

In the following packet you will find information as to how the Michigan State Police rolled out the Ready Responder Program within its agency.

These are suggestions and samples presented to you; however, this program is completely customizable for your organization's needs.

It is important that our emergency responders can confidently serve in times of emergencies or disasters knowing their families are safe and prepared.

We welcome any feedback, questions or guidance on the Ready Responder Program. Once you have completed the program, we would love to hear from you. Please let us know how the Ready Responder Program has impacted your agency.
