

MIHP Email Alert--May 16, 2022

Free Perinatal Mental Health Webinar

Postpartum Support International and the American College of Obstetricians and Gynecologists (@ACOG) are offering two **free 90-minute webinars, on May 18 and May 24**. The webinars will present an overview of perinatal mental health screening, assessment, treatment, and referral pathways through the lens of culturally-informed care and best practices in the treatment of perinatal mood and anxiety disorders.

Perinatal Mental Health: Culturally Informed Approaches to Screening, Assessment, and Treatment

The webinars will present an overview of perinatal mental health screening, assessment, treatment, and referral pathways through the lens of culturally-informed care and best practices in the treatment of perinatal mood and anxiety disorders. Register and attend one or both webinars.

- **May 18, 2022:** Webinar #1 will focus on the impact of social determinants of health, the effects of the pandemic, and improving healthcare clinicians' awareness of trauma-informed care and culturally informed approaches for perinatal mental health care.
- **May 24, 2022:** Webinar #2 will focus on historical trauma and structural racism and its impact on maternal health and mental health care, defining and recognizing implicit bias and microaggressions, practicing cultural humility, and incorporating cultural identity into a patient's care.

Continuing Education Credits: Each webinar is 1.5 credit hours (See registration page for more details)
