

## Important MIHP Update- April 17, 2026

### MHA Staffing Cost Assistance

Good morning-

We're glad that so many of our MIHP agencies have completed or are close to completing the EGrAMS registration process. Having all agencies registered and profiles created in the system will get us closer to executing contracts and getting the funds distributed. Once your agency has been registered and your profile is created in EGrAMS, you will receive a notification from EGrAMS indicating that your application is ready to complete in the system. The EGrAMS help desk is happy to assist with questions about the application process.

Please reach out to me directly with any questions you may have. Thank you for the great work you do for your families.
