Plymouth, so it isn't breaking up any closely-tied communities. While there isn't a lot of racial diversity, there is other social diversities like social status and way-of-life that create a mixed population. While not ultimately bad, this could cause problems with the specific interests of certain groups not being met.

Chestnut

Opinion

Charvi Rayarapu

2021-11-22 23:12:41+00

I think the district map for Congress was drawn well here. There are a multitude of different communities, including the Hispanic, Native, Asian, and Black communities. This means people of all races and colors will have a say in important decisions being made. However, the Pacific Islander community is relatively small in this area, so they may be left out. This can be fixed by including more towns that have a substantial Pacific Islander population.

Chestnut

Opinion

Shlok Masurkar

2021-11-22 23:07:31+00

I think that the district 5 lines should stay the same because the people in this area share a lot. We have schools that are shared between members of the community that lives throughout Westland, Plymouth, Canton, and more. I think that changing the lines would create more unnecessary change for the people that can attend schools in the district. Also, many social events that occur include people from all parts of the district such as events that relate to the holidays or even educational ones. Creating different lines would discriminate people that are used to attending these events from being able to come.

Cherry V2

Like

Puja Patel

2021-11-22 23:05:14+00

I think there could be some benefits to redistricting, like increasing the diversity of the area. District 5 is about 66.55% white, and while that is more diverse than some areas it is not as much as others. I think a good thing that comes with this is the relatively large Asian community. However, other communities (such as the Native American community) are not as present or prevalent. Overall, the district borders are drawn well, but can be drawn better in the future.

Cherry V2

Opinion

Shlok Masurkar

2021-11-22 22:54:59+00

I do not think the District 5 lines are that bad. This district has good racial diversity and communities in the district have a similar demographic. However, I think changes should be made. This district divides the Plymouth-Canton School district, which is a closely tied community through education and social events. It also divides the Wayne-Westland School District, which is another big school district in Michigan. Splitting up closely tied communities and districts could cause conflicts of interest, but overall, this isn't a major problem.

This is a Gerrymandered map for Michigan and West. It is just as bad as the current district Senate map. It dilutes the influence of large population Grand Rapids metro city areas by combining with rural townships. These townships do not want to be in the same district with Grand Rapids city as well. Better to go with Linden or Cherry V2 to better represent all these areas.

As a Canton resident, I believe the District 6 borders are appropriate since they connect the closely nearby communities. Furthermore, the districting is well-done since the total population and voting-age population of these districts are fairly distributed. Despite the fact that certain districts have skewed population ratios and a substantial white tilt, this map is, for the most part, well-drawn in terms of representation.

Kellom Senate	Dislike	This map is not partisan fair for Michigan	Bruce Roller	2021-11-22 22:34:25+00
Cherry V2	Like	The map is less partisan fair for Michigan and not as good as "Linden" although it is the second best compared to "Linden".	Bruce Roller	2021-11-22 22:31:48+00

While District 5 has a lot more variety than other districts and represents the perspectives of minorities, I feel there are a few things that may be done to improve the district system for the city and its neighbors. To begin with, there should not be a boundary between Canton and Plymouth. Both of these towns have comparable demographics and are served by the Plymouth-Canton School District, which is a big school system. If they were gathered together, the school system would be improved even more, and community people would have a say. Northville and Novi also have different needs and perspectives than Plymouth, reducing their impact in the district. As a result, I feel that Plymouth and Canton should be combined, as this would benefit both areas.

District 15 is okay with regard to Milan although I think it would serve residents better to put ALL of Milan into 15 rather than split them into 16. But half of us in 15 is better than none of us. I don't understand at all why District 14 includes the north side of Ann Arbor yet stretches all the way to Marshall. There is NOTHING in common between Ann Arbor area voters and 90% of the voters between the Washtenaw County line and Marshall.

Lange Senate correct Opinion

There is no comparison. Jackson and Ann Arbor are very different communities in terms of their interests and priorities. They both deserve to have their own voices heard. Palm is the only map that protects these separate interests.

I think that this district has nicely drawn borders. First of all, the border is nicely drawn. Therefore specific lines aren't drawn around different kinds of political opinions to represent them more. Also, The Plymouth-Canton School District (Plymouth and Canton) is grouped together which is nice because of how much they interact. Although, it is relatively large and that may lead to drowning out some voices amongst others.

Chestnut

Opinion

Maisy Schmitt

2021-11-22 22:15:50+00

I believe that district 6 is well drawn because it connects many different types of cities which allows for greater diversity. It brings together Canton and Plymouth which are very similar. They also share a school district and having them under the same districts benefits students like myself who are a part of the Plymouth-Canton Education system.

Chestnut	Like	<p>I believe that district 6 is pretty well drawn. It connects a bunch of small communities together. As a result, it's very diverse. Since there are many different people, there will be many opinions and most people will be represented.</p>	Haiqa Tanveer	2021-11-22 22:09:42+00

Cherry V2	Dislike	<p>I don't think it is a good idea to split up the University of Michigan North Campus from the South Campus. This map cuts off the North Campus Residence halls from the rest of the University.</p> <p>I think that Canton shouldn't be separated from Plymouth because they fall under the same school district and the new districts would affect the school population. Also with the new district lines there would be less diversity in the population. This is because most of the people living in Westland, Garden City and Inkster have more working class people, whereas in Canton and Plymouth there are people with a more diversified background and occupation.</p>	Brandon	2021-11-22 22:07:42+00
Cherry V2	Dislike		Aditi Kulkarni	2021-11-22 22:05:54+00

This is one of the best maps I've seen for District 15 and 16. I've been seeking a map that keeps Milan whole and on the side of Ann Arbor in District 15. Milan is an increasingly diverse and progressive city whose residents reflect more of the culture, values, and views of Ann Arbor, where many lived but moved due to lower housing costs. District 15 also follows that US-12 corridor that also includes many more small cities occupied by people who work in Ann Arbor and lived in Ann Arbor but moved to these easily commuted small towns for lower housing costs. They bring their culture, values, and views from Ann Arbor to these towns and deserve representation that recognizes that.

2021-11-22 21:57:34+00

Szetela Senate	Like	<p>This is an excellent map. It reduces partisan bias. To those who say don't split Ann Arbor, etc, the Amendment makes removing partisan bias a higher priority than city and county lines. Szetela is a good map, as are Cherry and Linden. Palm and Lange seek to lock in Republican majorities like the past 36 years.</p>	Susan Andrews	2021-11-22 21:56:52+00
Cherry V2	Like	<p>This plan appears fair as the commissionsâ€™ map makers say it leans to Dems 20-18. But Bridge Michigan shows a 19-19 split. Most important factor is to avoid the result of the 2014 election when GOP candidates won 27 of 38 seats despite getting just 44,503 more votes out of the 3 million votes statewide. Please make every attempt to prevent that from happening again.</p>	Mark Fralick	2021-11-22 21:56:23+00

Cherry V2	Opinion	<p>I think that the borders drawn are pretty good. The only thing that I would say may be an issue is diversity. While Plymouth/this area isn't completely lacking, places such as Canton are far stronger in this area. Canton is also very connected in the Plymouth-Canton Schools. However, I realize that other cities, such as Northville, are closer/more compatible with this district, and this is barley an issue.</p>	Maisy Schmitt	2021-11-22 21:55:33+00
Palm	Dislike	<p>This map should not have a chunk of SE Washtenaw County and Milan included in a bunch of rural areas in Monroe and Lenawee counties. The people in those counties are by and large not a community of interest. Milan is a vibrant, increasingly diverse city and would never be properly represented by this map.</p>	Jillyn Schultz	2021-11-22 21:54:15+00

Pine v5	Dislike	<p>I am completely against these re-districting changes. The only reason to break up Allegan County is for explicit, partisan reason and is the definition of gerrymandering. This must STOP NOW!</p>	Kirk Laskowski	2021-11-22 21:51:58+00
Chestnut	Like	<p>I agree with this district boundary and believe it represents the areas it includes well. District 6 has a pretty even population with the other districts around it, and has a fairly diverse demographic. It is shaped well, and includes Canton and Plymouth together, which is important to keeping strong connections and interactions between the communities. Also, this map works better than the state senate district by allowing fairer representation and keeping similar cities together.</p>	Brooklyn Radwan	2021-11-22 21:51:24+00
Kellom Senate	Dislike	<p>This map is less fair than Cherry or Linden. It is better than Palm or Lange</p>	Susan Andrews	2021-11-22 21:51:08+00

Linden	Like	Linden is reasonably fair, as is Cherry. Good treatments of Lansing and Ann Arbor regions. All maps have Republican partisan bias and you should pick ones with least. Palm and Lange are terrible.	Susan Andrews	2021-11-22 21:49:18+00
Palm	Dislike	This is a very unfair map. I voted for Proposal 2 because I wanted to get rid of partisan bias. This and Lange fail miserably. This gerrmanders the Ann Arbor area.	Susan Andrews	2021-11-22 21:46:57+00

Cherry V2	Dislike	<p>You've got Milan on the wrong side of the fence here. For years Milan's Washtenaw County residents have been represented by people in the Ann Arbor area. Many residents of Milan City proper, both in Monroe and Washtenaw counties are people who are from the Ann Arbor area and moved to get affordable housing. This map disenfranchises people in Milan, especially the Washtenaw County carve out, as we will not be well-represented by anyone coming from District 16. Either split at the county line or carve out southern Milan and put it in with Ann Arbor in District 15.</p>	Jillyn Schultz	2021-11-22 21:46:04+00
10-08-21 v1 HD RAS	Like	<p>As a student of P-CEP who lives in Canton, I believe that this map is adequate to fit the needs of the area. There's ethnic diversity, something that I believe to be very important having grown up surround by different cultures. The border also makes sense and is easy to understand.</p>	Ellie Thai	2021-11-22 21:45:42+00

All maps have Republican bias, but this one is reasonable. Good division of Lansing region and Ann Arbor region to reduce the partisan bias favoring Republicans. Numerous competitive seats. Far superior to Palm, Kellom and Lange.

Szetela Congressional Like	<p>I am okay with this map of District 6 as a resident of Milan on the Washtenaw County side of things. I do think it would be beneficial to pull in the Monroe County side of Milan city limits so that you don't cut a city in half. The residents of the city proper have much more in common with District 6 Ann Arbor as many moved from the Ann Arbor area for more affordable housing. Do not think about putting all of Milan in District 5, though. While the rural areas outside of Milan are more like 5, the city itself is a strong District 6 fit.</p>	Jillyn Schultz	2021-11-22 21:37:18+00
Szetela Congressional Like	<p>This is a fair and competitive map. Much better than Lange and Apple. Chestnut is also good.</p>	Susan Andrews	2021-11-22 21:36:25+00
Lange Congressional Dislike	<p>Lange is a Republican gerrymander. Republicans would have won in 2020, which was a Democratic year. It also splits up the Lansing region to accomplish that. Chestnut, Birch and Szetela are much fairer. You want to choose fairness, not bias.</p>	Susan Andrews	2021-11-22 21:34:58+00

I believe that District 6 is very well-bounded and should stay this way. One reason for this opinion is just the shape of the district; it is very simple and does not create any weird shapes. Secondly, the population is almost exactly on point with the target, which is very hard to do and is a good sign. The diversity of this district is also very good because there are many different types of people from different ethnicities and races. All of this combined leads me to believe that District 6 is perfect at this time.

Chestnut

Opinion

Rahul Nanwani

2021-11-22 21:30:33+00

Apple has partisan bias making it likely Republicans win most seats even when Democrats win most votes. 7th district is unnecessarily stretched Western Michigan is poorly drawn. Chestnut, Birch and Szetela have less Republican partisan bias.

2021-11-22 21:28:17+00

I do not agree with the way the district borders are drawn out, and they should be changed to include Plymouth and Canton in the same district. Canton and Plymouth share a similar demographic and population. They also have very connected communities, such as the shared school district, more so than Plymouth and Northville or Canton and Inkster and Westland. Also, adding Plymouth to the district would increase diversity in the area. The district could be expanded to include Northville as well, but it should at least include Plymouth and Canton together.

Cherry V2

Dislike

Brooklyn Radwan

2021-11-22 21:26:44+00

I don't think a line was needed to be drawn between Canton and Plymouth. Canton and Plymouth are very similar. For example, they have very similar demography and are part of the same school district. The voters' influence of both Plymouth and Canton is going to go down because of the divide. Overall, Plymouth shares more similarities with Canton than it does with Northville or Novi, so, therefore, Canton and Plymouth should be included within the same district.

Cherry V2

Dislike

Param Patel

2021-11-22 21:25:48+00

District 5 is not a good fit for what needs to be done. Plymouth-Canton community schools is a very good schooling system that would be disrupted if Plymouth were to be separated from Canton. On top of this, for anything to be done in both canton and Plymouth, both districts have to request what needs to be done. This is not to mention the demographics and diversity of Canton and Plymouth, which are very similar. Therefore, I believe that the line of district 5 should be extended to include Plymouth.

Cherry V2

Dislike

Pamela S. Ovshinsky

2021-11-22 21:12:42+00

I believe that while District 3 has much more diversity than other districts and represents the views of minority groups, there can be a few changes to help make the district system better for the community and its neighbors. Firstly, there should not be a line drawn in between Canton and Plymouth. Both these communities share similar demographics and share Plymouth-Canton Schools, which is a large educational system between these. If they were grouped together, it could enhance the education system even further and would provide a voice for members of the communities. Also, Northville and Novi have other necessities and opinions than those of Plymouth, which decreases their influence in the district. Therefore, I believe that Plymouth and Canton should be grouped together which We need to look at fairness and this map does not meet that standard.

2021-11-22 20:06:17+00

Birch V2 Dislike This is a terrible map for West Michigan and the state as a whole. It dilutes the influence of large population Grand Rapids metro area city areas by combining with rural townships in Ottawa and Ionia Townships. In addition, these townships do not want to be in the same district with Grand Rapids city. The lakeshore district is divided extensively. Apple V2 or Chestnut represent all these areas much better. Karen Lawrence 2021-11-22 20:05:04+00

Chestnut Opinion This is the second-best choice for Michigan compared to Apple V2 being number one. Cities with minority populations make up the majority of the district population. Their unique needs can be addressed at the federal level. Keeping these areas together gives representation to the urban/suburban areas. Any other map divides this population by combining with the surrounding rural areas. Karen Lawrence 2021-11-22 20:03:57+00

I disagree with the map where canton and plymouth fall. Canton should be included in plymouth district for many reason. They are in the same school district (Plymouth-Canton Community Schools) so that should be a sign that they should be together. Also they are much more similar to that district and most of the towns in there rather than the towns in its district like westland and inkster. I do understand there is never going to be a perfect map and that no one is ever going to agree so it could be a lot worse.

2021-11-22 20:02:53+00

Apple V2	Like	<p>This is the best map for Michigan. This is a great map because it puts the two major cities in West Michigan together to form a district with similar needs and desires. There are opportunities for improvement in city services, support for underserved minorities, public transportation and low-cost housing. This map will make for good for representation at the federal level. The significant population of these cities justifies representation in West Michigan.</p>	Karen Lawrence	2021-11-22 20:02:43+00
Szetela House	Dislike	<p>We are Grand Rapids west sides-don't know why our quiet residential middle-class district would go east across the river to central city business areas including the hospitals and college campus in the downtown city and Eastown. We identify closely with Walker and Grandville areas. Don't know why this map splits up ethnic communities of interest.</p>	Karen Lawrence	2021-11-22 20:01:19+00

West Grand Rapids Township forms a community of interest with Ada and Cascade Townships, in composing the Forest Hills School District area. Under the currently proposed map, Cascade is drawn with the municipalities of East Grand Rapids and Kentwood for its own district. This causes an unfair partisan advantage for the Democratic Party in a Democrat +10 district.

Plainfield Township should be incorporated into one district, as it is a community of interest. Under the currently proposed map, Plainfield Township is split into two different districts. This would lead to confusion when constituents need to contact their Representative's office.

Hickory	Dislike	this map is not fair since it gives a minority of voters a majority voice in voting	Cheryl Staats	2021-11-22 19:34:46+00

District 107 seems to represent a lot of water, then a lot of rural area over two different peninsulas, and two major population centers: Petoskey and Harbor Springs. Issues affecting urban areas are often at odds with rural issues. The UP really is very far distant from the LP in miles, demographics, and culture. Representation is deeply complicated by our geography. The urban-rural divide also makes representation problematic.

Hickory	Dislike	This map could use tweaking.	Audrey McMullen	2021-11-22 19:33:04+00

Pine v5	Like	Like having all Troy together in Oakland county	Joanne Ugelow	2021-11-22 19:25:29+00

Hi everyone my name is Sarah I. In my opinion I think that district 6 is drawn beautifully. My first comment that I want to start is that Plymouth and Canton are connected this is good thing because Plymouth and Canton have many cultural, racial, and a pretty similar wealth gap. I also like this map because Canton and Plymouth do share the same school district so they need the same person representing or it won't make sense. Another thing that I like about this map is that there is a good mix of voters making it a battle ground district and if a candidate wants to win they have to truly try. My last comment that I want to add is that geometric wise it makes sense being near perfect compared to confusing shaped districts so I applaud to them keeping confusing districts to a minimum.

Overall this district is relatively well drawn. Canton and Plymouth are in the same district as well with Ann Arbor. Even with Saline and Dexter being in the same district, unlike what most people believe, we are mostly the same. The main problem with this district is that Canton is grouped in with cities south of Detroit. Canton and cities south of Detroit are almost nothing like each other. The only thing we have similar is the weather. We have different upbringings, income, and are almost an hour from each other. These districts are relatively big so people must be grouped with people that aren't exactly like them, but these areas are too different to be together.

2021-11-22 19:02:32+00

Canton should not be in the same district as Westland. Instead they should be with Plymouth, Northville, and Novi. Not only does Canton share a school district with Plymouth, but in culture Canton shares much more in common with Plymouth, Northville, and Novi. In general Canton is seen to have a good amount of money like Plymouth, Northville, and Novi. In general people are more alike depending on how far up, and down river they are. It is hard to make this district map because there are so many small districts and people in SE Michigan, but to make the districts more effective with the people inside them being more similar, Canton should not be grouped with cities South or East of them, only North

District 107 should all be below the bridge. It is very difficult for any Representative to campaign and represent citizens above and below the bridge. Each area has many of its own problems. Many of these Districts look very much the same as before we worked so hard to get signatures and the issue on the ballot. The Commission MUST make changes to insure the same political party does not continue to dominate in these Districts while they are the minority party. The minority should not be able to CONTINUE with the same control as before this issue was voted on by the people of Michigan. We voted for VOTERS NOT POLITICIANS to choose their Representatives!

Hello everyone my name is Sarah I and I don't believe the line between Canton and Plymouth is needed. Canton and Plymouth pretty much the same demographic and community. One problem out of many is that they share their school districts. What will happen to it if Canton and Plymouth are separated? Plymouth has many connections and has many smaller interconnections that may be affected if these two cities are broken up. If we were to expand the border however we should expand it to Northville as the community much like Canton and Plymouth. We should do this because not only the community but also the amount of "wealth" in this area. So to sum up: don't break up Canton and Plymouth, But if you want to expand, add in Northville

Troy should remain in Oakland County. This map is drawn WAY to far to the east part of metro</p>	Kelly Jones	2021-11-22 03:08:58+00
Birch V2	Dislike	<p>I do not believe that Oakland County should be grouped with Macomb County. District 11 is drawn properly - and keeps communities that</p>	Kelly Jones	2021-11-22 03:07:00+00
Chestnut	Like	<p>share demographics aligned.</p>	Kelly Jones	2021-11-22 03:04:46+00
Chestnut	Like	<p>District 11 more accurately reflects communities of interest in this map than the other maps and puts Troy and other Oakland County communities with others that share economic and social interests. The map as a whole demonstrates strong measures of partisan fairness, which is incredibly important as well. I enthusiastically support this map.</p>	Ashleigh Jennings	2021-11-22 02:36:57+00

I'm glad to see that Troy and Rochester Hills have additional Oakland County neighbors in this district, but think it still stretches too far east when these communities share many more economic and social interests to the west. I agree with the comments that note this would be a challenging district to represent effectively, given the very different types of communities included.

Birch V2

Opinion

Ashleigh Jennings

2021-11-22 02:30:09+00

Troy should be drawn with other neighboring communities in Oakland County as a clear community of interest. Whether we are looking at recreation, commuting, shopping or entertainment, there is much more movement to and from Troy and other communities within Oakland County to our south and west. We share county government and some municipal services, and we need representation in Congress that will understand and be responsive to the needs of this whole, larger community.

Apple V2	Dislike	Ashleigh Jennings	2021-11-22 02:20:45+00
Birch V2	Like	Cheryl D Hayes	2021-11-22 01:42:56+00
Hickory	Opinion	Cheryl D Hayes	2021-11-22 01:30:19+00

Birch seems to be the best of the Congressional maps for partisan fairness. Hickory is the best of the State House maps however it favors the Republican party, which is unacceptable. Please give us a House map that eliminates partisan bias.

Cherry V2	Like	As a current resident living in the northern end of the proposed district 29 - I feel my interests are better represented in this district versus being combined with district 30.	Jeffrey King	2021-11-22 01:23:18+00
Palm	Dislike	Palm is not a fair map. After so many years of gerrymandering, we need fair maps.	Cheryl D Hayes	2021-11-22 01:21:41+00
Kellom Senate	Like	As a current resident living in the northern end of the proposed district 29 - I feel my interests are better represented in this district versus being combined with district 30.	Jeffrey King	2021-11-22 01:14:28+00
Cherry V2	Dislike	I don't think think district 13 was drawn very well. District 13 is mostly Plymouth Northville, and Novi. I think that Northville and Novi have a different demographic than Plymouth and the two places will have different interests. Also, the voting influence of Plymouth residents will go down because the needs and priorities of the Northville and Novi residents will outnumber those of the Plymouth residents.	Yash Bingi	2021-11-22 01:10:31+00

Cherry V2	Like	Cherry has better partisan fairness scores than some of the other maps. I went door to door for Prop 2 and nothing is more important than fair maps.	Cheryl D Hayes	2021-11-22 00:41:40+00
Apple V2	Like	Strong, competitive district with many common interests.	Jeffrey King	2021-11-22 00:39:52+00
Cherry V2	Dislike	I don't think there was a need for a line to be drawn between Canton and Plymouth in district 5 and 13. This is because both of the places are similar, with a similar demographic. Also, the people share things like a school district and many parks, which is why they should be grouped together. The people will have similar interests and their population together would equal around what the populations of the other districts were, which is why those two should be together.	Yash Bingi	2021-11-22 00:38:20+00

I think District 6 is drawn relatively fair since it includes diverse communities like Canton and Plymouth which have always worked well together. However, it is questionable that cities as far as Saline and Dexter are also included since the two opposite sides of the map rarely interact with each other. The whole district is considerably large and almost includes two separate groups of cities that are intertwined. All of the communities on the map are very diverse, though, which is a positive thing because it gives different groups more equal representation.

Chestnut

Opinion

Ella Washnock

2021-11-22 00:36:06+00

I believe the map should be drawn differently to combine Plymouth and Canton, with other areas such as Westland, Garden City, and Livonia combined separately. Because Plymouth and Canton share a school district, especially with the high school, it would make more sense to combine the two communities since they always have been very intertwined. There is also a significant wealth gap between Plymouth and Canton vs. many of the other cities in district 5, such as Westland and parts of Livonia, so putting those two different communities together could cause issues with equal representation and education opportunities. The boundaries of districts 5 and 13 should definitely be reconsidered because they would divide diverse cities that have always worked well together and

Ella Washnock

2021-11-22 00:26:52+00

All in all I think this district map is a good one in terms of showing the cut offs between districts. In my opinion I think the two districts are good on their own. As I've stated before, although we would be more known by people in the government, we would also run the risk of more government control and some people don't want that. Also the difference in incomes between the two districts would be too big to combine.

Chestnut

Opinion

Ariana Marie Faulkner

2021-11-22 00:25:03+00

Overall, District 6 has been drawn really well. When looking at the shape of the drawn district, it is the ideal shape for congressional districts which is angular and polygonal. In terms of the diversity of the population, District 6 has a very diverse and differentiating community, which can account for the fact that Canton, a prominently diverse community, has been districted with Plymouth, another diverse community. When we group together communities, it is important that we group together communities with many different people who have different needs and wants, allowing our representatives to represent the interests of more people within minority and majority groups. It is also important to note that the population percentage and the voting percentage have a

Chestnut

Opinion

Ava DeVlieghe

2021-11-22 00:19:55+00

I think it would be challenging to change the district mapping around because it would be hard to know where to cut the line. What I mean is where would we be able to stop as to how far the new Canton/ Plymouth city can reach? What if we cut into a little bit of westland? How much is too much? We would also have to do a lot of changing such as changing certain building names. For example: The Canton Public Library as well as the Plymouth Public Library.

Chestnut Dislike Ariana Marie Faulkner 2021-11-22 00:16:39+00

I think this district map is a beautiful example on why we need to combine these two districts. I would like to see plymouth and canton combined because it would not only improve schoolings. But it would also improve diversity within the area. This would encourage people of different races to move into the new "city" if canton and plymouth combine which would also increase the population as well.

Chestnut Like Ariana Marie Faulkner 2021-11-22 00:08:12+00

Cherry V2	Opinion	<p>In my opinion I think we should keep the districts how they are. I feel if we combined the two districts it would be two big of a city. The taxes would most likely go up as well because we could be considered a city. Also in my opinion I feel there is a clear income difference between plymouth and canton which I feel should stay separate. And as I've said before I feel a lot of people would lose their jobs if the two districts were to combine.</p>	Ariana Marie Faulkner	2021-11-21 23:59:19+00
Cherry V2	Like	<p>I like the idea of keeping the two districts apart. If we combined them taxes would go up, slow decision process. There would be more government control, schooling could be different as well and new bus routes, people would lose jobs because in different districts we have the same jobs but if we combine them there would be no use for two of the same company.</p>	Ariana Marie Faulkner	2021-11-21 23:52:25+00

The district lines should be reevaluated based on the shared cities within each district because District 5 should be grouped with the city of Plymouth rather than the city of Westland. In terms of schooling, Westland schools are placed under the Wayne-Westland Community School District, while Canton schools are placed under the Plymouth-Canton Community School District. Plymouth and Canton are already such a diverse and intertwined community due to the shared public schools where people of all backgrounds have created a sense of community and camaraderie. Having our schools shared makes us close, but if our cities were joined into one district, we could all work together to continue our diverse community and accommodate for all of the interests of the people in

Hickory	Dislike	All the house maps are unfair. This is the best of the lot, but less unfair is still unfair. Please redraw better maps that do not give majority voice to minority voters.	Amy Vail	2021-11-21 22:03:55+00
Szetela Senate	Like	This is a relatively fair map that gives majority representation to majority voters. It avoids the "superpacking" of my community (Ann Arbor).	Amy Vail	2021-11-21 22:01:33+00

I believe that district 6 is really well drawn and is the best map we've seen so far. First of all, the population as of right now is so close to the target population with a deviation of only (0.01%) which is amazing. Secondly, and most important in my opinion, Plymouth and Canton are grouped together. This is a major factor in improving the schooling as two cities with similar education manner are being put together. The population of district 6 is also very diverse compared to its neighbors which makes it so every community is well represented and heard. The voting percentages of these communities are similar to the population percentages so it is assured that each community gets its say, and the district boundaries are drawn well in terms of representation.

Chestnut	Like	This is a fair map. Gives majority representation to majority voters. It also has two voting rights districts.	Amy Vail	2021-11-21 21:53:21+00
Hickory	Dislike	This map is not fair. It gives a majority voice to a minority of voters. Please redraw this map.	Gretchen Gruner	2021-11-21 21:49:24+00

Overall, I believe that district 5 is well drawn, but there are a couple downsides to it. The deviation between the target population and our actual population is very low (-1.62%), which is a good thing. Also, the population of white people and the population of people with heritages of black, native, asian, islander, etc. are more balanced than in say district 12. This means that other communities are well represented and their voices are being heard. One issue I have with the district borders is that Canton and Plymouth aren't grouped together which is a downside to our school district (Plymouth-Canton). If they were grouped together, the quality of education and schooling in general will increase.

Apple V2	Dislike	<p>Madison Heights, the sliver of Royal Oak and the other Oakland cities should be part of an Oakland county district not the bump that has been created here. Please move us in a different direction</p>	Mayor Roslyn Grafstein	2021-11-21 21:24:50+00
Apple V2	Like	<p>I really appreciate the work done by the commission to redraw the congressional districts within Detroit. The last version of this district zig-zagged its way from Detroit through Southfield and into Pontiac to try and grab as many black voters as possible. Because of the declining population. it is harder to draw two majority-black districts without having to stretch into Oakland County. I do appreciate the effort to create two majority-minority districts within Detroit, and I believe they will effectively represent the city's interests well.</p>	Daniel A Fahle	2021-11-21 21:18:50+00
Hickory	Dislike	<p>This map makes no sense for Livingston county. Splitting the community up is not in the best interest of its residents.</p>	Jessica	2021-11-21 21:10:58+00

I think this map could be drawn differently. District 13 seems to include wealthier areas which mean those people will be represented in that district. The cities in district 13 are not all in the same county and don't interact as frequently. I think it could be redrawn to include more diversity. I think Canton and Plymouth should be included in the same district because the communities interact together especially due to the shared school district. Canton is very diverse and having the two together would allow for a wide variety of people to be represented. It is hard to draw district maps because there are always going to be some communities with a lot of diversity and some where people have very similar beliefs and backgrounds.

I think this map is better-drawn than previous maps I have seen. The districts are all in pretty rectangular shapes, theyâ€™re not drawn to cover certain random areas to allow gerrymandering to occur. I like how district 6 includes both Plymouth and Canton because the two communities interact and share a school district. District 6 does seem to expand pretty far going as west as Chelsea and as far east as Grosse Ile. The district does seem to have more diversity which allows a variety of people to be represented. I definitely think this district has more representation and is better drawn than previous models with the exception of the cities on the far edge of the district that donâ€™t interact much with the cities in the central area.

Apple V2	Dislike	<p>This map is terrible! It is not quite as bad as Lange, but still horrible. The party with the least votes would get the most seats. Does NOT achieve partisan fairness.</p>	Carrie Hatcher-Kay	2021-11-21 20:54:22+00
Chestnut	Like	<p>This is the most fair of the Congressional tree maps, but not as fair as Szetela's. It achieves some partisan fairness, but still gives more seats to the party that has the fewest votes. I so prefer Szetela's!</p>	Carrie Hatcher-Kay	2021-11-21 20:51:48+00
Birch V2	Like	<p>This is the most fair of the Congressional tree maps, but not as fair as Szetela's. It achieves some partisan fairness, but still gives more seats to the party that has the fewest votes.</p>	Carrie Hatcher-Kay	2021-11-21 20:45:56+00

I like that the western townships - Northville, Plymouth, and Canton - are kept together. However, as a 30 year resident of this area, there is a closer alignment with Livonia and Westland than Ann Arbor. As this is for our "representative", someone who represents down river and Ann Arbor will not be able to represent our needs as well. We have lived with this in Wayne County with not being properly represented in the county, and this (and the other maps) will only continue this under-representation.

Chestnut

Lange Senate	Dislike	While I thank the commission for its hard work in redrawing the maps, this seems to be the worst of all the redrawn maps, very much perpetuating what was wrong with the previous biased gerrymandered maps, in which a *minority* of voters get a *majority* of seats!	Carol Bardenstein	2021-11-21 20:28:39+00

Hickory	Opinion	<p>Hickory Map is the least of the bad maps for the House, but we beg you to pause and start over on the House maps. We do not want unfair maps. The party with the least votes will get the most seats. This is not the purpose of your commission. PLEASE start over on the House maps!!</p>	Carrie Hatcher-Kay	2021-11-21 20:26:58+00
Hickory	Like	<p>This is a not ideal map that could be improved with more fair representation. Please go back and redraw a better map.</p>	Gretchen Gruner	2021-11-21 20:24:58+00
Hickory	Opinion	<p>While this map is an improvement on previous ones, it is still disproportionate to 'one person, one vote', and as long as we are going to all the trouble of redrawing these maps, for this one time in a decade, we should do it right to make maps with no bias.</p>	Carol Bardenstein	2021-11-21 20:22:27+00

Cherry V2	Dislike	<p>I continually am confused at why Plymouth and Canton are split on these redistricting maps. The two cities are nearly inseparable, have one school district centered around a combined group of high schools. How is it that families with students in the same school district would be in different voting districts. I am possibly more confused at why in its place Inkster is included. I can't say that I even know anyone from Inkster, and it changes the population and financial makeup of the voting district.</p>	Jacob Dalebout	2021-11-21 20:21:45+00
Magnolia	Like	<p>This map is fair compared to the Hickory map, unfortunately neither are perfect.</p>	Dustin	2021-11-21 20:16:54+00
Magnolia	Like	<p>The Magnolia map provides for the best continuity of Livingston county and makes the most sense. Living in Hamburg I do not have much in common fiscally with Ann Arbor and our communities are nothing alike.</p>	Jessica	2021-11-21 20:13:46+00

I think there are some real positives to this map. First off, it joins the communities of Plymouth and Canton, something I believe is an important trait that the Cherry v2 map did not have. I do believe that it may reach a bit far with the likes of Bridgewater and Brownstown, but as a younger Canton resident I cannot say with full certainty those are unlike the Plymouth-Canton community. I also appreciate that for the most part, the districts make geometric sense, with many being near perfect rectangles with the confusingly shaped districts kept to a minimum. Overall, I think this map is the best of the 3 proposed thus far.

No map ever drawn will be perfect and satisfy everyone. That being said, there is one striking feature of this map that I question. I don't understand why Plymouth and Canton are separated. It's not as if their combined population is too great to be a part of one district, and as a Canton resident, I can say that residents of these towns hardly distinguish the two. People from these communities share a school district (along with a large high school campus), so it doesn't make sense why Plymouth is paired with

Opinion

Northville rather than Canton. Jonathan Wylie

2021-11-21 19:54:33+00

I sincerely hope you will select the Linden State Senate map. It would finally give the Tri-Cities community of interest the chance to elect a person who would have to consider ideas from both parties. This map is the most competitive and is the closest to partisan fairness. I appreciate so much your efforts with this map to eliminate the last 20 plus years of Republican

Macomb county included.

Bob Craik

2021-11-21 18:26:46+00

Of the three congressional maps, I favor this one, the Chestnut map. It creates a district that keeps the obvious communities of interest united, that is the Tri-Cities and Flint. Manufacturing, health care systems, and cultural interests are just a few of the common concerns of the mid-sized cities in Mid-Michigan. This Chestnut map is also the most competitive, although the considerable lean for the Republicans should definitely be adjusted to better meet the criterion of partisan fairness. This map also includes more of Midland County, which has been a concern of some commenters. This map is not perfect, but it is a great improvement over what we have now. It will give much better representation to my area, and will get rid of the partisan gerrymandering the Commission was chosen to Madison Heights and the small area of Oakland county including a sliver of Royal Oak will be ignored if this map is used.

I have already expressed support for this map, and after looking at it closely, I support it even more. For the most part, it is, probably, as good as it can be. However, there are a couple minor things and oddball splits that you could change without changing the overall balance of the map. For example, the 35th could easily absorb all of Manistee County; Wexford could be moved to the 30th in exchange for Gladwin and the rest of N. Bay to the 36th; the 31st could absorb all of Lake; exchange 1 pct in GR twp for a couple pcts in GR from the 32nd to the 33rd; move all of York twp into the 19th; all of Taylor into the 1st; all of Royal Oak and Clawson into the 6th; trade out that one pct in Sterling Hts to the 12th in exchange for another pct in Troy to the 7th; and one more, all of Somerset twp into the 20th. None of that

----------	------	---	----------------	------------------------

Cherry V2	Dislike	I agrees with putting Northville and plymouth together, as they are two towns with similar, suburban type population. What I find weird is that Canton and Plymouth are not in the same district, because we probably share even more similarities with them than Northville. Heck, we even share a high school with eachother. In the end, District 13 is good, but in order to improve it, you must include Plymouth and Canton to the same district.	Carter Adamski	2021-11-21 12:41:41+00
-----------	---------	---	----------------	------------------------

Linden	Like	I like the Linden map for its fairness to everyone and that it keeps the Tri-Cities together. Additionally, splitting Midland County gives those of us effected by flooding TWO representatives to look after our interests. This is important as they can extend the reach of citizens thoughts and ideas on the subject.	Charles J. Mikkelsen	2021-11-21 07:34:45+00
Pine v5	Like	I like Pine V5 since it does not split the City of Troy. I want to stay with my city - not be separated from them and put in with another county.	Carol Tootalian	2021-11-21 05:40:32+00
Szetela House	Dislike	I don't like this map as estern Troy is gouped with Sterling Heights, Troy needs tobe kept in one district. We have nothing in common with Macomb County	Hirak Chanda	2021-11-21 03:26:54+00
Pine v5	Like	I like this map as it keeps Troy together in one district ( COI).	Hirak Chanda	2021-11-21 03:23:00+00

Overall, District 6 is well rounded in terms of how it incorporates the major diverse towns and cities, such as Ann Arbor, Canton, and Plymouth; this is especially prominent in Asian representation. Furthermore, the Plymouth-Canton schools are together, which is very reasonable and helpful for combining similar educational beliefs. However, I do not understand why District 6 stretches to the river coast as the coastal towns have a different perspective compared to the more western regions of the District. Ultimately, it is a clash between two different communities in one region; the more suburban and urban communities vs the river coast communities. There most likely needs to be a split in allowing the western region to be together and either the eastern region to be by

Chestnut

Opinion

Chris Jiang

2021-11-21 03:01:42+00

Overall, District 5 is decent, especially in terms of the population. The Asian community is well grouped and well represented compared to the overall white population and the other districts, where voting is also reasonable. However, I do not believe Canton and Westland should be grouped together because Canton and Plymouth would make much more sense. For instance, the prominent public schooling of Plymouth-Canton provides for an important factor, which is not represented very well at all. Currently, Plymouth is in District 13; allowing Canton and Plymouth to be integrated together will severely improve the quality of Plymouth-Canton schools and the thousands of students that attend by allowing better, continuous communication and beliefs.

