

## **“Plan for Next Visit” on MIHP Professional Visit Progress Note**

When completing the “plan for next visit” field on the *Professional Visit Progress Note*, it’s good practice to be as specific as possible. This helps you, the other members of your team, and the beneficiary (who should know what to expect) to be clear about next steps and to prepare to implement them.

It helps to start out with an action word. Here are some examples:

1. Begin discussion on \_\_\_\_\_.
2. Continue discussion on \_\_\_\_\_.
3. Review educational materials or text4baby on \_\_\_\_\_.
4. Follow up on \_\_\_\_\_.
5. RN/SW/RD/IMHS will make next visit to follow up on \_\_\_\_\_.
6. Discuss how last appointment with \_\_\_\_\_ went.
7. Bring resources on \_\_\_\_\_ and discuss a possible referral to \_\_\_\_\_.
8. Attempt to address \_\_\_\_\_.
9. Assist with \_\_\_\_\_.
10. Evaluate readiness to change in \_\_\_\_\_ domain.
11. Administer the ASQ-3/ASQ: SE/EPDS.
12. Develop self-care action plan.
13. Demonstrate how to \_\_\_\_\_.
14. Assist beneficiary to practice \_\_\_\_\_.
15. Begin transition to end of MIHP services.
