What can a Lead Professional Review do for you?

Lead Professional Review is a free service. The service provides compliance assistance for the lead-based paint regulated community. The service goal is to increase knowledge regarding state and federal lead-based paint requirements. The service is provided by the Lead Certification and Compliance Assurance Section (LCCA). The service includes on-site educational visits, report writing support or lead abatement clearance assistance.

Free Lead Professional Reviews provide:

- In-person abatement support.
- Inspection, risk assessment or abatement clearance support.
- Technical question support.