Chestnut	Like	<p>I have lived in Troy since 1976. Congressional District 11 is already a competitive district -- having had, in succession, both a Republican and a Democratic U.S. House Representative. Troy should stay in District 11 and with its neighbors in Oakland County. The interests of Rochester Hills, Troy, Royal Oak and Ferndale are similar and interconnected (by Woodward Avenue and I75). Those interests are disconnected from Sterling Heights, St. Clair Shores and communities to the East. To expect a member of the U.S. House of Representative to adequately represent a hodgepodge of such very different communities is, I</p>	Richard Smith	2021-11-21 02:57:50+00
Lange Congressional	Dislike	<p>fear, asking too much.</p>	Richard Smith	2021-11-21 02:34:15+00

I think this map does a better job at dividing up COI, but there is still a pretty huge variation in diversity between districts. But in District 6, it does a good job at representing the huge Asian community there. Besides the race, I think the map represents COI of towns and cities in District 6 pretty well. As a resident of Canton, it is good to put Plymouth and Canton in the same district since they generally share the same interests. They are also pretty intertwined with each other. All in all, this map is pretty good.

Chestnut

Opinion

Summer Xiong

2021-11-20 22:45:11+00

When looking at the map as a whole, I feel like the borders might need some work. Looking at the racial diversity of each district, there are pretty big variations. Some have an overwhelmingly white population. In addition, all districts are majority white. I understand that this may just be a reflection of the whole Michigan population. Specifically looking at district 5, I have doubts about putting Westland and Canton together. From my experience living in Canton, I would say that putting Canton and Plymouth together may be better. Minor changes can be considered overall.

Chestnut	Like	<p>As a 22 year resident of Troy, I prefer this map. Troy needs to be kept with Oakland County neighbours and not with Sterling Heights. Troy needs to be with Oakland County neighbors.</p>	Hirak Chanda	2021-11-20 21:27:27+00
Apple V2	Dislike		Hirak Chanda	2021-11-20 20:50:20+00

Chestnut	Opinion	<p>I believe the percentage of people based on ethnicity for this district is very similar to those of other districts for many groups. The Native American group though, has a significantly higher prevalence in this region compared to the other districts. It seems like some sort of packing is going on in this district because of the high percentage number. Even with this outlier, I believe the district lines overall are drawn pretty well. I feel like this district, though similar in population to all other districts, exceeds particularly in the amount of land it covers. I believe these voting districts should represent similar land areas, as well as population, but while I think it is difficult to do so, I believe different townships could be included to make the area smaller, while still representing the same amount of people.</p>	Alexander Huey	2021-11-20 20:38:18+00
Cherry V2	Opinion	<p>same amount of people.</p>	Alexander Huey	2021-11-20 20:29:12+00

Chestnut Like Personally, as a resident of Canton, I like the borders drawn around District 6 as they appropriately group the closely tied cities together. Also, the districting is done well in the sense that the total population and the voting age populations of these districts are evenly distributed. Some districts have very skewed ratios of different communities, and many have a strong white bias, but for the most part, this map is well drawn in terms of representation. Jaya Choudhary 2021-11-20 18:47:31+00

Chestnut Opinion I approve of the low deviation of District 6. District 6 also represents the Asian population more than that of all other districts. But, I also believe itâ€™s unnecessary to expand this district up to Belle Isle as they have a different demographic than Washtenaw & Wayne county. I also believe that the district should be moved east and expand more toward Wetland and Wayne As they have similar demographics. Yash Kalani 2021-11-20 18:31:06+00

Apple V2	Dislike	The 2nd and 3rd District Maps are horrible. Especially the 4rd District Map. To carve out Grand Rapids and Kalamazoo into its own district is gerrymandering at its best. These two communities do not share the same values. This map needs to be rejected!	Cal Morton	2021-11-20 17:02:13+00
Birch V2	Like	This map is the fairest in apportionment and is the in my opinion.	Jerry S Walden	2021-11-20 16:57:54+00
Apple V2	Dislike	The 2nd and 3rd District Maps are horrible. Especially the 3rd District Map. To carve out Grand Rapids and Kalamazoo into its own district is gerrymandering at its best. These two communities do not share the same values. This map needs to be rejected!	Cal Morton	2021-11-20 16:57:33+00
Palm	Dislike	The Palm map is very unfair. Linden and Cherry are much better. Palm would allow Republican to win most seats even in Democratic years. I voted for Proposal 2 because I want a fair map and fair elections.	Chris Andrews	2021-11-20 16:56:44+00

Apple V2	Dislike	<p>All of the maps have a partisan bias favoring Republicans, but this is the worst! It is also bad in how it splits up the Lansing region. Please approve Chestnut or Birch, which are much fairer. This chopped up map seems to be the most gerrymandered map of the bunch and won't serve the voters of this district well.</p>	Chris Andrews	2021-11-20 16:43:56+00
Palm	Dislike	<p>This map is our best choice for representing our area. There is a good mix of voters and would provide a competitive district that would require any candidate to address the constituents vs any other influences be they party or donor.</p>	Michael Saenz	2021-11-20 16:38:10+00
Chestnut	Like	<p>This is the fairest map for Congress. Although all the maps have a Republican bias, this is the best. It has several competitive seats.</p>	Michael Saenz	2021-11-20 16:34:53+00
Chestnut	Like		Chris Andrews	2021-11-20 16:31:16+00

Overall, I believe that the redistricting of the communities in District 13 benefit the interests of the people. Population-wise, the deviation has gone up about 1%, which continues to allow fair election processes. As a resident of Plymouth attending Plymouth-Canton schools, I don't think there is an issue with the splitting of Plymouth and Canton. The representation of both Plymouth and Canton residents continues to stay at a consistent rate, so the issue over electing representatives clashing with the school district's knowledge on the subject isn't an issue. I also believe the communities of interest in District 13 are all relatively similar to each other, which of course, is the most important issue to be accounted for. An issue I could see in District 5 is the difference of interests and

2021-11-20 16:22:07+00

I think the redistricting of District 6 is, for the most part, fair. With the obvious nature of the goals of redistricting, the population of the district is close to identical of others. I think instead of relying on what others are concerned about, diversity, I think we should be focusing on the population as a whole. Every person gets a vote; I think if we purposefully split up the districts based on diversity, we are also purposefully altering the outcome of the process of choosing our representatives. One issue that could potentially come with this districting is a conflict of interests between Ann Arbor/Canton/Plymouth and the downriver communities concerned with their waterfront, which the interior communities won't worry about.

The state senate districts are evenly drawn just in terms of population. However, the districts are very uneven in terms of diversity. Certain districts have a very heavy bias towards the white population, with over 90% of the population being white. This may lead to issues with the representation of the people. Additionally, some borders split cities that are very integrated communities. For example, the border between districts 5 and 13 split Canton and Plymouth. This is an interesting choice considering that Canton and Plymouth are very integrated in terms of people and education. Separating them into different districts messes up the representation of a connected population. Overall, the district borders have been drawn well, but some of the smaller details in certain communities should

Magnolia	Like	this is the fairest version. Please choose this.	Ron Singer	2021-11-20 14:23:06+00

This is the best of the House maps for Michigan. Grand Rapids area configuration will give a voice to Hispanic, African, and other like communities within the area. The underserved south side of the city will have needed dedicated representation for their unique issues. It is great to see the Walker/Grandville cities combined with the west side of Grand Rapids to keep these like areas together. Thanks for making the changes in the Grand Rapids area. This fulfills the expectations that all Grand Rapids area voters had for fair maps.

This map can easily be changed to make it partisan fair for Michigan to address the majority of public comments which called for redoing the House maps for this reason and restart the 45 day comment period. Simply change the district configurations around the Grand Rapids area to match the Hickory map. As pointed out before, this can be done without changing the overall Michigan map just like was done on the Hickory map. Do it now and the 45 day period end date is only extended 1 week to January 7. The current map is unacceptable. Totally breaks up the communities of interest in the area, does not include Ada and Cascade townships which are an integral part of the metro area and splits representation of the Hispanic, African American

Szetela House	Dislike	District 79 is very bad in this map. My COIs are East Grand Rapids and Grand Rapids, not the rural areas going all the way east over to Lowell and south to Middleville. This would be gerrymandering my votes into these far away rural areas. This map has political bias towards the GOP and should be rejected. If this map is selected by the Commission it would probably face court challenges because of partisan unfairness. Reject this map.	Robert Dragan	2021-11-20 12:57:43+00
Hickory	Like	This is a great map for the Ada/Forest Hills area, keeping it in the same district as the northern side of Grand Rapids and including Grand Rapids Township and Plainfield Township into the same district 81. These are my COIs. This map would be politically fair for the north side of Grand Rapids and keeping it in the same district with the northeast and eastern suburbs.	Robert Dragan	2021-11-20 12:44:27+00

The Linden state senate map is an acceptable state Senate map. It is sensible to group Midland, Bay City and Saginaw into one state Senate district. We already do identify as the Tri-Cities. We share an airport, two public colleges and the Saginaw Bay watershed. This map is an improvement in continuity, meaning, not as spread out as our current gerrymandered state Senate map. In terms of partisan fairness, I was hoping for more of a 50/50 split. This area has been dominated by Republican gerrymandering for over 20 years and decisions about important issues like environmental protection and supporting quality public education have been dominated by one philosophy only. However, of the three choices for state Senate, Linden is the map with the greatest possibility of electing candidates who must

Linden Like Claudia Warren

2021-11-20 04:02:50+00

I dislike this map because it does not represent the unique COI that encompasses both Washtenaw County and Livingston County to the south, known as the Chain of Lakes, which has experienced a great deal of pollution, and shares the common interest of preserving the local ecosystem as well as recreational activities surrounding the chain. It also does nothing to unpack Livingston County which needs to be done, just as Washtenaw needs to be unpacked. East Brighton residents identify with Oakland County and Washtenaw County in the sense that many, many people work, shop and play there - more than they do with the far west or north parts of Livingston County.

The state's senate district boundaries seem fine to me in this arrangement since they account for most of the districting criteria written into the state constitution. Some of the criteria that the state's districts meet are the equal population, contiguity, and (in my opinion) community of interest requirements. The population of each district ranges from around 258 to around 271 thousand people, the districts each directly border one another's boundaries, and (I believe) that, since each district is usually either rural, suburban, or urban, each community member's social and economic views/desires usually mirror each other. Others think that the community of interest requirements are not met because of the many urban and the fewer rural districts,

The district boundaries are pretty good because they each house about the same amount of people and they cater to their communities of interest. Someone looking at the Michigan congressional districts might think, at first, that bigger districts, like district one, house more people than smaller districts, like District 13, but if you compare the population of both districts, you'll realize that the reason that smaller districts are the size that they are is that their high population density balances out with other districts' larger sizes. The district boundaries also take into account the communal/political interests of each region. If you take a look at the 2020 election map in Michigan, for example, you'll see that the district boundaries we see in the Michigan congressional

This map gives the voters of Michigan the ability to elect a representative. The people are in control not the political parties.

None of the House maps in the final list have good partisan fairness, but Hickory is the best of a bad lot. Don't pick this map.	Don Bishop	2021-11-19 20:04:42+00
Magnolia	Dislike	Extremely partisan map favoring Republicans.	Allison M Wilcox	2021-11-19 20:01:31+00
Lange Senate correct	Dislike	This is a bad map. The Midland district is not competitive and the map overall has bad partisan fairness. Lots of bad districts in this map. If you must choose one of the proposed House maps, choose Hickory.	Don Bishop	2021-11-19 19:59:54+00
Pine v5	Dislike		Allison M Wilcox	2021-11-19 19:58:00+00

While this map connects a critical community of interest that has been underserved for decades (Arab/MENA American Community), some adjustments can be made to make this map more inclusive and just. For instance, the Melevindale area encompasses a COI that shares many historical experiences and needs. This area is predominately Arab/MENA (with majority Yemeni community) and exists at an intersection with the community that resides in the Southend of Dearborn. The city changed over the years in terms of demographic population as well as urban development. In order to ensure there is no minority vote dilution and fair representation, it would be best to include Melvindale with the rest of Dearborn/Dearborn Heights.

Chestnut	Opinion	Not only the communities Fairest map but still has a Republican bias . Districts in Ingham and Clinton are	Mariam Akanan	2021-11-19 19:55:01+00
Linden	Like	competitive districts .	Don Bishop	2021-11-19 19:44:44+00

Linden Like This is the best Senate map. It helps reduce the Republican bias. The party with the most votes should win the most seats. Chris Andrews 2021-11-19 19:42:45+00

Chestnut Like Though Bias toward Republicans is still in the maps, this one is the best of the lot. It keeps Eaton, Clinton and Ingham largely together. It enhances the community of interest that already exist for this area. ie roads, shopping Lansing Community College, Tri-County Office on aging, Linda Appling 2021-11-19 19:42:05+00

This map is the best of a bad lot. Partisan fairness overall is better than the other proposed maps, but none of them are really good enough. And keeping Midland county whole, with part of Gladwin, makes district 95 a secure Republican seat, not a competitive district. Of the the three maps, though, this one (Hickory) has the best districts for the Detroit area and improves representation for minority voters in that area. However, please consider trying again to improve partisan fairness overall.

This map is perfect

Nomi Joyrich

2021-11-19 18:08:16+00

It seems that the map for redistricting is fairly well drawn except for a few key flaws. I believe the map also splits up communities that would do well together. There is not much relation between those in the Canton and those who live all the way out near Inkster. It makes sense that Canton would be grouped with Westland, but it seems that Plymouth and Canton would be best if put together due to their close relations. This map does seem to also split Livonia and connect it to Westland, which is an interesting choice to say the least.

2021-11-19 17:55:44+00

This is the least bad of the House Maps. It does NOT have partisan fairness. You did some good things unpacking Ann Arbor and Lansing here, but it's not fair for the rest of the state. PLEASE take your time and draw another map. I am sorry that means it will activate another 45 days when you are eager to be done, but it is important we work hard now to get partisan fairness for 10 years. Thank you!

Hickory

Opinion

Carrie Hatcher-Kay

2021-11-19 17:52:01+00

This is the best of a really bad set of choices for the House map. Maps that are less unfair, are still unfair. This map (and all other house maps) lack partisan fairness. Seat count of 53D to 57R gives the majority of seats to the minority of voters

Hickory

Opinion

Virginia Preuss

2021-11-19 17:51:46+00

Hickory	Opinion	<p>This is the best of the House maps, but it still has no partisan fairness. I like that it unpacks Lansing and Ann Arbor. I like that it has VRA districts, This does the best job with COI, but still needs to be reworked.</p>	Nomi Joyrich	2021-11-19 17:50:53+00
Hickory	Like	<p>All of these maps are unfair, but this is the best of them. I urge you to go back and reduce Republican bias/efficiency gap which would create a 53/57 seat distribution. What I do like about this map is that it split up Ann Arbor &amp; Ypsilanti.</p>	Margaret Schankler	2021-11-19 17:50:34+00
Hickory	Like	<p>While I don't necessarily like the pas that have been presented, the Hickory map is by far the best of the worst!!</p>	Daniel Jones	2021-11-19 17:50:13+00

Cherry V2	Opinion	<p>I don't mind this map redistricting because It does connect Canton with similar areas. I don't think it's the best and I do think that changes can be made such as redistricting Plymouth and Canton together because of their heavy similarities. I think the map separates cultures and interests which is one flaw I see. Lastly, I think that this map helps significantly towards the Westland and Livonia area which have always been heavily seperated.</p>	Raj Patel	2021-11-19 17:46:10+00
Chestnut	Dislike	<p>I think this district should be expanded to the Westland area. Places like Salem, which are more connected with the separated south Lyon schools are in the same district as us. Westland which is more connected to our district than Salem is is separated from us and has its own district.</p>	Raj Patel	2021-11-19 17:38:20+00

Pine v5	Dislike	This is not a fair map and doesn't take care of the issues raised in the Detroit meeting. All of these maps are bad and need to be redone if not choose Hickory!	Ellen Anne Teghtmeyer	2021-11-19 17:12:20+00
Pine v5	Dislike	Correction to the district number, incorrectly referenced new District 9 and should be new District 16.	Lisa Kay Hathaway	2021-11-19 16:55:31+00

The City of Grosse Pointe Woods is split into 2 separate districts alienating a section known as Precinct 4. The section of the Grosse Pointe Woods community not included in the new District 9, the missing area (all of Precinct 4 boundaries), is placed into District 6 on the map. I submitted a map correction previously. The description is that area bounded on the south by the southerly city limits line; on the west by the westerly city limits line; on the north by the centerline of Huntington Boulevard commencing at the westerly city limits line and continuing easterly to the centerline of Mack Avenue; thence southerly on the centerline of Mack Avenue to the southerly city limits line respectively. Attached is the map for Oak House District, which clearly defines the boundaries missed in order to

Pine v5

Dislike

Lisa Kay Hathaway, City Clerk GPWor 2021-11-19 16:43:43+00

Pine v5	Like	This map provides for the fairest representation for Troy voters. Troy is, by itself, a COI. It should not be divided and should not be lumped with communities to the east with which it does not have sufficient shared interests.	Elizabeth Harris	2021-11-19 16:35:43+00
Apple V2	Dislike	Troy should be joined with other Oakland County communities to the west and south with which it shares critical economic, educational and recreational interests. Lumping Troy with Macomb County communities to the east negates a reasonable opportunity for Troy voters to be fairly represented.	Elizabeth Harris	2021-11-19 16:14:43+00
10-14-21 v1 SD RL	Dislike	Again we have a map dividing Jackson County and joining it with Ann Arbor. Why would you do this except to drown out the voices of Jackson ?	Sue Macrellis	2021-11-19 15:54:37+00

Birch V2	Dislike	<p>This map lumps Troy together with communities to the east with which it has minimal shared educational, economic and recreational interests. The map would create irreconcilable conflicts for the resulting district's elected representative and should therefore be withdrawn from consideration.</p>	Elizabeth Harris	2021-11-19 15:52:53+00
10-13-21 v1 SD RAS	Dislike	<p>This map splits Jackson County and joins the northern part with the city of Ann Arbor. These two areas are "not alike", as we teach young children when sorting similar and dissimilar objects. Their needs are totally different and the voices of Jackson will be swallowed by those of the big university city.</p>	Sue Macrellis	2021-11-19 15:51:13+00
Szetela House	Dislike	<p>I don't understand why Grand Ledge is cut into two different districts. How is that keeping a community of interest together. All of Grand Ledge should be part of district 76. The "leg" of the map that puts Vermontville in this district should then be taken out.</p>	Marilyn Fox Wade	2021-11-19 15:49:55+00

Chestnut	Like	<p>The Chestnut map does change who are collaborative partners will be in the future. While we are all border counties we do not have a history of working together. I like it better than the others but that may not being saying a lot since the others wer simply horrible..</p> <p>As with Apple map, this map does not keep Jackson county whole. Combining Waterloo Township with Ann Arbor, areas with no common community interests,. deprives the people in this rural area of their representation through shear numbers.</p>	Elizabeth O'Dell	2021-11-19 15:46:24+00
10-13-21 v1 CD RAS	Dislike	<p>As with Apple map, this map does not keep Jackson county whole. Combining Waterloo Township with Ann Arbor, areas with no common community interests,. deprives the people in this rural area of their representation through shear numbers.</p>	Sue Macrellis	2021-11-19 15:44:03+00
10-07-21 v1 CD AE	Dislike	<p>As with Apple map, this map does not keep Jackson county whole. Combining Waterloo Township with Ann Arbor, areas with no common community interests,. deprives the people in this rural area of their representation through shear numbers.</p>	Sue Macrellis	2021-11-19 15:41:22+00

Linden	Like	Marne is part of the Kenowa Hills School District, with Walker and some of Comstock Park. It makes sense to include this part of Ottawa County with the northern area of Kent County.	Cindy Krieg	2021-11-19 15:39:24+00
10-13-21 v1 CD RL	Dislike	As with Apple map, this map does not keep Jackson county whole. Combining areas like Waterloo Township with Ann Arbor, areas with no common community interests,. deprives the people in this rural area of their representation through shear numbers.	Sue Macrellis	2021-11-19 15:37:32+00
Chestnut	Like	Chestnut map provides the most fair representation, of the Congressional maps presented, for Oakland County communities. It keeps Troy, a COI of its own, entirely within one district and aligned with Oakland County communities with which it shares critically important interests. Thank you for presenting this map.	Elizabeth Harris	2021-11-19 15:35:34+00

10-08-21 v1 CD RAS	Dislike	As with Apple map, this map does not keep Jackson county whole. Combining Waterloo Township with Ann Arbor, areas with no common community interests, deprives the people in this rural area of their representation through sheer numbers.	Sue Macrellis	2021-11-19 15:31:53+00
Hickory	Dislike	After due consideration, and with respect to the commissioners, all of the proposed state house maps suck. Please give it another try, and please bear in mind the efficiency gap metric when interpreting "A disproportionate advantage to a political party shall be determined using accepted measures of partisan fairness."	Adam Nash	2021-11-19 15:29:20+00
Chestnut	Like	This map combines Grand Valley University Allendale and downtown campuses. In addition, a Muskegon/Grand Rapids map will increase the odds of minority representation.	Cindy Krieg	2021-11-19 15:28:50+00

10-05-21 v1 CD DW	Dislike	This map does not keep Jackson County whole. It combines rural areas of the county with Ann Arbor. Their needs are totally different and the people of this area would not have a voice.	Sue Macrellis	2021-11-19 15:27:37+00
Linden	Dislike	Drive through these areas surrounding Ann Arbor in Western Washtenaw and Eastern Jackson, can you honestly say they share anything in common with the city of Ann Arbor? Ann Arbor deserves representation that fits the city of Ann Arbor and the surrounding areas deserve representation that fits their rural nature.	Joshua Przygocki	2021-11-19 15:26:21+00
Hickory	Like	Of the maps presented so far, Hickory is your best option. It still falls short on partisan fairness and VRA compliance, and the commission should strive to continue to improve the house maps. If you do not, then please choose Hickory as your least bad option.	Trent Varva	2021-11-19 15:25:42+00

Cherry V2	Dislike	Maps gives disproportionate advantage to one party and does not reflect obvious COIs in south-central Michigan. This violates the spirit of Prop 2 by ignoring communities and party-favoritism.	Joshua Przygocki	2021-11-19 15:24:02+00
Palm	Dislike	This is an extremely unfair, Republican biased map. Please do not use this map which is harmful to voters best interests.	Carol Ingall	2021-11-19 15:23:42+00
Cherry V2	Like	Cherry is reasonably fair and has less Republican bias than Lange map.	Carol Ingall	2021-11-19 15:17:17+00
Szetela Congressional	Like	As a property owner in both Eaton and Ingham counties this map is fairly favorable as it keeps Eaton-Ingham-Clinton mostly together.	Carol Ingall	2021-11-19 15:11:24+00
Lange Congressional	Dislike	Lange is the most discriminatory map. It is seriously biased Republican and breaks up communities of interest. Please do not used this unfair map.	Carol Ingall	2021-11-19 15:06:37+00
Apple V2	Dislike	This is an unfair map with serious Republican bias. It breaks up communities of interest; this map should be voted down.	Carol Ingall	2021-11-19 15:02:11+00

Birch V2	Like	I endorse This map as being fair to voters. This map includes diverse economies and includes Ingham- Eaton- Clinton. However, unfortunately, all the maps exhibit Republican bias.	Carol Ingall	2021-11-19 14:54:51+00
10-08-21 v2 HD	Like	I encourage The Commission to keep the City of Walker with Alpine Township in a district, Grand Rapids Township with Ada and Cascade Townships in a district (Forrest Hills community of interest), Byron Township whole within one district, Gaines Township whole within a district, and Plainfield Township whole within a district. This is a fair map for voters including the Tri county area of Clinton-Eaton-ingham. I own property in Eaton and Ingham counties; this map has least bias.	Laura Hughes	2021-11-19 14:48:33+00
Chestnut	Like		Carol Ingall	2021-11-19 14:47:59+00

10-08-21 v2 HD	Like	I encourage the Commission to keep the City of Walker with Alpine Township in a district, Grand Rapids Township with Ada and Cascade Townships in a district (Forrest Hills community of interest), Byron Township whole within one district, Gaines Township whole within a district, and Plainfield Township whole within a district	Robert Hughes	2021-11-19 14:46:35+00
10-08-21 v2 HD	Like	These are established communities with school, emergency ect. systems in place. There is no reason to divide them up.	Laura Hughes	2021-11-19 14:44:25+00
10-04-21 v2 SD	Like	There is no reason to divide Kent County at Fulton. It is imperative that the commission keeps the divide line at Fulton Street. Kent County needs to stay together.	Robert Hughes	2021-11-19 14:39:48+00
10-04-21 v2 SD	Dislike		Laura Hughes	2021-11-19 14:30:33+00
10-05-21 v1 CD DW	Dislike	I strongly appose a Grand Rapids/Kalamazoo district. The two districts are completely different in terms of populations and needs. It is a loser for all constituents.	Robert Hughes	2021-11-19 14:20:07+00

Thank you for your efforts at partisan fairness. This map is a very politically balanced map. Muskegon and Grand Rapids are connected by the economically important I-96 corridor. This district combines 2 hubs of non-white communities ensuring that the minority voices of West Michigan can be heard. This map connects Muskegon and Grand Rapids which both have a higher density of minority populations who share similar issues. This district is a strong COI for West Michigan.

2021-11-19 14:07:08+00

I like how this map is drawn. I believe it does a good job of keeping small communities united together. It allows the smaller cities to have a larger voice and help each other with proper representation. It also allows for lots of diversity within the area. This will benefit all people and allow for proper resources and representation for all.

2021-11-19 14:03:25+00

Cherry V2	Dislike	I do not like how this map is drawn. I think it splits up communities that work well together and limits diversity. It does not provide adequate resources for everyone now. It also takes away the large variety of cultures and interests. I think the cities will benefit more from being grouped with many different types of people.	Elizabeth Pell	2021-11-19 13:56:24+00
Lange Senate correct	Dislike	I am a resident of rural Washtenaw County. This map clearly splits up communities of interest, and makes no geographic sense. Eastern Calhoun county in the same district as downtown Ann Arbor?? Come on!	Mollie Schairer	2021-11-19 03:14:05+00

Come on! I live in rural Washtenaw County. Szetela map splits up Ann Arbor area like spokes of a wheel, with 7 districts that I could count which fan out from the urban area, across broad swaths of rural areas, and into adjacent counties! This is clear gerrymandering. Summit Twp and Napoleon in Jackson County in the same district as downtown AA?? What in the world are their common interests and needs? Seven state reps for Washtenaw County?? I will be disgusted if this map goes forward.

Szetela House

Dislike

Mollie Schairer

2021-11-19 03:07:21+00

I am a resident of rural Washtenaw County. This map clearly splits up communities of interest. Rural eastern Jackson County and rural areas of Washtenaw County in the same district as Wyandotte and Gross Ile?? No and no. I am seeing many comments giving this map a thumbs up because it is "politically balanced" and "partisan neutral." Per the MI Constitution, the Commission cannot lawfully consider "party balance" / "political fairness" / "party neutral" as a factor. Communities of interest must stay together. And what is up with excluding a slice of northwestern Washtenaw County and putting it with District 7?

Szetela Congressional Dislike

Mollie Schairer

2021-11-19 02:40:11+00

I dislike the Magnolia map. Everyone is talking about how Ann Arbor needs to be unpacked (which I agree with) but Livingston County also needs to be unpacked on the opposite side. There is more to COI than simple county lines. East Brighton and Hamburg are becoming bedroom communities for Ann Arbor and Oakland County where these residents work and shop. They are much more connected to western Oakland than they would be northern or western Livingston in terms of employment connections, commerce and roads. Please consider rejecting Magnolia in favor of maps that unpack both Livingston and Washtenaw.

Magnolia

Dislike

Kasey Helton

2021-11-19 02:02:14+00

This is the best of a bad situation. Why Jackson county is in 4 separate districts and Washtenaw county is in 7 defies any logic. Shouldn't communities of interest be grouped together? This map is the best of real bad options.

Magnolia	Dislike	<p>This map is not fair at all. In terms of partisan bias, this map may well be the worst. It is a resounding endorsement of partisan gerrymandering, and its adoption would repudiate the overwhelming vote of the public in support of Proposal 2 of 2018. There are far better choices available to the commission. Please reject</p>	Ross Vandercook	2021-11-18 22:59:15+00
Palm	Dislike	this map.	Jeffrey Padden	2021-11-18 22:59:12+00
Hickory	Like	This map is fair and the best map.	Ross Vandercook	2021-11-18 22:57:10+00

Szetela Senate	Like	This map is a good alternative to the Cherry V2 map for MI Senate districts in the greater Lansing Area. This also allows a separate state senate seat for each of the area's main communities, yet each also includes adjacent suburban and rural areas from which employment flows into the major communities of Lansing and East Lansing.	Laurence S Rosen	2021-11-18 22:57:06+00
Palm	Dislike	This map is not fair and is the worst map. Strongly dislike this map. I don't like the way it divides the Capitol Region. Has a more Republican bias than Chestnut or Birch.	Ross Vandercook	2021-11-18 22:55:02+00
Apple V2	Dislike		David Hopkinson	2021-11-18 22:53:48+00
Linden	Like	This is the most fair map.	Ross Vandercook	2021-11-18 22:52:22+00

Szetela Congressional	Like	This map is reasonably fair statewide in terms of reducing somewhat the partisan bias that favors Republicans. The Ingham-Eaton-Clinton is mostly kept together, which is a plus, although it would be better if the entirety of the three counties were included in this district. Thanks for this move in the right direction, compared with Apple and Lange.	Jeffrey Padden	2021-11-18 22:50:52+00
Cherry V2	Like	This is one of the fairer maps.	Ross Vandercook	2021-11-18 22:49:58+00
Cherry V2	Like	This map recognizes the need for representation for each of the major communities in the Lansing area: Lansing and East Lansing/Meridian/ etc. Much more balanced and fair.	Laurence S Rosen	2021-11-18 22:48:15+00
Apple V2	Dislike	I do not support this map as it splits Clinton county, and we are one unified region.	Rebecca J Stimson	2021-11-18 22:47:20+00

Linden	Like	<p>Fairest map, although still has Republican bias. Districts in Ingham-Eaton-Clinton are competitive and reflect the diverse communities. Much better than Palm. Linden and Cherry are good choices. Palm is very unfair to each party.</p> <p>SZETELA: Fair statewide map, although all maps have slant towards Republicans. Several competitive seats. Thanks for keeping Ingham-Eaton-Clinton together.</p>	John Cameron	2021-11-18 22:47:05+00
Szetela Congressional	Like	<p>Although all maps still have Republican bias, I like that this map allows the party with most votes to win the most seats. Thank you for keeping Ingham-Eaton-Clinton together.</p>	Bilky Joda-Miller	2021-11-18 22:46:09+00
Birch V2	Like	<p>This map splits up the capital area in a fair manner. It gives the right representation to Lansing and East Lansing.</p>	David Hopkinson	2021-11-18 22:45:32+00
Cherry V2	Like	<p>This map splits up the capital area in a fair manner. It gives the right representation to Lansing and East Lansing.</p>	John Cameron	2021-11-18 22:44:14+00

Apple V2	Dislike	<p>This map is problematic in several ways. Statewide, it includes much more partisan bias than other maps. Adopting this map would be an endorsement of partisan gerrymandering, rather than a remedy for it. Also, it misses the boat on other constitutional criteria, such as compactness. This map splits the Ingham/Eaton/Clinton community of interest, but there is not reason to do so except to create partisan bias. Chestnut and Birch are better choices for the commission.</p>	Jeff Padden	2021-11-18 22:43:11+00
Lange Congressional	Dislike	<p>I don't like this map: All the maps are unfair however this is the worst. Map for Lansing Region district is less compact. It undoes the work of other maps to treat Ingham-Eaton Clinton as a unified region.</p>	Bilky Joda-Miller	2021-11-18 22:43:10+00
Birch V2	Like	<p>Fair statewide map acknowledging Ingham-Eaton-Clinton counties' communities of interest are acknowledged.</p>	Rebecca J Stimson	2021-11-18 22:42:35+00

Szetela Congressional	Like	<p>Fair statewide map, although all maps have slight Republican bias. Several competitive seats that meet the changing public face of their populations! Thanks for keeping Ingham-Eaton-Clinton together!</p>	John Cameron	2021-11-18 22:42:25+00
Apple V2	Dislike	<p>This map breaks up the Capitol Region and is less logically arranged than Chestnut or Pine v2. We want Clinton, Eaton, Ingham, Livingston together. This map goes too far west.</p>	Mary I Pollock	2021-11-18 22:41:53+00
Apple V2	Dislike	<p>This map is not a fair map at all. This map is totally splitting the grater Lansing area and so unfair. The Chestnut &amp; Birch are much fairer.</p>	Bilky Joda-Miller	2021-11-18 22:38:47+00
Birch V2	Like	<p>Although all maps have Republican bias, this map allows the most votes to win the most seats. Also has several competitive seats. Thanks for keeping Ingham-Eaton-Clinton region together.</p>	David Hopkinson	2021-11-18 22:37:58+00

Lange Congressional	Dislike	This map doesn't represent the diversity of the capital city. It only includes parts of Clinton County and adds Jackson. The Birch Map seems more fair to both parties and represents the regional culture and people better.	John Cameron	2021-11-18 22:37:57+00
Lange Congressional	Dislike	This map appears not to be very compact; it groups together diverse areas that are parts of several different metro areas, areas that do not necessarily have the same interests. This map appears to be biased towards rural areas and dilutes the influence of the largest population communities.	Laurence S Rosen	2021-11-18 22:37:51+00
Lange Congressional	Dislike	Although all of the maps have a Republican bias, the Lange Map is the most biased of the choices. It splits up the Lansing region. Chestnut and Birch v2 are more fair choices.	Roni Rucker Waters	2021-11-18 22:37:24+00

Lange Congressional	Dislike	<p>This map is problematic in several ways. Statewide, it includes much more partisan bias than other maps. Adopting this map would be an endorsement of partisan gerrymandering, rather than a remedy for it. Also, it misses the boat on other constitutional criteria, such as compactness. Splitting the Ingham/Eaton/Clinton community of interest is also a problem. Chestnut and Birch are better choices for the commission.</p>	Jeff Padden	2021-11-18 22:37:18+00
Hickory	Like	<p>I like the Hickory Map a lot. I am a resident of Green Oak Twp south of Brighton, and our area is seeing tremendous growth from people moving up to our area from Ann Arbor and Washtenaw County. Hickory is one of the few House maps that acknowledges Livingston County as a crossroads between Ann Arbor-Novi-Lansing.</p>	Janice Karlovich	2021-11-18 22:36:34+00

Birch V2	Like	I like this map the most: Fair statewide map where party with most votes wins most seats, although all maps tend to be more Republican friendly. Thanks for keeping Ingham-Eaton-Clinton together.	Bilky Joda-Miller	2021-11-18 22:33:06+00
Birch V2	Like	Thank you for a Congressional District surrounding the Capitol Area. The counties and parts of counties included in CD 7 are logical and appropriate. This map might produce a representative sensitive to both urban and rural interests, the auto industry and its workers, state government, MSU and other education institutions.	Mary I Pollock	2021-11-18 22:32:52+00
Birch V2	Like	This is a fair statewide map where party with most votes wins most seats, although all maps have Republican bias. Thanks for keeping Ingham-Eaton-Clinton together. The Lang Map is very unfair.	Roni Rucker Waters	2021-11-18 22:32:00+00

