

## Important MIHP Update--December 10, 2025

### MIHP Application Update

The recent production deployment fixes have been completed, and the MIHP Application has been fully restored. Due to system bugs identified during this process, data entered since the migration on **Friday, December 5, 2025**, had to be rolled back. This means any data entered on December 5, 2025 or after is no longer available and will need to be re-entered as of today's date, December 10, 2025.

If you are unable to retrieve assessments and discharges to move forward, please contact us.

\*Before reopening the MIHP Application, please clear your browser's cache and cookies to help prevent any display or performance issues. See instructions on how to do this here: [How to Clear Browser Cache and Cookies](#)

Providers may now resume data entry as normal. ***If your agency encounters any issues—particularly if you can view information belonging to another agency—please notify MIHP immediately so we can address the concern.***

For any questions or concerns regarding the recent application enhancements, please contact MIHP at [MIHP@michigan.gov](mailto:MIHP@michigan.gov).

We sincerely apologize for the inconveniences during this time. Thank you for your patience and efforts.

MDHHS MIHP

Our communication for the Maternal Infant Health Program has been streamlined to a single email address and phone number. Please forward all email to [MIHP@michigan.gov](mailto:MIHP@michigan.gov). For further assistance, contact the state office @ **1-833-MI4-MIHP (1-833-644-6447)**. Thank you.
