Applying for State Financial Aid Programs

To be eligible for most State financial aid programs, a student must have a Free Application for Federal Student Aid (FAFSA) on file in MiSSG. The MI Future Educator Stipend and the Michigan Achievement Skills Scholarship do not require a FAFSA to be filed. MiSSG uses the data in the Institutional Student Information Record (ISIR) to evaluate eligibility for State financial aid programs and make initial awards. Students should be receiving their State financial aid at the same institution they are receiving their Title IV aid.

Calendar Definitions and Schedule

Three types of 'years' are defined by MI Student Aid:

- A calendar year is January 1 through December 31.
- A fiscal year is October 1 through September 30.
- An academic year is September 1 through August 31.

Within an academic year, postsecondary institutions have either semesters or terms, which will change the effective start dates used during the payment process and to evaluate student awards.

MI Student Aid considers summer to be the trailer for all State financial aid programs.

Students enrolled in a non-standard term may be eligible for State financial aid programs if they meet the individual program eligibility requirements. Institutions should retain detailed records for students in this situation that include dates of enrollment for each semester/term and the correlating semester/term the student was paid in MiSSG. It is suggested that when performing certification/request for reimbursement for non-standard terms, the institution chooses the semester/term that most overlaps the dates of the non-standard term.

Semester	Semester Name in MISSG	Start Date Used for Evaluation
1st	Fall	August 23, 2024
2nd	Spring	January 7, 2025
3rd	Summer	May 4, 2025

Term	Term Name in MISSG	Start Date Used for Evaluation
1st	Fall	August 23, 2024

3rd	Spring	March 29, 2025
4th	Summer	June 21, 2025

Program Eligibility Requirements

High School Completion Requirements

For State financial aid programs, high school completion is considered:

- High school diploma; or
- Certificate of completion or its recognized equivalent.

Home-schooled students may be eligible if the institution accepts the home-school documents as proof of high school completion. For Michigan Achievement Scholarship and Michigan Achievement Skills Scholarship, if the institution accepts the home-school documents as proof of high school completion and the student meets all other eligibility requirements, they will be eligible for the award.

The following programs require proof of high school completion:

- MI Future Educator Fellowship
- MI GEAR UP Scholarship (MI GEAR UP)
- Michigan Achievement Scholarship/Community College Guarantee
- Michigan Achievement Skills Scholarship
- Michigan Competitive Scholarship (MCS)*
- Michigan Tuition Grant (MTG)*
- Tuition Incentive Program (TIP)

CLARIFIED

*The [High School Completion Substitution Form](#) may be used by the institution for MCS and MTG students who have not met the high school completion requirement. The form must be on file prior to payment.

Notes:

- High school graduation completion information may be confirmed in the Student Information section of MISSG. If the 'HS Grad Confirmed by CEPI' indicates "Yes," this can be used as documentation for a program review. If the status is "No" or blank, the institution must provide proof of high school completion.
- Futures for Frontliners Scholarship/Path II (F4F), Michigan Reconnect Scholarship (Reconnect), and Michigan Reconnect Expansion (Reconnect Expansion) have different requirements, refer to the handbooks for high school requirements.
 - [Futures for Frontliners Handbook for Community Colleges](#)
 - [Reconnect Handbook for Community Colleges](#)
 - [Reconnect Expansion Handbook for Community Colleges](#)

The following programs do not require proof of high school completion:

- Children of Veterans Tuition Grant (CVTG)
- Dual Enrollment (DE)
- Fostering Futures Scholarship (FFS)
- MI Future Educator Stipend
- Police Officer's and Fire Fighter's Survivor Tuition Grant (STG)

NEW

Updating High School Graduation in MiSSG

When a high school graduation year is inaccurate or missing from a student's record in MiSSG, institutions should update the high school graduation year and month in MiSSG. Please review the following instructions, '[How to Update High School Graduate Year](#).'

NEW

High School Completion and Mid-year/Off-cycle Awards

Students must complete their high school requirements before the semester/term start date at their institution to be considered for State financial aid. Institutions are responsible for verifying the student met their high school completion requirements prior to the semester/term start date they begin awarding State financial aid. Institutions will need to contact MI Student Aid to initiate a system override for students in this scenario.

FAFSA Requirements

To be eligible for most State financial aid programs, a student must have a FAFSA on file in MiSSG. Additional details available in the [Applying for State Financial Aid Programs](#) section.

FAFSA Transaction Updates

MiSSG will load all 2024-25 FAFSA transactions; including subsequent transactions through July 10, 2025 (unless a student has an award certified or paid reimbursement for Academic Year 2024-25).

Residency Requirements

Except for the MI Future Educator Stipend, State financial aid programs require Michigan residency.

A student is considered to have met the Michigan residency requirements if the date of residency from the FAFSA is on or before July 1 of the preceding calendar year.

For example, in Academic Year 2024-25, the date of residency must have been on or before July 1, 2023.

A student's dependency status will determine if student or parent data will be used for determining residency:

CLARIFIED

- If the applicant is a dependent student, the first contributor on the FAFSA must also be a Michigan resident.
- If the applicant is an independent student, the applicant's state and date of residency from the FAFSA is used to determine Michigan residency.

Note: If an independent student, or the contributor on the FAFSA of a dependent student, resides outside of the state after Michigan residency was determined, then the student would remain eligible for Academic Year 2024-25.

Program Specific Residency Requirements

- [CVTG Application Residency](#)
- [Reconnect Application Residency](#)
- [STG Application Residency](#)

Updating a Student's Residency

If MiSSG is unable to evaluate a student's residency status or the determination was incorrect, then an institution may update the student's application. Please see instructions for the Clear Ineligible Reasons

List in the [MiSSG Manual for Aid Administrators](#) for further details.

Documents that could be used to update a student's residency determination:

- State/Federal tax returns or statements
- Michigan voter/vehicle registration or driver's license
- Utility bills, rent receipts, or property tax statements
- Any documents denoting Michigan residency

Note: During program reviews, an institution may be asked to provide copies of the supporting documents used to determine a student's residency.