Birch V2	Like	<p>This map is superior to the Lang map. The districts here represent their regional communities. It solves some of the problems in Oakland County. District 7 feels more like the capital city finally! Grand Rapids, reflects Grand Rapids!</p>	John Cameron	2021-11-18 22:31:44+00
Chestnut	Like	<p>This is the fairest statewide map, although all of the maps have a Republican bias. The party with most votes should win the most seats. Thanks for keeping the Ingham-Eaton-Clinton region together.</p>	Roni Rucker Waters	2021-11-18 22:25:44+00
Chestnut	Like	<p>This Chestnut maps is better than most so not quite fair but better than them. Most of the maps including this is still better for the republicans.</p>	Bilky Joda-Miller	2021-11-18 22:25:43+00
Chestnut	Like	<p>This is a fair statewide map where party with most votes wins most seats, although all maps have Republican bias which is a problem. This has several competitive seats. I'm happy this keeps Ingham-Eaton-Clinton regions together.</p>	Ellen Teghtmeyer	2021-11-18 22:25:43+00

Palm	Opinion	<p>Jackson is one community not to be shared with Ann Arbor. Keeping Jackson county as a whole makes most sense and is one map I stand behind.</p> <p>This appears to be a very fair statewide map, although the Republican bias is still apparent. It is very important to tri-county residents' interests to keep Ingham-Eaton-Clinton region together.</p>	Scott Hiller	2021-11-18 22:25:25+00
Chestnut	Like		Rebecca J Stimson	2021-11-18 22:25:23+00
Birch V2	Like	<p>I submitted evidence that Ingham/Eaton/Clinton self-identifies as a community of interest. Since those three counties are kept together in this map, it appears that my comment and those of many other members of the public were taken seriously. Thanks to the commissioners for listening. I also appreciate that this map has less partisan bias statewide than some of the previous.</p>	Jeff Padden	2021-11-18 22:24:38+00

Birch V2	Like	Although all maps have Republican bias, I would accept this one. We need to keep the Ingham-Eaton-Clinton region together.	Linda Dow	2021-11-18 22:24:13+00
Palm	Like	This map works Best! We are an entirely different community from Ann Arbor, we have very different views and lifestyles.	Dirk Dietsch	2021-11-18 22:23:41+00
Birch V2	Like	This version of the Birch map is the most acceptable, particularly because it keeps the Lansing area as a community of interest and appears to be most balanced. I submitted evidence that Ingham/Eaton/Clinton self-identifies as a community of interest. Since those three counties are kept together in this map, it appears that my comment and those of many other members of the public were taken seriously. Thanks to the commissioners for listening.	Laurence S Rosen	2021-11-18 22:22:17+00
Chestnut	Like	This seems to be the fairest map for this district .	Jeff Padden	2021-11-18 22:21:30+00
Chestnut	Like	I think this is the fairest map for MI Congressional District 7.	Donald J. Bishop	2021-11-18 22:17:01+00
Birch V2	Like		Laurence S Rosen	2021-11-18 22:16:19+00

Chestnut	Like	Thank you for proposing a Capitol Area Congressional District. I like Chestnut for including the diverse communities that relate in many ways to the economy surrounding the area.	Mary I Pollock	2021-11-18 22:16:13+00
Chestnut	Like	This map appears more fair than previous drafts, since it provides less partisan bias. I appreciate that the Commission listened to comments made by the public. Thanks to each commissioner.	Jeff Padden	2021-11-18 22:15:38+00
Chestnut	Like	Chestnut is the most fair map	Linda Dow	2021-11-18 22:13:21+00
Chestnut	Like	This map is fair to the district and to the people it represents.	John Cameron	2021-11-18 22:12:58+00
Palm	Like	I like this map because it keeps Jackson County intact.	Melissa Hiller	2021-11-18 22:12:30+00
Hickory	Dislike	Dislike this map. It assumes that the COIs of Chelsea are more aligned with Jackson County. After living in this community for over 40 years, I'd argue Chelsea is more aligned with the COIs in your proposed district 47. Please reconsider so Chelsea is more accurately reflected.	Judy Oake	2021-11-18 22:01:57+00

Magnolia	Dislike	This map makes no sense to me. Chelsea is more aligned with the rest of Washtenaw County than Jackson County as far as COIs go. Not sure what the point of this map would be and very much dislike it. Please go back to the drawing board!!	Judy Oake	2021-11-18 21:58:23+00
Lange Congressional	Dislike	As a resident of Lyndon Township, I am strongly opposed to splitting Lyndon Township between two districts. With few exceptions these residents are all in Washtenaw County school districts, in the Chelsea Area Fire Authority, in the Chelsea District Library, and share the Lyndon Township municipal fiber network. It is unfair to group northeastern Lyndon residents with a county with which they do not identify.	Ben Fineman	2021-11-18 21:53:21+00
Pine v5	Dislike	Pine V5 is another unfair map and does not address the concerns raised at the Detroit hearing. Hickory is better. All of these maps for the State House are unfair, but if you can't go back to the drawing board, choose Hickory.	Philip Martinez	2021-11-18 21:42:03+00

Linden	Like	This map is an improvement - much better on partisan fairness. I think this map should be approved and judging by the majority of comments, others feel the same. Good job.	Coleen Tuokkola	2021-11-18 21:41:27+00
Magnolia	Dislike	The Magnolia map is very unfair. It should not be chosen. It would give control of the House to Republicans even if Democrats were to win more votes for the House state-wide. Hickory is better. While all of the State House of Representative maps are unfair, Hickory is the best of the options. It does unpack Democrats in the Lansing area, which is progress, but state-wide, it is still unfair.	PHILIP F MARTINEZ	2021-11-18 21:39:36+00
Hickory	Like	The Palm map is the worst one. It is very unfair. Linden and Cherry are much better. Palm would result in Republican control even if Democrats won the state-wide vote.	PHILIP F MARTINEZ	2021-11-18 21:36:54+00
Palm	Dislike		PHILIP F MARTINEZ	2021-11-18 21:32:36+00

Linden	Like	Linden is the fairest of the maps being considered. The districts in the Ingham-Eaton-Clinton county area would be competitive, meaning neither party would have a huge advantage.	Philip Martinez	2021-11-18 21:23:19+00
Hickory	Like	It's confusing why Jackson County is divided up 4 ways, I'm not understanding the common bonds with Ann Arbor since we have such different types of business, urban conditions and educational needs. However, of the maps presented for House Representation, I would choose magnolia over the others presented.	Kathleen Thorrez	2021-11-18 21:18:19+00
Chestnut	Like	This a fair map. It is balanced politically which should result in a competitive, fair election process. Does not create as many competitive seats as Hickory plan. Competitive is defined as races with 5% or less margin. This plan only creates 30 competitive seats. Hickory	Donna E Farris	2021-11-18 20:33:19+00
Pine v5	Dislike	creates 34.	Richard Michalski	2021-11-18 20:27:51+00

Palm	Like	<p>This map reflects our community well as it keeps our schools together , also Jackson has a high per capita of manufacturing businesses that work well together as well as several farming families, Our community does not have the same interest as Ann Arbor, they focus on the University.</p>	Tina Dietsch	2021-11-18 20:26:21+00
Hickory	Like	<p>This is the best of the 4 options presented. It creates 34 competitive seats (based on 5% or less margin). This compares to 29 for Szetela plan, Pine with 30, and Magnolia with 34 also. Magnolia would be my second choice.</p>	Richard Michalski	2021-11-18 20:22:43+00
Szetela House	Dislike	<p>This is probably the most partisan of the 4 maps proposed. It creates the fewest competitive districts (29 having margins of 5% or less). It appears to advantage the Democratic potential seats. It is very hard for me to say this, but my desire for increased competitive seats outweighs my party preference.</p>	Richard Michalski	2021-11-18 20:16:31+00

it's hard to enthusiastically endorse any of the commission's collaborative House maps because none come close enough to achieving the goal of holding in healthy tension your constitutional criteria of COIs and partisan fairness. This map does result in the best partisan fairness scores of your collaborative House maps so it gets my "OK but it could/should be better" comment on the partisan fairness criterion. From a review of the comments on this map I think I see some thumbs-up approving comments from various COIs that are representative of historically marginalized communities - which is a very high priority for me even though I can't speak intelligently on their behalf as I am not part of one of those marginalized communities.

Hickory

Opinion

My Big Ask is that the

Karen J Obits

2021-11-18 20:12:01+00

Palm	Like	<p>Palm is a good representation of the Community of Jackson County. We are a small town graced with beautiful iconic parks and recreational interests that provide entertainment and sports to the rural areas. We also have a historic background in supplying the Automotive Industry with a growing manufacturing base. This map keeps Jackson intact.</p>	Kathleen Thorrez	2021-11-18 20:05:55+00
------	------	--	------------------	------------------------

Linden	Like	<p>If the MICRC does NOT consider individual commissioner maps on par with collaborative maps in its voting procedure, the Linden map would be my default first choice. However, my first preference would be for Commissioner Kellom's Senate map because it scores equally well as the Linden map in terms of partisan fairness while also increasing potential opportunity for African-American residents of Detroit to elect candidates of choice.</p>	Karen J Obits	2021-11-18 19:59:59+00
--------	------	--	---------------	------------------------

Kellom Senate	Like	<p>I prefer this map for its higher scores in partisan fairness - similar to that of the Linden collaborative map - and the potential increased opportunity for African-American residents of Detroit to elect candidates of choice.</p> <p>The Chestnut map is the best solution for keeping the industrialization of Jackson County intact. This supports the large manufacturing base in Jackson with the many of the regional supply chains, rural workforce and essential resources within this boundary District.</p>	Karen J Obits	2021-11-18 19:54:58+00
Chestnut	Like	<p>Why isnt Troy with Sterling Heights? County lines do not matter! Please choose a map with Troy, Sterling Heights together. Apple V2 is the best map! Thank you for your hard work!</p>	Kathleen Thorrez	2021-11-18 19:50:13+00
Chestnut	Dislike		Dan JC	2021-11-18 19:39:06+00

Chestnut	Like	I like this map both because it more adequately captures the area in which I spend most of my time (visiting family and friends in the Grand Rapids area as well as taking advantage of recreational and shopping opportunities in the North Ottawa area as well as Muskegon) and because it is one of the best collaborative maps when it comes to partisan fairness measures. This is the best map for Troy. It is also a competitive map and take communities of interest seriously.	Karen J Obits	2021-11-18 19:36:18+00
Apple V2	Like	This is my preference for the state house map.	Dan JC	2021-11-18 19:34:48+00
Hickory	Like	As an Asian, this map doesnt represent Asian voices in Troy. We should be with the Asian communities of Rochester Hills and Sterling Heights. Please do not choose this map. Choose map Apple v2. Thank you for listening to our voices.	Elizabeth Julia Cezat	2021-11-18 19:30:14+00
Chestnut	Dislike	This map does a better job with partisan fairness compliance and especially in Washtenaw and Jackson counties.	Qi Lou	2021-11-18 19:26:34+00
Linden	Like		Anthony Watkins	2021-11-18 19:22:34+00

Linden	Like	I support the Linden map for the state senate.	Elizabeth Julia Cezat	2021-11-18 19:21:41+00
		No map can be perfect, but Apple v2 is a substantial improvement over current state, it's among the best currently proposed and stands to create both more competitive districts and more balanced Congressional representation in the state. No map will make everyone happy, but this one seems among the most successful.		
Apple V2	Like	I dont like this map because Troy, Rochester Hills share	Phil Rodgers	2021-11-18 19:19:15+00
Chestnut	Dislike	more COI than Royal Oak.	Kevin Shelter	2021-11-18 19:18:39+00

I do not like the Kellom State Senate map. It divides Jackson County, which is mostly rural, and combines it with half of the city of Ann Arbor. Ann Arbor has public utilities, widely available broadband, and public transportation. Most rural areas have none of these things. These different communities have different needs and require different legislative representation. Please adopt instead the "Palm" State Senate map. It does a much better job of satisfying the "communities of interest" objective of this committee. Thank you.

Kellom Senate	Dislike	Bill Richardson	2021-11-18 19:14:44+00
Chestnut	Like	Jade Walter	2021-11-18 19:02:05+00
Linden	Like	Victoria Gutowski	2021-11-18 18:51:52+00
Szetela Senate	Like	Victoria Gutowski	2021-11-18 18:50:46+00
Szetela Congressional	Like	Victoria Gutowski	2021-11-18 18:49:03+00

I'm so happy to see Troy on here! This map and the Cherry map lean close to partisan fairness required by the Michigan Constitution. This map meets the criteria of partisan fairness. This map is fair and respectful of communities of interest.

Birch V2	Like	<p>Out of the proposed Congressional maps in the running, this comes the closest to achieving partisan fairness. I like that the VRA districts are preserved, so that the votes of Detroiters are not divided and dispersed into other districts.</p>	Kristine McLonis	2021-11-18 18:48:44+00
Szetela House	Dislike	<p>This map does not meet the criteria set forth in the Michigan Constitution for partisan fairness. Other groups have submitted maps that are much fairer...like the AFL and Promote the Vote.</p> <p>Please keep working</p> <p>This map does not meet the criteria for partisan fairness required by the Michigan Constitution. Please keep working. Other groups like the AFL and Promote the Vote have submitted maps that are much fairer. Please make my vote count in the next election and make politicians work for citizenry and not big</p>	Victoria Gutowski	2021-11-18 18:48:06+00
Hickory	Dislike	<p>money.</p> <p>Out of the State House maps in the running, this comes the closest to achieving partisan</p>	Victoria Gutowski	2021-11-18 18:46:26+00
Hickory	Like	<p>fairness.</p>	Kristine McLonis	2021-11-18 18:45:09+00

Magnolia	Dislike	<p>This map does not achieve partisan fairness required by the Michigan constitution. Others groups such as the AFL and Promote the Vote have submitted maps that are much more fair. Please keep working.</p>	Victoria Gutowski	2021-11-18 18:44:37+00
Pine v5	Dislike	<p>This map does not meet the criteria of partisan fairness. Other groups have submitted maps that are fairer to voters.</p>	Victoria Gutowski	2021-11-18 18:42:31+00
Cherry V2	Like	<p>This map and the Linden map both lean closer to partisan fairness than do the other proposed State Senate maps. I am concerned that several of the districts north of 8 Mile Road in both maps extend into Detroit, though. I would prefer that those VRA districts remain as they are.</p>	Kristine McLonis	2021-11-18 18:42:05+00

Linden	Like	<p>This map and the Cherry map both lean closer to partisan fairness than do the other proposed State Senate maps. I am concerned that several of the districts north of 8 Mile Road in both maps extend into Detroit, though. I would prefer that those VRA districts remain as they are.</p>	Kristine McLonis	2021-11-18 18:40:58+00
Hickory	Dislike	<p>Delta Township is a suburb of Lansing, and we share interests with that voting block. Do not include us with rural areas such as Charlotte, Vermontville, etc. This makes no sense.</p>	Marie J Schwan	2021-11-18 18:36:54+00
Hickory	Dislike	<p>Eaton County cannot have more than 2 state reps to represent us. This is not manageable with a Barry-Eaton Health Dept. We need to be linked with Barry County in some way, and NOT include regions like Delta Township who have completely different demographics and needs.</p>	Paula McCloy	2021-11-18 18:32:16+00

Palm	Dislike	<p>This is the absolute worst of the proposed State Senate maps! Several current VRA districts in Detroit would be divided and merged into other communities. Voters in Detroit would not be able to vote as specific communities of interest.</p>	Kristine McLonis	2021-11-18 18:30:44+00
Hickory	Opinion	<p>ALL of the House maps are inherently unfair and desperately need to be reworked. That being said, Hickory is the BEST OF THE BAD.</p> <p>While no map is perfect, the Birch V2 map for Congressional seats is the best, in my view, and addresses all the noted criteria well. I support it fully and hope that it is supported by the Commission. Thank you to the Commission for all its hard, effective, committed</p>	Nomi Joyrich	2021-11-18 18:05:18+00
Birch V2	Like	<p>work.</p>	Roslyn Schindler	2021-11-18 17:35:45+00
Pine v5	Dislike	<p>I agree with Jamila Martin.</p>	Laura Misumi	2021-11-18 16:54:20+00

Szetela House	Dislike	I really dislike this map. It puts Cascade Township with rural districts when only 10% of Cascade Township is rural! Cascade Township needs to be the metro Grand Rapids area where our tax dollars go!	KAREN T SANTELLI	2021-11-18 16:51:01+00
Hickory	Like	This map does a great job of keeping the greater GR metro suburbs of East Grand Rapids, Kentwood, and Cascade Township together! The all share school districts, public services, along with shopping and business districts.	KAREN T SANTELLI	2021-11-18 16:48:31+00
10-05-21 v1 CD DW	Dislike	This proposal does not benefit any of the communities involved. The needs are very different for the Grand Rapids and Kalamazoo cities. There is no reason for them to be in the same congressional district.	Laura Hughes	2021-11-18 16:47:04+00
10-08-21 v2 HD	Dislike	Please do not link parts of Saginaw Township North separately from the rest of Saginaw. We are very much a part of the tri-cities as a whole. Please follow Senate maps in linking our communities together.	Sarah Torres	2021-11-18 16:46:26+00

		<p>This map makes absolutely no sense to me unless you are purposefully creating a Republican gerrymandered district. You have divided the Grand Rapids metro area into 3 districts with large Republican leaning rural areas. How does metropolitan interests get represented???</p>		
Palm	Dislike	<p>This is not a fair map. Thanks for including Cascade Township with the GR Metro area where it belongs along with the Airport it supports. This is a fair and balanced map that unpacks Grand Rapids to allow for 2 State Senate seats which is</p>	KAREN T SANTELLI	2021-11-18 16:39:08+00
Linden	Like	<p>deserved. I like how this map keeps the metro Grand Rapids areas of Kentwood and Muskego with Grand Rapids. It also keeps the Forest Hills School District</p>	KAREN T SANTELLI	2021-11-18 16:34:53+00
Chestnut	Like	<p>intact.</p>	KAREN T SANTELLI	2021-11-18 16:30:45+00

Apple V2	Like	I love how this map keeps the metro areas of Grand Rapids and Kalamazoo together. They share the same healthcare, housing and public education and safety issues. It will make it easy for someone to represent these interests. The Healthcare Corridor which supports many good paying jobs is also kept in tack.	KAREN T SANTELLI	2021-11-18 16:27:10+00
Szetela House	Dislike	Allegan County belongs together. I do not agree with the 'caterpillar' district down the lakeshore. This does not represent my community.	Marla Weber	2021-11-18 16:18:56+00
Hickory	Dislike	Allegan County belongs together. I do not agree with the 'caterpillar' district down the lakeshore. This does not represent my community.	Marla Weber	2021-11-18 16:18:19+00
Pine v5	Dislike	Allegan County belongs together. I do not agree with the 'caterpillar' district down the lakeshore. This does not represent my community.	Marla Weber	2021-11-18 16:17:32+00
Magnolia	Dislike	Allegan County belongs together. I do not agree with the 'caterpillar' district down the lakeshore. This does not represent my community.	Marla Weber	2021-11-18 16:16:19+00

Hickory	Like	I am giving this a like because we are now faced with choosing the best from bad options. This map comes the closest to partisan fairness and we in Cass County are at least connected north to Decatur and Paw Paw with which we do share some connections. Going north is better than going East.	Naomi Ludman	2021-11-18 16:11:54+00
Cherry V2	Like	This map along with Linden come closest to meeting the criterion of partisan fairness. This map leans Red. I worked hard for this commission to become reality. I am disappointed that there are still maps that do not meet the criterion of partisan fairness. This map should not	Naomi Ludman	2021-11-18 16:05:53+00
Palm	Dislike	be accepted. While this map is somewhat improved over the others, it is still not partisan fair and results in splitting of communities that adjoin it, Please redraw the Western and Northern areas of	Naomi Ludman	2021-11-18 16:01:11+00
Linden	Opinion	previous gerrymandering,	Ethyl Rivera	2021-11-18 16:00:49+00

Linden	Like	This map and Cherry are the most fair of the State Senate maps. I don't have any preference.	Naomi Ludman	2021-11-18 15:55:05+00
Apple V2	Dislike	This map is not drawn fairly and clearly favors one political party over the other. I worked hard for this ICRC process so that we would have fair maps. This map is not fair.	Naomi Ludman	2021-11-18 15:46:32+00
Chestnut	Like	This is map with the most partisan fairness. I don't like that we in southwest Michigan are now in a district with people from southeast Michigan, but of all the maps proposed, this is the best.	Naomi Ludman	2021-11-18 15:43:02+00

Please reconsider the line drawn between District 2 and District 7 right through the middle of Kalamo Township, Eaton County. As an election administrator, I would ask that you keep this township whole. Splitting it as currently drawn appears to cut through 3 of their 4 school districts. This results in the jurisdiction having 7 school splits/ballot styles versus the 4 they already have to deal with. Thank you for your consideration of the difficulties this would cause.

Palm	Dislike	<p>Palm is inferior to Linden. Palm has clear partisan bias -- the urban/suburban interests of Jackson City and surrounding townships get overwhelmed by all the rural townships. Greater Jackson residents would get 10 more years of non-representation with this map. Also, many people object to the non-contiguous shape of Palm, with its fingers reaching into 5 different counties. And, commenters in Calhoun Co. have stated their wish to keep together COIs Albion, Marshall, and Battle Creek along the I-94 corridor.</p>	Nancy	2021-11-18 15:00:33+00
Chestnut	Like	<p>Having lived and worked in Chelsea for over 40 years, this map seems like it represents the COIs best. Washtenaw County should be kept whole.</p>	Judy Oake	2021-11-18 14:54:04+00
Magnolia	Like	<p>overall, Magnolia is the best choice</p>	Ron Singer	2021-11-18 14:47:11+00

The Linden State Senate map does a good job of keeping together I-94 corridor COI's in Jackson County (Blackman Twp., Summit Twp., Jackson City, Leoni Twp., Grass Lake) with similar communities in western Washtenaw. This part of Jackson County is urban/suburban, not rural, and shares more in common with other communities along the East-West corridor than it ever did with southern border counties like Branch, Hillsdale and Lenawee. Linden is the best choice for state senate maps from my perspective in Jackson County.

Linden	Like		Nancy Smith	2021-11-18 14:46:28+00
Palm	Like	this Palm map seems to be the best option	Ron Singer	2021-11-18 14:44:00+00
Chestnut	Like	I find the Chestnut map the best to represent Jackson County. It will ensure Jackson County will stay as a whole and not be split up into other counties that may not represent the rural areas as well as they are now.	Emily Mathews	2021-11-18 14:42:58+00
Birch V2	Like	this is the best option.	Ron Singer	2021-11-18 14:33:16+00

Lange	Senate correct	Dislike	This map is the most partisan-skewed of all state senate maps under consideration. This is exactly the kind of partisan gerrymandering that the new process was supposed to eliminate.	Paul McCarthy	2021-11-18 14:07:21+00
Hickory		Dislike	Allegan County needs to be kept as one district. Carving it into different districts isn't in the best interest of our residents. Leave the lakeshore in the Allegan County district. We don't want other districts representing our valuable lakeshore resource. Carving up our county for political gain is gerrymandering and we won't accept that.	Tamilyn Poll	2021-11-18 14:02:03+00

Szetela House	Dislike	<p>Allegan County needs to stay as one district. Leaving the lakeshore out is not in the best interest of the county. Carving up the county for political gain is a form of gerrymandering and that is what we are trying to prevent. Our lakeshore is a valuable part of our county and for their voice to be represented in a different district and decisions made about the lakeshore that don't reflect the issues in the rest of Allegan county is unfair.</p>	Tamilyn Poll	2021-11-18 13:58:52+00
Hickory	Dislike	<p>Allegan County needs to remain as one district. We need our lakeshore to be included. Carving up counties into multiple districts is gerrymandering.</p>	Tamilyn Poll	2021-11-18 13:55:09+00
Magnolia	Dislike	<p>Allegan County needs to remain as 1 district. Carving it up and eliminating the lakeshore from the district is a form of gerrymandering for political gain.</p>	Tamilyn Poll	2021-11-18 13:50:37+00

Chestnut	Like	<p>Keeping small communities - rural communities together so they have actual representation - an actual voice is SUPER IMPORTANT. While no map is perfect and likely perfection cannot truly be achieved - the Chestnut Map seems pretty good in keeping rural communities together so they actually have representation rather than being drowned out by loud voices from the large cities. Everyone needs to be represented - not just those who live in heavily populated areas.</p> <p>Please keep Allegan County as one district. Carving it up for political gain is just gerrymandering and that is what we are trying to prevent!</p>	Jack Griffes	2021-11-18 13:50:06+00
Pine v5	Dislike	<p>I like what you did with the 32nd district and kept Ypsilanti Township together as well as add in a community of interest by adding a few precincts from superior township as well.</p>	Tamilyn Poll	2021-11-18 13:48:20+00

Szetela Congressional Like		If you do select Commissioner-initiated maps, the Szetela Congressional map is even better than Birch v2. It is fair and respectful of Communities of Interest. We all know that Birch trees stand out in a forest and the Birch v2 Congressional map also stands out.	Ed Saunders	2021-11-18 05:28:08+00
Birch V2	Like	It is fair and respectful of Communities of Interest.	Ed Saunders	2021-11-18 05:14:52+00

This map seems to be very contrived around large cities and disenfranchises the voice of those living in more rural communities. In the central and southern Michigan, counties are split and centered around large urban areas. Rural counties, Like Eaton, Barry, Calhoun, and Kalamazoo, seem to be divided and joined with counties there are more urban, like Ingham, Jackson, and Kent. In the North, putting part of the Upper Peninsula and part of the Lower Peninsula in a single district does not accurately reflect any geographic, economic, or cultural region of interest. Southeast Michigan seems even more contrived. Keep counties whole wherever possible, and keep rural communities with other rural communities.

Lange Senate correct Dislike

2021-11-18 04:55:26+00

Eaton County and most of the counties in Mid-Michigan and Southern Michigan are divided into so many non-sensical pieces. While this map is better than some from a couple of weeks ago, splitting Eaton County into four different pieces is absurd. Someone living in Olivet or Bellevue has little in common culturally, historically, economically, or geographically with someone in Allegan County (which borders Lake Michigan). Olivet and Bellevue are much more likely to share interests with Battle Creek or Lansing and other rural farm communities. Northwest Eaton County has much more in common with the rest of Eaton County than it does with Ionia, Barry, and Kent Counties. Because so many community and government services are county based, where possible, counties

This district literally spans our state from east to west, Wisconsin to Canada. This (and the surrounding districts in the Upper Peninsula) seem to be so massive geographically that it would create an immense burden on any single legislator to provide good constituent services. Also, with such a vast expanse, there are many different cultural differences and communities of interests that are being divided. Dividing the UP vertically rather than horizontally would allow better representation of local communities and interests, and help constituents receive better representation by an individual who understands their concerns.

I appreciate how difficult meeting all the criteria is for each kind of map, but fairness is a vital criterion which none of these House maps meet. The MICRC has met that criterion in its State Senate and Congressional map proposals, but none of the proposed State House maps are fair in apportioning the most House seats to the party which wins the most votes, based on the last two Presidential elections. Instead all of the maps have a strong lean toward one party, though that lean is slightly less pronounced than currently enacted maps. I'm sure the Commission can do better.

This is just another map that illustrates how the commissioners, who I know are trying to be fair, do not seem to understand how different the COIs of Macomb and Oakland County are. Troy, Royal Oak and Ferndale are intertwined, business and culture-wise, with cities to the west, also in Oakland County. Anyone representing this district will have a struggle. I think chopping up Jackson County is wrong, Adding us to Washtenaw County is too far, over 30 miles. These communities are no alike in population so please leave our community alone. There is no reason to combine these areas.

Chestnut	Opinion	<p>Please move Oakland Twp, particularly the southern part back to district 10. We share all of our services and the school district with Rochester, not with our neighbors to the north or east. It makes significantly more sense for us to have a representation and a voice with the Rochester community. The previous maps had us grouped in with Rochester. Our zip codes reflect this. Thank you for your consideration.</p> <p>These districts for Grand Rapids actually keep most of the actual sections in a reasonable way between Grandville, East GR, Wyoming, and downtown.</p>	Carolyn Young	2021-11-18 02:04:47+00
Hickory	Like		Richard Paas	2021-11-18 02:01:39+00
Szetela House	Dislike	<p>The districts shouldn't be split up this way with Hispanic communities in Wyoming being separated in this way. District 80 shouldn't scoop around that way, and the Cascade airport area shouldn't be so far out into the rural districts.</p>	Richard Paas	2021-11-18 01:58:19+00

Linden	Like	This map keeps COI together and has a much better partisan fairness score.	Helen Goyings	2021-11-18 01:54:55+00
Hickory	Like	I really appreciate that the Hispanic district finally have someone that can represent the community.	Pei-Lan Tsou	2021-11-18 01:49:49+00
Palm	Dislike	This is the worst map I have seen. This map has the worst Republican bias that I have seen. I thought you were suppose to fix gerrymandering. You failed on this map.	Helen Goyings	2021-11-18 01:48:29+00
Hickory	Like	Thank you for keeping the 6-cities together. Especially Walker/Grandville/NW GR as a community of interest since they share the same school district.	Pei-Lan Tsou	2021-11-18 01:48:19+00
Palm	Dislike	This map is not close at all, it should not divide up the center of Grand Rapids with outlaying rural areas to nullify minority voters.	Richard Paas	2021-11-18 01:47:37+00

Hickory	Like	Thank you for listening to us residents of Cascade township and keeping us in with the Grand Rapids metro. We are suburban GR people, really don't belong with the farm land! I also appreciate you keeping the Grand Rapids airport in with the metro.	Pei-Lan Tsou	2021-11-18 01:47:16+00
Magnolia	Dislike	This is a crazy map breaking up Allegan county into 5 different districts. There are other House maps that provide a much better COI grouping. Great job listening to us and putting the GR airport in with the GR metro.	Helen Goyings	2021-11-18 01:44:42+00
Linden	Like		Pei-Lan Tsou	2021-11-18 01:43:45+00
Linden	Like	Thank you for unpacking Grand Rapids. For the amount of population we have, we really deserve 2 State Senate seats representing us.	Pei-Lan Tsou	2021-11-18 01:42:37+00
Hickory	Like	This map is the least unfair of the three map. It keeps COI together and is the least gerrymandered maps of all three	Helen Goyings	2021-11-18 01:41:14+00

Palm	Dislike	I can't support this map (Palm) as it is not even close to achieving the goal of partisan fairness. Ann Arbor and Ypsilanti should not be lumped into one district, you need to split Ann Arbor at a minimum.	Janice Sovak	2021-11-18 01:36:53+00
Palm	Dislike	This map makes no sense. The rural Ottawa county does not belong with the metro GR area.	Pei-Lan Tsou	2021-11-18 01:35:53+00
Palm	Dislike	This whole map is a Republican gerrymander, just as bad as the map we have right now! This is what we tried so hard to get rid of in 2018.	Pei-Lan Tsou	2021-11-18 01:34:01+00
Chestnut	Like	Thank you for your efforts at partisan fairness, I feel that of all the maps, this map is a very politically balanced map and west Michigan will get our proper representation.	Pei-Lan Tsou	2021-11-18 01:29:46+00
Birch V2	Like	The BirchV2 does seem to be the most balanced	Crystal L Ruth	2021-11-18 01:29:33+00

Chestnut	Like	I like this map a lot because we live in metro GR area, but also own a vacation home in Muskegon area. Like many people who lives in GR, we spend a lot of our weekends at the lakeshore.	Pei-Lan Tsou	2021-11-18 01:28:27+00
Apple V2	Dislike	This map is a gerrymandered mess. As much as the 2 major cities in SW Michigan have common ground this map totally ignores the outlier areas that connect to these 2 separate cities as their lifeline to the activities that they value in their lives. This map is also a gerrymandered mess. Map seems best for	Helen Goyings	2021-11-18 01:28:15+00
Palm	Like	representation West Michigan needs a blue leaning district in order to balance out the overall Republican bias of the map.	Crystal L Ruth	2021-11-18 01:26:43+00
Apple V2	Like	The GR-Kzoo district links two important centers of healthcare, scientific research, and medical engineering manufacturing. It make sense to be in the same	Pei-Lan Tsou	2021-11-18 01:25:00+00
Apple V2	Like	district.	Pei-Lan Tsou	2021-11-18 01:23:23+00

Chestnut	Like	<p>Communities of interest are kept together in this version  This map is also the best in terms of partisan fairness.  This map seems to be compact and is not gerrymandered.</p>	Helen Goyings	2021-11-18 01:23:06+00
Szetela House	Dislike	<p>This map is unfair from a partisan perspective. No house map adequately achieves this goal.  Commissioners, please keep working on this to achieve real fairness. You can do it, as you've done with US Congressional and Mich State Senate maps.</p>	Janice Sovak	2021-11-18 01:18:01+00
Hickory	Like	<p>Having East Grand Rapids and Kentwood in the same district makes logical sense for the Grand Rapids metropolitan area. Good job.</p>	Frank Lynn	2021-11-18 01:15:17+00
Magnolia	Dislike	<p>This map (Magnolia) is unfair from a partisan perspective. No house map adequately achieves this goal.  Commissioners, please keep working on this to achieve real fairness. You can do it, as you've done with US Congressional and Mich State Senate maps.</p>	Janice Sovak	2021-11-18 01:10:16+00

Hickory	Like	Thanks for keeping Wyoming city together. This map keeps the Grand Rapids area Latinx community together for the first time. Great map!	Frank Lynn	2021-11-18 01:09:45+00
Pine v5	Dislike	This map (Pine V5) is unfair from a partisan perspective. No house map adequately achieves this goal. Commissioners, please keep working on this to achieve real fairness. You can do it, as you've done with US Congressional and Mich State Senate maps.	Janice Sovak	2021-11-18 01:05:37+00

I do not like the Szetela State Senate map. It divides Jackson County and combines rural areas of Jackson County with half of the City of Ann Arbor. Ann Arbor has more public service offerings, widely available broadband, and public transportation. Most rural areas, like Waterloo Township, have none of these things. Rural communities have VERY different needs and require different legislative representation. This map would give us no voice in our rural area. Please use the PALM State Senate map. It better represents my community. Thank you.

Szetela Senate

2021-11-18 00:57:56+00

Chestnut Like I have friends and relatives living in the City Of Jackson AND Jackson County. To break up the CITY OF JACKSON would be like breaking up 'Family'.....I live by the Clark Lake Golf course in Brooklyn. A rural area in South West corner of Jackson County...so I also am 2 miles as a "crow flies" from Lenawee AND Hillsdale County. James Minnick Jr 2021-11-18 00:55:19+00

Lange Senate correct Dislike If you were to look up gerrymandering in the dictionary, a picture of this map would likely pop up. How many different ways can you try to tie in voters from Ann Arbor to Jackson County. This may be the worst map of all. Please vote for the PALM map which does a much better job of satisfying the "communities of interest" objective both this commission. Thank you. Catherine Upton 2021-11-18 00:52:36+00

Linden	Like	<p>Thank you for putting Ada and Cascade where they belong. They are part of the same school district, Forest Hills. They are part of the GR Metro area and are adjacent to the GR Mketro Airport.</p>	Frank Lynn	2021-11-18 00:51:14+00
Hickory	Dislike	<p>Iâ€™m so disappointed that this is the best anyone could come up with. Why would anyone think dividing a community is a good idea. Farmington and Farmington Hills is one community.</p>	Elizabeth Buckner	2021-11-18 00:46:15+00

I do not like the Kellom State Senate map. It turns its back on the rural residents of Jackson County by dividing it and combines it with half of the city of Ann Arbor. I thought the commissions objective was to at least avoid the appearance of gerrymandering! Ann Arbor has public utilities, widely available broadband, and public transportation. Most rural areas have none of these things. These different communities have different needs and require different legislative representation. Please adopt instead the "Palm" State Senate map. It does a much better job of satisfying the "communities of interest"™ objective of this committee. Thank you.

