

Reduce your risk of lead exposure.

Have your home inspected by a licensed lead inspector.

Did you know free home lead inspection services, like water, paint and soil tests, are available in the City of Benton Harbor?

To see if lead is hiding in your home, apply at Michigan.gov/MiLeadSafe or call the Lead Safe Home Hotline at **866-691-5323**.

(Note: If a lead hazard is identified, MDHHS may offer free services to fix it.)