Citizenship Requirements

If the student is neither a citizen nor an eligible non-citizen, the student is not eligible for most State financial aid programs. MI Future Educator Fellowship, MI Future Educator Stipend, Michigan Reconnect, and Reconnect Expansion do not require U.S. Citizenship.

- **U.S. citizen (or U.S. national) if student is:**
 - A United States citizen by birth or by naturalization.
 - A person (except for the children of foreign diplomatic staff) who is born in the 50 states, the District of Columbia, and in most cases, Puerto Rico (PR), the U.S. Virgin Islands (VI), Guam (GU), and the Northern Mariana Islands (MP) are U.S. citizens, as are most persons born abroad to parents (or a parent) who are citizens.
 - All U.S. citizens are considered to be U.S. nationals, but not all nationals are citizens: natives of American Samoa and Swain's Island (AS) are not U.S. citizens, but are nationals.
- **Eligible non-citizen if student is not a U.S. citizen (or U.S. national) and is one of the following:**
 - A U.S. permanent resident, with a Permanent Resident Card (I-551), or a conditional permanent resident with a Conditional Green Card (I-551C).
 - Other eligible non-citizen with an Arrival-Departure Record (I-94) from the Department of Homeland Security showing any one of the following designations: "Refugee," "Asylum Granted," "Parolee" (I-94 confirms that you were paroled for a minimum of one year and status has not expired), T-Visa holder (T-1, T-2, T-3, etc.), or "Cuban-Haitian Entrant."
 - The holder of a valid certification or eligibility letter from the Department of Health and Human Services showing a designation of "Victim of human trafficking."
 - A resident of the Republic of Palau (PW), the Republic of the Marshall Islands (MH), or the Federated States of Micronesia (FM).
 - A Canadian-born Native American under terms of the Jay Treaty.
- **Neither citizen nor eligible non-citizen if student is in the U.S. and has:**
 - Been granted Deferred Action for Childhood Arrivals (DACA)
 - A F1 or F2 student visa
 - A J1 or J2 exchange visitor visa
 - A G series visa (pertaining to international organizations)
 - Other categories not included under U.S. citizen and eligible non-citizen

Institutions must inform MI Student Aid of any students who are currently considered eligible for an award (any program) within MiSSG, but do not meet the above definitions for eligible citizenship status.

CLARIFIED

Undocumented students do not qualify for State financial aid programs (except MI Future Educator Fellowship, MI Future Educator Stipend, Reconnect and Reconnect Expansion).

Eligible Institutions

State financial aid programs require student enrollment at a participating, degree-granting, non-profit Michigan postsecondary institution.

- Only institutions which are incorporated in Michigan and are eligible for Title IV Federal funding may participate in State financial aid programs.
- Out-of-state institutions operating in the state solely under a certificate of authority are not

- eligible to participate in State financial aid programs.
- Institutions with a domestic license are eligible, while institutions with a foreign license are not eligible.
- Rules promulgated by MiLEAP clearly indicate that institutions that are eligible to participate in the programs are only Michigan institutions.
- Both the Tuition Grant Program Act and the Competitive Scholarship Program Act state that MiLEAP shall determine which institutions are eligible via its promulgated rules.

Institutions seeking eligibility information should visit the [Michigan Department of Labor and Economic Opportunity \(LEO\) Web site](#).

Enrollment Requirements

Enrollment Status

Eligible students must be enrolled at least half-time for most State financial aid programs and the student must be pursuing a certificate, associate, or bachelor's degree. Half-time is defined as a minimum of six (6) credit hours.

Notes:

- Michigan Achievement Scholarship/Community College Guarantee requires full-time enrollment, see program page for more information.
- MI Future Educator Fellowship and MI Future Educator Stipend requires full-time enrollment, see program page for more information.
- Futures for Frontliners and Reconnect does not require half-time enrollment effective Summer 2023.

Children of Veterans Tuition Grant

A student must have at least a cumulative 2.25 GPA at the beginning of an academic year to receive any CVTG awards in the same academic year. Please see CVTG program rules for additional requirements regarding CVTG, GPA, and transfer students.

MI Future Educator Fellowship

NEW

A student must have a minimum cumulative 3.0 GPA prior to the initial award period of the academic year. The GPA is to be monitored once per award year. If the student is a transfer student or attempting an advanced degree, and has no institutional GPA, the institution should consider the student's most recent postsecondary GPA or may consider an average of all previous postsecondary GPAs, whichever is more favorable to the student.

Selective Service

Registering with Selective Service is not a requirement for MI Student Aid State financial aid programs.

Incarceration, Felony, and Drug Offenses

- For CVTG, a student must not have been convicted of a felony involving an assault, physical injury, or death.
- For MCS, and MTG, a student must not be incarcerated.
- Drug offenses do not affect a student's eligibility for State financial aid programs.

Online Courses

MI Student Aid adheres to the Federal definition of "distance education" as defined in the [Federal Student Aid Handbook Glossary | Knowledge Center](#).

"Training that uses one or more of the technologies below to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor, either synchronously or asynchronously. The technologies may include:

- *the Internet;*
- *one-way and two-way transmissions through open broadcast, closed circuit, cable, micro-wave, broadband lines, fiber optics, satellite, or wireless communications devices;*

- Students may receive State financial aid programs for distance education courses under these conditions:
 - The courses must belong to an eligible program.
 - The institution must have the capability to effectively deliver distance education

programs as determined by an approved accrediting agency.

- It is at the discretion of the institution whether or not to include any distance education classes when requesting payment from MI Student Aid.
- Distance education course-specific fees can be covered by State financial aid programs.
- For Michigan Achievement Scholarship Community College Guarantee and TIP, tuition will only be reimbursed at the approved in-district rate (unless an out-of-district rate was approved for TIP).

Consortium Agreements

NEW

A consortium agreement can be a blanket agreement between two or more eligible institutions, or it can be written for a specific student. Such an agreement is often used when a student takes related courses at neighboring institutions or when a student is enrolled in an exchange program with another eligible institution for a semester/term or more. An institution could have one agreement for each student, a separate agreement with each host institution, or a blanket agreement with a group of institutions.