Szetela House	Dislike	The commission is intentionally carving up counties into multiple districts for political gain. This is gerrymandering! Leave it alone!	James Bantjes Jr.	2021-11-18 00:03:54+00
Szetela House	Dislike	Apparently someone has it out for Jackson County. Another map splitting Jackson County into 4 different districts. Do not use this map.	VANESSA MULNIX	2021-11-18 00:03:25+00

Szetela Congressional Like		This map, Szetela Congressional, is balanced and partisan neutral with a few competitive districts. I prefer Birch V2 but would be similarly pleased if you approved this map. It encompasses the I94 corridor in and out and around Ann Arbor which is a major dynamic of this district along with the Huron River drainage basin coming into the district and draining out to Lake Erie. It is an environmental corridor as well as an economic corridor.	Ronald Emaus	2021-11-18 00:00:08+00
Hickory	Dislike	Ridiculous dissection of Jackson County. Not based on COI.	VANESSA MULNIX	2021-11-17 23:59:56+00
Hickory	Dislike	The commission is intentionally carving up counties into multiple districts for political gain. This is gerrymandering! Leave it alone!	James Bantjes Jr.	2021-11-17 23:58:11+00
Pine v5	Dislike	Do not like. Strange dissection of Jackson County. Clearly not based on COI.	VANESSA MULNIX	2021-11-17 23:57:20+00

Magnolia	Dislike	The commission is intentionally carving up counties into multiple districts for political gain. This is gerrymandering! Leave it alone!	James Bantjes Jr.	2021-11-17 23:55:18+00
Lange Senate correct	Dislike	I like Jackson County whole, but the thread to the east makes no sense. Unless the goal is not COI.	VANESSA MULNIX	2021-11-17 23:53:13+00
Pine v5	Dislike	The commission is intentionally carving up counties into multiple districts for political gain. This is gerrymandering! Leave it alone!	James Bantjes Jr.	2021-11-17 23:53:04+00
Birch V2	Like	The Birch V2 map seems the most fair and balanced. I like that my district includes a major portion of the Huron River, our drinking water resource, and our sewage effluent all the way to Lake Erie. I often advocate for drainage basin based jurisdictions and this goes some way to that end.	Ronald Emaus	2021-11-17 23:52:20+00
Hickory	Dislike	This is not good for Livingston County.	Denise Thornton	2021-11-17 23:51:49+00
Kellom Senate	Dislike	Do not use this map. Totally cut off from my COI.	VANESSA MULNIX	2021-11-17 23:50:23+00

The purpose of the Commission was to draw maps that were fair and as close to being 50-50 between Republicans and Democrats as possible. It can be done. House Representative elections in 2018 and 2020 and the Mayoral race in 2019 had very narrow margins, which indicate to me that Livonia is a purple city. Keep Livonia in one House District! Please work to make these maps with partisan fairness as a primary goal.

Hickory	Dislike	Not my COI. Family, friends, shopping, recreational activities are not in this map.	Katharine Shishkovsky	2021-11-17 23:49:43+00
Linden	Dislike	Do not choose this map. What a crazy convoluted map. I have no knowledge of the communities that snake to the east. Some of these maps leave me suspicious of the true intent of the constitutional amendment.	VANESSA MULNIX	2021-11-17 23:47:59+00
Cherry V2	Dislike	This is a good map for Livingston County.	VANESSA MULNIX	2021-11-17 23:46:16+00
Magnolia	Like	Thank you.	Denise Thornton	2021-11-17 23:46:14+00

Szetela House	Opinion	<p>This map does not represent the voices of the people. It is partisan and non-competitive in its district compositions. None of the house district maps are balanced. A new map should be constructed to provide better balance. It can be done.</p>	Ronald Emaus	2021-11-17 23:43:16+00
Lange Congressional	Dislike	<p>Awful map. Does not keep COI together. Split up in odd ways apparently only to even out numbers of voters, not COI's.</p>	VANESSA MULNIX	2021-11-17 23:42:26+00
Hickory	Opinion	<p>This map does not represent the voices of the people. It is partisan and non-competitive in its district compositions. None of the house district maps are balanced. A new map should be constructed to provide better balance. It can be done.</p>	Ronald Emaus	2021-11-17 23:41:11+00
Apple V2	Dislike	<p>Do not split off the eastside communities of Jackson County. My COI includes family and activities in those areas.</p>	VANESSA MULNIX	2021-11-17 23:41:01+00

This map does not represent the voices of the people. It is partisan and non-competitive in its district compositions. None of the house district maps are balanced. A new map should be constructed to provide better balance. It can be done.

Magnolia

Opinion

Ronald Emaus

2021-11-17 23:40:23+00

I have testified before the Commission twice in person, at least twice on Zoom, and written several comments over the last few months. I have been ignored. I am not too concerned about the State Senate Districts, but I am very unhappy with Livonia being split into three House Districts for several reasons: the citizens in Livonia will be confused about who their Representatives are; the Mayor will have a problem trying to work out problems with House Reps, especially if they don't agree on an issue; the City Clerk will have a hell of a time trying to make sure that all citizens get accurate ballots at election time, much less make sure enough ballots are printed and are accurate. In addition, Livonia has little in common with the City of Detroit -- particularly the Brightmoor neighborhood of Detroit.

		Best map to ensure rural communities have a voice in Congress. My COI, shopping, outdoor activities, family, center on the communities in Jackson County. The trail system I use encompasses Jackson County. I do not travel distances such as to Calhoun and Washtenaw for my COI activities. Keep this		
Chestnut	Like	map.	VANESSA MULNIX	2021-11-17 23:28:39+00
Birch V2	Like	good for where I live	david leroy samson	2021-11-17 23:27:51+00
		I am impressed with all the hard work the commission put into this work. I support this map because it seems to meet most of the requirements for the commission in the best way. I suspect that the fairness of this map is reflected in the accusations of gerrymandering once we had a non-legislative commission		
Chestnut	Like	doing this work.	Mary Vermeer	2021-11-17 23:23:08+00

This map creates a huge partisan efficiency gap by keeping Ann Arbor in one district. This is unacceptable according to the charge of the Commission and is totally unacceptable to me. Southeast Ann Arbor and Ypsilanti have more in common as a community than southeast Ann Arbor has with northeast Ann Arbor specifically the Washtenaw and Michigan Ave corridors. This map is unacceptable to me and it should not be considered by the Commission because of the partisan efficiency gap.

Palm

Dislike

Ronald Emaus

2021-11-17 23:22:47+00

BEST MAP to keep Jackson County whole. I do not utilize services in Washtenaw County or Calhoun County. If anything I move into southern Ingham County. I use the trail system in southern Jackson County, not Washtenaw. To split Jackson County up into various Senate districts will ensure that the rural population does not have a voice.

Linden	Dislike	Does not create as many competitive districts as Palm proposed plan.	Richard Michalski	2021-11-17 23:10:48+00

Living in what used to be called East Ann Arbor, my COI encompasses Ann Arbor, Pittsfield, Ann Arbor Township and Ypsilanti. It's very important my community representation cross all these local jurisdictions to address the many cross-jurisdictional issues. This is a great map for splitting Ann Arbor appropriately north and south to align southeast Ann Arbor with its communities east and west which are much more meaning to me. I'm in favor of all the other measures on this map. This is the best map for representing COI, Voting Rights Act districts, and partisan fairness.

Szetela Congressional	Dislike	Not a good choice, since it only creates one to maybe two competitive district. Chestnut is much better.	Richard Michalski	2021-11-17 22:18:02+00
Lange Congressional	Dislike	Not a good choice, since it only creates one competitive district. It is probably the MOST GERRRYMANDERED proposal of all. Chestnut is much better.	Richard Michalski	2021-11-17 22:16:01+00

		Thank you, Commissioner Kellom for drawing this sensible map for Detroit and Wayne County voters. This map keeps our communities of interest together better than any other map. No other proposed State Senate Map does this.		
Kellom Senate	Like	Please approve this one.	Chris Roosen	2021-11-17 22:14:38+00
Apple V2	Dislike	Not a good choice, since it does not create as many competitive districts as Chestnut. Chestnut is much better choice.	Richard Michalski	2021-11-17 22:13:52+00
Cherry V2	Dislike	This definitely does not keep the communities of interest together. It cuts Grosse Pointe Park into three pieces.	Amanda Bobrovetski	2021-11-17 22:11:52+00
Birch V2	Dislike	Not a good choice, since it only creates one competitive district. Chestnut is much better.	Richard Michalski	2021-11-17 22:11:03+00
Apple V2	Dislike	Adding Warren, part of Royal Oak and Ferndale to Detroit and the Grosse Pointes doesn't make sense. Why would you cut across two other counties to pool together? Definitely not in the best interest of any of those communities.	A Bobrovetski	2021-11-17 22:07:57+00

Chestnut	Like	<p>In analyzing the 5 proposals for US Representative districts, 'Chestnut' is the best since it creates 3 'competitive' districts where the Republican to Democrat ratio is almost 50%. None of the others accomplish this level of competitiveness. Having competitive districts will help eliminate the 'hard' right or left extremes from influencing our government. NO QUESTION CHESTNUT IS THE BEST!</p>	Richard Michalski	2021-11-17 22:04:55+00
Linden	Like	<p>Thank you for putting Cascade Township where it belongs! Great job listening to us and putting the GR airport in the GR metro area.</p>	Christy Mayo	2021-11-17 21:57:06+00
Chestnut	Like	<p>Thank you for putting forth a map that provides partisan fairness.</p>	Christy Mayo	2021-11-17 21:55:07+00
Apple V2	Like	<p>West Michigan needs more of a democratic district in order to balance out the overall Republican bias of the map.</p>	Christy Mayo	2021-11-17 21:52:24+00

Magnolia	Dislike	<p>why are we (in Grand Ledge) included with places like Charlotte and Potterville, even Vermontville which are rural areas like us. We have more community of interest with them than with Lansing. You have included a chunk of Lansing our district which will unbalance the political input. I moved to Grand Ledge 20 years ago because the west side is closer to farming communities.</p>	sally jo nelton	2021-11-17 21:43:58+00
Hickory	Like	<p>Thank you for keeping Troy whole. While this map is not where I want it to be in terms of partisan fairness, it is less of a republican gerrymander compared to the other drafts. You can do better though still Shocking and in your face gerrymandering. This is a ridiculous division of Jackson County. Your duty was to remove the politics from redistricting. This map does not accomplish that. Please stand for integrity in redistricting and do not take away the voices of the citizens of Jackson County</p>	Dan Ngo	2021-11-17 21:35:31+00
Szetela House	Dislike	<p>with this horrible map.</p>	Anna Hicks	2021-11-17 21:30:24+00

Hickory Dislike This map is blatantly partisan. So much for being impartial. This is a ridiculous carve out of Jackson County. Shame. Please select the Magnolia map as it is the least partisan. Anna Hicks 2021-11-17 21:26:13+00

Magnolia Like This is the best map out of the options for state representative. It would be better to keep Jackson county whole. That way our community is accurately represented. However, with Jackson County being smaller than Washtenaw County, it is peculiar how we can go from 2 representatives to 4. Sad that instead of picking a good option, I have to ask you to vote for the least of the evils. Anna Hicks 2021-11-17 21:23:53+00

Pine v5	Dislike	Almost every map you've proposed tries to split Jackson County in half and combine it with Washtenaw County. This will result in Jackson County, in particular its rural areas, being drastically underrepresented. It is gross to see this barely veiled attempt at gerrymandering. Just say NO. Please vote for the Magnolia map. Thank you. Anna Hicks There is ZERO reason to split Ann Arbor and combine it with Jackson County unless you're trying to do it to unfairly. The Palm map is actually fair to both parties. This does not meet the criteria that you pledged to uphold in creating district lines. This districting has combines communities with no shared community of interest concerns. I can't believe it's even being considered. Please vote for the PALM map. Thank you.	2021-11-17 21:19:04+00
Szetela Senate	Dislike	Anna Hicks	2021-11-17 21:15:31+00

Lange Congressional Like	I would like to see the City of Midland and the County of Midland to stay together. We have more in common regarding flood issues than the other options. When I looked up gerrymandering in the dictionary, a picture of this map popped up. How many different ways can you try to tie in voters from Ann Arbor to Jackson County. This may be the worst map of all. Please vote for the PALM map.	Cynthia Ciuk	2021-11-17 21:12:45+00
Lange Senate correct Dislike		Anna Hicks	2021-11-17 21:07:50+00

The revised house map does not serve the City of Flint well, as our city should not be placed in a single district. Today, Flint has two districts (the 34th and the 49th) with the 34th guaranteeing Flint representation and the 49th allowing a second opportunity for representation. The map proposed here completely forecloses the chance for two representatives, instead packing all of Flint into a single district which also would have the effect of creating a clear partisan gerrymander since Flint is an overwhelmingly Democratic city. The commission should look to submitted map P7273 which would allow for Flint to have confidence in one seat with the opportunity for a second seat. Flint should not have to suffer another decade in a partisan gerrymander. Please do not pack all of our city into a single district.

Anna Hicks

2021-11-17 21:03:58+00

Flint should not be grouped into one single district. Doing so creates a clear partisan gerrymander that packs Democratic voters into a single district, something that this commission was created to prevent. "Keeping Flint Whole" did not and does not mean to keep the city in a single state house district. Rather, it means ensuring that the city has a chance to elect a representative of its own. This can be accomplished in submitted map P7273 while also allowing for an opportunity for a second seat as Flint has today. Please, revise this map to ensure that Flint has a clear opportunity for representation with a chance for a second representative as we have today, and please do not pack Flint into a single district. We don't need 10 more years of a partisan gerrymander.

Upon first glance of Pine map one can immediately see the gerry-meandering across the whole state, especially along the Lake Michigan shore line. in all counties along the shoreline . They created new districts where none were needed. These new districts are largely Democrats, The supposed "independent" committee effectively sliced the Republicans from the shore line. The committee did not consider the like-minded communities, farmers and urban voters.

These new districts could have been just slight amendments to the current districts.

		I support the way this map creates a district that appropriately combines the US-23 corridor with the I-96 corridor, as the commonality of commuters who choose to live there based on the ease of using the highways to get to work give them a similar set of needs in their Lansing representation.		
Szetela House	Like		Jordan Genso	2021-11-17 15:57:06+00

We would like the entire Oakland Township to be included in the district 10 with Rochester and Rochester Hills instead of district 9. A large majority of our township uses the Rochester Schools, the Rochester Hills Public Library and uses Rochester as our shopping area. The politics of these areas are conservative Republican but less extreme than the politics of those in Macomb, Lapeer, etc. Being included in district 9 means our vote may be completely lost in every election for the next 10 years. I appreciate your hard work and hope you'll consider this message.

Chestnut

Camilla Kathlyn Mannino

2021-11-17 15:51:18+00

As a local Realtor, I think this map does a fine job using the I-96 corridor and US-23 corridor to make a district that's similar to how potential buyers would view the area when deciding where to house hunt. Many people who consider moving to the area commute eastward on I-96 for work, and have Brighton as the western edge of their search area, and search east from there. That this district looks like a map search I'd have set up for a client makes me think it'd be pretty appropriate for a House district.

Szetela House	Like	This, along with Hickory, is a relatively fair map. Pine and Magnolia are especially bad. None of the House maps are acceptably fair.	Chris Andrews	2021-11-17 14:42:31+00
Hickory	Like	Hickory is by far the best choice. None of the state House maps are fair and you should consider finding a better map-- perhaps Fair Maps project. But if you won't, Hickory is the best way to go. Thanks for unpacking the Lansing area.	Chris Andrews	2021-11-17 14:40:53+00

Magnolia	Dislike	Magnolia is very unfair. All state House maps are unfair but this is the worst. Consider starting over. If you don't, Hickory is by far the fairest option.	Chris Andrews	2021-11-17 14:38:30+00
Pine v5	Dislike	Pine does not make the changes recommended by Detroit voters. Hickory is better. All of the House maps have too much bias and you should consider going back to the drawing board. But if you don't, Hickory is best. This is a relatively fair map I can support. All maps have Republican bias. This, like Cherry and Linden, unpacks Ann Arbor to come closer to fairness.	Chris Andrews	2021-11-17 14:35:59+00
Szetela Senate	Like		Chris Andrews	2021-11-17 14:33:07+00

We support the Magnolia Map. We are one family of many who have a Genoa mailing address, but live only a couple miles from downtown Brighton. We frequent Brighton on a regular basis--it is our town. We dine there, shop there, do business there, etc. Plus, the children in our area attend Brighton Area Schools PLUS we depend on the Brighton Area Fire Authority, which is located in Brighton Township! All of these things are critical to us. It is clear Ann Arbor is NOT part of our Community of Interest, and adjoining us with them would be detrimental to us and would not make sense. We strongly support the Magnolia Map because it will ensure our Community of Interest is kept intact, which is extremely important to us. Thank you.

Leslie Baker

2021-11-17 14:31:31+00

The Hickory map is definitely not one which supports the interest of our community. My family does not see how this map could possibly be the right one. Our interests and activities are in Brighton area, we do nothing in the city of Ann Arbor. Genoa Township is supported by the Brighton Fire Department and attends the Brighton Area Schools. This map does not represent our needs or interests and would separate us from our true community. Cherry and Linden are fairer and better maps.

2021-11-17 14:26:36+00

Linden is a relatively fair map. It and Cherry are much fairer than Palm, which assures that Republicans keep control except in Democratic landslides at the top. Good treatment of the Lansing region.

Palm	Dislike	Palm is the most unfair map. It would make it very likely Republicans control the Senate even when Democrats win at the top of the ticket. It packs Democrats in Ann Arbor and amounts to a gerrymander. Cherry and Linden are acceptable. Palm is not.	Chris Andrews	2021-11-17 14:21:51+00
Hickory	Dislike	As I said in the Zoom meeting itself, Hamburg Township should properly be placed with the rest of Livingston County and not combined with Ann Arbor. This map seems more politically motivated than anything else.	Jason B Negri	2021-11-17 14:21:20+00
Linden	Like	Use the Magnolia map! I love how this map does so well on partisan fairness. It should be the one!	andrew j seiler	2021-11-17 14:20:27+00
Cherry V2	Like	This is a fair map, although all maps have Republican bias that is likely to affect the majority in a close statewide race. It is far better than Palm, which is very unfair.	Chris Andrews	2021-11-17 14:17:38+00
Cherry V2	Like	This map does great on partisan fairness and should be your top choice for State Senate Maps!	andrew j seiler	2021-11-17 14:16:41+00

Szetela Congressional Like	This is a fair map. although all maps have Republican bias. It has several competitive seats. Thanks for including Ingham-Eaton-Clinton in one district.	Chris Andrews	2021-11-17 14:14:29+00
Magnolia Like	Our family supports the magnolia map, it keeps our Brighton community area of interest together. Although we have a Genoa mailing address, we are in the Brighton school district, part of the Brighton Area Fire Authority, city of Brighton, and Genoa township. The Brighton community does not share the same interests as Ann arbor or the County of Washtenaw County. The magnolia map best serves our community of interest.	David Tharp	2021-11-17 14:13:26+00

Hickory	Dislike	<p>I am strongly opposed to the Hickory Map, and I strongly support the Magnolia Map. Please keep our community whole and do not intermingle us with the city of Ann Arbor and the county of Washtenaw. We have very little in common with Ann Arbor on multiple fronts and it is not part of my Community of Interest. Furthermore, this map actually ignores my Community of Interest, which I've described in previous comments, and this current map is totally unacceptable! Again: YES to the Magnolia Map and NO to the Hickory Map! Thank you.</p>	Leslie Baker	2021-11-17 14:12:57+00
Birch V2	Like	<p>This is a good map. Although all maps give an unfair advantage to Republicans, this one is reasonable. Thank you for listening to us and putting Ingham-Eaton Clinton together.</p>	Chris Andrews	2021-11-17 14:09:51+00

Birch V2	Like	<p>This map does not look gerrymandered. Even though I do not like my city of Warren being split, this map seems to keep the most communities intact.</p>	Harry	2021-11-17 13:40:58+00
Pine v5	Dislike	<p>This map contains substantial partisan bias and does not adequately reflect communities of interest.</p>	Aaron Haury	2021-11-17 13:26:49+00
Szetela House	Like	<p>This looks like the fairest of those offered. However, the commission should keep working on state house maps since each proposed House map gives the majority of seats to the minority of voters!</p>	Aaron Haury	2021-11-17 13:25:23+00
Hickory	Opinion	<p>Among the collaborative maps, this one is the best. However, the commission is encouraged to vote to accept a new submission because each proposed House map gives the majority of seats to the minority of voters! Please Keep Working! None reflect Communities of Interest adequately.</p>	Aaron Haury	2021-11-17 13:24:43+00
Palm	Dislike	<p>This map is unacceptably partisan!</p>	Aaron Haury	2021-11-17 13:23:49+00

Lange Senate correct	Dislike	This map is not as good as Cherry or Linden. Those maps better reflect statewide voting patterns and communities of interest.	Aaron Haury	2021-11-17 13:23:09+00
Cherry V2	Opinion	This map is acceptable. However, Linden is a better map reflecting statewide voting patterns and communities of interest.	Aaron Haury	2021-11-17 13:22:24+00
Linden	Like	This map is excellent! It has an appropriate split for Ann Arbor, with a connection to Jackson on the northern side and Ypsilanti on the southeast.	Aaron Haury	2021-11-17 13:21:39+00
Lange Congressional	Dislike	This is the most unfair of all the proposed congressional maps.	Aaron Haury	2021-11-17 13:20:54+00
Chestnut	Opinion	This map is acceptable, however, Birch and Szetela better reflect statewide voting patterns and better cover communities of interest.	Aaron Haury	2021-11-17 13:20:00+00
Szetela Congressional	Like	This map offers the most competitive districts of any proposed map.	Aaron Haury	2021-11-17 13:19:19+00
Birch V2	Like	This map reflects statewide voting patterns very well and covers many Communities of Interest.	Aaron Haury	2021-11-17 13:18:26+00

I really don't think having these Lake Shore districts makes sense. I understand the Lake shore has unique challenges. however everyone in the County has a stake in this lakeshore. Allegan County is very cut up. County lines need to be respected as best they can be. This map has my district being a hour + drive wide - meanwhile my neighbors in laketown township are not represented by same person. (all these maps have same issue for Allegan)

Szetela Congressional Dislike

This map is very unfair and gerrymandered. Map needs work.

merlin steffes

2021-11-17 06:29:42+00

I live in Fenton. We don't want Grand Blanc or Rankin. We do want more Holly. Holly and Fenton, and just go east from there, maybe a bit South and incorporate parts of Highland.

Also, Chris Khorey, we still don't want Grand Blanc or Linden, and especially not Rankin. Give those to 71, like Bob Brewer said.

Magnolia

Dislike

Howard Zwick

2021-11-17 06:22:20+00

Magnolia	Like	Get Grand Blanc out of this district. Nobody wants it there. Suburbs of Flint don't belong here. We also don't want Linden in the district as much and would rather see the district go east into Holly, like District 51 used to be but without Linden, which you can just put into 71 with minor effect.	Bob Brewer	2021-11-17 06:17:51+00
Magnolia	Dislike	This map is garbage. Nobody in Fenton wants Grand Blanc in the district. Quit trying to draw smaller areas into the Flint area.	Jim Ridgway	2021-11-17 06:11:08+00
Lange Congressional	Like	Not in favor of the proposed changes. Delta Twn should not be merged with the rural areas of Eaton Cty. Also, the proposal shows Eaton Cty with 4-5 State Representatives. That's way too many. It should be no more than two.	Kathy Brooks	2021-11-17 05:40:18+00
Birch V2	Like	Looks good	Tony	2021-11-17 05:24:34+00
Szetela Senate	Dislike	Ann Arbor split is nonsense. No community of interest reason. Only democratic gerrymandering.	Sarah Abbott	2021-11-17 04:39:00+00

Lange Senate correct	Dislike	Thanks for the only other unique option. But if it splits Ann Arbor it is only for the purpose of the democratic gerrymander. This map - like almost all of the other senate maps - gives democrats a guaranteed majority and that is not right.	Sarah Abbott	2021-11-17 04:37:40+00
Kellom Senate	Dislike	Kellom's map still defies the jackson voice by splitting ann arbor. This is unfair to both communities, who should both have their own voice. There is no community of interest argument for such a bizarre split.	Sarah Abbott	2021-11-17 04:36:15+00
Linden	Dislike	Breaking up the Ann Arbor and Jackson/rural washtenaw communities for partisan reasons is insulting. This creates a democratic supermajority that is the definition of a disproportionate advantage. Commissioners should know better.	Sarah Abbott	2021-11-17 04:34:35+00

		Any map that skews democratic is unfair and doesn't follow what a "fair map" should be - equal to both parties.		
Palm	Like	But this palm map does better respect communities of interest than the alternatives and better respects the Jackson, Washtenaw, Ann Arbor voices that are unique. This Ann Arbor split is bizarre. It may make the Ann Arbor democratic activists happy that they can supersede the Jackson folks and guarantee a democratic majority, but it has no basis in communities of interest. Nor is it fair, as anything other than a 19-19 split is a disproportionate advantage.	Sarah Abbott	2021-11-17 04:32:21+00
Cherry V2	Dislike	This is fair State Senate map. I consider it the best of the collaborative offerings. I also support the Szetela and Kellom individual Senate maps.	Sarah Abbott	2021-11-17 04:29:57+00
Linden	Like	divisions are logical	Alice	2021-11-17 04:20:20+00

2021-11-17 02:51:19+00

This map must be voted down, this does not keep our community whole and places us with washtenaw County and the Ann arbor area, we have absolutely nothing in common with either community. This map does not respect our community of interest. We share absolutely zero services like fire, EMS, or police with Ann arbor or washtenaw County. This map is no good, the City of Brighton, Brighton twp and Genoa must remain as one community as many who live if not most are in the Brighton school district and receive service from the Brighton Area Fire Authority. Ann Arbor has nothing in common with us.

Hickory

Dislike

Tyler Hammock

2021-11-17 02:45:24+00

Linden	Like	While Cherry V2 is my favorite for State Senate map, this one would also be a good choice. It appears to be fair with regard to partisanship. gives fair representation to both urban and rural areas and gives Detroit fair representation.	Peggy L Van Sickle	2021-11-17 02:36:05+00
Lange Congressional	Like	This map is great. It keeps our tightly knit community in Midland County together.	Justin Scott	2021-11-17 02:36:02+00
Magnolia	Like	I live in Summit Township of Jackson county and support the Magnolia map as being the fairest in keeping with the character of Jackson. Stop trying to tear apart Midland County. The gerrymandering going on is disgusting.	Lorraine S Tsutsui	2021-11-17 02:34:00+00
Chestnut	Dislike		Justin Scott	2021-11-17 02:33:02+00
Chestnut	Like	This is the most fair map. I live in Summit Township of Jackson County and hope Jackson can be kept unstripped or absorbed. I think Chestnut is the fairest.	Amy Scrima	2021-11-17 02:32:35+00
Chestnut	Like	Keep Jackson County whole in its individual citizen style population.	Lorraine S Tsutsui	2021-11-17 02:31:10+00
Palm	Like		Lorraine Tsutsui	2021-11-17 02:26:41+00

Magnolia	Like	We support the magnolia map, it keeps the Brighton community whole. Many of us may have a Genoa mailing address yet we are in the Brighton school district and we are part of the Brighton Area Fire Authority in Brighton township, city of Brighton, and Genoa township. Further more, the Brighton community has absolutely nothing in common with Ann arbor or washtenaw County. The magnolia map ensures our community of interest stays together.	Tyler Hammock	2021-11-17 02:26:36+00
Cherry V2	Like	This particular map appears to be the fairest map partisanshipwise. I know there are a lot of complaints from the other side, but partisanship is one major consideration. That's why the People put this in your hands.	Peggy L Van Sickle	2021-11-17 02:19:15+00
Chestnut	Like	This looks like the most fair map of those offered. Thank you for all your hard work!	Mary O'Neill	2021-11-17 01:58:31+00

Szetela House	Like	This looks like the most fair map of those offered. Thank you for all your hard work! Our congressional district looks like a major gerrymander, that commission committed to doing away with. Voters voted for a commission to make fair regions representing communities of interest. This seems like dividing for partisan or simply to comply with numbers. Please be fair and hear our voices.	Mary O'Neill	2021-11-17 01:56:35+00
Chestnut	Dislike	This map splits off a rural section of Jackson County that will not be represented by being combined with the city of Ann Arobr. Don't divide Jackson County!!	Kristine Yeutter	2021-11-17 01:49:56+00
Birch V2	Dislike		Anna Hicks	2021-11-17 01:49:13+00

Chestnut	Dislike	My husband and I would like our entire township to be in the same district as Rochester and Rochester Hills where our school district is and within Oakland County. We object to Chesnut, Birch and Szetela maps where we are grouped with Macomb county where politics is much more extreme than the politics of Rochester and Rochester Hills. Our vote will be completely lost in this district.	Camilla Kathlyn Mannino	2021-11-17 01:48:00+00
Chestnut	Like	This looks like the most fair map of those offered. Thank you for all your hard work!	Mary O'Neill	2021-11-17 01:46:44+00
Chestnut	Like	Rural areas of Jackson County will be disenfranchised by being combined with Washtenaw County.	Anna Hicks	2021-11-17 01:45:53+00

I am in support of Hickory. I find myself frequenting both the Ann Arbor area - friends, health care, book club etc. Also friends and family in this part of Oakland County. I find all these areas easily accessible which is greatly appreciated. Seems like all have lots in common and are part of a greater community.

Please accept Hickory as House District 48. Diane

This map answers to the explicit charge of the Committee. Competitiveness and representation of Michigan's diverse populations are a higher priority than tracking city and county lines, under Article IV Sec 6 (13). Despite the nearly inverse relationship between tracking county lines and making districts actually subject to fair fights, this map actually tracks quite a few county lines. To accomplish this competitiveness and representation of diverse interests, urban areas will be split, and some rural areas will be agglomerated. This makes more politicians pay attention to both, because less can be taken for granted. It is a misconception that urban and rural voters are opposing political monoliths. To mix them together is an entrenched politician's worst nightmare, and an

This map should earn consensus, though it could emphasize better the priorities of respecting diversity of the state's population and competitiveness. State Senate maps have historically overemphasized county boundaries, which will in turn give disproportionate representation to sparsely populated but conveniently aggregated counties, and a U.S. House map should not repeat the same mistake. The resulting over-representation of rural and outer suburban interests in the likely Congressional delegation, will result in the under-representation of urban and diverse interests. We already have a U.S. Senate that over-represents sparsely populated states, making less than a third of the country rule like a permanent majority. House

Districts should stand in

Dislike

Dylan J Pescarolo

2021-11-16 22:16:36+00

Thank you for taking the time to create so many maps. It feels like many of them contain the same districting, which makes them all feel suspect. District 10, which combines Troy, Royal Oak and Rochester and Berkely with St. Clair Shores and other eastern areas will quickly become unworkable, as it combines newer neighborhoods that have specific needs with older ones that have different needs. That's in infrastructure, schools, safety and nearly every other category.

Lange Congressional Dislike

Richard Wochoski

2021-11-16 22:16:22+00

Apple V2	Dislike	Pairing the diversity and business-orientation of Troy with such enclaves as St. Clair Shores seems to be very suspect, creating a District 10 that favors one party over the other. Communities with like family values and city infrastructures are better to administrate in Congress, having similar needs and expectations from government. That should be the primary premise. Not political considerations.	Richard	2021-11-16 22:09:54+00
Chestnut	Like	This, to me, is the most fair statewide map. There are more competitive seats with this Chestnut map. Thanks for keeping Ingham-Eaton-Clinton together.	Ingrid O Yarbrough	2021-11-16 22:08:53+00

Birch V2	Dislike	<p>I don't know why this map continues to be proposed. For District 10, it has gotten nothing but unfavorable votes. In fact, for all the districts it is unfavorable. This is clearly a gerrymandered map looking to water down Democratic voters by placing them in overwhelmingly Republican regions. Please stop pushing this map!</p>	Richard Wochoski	2021-11-16 22:02:58+00
Szetela Congressional	Like	<p>Although all the maps have a Republican bias, this is a fair statewide map. There are several seats that would be competitive for both parties.</p>	Philip Martinez	2021-11-16 21:57:50+00

Palm	Like	Although I as a retired professor would like to see Jackson County grouped with Hillsdale and Lenawee Counties, as in the Chestnut map, because of small colleges COI, Palm map is the best choice of the State Senate maps presented.	Fred Trexler	2021-11-16 19:49:53+00
Cherry V2	Like	Thank you. I'm glad to see Ann Arbor divided between two parts of the County instead of standing alone as an island.	Vivienne Armentrout	2021-11-16 19:43:20+00

This map, although it includes portions of Washtenaw which I'm not a fan of, is better in the representation of Jackson as a whole. Jackson county should not be divided and lumped in with Ann Arbor as the communities are significantly different than each other in a vast many arenas. Mixing heavy agricultural common sense with over educated collegiates with no real work or life experience is essentially lumping apples and walnuts into a bin and calling them potatoes. It's nonsensical. The wants and desires of the Jackson community would be overshadowed by the sheer number of individual life forms residing east of Jackson County. Don't mess with the maps.

2021-11-16 19:19:59+00

There is ZERO reason to split Ann Arbor for community of interest reasons. The only reason to do such a thing is to unfairly give democrats an insurmountable edge. We were told this commission would respect communities of interest. This map does

Cherry V2

Dislike

Larry Parsons

2021-11-16 19:17:28+00

NOT do this.

Linden Dislike There is ZERO reason to split Ann Arbor unless you're trying to do it to unfairly benefit Democrats. The palm map is actually fair to both parties, while this bizarre splitting of Jackson - with ZERO community of interest concerns - is an abomination. Larry Parsons 2021-11-16 19:15:32+00

Chestnut Dislike This is not COMPETITIVE. To me, this is not about getting certain areas to have representation that they agree with, but about making politicians FIGHT FOR YOUR VOTE and WORK FOR EVERYONE. Split Ann Arbor and put part of them with Livingston County, Jackson, Ingham, etc. and the other part with Lenewee, Monroe, etc. so that there's a near equal chance of either a Democrat or Republican winning. I don't really see this approach on ANY of your maps. Right now, there are districts clearly Republican and clearly Democrat, and that's not good for anyone. Gregg A Hartsuff 2021-11-16 19:14:10+00

While I think that all of the senate maps represent a "disproportionate advantage" to democrats, this palm map makes the most sense. The others that strangely split the Ann Arbor area only do so to give democrats an overwhelming edge. Palm is by far the best for communities of interest and ACTUAL partisan fairness for both parties.

Palm

Like

Larry Parsons

2021-11-16 19:13:24+00

After looking at this map a little closer, it reminds of the old Eid map. I can support this map. However, you might consider some changes to the 22nd and 23rd, maybe the 21st, so that Byron and Gaines Twps move to the 23rd in exchange for parts of S.E. Allegan moving to the 22nd. In the process of doing that you might even wind up leaving Van Buren and Kalamazoo whole. Also, perhaps, you might consider keeping Lake County whole in exchange for a sliver of E. Montcalm.

Keep Allegan County together!  
Preserve and respect geographical boundaries, specifically county lines  
The commission is intentionally carving up counties into multiple districts for political gain. This is gerrymandering!  
Allegan County belongs together. I do not agree with the 'caterpillar' district down the lakeshore. This does not represent my community.  
The only reason to break up Allegan County is for explicit, partisan reason and is the

Pine v5

Dislike

definition of gerrymandering. Mark Forbes

I like the Szetela State Senate map. It keeps Waterloo Township with its current neighboring communities (we already work and partner together well) and keeps the City of Ann Arbor separate from rural areas. Rural communities have VERY different needs from the needs of urban residents, and therefore needs different representation. Please use this SZETELA State House map. Thank you.

I do not like the Hickory State House map. It combines RURAL Waterloo Township/ Jackson County with much of eastern of Ann Arbor, Pinckney and west Brighton(???) which absolutely makes NO sense. Parks do not need THAT much legislation attention over day to day resident needs which is clearly the point of this map. Ann Arbor and Brighton communities have more public service offerings, widely available broadband, and public transportation. Most rural areas, like Waterloo Township, have none of these things. Rural communities, like Waterloo Township, have VERY different needs and require different legislative representation. Please use the SZETELA State House map. It better represents my community. Thank you.

in regard to the current state  
House Pine map: I am  
dumbfounded by the  
deliberate dissection of  
counties that should remain  
intact. Allegan county (120K)  
is being divided into SIX  
districts. Lenawee County  
(99k) is being divided into  
FOUR districts. I realize that  
those counties need to have a  
portion of their constituents  
in a separate district but this  
is beyond RIDICULOUS.

