Complimentary Infant Mental Health Wheels

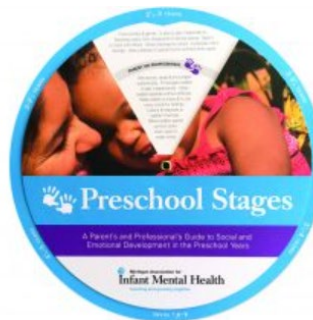

The Michigan Home Visiting Initiative has the opportunity to provide Infant Mental Health wheels to home visiting programs in Michigan to support the social emotional development of young children and support interactions that lead to strong relationships. The models eligible for this are: Maternal Infant Health Program, Healthy Families America, Early Head Start, Family Spirit, Nurse-Family Partnership, Infant Mental Health, Parents as Teachers, and Play and Learning Strategies.

The wheels that are available are:

Baby stages wheel—“Baby Stages: A Parent’s and Caregiver’s Guide to the Social and Emotional Development of Infants and Toddlers” (Birth to 3). All development takes place in the context of a relationship. These wheels are easy reference tools for educating parents, caregivers, and professionals about early social and emotional development. Each stage provides a glimpse into the world of the infant or toddler, and guides interactions that promote nurturing relationships and healthy social-emotional development

in children. <https://mi-aimh.org/store/baby-stages/>

Pre-school stages wheel—“Preschool Stages: A Parent’s and Caregiver’s Guide to the Social and Emotional Development in the Preschool Years” (2-5 years). All development takes place in the context of a relationship. These wheels are easy-reference tools for educating parents, caregivers, and professionals about early social and emotional development. Each stage provides a glimpse into the world of the preschooler, and guides interactions that promote nurturing relationships and healthy social-emotional development

Fatherhood wheel—“Dad’s Guide to Fun with Your Baby.” Uniquely designed to capture the interest of new dads, the wheel invites playful interaction that leads to strong relationships in the early years. <https://mi-aimh.org/store/fatherhoodwheel/>

Pregnancy wheel—Wheel to Support Pregnant Families. All development takes place in the context of a relationship. Welcoming a baby into the family begins during pregnancy and parents have much to do in preparation! Our newest MI-AIMH wheel, “You’re having a baby!” can be used in your helping relationship with families to encourage important reflections during each trimester about thoughts and feelings that expectant parents may be experiencing, developmental highlights during pregnancy, the adjustments that babies and parents must make to

settle in with each other during the newborn period and on the back of the wheel how others can be supportive during pregnancy and the earliest days after birth.

If you are interested, you can order up to a total of 50 of the wheels – in any combination, for your program. This is on a **first come, first serve basis while supplies last**. We regret that this may mean we will not be able to fulfill your order. If we do not receive as many requests as we believe we will, we will send out notice to all after the Sept. 25th ordering deadline regarding the number of wheels that are still available.

TO PLACE AN ORDER: complete the attached excel form for your order and email info@mi-aimh.org with the subject "Home Visiting Wheel Order" and mark IMPORTANT! This email address will ensure our ability to respond according to the time orders arrive & we will notify you of receipt with 24 hours of your order placed.

The order form will ask you for:

- Main Contact person for the program with phone, email, and name of program and model being implemented
- Shipping location/address where someone is going to be there to receive the shipment
- Contact person at the shipping location
- If the contact person at the shipping location is unknown, the main contact person will be responsible as the contact for MI-AIMH for any shipping/delivery needs
- That person's name/cell phone/email will be needed for when the order is being processed for delivery
- The specific quantity and type of wheel

This opportunity is available until Sept. 25, 2020 **or** until all wheels are spoken for.
