

CHILD DEVELOPMENT AND CARE (CDC) REIMBURSEMENT RATES

FAMILY CONTRIBUTION

The family contribution is the amount that is deducted from the parent's subsidy per child, per pay period to determine the amount that the provider receives. To find family contribution amounts please review the [Family Contribution Income Eligibility Scale](#).

- The parent is responsible for payment of all amounts not paid by the Department, including if the provider charges a higher rate than the Department's rates.
- The parent should **not** be charged additional amounts if the CDC subsidy payment covers the amount the provider charges the public for the same care.

CHILD CARE FEES

Child care centers, group homes, and family homes may bill the CDC program for **child care fees**. This is intended to help cover fees that are sometimes charged to families, such as registration fees, annual fees, or field trip fees. This is **not** intended to cover late payment fees, late pick-up fees, bounced check fees, etc.

The total fees charged to the CDC program must not exceed what is charged to the public. Payment for child care fees is limited to \$65.00 for centers, and \$40 for group and family homes, per child per fiscal year (10/1 – 9/30).

Note: License exempt-related and license exempt-unrelated providers are not eligible for payment of child care fees.

CHILD CARE PROVIDER RATES

Beginning October 9, 2022, provider subsidy rates have received a temporary increase, as shown on page 2 of this document. These rates will be in effect pay period 222-319 (October 9, 2022 – September 9, 2023) and will be replaced by an "ongoing rate" beginning with pay period 320 (September 10, 2023).

Licensed Child Care Providers

The CDC program pays higher reimbursement rates to licensed child care centers and group/family homes with a 2, 3, 4, or 5 Star rating in Great Start to Quality. Additionally, there is no family contribution deducted from the payment for all children attending a 3, 4, or 5 Star rated program. To learn more about participating in Great Start to Quality visit www.GreatStartToQuality.org or contact 877-614-7328.

License Exempt Child Care Providers

License exempt child care providers receive a higher reimbursement rate after completing 10 hours of approved training per year above the required Great Start to Quality Orientation training.

Note: Effective January 1, 2022, the additional 10 hours of training must be completed through MiRegistry. To find approved level 2 trainings, providers can go to [MiRegistry Statewide Training Calendar](#).

Part-time and Full-time Reimbursement Rates

Child care centers and group/family homes are eligible to receive part-time and full-time reimbursement rates. All reimbursement rates are per two-week pay period.

Annual Absence Hours

Providers may be reimbursed up to 360 absence hours per child per fiscal year. Reimbursement of absence hours is limited to 10 days when no regular care hours are billed. **Note:** Please review the *temporary billing guidance* for providers found at www.michigan.gov/childcare.
