Notice that there are commas appearing at the end of some lines in Notepad to account for the fields that are blank (ex. O1, O3, and O4 above). You can ensure correct commas by placing a single space in any required columns that are blank in the first row of your report. If you do not have appropriate commas, your file will fail. When previewing in notepad, ensure there are no additional lines of blank data (".....") below your final row of students. This will cause your file to error and fail.

It is important that the aid administrator checks the file request to verify if the file was successful or if errors occurred. The status "The file has completed successfully" will display if there were no rejected records. If "The file has been processed, but errors were found" status is displayed, there were one or more rejected records.

It is important to verify that all records were processed correctly regardless of messages displayed. If an error message is indicated for a record (line), it has not processed and will need review and resolution. To resolve you can attempt the following:

- You can download the Ready to Pay Roster to verify all students that have been certified and awaiting payment.
- You can create and upload a new file with only the students who need to be resubmitted. (Recommended)
- You can use the online Certification feature for those students who need to be resubmitted. (Recommended)
- You can correct your original file and upload it again. If you resubmit your original file with required corrections, you will see error messages for the student records that processed successfully the first time. There is no action required for these records. The system is simply indicating a certification has already been received from your previous upload attempt.

Reducing a Michigan Achievement Scholarship Award

Year End Refunds

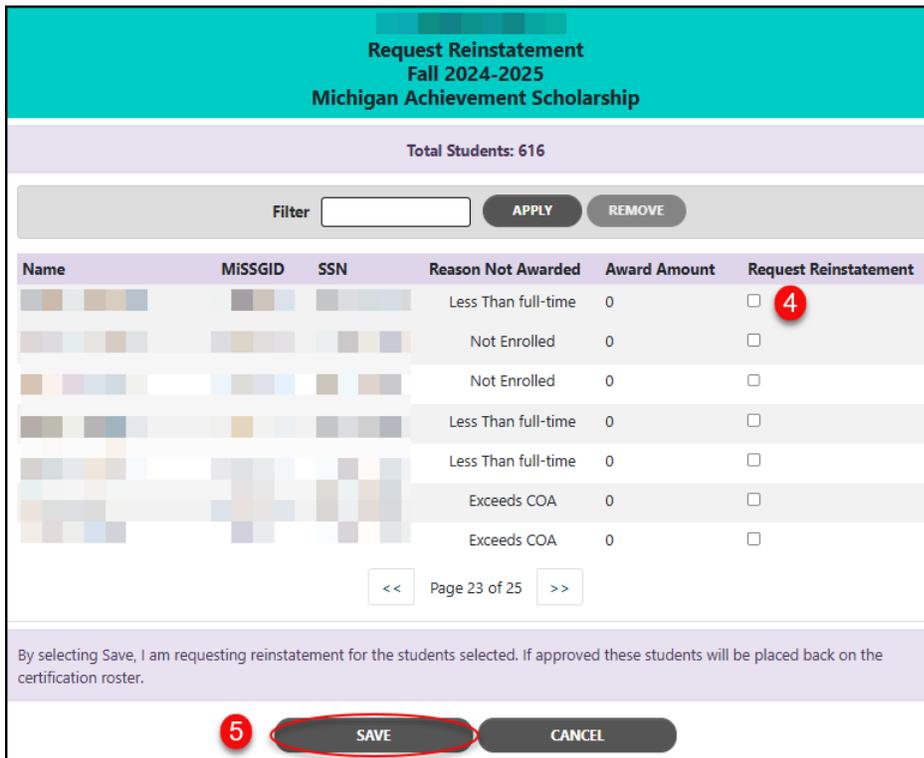

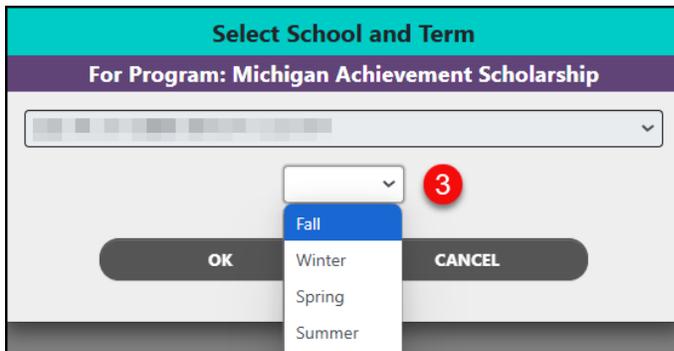

MISSG will net out term payments. The ONLY time you will send a refund check is after the final payment has been made for the academic year and you have received specific communications from MI Student Aid. Institutions must complete a [Refund Worksheet](#) if requested.

Requesting Reinstatement

A student is on the 'Request Reinstatement' interface if they were certified as 'No' for the term. If the student is now eligible for a payment use the 'Request Reinstatement' feature. If MI Student Aid approves the request the student will re-appear on the certification roster to be re-certified.

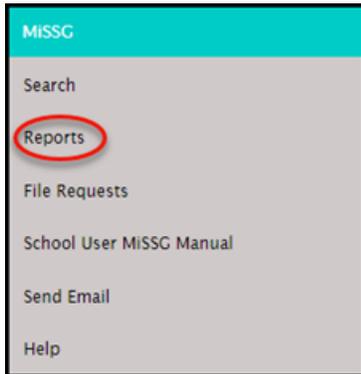

Note: Requesting a reinstatement does not guarantee that an award can then be certified and paid on the account. Once a request is made, it is at the discretion of MI Student Aid whether the reinstatement will be approved. If the award is reinstated, the student will appear on the certification roster as normal.

1. To request a reinstatement for an award, click the 'Michigan Achievement Scholarship' menu item on the left navigation bar.
2. Then click on 'Request Reinstatement.'
3. Select the semester/term of the award to make a request for.
4. Select the checkbox for the student(s) you request to have reinstated.
5. Click the 'Save' button.