Under a consortium agreement, a student may take courses at another institution and have them count toward the degree or certificate at the home institution. A student can receive State financial aid only for courses that apply to their certificate or degree program. For the purposes of administering State financial aid, the home institution must maintain information on the student's eligibility, how the award is calculated, disburse the aid, and any other documentation associated with the award, even if the documentation comes from other institutions.

Michigan Achievement Scholarship Award for Consortium Students

NEW

The home institution will determine the award amount using their semester program limits highlighted in MI Student Aid's [Michigan Achievement Scholarship Packaging Order Guidance](#).

The credits from both institutions can be used to determine enrollment status for the Michigan Achievement Scholarship. When calculating aid, for the Michigan Achievement Scholarship Community College Guarantee, the student should only be awarded for the credits, contact hours and mandatory fees they're being charged for at their home institution following the packaging guidance. Institutions cannot award for any balance owed at the other institution.

NEW

MI Future Educator Fellowship and MI Future Educator Stipend

If a MI Future Educator Fellowship and/or MI Future Educator Stipend recipient is participating in a consortium agreement, the home institution must have an eligible [Educator Preparation Program](#) (EPP) approved by Michigan's State Board of Education.

TIP Reimbursement Requests for Consortium Students

CLARIFIED

Reimbursement requests for consortium students are always submitted by the home institution.

- A 'Phase II Only' institution may not submit a Phase I reimbursement request.
- A 'Phase I and Phase II' institution may only submit a Phase I reimbursement request for a consortium student if the student meets the requirements for Phase I at the home institution.

Guest Students

Students who are identified as guest students at your institution may receive MI Student Aid program funds if they meet the following:

- Have been a [legal resident](#) since July 1 of the previous calendar year, and
- Credits earned at your institution will be transferred and applied to a certificate or degree at their home institution, and
- They are currently enrolled in a degree-seeking or certification program at their home institution, and
- The [Guest Student Designation Form](#) has been completed. (Institutions must keep this form with the student's financial aid records.)

Note:

- Students may not receive funds at two institutions at the same time.
- TIP students may not use Phase I funds if they have previously received Phase II funds.

Study Abroad

Students who are participating in a study abroad program may receive State financial aid program funds if:

- They are taking courses within their degree-seeking or certification program at a participating Michigan institution, and
- Tuition is being billed and paid to the Michigan institution at the Michigan institution's tuition rate.

Institution Requirements

[Participating Institutions](#)

An eligible student must be enrolled in and attending a program approved by the Michigan Department of Education on the [Educator Preparation Provider list](#). This includes programs at public and private colleges and universities.

EPP is the formal name for an educational program which leads to teacher certification. The Michigan Department of Education authorizes EPPs. EPP is more commonly known as the Teacher Education program. Students must be accepted into their EPP before applying for the MI Future Educator Fellowship.

Commitment to Teach in Michigan

Each Fellowship award results in a Commitment to Teach in Michigan, which requires that the recipient teach in Michigan in a public school or qualifying public preschool program for a specific number of years, depending on the number of years they have received the MI Future Educator Fellowship. Recipients must sign an acknowledgment that teaching in Michigan is required. If they do not fulfill their Commitment to Teach in Michigan, the Fellowship converts to a zero percent interest rate loan which must be repaid within ten years of the loan conversion, plus any periods of deferment as approved by Department of Treasury's Student Loan Programs.

NEW

Qualifying public preschool program means a program requiring licensure from the Great Start Readiness Program, Head Start, Early Head Start, Early On, Early Childhood Special Education, Strong Beginnings, or preschool programs funded by the B-5 Preschool Development Grant. The teacher does not have to be working in a specific publicly funded classroom in order to meet the teaching requirement.

Number Academic Years Fellowship Received	Recipient Agrees to Teach in Michigan for

Two	Four Years
Three	Five Years

The length of time a recipient must agree to teach in Michigan is not related to the dollar amount a recipient received. If a student receives an award of less than \$10,000 in academic year one, they are still agreeing to teach in Michigan for three years. If a student receives less than \$10,000 in academic year two, they are still agreeing to teach in Michigan for four years.

Award maximum is up to \$9,600 per semester. The stipend is to be paid directly to the student from the institution and cannot affect the student's financial aid package. This guidance was confirmed through communication with Federal Student Aid.

"Based on your interpretation of the Michigan statute, we agree that the MI Future Educator Stipend funds may be considered wages from non-need-based employment (and therefore not counted as estimated financial assistance), subject to the conditions described in your email. That is, postsecondary institutions receiving stipend funds for payment to eligible student teachers must issue the appropriate tax forms to stipend recipients, and recipients must be informed that they are required to report the income provided through the program on their tax return, and, if applicable, on future FAFSAs, and that this may affect their future eligibility for need-based aid."

-Office of Policy and Implementation and Oversight, Federal Student Aid, U.S. Department of Education

Students may receive a MI Future Educator Stipend and the MI Future Educator Fellowship simultaneously.

MCS Budget

Institutional Budget

MISSG requires prior year institutional budgets when calculating current year awards. MISSG begins loading ISIRs and making tentative awards to students in late fall. Since institutional budgets are often not finalized until the following summer, prior year budgets must be used.

NEW

Institutional budgets used to calculate 2025-26 awards (with prior-year 2024-25 data) must be entered in MISSG by October 1, 2024.

To update your institution's 2025-26 budget, please follow these instructions:

1. Log into MiSSG.
2. Select Michigan Competitive Scholarship from the MiSSG Menu.
3. Select School Profile.
4. Change the Academic Year at the top of the screen from Year 2024-25 to 2025-26.
5. Select Budget.
6. Enter both the Tuition and Fees and Room and Board using your institution's 2025-2026 Budget Information.
 - o NOTE: If there is no change to budget amounts, click, "The budget amounts have been reviewed and approved," check box.
7. Save.

For private institutions, once the MCS budget is entered, the MTG budget fields will populate automatically with the same budget information. No further action is required in the MTG school profile regarding the budget after MCS is updated.

