ISDs may contract with other agencies for an agreed upon amount for goods and/or services rendered. All contracts must follow the rules/regulations of the Uniform Guidance, 2 CFR 200.318, General procurement standards.

C. **Expenditure Period**

The *Early On* SSAA Section 54d application is approved for one year (October 1, 2024 – September 30, 2025). ISDs must budget, and are encouraged to spend, all funds during the fiscal year in which the funds are received. FY 2025 carryover funds must be expended before June 30, 2026.

D. **Grant Payment Schedule**

Payments to ISDs will be made through the State Aid Management System (SAMS). SAMS payments will begin **after** all FY 2024 Section 54d funds have been reported as expended in the final expenditure report or the carryover final expenditure report, if applicable.

E. **Allowable Cost Guide**

This is a guide to assist with establishing a fiscal account for the revenue and expenditures, and to align these items with the General Accounting Standards, which are used by MiLEAP. Please refer to the FY 2025 SSAA Section 54d Allowable Cost Guide posted at [www.michigan.gov/earlyon](http://www.michigan.gov/earlyon) for an explanation of account codes and allowable costs.

F. **Amendments**

An amendment is a report of programmatic or financial change. Amendments or revisions to the contract application may affect the budget or other parts of the application.

Submit an amendment for:

- New, deleted, or substantially revised Focus Area Selection form or selection/description of strategies.
- The budget when:
  1. The expenditures for any function code grouping will be greater than a 10 percent variance above the previously approved amount,
  2. Funds are being assigned to a line item not previously approved,
  3. Adding staff/changing FTEs,
  4. Adding expenditures within a function code not previously included,
  5. Moving an amount greater than 10 percent between approved function codes, or

6. Line item amounts are changed that substantially affect the implementation of the designated strategies and focus area(s).

An amendment approval may be retroactive up to October 1 of each current fiscal year provided the application is submitted in NexSys on or before the due date. If the application is submitted after the due date, amendments may only be retroactive to the original date of application submission. It is necessary to put into writing in the amendment description any request for retroactive approval. Otherwise, an amendment approval is effective the date the amendment was submitted in NexSys.

**G. FY 2025 Final Expenditure Report – due November 29, 2025**

The NexSys Final Expenditure Report (FER) must be completed reporting actual expenditures through the end of the grant year (September 30, 2025). If the FER reflects unexpended FY 2025 funds as of September 30, 2025, those remaining funds will be added to the FY 2026 application budget and will be reflected as “carryover.” The FY 2026 budget will combine the FY 2026 allocation and the FY 2025 carryover funds to reflect an available funds total. A budget amendment will be required to plan for the expenditure of carryover funds.

The most recently approved FY 2025 budget will pull automatically into the NexSys FER. Final budgets should match the FER within a 10 percent variance for each function code grouping. If a budget amendment is needed to align the budget with actual expenditures, complete the budget amendment **before** initiating the FER.

**H. FY 2025 Carryover Expenditure Report – due July 15, 2026**

Carryover funds from FY 2025 must be expended before June 30, 2026. This June 30 date is included in the SSAA Section 54d legislation and therefore cannot be extended. **Any unexpended FY 2025 funds must be returned to MiLEAP no later than September 30, 2026.** To ensure meeting this legislative deadline for the return of unexpended funds to the state, a carryover expenditure report is due July 15, 2026. An adjustment will be made in SAMS in August 2026 (the final SAMS payment during the fiscal year) to recapture any unexpended funds reflected in the carryover expenditure report.

**I. Fiscal Review**

A fiscal review is an activity that consists of reviewing fiscal and programmatic records for SSA Section 54d. This review includes analysis of contracts with other agencies. It is incumbent upon the ISD to document and monitor all funds to contracted agencies.