As for districts 11-19 (among  
others)... what would possess  
you to think it's a good idea to  
cross county lines when there  
is no justification to do so? In  
both of these examples how  
can any representative  
effectively represent their  
constituents? You are literally  
breaking up communities for  
the sake of partisanship which  
results in serious  
gerrymandering. If that's  
what this commission was

As with the other individual map, this map pushes Troy with communities too far to the east to be able to provide fair representation. Troy and Rochester should not be with Eastpointe, Fraser, Roseville, St. Clair shores. There are no COIs between the Oakland County jurisdictions here and the eastern jurisdictions of Macomb County making representation not very representative. Keep Oakland County communities within Oakland County.

Szetela Congressional Dislike

Opinion

Richard Baker

2021-11-15 20:16:23+00

This map joins Troy with communities way too far to the east, communities with which Troy has really nothing in common. I agree completely with the earlier comment that placing Troy (and Rochester) with Eastpointe and Roseville makes no sense and would be a near impossible district for a representative to actually represent given the differences in the communities. It is good to bring Troy, Rochester, Clawson, Royal Oak together, but it makes no sense to push so far east with this district. The Oakland County jurisdictions belong with communities more to the west and south than the east and north. This map should not remain in consideration.

Birch V2

Dislike

Laurie E.

2021-11-15 20:14:44+00

This is the best of the congressional maps for our city and the surrounding communities. Thank you for working to keep Troy whole, as it is a very important COI on its own. And, it is important to keep Troy within Oakland County, as these are the jurisdictions with which we have the most economic, recreational, and educational interactions. I agree with the comment that it would be even better to pull Rochester/Rochester Hills into the district, but also understand the considerations under which you all are working. This is by far the best congressional map being offered.

Szetela House	Opinion	together.	Jennifer Biddinger	2021-11-15 19:00:06+00

None of the State House maps achieve the partisan fairness scores they should because they all lean in favor of Republicans. Every district drawn for the Midland House is heavily biased in favor of Republicans instead of giving the area a competitive district. If I have to choose between the 3, the Hickory map is the most fair. Even if I'm unable to have a competitive district for Midland, I want the rest of the state to have a good map. Hickory keeps all the alterations made to the Detroit area to increase majority-minority districts and improve the representation of COI's in that area, and also has the lowest lopsided margin and efficiency gap numbers. Hickory is the best map of the 3 for the state.

Hickory

Linden	Dislike	<p>Although this keeps most of Jackson Co. together, PALM is a better map which includes our western county, NOT Washtenaw Co., which we do not have common interests. I believe this is the only map that keeps our Jackson Co community of interest. PLEASE honor our request to allow Jackson Co. to be best</p>	Jennifer Biddinger	2021-11-15 18:17:54+00
Palm	Like	<p>represented.</p>	Jennifer Biddinger	2021-11-15 18:14:01+00

		It is obvious what you are doing by splitting up three different counties to create new districts! Let Jackson Co. have our district, and Washtenaw Co. have theirs.		
Cherry V2	Dislike	No common interests This is the better of the 2 maps presented. It mostly keeps our Jackson County community united. Would like to include our valued Waterloo and Grass Lake communities, though!	Jennifer Biddinger	2021-11-15 18:10:07+00
Szetela Congressional	Like	This map is horrible. Splitting up our Jackson County community into 3 awkward districts? No, thank you.	Jennifer Biddinger	2021-11-15 18:05:07+00
Lange Congressional	Dislike	This map removes our valued Waterloo and Grass Lake communities.	Jennifer Biddinger	2021-11-15 18:01:56+00
Apple V2	Dislike	I think district 6 rightfully represents communities of interest within a 30-minute drive. I don't know why it cuts Detroit and branches all the way to the boarder, seems like it's more for population distribution rather than community.	Jennifer Biddinger	2021-11-15 17:58:09+00
Chestnut	Opinion	This map removes our valued Waterloo and Grass Lake communities.	Macy Arnett	2021-11-15 17:56:13+00
Birch V2	Dislike		Jennifer Biddinger	2021-11-15 17:50:16+00

This map seems mostly fair, as the population sizes in each district are similar and shaped normally.

Communities of interest are mostly represented. I think that District 15, where I am from, is one of the most interestingly drawn districts. The city of Ann Arbor is split up, and grouped with cities that have different needs, such as Jackson county.

Cherry V2

Opinion

E. Woodman

2021-11-15 17:44:39+00

I support the Chestnut Congressional Map because it has the lowest Efficiency Gap number at 0.6% and the lowest lopsided margin at 4% in favor of Republicans.

Though I would like to see the partisan fairness scores improved, if I have to choose between 3 imperfect maps I choose Chestnut. It has the best congressional district drawn for Midland because it keeps the Tri-Cities and Flint together, keeps the other counties whole, keeps most of Midland County in it as well, and makes it possible for either party to win. This is a good example of balancing partisan fairness, communities of interest and keeping areas intact that have long associated with each other like the Tri-Cities and Mid-Michigan.

This pulls together many of the rural/urban mixed communities bound together by a common history and a common mixed rural/urban feel. While lots of farms and agricultural activities occur within it, the bedroom communities and commuter issues of the people are shared. Small though they may be they are linked together. Many of them with small to mid-sized industrial bases hearkening back to the original Henry Ford mills and factories which formed the basis for that original industrialization. This common bond should be recognized and honored and this map does that. Pulling these mixed communities of interest together for a

Palm	Like	The Palm map best represents the district for the Senate. I have attended the public hearings and have heard the citizens of Jackson County repeatedly asking that you keep their urban and rural areas intact as they have very different needs for their communities. Thank you.	Barbara Dame	2021-11-14 20:20:41+00
Chestnut	Like	Thank you for working to draw fairer maps. Chestnut is a reasonably fair map.	Margaret Bayless	2021-11-14 20:20:12+00

Apple V2	Opinion	<p>Overall Apple is a better map than Birch or especially Chestnut but there are too many county splits between District 2 and District 8. Parts of Bay, Midland and Saginaw are split between the two districts. This can and should be cleaned up by putting two of them entirely in one district or the other and splitting just one. I would recommend keeping Saginaw and Bay whole within District 8 and Midland as much as possible within District 2.</p>	Daniel Harris	2021-11-14 20:11:40+00
Chestnut	Like	<p>This map keeps the communities of interest intact for Jackson County. I have attended the public hearings and have repeatedly heard loud and clear the citizens asking you to keep the county of Jackson whole.</p>	Barbara Dame	2021-11-14 20:08:03+00

Birch V2	Dislike	District 10 could be kept entirely in Macomb and 9 could take more of northern Oakland with 11 taking on the southern areas of Oakland from 10. It makes no sense from a community of interest standpoint to have 3 districts crossing Dequindre Road between Oakland and Macomb.	Daniel Harris	2021-11-14 19:54:12+00
Apple V2	Opinion	Well at least this map is better than Chestnut in that it splits Oakland between just 4 districts rather than 6. Ideally district 10 should stay just in Macomb County while district 9 should take in more of Oakland.	Daniel Harris	2021-11-14 19:46:59+00
Lange Senate correct	Dislike	This map would be a guarantee that our small surrounding Jackson communities would get lost in the noise and never have the ear to representation we too rely on. I am asking that you make the the "Palm" map your Senate map of choice.	Caron Maria Wootten	2021-11-14 19:46:36+00

Chestnut	Dislike	<p>I don't care for the way this map splits Oakland County between 6 different districts. The alternative plans, despite their other flaws, are better than Chestnut.</p> <p>By far the best at keeping Jackson County intact, while I would have liked to see our Hillsdale neighbors with a better allegiance, it keeps our rural and neighborhoods with our combined interests</p>	Daniel Harris	2021-11-14 19:41:48+00
Palm	Like	<p>together.</p> <p>Once again this map hurts our most vulnerable by not keeping our alligned relationship with Hillsdale county for those that depend on the services of our Region 2 Department of Aging and Lifeways Community Mental Health.</p>	Caron Maria Wootten	2021-11-14 19:40:28+00
Kellom Senate	Dislike		Caron Maria Wootten	2021-11-14 19:32:04+00

Linden	Dislike	Jackson has many regional agencies that could not be fairly represented with this map. Region 2 Department of Aging and Lifeways Community Mental Health both have long established operations that depend on allegiance and alliance with Hillsdale for funding and operations. This could damage some of the most vulnerable in our two areas that rely on a strong voice for representation in our leadership.	Caron Maria Wootten	2021-11-14 19:26:47+00
Cherry V2	Dislike	This map is absurd, it guarantees that Jackson County voters will not a voice to represent them. With the nod given recognizing communities of interest in the Congressional mapping, this is a slap of recognition that it isn't being taken into consideration at all here.	Caron Maria Wootten	2021-11-14 19:18:17+00

Szetela Congressional Like	By far the best example of keeping our communities of interest intact with the exception of the loss of our communities to the east, Grass Lake and Waterloo are more involved in Jackson County than Washtenaw, many may work in Ann Arbor, but live in Jackson County because they relate to the values and interests of a more rural lifestyle.	Caron Maria Wootten	2021-11-14 19:09:58+00
Lange Congressional Dislike	By far the worst example of keeping our communities of interest and the best example of bias. As a Jackson city and Blackman Township resident and taxpayer I can find no logic in clumping our residents into Ingham County other than to pack and appease a Democrat agenda. Once again this map is not in keeping with keeping our county intact. I can appreciate the inclusion of Lenawee County however pushing our Waterloo and Grass Lake school districts into Washtenaw is a	Caron Maria Wootten	2021-11-14 19:00:44+00
Apple V2 Dislike	disservice to our youth.	Caron Maria Wootten	2021-11-14 18:52:35+00

The Birch V2 congressional map disregards keeping our county intact and pushes our neighbors to the east away. These neighborhoods are the school districts our children are friendly rivals with and promote healthy athletic rivalry and communities. They are also the friendly rivals that when one falls, due to serious injury or illness are the schools that are the 1st one to come to aide. Our community of interest would be better reflected with the inclusion of Lenawee County vs Calhoun.

2021-11-14 16:29:44+00

I like the Szetela State House map the best. It keeps more of Jackson county whole and keeps Waterloo Township in Jackson County. Waterloo is a very rural area, as is most of Jackson county as a whole. From a "community of interest" perspective, Jackson County is a much better fit for Waterloo Township than Washtenaw County. Please adopt this Szetela State House map. It does a much better job of satisfying the "communities of interest" objective for the County of Jackson. Thank you.

Of the three maps, this one is by far the best for Black and Latino communities in Muskegon and Muskegon Heights. It places us in a more diverse district where voters of color have a real shot at influencing the outcome.

I do not like the Birch V2 congressional map because it does not keep Jackson County whole. It combines the eastern portion of Jackson County, including Waterloo Township, with Washtenaw county. Waterloo Township is a very rural community with no city water, no city sewer, no broadband, and no public transportation. Ann Arbor has all of these things. If this map were to be used, Waterloo Township would not have a voice in Congress. Please don't adopt this map. The Chestnut map is much better.

Birch V2

Dislike

Thank you.

Cynthia Richardson

2021-11-14 14:20:03+00

I like the Chestnut Congressional map because it keeps Jackson County whole. Jackson County is mostly rural and has different needs than more densely populated counties like Washtenaw. It keeps Waterloo Township with similar communities in Jackson County.

While I believe this Senate map is the best of the proposed options, I still believe that Allegan County should be kept as whole as possible. I understand removing Fillmore and Laketown Townships in the Northwest as they do associate with Holland. However, It would make more sense to remove northern Berrien and swap that out for the rest of Allegan and a bit of Barry County. While counties rank lower in the criteria, respecting their boundaries is still a requirement and it would be a disservice to split them so. Southeast Allegan Shares as much with the rest of Allegan as it does with Barry County, so by keeping Allegan whole (with similar counties like Van Buren and Barry) the Commission can reflect municipal boundaries and COIs. This swap would

Alice

2021-11-13 01:54:13+00

Apple V2	Like	<p>This map does a great job of keeping the Jewish community in Oak Park, Huntington Woods, Southfield and West Bloomfield together in one district. It also does a good job of keeping most of the SE corner of Oakland County together. Please approve this map.</p>	Sharon Baseman	2021-11-12 23:56:08+00
Lange Congressional	Opinion	<p>Comments from Alice are rude and unnecessary. Be kind please.</p>	Rebecca S Smith	2021-11-12 22:23:44+00
Lange Congressional	Like	<p>Finally a map that shows some common sense. Midland shares the same issues as the counties to the north and west. Thank you for the thought that went into this proposal.</p>	Rebecca S Smith	2021-11-12 22:21:56+00
Chestnut	Dislike	<p>Midland County and Flint do not share the same issues. Please use some common sense which appears to be lacking.</p>	Rebecca S Smith	2021-11-12 22:19:09+00
Kellom Senate	Opinion	<p>This is the only map that doesn't break off Hazel Park and Madison Heights from other similar communities. While I wish Hazel Park and Ferndale were together, this will do.</p>	Dr. Adam Duberstein	2021-11-12 22:03:49+00

Lange Congressional	Like	<p>Midland city and county should be kept together. This map looks like a good option for to keep the city and township whole along with aligning the river system together. It is important that those communities impacted by the 2020 and 2017 flooding be kept together to rebuild as a community what was destroyed. These dams and river systems withing these communities if separated, may never receive the needed support and funding needed to rebuild.</p> <p>This is a very good map that keeps the Grand Rapids area intact, and also a good "real world" division among other regions and areas of western Michigan.</p>	Steve Shafer	2021-11-12 20:33:43+00
Birch V2	Like	<p>I like this map because Jackson County stays as one unit and is included with Hillsdale County.</p>	Douglas Koopman	2021-11-12 19:34:36+00
Palm	Like	<p>This map is biased towards Republicans and packs</p>	David VanStempvoort	2021-11-12 19:06:03+00
Lange Congressional	Dislike	<p>Democrats</p>	Margaret Bayless	2021-11-12 18:57:30+00

Lange Congressional	Dislike	This map is very unfair. Please don't pack Democrats. Pass Birch or Szetela.	Chris Andrews	2021-11-12 18:57:25+00
Palm	Like	I like this because it connects Jackson County with Hillsdale County	Denise Cough	2021-11-12 18:55:25+00
Cherry V2	Opinion	I support this map in that COI's are together in the tri-cities (district 35). Please let partisan fairness and allowing all voices to be heard guide you in making the final decision and not gerrymandering. However, please consider putting Bridgeport, Hemlock, and Thomas Township in district 35 as well. They are very much a part of our COI and do not belong in a separate district.	Sarah	2021-11-12 18:53:49+00
Palm	Like	I like how this map does not separate Jackson County	Ronda VanStempvoort	2021-11-12 18:50:01+00
Szetela Senate	Like	Commissioner Szetela Senate map is the best option for Battle Creek. Although I dislike being included with Barry County. It would better for Battle Creek to be included with Kalamazoo county.	Bruce Noble	2021-11-12 18:18:22+00

Chestnut	Like	<p>Chestnut proposed map is the best of bunch for Battle Creek. It keeps us out of the conservative southern counties. NW Calhoun county is best teamed Kalamazoo area demographics. I strongly support the Chestnut map. I love this map! Troy and Rochester Hills are Community of Interest. Thank you Commissioners for your hard work!</p>	Bruce Noble	2021-11-12 17:58:20+00
Apple V2	Like	<p>This is a good way of keeping the greater Grand Rapids area as a coherent and diverse whole.</p>	Stacy S.	2021-11-12 17:26:30+00
Birch V2	Like	<p>The idea that Grand Rapids and Kalamazoo should share representation is problematic especially when this narrow corridor excludes both cities from their surrounding areas so radically.</p>	Jordan Ballor	2021-11-12 17:12:12+00
Apple V2	Dislike	<p>This map preserves the integrity and history of the greater Grand Rapids area. Historical continuity and cultural cohesion matter; this map protects both for Michigan's second biggest city.</p>	Jordan Ballor	2021-11-12 17:11:04+00
Birch V2	Like	<p></p>	Micah Watson	2021-11-12 17:02:33+00

Apple V2	Dislike	<p>The greater Grand Rapids area is its own unique community. Kalamazoo is also a wonderful city. But they are distinct from each other. Partitioning Grand Rapids so narrowly apart from its surrounding areas severs its future representation from the continuity of its past. Combining it with Kalamazoo diminishes the uniqueness of each distinct community.</p> <p>This was exactly the problem with gerrymandered maps in the past splitting Farmington and Farmington Hills two interconnected communities screams gerrymandering</p>	Micah Watson	2021-11-12 17:00:18+00
Lange Senate	Dislike		Jonathan Paul Kinneman	2021-11-12 16:59:33+00

10-04-21 v2 SD	Dislike	<p>This map is pushing rural areas into metropolitan areas. These are clearly two different types of voting groups. You are using higher density (normally Democratic) into smaller community voting communities that are usually republican. You are clearly using high population areas to override smaller communities!!! This is the same as what was happening before.</p>	Robert Allen Jewell Sr.	2021-11-12 16:48:42+00
Szetela House	Dislike	<p>I do not understand the commissions current reasons for dividing the city of Taylor. Districts need to geographically makes sense, and have three state house representatives for a 60,000 person city does not make sense.</p>	Korey Ryan Morris	2021-11-12 16:05:26+00
Birch V2	Like	<p>This map appropriately addresses the interests of SW Michigan.</p>	Alan F Robandt	2021-11-12 16:05:10+00
Chestnut	Dislike	<p>This is absurd for the fifth district. Berrien and Van Buren counties are rapidly becoming outer suburbs of Chicago with few common interests to the east.</p>	Alan F Robandt	2021-11-12 16:01:05+00

Palm	Like	<p>This map successfully keeps the Tri-Cities together in a state senate district. I like the Kellum map for the same reason. Both maps could be improved in some small way by not splitting Bay County at Linwood Road. Make the split further north, at least include both sides of the road. The population is notably below 265,000 so it seems that there is room for that change.</p> <p>This is the BEST representation of the tri-cities and surrounding areas that I have seen, thus far. PLEASE consider adopting this for district 8!</p>	Carol Heron	2021-11-12 15:44:14+00
Chestnut	Like	<p>This map is good for the tri-cities, however, Hemlock, Nelson, and Brant should be with district 8 too.</p>	Sarah	2021-11-12 14:42:48+00
Szetela Congressional	Like	<p>This is the best map for the tri-cities! Please keep this for diverse communities!</p>	Sarah	2021-11-12 14:36:45+00
Lange Congressional	Like	<p>The tri-cities are wonderfully diverse communities and should all be together to avoid gerrymandering. Please consider putting them all in one -- Hemlock included.</p>	Sarah	2021-11-12 14:34:12+00
Apple V2	Opinion	<p>The tri-cities are wonderfully diverse communities and should all be together to avoid gerrymandering. Please consider putting them all in one -- Hemlock included.</p>	Sarah Torres	2021-11-12 14:31:09+00

Apple V2	Opinion	Hemlock needs to be with Saginaw, Midland, & Bay City. Apple V2 is a good option for this reason, it keeps communities of like interests together. The lakeshore communities have a special connection that needs a special voice. I makes good sense and is therefore common sense to keep them together in our march	Sarah Torres	2021-11-12 14:26:28+00
Apple V2	Like	forward. This map Birch V2 along with Lange and Szetela seem to treat Oakland county as a COI. I would think that Clarkston should be included in district 11 and Lake Orion should	Bart Spencer	2021-11-12 14:13:09+00
Birch V2	Like	move to district 10.	Steve McKenzie	2021-11-12 14:07:38+00

This map is a good start for the tri-cities. However, Freeland, Saginaw, and Hemlock should all be together with the rest of the nearby counties. On other maps, you have cut off Saginaw Township at the McCarty Road line and that would be gerrymandering -- not fair at all. If this map is not adopted, PLEASE reconsider making the dividing line further north. All of Saginaw needs to be lumped together with Freeland, Hemlock, and the surrounding areas. Our community is culturally and ethnically diverse, and to divide Saginaw up would be unfair to all involved! Thank you.

Birch V2

2021-11-12 12:20:50+00

Apple V2	Like	<p>I like that both Otsego and Plainwell are included with GR and Kalamazoo, due to being bedroom communities for both larger cities. The US-131 corridor connects all of the communities in this map quite well from an economic standpoint. I also like that District 3 is contiguous for the lakeshore communities. Again, it makes a lot of sense from an economic standpoint. This map appears fair to me and keeps Livingston County and it's environmental concerns into one district, including the area just south of Livingston County which shares environmental, transportation and recreational interests. Thank you.</p>	Andrew Webb	2021-11-12 12:02:31+00
Cherry V2	Like	<p>Putting Zeeland, Hudsonville &amp; Georgetown Township makes a lot of good sense, keeping or most conservative dutch communities together.</p>	Kasey Helton	2021-11-12 04:52:52+00
Szetela House	Like		David Barnosky	2021-11-12 04:45:40+00

The 50th does a decent job of preserving the rural farm culture of my district, but what I really like about this map for my area is the 48th. I live just north of Pinckney right on the border of the new 48th, and the people there need a map that recognizes the COI that is defined by the Chain of Lakes, an area that has been plagued by PFAS pollution, but also that is joined by the environmental and recreational interests of the Chain. This map will keep the Chain of Lakes geographic area together. It also recognizes the connection between the east Brighton folks near the 23 corridor who commute for work down 23 south to Ann Arbor and East toward Oakland County -- there are transit and commerce concerns that I think would definitely define them as a COI. There's more

five north of Hickory so just north of 48th district, and I really like this map. This map acknowledges the clear community of interest that is defined by the Chain of Lakes which includes areas in both Livingston and Washtenaw County. The problems of environmental pollution do not respect county lines. Environmental pollution that exists in our waterway does not acknowledge county boundaries, and this area needs representatives who will give consideration to the problems that exist there, which has been difficult so far given the political gridlock. A map like this for our area gives people here hope for a possible cleanup and legislation that would prevent more pollution from happening. As a close neighbor to this region, people who live along the lakes have their own ignores the common economic opportunities of the southwestern counties that need to be grouped together.

Szetela Senate	Like	This map represents all versions of the 36th other than one. It should be adopted.	Joel A Sheltroun	2021-11-12 02:31:57+00

I do not understand why each county could not be "the district?" Can someone explain that to me? Gerrymandering is an unnecessary and divisive form of trying to control elections. I do not believe we need to do anything but continue to keep counties whole. That being said, Midland is very far from Flint. I do not think it is very practical to include them with Midland...especially where we see funds needed for the flood issues in Midland County.

what is the goal for Monroe County? This proposal as most of the last few proposals splits northern Monroe County into 3 districts that then extend in a haphazard geographic fashion into Wayne and Washenaw counties. None of these make any sense from a Community of Interest perspective which is supposedly the #1 priority. For example extending district 29 from rural northern Monroe county into and encompassing the city of Taylor is ludicrous. The same with the manner in which this proposal stretches district 31 from northwestern Monroe county into areas of Washenaw county or District 28 into southeastern Wayne county. This appears to be a major Democratic Gerrymandering proposal for Monroe County. The logical proposal would be to keep all

I hate this map. Muskegon voters have been disenfranchised by splitting us into small pieces and attaching us to Ottawa County. Despite earlier comments, no one on the Commission can explain why Fruitport Township is cut out of the "Lakeshore District" of Spring Lake, Grand Haven and Norton Shores instead of drawing a straight line south and putting the rural townships of Robinson, Olive and Crockery in proposed District 85. This would give Muskegon County a bigger voice in the Lakeshore District (43% vs.27%) and would put communities of interest (suburban vs. rural together.

Fruitport is not a rural district. It is a growing charter township with over 14,000 residents on the northern edge of Spring Lake. It is This map is the best of all the finalists. It splits the fewest counties and is cleanest in

This is a great map! Keeps the watershed partners together to have one united voice for reconstruction and maintenance. Honors those who have suffered from flood and listens to their voices for fair representation. Thank you so much!!!!!!

Lange Congressional Like

jane scott

2021-11-11 20:33:48+00

This is a terrible map. It artificially cuts up the county of Midland from it's watershed neighbors. There is nothing more important to the county of Midland than having representation that is focused on this multi million dollar, multi year project just for the reconstruction. Then ongoing maintenance will be paramount. You can't have one representative on part of the watershed and another on the other end. Their efforts will be diluted and conflict and the watershed partners will be the ones who suffer after they have already suffered enough. Put the

I am an immigrant and I want fairness for our district.</p>	Jazmine Early	2021-11-11 15:25:39+00

First of all, I can support this map with a few changes. Of the maps available, this is, by far, the best one. However, as I said it could use a few changes as follows: Chester Twp in Ottawa County looks a little out of place in the 2nd. You might want to explore a way to put into the 3rd, so that Ottawa isn't split into 3 districts. I might shift the 4th a little more into Berrien County and put the Battle Creek area into the 5th. I would move some things around so that Taylor and Romulus are in the 12th and Dearborn is in the 13th, not that hard to do, it would also entail some minor changes to the 6th, the 11th, and the City of Detroit. And, finally, I would move Arenac into the 8th, which would entail some minor adjustments to the 1st and 2nd. Also, I'm a little disappointed that Eid map is no longer visible. However,

Lange Senate	Like	This is the closest map proposed to maintaining Ottawa county integrity.	Luke Dornon	2021-11-11 13:24:07+00
Lange Congressional	Like	This is the most fair map of West MI of those proposed.	Luke Dornon	2021-11-11 13:21:01+00
Szetela Congressional	Dislike	Gerrymandering to get Muskegon and GR together for partisan voter concentration.	Luke Dornon	2021-11-11 13:19:37+00

Apple V2	Dislike	Another gerrymander to try and tie together disparate urban areas for no apparent reason other than partisan advantage.	Luke Dornon	2021-11-11 13:18:34+00
Apple V2	Dislike	This map seems to only allow Democratic candidates to win. It is not a fair representation of the district. I think that District 13 on this map keeps several communities of interest together, while also connection those COI's with other COI's that share values. This is the best of the three options.	Richard Mikowski	2021-11-11 13:16:20+00
Apple V2	Like	This is pretty obvious gerrymander. There is no reason to stretch a district from GR to include other urban areas except partisan cracking.	D Caruso	2021-11-11 13:16:11+00
Chestnut	Dislike	Although you will not please everyone, moving South Lyon to such a conservative and large district will be harmful to the balance of the South Lyon community. We shop and vote in South Lyon. We worship in South Lyon. Why move us?	Luke Dornon	2021-11-11 13:15:52+00
Chestnut	Dislike		Linda Gruber	2021-11-11 13:10:04+00

Szetela Congressional	Like	For decades the west coast has suffered from representation with little or no interest in environmental concerns. The proposed District 3 will give those dedicated to improving natural water resources an active voice in congress.	Timothy Koschmann	2021-11-11 12:27:08+00
Kellom Senate	Like	This is the best map so far for MI Senate. Please approve it I support the Chestnut Plan for Congressional Districts. It has the lowest partisan lean of any of the maps advanced to this phase. The efficiency gap (wasted votes for either party) is very low. It maximizes the competitive districts in the state. None of the three Congressional maps is perfect, but this is the best of the lot.	Patel	2021-11-11 06:52:06+00
Chestnut	Like		Dennis Boles	2021-11-11 03:09:08+00
Palm	Like	The "palm" senate map correctly protects communities of interest in the Jackson and Ann Arbor communities. Jackson and AA have unique cultures, values, etc etc etc. They are different communities and deserve to EACH have their own voice.	Al P	2021-11-11 01:34:24+00

Chestnut	Dislike	<p>Wyandotte and Southgate are very important part of the downriver community of interest. They should be included with Trenton, Grosse ile, etc. Wyandotte shares waterfront issues with all the communities to the south, not the north, and should be included in the district below.</p> <p>I am adding to my first comment that I like how this map keeps the Huron Chain of lakes together in one district. All the lake in the chain have a "Do not eat the fish order" because of PFAS. It is best to keep them in one Senate</p>	Michael Izzo	2021-11-11 01:32:15+00
Cherry V2	Like	<p>District 17 is not a competitive district. Please do</p>	Cindy Michniewicz	2021-11-11 01:28:44+00
Palm	Dislike	<p>not approve this map. This map makes competitive districts, I like it! This is the best of the three tree-named</p>	Carrie Rheingans	2021-11-11 00:39:32+00
Linden	Like	<p>maps.</p>	Carrie Rheingans	2021-11-11 00:38:12+00

Szetela House	Dislike	Dickinson County should not be split. Though the UP has a very unified identity, there are still regions that have completely different cultures. Putting Iron Mountain with the 110th is not a good idea as it confuses residents of the entire county. Please put Dickinson County together in the 108th or 109th!	Dixon Wolfe	2021-11-10 23:38:10+00
Szetela House	Dislike	There is obviously no commonality between northern Monroe County and the city of Taylor. The area encompassing #29 in Monroe County is all agricultural whereas this travels north into the very densely populated city. The Monroe County area in question is more suited with the remainder of northern Monroe County as it currently is. If you are seeking "like kind" associations, the proposed designation #29 must be revisited.	Gary S. Banning	2021-11-10 22:16:31+00
Cherry V2	Like	This seems like a fair drawing of the districts.	Barbara Schmid	2021-11-10 22:11:37+00

Lange Senate correct	Like	This is a very good proposal for district 16! Keeps Monroe and Lenawee Counties together with a slice of Hillsdale County. Best proposal yet for District 16!	Thomas Heck	2021-11-10 21:51:43+00
Chestnut	Like	Chestnut is the best map of all those proposed. Clear boundaries, and logical.	ADAM Buchanan	2021-11-10 20:54:25+00

This map does not serve the needs of Flint well, and it certainly does not advance the goals of partisan fairness. For most of the last decade, Flint has had not one but two representatives in the state house. Rather than follow the example provided by map P7273 which provided for Flint to have one district that would clearly be represented by a Flint resident with a chance for a second seat as exists today, this map ensures that Flint will have only one representative with no chance for a second. Additionally, this map does not advance partisan fairness and packs Democratic voters into a single, overwhelmingly Democratic district. This kind of mapping is the very definition of partisan gerrymandering. Please change this district line to allow for two chances for a Flint representative, following Joel Arnold

2021-11-10 19:10:00+00

This state house map does not serve well the interest of Flint voters. This draft presents a real risk that Flint may not have any Flint residents representing us in Lansing. We know that we cannot rely on the goodwill of others to speak for our city, as we have seen in the last decade what happens when our voice is ignored in state government.

As you work to refine your maps however, I would ask that you not simply pack all of Flint into one district, risking a clear partisan gerrymander. Instead, Flint should have a district that provides a clear opportunity for representation, preferably a majority-Black district, without packing voters who often tend to vote for similar candidates all into one district, resulting in a large number of wasted votes.

		<p>Why are you carving out Holland, only to carve in highly conservative Byron township in Kent county?</p>		
Lange Senate	Dislike	<p>All these people clamoring for Ottawa county "wholeness" are exposing themselves. This screams Gerrymandering.</p>	John	2021-11-10 13:48:49+00

There is no valid justification or explanation for carving, inexplicably, the Emerald Lakes neighborhood out of Troy. First, Troy should be kept as one district, and the commission should not rely on an arbitrary line of John R. However, to the extent the commission relies on John R as a boundary, there is no explanation for why the map should reach across the road and carve out the Emerald Lakes. The neighborhood is closely related to the rest of Troy and I can imagine no reason to distinguish it from other areas west of John R. No rhyme or reason for this change, which was not included in the original maps. It constitutes an unnecessary division of basic communities of interest, municipal and county boundaries.

There is no valid justification or explanation for carving, inexplicably, the Emerald Lakes neighborhood out of Troy. First, Troy should be kept as one district, and the commission should not rely on an arbitrary line of John R. However, to the extent the commission relies on John R as a boundary, there is no explanation for why the map should reach across the road and carve out the Emerald Lakes. The neighborhood is closely related to the rest of Troy and I can imagine no reason to distinguish it from other areas west of John R. No rhyme or reason for this change, which was not included in the original maps. It constitutes an unnecessary division of basic communities of interest, municipal and county boundaries.

Linden	Like	The Ann Arbor - Jackson I-94 connection is good	Patrick M Ulanowicz	2021-11-10 00:20:48+00

Chestnut	Like	Every map keeps the capital region pretty much the same (Ingham plus most of Clinton & Eaton Counties) and I understand why its grouped with Livingston County to get it up to 775k. Can't complain about that and it makes more sense than being grouped with northern Oakland County...	Jessica Sietsema	2021-11-10 00:15:07+00
Lange Senate	Dislike	I strongly disagree that Calhoun County should be split in half and somehow in a district touching Kentwood. This make no sense. I grew up in Eastern Ottawa County and this division mostly makes sense... given that the Grand Rapids metro triplex is the second largest metropolitan area in the state and going to have to be divided in some fashion. Eastern Ottawa County is aligned with Grand Rapids, Grand Haven and Muskegon are linked together, and Holland is included with the southwest lake shore.	Steve	2021-11-10 00:13:10+00
Birch V2	Like		Jessica Sietsema	2021-11-10 00:08:42+00

Pine v5	Like	Thank you for adjusting District 2 to include more Bangladeshi voices/voters and recognizing our community of interest. Please keep this border for the final version.	Lynnette Blasey	2021-11-09 23:54:21+00
Cherry V2	Like	This looks like a much more fair voting district than the one in which I currently reside. Thank you.	Melany Mack	2021-11-09 23:48:49+00
Birch V2	Like	The BIRCH map keeps the Greater Lansing area together and that is both important and appropriate. Nice work! Please adopt the BIRCH map.	Melany Mack	2021-11-09 23:43:56+00
Lange Senate	Dislike	Thank you. The 37th District (District 5) is not contiguous. There doesn't appear to be anything connecting the upper and lower peninsulas. Please keep our counties whole as they are our communities of interest.	Geri Szymanski	2021-11-09 23:35:15+00

I'm glad to see these new maps put the 110th district back in the UP, however I don't like seeing counties split up. Dickinson County should not be split between the 110 and 109. It should either be fully in the 109, or stay in the 108 as it is currently. Baraga County also shouldn't be in the 109, but should stay in the 110 where it is currently. Baraga County's cultural, historical, and economic interests and needs share much more in common with those of Keweenaw, Houghton, Ontonagon, Gogebic, and Iron Counties than it does with Marquette and Alger Counties. I also don't like to see Mackinac County split. It should be entirely in the 107. There is no need to split up UP counties. I can understand the need for that in the LP communities with larger populations, but the UP I live in SW Barry County. This is a good map because Barry County is grouped with portions of Allegan, Kent and Calhoun counties with many common interests.