If a budget is not entered by October 1, 2024 your 2024-25 Budget Information will be used for 2025-26 awards.

Note: Institutions that report their own room and board costs must be able to provide proof to MI Student Aid upon request that at least 10% of their enrollment resides in the institution's dorms.

State Budget

MI Student Aid uses the Consumer Price Index when determining the [State budget](#) amounts used for MCS, which is entered in MiSSG annually.

Calculation of Award

NEW

To establish initial eligibility, MI Student Aid uses the institutional budget in MiSSG for the student's grade level (determined by the FAFSA) and a student's Student Aid Index (SAI). A negative SAI is treated as \$0 SAI for purposes of determining need.

If the SAI is less than the institutional budget for the grade level then financial need is demonstrated. The student may receive an award up to the maximum award amount, but not more than the demonstrated need (budget – SAI).

After the initial eligibility is established, the institution does not need to re-calculate financial need based on a change in Cost of Attendance (COA) or budget.

Minimum Award

For students need of \$1 to \$99, the minimum award amount in MiSSG is \$100 (\$50 Fall and \$50 Spring). For term institutions, the institution will make the determination. The award must be monitored per the guidelines provided below.

Check counts do apply; therefore, if a student wishes to forgo their award to save their check counts, the award can be cancelled.

Monitoring of Award

The institution must monitor that the student does not have other tuition-specific aid or other financial resources that would exceed the student's Cost of Attendance (COA).

The students individual Cost of Attendance and SAI may be used when monitoring awards.

Tuition-specific Awards

If a student receives an additional tuition-specific award, the institution must monitor that the combination of the additional award and the MCS award does not exceed the student's actual tuition and mandatory fees.

CLARIFIED

To evaluate:

1. Subtract the SAI from the current institutional budget for the appropriate grade level, which may differ from the institutional budget MiSSG used to calculate the student's initial eligibility.
2. Subtract other tuition-specific aid from need to determine the revised need.

EXAMPLE	
a) Current Institutional Budget	\$25,000
b) SAI	\$15,000
c) Adjusted Need (a minus b)	\$10,000
d) Other Tuition-specific Aid	\$6,000
e) Demonstrated Need (c minus d)	\$4,000

3. Student need is \$4,000; therefore, award can be certified at the maximum award amount.

Note: The revised MCS award cannot be higher than the initial award.

Michigan Reconnect Scholarship/Michigan Reconnect Expansion

Contact

Program Coordinator: Nancy Vaughn, VaughnN@Michigan.gov

Description

Michigan Reconnect (Reconnect) is a State of Michigan scholarship program for Michigan's adults. The scholarship offers free or discounted tuition to Michigan residents 25 or older, without college degrees, at any of Michigan's public community colleges, including its three tribal colleges, to pursue a Pell-eligible associate degree or skill certificate.

Michigan Reconnect Expansion (Reconnect Expansion) is a State of Michigan scholarship program for Michigan's adults. The scholarship offers free or discounted tuition to Michigan residents 21-24 for a limited time, without college degrees, at any of Michigan's public community colleges, including its three tribal colleges, to pursue a Pell-eligible associate degree or skill certificate.

These programs are administered by the Office of Sixty by 30 within the Michigan Department of Lifelong Education, Advancement, and Potential (MiLEAP). See the [Reconnect Handbook](#) and [Reconnect Expansion Handbook](#).

Application

Interested Michiganders must first complete and submit a one-time Reconnect application at Michigan.gov/Reconnect. The Reconnect Expansion application had a deadline of December 31, 2024. Michigan Reconnect has no application deadline.

NEW

To initiate participation in the scholarship, accepted applicants must then:

- Apply to and be admitted to one of Michigan's public community colleges.
- File a current year Free Application for Federal Student Aid (FAFSA).
- Enroll at an eligible institution at least one credit or more in a Pell-eligible program leading to an associate degree or industry-recognized certificate.
 - Students participating in Michigan Reconnect Expansion must enroll no later than Summer 2025. Students may re-apply for Reconnect once they are 25.

NEW

Program Award Information

Reconnect and Reconnect Expansion are a last-dollar scholarship, which is equal to the difference between in-district tuition and fees (i.e., tuition, contact hours and mandatory fees) and any Pell Grant, TIP, and any state tuition-restricted scholarships or awards that a student receives. Reconnect will only cover courses towards the student's certificate or degree program.

Reimbursement Requests

Reimbursement requests may be submitted with an uploaded text file in MiSSG that the institution can create from using the [Download Roster File](#) as a base or by other methods such as exporting a text file from the institution's own internal system. The uploaded file must meet the specifications listed in the [Reconnect Upload Reimbursement File Format](#) which is available at Michigan.gov/MiSSG in the 'MiSSG File Formats for College Administrators' section.

Alternatively, reimbursement requests may be submitted for individual students by using the online interface method in MiSSG. To do so, navigate to the Reconnect Reimbursement Request menu item under the Michigan Reconnect Scholarship menu, select a term, and click the Reimbursement Roster button.

The most recent institution that submits a reimbursement for a student, prior to payment processing, is where funds will be disbursed to.

Institution Requirements

MTG Budget

Institutional Budget

MiSSG requires prior year institutional budgets when calculating current year awards. MiSSG begins loading ISIRs and making tentative awards to students in late fall. Since institutional budgets are often not finalized until the following summer, prior year budgets must be used.

Institutional budgets used to calculate 2025-26 awards must have been entered in MiSSG by the end of September 2024.

Note: Institutions that report their own room and board costs must be able to provide proof to MI Student Aid upon request that at least 10% of their enrollment resides in the institution's dorms.

State Budget

MI Student Aid uses the Consumer Price Index when determining the [State budget](#) amounts used for MTG, which is entered in MiSSG annually.

NEW

Calculation of Award

To establish eligibility, MI Student Aid uses the institutional budget in MiSSG for the student's grade level (determined by the FAFSA) and a student's Student Aid Index (SAI). A negative SAI is treated as \$0 SAI for purposes of determining need.

