

# SAMPLE EMAIL MESSAGE

Michigan needs people like you to go into professional trades, where you can make great money while making a great difference. And we've launched the new Michigan Achievement Skills Scholarship to help you get started.

The Michigan Achievement Skills Scholarship offers up to \$4,000 over two years for graduating high school students to attend an eligible career training program in Michigan.

To be eligible for the Michigan Achievement Skills Scholarship, applicants must:

- Be a Michigan resident for at least the immediately preceding year.
- Have graduated from high school in Michigan with a diploma or a certificate of completion or achieved a high school equivalency certificate in 2023 or after.
- Have not yet earned an associate or bachelor's degree.
- Have not yet earned a degree, certificate or other credential with this scholarship.

This skills scholarship offers another pathway to the Michigan Achievement Scholarship launched last year, providing students financial assistance to attend an eligible Michigan college or university.

Students cannot participate in both pathways in the same academic year, however, students who graduate from the Skills Scholarship could still be eligible to attend a College or University and pursue an associate degree, bachelors degree or skill certificate with the Michigan Achievement Scholarship.

To learn more and view a list of programs eligible to receive these scholarship funds visit [Michigan.gov/Achievement](https://Michigan.gov/Achievement).