2021-11-09 20:25:25+00

Lange Senate	Dislike	<p>This is not a good map at all. It separates the Tri-Cities which we have declared multiple times is an actual community of interest. It lumps Bay County with the Thumb with whom we have few common interests. Representatives from the Thumb have no interest in Bay County.. It has been tried before. Please do not force this map on us, especially when you have other, better choices. thanks you.</p>	Carol Heron	2021-11-09 19:14:17+00
Cherry V2	Dislike	<p>This is absurd. There is no reasonable explanation to split the city of Ann Arbor besides trying to guarantee a democratic majority. That is not the job of the commission. They should respect communities of interest. Any changes for blatant partisan reasons like this is pure gerrymandering.</p>	Alan Poehl	2021-11-09 19:13:35+00

Linden	Dislike	<p>There is no reasonable explanation whatsoever to split Ann Arbor like this. Communities of interest rank higher than partisan fairness. If you're willingly breaking COIs for partisan reasons, that is the definition of a gerrymander. This map would guarantee a democratic control of the senate for 10 years. That's simply wrong. Both sides should see how wrong this is.</p> <p>Thank you for this map, commission! Thank you for listening and responding to the public! The people in northern Ann Arbor have more in common with the people of southern Ann Arbor than they do with the people in Jackson.</p> <p>This map is the only senate map that does not break Ann Arbor for partisan reasons like the other two.</p>	Alan Poehl	2021-11-09 19:11:51+00
Palm	Like	<p>Good configuration in Grand Rapids and Ottawa County!</p>	Alan Poehl	2021-11-09 19:09:19+00
Lange Senate	Like		Christopher Khorey	2021-11-09 19:06:07+00

Kellom Senate	Like	<p>This Metro Detroit configuration makes so much more sense than the collaborative ones. It's too bad this map can only be considered if there is a deadlock.</p> <p>This is a least desirable Congressional map for the Tri-City area. it drops off Bay County shoreline. It includes Tuscola County which is better off with the Thumb. Chestnut map is still the winner for our area.</p>	Christopher Khorey	2021-11-09 19:03:04+00
Szetela Congressional	Dislike	<p>Something is wrong in the partisan fairness excel document, because it has District 2 as 85% Democratic, which is definitely not the case.</p>	Carol Heron	2021-11-09 19:02:03+00
Kellom Senate	Opinion	<p>Commission staff probably knows this, but the Partisan Fairness file for this map is broken. I am interested to see the election data for the 3rd, 7th, and 8th in particular, to see how those compare to Birch.</p>	Christopher Khorey	2021-11-09 19:00:28+00
Lange Congressional	Opinion		Christopher Khorey	2021-11-09 18:56:08+00

Lange Congressional	Dislike	I can not think of any reason why Battle Creek would be in this district and excluded from communities like Kalamazoo and Jackson. It very disappointing and bad district for my community and doesn't reflect anything I know from living in the area.	Steve	2021-11-09 18:50:58+00
Lange Congressional	Dislike	The Commission received clear feedback that Clinton, Ingham, and Eaton should be together. Why put Clinton in the 2nd District instead of Ionia?	Christopher Khorey	2021-11-09 18:49:53+00
Chestnut	Like	This map is the best for the state in terms of community of interest while still maintaining partisan fairness and competitiveness. Of the three proposed maps for congressional redistricting, this one is by far the best. As a young Michigander, I want to see our state have congressional districts that represent our communities and try to avoid wasting votes in already decided districts as much as possible. Thank you for your service to our great state.	Adele Klink	2021-11-09 18:49:15+00

Szetela House	Dislike	The commission is required to abide by criteria including consideration of municipal boundaries and communities of interest and this map does not seem to show any consideration towards those. Keeping Harper Woods with the Grosse Pointes was a very popular COI submission	Joe Fresard	2021-11-09 18:48:15+00
Lange Congressional	Dislike	This does not reflect any effort to make the district reasonably compact, respect municipal boundaries or reflect communities of interest, three of the required criteria.	Joe Fresard	2021-11-09 18:46:07+00
Szetela Congressional	Dislike	This breaks up communities of interest, unnecessarily crosses municipal boundaries and is not at all compact. This is not what people voted for.	Joe Fresard	2021-11-09 18:43:48+00
Szetela Senate	Like	This respects the COI's submitted by citizens	Joe Fresard	2021-11-09 18:42:09+00
Lange Senate	Like	This respects the COI's submitted by citizens	Joe Fresard	2021-11-09 18:41:39+00

Kellom Senate	Dislike	<p>This breaks up a COI with very strong support, and also crosses municipal boundaries more than necessary. Districts like #4 look as badly gerrymandered as anything we have currently.</p>	Joe Fresard	2021-11-09 18:40:26+00
Hickory	Like	<p>I like the Hickory district map the best as it represents my community, often called the "Chain of Lakes." The Huron River flows through the lakes and we'd like to keep them together in one district. Thank you!</p>	Nancy Johnson	2021-11-09 18:23:22+00
Apple V2	Like	<p>makes sense to put these two big cities together and to increase the voting population for communities of color rather than diffusing the Grand Rapids vote like other maps have done</p>	Owen T. Stecco	2021-11-09 17:52:02+00

Thank you for hearing us in the Tri-Cities and keeping us together with Flint. Chestnut Map is a much better map for the Tri-Cities, though because it keeps more of the counties included and does not include Tuscola which more closely aligns with the Thumb. In particular, Chestnut Map keeps more of the Bay County shoreline together with Bay County in this District which makes a big difference to those residents who live along the Bay County shoreline. Please choose the Chestnut map.

Apple V2

Opinion

Carol Heron

2021-11-09 17:46:11+00

Putting Grand Rapids in its own district with the Western part of West Michigan is critical to aligning values of districts. Lots of religious, cultural, and geographical similarities among this district. Also, it is wrong to continue to split up Grand Rapids as we share the same values. Love this map!

2021-11-09 17:45:08+00

Chestnut	Dislike	<p>This is the worst map of them all, it separates multiple communities and does not follow any natural boundary's. I support the Apple map for our communities.</p> <p>This is a bad map for Ottawa county, it splits the county in half and separates it communities. Do not</p>	David L Russcher	2021-11-09 17:27:14+00
Birch V2	Dislike	<p>implement this map. Thanks</p> <p>This is the best map for the shoreline county's and also follows natural boundary lines. This is the best of all the maps.</p>	David L Russcher	2021-11-09 17:21:10+00
Apple V2	Like	<p>As Lyndon Township Clerk, I like this map the best. It keeps Lyndon Township whole and keeps Lyndon Township with Washtenaw County. With only 3000 residents, I do not see why you would want to split Lyndon in half or exclude it from Washtenaw County. This is the best map for Lyndon Township and its residents.</p>	David L Russcher	2021-11-09 17:17:59+00
Chestnut	Like	<p>This is the best map for Lyndon Township and its residents.</p>	Linda Reilly	2021-11-09 16:54:27+00

Apple V2 Like This seems to make sense to me for Grand Rapids and the surrounding areas. The other two maps don't make as much sense. James Donley 2021-11-09 16:39:13+00

Chestnut Like This Chestnut map is the best solution for tri-Cities and Flint/Genesee that I have seen. It includes more of Bay County, keeps Midland City with the tri-Cities, keeps Flint the way I believe that Flint residents preferred. I have to check partisan fairness but I expect that will be good too. Thank you for listening to the citizens of Tri-Cities and Flint. Carol Heron 2021-11-09 16:28:08+00

This map is the best of the three when it comes to an attempt to be fair + community based. And to be honest, the other two maps are a little suspicious in the motivations behind them ((they look too similar to the gerrymandered hack job we have now)).

All in all, this one could be better, it could also be a lot worse. Not everyone is going to be happy in any of the 3 circumstances- and Republicans are going to scream that making things more fair in general is unfair to them.

Thank you to the committee members who are doing their best to be fair and unbiased- I can only imagine the hell you all must be going through.

Chestnut

2021-11-09 16:21:00+00

Midland belongs with the Tri-Cities. The other commissioner's already made a compromise with Commissioner Lange that Midland would its own State House seat, but she totally ignores that and makes both a State Senate and Congressional Seat that takes them away from the Tri-Cities. Midland City is not rural and we belong with other local cities that would better represent us.

Lange Congressional Dislike

Trenton Berry

2021-11-09 15:01:02+00

Please do not split Lyndon Township into multiple congressional districts. It makes no sense to have a District 5 peninsula jutting into District 7 here. I live in Washtenaw, pay property taxes to Washtenaw, and do most of my business in Washtenaw County. I do not feel like my interests will be best represented by having a policy maker focused on the areas in and around Lansing! It makes even less sense to divide us when you consider how few people actually live in the township. Lyndon Twp belongs in District 7.

Linden	Like	There are some suspiciously shaped districts in all the remaining State Senate maps, but I think this one is better than the others at keeping communities of interest intact.	Thomas Reischl	2021-11-09 14:51:22+00
Apple V2	Dislike	This map is horrible, my community of the west side of Detroit is mapped with Romulus. This map should not be adopted and should not even be considered given partisan fairness.	Loida Tapia	2021-11-09 14:43:20+00
Chestnut	Like	I think this map is the best of the three being considered. It does a great job of grouping communities with common interests.	Thomas Reischl	2021-11-09 14:35:58+00

Again!!! What is happening with Macomb COUNTY! DO NOT SPLIT UP THE COUNTIES! Oakland, Wayne and Macomb Counties have completely different demographics, local leadership, identities, jobs, schools. Also, why would one split up the City of Detroit? How can Detroit be strong if it is split up among so many representatives? My suggestion would be to Start with the urban areas, keep them together and then branch out to Rural area to keep them together.

Szetela House

Chestnut	Like	Lyndon Township, Washtenaw County, needs to remain in its entirety with the rest of Washtenaw County. It is fully engaged in many, many regional authorities and rely on regional cooperation for services that better the quality of life for its residents, including the Chelsea Area Fire Authority the Chelsea District Library, the Chelsea Area Construction Agency, the Sylvan Township Water and Sewer Authority, WAVE and many other regional organizations. To split the township or to totally remove it to another district makes no sense for this township of less than 3,000 people.	Pamela G. Byrnes Brown	2021-11-09 14:00:35+00
Chestnut	Dislike	Apple V2 is the best map. Rochester Hills and Troy share COI together. Many Asians live here. Many people who live Rochester Hills also work in Troy and vice versa.	Dave S.	2021-11-09 13:56:31+00
Birch V2	Dislike	Apple V2 is the best map. Rochester Hills shouldnt be with Royal Oak.	Dave S.	2021-11-09 13:53:40+00

Apple V2 Like This is the best map. Thank you for including Rochester Hills with Sterling Heights. We share a lot in common and we are COI. Dave S. 2021-11-09 13:49:41+00

Apple V2 Dislike Why is Lyndon Township left out?? Lyndon's COI definitely lies within this proposed district. It is a member of the Chelsea Area Fire Authority, Chelsea Area Construction Agency, Chelsea District Library, WAVE, Chelsea Area Planning Team, Sylvan Township Water Sewer Authority and many other regional organizations. This is absurd. Pamela G. Byrnes Brown 2021-11-09 13:49:01+00

Thank you commission for going through a lot of data, iterations, and feedback to produce something that looks like a reasonable map without crazy lines. No map is perfect. There will always be someone who across the street is a different district. I hope there is an opportunity to have metrics to see how well/poor these maps do in terms of population representation. Some of the districts cover a large footprint and require reps to travel, I hope that was considered.

In all - I like Chestnut if I have to pick, but honestly, I'm happy to see the care was taken for all of the maps even if some civil boundaries were crossed.

Hickory	Dislike	I dislike this map, because it splits my Detroit neighborhood, East English Village, into two districts.	Steve Haag	2021-11-09 13:00:42+00
Magnolia	Dislike	I do not like this layout at all, because it splits my Detroit neighborhood, East English Village, into 2 districts. By this proposal Muskegon is placed in a R+30 district, once again losing its voice as a discrete community. This is actually a step backward from the old, Republican-crafted	Steve Haag	2021-11-09 12:58:19+00
Birch V2	Dislike	District 2. Though the proposal seemingly makes other districts in the state more competitive, it does so by throwing Muskegon into a R+18 district. This is no improvement over the old, badly gerrymandered District	Timothy Koschmann	2021-11-09 11:51:34+00
Apple V2	Dislike	2!	Timothy Koschmann	2021-11-09 11:27:53+00

Why did you chop off part of Jackson County and place it with Washtenaw County? Leave Jackson County whole. This is so ridiculous. Jackson County has NOTHING in common with (Ann Arbor). We are rural and they are urban. PUT Jackson County back as it should be, one county. Most of what I see here definitely does not show any equity for any voting party. Gerrymandering at it's worst, loud and proud!. Another shot at a no confidence vote for all involved. Definitely leaning towards the Democrats and definitely making sure that Jackson will never have a chance of getting anyone elected to represent our communities. Community Voices Suppressed with this current map set up. FIX it PLEASE. Get rid of the divide in Jackson County.

when we voted for this commission, it was with the express understanding that communities of interest would be of the utmost priority in determining the redistricting. As a reminder, a community of interest is a group of people in a specific geographic area who share common interests (such as economic, historic, cultural, or other bonds) that are linked to public policy issues that may be affected by legislation.

Please tell me how River Rouge shares that with Detroit. Our community has always been close with Melvindale, Ecorse and Lincoln Park and now this map and many others toss us into a Detroit district as little more than an afterthought. Detroit politicians always represent Detroit and these maps will be no different. The Ceroid Johnson

This map provides a safe Republican district by forcing the City of Midland into a district with all rural counties north & west, counties that do not form a community of interest with the City of Midland. This is an attempt to appease the Republicans by giving them a safe district, where there should be a competitive one. This seems to be Commissioner Lange's goal, since she also did this with the House district. Partisan fairness is such an important criterion for these maps please apply the rules and criteria as agreed. This map is not good. The City of Midland is NOT a rural city, it is an urban/suburban city that should be paired with Bay City, which provides a near zero score on partisan fairness the ideal! Thanks to all the other

Kellom Senate	Like	Commissioner Kellom's State Senate map isn't bad for Livingston County.	Dan Wholihan	2021-11-08 21:31:57+00

The Commission has done a commendable job on the Congressional and State House district maps keeping Kent County reasonably intact. The proposed State Senate maps are another story.

All three collaborative maps have Kent County fragmented into 5 pieces. Each map has southern Kent County combined with Benton Harbor/St. Joseph, as well as other district boundary irregularities. The proposed maps for State Senate are not reasonable and may be worse than the previous gerrymandered maps. It surprises me that this fragmentation is not obvious to the Commission, and that the Commission considers these maps acceptable. I oppose the three proposed State Senate maps.

Chestnut	Opinion		Jeremy Fisher	2021-11-08 13:18:01+00

Chestnut	Like	Grand Rapids, Grand Haven, and Muskegon are all down-river towns invested in cleaning up the water and protecting the lakeshore. Chestnut is the only proposal that gives a voice to this natural community of interest.	Timothy Koschmann	2021-11-08 12:46:44+00
Cherry V2	Like	I like how this looks...many thanks for all of your efforts thus far	Jennifer Greening	2021-11-08 08:26:37+00

This is a very good Congressional map. Thank you. It includes some of the surrounding areas of Midland county, and moved Tuscola where it should be. The comments about needing to keep Midland County whole because of the flood and the watershed are such a ploy it is almost laughable. The flooded areas are better served by more than one Rep as it has been, and a watershed is not on the list of criteria to be used set by the Constitution. It's obvious that combining the city of Midland with rural communities creates a republican advantage, plain and simple. Please work for as close to Zero Partisan Bias as possible. It's the glaring indicator that defines your success.

2021-11-08 04:37:12+00

Gerrymandering is not necessarily when district lines are drawn in weird shapes, it is when they are drawn to favor one party over the other. To this point all of the maps still lean republican!

For those saying, keep our area together so we get representation to complete the flood recovery, I say you might not have experienced the horrible flooding had you had good representation enforcing regulations and caring about the dam infrastructure, not sitting back in a "safe" seat!

Please Commissioners, continue to review the scores until Partisan Bias measures as close to zero as possible! To be rid of gerrymandered districts, this must be the main criteria for determining if a map is fair.

This appears to be a sensible district, in which moderate sensible candidates may run for office. Finally, an opportunity for to elect representatives that must understand the many concerns of all the people, rural & urban, wealthy & poor, & everyone in between. We need wise moderates to develop widely accepted solutions to our problems. Please help unite America. Prevent the tearing apart by the those who profit from sowing discord an mistrust which weakens America. (If you can replace the primary systems with ranked/approval voting, even better.) We need representatives who are the most widely accepted candidates, not the fanatics who use all the classic propaganda methods to profit by maximizing fear and hatred of fellow Americans outside

2021-11-08 02:33:39+00

I appreciate your efforts. However, I disagree with the notion that the needs of residents of the eastern edge of Ingham county, largely rural and agricultural and similar to western Livingston county or the areas north in the October and Pine maps can be considered a reasonable balance to the areas that include Michigan State University, Okemos, Meridian Charter and western Williamston. Webberville, Dansville, White Oak, Leroy and other townships, and Stockbridge have little in common with those sections of the county. Our voices and needs will be obliterated by the largely privileged and imported voting base in those north western sections.

Thank you to commissioners Lange, Wagner, and Clark for putting Midland back together with Midland County. I respectfully disagree with the authors that dislike this map and state that the original Pine "robot arm" map is not gerrymandering. By definition i believe that the separation of the city of Midland from the geographically contiguous Midland County (with the mandate of not separating cities/counties) and putting us in the "robot arm" original Pine map is gerrymandering. Thank you commissioners for realizing this.

I got on this site today and I see that the majority of opinions are DISLIKE seen all across the state. It is time to go back to the drawing board. Just because the deadline is approaching, do not say that this is "good enough". Midland and Midland County should not be separated, and there is no way that the city of Midland, which has NO metropolitan look or feel, should be lumped into a large metro city like Flint. I would ask each commissioner to remember the public meeting in Midland and compare it to the one in Flint. I think everyone would agree that Midland has no geographic or COI with Flint. It is very obvious. Please create a map that is fair for Midland.

2021-11-07 02:59:16+00

I once again see a majority of dislikes on this map. Most all of Midland and Midland County residents continue to dislike this map and are requesting that a map be designed that shows representation for us. This has been done for many other areas. Our voices continue to be dismissed “ please give Midland a congressional district that puts Midland back together and in a separate district from Flint. Our communities are vastly different. Why is there no alternative map that provides this option for the public’s consideration?

Birch V2

Dislike

I oppose this map as is.

Mary J Quehl

2021-11-07 02:48:32+00

While this is the best overall map out of the 3 considered, many of the districts in the West side of the state are just oddly shaped with very little respect to communities of interest. Kent county should be whole, the southwest districts should be more roughly continued, and the 2nd district should not be stringing together excess areas. Finally, within Metro Detroit, South Lyon should not be with Lansing, and there are better and cleaner ways to draw majority-minority districts without splitting up so many cities. Thank you for respecting the military community out here in Fort Custer. Also thank you for keeping Marshall and Albion in the same district since they already share the same school system.

Our current senate maps and Congressional map kept Calhoun County whole. I don't think it needs to be changed, but this map is the best one when it comes to respecting the people in Calhoun County and the community they want to remain with. There is 1 very important community of interest no one has acknowledged, even though it's been mentioned several times. The Veteran and Military establishments that are located in the Northwest part of Battle Creek (Calhoun County) and span into the northeast part of Kalamazoo County (Augusta). Instead of adding those bottom right squares from Kalamazoo County, would it be possible to take the top right two squares from Kalamazoo County and include those with Calhoun. This would give the service members a chance to elect someone who would

Sarah Weaver

2021-11-06 18:20:22+00

it is the best of the collaborative congressional maps. I agree with people in Novi and Downriver they may be questionable connections as actual communities with shared interests. However, my community in Washtenaw County has been offered the chance to be together in one Congressional district; that has not happened once since my family moved here in 1983. Finally I would be able to vote in a district that contains Ann Arbor, something I have not been able to do my entire voting life to date. Ann Arbor has been separated from the western half of Washtenaw county for 30 years. I will not support any map which divides Washtenaw to accommodate some other area. Our voters have been used to shore up other districts for as long as I can remember; I am happy to see I like that Grand Rapids and its suburbs have a single, central district.

This is not a natural community of interest. This map cuts through Ottawa County which is vastly different than the cities of Grand Rapids and Muskegon it attempts to connect. Ottawa County in this area is heavily agricultural communities where culture, concerns, and economies are vastly different. This also takes the lakeshore communities of Muskegon and Grand Haven and rips them out of the lakeshore and places them with the Grand Rapids metropolitan area. These communities have significantly different interests and needs. This to me looks like an attempt to partisan gerrymander a congressional seat in favor of one specific political party. The commission should not do this.

Birch DOES NOT MAKE SENSE.  
By separating Ottawa County,  
you are separating  
communities, often right  
through the center of  
commercial areas and more.  
It places townships that  
identify commercially and  
culturally with the Lakeshore,  
into districts dominated by  
urban Grand Rapids, Saginaw  
Bay, or Kalamazoo. This is  
unacceptable for the fastest-  
growing county in Michigan. It  
goes against our traditions for  
generations and cracks our  
community three ways!  
This is the best map. It is the  
most logical, smartest, and  
effective. It best serves  
people in the same area who  
have the same issues and  
interests to deal with.

As a resident living in Canton, I believe that the district's boundaries are well-drawn for the interests of the community. Firstly, looking at the population diversity of Canton, many residents come from other ethnic groups which contributes to the community's diversity. This helps support the needs and demands of different groups in the community and are allowed to voice their own opinions. Also, the growth of Canton and its districts around it (Ypsilanti and Plymouth) are widely controlled which helps manage the population distribution among these districts throughout the state itself.

Jigna Patel

2021-11-06 03:20:48+00

I believe that the current boundaries of District 43 should stay the same. The population of District 43, which is 91,000, is similar to the population of surrounding districts making voting fair. Also, the different, diverse ethnic groups in Canton are well represented. The white population of District 43 is 65.21%, which is much lower than other districts in Michigan. The population of other ethnic groups is 34.79% which is much higher than other districts in Michigan. Because of this, ethnic groups are well represented in voting. Therefore, I believe that the boundaries of District 43 should stay the same.

2021-11-06 03:19:28+00

As someone from Plymouth and a student at PCEP, I believe that the new proposal for district 35 does not make the most logical sense. In district 35, there is not only Plymouth, but also parts of Livonia and most of Northville. This means that there are 3 different school systems in one district. Because Northville and Livonia's school districts are reasonably funded, I am worried that if we elect someone who knows this information, they will gloss over the fact that Plymouth's school district is poorly funded. I recognize that education is not the most important issue regarding re-districting, however the quality of education not only affects students but also the people around the town. I think that parts of Plymouth and Canton should be sorted together in the same district

Madeleine Brugman

2021-11-06 03:17:48+00

As a resident living and working in Canton, I believe that there is no need to change the boundaries of Canton's district. I believe that the population is overall stable in the district and the diversity is also well distributed, giving a fair vote to every member of the community. Finally, I believe that the geographical boundaries will be able to manage the population growth and influx in the district for the foreseeable future. While there are some issues between the Canton and Plymouth boundaries, I believe that preserving the boundaries is a much more efficient way of managing population distribution and voting in the district.

I think it is interesting that we see comments that like this map because it keeps Midland with the tricities,... but yet they state that they like the fact that it keeps most of the other counties whole. If that is the case that is a perfect reason to keep Midland and Midland County whole for #2 geographic contiguity; for #3 in COI Midland has so much more in common with Midland County than Flint. Kids from Midland attend Midland Public Schools; as well the hospitals within the umbrella of MidMichigan Health are located in Clare ,Gladwin, and Alma (Gratiot county). and lastly #6 states that cities and their counties adjacent should not be split up.

WOW that is 2 out of the top 3, as well as #6. HUH, maybe a map should be put together to represent that.

Chestnut	Dislike	Great idea for the Ottawa County functions well together. Apple 2 keeps it that way. This is the map I would choose.	Dennis Quehl	2021-11-06 02:49:56+00

While I appreciate how evenly distributed the population and voting ability is between the Plymouth, Canton, Salem, and Northville districts, I would prefer that Plymouth and Canton be more interwoven than Plymouth and Northville. Plymouth, Canton, and Salem, after all, share a school district and are thought of generally as the Plymouth-Canton Community (hence the "Plymouth-Canton Community Schools" and the three public high schools on a single campus). A student in the Plymouth-Canton school district could find themselves attending Plymouth High School while living in Canton and vice versa.

I feel as though it would be wiser to redraw the district lines with Plymouth and Salem as District 35 and draw the northern border where the Township of Northville

I believe that the Canton borders should retain the same shape and a district vote ought not to be held for the following reasons. The Canton community is very well-knitted amongst its many people, and splitting borders & dividing communities not only creates confusion, but it also makes an artificial separation that should have never have existed. As such, I also believe that politics & Canton's interests are mostly the same. Thus, fears of gerrymandering and changing interests don't need to be taken into account, at least for now as our politics is relatively the same. This why I believe the Canton borders should not be changed.

The district boundaries of Canton Township should remain the same. This is because the population of Canton is similar to the other states in Michigan at 91,480. Furthermore, the diverse ethnic groups in Canton are all very well represented compared to other districts in Michigan. This is because the white population (65.21%) is much lower than other districts in Michigan while other ethnic groups (34.79%) is considerably higher compared to other Michigan districts.

I believe that the Cantons district line is well drawn and should not be changed. A major reason for this is the Cantons ability to fill out all requirements needed to have a good district line. One of these things is Canton's equal population as it has a standard deviation of -0.14 towards its Target population meaning that Canton's population is exactly where it needs to be close too equal to the other districts. Another, reason as to why the Canton District line is drawn well is the Compactness as there are no weird areas or curves to be seen with the current district line. Last of all Canton is a very diverse place with many nationalities living here not only supported with my experience but the ethnic data found in the charts below where we can see very high numbers of other ethnicities like Asians in this I do think Bridgeport should be with Saginaw but overall these Saginaw County maps look good. The Tri-Cities makes a lot of sense.

As a resident of Canton myself, I believe that the district borders are good as they are. The district border of Canton fills out all requirements the government needs of it to be fit as a well drawn district. Some of these include how District 43 has such a low Population Deviation to Target Population which means that Cantons population is almost exactly to that target area. Not only that, but District 43 also has a very diverse population with its 65% white population coming relatively low towards the other states average of 8-90%.

I don't believe that there need to be any changes regarding the borders of Canton. The population is evenly distributed and our district shapes are reasonable. Changing our district shape and population would be an unnecessary inconvenience since our district is fine the way it is. It'd also put an emotional strain on students since being a part of a new district would mean having to leave the people in your previous one.

I believe that some change could be made to the district lines of Plymouth. There is a large voting population, but there is very little diversity, so minority groups are not being well-represented. I think the border of Plymouth could expand a little more into District 110 (Northville), which has a slightly more balanced population. However, because Plymouth is more closely tied with Canton than the other neighboring districts due the school system being connected, I don't think a huge change should be made. Redistricting could negatively impact both Northville and Canton, which both currently have good district lines.

Charvi Rayarapu

2021-11-06 01:40:23+00

I do not support redistricting Canton. The boundaries that exist today are proportionately balanced. There has been tremendous growth in Canton and many diverse businesses and communities have significantly increased in the last 10 years. In fact, Canton is well spread and compact enough to self-sustain and promote its economic and infrastructure growth. Political affiliation should not be a motivation for redistricting, hopefully, that's not the intent. If we are increasing the boundary, there should be careful consideration to the impact on infrastructure, with the busy roads that are hard to traverse today.

I believe that the district lines for Canton are good the way they are. This current district meets the federal requirements of equal population and the Voting Rights Act. The deviation from the target population is - 0.14% and the population of POC is around 34.79%, which means that for the most part minority groups are being represented. Also, this number is much higher than most other districts. The shape of this district is contiguous and compact with very little contortions. Because these lines are currently good the way they are, redistricting could mess up these numbers and affect community relationships and diversity.

I believe that the district boundaries for Canton are well drawn and still represent Canton well even after a decade. The district satisfies most of the rules that the Michigan Constitution lays out. For example, the district is compact and not in any sort of weird layout. With Michigan being one of the lowest growing population states in the country, it further indicates that the boundaries don't need to change since the size of the district stays corresponding to the somewhat consistent population. Canton is also extremely diverse, with a diversity score of 94 out of 100. This increased the amount of communities of interests that would be represented in the state democracy.

By looking at the map, District 43 is very nicely shaped. There are no legs sticking out, and most of the area covered fits inside of its square form. I think that if District 25 (containing Plymouth and parts of Livonia and Northville) had less of an irregular shape, it could include more nearby communities. Adding on to that, other districts sitting on its border would also benefit from its restructure since 35's new flat edges will evenly incorporate subdivisions on both sides without cutting anybody out. The even land distribution will provide stable diversity for those districts.

The district of Plymouth is not as diverse as Canton. With that being said, I believe that from District 110, the slightly Southeast corner where the city of Northville sits should be added to District 35. District 110 has a great diversity with many present and voting Asians. With the little that may be added, this populous city will increase the diversity found in Plymouth and better the area.

10-08-21 v1 HD RAS Opinion

Somer Q

2021-11-06 00:20:58+00

As someone who has lived in Canton my entire life, I believe that Canton does not need to be redistricted. We have a great diversity of races and culture that give and an equal population of those races and cultures. Having such a variety provides for all people who live in Canton's borders to have a chance to learn about many different culture from peers or neighbors who do not share culture with you. If Canton's borders are changed, that opportunity might be lost. The current borders are equal in terms of population compared to other districts and the diversity is somewhat greater than in other districts, redistricting Canton would give no true benefits.

I believe this change in borders is unnecessary for two main reasons. One reason is that our current borders are fine, as we are already well diverse with non-whites making up 35% of the Canton population. The 2nd main reason that I think changing borders would complicate things further and create more issues, which is not what we need at this time when we are already dealing with multiple other larger ones such as the labor crisis, and we don't need more complication in our day to day lives. For these two reasons, I'm against the idea of the change in Canton's borders as it'd just cause unnecessary complications and is not needed to raise diversity in Canton.

I think that the boundaries of Canton and Plymouth should stay the same. They should stay the same because they have been like that for a long time. Government, traditions, and locations are named and have meaning based on the location and name and people who lived in our communities. By changing the borders we change our community.

10-08-21 v1 HD RAS Opinion

Olivia Pincock

2021-11-05 23:47:21+00

As a resident of Canton and a student at PCEP, I believe that Canton's borders are fine where they are and that they do not need to be divided.

The population of Canton is similar to the other districts, which shows that the borders are drawn equally to divide the population. Although the new plan may sound reasonable, I think it will disrupt Canton's sense of community and the diversity in the city. By changing the borders, the minority population may have a negative outcome, since they might be separated from the rest of the community.

However, I think splitting the school district into two different districts (Plymouth and Canton) is a minor inconvenience in recognizing the population. Overall, I believe the border for Canton is rational and makes sense.

I believe the district of Canton qualifies as a decent district. The borders are succinct and the enclosed area is compact. This is a good sign that there is no gerrymandering in play. The demographics of Canton are pretty much in line with the national average with the exception of the Asian population around 20%. This would be excellent in allowing Asian Americans to effectively voice their opinions. One slight flaw of this map would be the exclusion of political affiliation in Canton. This statistic would effectively determine if there was any gerrymandered process in any district in Michigan

2021-11-05 23:32:35+00

As a student of Canton, I do not support the plan for redistricting. Overall, Canton has very high diversity rates and is most compact, and according to the chart, the plan is to cut out some pieces of the township. Again, as a student, I enjoy living in a community where there is so much diversity around me, and cutting out pieces of canton will inevitably cut down the diversity. Also, this will move some students to other districts, and that can be a very hard change if redistricting causes them to need to change schools. Therefore, I do not support redistricting.

The Birchv2 map is the one that had less competitive seats.

There are highly competitive seats drawn in this map. I like that aspect of it. Prefer still the Apple map with Kzoo and Grand Rapids fixed...each city deserves to anchor their own congressional district. Kent County wants to be kept whole. I'm not a commissioner and I heard gobs of comments to that effect before you ever drew a map.

2021-11-05 23:15:21+00

As a resident of Canton, I do believe that the borders here are well done. Canton is considerably diverse, especially when you compare it to other districts. Complying with the guidelines of a good district, the borders right now would satisfy it. The other guidelines for population and political views also check out. So I do believe that the borders are fine the way they are.

2021-11-05 23:13:41+00

This map overall is bad. It's essentially a 6-6 map with one swing district. For the most part, no incumbent office holder will have to work for his/her selection. So much easier to draw a map that has 3 safe D seats 3 safe R seats and 4 highly competitive seats. Your other maps are better.

I don't understand why Ann Arbor gets to demands that is political influence control the residents of rural Washtenaw and all of Jackson county?

Ann Arbor's brand of progressive socialism is not even the mainstream of the Democrat party. It doesn't even reflect the the Democrats that live in Jackson. This is an example of districts being drawn for the purpose of partisan gerrymandering. The only reason Ann Arbor was "split" was not to respect a community of interest but for partisan purposes...to guarantee democrats an additional State Senate seat. That violates the law. Jackson County deserves to be represented by someone who shares the values not a socialist from Ann Arbor.

10-05-21 v1 CD DW	Dislike	<p>A lakeshore district down to the SW border is stepping over community demographics and common sense. MSAs are split up for no good reason. Clearly someone started in SE Michigan and had fatigue as they went across the state. And yeah like other commenters....a US 131 corridor district from GR south side to Kalamazoo makes little sense. These are two wholly different population centers. Why not follow all the major highways.</p>	Steve Dohm	2021-11-05 22:46:18+00

I believe that the borders for Canton are fine the way they are. As a person who has lived here for their entire life, I do see that some places in Canton are cut off. However, the data shows the diversity and relationship to other districts. I don't see a need to change the borders, they help with representation, and changing them would only lead to confusion and hardships. This is why I think the borders of Canton District 43 are fine just the way they are.

10-08-21 v1 HD RAS	Like	I believe that the Canton borders should expand for two reasons. One, for the longest time, Canton has been overpopulated and people have been tirelessly searching for houses. The added land would alleviate that pressure. Second, the High Schools here are only populated with children from Canton and Plymouth with a lot of school of choice students coming from other counties. By expanding Canton, then students would have more access to buses more than before.	Tanyeem Shaik	2021-11-05 22:44:08+00

As someone who has lived here my entire life and attend Salem High School, I don't believe the current borders are in need of changing, as they already provide fair and well-organized groups as is. Not only is the population equal to the population of other districts across the state, but I know that the populations of Canton and Plymouth are diverse in every sense of the word. There are an incredible amount of races, ethnicities, and cultures on display in both districts. Lastly, current borders seem to be relatively concise and organized, so no problem should be had there. Any potential change in district lines could lead to issues regarding school districts and other things, and to me it seems a better choice to avoid any possible conflict for what seems like no true gain. 10-08-21 v1 HD RAS Like As a long time resident of Canton, overall I believe that the district borders are good as they are. I do see some places in Canton that are cut out of District 43 that I feel are notable, such as my old school on Geddes. At the same time, the data in the chart shows that the population matches the other districts, and there is good diversity in the community too. I do also feel that in my daily life, I see so many different people of different backgrounds and opinions. It takes into account the different criteria to consider while redistricting, and I don't see any need to change it. I do believe that the borders we have currently on District 43 allow for greater political representation for minority groups as well. Shruti Balla 2021-11-05 21:41:19+00

Chestnut	Dislike	<p>The Chestnut map makes no sense. Drawing a district from Holland to Kalamazoo/Battle Creek and forcing Grand Rapids and Muskegon together is an intentional and deliberate attempt to create a Democrat district out of predominantly conservative West Michigan. This goes against the purpose of the redistricting to create fair maps. This is an unfair and politically driven map.</p> <p>I am curious why the district including Huron township is so narrow. Perhaps Taylor should belong with Allen Park - being more similar. Then, farther South, district 40 should expand West due to the affinity of the Willow-Waltz area with Sumpter Township. Or how about Woodhaven-Taylor-Allen Park and also Flat Rock included in 40.</p>	John G Partyka	2021-11-05 21:37:55+00

Raymond Adamski

2021-11-05 21:22:15+00

As a Canton resident and Plymouth High School student, I believe the current borders meet the needed criteria for an effective and fair district. The population (both general and voting) seem to be similar to the other districts in Michigan. There is also a diverse range of people, something I know about from being a Canton resident for nearly all of my life and having grown up surrounded by different cultures and ethnicities. The border is also logically drawn and lacks any convoluted quality, leading me to believe that the district's boundaries does not need to be redrawn.

Hi my name is Gersi and I am not a fan of the changing of boundaries. As a kid, it is hard enough to go to school and teach myself the viable things I need in my life, including the city I live and the surrounding places. These types of things can get very difficult to remember if they are getting changed over and over. Each decade a new boundary system is set up, meaning each decade people have to forget what they have known about they're surrounding boundaries and start over. There are student drivers learning they're roads and cities and directions but it's hard for them, as beginners of driving, to forget what they knew about the boundaries and have to learn it all over again.

As a student and a resident of district 43 (Canton), I believe that the borders are fine as they are right now. There is a fair distribution of people among all the districts, about 90,000. There is also a decent amount of diversity in our district. This is good because it is important for a district to have people who believe in similar ideals and who tend to agree on matters. However it is also important for their to be a diversified district, that is why the fact that our district is in the middle of that is good. Changing our borders would be an unnecessary inconvenience for many.

Keep Banglatown Whole!  
Thank you for hearing us and recognizing our Community of Interest by adjusting the boundaries of District 2 to keep Banglatown together. Residents of Banglatown contribute so much to Michigan and we deserve to have a fair chance to see our values reflected by our elected representatives. If you adjust the maps again, please make sure that Banglatown remains whole.

As a student at Canton High School and a resident of Canton (District 43), I believe that the current state of the borders are more than fine and don't need to be changed. Creating new borders would mean that some students might have to swap schools if they were to be put in other school districts. As a student who has been moving her whole life and constantly moving between schools, it is extremely hard for young students to adjust especially during important periods of their life, such as high school. When people choose to live in certain areas they consider the education factor and take it into heavy account. If the district borders were to be moved, it might cause heavier congestion in the Canton district due to the size of the area compared to the influx

MaryBeth Rogers

2021-11-05 20:54:29+00

I personally believe that the borders of district 43 are well drawn as it is. As a student of a high school in Canton, I feel that the borders have been well established and they are reasonably compact, meaning there are no eccentricities in terms of shape. In addition to this aspect, another point to make would be on the representation of diversity in Canton and of the communities of interest. All racial groups are noted and are simple to distinguish, with a clear depiction on the diversity of Canton.

By separating Ottawa County, you are separating communities, often right through the center of commercial areas and more.

It places townships that identify commercially and culturally with the Lakeshore, into districts dominated by urban Grand Rapids, Saginaw Bay, or Kalamazoo.

This is unacceptable for the fastest-growing county in Michigan. It goes against our traditions for generations and cracks our community three ways!

