MIHP CC360 Pilot Provider Training & Drop-In Session Schedule

This schedule includes the six core training sessions and the drop-in sessions. As new functionality becomes available, additional trainings will be added and may impact the schedule.

MIHP CC360 Pilot Provider Trainings: Core Sessions

Each week, the same topic will be offered at **two different times** ("A" and B" options). Providers may choose which time to attend. Sessions will be recorded and <u>posted online</u>. During each session, time will also be allotted to engage provider feedback. Additional meetings are also available for continuous provider support and feedback opportunities (see "drop-in" meetings on the next page).

Note regarding "Key audience:" All MIHP staff are encouraged to attend all trainings; however, some sessions may be more applicable to certain roles. The "Key audience" descriptions may assist in allocating staff time accordingly.

Below are the Six Core Training Sessions for all MIHP CC360 Pilot Providers.

Provider Support and Feedback Drop-In Sessions

No new functionality or formal training. Below are optional drop-in sessions to continue supporting providers as they navigate CC360 and ensure provider feedback is incorporated in the CC360 development process. These are intended to serve as casual meetings to provide feedback for enhancement and/or gain technical assistance.
