MIHP Survey - Care Coordination Agreements

MDHHS MIHP is seeking to understand MIHP providers' experiences in obtaining Care Coordination Agreements (CCAs) with Medicaid Health Plans. A [brief survey](#) is available for providers to offer anonymous feedback, and such feedback may be used to inform policy changes. As a reminder, CCAs are an expectation of Medicaid Policy. The intent of the CCA is to explicitly describe the services to be coordinated and essential aspects of collaboration between the Medicaid Health Plan and the MIHP provider. An example of a CCA [can be found here](#) (and is available on the Policy and Operations section of the MIHP website).