As someone who lives in Canton(District 43) I feel the borders should be kept the way they are because they properly meet the criteria. The current population of 90,000 is approximately equal to the other districts. Also, the community is very diverse which is important because the needs of various ethnic groups can be heard. Redrawing the current border could mess up our diversity. This is why I think the borders in Canton(District 43) are fine just the way they are.

2021-11-05 19:41:22+00

This map is a perfect example of how NOT to fairly designate a district. People commenting about "Community of Interest" between Jackson and Ann Arbor are failing to describe how they are communities of interest. that is because they are NOT communities of interest. Jackson County is primarily ag, and really has very little in common with Ann Arbor. Dividing the county into two districts and lumping them in to the Ann Arbor area is done to simply increase the influence of one party and decrease the other. Keeping the county as intact as possible is one of the requirements of the Constitution, and this map fails in that regard and many others. the PALM map is the

That said, I withdraw my objection to this aspect of the map, though I would agree that the suggestions that you, Sharon, make otherwise about this area are well-founded.	Catherine Daligga	2021-11-05 17:18:27+00

I am honestly bewildered by the unequitable drawing of districts 14 & 15. I thought we were trying to avoid districts tortuously drawn for political advantage! What do Spring Arbor and Ann Arbor have in common besides the name "arbor"?? Jackson county people share workplaces, playgrounds, neighborhoods, churches, and all the other venues where community happens---all the traits of authentic community that they do not share with Ann Arbor, which of course has its own community. Wouldn't it make more sense for Jackson and Washtenaw counties to be their own districts? Ann Arbor's population is greater than all the towns in Jackson County combined, so pairing the two would effectively silence Jackson voices. (Notice that the favorable comments are all from Ann Arbor area... it's human nature to not mind

Chestnut DOES NOT MAKE SENSE! Gerrymandering a district from Holland to Kalamazoo/Battle Creek and forcing Grand Rapids and Muskegon together is an intentional and deliberate attempt to gerrymander a Democrat district out of predominantly conservative West Michigan. This goes against the purpose of the redistricting to create fair maps. This is an UNFAIR and politically GERRYMANDERED MAP.

What do the people of Hillsdale County have in common with the people of Ann Arbor? These may as well be different nations. They share almost no interests in common. One thrives on agriculture and industry, the other on technology, education, and service jobs. Their political and social beliefs diverge as starkly as any two communities in the nation. How will the small, rural pockets in Moscow, Somerset, and Mosherville have their voices heard amid the overwhelming influence from Ann Arbor? Half a dozen densely packed apartment complexes in Ann Arbor outweigh an entire township in northern Hillsdale County. Before the non-partisan redistricting committee came to power, this was not an issue. Hillsdale County was not gerrymandered and its interests were not diluted by

Birch DOES NOT MAKE SENSE.  
By separating Ottawa County,  
you are separating  
communities, often right  
through the center of  
commercial areas and more.  
It places townships that  
identify commercially and  
culturally with the Lakeshore,  
into districts dominated by  
urban Grand Rapids, Saginaw  
Bay, or Kalamazoo. This is  
unacceptable for the fastest-  
growing county in Michigan. It  
goes against our traditions for  
generations and cracks our  
community three ways!

2021-11-05 17:07:11+00

This new map doesn't address many of the issues that have existed all along. The SE portion of Oakland is terribly split up and each district goes down into Detroit. This hurts people in Detroit terribly, as there is a good chance they will have no or very little representation in the State House. It also splits cities unnecessarily--Southfield, Lathrup Village, Oak Park and RO Township are examples. It just makes no sense. Cities should not be split for State House Districts unless they need to be because the population is too large for a district. I've said all along that these districts should be horizontal in configuration, not skinny vertical districts. The communities in the SE corner of Oakland County have much in common and work together. They typically have been in the same district and still should be. I would

Apple V2	Like	Apple makes sense! It keeps Ottawa County together, creates a Lakeshore district, respects existing county and municipal lines, best reflects our community and economic interests and will ensure we have a voice in Washington DC. Thank you for listening to us!	Dean Evan Clement	2021-11-05 16:59:31+00
10-08-21 v1 HD RAS	Like	I think the zoning for canton is good as is. There is a decent amount of diversity in the zone. This is especially noticeable at Pcep just by taking a look around. The zoning also does a good job of staying in the district and not too far out. The total population in this district is equal to others keeping the representation equal.	Emilio Herrero	2021-11-05 16:55:48+00
Birch V2	Opinion	This map is the best yet for the communities included, specially in terms of political fairness.	Ethyl Rivera	2021-11-05 16:54:31+00
Apple V2	Like	Apple V2 makes the most sense. As a neighbor of Ottawa County, and knowing many who live there, it is best to keep the county together for representation.	JoAnne Ripple	2021-11-05 16:53:19+00

The lines drawn for Districts 14 and 15 are naked attempts at a partisan gerrymander to dilute the interests of rural voters in northern Hillsdale County and Jackson county by swallowing them up with voters in Ann Arbor. The Michigan Constitution states that lines should be drawn with a view to grouping voters based on the views of "communities of interest." Voters in Ann Arbor have no common interests with those of rural communities. This is a shameful map designed to give more power and influence to those in more affluent and suburban and urban neighborhoods. These districts should be redrawn with a better eye towards preserving counties together and with a greater consideration for which voters should actually be grouped together based on their genuine common My preference go with this. Please finalize accordingly.

As a student who lives in plymouth township, I think the borders should be kept how they are. If you look at the statistics you might think canton is more diverse when it comes to population and how they are represented. However there is only a slight change in who is more diverse. I think by keeping the boarders the same you are giving different people chances to make their voice heard. I also think if we change the boarders many people would think that this would be unfair because it would be "favoring" one side or the other. However, I believe that overall the district outlines show mostly equal population and diversity

How does this Chestnut map  
create community  
UNITEDNESS?? ...it doesn't!  
This Chestnut map is bad for  
the citizens in Ottawa county  
and divides the west MI  
voices in obscure ways.  
Redistricting should occur  
with the intent strengthening  
communities INSTEAD of  
dividing communities to  
achieve political bias. We  
taxpayers have chosen to live  
in areas that fulfill our  
personal values. This Chestnut  
map ONLY seeks to DIVIDE so  
that business voices, personal  
conservative voices and tax  
dollars can be re-distributed  
INSTEAD of allowing TRUE  
values to remain expressed.  
This Chestnut map is the  
worst of the three maps  
[Apple V2; Birch V2 and  
Chestnut]. Stay with AppleV2  
map as it will respect the  
current county and municipal  
lines so that our voices can be  
heard in Washington, D.C.

2021-11-05 15:32:21+00

Southern Oakland County  
Corridor should not be broken  
into 4 districts. Novi is packed  
with Brownstown instead of  
neighboring Farmington?  
Beverly Hills and Franklin get  
packed with Inkster and  
Dearborn instead of  
Birmingham and Farmington  
Hills? Driving 696/96 across  
Southern Oakland County  
would start you in the 11th,  
into the 10th for ~6 miles,  
back into the 11th, into the  
6th for a couple miles, back  
into the 11th for a brief  
interval, and then finish in the  
7th. So for this ~36 mile trip,  
you'd have to enter a new  
district 6 different times.

Oakland County is split up  
amongst SIX different districts  
(of only 13 statewide!), yet  
the more populous Wayne  
County has only three. Why is  
Oakland County carved up so  
badly?

Explain to me how the strange way that districts 14 and 15 are drawn protects "communities of interests." It's obvious to everyone that this new map is meant to dilute and disregard the interests of rural communities in the Hillsdale and Jackson counties by lumping them in with urban Ann Arbor. Southern Michigan does NOT share the same interests as Ann Arbor. This new independent redistricting commission is using the same old partisan gerrymandering to give an unfair advantage to urban districts!

10-08-21 v1 HD RAS	Opinion	I think that the current border of District 43 is adequate and should not be altered because it properly meets all the criteria considered when redrawing borders. For starters, the the population is approximately equal to the surrounding districts, at about 90,000. Also, the community is diverse and represents the needs of varying groups of people in compact borders. Thus, the District 43 borders do not need to be redrawn.	Shruva Kambhammettu	2021-11-05 14:53:42+00
Apple V2	Like	This is the map our family is most comfortable with. As a Battle Creek resident, I am very happy not to be included with Kalamazoo in this district, as they would have easily outweighed us.	Dione Brown	2021-11-05 14:52:07+00
Cherry V2	Like		Nathan Halder	2021-11-05 14:51:57+00

Examine the substance of the comments on the map. Those who oppose the attachment of rural and conservative communities in Districts 14 and 15 to Ann Arbor offer a reason: the larger number of liberal votes in Ann Arbor functionally silences the fewer conservatives who would now be attached from the areas of Jonesville, Jerome, Somerset, etc.

Look at the comments of those in favor - they make claims without proof, saying that representation of diverse interests will be the result without offering any explanation of how, directly contrary to simple logic.

This is clearly a gerrymandering initiative being supported here in this forum by people with partisan interests without the benefit

2021-11-05 14:26:42+00

I live in Hillsdale County and the citizens of my region of Michigan have very little in common with those in Ann Arbor and Ypsilanti. My region and that of Ann Arbor and Ypsilanti share neither cultural nor economic interests. District 15 is a clear violation of Michigan Constitution's Art. 4Â§6(13)(d), which proscribes drawing districts in order to advance the political interests and electoral advantages of a particular political party. This effort \*clearly\* constitutes partisan gerrymandering in order to dilute the political efficacy of GOP voters in Jackson and Hillsdale in favor of the Democratic Party. Willful distortions of true political representation, the cornerstone of our popular government, is not something Michiganders can abide.

Cherry V2

Dislike

Drew P.

2021-11-05 14:25:54+00

16% of the county population is black with the overwhelming majority of POC living in the cities of Albion and Battle Creek. This greatly diminishes their voice in state governance. The current State House District 62 is a competitive seat -- equally shared by Democrat and Republican representation over the past 3 decades -- I urge you to keep Battle Creek and Albion together in a State House District which clearly meets the standard for partisan fairness.

partisan fairness.

I think I live in district 8 on this map, or is it 7, or 26? My own city has a population of 93000 and is carved into 3 districts. Will we win 3 seats with this map, or zero? The Community of Interest of 93000 is divided here, as in many other maps. You would think that a non-gerrymandered COI of 93000 would get 1 seat, since 91600 is the target population.

Kevin Dolin

2021-11-05 14:23:52+00

this is an awful map because  
by separating Ottawa County,  
communities are being  
separated, often right  
through the center of  
commercial areas and more.

It places townships that  
identify commercially and  
culturally with the Lakeshore,  
into districts dominated by  
urban Grand Rapids, Saginaw  
Bay, or Kalamazoo. This is  
unacceptable for the fastest-  
growing county in Michigan.

I live in Hillsdale County and I can tell you the people of northern Jonesville, Jerome, and Somerset have little in common with those in Ann Arbor and Ypsilanti. These are not "communities of interests" that share cultural, historical, or economic interests (per Michigan Constitution, Art. 4Â§6(13)(c)). District 15 is a violation of Art. 4Â§6(13)(d) that prohibits drawing districts in such a way to give disproportionate advantage to any political party: liberal Dems in Ann Arbor will clearly dilute if not utterly drown out conservative GOP voters in Jackson and Hillsdale. This districting is obviously gerrymandering for partisan purposes.

Cherry V2

Dislike

Ben Crenshaw

2021-11-05 14:04:05+00

Please shuffle these districts around. First, the border of the southern Kent County seat should be Wealthy, not Fulton. Also, Cascade makes more sense to be in the southern half of Grand Rapids because of the airport and not East Grand Rapids. Lastly, please shift the surrounding districts . District 20 contains Byron Township in the North and Benton Harbor to the South. These areas have nothing in common. District 33 has bits and pieces of 7 different counties. District 18 is grabbing parts of Kent County that belong with the other Kent County areas. I believe you can shift these seats around to make every one look better than currently drawn.

Cherry V2

Tanya Andrews

2021-11-05 12:36:09+00

Overall, very nice work. A good compromise between Cherry v2 and Palm. This is a small step backward on partisan fairness from Cherry v2, but it solves a lot of the complaints about that map's districts - it just solves them in a better way than Palm does. This one keeps Jackson County mostly whole, is much more compact, is still pretty good on partisan fairness, and still protects the COI between Jackson, Ann Arbor, and other cities along I-94. It also keeps Hillsdale and Calhoun Counties out of the Ann Arbor district (as they requested). And it unpacks Ann Arbor, which is the #1 overwhelming request of Ann Arborites in public comment, and does a good job of balancing the "Keep Ypsi with AA" and the "Let Ypsi shine on its own" arguments.

You seem to be ignoring all the comments from the Orion, Pontiac, Auburn Hills, Bloomfield and Waterford residents. As stated numerous times: Lake Orion should be in a district with Oxford, Pontiac, should be in a district with Auburn Hills and Bloomfield and Waterford should be whole. You have the comments, have been given the census, demographic, economic and employment based information for this area and yet still continue to combine communities in ways that will make their house representation basically useless. Why is that? Fix this area!

In previous rounds I wrote comments favoring proposals (e.g., Birch) that kept the complete Muskegon R. watershed intact. After further study, however, I see that this will leave those who actually work and advocate for environmental issues in Muskegon once again without a voice in the U.S. Congress. I wish to reverse my earlier position, therefore, and express my strong support for the Chestnut proposal. I do, however, have one small ask: please include Muskegon Charter Township in the new 4th District, joining the terminal segment of the river with Muskegon Lake.

10-08-21 v1 HD RAS	Opinion	The plan for the Canton redistricting seems to cover the points that the commission was looking for. The breakdown seems to be inclusive. Shape is fairly contiguous. It appears that the proposed map meets the criteria.	Kristen Radwan	2021-11-05 10:06:15+00
10-08-21 v1 HD RAS	Opinion	The borders drawn for Canton seem fine. Overall it is a no win game to redraw the districts. It does not matter how much time and effort is put in to make things "fair". You will never get both major parties to completely agree.	RAY RADWAN	2021-11-05 09:57:11+00

I feel that Canton, Plymouth, and Westland should be rezoned due to several reasons. Firstly Westland's zone shape is irregular, and districts should be reasonably shaped. Second, Canton's population is growing at 0.8% year over year (YoY), while Plymouth is declining by 0.23% YoY. This growth in population relative to the growth of Plymouth should be balanced by an equal distribution of population in each district. This re-zoning would need to benefit all districts involved to promote a fair approach while promoting equality.

10-08-21 v1 HD RAS Opinion

Brett DeVlieghe

2021-11-05 09:53:10+00

I believe that the Canton borders are well-drawn and I do not believe that they should be rezoned. There is a diverse community in Canton. If they propose to rezone then some students that are currently attending the Plymouth/Canton Community schools may have to switch schools which would be a hardship for those students. Along with the growing population of Canton, I do believe that the Canton borders should increase in size to accommodate the growing population.

Although I may not be a resident of Canton, I do attend one of the high schools of PCEP and live near the border to Canton. Based on the diversity of my peers at school, I believe that these borders accurately depicts the diversity in the population of District 43, especially regarding ethnicity. I also see that due to the high population density in Canton, the size of the district seems in proportion to its population. It is practically the same as the target goal for population per district. Overall, I believe that these borders seem to be well-drawn as it align well with its people and the community.

Cherry V2 Like After looking at the population data, the partisan data, and the geographic aspects of this map, I am very impressed by how this map effectively manages a variety of sometimes competing interests and affiliations. There will inevitably be those who will complain about being swamped out by metro voters, or by rural voters (as I have been the last 10 years in a township outside of Ann Arbor), but I am pleased with the metro/rural balance in my proposed new district. Sara Fink 2021-11-05 02:35:04+00

Cherry V2 Dislike These districts are ridiculous and disrespectful of the right of the people of Jackson County to have representation. Ann Arbor is a unique brand of liberalism way more liberal than most democrats. It is fundamentally undemocratic spread Ann Arbor's influence beyond its city limits. Daniel G 2021-11-05 02:34:21+00

Cherry V2 Like I fully support this new map and appreciate the commission's hard work to draw balanced districts. Bringing together rural areas with parts of Ann Arbor will enable representatives to advocate for federal funding to create better infrastructure not only in the city, but also in surrounding areas. The pandemic truly highlighted a need for broader access to broadband internet, for example, to enable our children to fully participate in school. These new districts will have a positive impact on equal access for all. Elizabeth Cebul 2021-11-05 02:31:49+00

If we are truly aiming to avoid gerrymandering, in most cases a county would not be split into different Congressional Districts. The people in the City of Midland and the County of Midland have more shared concerns with education, employment, law enforcement, social welfare,... than they do with the people in nearby cities. Many agencies serve the entire county. We are organized to work together as a county. It is best to have one representative for the entire county. The County of Midland and many other counties should not be split up.

If there is any care at all for representing the distinct interests of entirely different communities, Districts 14 and 15 must be redrawn. Make no mistake, these proposed districts are no attempt to ensure that every vote matters and that every voice is heard. In actuality, it ensures that the interests of places such as Jackson, Northern Hillsdale County, and various rural areas will be overlooked on account of their inclusion in the same district as Ann Arbor. These very different sets of interests do not admit of mixture. Ann Arbor will dominate and effectively disenfranchise those living in areas that hold different interests. In the spirit of true fairness and representation, these proposed districts must be redrawn.

2021-11-05 02:05:57+00

I do believe that the border that is currently drawn for District 43 should not be changed. Looking at the population of this district and the ones around it, you can see that they are relatively even. While I do believe that the racial diversity is rather uneven, I don't feel like that's an issue with the districts, but just something with Michigan's population. As a student of PCEP, I'm able to see/interact with people of all different races, cultures, and beliefs. Finally, the border for our district appears to be geographically even/not drawn to fit certain groups of people. So, overall, I do not believe that the district border should be changed.

2021-11-05 02:03:55+00

As a student in the Plymouth Canton school district I believe that the district 43 does not need changes. The nearing districts (19 and 35) of Westland and Plymouth each have similar population sizes of 90,500 (19) and 90,600 (35) comparable to Canton's 91,400. It allows for a large portion of religious and racial groups to be involved in voting. Additionally the way in which the district are draw allows for PCCs to be roughly in the middle of the three. If the lines were redrawn it would severely thin out the already limited number of busses and resource shortened by the pandemic.

10-08-21 v1 SD	Opinion	<p>Quiero agradecer el apoyo a nuestro mapa, pero en realidad yo se que falta mucho, ya que tambien hace falta mucho apoyo a las minorias, como los hispanos y las personas de color. Pine v5	Dislike	<p>It is my opinion that there is more continuity to District 105 if it included all of Kalkaska County, Missaukee County, Roscommon County and Crawford County and the south end of Otsego County - not including the city of Gaylord.</p>	Diane Randall	2021-11-05 02:01:06+00

Ultimately District 43 is well balanced in terms of boundary, population, and race.

The shape of the boundary is well developed of majorly sharp lines that keep consistency and ease in drawing and identifying.

With this, a further detail of the population is also understood of being overall equal to the districts around. Voting among District 43's society is well balanced compared to its population and the other districts' populations. Racial balance is apparent as diversity among its minorities flourishes. As someone who has lived in this community for my whole life, I greatly want to keep the amount of diversity and representation I have seen, where this specific boundary does satisfy.

There is no need to split up any sort of District 43 as it will Chris Jiang

So disappointing to see the skewed approach lacking partisan fairness that is shown in Map#251 for District 97. In your original Pine map, you combined City of Midland with Bay Cityâ€”a stroke of genius pairing these clear communities of interest and resulting in near zero for bias. In this map, you have gone back to providing a safe Republican district by putting the definitely not-rural City of Midland in with Midland/Gladwin Counties. This is not adhering to your mission of providing for partisan fairness and communities of interest. This compromise takes away the voice of about half the voting public in City of Midlandâ€”please go back and provide the option from the Pine map, City of Midland with Bay City. No appeasement needed! Thanks

		Please add Wyandotte and Southgate to this map. They are downriver cities described in our communities of interest and are in every other proposed congressional map for that reasons. The far western cities on this map would likely prefer being in a district with more rural concerns.		
Chestnut	Dislike		Judy Maiga	2021-11-05 01:39:50+00

what's the logic behind including this tiny portion of Huntington Woods [the far SE "corner" of the town, abutting the Zoo] in HD 13 instead of in HD 12 with the rest of the town? I can see that both HD 12 and 13 are both a little underpopulated, but adding these few folks to 13 instead of keeping them in 12 makes no sense. Carving off this very small section of HW to add to a district whose representative will be charged with addressing the concerns of several other, larger, communities is an unnecessary burden on those few dozen HW residents who will be separated from the rest of their townspeople. I'm all for dividing larger municipalities, but breaking off well under 1% of the population of a very small city (~6200) from the rest of it makes no sense to me. Much better to put this area back

Quiero agradecer el apoyo a nuestro mapa, pero en realidad yo se que falta mucho, ya que tambien hace falta mucho apoyo a las minorias, como los hispanos y las personas de color. Porque nuestras COI no estan completas (DHDC latin SW Detroit) El senado nos quito la cuarta parte de nuestro mapa El congreso nos quito la quinta parte Pedimos que nuestra comunidad hispana se mantenga unida para asi tener mas voz.

This is by far the worst map!!  
Taking a district from Holland  
to Kzoo/Battle creek &  
putting GR & Muskegon  
together looks like someone  
is trying to stack the deck  
against conservatives &  
Republicans. This is political  
gerrymandering & very unfair  
to us in Ottawa county. I  
thought the purpose of  
redistricting was to create fair  
maps not to make sure the  
Democratic party had the  
majority. Please please do  
not accept this map.

Chestnut	Dislike	Midland county and Gladwin county should be kept together as a whole and intact so that the collective need of all communities of interest who suffered great losses during the 2020 floods will bet met in any future decisions.	Anne Van Hulle	2021-11-04 23:21:54+00
----------	---------	---	----------------	------------------------

Birch V2	Dislike	Keep Midland and Gladwin Counties together as a whole in any version of mapping. Dissecting the city of Midland out of Midland County is just wrong. Midland was also hit hard during the devastating flood damage in 2020. Midland City should remain intact in Midland county and stay joined with Gladwin county so that the collective needs of all communities of interest who suffered great losses will be met in any future decisions.	Anne Van Hulle	2021-11-04 21:08:42+00
----------	---------	--	----------------	------------------------

This map does not allow the City of Midland to be with Midland and Gladwin counties. These are combined communities. Midland does not have a combined community with Flint. This is supposed to be a non-partisan Commission. This map looks partisan like you are trying to water down the vote from the City of Midland. If you are non-partisan then act like it.

District 3 on this map is not very good in terms of communities of interest or minority representation. It combines many rural townships in Ottawa and Ionia Counties with the Metropolitan region around Grand Rapids. Totally different needs/wants/issues for these areas. Ottawa County is not kept whole, and the lakeshore areas are split up. Townships outside of Kent County do not want to be with the Grand Rapids area because their rural votes will be diluted by the large city population.

Only possible ways to get more like areas to Grand Rapids Metro are to go south to Kalamazoo (like in Apple v2 #252 map) or go west to Muskegon on the lake (like in Chestnut #254 map).

Additionally, these districts including Grand Rapids Metro areas include other

This map is the best overall map for Congressional districts and excellent for minority representation. Over 92 % of the population in district 4 lives in city metro regions. Additionally, it combines the major areas of minority voters in West Michigan to give them a voice. Grand Rapids has the largest number of minorities in West Michigan and Kalamazoo has the second largest. 31 % of the population of this district is composed of minorities “ over one quarter of a million people. Minorities will finally have a voice in federal government to fight for issues with low-cost housing, healthcare, public education and civil rights. On suggestion which would further improve the districts without affecting the overall state map would be to

Apple V2	Like	<p>This is great that you are combining Grand Rapids and Kalamazoo in the same Congressional district as these 2 cities have so much in common regarding their needs and Communities of Interest. They have similar demographics and geographic needs regarding housing, education and healthcare. This map especially links the Healthcare corridor which is so important to West Michigan. Good Job Commission!</p>	KAREN T SANTELLI	2021-11-04 19:12:24+00

Pine v5	Dislike	In this map, the Fitzgerald-Marygrove (Part of Detroit District 2) is divided between 12 and 13. Please keep this very vibrant community together. District 2 is bounded by Lodge, McNichols, Livernois and Fenkell.	Mary Jo Durivage	2021-11-04 19:12:14+00
Cherry V2	Like	I appreciate that the commission has, with this map, found a balance between communities of interest and partisan fairness. I am looking for districts whose representative will need to consider the needs of many voters with different needs, and this map of 14 and 15 does that well. Thank you.	Sonia Schmerl	2021-11-04 19:11:22+00

I strongly disagree with the newly-drawn District 66. The previous maps had a more fair map for the Community of Interest of Battle Creek and Albion, District 74. This newest map does not keep the college connections between Kellogg Community College and Albion College. In addition, it does not keep black populations together, which should be a factor using the criteria of the constitutional amendment. By separating the communities, the industrial corridor and the downtown revitalization efforts are not being considered. Retaining the previously drawn District 74 provides better partisan fairness. Please do not use this newly drawn District 66.

10-10-21 v6 SD RAS c	Like	Proposed District 29 reflects a balanced, regional approach	Pamela G. Byrnes Brown	2021-11-04 19:01:32+00

This little finger jutting into Madison Heights from Warren unnecessarily complicates the job of whomever is elected to 15th State House District, which would then be comprised of 3 cities and 3 counties. That would be a lot of work for a good representative to stay abreast of the problems, opportunities and politics of the cities of Madison Heights, Warren and Detroit as well as Oakland County, Macomb County and Wayne County, not to mention the State of Michigan.

Surely you could make District 14 a little less gerrymandered and modify District 15 by adding a little more of Warren or Detroit.

why has the commission  
acceded to one  
commissioner's demand  
to "compromise" for  
the sake of rural Midland and  
Gladwin? That area is now  
dictating the representation  
for Midland City. Citizens of  
Midland City who requested  
to be kept with Bay City for  
this purpose looked forward  
to having representation of  
their choice for the first time.  
In my view, Midland City, as a  
COI have the right to identify  
their own COI and  
preferences. A different group  
with other interests  
doesn't have the right to  
take that away. The  
amendment says that  
COI's are subject to  
population requirements and  
VRA requirements.  
.Compactness, contiguity are  
less important when  
compared with wishes of a  
COI. They are not owned by  
other Groups who want them. Carol Heron

Thank you for making a congressional district that gives us fair representation! Minority populations in West Michigan are maximized in this map, with 31% of the district being non-white. Our minority populations deserve a fair voice in DC. Grand Rapids and Kalamazoo share a lot of commonalities, from health care to medical manufacturing to scientific research and more. We need leadership in DC that can represent the values and issues that matter to both of our cities, including housing, civil rights, public education, and healthcare.

This proposed map is awful. It may actually be malicious. It completely ignores and even tramples on the principles behind the formation of the redistricting commission. It ignores real communities of interest and the supposed imperative that redistricting should be following - ensuring that the voices of those communities are collected together and heard in the political arena. Treating bits and pieces of Ottawa County as mere political appendages to other areas of Michigan is a blatant attempt to silence the communities of interest here on the Lakeshore. It breaks up Ottawa County into three parts. It treats one of those parts as a suburb or Grand Rapids (along with Muskegon). It is NOT a suburb of a growing urban area. It is part of an existing and real community. It treats another part as the outskirts of

Birch V2	Like	1696 corridor.	Marian MAhoney	2021-11-04 17:23:48+00

This map puts the lie to the promises made in establishing the redistricting commission. It breaks up REAL communities of interest (like that of Western Michigan and the Lakeshore) and takes bits of it and makes them appendages to other parts of the State, with their own interests. Ottawa County is central to Western Michigan and the Lakeshore. This map treats it as a mere satellite of other areas of the state. No longer would Ottawa County speak with one voice. Instead, Ottawa County would become an afterthought for three Representatives whose real allegiances would lie elsewhere. This map undermines the ability of the grassroots here on the Lakeshore to speak with a clear unambiguous voice on behalf of the interests that make us the only real GROWING part of the state.

10-07-21 SD RAS BK	Dislike	This map is completely bonkers. This should not be adopted at all. Birmingham and Detroit in the same district? Madison Heights and Detroit in the same district? I live in Detroit. I visit both of those communities often and like them. But they are not culturally compatible.	Brent Snavely	2021-11-04 17:07:20+00
Cherry V2	Like	These maps are finally fair, thank you for putting in the work to get them there. You now need to apply the same effort into making the house maps fair. Thank you!	Amanda Varva	2021-11-04 17:06:04+00

Apple V2	Like	<p>this maps works for the people of Ottawa County... and probably for other counties as well. It holds real communities of interest together, certainly here in Ottawa. Our interests reflect our location along Lake Michigan, our emphasis on family values, our respect for agriculture and the special place the outdoors has in recreation, and so on. These interests are working now to make this County the fastest growing county in the State. IF it's not broken don't try to "fix" it. Other proposed maps do exactly that.</p>	Michael L Kuras	2021-11-04 17:05:31+00
Cherry V2	Like	<p>Thank you for finally taking Partisan Fairness seriously, these maps are much better than anything you have put forth so far. Please apply the same principles to the House.</p>	Trent Varva	2021-11-04 17:04:14+00
Cherry V2	Like	<p>I appreciate the changes that have made to the districting map in my area - Chelsea. It looks more fair. Thank you!</p>	Victoria Haehl	2021-11-04 16:57:59+00

Apple V2 is the best map for Ottawa County. There are a lot of considerations taking into account to reflect communities and the community should be able to vote its interests according to its past, present, and future interests and on issues together as a community. The Lakeshore has different issues and interest than say the interior of the state as a broad example.

I see you have reworked Pine v5 in central and southeast MI. But have you run the metrics for HD103 yet? A number of people spoke in Gaylord to say it looks like the new 103rd is not compact, seemingly gerrymandered, gives a disproportionate advantage to one party and favors incumbents. Benzie County works best with counties to the south, sharing the economics of shoreline towns and transportation corridors. Linking it with Kalkaska and Antrim counties negates this all. It makes more sense to add more of Wexford--since the major transportation flow is M115 to the south and east. I know you have bigger fish to fix, but please look at the metrics again. We have nothing in common with Kalkaska and Antrim except we're all rural and we use their roads as byways to northern MI and Thank you for your work in creating fair districting. This is so important for our democracy.

Cherry V2 Like As a recent emigre from Pittsfield Twp, I think this is a much fairer map than previously. This is exactly what the voters had in mind when the Commission was created. Thank you for your attention to partisan fairness and what communities of interest truly mean. Keep up the good work! Michael Hertz 2021-11-04 16:45:40+00

As a resident of Canton and a student at PCEP, I personally believe the current borders of the township are fine as is. The newly proposed plan seems reasonable, but may not be ideal. Currently, there is a lot of sustainable diversity and population (roughly 90,000 residents). If intensive redistricting occurred in this region, the sense of community and belonging may be taken away from citizens, especially students in school districts. For example, it would be rough if a certain group of students had to switch schools; relocation would definitely have an effect on their well-being. From my point of view as a student, I wouldn't want to change anything major regarding our district size or diversity.

The proposed Chestnut is the worst map under consideration. It is obviously a highly partisan Democrat attempt to dilute by gerrymandering away the votes of traditionally conservative Ottawa County. Chestnut makes no sense except as a blatant attempt to siphon away the value of Ottawa County votes. Gerrymandering a district from Holland to Kalamazoo/Battle Creek and forcing Grand Rapids and Muskegon together is an intentional and deliberate attempt to gerrymander a Democrat district out of predominantly conservative West Michigan. The Chestnut map goes against the basic purpose of the redistricting to create fair maps. Chestnut is an unfair and politically gerrymandered map obviously designed to solely benefit the Democrat party. It Douglas Door

2021-11-04 16:11:45+00

The Birch V2 map is a bad map. It divides Ottawa County in a way obviously designed to dilute the influence of Ottawa County voters with the votes from urbanized areas whose interests often do not coincide with those of Ottawa County voters. It is an attempt to steal the representation of Ottawa County residents by dilution. It puts townships that identify commercially and culturally with the Lakeshore into districts dominated by urban areas with different values and priorities. This is effectively the unacceptable disenfranchisement of Michigan's fastest growing county. It capriciously divides Ottawa for the benefit of special political interests whose agenda often run counter to those of Ottawa County voters. Please reject this gerrymandered disaster.

Birch V2

Dislike

Cherry V2	Like	Wow. I'm not sure this will play to my favor, but this looks incredibly fair-- no more crazily drawn lines, and population numbers and representation are even. This took a lot of work, and I'm grateful for folks who want the vote to be representative of a democracy (small d :)). The proposed Apple V2 redistricting map makes the most sense compared to the other maps! It keeps Ottawa County together and creates a Lakeshore district. It respects the existing county and municipal lines. It best respects our community and economic interests and will ensure we have a voice in Washington DC.	Wendy Welch	2021-11-04 16:06:13+00
Apple V2	Like	This is a vastly improved map. Superior townships share much common work, school, tax decisions and communities both rural and urban than the map that had us divided between 3 counties that had nothing in common. Thank you for changes the map!	Douglas Door	2021-11-04 16:04:43+00
Cherry V2	Like		Cheryl Lynn Depner	2021-11-04 15:59:44+00

Apple V2	Like	Apple V2 is the only way to go. We, as a county, have to remain intact as a community to have our voice heard. All other divisive plans would only be political gerrymandering a Democrat district out of a predominantly conservative Republican district.	Gary A Meeuwsen	2021-11-04 15:58:33+00
Cherry V2	Like	I appreciate this redrawn map of my district and the surrounding districts. They are much more representative of the overall culture of this area.	Traci Husse	2021-11-04 15:55:03+00
Cherry V2	Like	This is a much improved map over the one that had has "clumped" like afterthought with Oakland, and Wayne Counties. We share much more in common with Ann Arbor, and rural communities with this map. Thank for listening to our comments!	Cheryl Lynn Depner	2021-11-04 15:53:27+00
10-10-21 v6 SD RAS c	Like	This map looks more fair to me. Thank you for addressing the issue of partisan fairness! Partisan fairness is more important than having voters contained into one or two counties.	Carolyn Hill Stark	2021-11-04 15:52:22+00

Chestnut	Like	<p>This is the best of the three congressional maps. It centralizes each of the high population areas in the center of a district. This will give a greater voice to diverse interests.</p>	Suzanne Perkins	2021-11-04 15:52:06+00
Cherry V2	Like	<p>This district seems fair, giving everyone a chance to run a competitive campaign and win based on the issues. I like this.</p>	Jeffrey Souza	2021-11-04 15:51:58+00
Apple V2	Like	<p>I like the Apple V2 map. We must keep Ottawa County together along with the Lakeshore area. This map is the best one for Ottawa County and West Michigan</p>	James Newhouse	2021-11-04 15:51:15+00

Even though this map looks fair, it is not! This map has a partisan advantage for Republicans. Gerrymandering is not identified by the shape of the district; it is identified by districts drawn to favor one party over the other. The original Pine map that puts Midland and Bay City together in one House district is not an example of gerrymandering. It is the best in meeting the goal of partisan fairness. Please add that option for consideration and keep the goal of fair districts.

