MIHP Operations Guide Update

Please share this information with all MIHP staff.

Good Afternoon,

An updated version of the [MIHP Operations Guide](#) has been posted for review. As you will notice, it has undergone quite the renovation! The order of information remains the same, but has incorporated visual cues, hyperlinks, and more detailed descriptions where applicable. Additionally, nearly all companion guides have been integrated into the Operations Guide. Thank you for providing such feedback via the survey conducted in April, as your feedback helped support this integration and other updates applied.

Overview of Content Changes

- Please review the [Summary of Revisions](#) on page 4, **taking special note of the revised requirements**. As indicated, providers are expected to ensure a comprehensive review of all guidance.

Additional Documents Impacted

- [MCIR Guidance and Support: Immunizations](#)
 - Updated required MCIR pulls for infant
- [Certification Specifications](#)
 - 5.11: MCIR requirement updated as shown
- [Protocol Specifications](#)
 - 3.2 protocol updated as shown
- [Required Training for New, Waiver, Office, and Backup Staff](#)
 - Timeframes
- Chart Review Tool and Staff-specific training forms are also undergoing updates for alignment and will be posted once available.

Thank you,
