## Home Visiting Focus Group Request

Please see the request from the MDHHS Home Visiting Unit for participants in focus groups to better understand how home visiting supports families with a substance use disorder. There will be separate focus groups for families and home visitors. **They are especially in need of parents who were enrolled in home visiting and received support around their substance use.** Please encourage your families to participate if they are eligible. Parents who participate in the focus groups will receive a \$20 Amazon Gift Card.