----------	------	--	---------------	------------------------

Cherry V2	Like	I think this map is an improvement and appreciate the time and effort it required. I am especially glad to see the majority of the UP separated out from the northern lower Michigan peninsula. The needs and focus of the two areas are not the same and should have different representation. I am also glad to see a more equitable distribution in Oakland County rather than the contorted Italy-like-boot shaped type of district that currently exists. This map seems much more balanced and fair to the citizens of Michigan overall.	Karen Modell	2021-11-04 15:31:56+00
-----------	------	--	--------------	------------------------

District 30 north Grand Rapids should not include these 4 rural townships in Ottawa county. District 30 can easily be improved ( without affecting the balance of the state map districts) by adding Cannon and Algoma townships in Kent county and moving these 4 Ottawa townships to like district 33. Then only minor adjustments to districts 18 and 20 will be necessary. This will vastly improve the communities of interest of each of these districts and keep district 30 area contiguous with Grand Rapids 6 city area and all in Kent county

Cherry V2

Apple V2	Like	<p>Ottawa county must stay together. Apple V2 map keeps us together and creates a Lakeshore district as the residents see ourselves. It best reflects our community.</p>	Paula Bojsen	2021-11-04 14:48:08+00

10-08-21 v1 HD RAS	Dislike	Combining the surrounding areas of Metro Airport in Romulus with rural Lenawee County is a combination of drastically different communities of interest (very agricultural in Lenawee County with a more suburban and urban area of Romulus). A better combination would be Romulus, Huron Township, Belleville/and Van Buren Township).	Kyle Zawacki	2021-11-04 14:45:50+00
Cherry V2	Like	This map is a distinct improvement that creates better balance--not perfection, which is impossible--and fairness. When the process is good, and this one was, the product is better.	Ellen Plummer	2021-11-04 14:45:30+00
Cherry V2	Like	I grew up in Lenawee and agree that it should be grouped with Monroe county rather than Hillsdale. Lenawee and Monroe are more closely tied.	Ashlea Phenicie	2021-11-04 14:44:44+00

10-08-21 v1 HD RAS	Dislike	Combining parts of the City of Taylor and rural northern Monroe County is a combination of drastically different communities of interest (very agricultural in Northern Monroe County with a more suburban and urban area of Taylor). A better combination would be Taylor, Woodhaven, Brownstown, and Flat Rock (along US-24, or Telegraph Road).	Kyle Zawacki	2021-11-04 14:43:34+00
Cherry V2	Opinion	Boundary line needs to be moved from Fulton St to Wealthy St or even to Hall St. Then move further into Gaines Township and Byron Township.	Brandon DuBois-Jones	2021-11-04 14:43:25+00
Cherry V2	Like	Thank you for splitting the Greater Lansing area into two districts. This map is fair and representative.	Ashlea Phenicie	2021-11-04 14:43:17+00

The number of communities, individual cities, and even precincts you have split to gerrymander these senate districts is an embarrassment to the idea of a citizen redistricting commission. You could have set a gold standard, but you have done a worse job than the politicians because it is clear you don't understand the communities all across out state. You consistently have put Arenac County with northern counties we have no ties to, and kept us separated from Bay County because it helps you draw partisan Democrat maps.

Cherry V2

Dislike

Unacceptable.

Adam Kroczaleski

2021-11-04 14:39:33+00

This is a great map. The Commissioners have done a good job taking in to account communities of interest in the Ann Arbor - Jackson community of interest. This map does not give one party advantage over another which is exactly what the Michigan Constitution require. It promotes partisan fairness.

This is the first citizen  
redistricting commission and  
it was hoped that you would  
set an important precedent of  
keeping similar communities  
together so that Michigan  
could have fair  
representation. Sadly, you  
have consistently ignored  
communities of interest data  
and have focused on  
gerrymandering districts for  
partisan reasons. Arenac and  
Bay counties could not be  
better examples of different  
communities who are  
strongly connected. They  
constitute a strong  
community of interest. But  
you consistently have kept us  
separate so that you can try  
to carve out Republican areas  
such as Midland and stretch  
them down to Flint in order to  
ensure a Democrat keeps his  
seat. You are failing the  
purpose of what this  
commission was supposed to  
be.

I do not believe that Canton's district needs to be divided up, and it should stay as is. The population is roughly around the population of other Michigan districts (about 90,000), and has not shifted enough to require a redraw. It has a well drawn out border that has a logical shape and isn't contorted, which makes an adequate boundary. Also, Canton has a diverse population with people from many different backgrounds, and changing the district could potentially harm the representation of minority groups. In addition, separating people from different cultures by splitting the district would prevent social interaction between groups, for example, making schools less diverse so students would have less interaction with people of different backgrounds.

As a student at Canton High School and a resident of Plymouth Township, I believe district 43 is drawn well because Canton has a very diverse population. The current borders will allow voters to share their voices more than before. I know that the area in district 35 is less diverse, but it does represent the people who live in the area and I like that it includes both the city and township of Plymouth. Overall, I believe the district lines will give people of different parties and beliefs more of a voice than they might have had before. Changing the borders would be unnecessary and would take away some of that power

As a student living in Canton and going to Canton High (PCEP) and moving from Canton to Canton causing me to be in two different school districts was hard causing me to be on the fence of how Canton should not be districted. I went from diversity and culture to being some of the only Asian and Muslim people in my neighborhood. We know that Canton as a whole is extremely diverse (The 5 largest ethnic groups in Michigan are White (Non-Hispanic) (74.7%), Black or African American (Non-Hispanic) (13.5%), White (Hispanic) (3.56%), Asian (Non-Hispanic) (3.26%), and Two+ (Non-Hispanic) (2.64%). 10% of the households in Michigan speak a non-English language at home as their primary language.) But overall I think Canton should not be redistricted as it might hurt

Cherry V2	Like	Thank you for working to create a map that reduces partisanship and increases fair representation across districts. I think the maps for 14/15 do a good job on that front.	Amanda Shutko	2021-11-04 13:31:41+00
10-08-21 v1 HD RAS	Like	I like and agree with the boundaries of district 43, and here is why. The boundaries and overall shape of the district are contiguous and compact. Also, the population within the district is fairly diverse. Additionally, the population is only about 130 off of the target population of the districts. All of these things combined show that the boundary of Canton is well-drawn, fair, and diverse. This leads me to believe that it does not really need to be changed.	Alex Uranga	2021-11-04 13:29:20+00
10-10-21 v6 SD RAS c Like		While not perfect (and nothing is) this redistricting is much better than the crazy, gerrymandered mess we have been dealing with for years... Thank you!	Jill Wagner	2021-11-04 13:29:04+00

Cherry V2	Like	I think this version of district 14 and 15 are well done. I think this will lead to a better over-all representation of our citizens.	Edward Diehl	2021-11-04 13:27:16+00
Cherry V2	Like	Thx for making maps more partisan fair.	Robert T King	2021-11-04 13:24:59+00
Cherry V2	Like	I like this newest configuration for Districts 14 and 15. They which better represent our communities of interest that run east-west. Thanks for all the commission's hard work to create fair maps!	Carol Westfall	2021-11-04 13:22:55+00

House Commissioners.

Midland and Gladwin counties should stay together in any version of the congressional and State Senate maps.

There are at least 3 major reasons: 1) I can see the dam repair and flood reduction efforts will be diminished if the City of Midland is fractured from Midland County and if Gladwin and Midland counties are NOT together; 2) The gerrymandering contemplated lines would cut off Mid-Michigan Health's main campus in Midland from the rest of the service territory which runs north and west through Gladwin, Gratiot, Clare and Isabella counties and 3)

Environmental benefits of flood reduction-reducing soil sediment and fertilizer runoff into the Saginaw Bay Watershed-would be

		Meh ... District 10 is not drawn terribly; but, not great either. Kudos for linking Troy + Rochester Hills together with Royal Oak, Clawson, etc. But - the ties that these communities have with cities out east (including St. Clair Shores) aren't particularly compelling, in my opinion. Troy and Rochester Hills are more strong tied to cities like Bloomfield Hills; or, even Farmington Hills and Novi. If there were any need to extend the boundaries of the district - it'd be better to extend westward, not eastward.		
Birch V2	Opinion	I like that District 22 does include the entire Whitmore Lake community across both counties. Thank you.	Thomas Mikulski	2021-11-04 12:33:03+00

I really enjoy how District 11 on this map is drawn - it does a great job of linking communities that have strong cultural economic ties. It'd be wonderful if Rochester Hills could be pulled into the district, as well - tie with that city are also quite strong. But - I could understand leaving it as-is to meet requirements on district shape and size. Of the three proposed maps - this is my favorite one.

I really dislike the manner in which District 10 is drawn - it separates Troy and Rochester Hills from communities with which they have stronger economic and cultural ties, especially among the Asian and Indian communities. Troy should certainly be grouped with cities like Birmingham, Royal Oak, Clawson, etc. - I think there's a solid case that Rochester Hills should, as well. Steer clear of this map ...

Cherry V2	Like	I live in the proposed district 15. The new map looks good and appears to be a fair representation of the people who live in these areas. Thank you for your work on this project.	Karen Zera	2021-11-04 12:12:04+00
Cherry V2	Like	Looks great!	J Vincent	2021-11-04 12:11:07+00

This does not look right. Why is a portion of District 22 sticking down into District 14. The area around Chelsea is missing a quarter of its school district. Then there is a square of District 14 placed northwest of Chelsea into another District (light green). District 14 extends too far to the west.

I thought there was a program that mathematically balanced population with geography. This looks like political "calculations" not science.

I agree with the current borders of Canton, District 43. As a student who attends high school in Canton, I can attest to the diversity in the population of Canton, especially in the younger population. Looking at the number of eligible voters per ethnicity also displays the diversity in Canton. Changing the borders may negatively impact the diversity of our community, and may come out in the elections and voting processes. Also, the population of Canton is very similar to that of other Districts, which shows that the borders are drawn to evenly divide the population. Again, changing the borders risks skewing the populations of individual districts, which could bring unfairness in politics.

I believe, as a resident of this district, that no such change should be made. The population fits perfectly to the amount of land in the area. The borders also properly encompass our land. Changing the borders would mess up the population and ethnic spread of the region. Due to these various reasons, I don't think any major changes are needed to be made in this district.

I believe that the districting lines for district 43 are not done well compared to district 35. This is because while the population representation is about equal between the two districts, the land area is very different. In district 43, people are more densely populated and are more likely to be more similar with each other than if they were far apart due to interactions with each other, limiting the power of the individual voter in this district. While in district 35, it covers more land, and possibly more diversely thinking people, increasing the power of each voter because it makes it harder to get a majority of votes for that district.

According to census.gov, Michigan had a total population of 10,077,331 people in 2020, and as of now, Michigan has 110 districts. This means that on average, there should be around 91,613 people in each district. According to worldpopulationreview.com, Canton had a population of 95,202 in 2020. If the average district population should be around 91,613 people, then Canton meets (and even exceeds) these requirements. This means that Canton could and can stay the way it is, but a small portion of it could also split off and join another district with a population lesser than 91,613.

Cherry V2	Like	I am happy to see districts 14 and 15 drawn in such a way that each district has a mixed population of urban and rural voters. This will force politicians to represent the interests of economically and geographically different population. Bravo!	Daniela A. Wittmann	2021-11-04 01:59:04+00

This is drastically better than previous versions. There is no perfect way to do this. But this map to me seems as fair as any that could be created. Districts should be contiguous and not crazy shapes. Splitting cities like Ann Arbor is no different than splitting up rural counties. They both likely divide groups of citizens that have similar concerns and needs. But every division will do that to some extent. Again, this map is way better and seems to me much more fair.

I am a Salem High School Student living in Plymouth Township. Although the Plymouth district is not as diverse as Canton, I think the lines drawn seem to be relatively fair. The total populations are very similar and the lines of the Plymouth district are contiguous. Canton is more diverse and therefore, gives those voters more representation, as opposed to if it was combined with the less diverse population of Plymouth. It also seems to include both the city of Plymouth and Plymouth Township, along with western portions of Livonia. These boundaries are logically shaped and are not too convoluted. This looks far better, fairer, and far less partisan than the current district map. Thank you.

The boundaries of District 43 (Canton) are well placed. The population is roughly 91,000, which is very similar to the other districts. Canton's population is also extremely diverse with a wide range of minority groups and religious groups whom are all equally represented in voting. The district is also a fairly shaped well, and does not distort into any strange shapes that may cause difficulty for anyone living within it. Voting will be fair and well represented, as will the school systems. The only issue visible is the Plymouth-Canton border dividing the school system into separate districts making it more difficult to discern the populus, not exactly sure if there is a solution to that, but it is a minor inconvenience.

This map makes no sense for how West Michigan is divided. The awkward shape of trying to include Grand Rapids through Ottawa County and then carving out Muskegon all in one district is mind boggling. It could best be described as a clear attempt to gerrymander West Michigan. Furthermore, Ottawa county is further divided to be included with Kalamazoo and Battle Creek. Ottawa County is very different than Kalamazoo and Battle Creek and the residents of that county will lose their voice to those residents in the cities. This is a very clear attempt of Democrats trying to squash the voices of Republicans.

As a current student at Salem High School who resides in Canton Michigan, I believe that district boundaries are reasonable but not necessary. Our district is similar in population to other districts and has a diverse community. In addition, I believe that making modifications is not needed since our community is already diverse. The minorities in District 43 make up almost 40% of the population, which is much more compared to some districts in Michigan. In the end, I believe that the boundary isn't needed, but it is reasonable and makes sense.

I am a Canton student, who currently resides in Plymouth. I have seen the cultural, ethnic, and racial diversity that Pcep has formed. This being said, the city of Plymouth itself is not incredibly diverse. My home town is Ypsilanti, zone 67 I believe. Ypsilanti has many more POC than Plymouth. While redistricting Plymouth may be beneficial for reasons down the line, I do not believe that it would help diversify the town itself. Thankfully the large campus gives diversity to the growing population.

I think the boundaries of district 43 at the moment are good and do not need to be redrawn. The target population is only 132 (0.14%) more than the population of the district currently, which is very close, and a very reasonable gap. There also is a wide range of ethnicities that are represented (34.79% being Non-White), and so this most likely leads to a good range of parties, and doesn't lead to a majority of one party making most decisions. It also has a good, geometrical shape with few arms, so I think the current boundary of district 43 is perfectly suitable.

Of the three maps now posted, I like this one the best for what is District 11 on this map. It does a good job of keeping most of the SE part of Oakland County together, as it should be.

As a resident of Plymouth and a student at Plymouth High School, I believe that the district boundaries for Plymouth, district 35, is fair. I first believe that the boundaries themselves represent where the population of Plymouth is located, in both the city and township. I also believe that the population compares very well to those surrounding it, with Plymouth at 90618, Canton(district 43) at 9148, and Northville(district 110) at 91612. Plymouth also gets a great voter population at 74639. While the white people make up almost 89% of the population, I feel that that is average looking at other districts and Canton, which is very diverse, right next door. I still find all races are represented in Plymouth. Overall, I think the boundaries of district 35 are drawn well. This district reflects the interests of the communities it will serve.

Thank you for the very positive changes to the map for districts 27 and 29. Balance forces us to meet in the middle! That's where we want to be. considering the different factors going into the redistricting, I think that the boundaries in place already for District 43 are fine how they are. Population wise, the district has a very similar population to the other districts. The diversity is definitely a point of problem that could be seen as a reason for change, and I understand that. I think you would have to consider, though, that Michigan as a whole has a pretty fair diversity. The percentage gaps between each group can be seen in most other districts as well, so it is difficult to make the diversity more equal. Regarding other things, the schooling system for the district already works well and the different amenities for the citizens are all available in the already drawn district. I believe this is why the boundaries are good how

		Iâ€™m not sure why the original Pine map was changed. It was a very competitive district that either party would have been able to win. With the revisions, Auburn and Williams Townships are now in a totally different district than either Midland or Bay City, the two areas with which we are most closely connected. It almost seems like someone has a vested interest in keeping Midland county a safe Republican seat. Please reconsider, and keep the original Pine map.

10-08-21 v1 HD RAS Like      All things considered I truly believe the canton district in where I stay is fine the way it is right now, the population isn't as diverse as i'd like it to be, but considering Michigan as a whole and even going as far as the whole country, the diversity is fair. Geological wise the redistricting is mildly impressive, the way they have schools everywhere for kids off all ages and even transportation for those schools, it's awe-inspiring, I also believe the boundaries and geography lines between districts should be kept the same, voting too. The voting has been fair and just, espec      donovan Gomez      2021-11-03 23:38:33+00

I agree with the boundaries of District 43 (Canton). For one, the deviation is only -0.14%, which is much better than the -0.63% and -0.62% deviations present in Districts 42 and 44 respectively. It is also relatively diverse, having about 65.21% of its population being white and the other 34.79% consisting of minority groups including people of African-American, Native American, Asian, and Pacific Islander heritage. Because of this, the population of eligible voters is also very diverse. This district is also shaped well, including the city of Canton without being contorted or shaped strangely to serve a political agenda. All in all, I agree with the boundaries of District 43 and believe they are very well-defined.

why have you not corrected districts 38 & 29 after numerous, numerous comments from people from each of these affected communities? Somehow this area doesn't count? The original change occurred because a Commissioner thought the shapes looked funny (seriously? look at the map!) and another Commissioner did not want his community placed in the Districts. The correction can be accomplished without affecting VRA, population, COI or partisan fairness metrics (put it back the way it originally was). Pontiac should be in a district with Auburn Hills, Sylvan Lake or Bloomfield. Lake Orion should be with Oxford, Waterford should be kept whole. It is pretty ironic that the MDOS put a very nice interview with a Pontiac resident on the MICRC

I believe that the current borders of Canton which is District 42 should not change and would consider them to be fair and equal too many other districts. The district of Canton(43) does not need redistribution due to the fact that it has fairly diverse population and has an equally diverse voting population. The distribution of the borders could lead to many difficulty regarding location and address on mail and websites. Distribution would also affect many students and other people due to the different ethnic groups sharing the same district and the involvement of them all.

Thanks.

I personally believe the district line on the current map/borderline of Canton does not need to be restricted. There are many reasons why I think this. One, Canton has an almost perfect population as it is not that high or low and is matching with surrounding districts. Also, Canton has a very diverse population, and choosing to do anything with the border possibly may affect this. This would cause a drastic change. Voting is also another thing that would be impacted if we would restrict the lines of Canton. This is due to the majority of people who alone vote in Canton.

there are far too many unnecessary county splits in this map, especially in western Michigan. Ottawa is chopped into 3 pieces for no good reason. Muskegon is absurdly put into the same district as much of Kent County. Those are two completely different metro areas. Kent plus part of Ottawa is enough for one district without having to draw awkward lines into Muskegon. The US Census Bureau recognizes Kent and Ottawa as being part of the same metro area while Muskegon is in its own metro area. Grand Rapids Community College is based in Kent County with some satellite classes held in Ottawa while Muskegon has its own separate Community College. Please revise this map to both reduce county breaks and improve communities of interest.

10-08-21 v1 HD RAS	Like	The boundaries of district 43 are very fair and should not be revised. In district 43, the deviation is fairly low, for example, it is only 0.14%. The demographics also fairly represent Canton's diverse community and do not leave any racial groups or communities of interest. The district is also reasonably compact and not in any unusual shapes that could influence partisanship.	Jorrawar Grewal	2021-11-03 23:05:02+00
Pine v2	Dislike	Terrible gerrymandered map. The Soviets had elections too but the people were going to get the same leadership because the election process was rigged. With maps like these, the pretense of elections should end and the democrats should be granted permanent control.	merlin steffes	2021-11-03 22:57:23+00

As a student at the Plymouth  
Canton Education Park, I see a  
lot of diversity in our school  
community which must be a  
reflection of how diverse  
District 43 (Canton) is in itself.  
When we look at the stats, we  
see that 65.21% of the  
community consists of whites  
leaving 34.79% of the  
community to be consisting of  
residents of different  
backgrounds/races/ cultures.  
Although these numbers may  
not seem positive when it  
comes to having a diverse  
community, District 43 does a  
more diverse population than  
several other districts. For  
example, District 1's white  
population is around 17%,  
and District 94's white  
population is around 95!  
District 43's diversity will  
allow a more variety of views  
in voting as well. In addition  
to diversity, District 43's  
population is only 132 away  
from its target, meaning it's

The proposed boundary lines of District 4 are absurd. I strongly oppose the entire "Apple Plan" redistricting version presented here. County lines should serve as district boundaries as often as possible. As proposed, the cities of Grand Rapids and Kalamazoo would produce a stale mate in terms of the voting base as a congressional district. This would hurt both sides of the foretasted stale mate resulting in neither side having fair representation. The plan additionally fails to comply with several redistricting rules, therefore on face value, it has no merit and does not meet the necessary criteria to be named its own district as proposed.

I believe the boundaries of District 43 (Canton) are drawn well and should be preserved. Firstly, the population is around 91,500 people and has a pretty low deviation of -0.14% from the target population. Focusing on the cultural aspect of Canton's community, there is plenty of diversity with approximately 34.8% of the people from non-white backgrounds, the larger groups being Asians (21.5%) and Africans (11.3%). I believe that this diversity allows the voting to be fairer and represents many minority groups in the community. Finally, the geographical shape of the district is a reasonably shaped rectangle and does not resemble a weird/contorted shape.

I do not understand why the district lines for district 9 include this particular area, I live in this neighborhood and it is zoned into Rochester Community schools, yet the majority of my classmates are going to be zoned into a different district than I am while I am zoned into the thumb with people I have nothing in common with. I am asking that this neighborhood be zoned into the district that Rochester and Rochester Hills are in for the sake of continuity among constituents who all have common characteristics.

10-10-21 v6 SD RAS c Like	I like the division of Ann Arbor into Districts 27 and 29 and appreciate the Commission listening to voter input about partisan fairness. I've been listening to some of the Commission meetings and appreciate all the hard work and long hours and painstaking attention to all the mapping criteria you have to consider.	Susan Beth Miller	2021-11-03 21:28:38+00
10-10-21 v6 SD RAS c Like	I believe this map of Districts 27 and 28 is so much better! I really appreciate your efforts to listen, and to make this a more fair map.	Sharon Held	2021-11-03 21:26:43+00

I don't think District 43 needs redistricting, even if redistricting is a good idea. The deviation for the population target is only 132 people, which is a very acceptable number. District 43 is also one of the most diverse districts, with only 34.79% of the people being Non-White, a much higher figure than other districts. District 43 is also not in a very weird shape, and combined with its diversity, means that the voting is likely fine, and that there's not much need to balance the partisan rivalries.

Arslaan Zahid

2021-11-03 21:24:56+00

As a resident of Plymouth Township, I think the redistricting of Plymouth and Canton is fair. Looking at the populations of districts of 35 and 43, you can see the similarities in size. I think that looking at the overall population size is most important in this case in order to ensure equal representations of districts. I would rather split up Canton and Plymouth (along with Plymouth Township) than leave an uneven population representation.

2021-11-03 21:22:44+00

I believe the current district border for District 42 (Canton) should remain the same. The population of Canton is roughly 91,000 which is similar to that of surrounding districts. In addition, Canton has a diverse community with people from many different backgrounds. Also, Canton's boundaries are geographically contiguous, they aren't combined with other towns or broken up. For these reasons, I don't think the boundaries need to be revised.

As a Salem high school student, I would consider this system fair. I would say that the district boundaries represent the diversity of the region fairly well. It is a well defined system that centers around the city government building. The only issue I have with it is that it appears to split the Plymouth-Canton border, which would divide the school system into separate districts, although I am not sure how to fix that and keep the district population similar to the surrounding districts.

2021-11-03 21:08:35+00

I believe that the boundaries of District 43 are perfect as they are. For example, the population is almost spot on the target, which is very hard to get perfect. Also, District 43 has a large number of diverse people, with the largest group being Asians. The shape of District 43, Canton, is also close to being a perfect rectangle, and it certainly is not a weird shape. I feel like, with this much diversity, voting will be fair and represent the wants of everyone, so I think that District 43 should stay the same.

2021-11-03 21:06:18+00

I believe that the boundaries of Canton should not be changed because many aspects of the community reflect a diverse population. As a PCEP student, I am constantly surrounded by people of different ethnicities, beliefs, cultures, opinions, and values, which is a positive thing. Everyone here has the opportunity to learn from and share experiences with people of very different backgrounds. The city has a high voter population, which accurately reflects the diversity it has. Changing the borders may interfere with many people's experiences with others, as well as cause voter representation to be inaccurate.

Cherry V2	Like		Nancy Mroczkowski	2021-11-03 20:35:56+00

The fact that the pccs school district is split on education is crazy. How is a school supposed to educate people on their congressman and their area if the students have different representatives? School districts and district lines should be as similar as possible, this is because schools need to be under a unified voice. If they aren't, then the schools boundaries or the district boundaries are useless.

10-08-21 v1 HD RAS Dislike

Carter Adamski

2021-11-03 20:34:42+00

Ottawa County should be kept whole, there is much more community of interest between the rural twps. than with the city of Grand Rapids. You could add Algoma and Cannon Twps to the east of Grand Rapids to balance the populations distribution from removing the Ottawa County Twps. If you look at a map drawn in district.org (<https://districtr.org/plan/73502>) you would see that change.

2021-11-03 20:34:21+00

Please do your best to take any comments that refer to existing COIs or county boundaries with a grain of salt. In this hyper-connected world, existing barriers and boundaries are just that: barriers and boundaries. They cause artificial division and prevent us from moving back to a more bipartisan political environment - the very purpose of this committee and its work. Please take advantage of this opportunity to substantially "shake things up" by merging disparate COIs, townships, and counties into fruitful and diverse groups.

I believe that Northville and Northville township should not be separtated. This is because even though there is a difference between theTownship and the city, there are traditions in the city, that people in the township want to visit, and if there is a different congressperson in the township and in the city, then the people in the township would be left out of decisions. There is also the fact that in schools, the people who go to the northville township and city go to the same school, but if there is a different congressperson in each district, and if Northville high school is in the city, then the city will have more of a say in the schools. Overall, a city is a city, and that shouldnt change whether you are in the township or the main city. Thank you for working to make a more fair distribution in District 29.

Birch V2	Like	<p>This map is well drawn and fair. It keeps essential communities within Oakland County, like that of the Walled Lake Consolidated School District, together. With less divide among constituents, the strong identity of this already prominent congressional district will be kept alive.</p>	Olivia O'Connell	2021-11-03 16:17:44+00

I believe that the current border lines of Canton (district #43) doesn't need to be redistricted because although the population of Canton is quite high, there are other districts with a similar population. Canton also has a very diverse population and changing the district borders could affect this diversity. It could impact students like myself who attend school among many people of different ethnic groups. I also believe that redistricting isn't necessary because a large majority in Canton vote, and redistricting could change the number of voters which isn't encouraged.

Pine v2	Like	Livingston County is drawn well in this map. The Brighton area is kept together and the Howell/Fowlerville area is kept together is another district.	Dan Wholihan	2021-11-03 15:23:00+00
Cherry V2	Opinion	Please remove these few Ottawa townships from Kent County.	Kim Gates	2021-11-03 15:21:30+00
Pine v3	Like	Livingston County is drawn well in this map with the Brighton area kept together in one district, the Howell/Fowlerville area together in another district, and Tyrone Twp with nearby Fenton.	Dan Wholihan	2021-11-03 15:20:38+00
Cherry V2	Like	Thanks for heading my comment earlier to put the airport with Grand Rapids.	Kim Gates	2021-11-03 15:19:52+00
Chestnut	Like	I feel this map is the best option for my area.	Ashley Podein	2021-11-03 15:16:50+00
Cherry V2	Like	Combining the airport area with metro GR makes more sense. Thanks for listening.	Joel Ombry	2021-11-03 15:14:51+00
10-13-21 v1 HD RAS	Dislike	The cities of Farmington and Farmington Hills share many things, including a school and library system. Splitting the communities up along an arbitrary line (I-696) does not make sense.	Alex Meyers	2021-11-03 15:10:42+00

Cherry V2	Like	Thank you for adding the airport, and Rockford, to the metro Grand Rapids area! These rural communities would be better represented if included with an Ottawa County community of interest. There is little in common with Grand Rapids and the Ada area.	Cindy Krieg	2021-11-03 14:44:48+00
Cherry V2	Opinion	The second ward boundary in Grand Rapids is at Wealthy St, rather than Fulton. Moving Senate District 30 to Wealthy St would keep the second ward community of interest in one district, rather than cutting out one section.	Cindy Krieg	2021-11-03 14:41:30+00
Cherry V2	Opinion	Thank You! Thank You! for including Cascade Township with the metro Grand Rapids area on this State Senate Map. Please do the same for the State House as well!	Cindy Krieg	2021-11-03 14:34:54+00
Cherry V2	Like	It makes since to move the boundary between districts 29 and 30 to Wealthy street. That way neighborhoods are not divided.	KAREN T SANTELLI	2021-11-03 14:28:29+00
Cherry V2	Opinion		Fredric Overeem	2021-11-03 14:20:00+00

10-29-21 SD v3	Like	Thank you for making the map more partisan-neutral. That is the only way to have fair elections that actually represent the people in these districts.	Fred Klein	2021-11-03 14:19:14+00
Pine v3	Opinion	On this map, there are only 109 districts. The Michigan House should have 110, you are missing a district. If I missed it please ignore my opinion, however, I looked a few times and could not find district 110. Please fix!!!	Bryce Webster	2021-11-03 14:17:15+00
Cherry V2	Like	Rockford is part of the Grand Rapids metropolitan area. Thank you for mapping it in that manner.	Fredric Overeem	2021-11-03 14:14:28+00

This is the one change from the Detroit re-alignment that I don't like. Chair Szetella said that the district that shifted from blue to red on the partisan fairness metrics was in Macomb County, but I don't think it's true. I think that happened because 22 and 13 exchanged Southgate and Ecorse. Put Ecorse back in 22 with the other Detroit River communities and Southgate back in 13 with Allen Park and Lincoln Park. That re-unites communities of interest and improves the

Cherry V2	Like	This map is fair and balanced.	Pei-Lan Tsou	2021-11-03 14:05:30+00
Cherry V2	Opinion	<p>Thank you for unpacking Grand Rapids, the district line should be moved though to better reflect our community of interest by tweaking this map and add the precincts north of Wealthy to the district #30. That is the natural boundary for the city.</p>	Pei-Lan Tsou	2021-11-03 14:04:15+00

Cherry V2	Opinion	Ottawa County should not be link to Metro Grand Rapids. This is rural area with their own specific issues. Keep Ottawa County together.	Pei-Lan Tsou	2021-11-03 14:01:55+00
Cherry V2	Like	I like the way Grand Rapids is divided in that it will likely get us to Senate seats to be honest the second largest metro area in the state should be represented in such a way considering how fast the Grand Rapids metro area and the city itself is growing	Dennis B MURPHY	2021-11-03 14:00:48+00
Cherry V2	Like	I think it is a positive move to put the Grand Rapids airport in with the metro area it's a natural fit	Dennis B MURPHY	2021-11-03 13:59:48+00
Cherry V2	Opinion	The boundary in Grand Rapids between Senate Districts #29 & #30 should be move South to Wealthy Street which aligns with neighborhoods as demarcated by the city. using Fulton Street as a boundary cuts a neighborhood in half. the neighborhoods in Grand Rapids are communities of Interest	DENNIS MURPHY	2021-11-03 13:56:35+00

Cherry V2	Opinion	<p>The boundary in Grand Rapids between Senate Districts #29 &amp; #30 should be move South to Wealthy Street which aligns with neighborhoods as demarcated by the city. using Fulton Street as a boundary cuts a neighborhood in half. the neighborhoods in Grand Rapids are communities of Interest</p>	DENNIS MURPHY	2021-11-03 13:56:02+00
Cherry V2	Opinion	<p>The rural Ottawa County Township should not be link to Metro Grand Rapids these are two distinct demographics and each have their own specific issues. they should be in the same district as the rest of Ottawa County</p>	DENNIS MURPHY	2021-11-03 13:53:36+00

As a student, I believe that the district line on the current map for Canton is perfectly fine. As of right now, the population for Canton is roughly 90,000 which is ideal because it isn't too high or too little compared to other districts. Canton also has many races, which shows how diverse the district already is. In addition, roughly 70,000 people vote which is very beneficial because the majority of the people already vote. This leads me to believe that the Canton district line doesn't need any changes.

This map is an improvement over the past maps for State Senate districts around Grand Rapids. However the Commissioners keep putting Ottawa CO townships in with Ada Township which is an eastern suburb of Grand Rapids. Ottawa CO should be removed from district 30. District 30 should have its western border right down the western edge of Kent CO. None of Ottawa CO is in my COI. Areas north and east of Ada Township in Kent CO are more of my COI's. Also the north-south line that separates districts 29 and 30 should be Wealthy St., not Fulton St., because Wealthy St. has been the border line between wards for 40 years. These ward lines are important to Grand Rapids residents. Replace Ottawa CO townships with Cannon and Algoma

The current border of district # 43 cuts of some parts of southeastern Canton. However, this is acceptable because Canton population increases rapidly and is currently bigger than that of the average district. I believe that the Communities of Interests are well represented as shown by the demographics of the district. I also believe that this district is quite compact. All in all I think that the Canton border should not be redistricted despite not including the full municipality of Canton.

2021-11-03 12:03:53+00

You only created this Midland district to appease Republicans asking for a whole country district. Nowhere in the constitutional criteria is "appease Republicans because they didn't get the other districts they want". But partisan fairness is number 4 on the criteria. Far above county and city lines. This district hurts the overall fairness of the maps and creates two strong Republican districts in Midland and Bay City where you had a strong Red and a barely (1%) leaning Blue. That was as close to zero political bias as you were ever going to get and you erased it for no good reason.

Cherry V2	Like	<p>As an independent who has voted for candidates from both parties I'd like to thank you for improving the fairness of my district. The proposed district enhances representation for communities along the I-94 corridor whereas the prior district diluted their interests with large rural areas having different personal and economic wants and needs. As proposed, the district is diverse across small city, suburban and near-rural areas that nonetheless share a sense of community. I see this as a step toward reducing the divisiveness so prevalent in the political landscape.</p>	Russ Desy	2021-11-03 11:30:01+00
Cherry V2	Like	<p>It is right that Gerald Ford Airport is in Senate District 30. It serves the metropolitan area of Grand Rapids. Thank you for responding to past comments in support of that change.</p>	DAVID A BERNSTEIN	2021-11-03 11:19:19+00

Cherry V2	Opinion	<p>Please do not include townships from Ottawa County in Senate District 30. Ottawa County's interest are more focused on rural and small-town issues and solutions. Senate District 30's problems and solutions are increasingly those of a metropolitan area.</p> <p>I was at the public meeting in Grand Rapids. I think that the boundary between districts 29 and 30 should be Wealthy Street, not Fulton as in the present mapping. I am a strong believer in city wards as important political communities, since we have city commissioners elected within those wards. Please make the southern boundary</p>	DAVID A BERNSTEIN	2021-11-03 11:16:48+00

I believe that change is not needed for the district of Canton. The boundary lines are adequate to the amount of residents and the diversity of the area, and furthermore, should not be changed. Redistricting may affect the diverse communities of the area, and could further affect the voting population as well. The size and density of the population is proportional to the amount of area, and is quite similar to districts with a similar total population. These factors, such as the diversity and voting population, all make up the uniqueness of this district. Changing this would result in disruption of these factors.

2021-11-03 06:12:44+00

10-08-21 v1 HD RAS	Like	I believe that the map of the district should stay the same. Right now our population is around the same as the population of surrounding districts. The population that we have is very diverse, making it so that we meet that requirement. The district is also compact. With this in mind, I do not think the district needs any changes.	Ayush Patel	2021-11-03 03:50:06+00
10-08-21 v1 HD RAS	Opinion	I think the voting district for Plymouth is mediocre. The target population is met with minimal deviation and the boundary is compact and reasonable. However the population ratios for minorities seem to be an issue but this problem is also shared by many other districts so it does not seem feasible to solve. Something that can be solved is the division of Northville between Novi and Plymouth, I think something should be done about that.	Max Lin	2021-11-03 03:45:38+00

I feel as if we should keep the district as is. Canton has a very diverse community, which is pretty compacted in my opinion. Along with we have a high population that I would say roughly is around the same as fellow districts around it. Plus Canton is still an on-growing community which can help keep it more diverse and grows the population. The only side effect is who knows if the population will outgrow surrounding districts. Along with that with such diversity, I wouldn't say we pick directly/favor one party group. It is pretty mixed

10-08-21 v1 HD RAS Opinion

around the whole community. Morgan Haynes

2021-11-03 03:35:41+00

I came to this opinion that the district of Canton may have slightly biased opinions because of the very one-sided ethnic background. This may favor the opinions of the majority with their political viewpoints. I believe that the non-majority opinion may not be heard.

Cherry V2	Like	<p>This configuration does a far better job of keeping diverse, suburban Oakland County communities together. The swap of West Bloomfield, Orchard, Keego, and Sylvan to be with Farmington Hills and Novi is fair and better reflects the interests of the minority ethnic communities including Jewish, Chaldean, Black, Asian. Kudos to the Commission for working to find this better configuration. I think that district lines are good. I also think there is equal representation between the people in canton. I feel that if we were to change the boundaries it would add a lot of chaos. With things like schools and houses. If the boundaries were to get bigger canton would probably just build more houses. Which means more children, which would make the schools overflow. I think canton is good for right now</p>	Noah	2021-11-03 03:30:20+00
10-08-21 v1 HD RAS	Like		Nyla williams	2021-11-03 03:21:13+00

I am part of a group which has been advocating for Battle Creek and Kalamazoo to be together in the same Congressional district since early this year, so I'm glad to see this map is now collaborative and up for consideration.

Historically, the Battle Creek economic and social service interests have been more closely tied to the I-94 corridor in an east/west orientation, with examples of economic, governmental, and community collaboration with Kalamazoo County to the west. COI examples include Bronson Hospital, Western Michigan University, United Way of Kalamazoo/Battle Creek, Kalamazoo/Battle Creek International Airport, and countless others.

This version of Kzoo's district is far more competitive than the Birch map, which is critically important when
