

Important MIHP Update- June 11, 2024

Family Story Recruitment

This message is being shared on behalf of the Michigan Preschool Development Grant (PDG) Birth-5 team. Please share with families and other partners who may be interested.

SRI International is working with the MI Department of Lifelong Education, Advancement, and Potential (MiLEAP) to collect **100 family stories** about the journeys they took to access services for their family and young child's growth and development. They want to hear about what worked, what didn't, and family suggestions for making it easier to find services. SRI is hoping to partner with families who have experience looking for and receiving services:

- Childcare
- Education and child development
- Home visiting
- Maternal and child health and wellness
- Financial support
- Other services

Stories will remain anonymous and families who participate will receive a **\$20 gift card**. The survey/story [submission link is available here](#) or via QR code on the attached flyers.

Attached are flyers in English, Arabic, and Spanish. Please feel free to send this out to your networks or with family leaders who you might know. SRI is asking to **not post the flyer on social media (e.g., Facebook, Instagram, Twitter) or post the flyer in a public place (e.g., a bulletin board)** as they have been combating bots and AI that are trying to submit fake stories.

Thank you,
