

Important MIHP Update- July 1, 2024

Protocol 3.2 Update

As mentioned at the May Coordinator Meeting, in support of MIHP Operation Guide (Cycle 9, effective June 1, 2022) "Electronic Health Record (EHR) systems must have a tracking mechanism to identify who altered program documents and what content was changed", all MIHP Providers will be required to update their Protocol 3.2 to include EHR System/Database tracking. The updated protocol needs to describe how the agency's EHR system or database will track any alterations/changes made to beneficiary documents within the system/database. MIHP Providers are also encouraged to send updates to any of the other protocols if revisions are needed. Please send a completed Protocol Signature document along with your updated protocol(s) to stouffer1@michigan.gov **no later than 11:59pm on August 1st, 2024.**

Thank you,

MDHHS Maternal Infant Health Program (MIHP)

Our communication for the Maternal Infant Health Program has been streamlined to a single email address and phone number. Please forward all email to MIHP@michigan.gov. For further assistance, contact the state office @ **1-833-MI4-MIHP (1-833-644-6447)**. Thank you.