If the SAI is less than the institutional budget for the grade level then financial need is demonstrated. The student may receive an award up to the maximum award amount, but not more than the demonstrated need (budget – SAI).

After the initial eligibility is established, the institution does not need to re-calculate financial need based on a change in Cost of Attendance (COA) or budget.

Minimum Award

For students need of \$1 to \$99, the minimum award amount in MiSSG is \$100 (\$50 Fall and \$50 Spring). For term institutions, the institution will make the determination. The award must be monitored per the guidelines provided below.

Check counts do apply; therefore, if a student wishes to forgo their award to save their check counts, the award can be cancelled.

Monitoring of Award

The institution must monitor that the student does not have other tuition-specific aid or other financial resources that would exceed the student's need or tuition and fees (whichever is less).

The current institutional budget and SAI may be used when monitoring awards.

Tuition-specific Awards

If a student receives an additional tuition-specific award, the institution must monitor that the combination of the additional award and the MTG award does not exceed the student's Cost of Attendance (COA).

To evaluate:

1. Subtract the SAI from the current institutional budget for the appropriate grade level, which may differ from the institutional budget MiSSG used to calculate the student's initial eligibility.
2. Subtract other tuition-specific aid from need to determine the revised need.

EXAMPLE	
a) Current Institutional Budget	\$25,000
b) SAI	\$15,000
c) Adjusted Need (a minus b)	\$10,000
d) Other Tuition-specific Aid	\$6,000
e) Demonstrated Need (c minus d)	\$4,000

3. Student need is \$4,000; therefore, award can be certified at the maximum award amount.

Reimbursement Rates

An institution must [update their rate-per-credit](#) annually in MISSG in September as that is the rate used for the academic year.

Community Colleges

TIP Rate Reporting

Per Public Act No. 120 of 2024, the tuition rate that may be received for TIP at participating private or independent degree-granting institutions is calculated annually by averaging the standard in-district tuition rates of participating Michigan community colleges. The 2024-25 rate is \$131 per credit hour and has been prepopulated in MiSSG.

All other institutions will need to enter their 2024-25 TIP Rates in MiSSG by **September 29, 2024**.

To enter the 2024-25 TIP Rates, please follow these instructions:

- Log into MiSSG.
- Select Tuition Incentive Program from the MiSSG Menu.
- Select School Profile.
- Update.
- Enter credit rate information.
- Save.

TIP Rate by Institution Type:

- Community College/Tribal College: In-District Tuition Rate per Credit and Out-of-District Tuition Rate per Credit.
- Public University: Lowest Resident Rate per Credit.

TIP Phase I and Pell Reporting

Per Public Act No. 120 of 2024, public universities, community colleges, tribal colleges, and independent institutions are required to submit to the Center for Educational Performance and Information (CEPI) the number of students who ever received a Pell Grant or TIP award and successfully earned a degree or certificate in the most recently completed academic year. The deadline to report the data to CEPI is **October 15**. Data must be submitted to CEPI through the Michigan Student Data System within the Student Record and Academic Record Repository (STARR) Collection. Collecting this information in STARR allows CEPI to create reports required for TIP and Pell student outcomes. If a postsecondary institution does not report the data necessary to CEPI by **October 15** via STARR for the prior academic year, **Phase I TIP funds will not be awarded to students at that institution**. The Institution of Higher Education ([IHE Web page](#)) has information and supporting documents regarding the STARR collection process.

Scenarios

Michigan Achievement Scholarship

Community College Guarantee and TIP

In-District Example (Fall and Winter/Spring):

COA	\$15,000
In-District Tuition and Fees Total *	\$5,000
Tuition Incentive Program	\$3,500
Federal Pell Grant	\$1,000
Community College Guarantee Last-dollar payment amount	\$500
Michigan Achievement Bonus	\$1,000

A student has a Cost of Attendance (COA) of \$15,000 and is eligible for the Community College Guarantee Last-dollar and \$1,000 Michigan Achievement Bonus.

Their tuition, contact hours, and mandatory fees total is \$5,000. They received \$1,000 Federal Pell Grant

(Pell) and TIP has been calculated at \$3,500 for the Fall and Winter/Spring terms.

In this scenario, first the Community College Guarantee Last-dollar Award would be calculated:

- $\$5,000$ (Tuition and Fees) - $\$3,500$ (TIP) - $\$1,000$ (Pell) = $\$500$. Because there is Tuition and Fee remaining, the student would be awarded $\$500$ in Community College Guarantee Last-dollar Award.

Next, the Michigan Achievement Bonus would be calculated:

- $\$15,000$ (COA) - $\$3,500$ (TIP) - $\$1,000$ (Pell) - $\$500$ (Community College Guarantee Last-Dollar) = $\$10,000$. Because there is still room remaining, the student would be awarded the full Michigan Achievement Bonus award of $\$1,000$.

* The Community College Guarantee Last-dollar amount may never exceed the student's actual In-District tuition, contact hours and mandatory fees.

Community College Guarantee and Pell

Out-of-District Example:

Lis is attending an institution 'Out-of-District.' Lis is enrolled in 12 credits for the semester. In-District tuition is $\$150$ and Out-of-District tuition is $\$200$.

Lis has a $\$400$ Pell Grant and no Tuition Restricted Scholarships (TRS).

- Total Tuition Charges: Out-of-District tuition ($\$200 \times 12$) = $\$2,400$
- Actual Cost (tuition plus mandatory fees): $\$2,400 + \$705 = \$3,105$
 - In-District tuition ($\$150 \times 12$ credits) = $\$1,800$
- Mandatory fees: $\$705$
- In-District Community College Guarantee Last-dollar limit: $\$2,505$ ($\$1,800 + \705)
 - The Community College Guarantee Last-dollar Award may never exceed the student's actual In-District amount plus mandatory fees.
- Pell Grant: $\$400$

Community College Guarantee Last-dollar Calculation:

- Actual Cost minus Pell: $\$3,105 - \$400 = \$2,705$
- Community College Guarantee Last-dollar Award = $\$2,505$
- Lis still owes $\$200$

Lis has remaining Cost of Attendance and is Pell eligible, so Lis is also awarded $\$500$ in Michigan Achievement Bonus Award, which can apply to the remaining $\$200$ balance.

