

REPORTING ABUSE

The Department of Health and Human Services Centralized Intake ensures consistency across the state regarding how complaints of abuse, neglect, or exploitation of adults and children are processed.

You must contact Centralized Intake for all alleged abuse, neglect, or exploitation of adults and children. This includes but is not limited to incidents at camp involving alleged sexual contact between children or between a child and an adult.

Centralized Intake will process reports of alleged abuse and neglect 24 hours a day, seven days a week. To report an incident, call:
