

Important MIHP Update--April 1, 2024

Official Launch of the MIHP Immunization Toolkit

MDHHS MIHP is pleased to announce that the interactive online immunization toolkit has officially launched as of April 1, 2024! The toolkit is available via the [MIHP Initiatives](#) webpage

This toolkit provides resources to support MIHP home visitors' communication with families about the importance of vaccination. It provides direct resources to use when having vaccine conversations and provides guidance on navigating vaccine hesitancy, promoting vaccine equity, and establishing vaccine confidence. In this toolkit, you will also find educational resources to enhance your own knowledge of vaccines, whether to build a foundation or to enhance existing knowledge.

MIHP encourages all to explore this new evidence-based resource!

Our communication for the Maternal Infant Health Program has been streamlined to a single email address and phone number. Please forward all email to MIHP@michigan.gov. For further assistance, contact the state office @ **1-833-MI4-MIHP (1-833-644-6447)**. Thank you.