Public and Private Four-year Colleges or Universities, or Baccalaureate Degree Program at a Michigan Community College

Example (Fall and Winter/Spring):

COA	\$30,000
Tuition and Fees Total	\$15,000
Federal Pell Grant	\$7,000
Michigan Achievement Scholarship Minimum Award	\$2,500
Michigan Achievement Scholarship Last-dollar Award	\$3,000

A student has a Cost of Attendance (COA) of \$30,000 and is eligible for a maximum of \$2,500 of Michigan Achievement Scholarship Minimum Award and \$3,000 Michigan Achievement Scholarship Last-dollar Award.

Their tuition, contact hours, and mandatory fees total is \$15,000. They received \$7,000 Federal Pell Grant (Pell) for the Fall and Winter/Spring terms.

In this scenario, first the Michigan Achievement Scholarship Minimum Award would be calculated:

- $\$30,000 \text{ (COA)} - \$7,000 \text{ (Pell)} = \$23,000$. Because there is still room remaining, the student would be awarded the full Michigan Achievement Scholarship Minimum Award of \$2,500.

Next, the Michigan Achievement Scholarship Last-dollar Award would be calculated:

- $\$30,000 \text{ (COA)} - \$7,000 \text{ (Pell)} - \$2,500 \text{ (Michigan Achievement Scholarship Minimum Award)} = \$20,500$. Because there is still room remaining, the student would be awarded the full Michigan Achievement Scholarship Last-dollar Award of \$3,000.

Michigan Achievement Scholarship at Four-Year Institution, Tuition Incentive Program, and Michigan Tuition Grant

Example (Fall and Winter/Spring):

COA	\$20,000
Tuition Total and Fees	\$14,000
Federal Pell Grant	\$5,000
Michigan Tuition Grant (MTG)	\$3,000
Tuition Incentive Program (TIP)	\$1,000
Michigan Achievement Scholarship Minimum Award	\$2,500
Michigan Achievement Scholarship Last-dollar Award	\$3,000

A student has a Cost of Attendance (COA) of \$20,000 and is eligible for a maximum of \$2,500 of Michigan Achievement Scholarship Minimum Award and \$3,000 Michigan Achievement Scholarship Last-dollar Award. Their tuition, contact hours, and mandatory fees total \$14,000. They received \$5,000 Federal Pell Grant (Pell), \$3,000 in MTG and TIP Phase II can be awarded up to a maximum of \$1,000.

In this scenario, first the MTG would be determined.

- $\$14,000 \text{ (Tuition and Fees Total)} - \$0 \text{ (Tuition Specific Aid)} = \$14,000$. Because there is \$14,000 in

tuition, the student would qualify for \$3,000 in MTG.

Next, TIP would be calculated:

- \$14,000 (Tuition and Fees Total) - \$3,000 (MTG) = \$11,000. Because there is \$11,000 tuition total remaining after MTG, the student would qualify for \$1,000 in TIP Phase II funding.

Then, Michigan Achievement Scholarship Minimum Award would be calculated:

- \$20,000 (COA) - \$5,000 (Pell) - \$3,000 (MTG) - \$1,000 (TIP) = \$11,000. Because there is still room remaining, the student would be awarded the full Michigan Achievement Scholarship Minimum Award of \$1,000.

Last, the Michigan Achievement Scholarship Last-dollar Award would be calculated:

- \$20,000 (COA) - \$5,000 (Pell) - \$3,000 (MTG) - \$1,000 (TIP) - \$2,500 (Minimum) = \$8,500. Because there is \$8,500 remaining after gift aid, the student would qualify for \$3,000 in Michigan Achievement Scholarship Last-dollar Award.

Tuition Incentive Program and Michigan Tuition Grant

Example (Fall and Winter/Spring):

COA	\$20,000
Tuition Total and Fees	\$14,000
Federal Pell Grant	\$5,000
Michigan Tuition Grant (MTG)	\$3,000
Tuition Incentive Program (TIP)	\$1,000
Tuition Restricted Institutional Scholarship	\$8,000

A student has a Cost of Attendance (COA) of \$20,000 and their tuition, contact hours, and mandatory fees total \$14,000. They received \$5,000 Federal Pell Grant (Pell), \$3,000 in MTG, \$8,000 in Tuition Restricted Institutional Scholarship, and TIP Phase II can be awarded up to a maximum of \$1,000.

In this scenario, first the MTG would be calculated:

- \$14,000 (Tuition and Fees Total) - \$8,000 (Tuition Restricted Scholarship) = \$6,000. Because there is \$6,000 in reaming tuition, the student would qualify for \$3,000 in MTG.

Finally, TIP would be calculated:

- \$14,000 (Tuition Total) - \$8,000 (Tuition Restricted Scholarship) - \$3,000 (MTG) = \$3,000. Because there is \$3,000 tuition total remaining, the student would qualify for \$1,000 in TIP Phase II funding.

MiSSG Data Management System

MiSSG provides students, high school counselors, college financial aid personnel, and eligible training providers access to records, applications, and information from MI Student Aid.

Personally Identifiable Information and Data Security

“Personally Identifiable Information (PII)” shall refer to any data elements that could potentially identify a student, parent, or employee, and includes name, address, a personal identifier, such as Social Security number, date of birth, place of birth, etc. as defined in the Family Educational Rights and Privacy Act (FERPA).

When accessing MiSSG, School Users understand that MiSSG data, information, and reports are confidential and should be handled as such. When communicating with MI Student Aid staff regarding students, School Users understand that precautions should be taken to protect PII. This includes the use of MiSSG Student Identifiers (MiSSG ID) in the place of Social Security numbers and date of birth.

As a MiSSG user, School Users agree to take appropriate administrative, technical, and physical safeguards to protect the data from any unauthorized use or access. School Users agree to abide by all State and Federal regulations, including FERPA and will ensure that PII will be transmitted through secure methods only. Data must be encrypted during any transmissions. School Users agree to protect the data and information according to acceptable standards and no less rigorously than their institutions own confidential information. Identifiable level data will not be reported or made public. How to Access MiSSG as a School User

Annually an aid director or eligible training provider director must complete and submit the [College Security Access Form](#) before any user accounts will be created for personnel at that institution. Each user at the institution will need to have a security level assigned for each program which will determine which features inside MiSSG are available.

Program Lead Contact Information in MiSSG

In an effort to have the most up-to-date contact information for lead contacts processing State financial aid programs at your institution, please review and update your institutions School Profile in MiSSG.

- Log into MiSSG.
- Select a State Financial Aid Program from the MiSSG Menu.
- Select School Profile.
- Update.
- Review and update contact information.
- Save.
- Repeat for all State Financial Aid Programs in the MiSSG Menu.

Which Student Records Can Be Viewed?

School Users may only access student records that have been assigned to their institution or have had a payment associated with an award at their institution. Student records are primarily assigned based on which Michigan institution occupied the **first** institution position on the FAFSA. Students may also transfer their institution in the [MiSSG Student Portal](#), see [instructions for students](#).

Summary Page

Institutions may view students' MI Student Aid Summary data if the student added their school code to the FAFSA. Under Quick View, choose Summary Data, which will display the student's ISIR Transaction number, SAI, Dependency status, and award information. We encourage institutions to utilize this tool and provide students with instructions on transferring their record to the institution of their choosing.

Transferring Institutions in MiSSG

The preferred method to transfer a student record is via the student utilizing their [MiSSG Student Portal](#) account. Students who need to transfer their MiSSG record to a different institution can either update it in their MiSSG Student Portal or call 888-447-2687 for assistance.

MI Student Aid has created [instructions for students](#) to assist in the transfer process. MI Student Aid is continuing to communicate to encourage students and parents to make sure the institution they are planning to attend is listed first.

NEW

Institutions may transfer students in MiSSG in bulk or by individual student record. School Users with MiSSG Administrator 1 level access are able to complete this process.

- MI Student Aid encourages School Users to watch the [Bulk Student Transfer Process training video](#) and [review instructions](#) to complete a bulk student transfer in MiSSG.
- [Review instructions](#) for individual student transfers in MiSSG.

Only MI Student Aid can initiate a semester/term transfer for a student if a payment has been already

associated with an award of the same term.

Methods of Certifying Awards and Requesting Reimbursements in MiSSG

The two methods of certifying awards or requesting reimbursements in MiSSG are uploading a file to process awards in a batch or using the online interface to process awards individually.

Method	Pros	Cons
Upload File	<ul style="list-style-type: none">• Able to process many students in a batch with a single file.• Can have the file generated and exported from the institution's internal data system.	<ul style="list-style-type: none">• Requires more technical proficiency to use successfully than the online interface method.• Overcoming file line errors can be frustrating to some users.
Online Interface	<ul style="list-style-type: none">• Able to quickly process a single student.• Errors can be corrected in real time.• Easier to use.	<ul style="list-style-type: none">• Is much slower to process many students compared to the upload file method.• Manual process.

Note: The online interface is the only way to submit reimbursement requests for CVTG, FFS, and STG, and the only way to submit certification requests for MI Future Educator Stipend.

Download Roster File Availability

Downloadable rosters for F4F, MCS, MI Fellowship, MTG, Reconnect, and TIP will become available for all applicable terms at the beginning of the academic year. The files will contain only students who MiSSG believes meet the requirements of the award program at the School User's institution. The Downloadable rosters for Reconnect Expansion are not yet available.

F4F, MCS, Michigan Achievement Scholarship, MI Fellowship, MTG, Reconnect, Reconnect Expansion, and TIP are the only programs with download files. All others use the online interface.

If you use a download file, you should use the most current file as MiSSG is real-time and as student's certify or transfer institution, your list will update automatically.

The most recent institution that submits a reimbursement or certification for a student, prior to payment processing, is where funds will be disbursed to.

Payments

All payments are made to the institution on behalf of the students. Payments are made through the State's Statewide Integrated Governmental Management Applications (SIGMA) system and are processed via electronic funds transfer (EFT).

For information on how to become a vendor visit the [State of Michigan SIGMA Vendor Self Service \(VSS\)](#).

MI Student Aid provides an annual certification and payment schedule indicating due dates for all programs.

Review the [MI Student Aid Payment Schedule](#).

- Payments are disbursed on a quarterly basis for all programs except MI Fellowship and MI Stipend and are made only for students enrolled in the current academic year. Payment should be credited to the student's account unless the student has already satisfied financial obligations to the institution; in such cases, all or part of the award may be paid directly to the student.
- Payments are only made for the current academic year.
 - Prior-year billings will not be processed.

Award Inclusion in Payment Files

To have an award included in a payment file, the award must be certified or have a request for reimbursement submitted prior to the payment file being created.

Quarterly Payments

Quarterly payment files are created based on the net unpaid amounts of certified awards or requested reimbursements since the previous quarterly payment.

CVTG, F4F, FFS, Michigan Achievement Scholarship, Michigan Achievement Skills Scholarship, MI GEAR UP Scholarship, Reconnect, Reconnect Expansion, STG, and TIP use this type of payment.

Aggregate Payments

Quarterly payment files are created based on a percentage of an institution's total certified award amount for the academic year.

MCS and MTG are the only State financial aid programs that use this type of payment.

Calculating Quarterly Percentages

An institution will receive a payment for all certified awards, not to exceed the quarterly allotment. Once the quarterly payment has been issued to an institution, the student's record will reflect as paid in MiSSG. Institutions can only receive the designated percentage for that quarter of their overall student payment. On the 4th quarter payment date, all remaining funds will be issued.

Quarterly allotments are a percentage of the overall State appropriation:

- Quarter 1: 50%
- Quarter 2: 30%
- Quarter 3: 10%
- Quarter 4: 10%

Term Payments

Term payments are created based on the net unpaid amounts of certified awards or requested reimbursements since the previous term payments. Term payments are generally processed weekly.

