

Important MIHP Update- January 23, 2026

Recruitment for Home Visiting Parent to Professional Stories

Sharing on behalf of the Michigan Home Visiting Initiative.

Hello,

Each year, the Michigan Home Visiting Initiative features a different aspect of the home visiting system to include in the annual Home Visiting Legislative Report (PA 291).

This year, we are excited to feature 3-5 stories about parents who were enrolled in home visiting and who moved into a career within the home visiting system (e.g., becoming a home visitor).

Sharing these stories highlights the passion and commitment to home visiting that can build from personal experience and turn into a lifelong connection.

If you would like to share your story, please complete the interest form [HERE](#), which should take between 10-15 minutes, by **February 3**.

You will be notified no later than the end of February if you were or were not selected to share your story. Interviews will be scheduled via Teams or Zoom between February 12 and March 11 and are expected to last about 1 hour.

Each personal story will be written in one to two paragraphs to be included in the report and will use your first name and last initial. You may choose to give permission for a photo of yourself to be shared.

When you fill out the interest form, we are curious to learn what led you from being enrolled in home visiting to choosing to pursue a career in home visiting. We are looking to capture stories that reflect different models, regions of the state, and diverse experiences and perspectives.

If you have questions, please reach out to MDHHS-HVInitiative@michigan.gov and please consider sharing your journey with others.

Our communication for the Maternal Infant Health Program has been streamlined to a single email address and phone number. Please forward all email to MIHP@michigan.gov. For further assistance, contact the state office @ 1-833-MI4-MIHP (1-833-644-6447). Thank you.
