

## Important MIHP Update- February 27, 2026

### Updated MIHP Forms

The following forms have been updated to support documentation accuracy and to add definitions and guidance to form instructions. MIHP providers who use EHR systems for chart documentation may continue to use the current versions until programmed into the agency's EHR system. The agency will not be cited for the use of a current version as long as MDHHS MIHP has **received and approved** an exception request which indicates a date for form implementation. However, please work with your IT department to integrate the new forms/instructions by August 1, 2026. Agencies using paper charting should begin using the revised forms no later than March 1, 2026. Agencies are not required to update previously completed versions.

- Maternal Forms Checklist (5701) – instructions updated 1/26
- Infant Forms Checklist (5700) – instructions updated 1/26
- Care Coordination (5957) – instructions updated 1/26
- Plan of Care 3 (5676) – form and instructions updated 2/26 *\*Until the form is updated in your EHR system, you may add "domain added by transferring agency" in the signature section or insert your signature/credentials.*
