

HOW TO OBTAIN CLEARANCES FOR OTHER STATES EMPLOYEES AND VOLUNTEERS

Camp organizations are required to complete background (MCL 722.115d) and central registry child abuse/neglect (MCL 722.119) clearances for prospective staff members. Employees and volunteers, without regard to compensation, are held to the same background and central registry clearance standard.

The administrative rule 400.11109(7) requires a criminal history background check and abuse/neglect registry clearance be obtained from the state, province, or country where the person “usually resides”. The chart provides contact information for other states criminal history check and central registry process. Please note that R 400.11109(7) requires the record of any criminal convictions and documentation that the individual 21 years and older has not been determined to be a perpetrator of child abuse or child neglect be stored in an employee/volunteer personnel record.

As an additional resource, sex offender registry(s)(SOR) and similar resources have also been included. A check of SOR is **not a substitute** for checking the Child Abuse and Neglect Registry of the employee/volunteer’s state of residence. The use of the Dru Sjodin National Sex Offender Public Website (NSOPW) is a useful tool to assist camps, however, using a State’s Individual SOR does yield the most accurate results.
