# Elevated Blood Lead Investigator Certification

A certified Elevated Blood Lead investigator identifies lead hazards in personal items as well as lead-based paint, dust, soil, and sometimes water.

## How to get certified

- ○ Meet the certification requirements:
    - ✓ Must be certified as a risk assessor
- ○ Apply for state certification
- ○ Pass open book state exam

## Other information you should know

- ○ Certification must be renewed each year by submitting a renewal application by March 31. Once certified, you must take a refresher course and the state exam every three years to retain certification status.

- ○ Contact the Healthy Homes Section Certification Team at 1-866-691-5323 or by email at HHSInfo@michigan.gov.
