

Important MIHP Update--February 16, 2024

Refugee Systems of Care Project

This message has been sent on behalf of the MPHI Refugee Systems of Care staff and distributed to a selected group of MIHP Providers in counties that have been identified as seeing a greater number of Refugee families. Please consider taking advantage of this opportunity, as these information sessions have been specifically created for interested MIHP Providers!

Dear MIHP Providers,

Do you serve families who are refugees in your home visiting program? The Refugee Systems of Care (RSoC) project aims to develop a system of support for home visiting programs who are serving refugee families with young children.

We invite you to join us to learn more about our new project! During the **Refugee Systems of Care MIHP Information Session**, you can expect a brief 15-minute presentation and an opportunity to ask questions. At the end of the presentation, we will have a short 2-minute interest survey to understand if you are currently serving refugees, wanting to serve refugees, and if you're interested in receiving communications from the RSoC team.

We are hosting two information sessions:

1. [Wednesday, February 28 at 9am-9:30am](#)
2. [Thursday, March 21 at 1pm-1:30pm](#)

The same Zoom link will be used for both sessions:

- Join Zoom Meeting: <https://us06web.zoom.us/j/4930025904?omn=89813741376>
- You will also receive 2 calendar invites – one for each session (which also contains the Zoom link above). This will allow you to easily add a session to your calendar if you wish to attend.

If you haven't already, [register to join the MIHP Community of Practice](#) webinar on [Wednesday March 13th from 1pm-2:30pm](#). The RSoC team will be joining the CoP to provide an information session from [2:30pm-2:45pm](#). Look forward to seeing you there!

If you're interested in learning more about the RSoC project and cannot attend any of the sessions, please reach out to one of our project team members: Eli Wickline –
