

# YOUR BABY AT 1 YEAR

How your child plays, learns, speaks, and acts offers important clues about your child's development. Developmental milestones are things most children can do by a certain age.

Child's Name

Child's Age

Today's Date

Check the milestones your child has reached by their 1st birthday. Take this with you and talk with your child's doctor at every visit about the milestones your child has reached and what to expect next.

## WHAT MOST BABIES DO AT THIS AGE:

### SOCIAL/EMOTIONAL

- Is shy or nervous with strangers
- Cries when mom or dad leaves
- Has favorite things and people
- Shows fear in some situations
- Hands you a book when they want to hear a story
- Repeats sounds or actions to get attention
- Puts out arm or leg to help with dressing
- Plays games such as "peek-a-boo" and "pat-a-cake"

### LANGUAGE/COMMUNICATION

- Responds to simple spoken requests
- Uses simple gestures, like shaking head "no" or waving "bye-bye"
- Makes sounds with changes in tone (sounds more like speech)
- Says "mama" and "dada" and exclamations like "uh-oh!"
- Tries to say words you say

### COGNITIVE (learning, thinking, problem-solving)

- Explores things in different ways, like shaking, banging, throwing
- Finds hidden things easily
- Looks at the right picture or thing when it's named
- Copies gestures
- Starts to use things correctly; for example, drinks from a cup, brushes hair
- Bangs two things together
- Puts things in a container, takes things out of a container
- Lets things go without help
- Pokes with index (pointer) finger
- Follows simple directions like "pick up the toy"

### MOVEMENT/PHYSICAL DEVELOPMENT

- Gets to a sitting position without help
- Pulls up to stand, walks holding on to furniture ("cruising")
- May take a few steps without holding on
- May stand alone

### Act Early by Talking to Your Child's Doctor if Your Child:

- Doesn't crawl
- Can't stand when supported
- Doesn't search for things that they see you hide
- Doesn't say single words like "mama" or "dada"
- Doesn't learn gestures like waving or shaking head
- Doesn't point to things
- Loses skills they once had

**Tell your child's doctor or nurse if you notice any of these signs of possible developmental delay for this age,** and talk with someone in your community who is familiar with services for young children in your area, call 1-800-EarlyOn, or visit [1800earlyon.org](http://1800earlyon.org).

**Steps**  
Great strides begin with small steps.
