MIHP Survey: Electronic Documentation

Good Afternoon,

Please review the information below and complete the survey by **COB Friday, March 28, 2025**.

As MDHHS MIHP works toward a modernized data system for providers, it is necessary to understand providers' technology use for documentation of MIHP forms. By understanding the devices used by providers, the technical team can work to ensure the future system is easily accessible via such devices.

This survey may be completed **either**:

- By one representative who is aware of their MIHP staff's technology use, **or**
- Shared with all MIHP staff that complete MIHP documentation, to complete individually

We suggest the survey is reviewed in its entirety prior to completion, to ensure the information is at-hand. Therefore, a PDF version is attached for reference.