MI Fellowship and MI Stipend are the only State financial aid programs that use this type of payment.

Withdraws and Enrollment Changes

Institutions may keep program funds if costs were incurred; unused funds must be refunded to MI Student Aid via MiSSG.

In the event of a complete tuition and fee refund, where a student's courses are stricken from their transcript, the institution is responsible for internally documenting their enrollment prior to the appeal processing to ensure compliance in the case of a future audit or question regarding the account. Institutions should add a comment to the student's MiSSG account documenting the situation.

CLARIFIED

For State Aid Programs where a non-tuition and fee component is available such as Michigan Achievement Minimum and Last-dollar awards, the student can retain the award so long as no amount of the award after the appeal is processed will be refunded to the student.

CLARIFIED

Example 1: A student incurred housing charges that are not refunded during the tuition and fee refund process, Michigan Achievement Scholarship Minimum and Last-dollar awards or Michigan Achievement Bonus awards could apply towards those charges. Tuition specific aid, such as MI Fellowship, must be adjusted and returned.

Example 2: A student withdrew from a course and incurred charges for the course. The course which the student incurred charges for may be counted towards their required enrollment status and may receive State financial aid.

Example 3: A student dropped from a course prior to the add/drop date; therefore, making them less than the required enrollment status. They incurred no charges for the courses dropped. The student would not receive State financial aid.

CLARIFIED

Example 4: A student was subject to Return of Title IV Funds resulting in changes to their financial aid package. In this instance, an institution may perform a recalculation of the students Michigan Achievement Scholarships awards based on their new aid package. No amount of the award after the Return to Title IV should be refunded to the student.

CLARIFIED

Note: For the MI Future Educator Stipend, a student teacher may retain their payment if the student teacher has received the funds, even if they show no enrollment or they have completely dropped out of the student teaching experience. If the student teacher has not yet received their Stipend funds and they withdraw or drop from their student teacher experience, the institution is required to return the funds in full to the State of Michigan.

Refunds

Institutions should never send refunds or other return funds to MI Student Aid without first having specifically received a billing notice, except Dual Enrollment and MI Future Educator Stipend. For most of our programs, any differences in total amounts awarded and paid are designed to net out naturally over the course of the payments within the academic year.

The MI Future Educator Stipend does not net out. Anytime a MI Future Educator Stipend requires a reduction, institutions will need to use the program specific [MI Student Aid Refund Worksheet](#) and remit payment via a paper check.

Times when you will receive a billing notice:

- After the final payment for the academic year has been processed and your institution was overpaid.
- As a result of a program review finding or internal audit.

Note: If your institution is required to submit a refund, please utilize the [MI Student Aid Refund Worksheet\(s\)](#) available on our Web site.

Year-end Balancing

All State Financial Aid Programs

All institutions must balance expenditures for State financial aid programs following the final payment for the academic year. Institutions must issue any refunds owed to MI Student Aid no later than September 12, 2025 and complete the [MI Student Aid Refund Worksheet](#).

Participating Institutions

NEW

A [list of participating institutions](#) is available on the MI Student Aid Web site.

Notes:

- Some institutions may not participate in every State financial aid program.
- To qualify for the Michigan Achievement Skills Scholarship, the student must be admitted and enrolled in an eligible [Career Training Program](#).
- To qualify for either the MI Future Educator Fellowship or the MI Future Educator Stipend, the student must be admitted in an eligible [Educator Preparation Program \(EPP\)](#).

Program Reviews

All institutions are subject to a program review by the State. The scope of a program review is typically one prior academic year at a time. The purpose of the review is to examine compliance with program regulations, identify problems, answer questions relative to reporting requirements, and to offer assistance regarding policies and procedures that will enhance the administration of the State financial aid programs.

When your institution is selected for a program review, a MI Student Aid representative will contact you to arrange dates for the review. The reviewer will conduct an offsite review, which requires copies of institutional records to be uploaded to MiSSG via Document Management for each student aid recipient selected in the program sample. During an active program, MI Student Aid will use MiProgramReview@Michigan.gov to communicate with institutions.

Note: High school graduation completion information may be confirmed in the Student Information section of MiSSG. If the 'HS Grad Confirmed by CEPI' indicates "Yes," this can be used as documentation for a program review. If the status is "No" or blank, the institution must provide proof of high school completion. The 'HS Grad Confirmed by CEPI' information can also be found on the 'Eligible Students Report' and 'Information Roster.'

Record Retention

MI Student Aid follows the same guidelines as Federal retention requirements; all institutions are required to keep records for three academic years after the student is no longer enrolled at your institution. Please refer to the current [2024-25 Federal Student Aid Handbook, Volume 2, Chapter 7: Record Keeping, Privacy, and Electronic Processes](#) for more information.

Appeals to MI Student Aid and Executive Decisions

A non-academic credential that is given to a student who has met the requirements of an alternative curriculum approved by the school district.

Students with a certificate of completion are eligible for State financial aid programs; however, are not eligible for Federal financial aid programs.

Certificate Program

An acceptable certificate program must be a minimum of 24 semester credits (or 36 term credits) and at least 30 weeks of instructional time within a 12-month consecutive period.

Check Counts

Check count is the method used to monitor MCS and MTG usage within MiSSG. Each student will have a starting pool of 60 check count and may not receive another MCS or MTG award once this pool is exhausted.

Each MCS/MTG award will reduce a student's remaining check count by:

- 6 check count for an award at full-time enrollment; or
- 4.5 check count for an award at three-quarter-time enrollment; or
- 3 check count for an award at half-time enrollment.

Students with limited check counts remaining in their final semester will still receive a full award based on their award status.

Contact Hours

F4F, Michigan Achievement Scholarship, MCS, MTG, and Reconnect may award based on contact hours, sometimes referred to as billable hours, are charges to students toward practical application in their course work.

Completed FAFSA

The FAFSA must be submitted, completed, and verified (if required) for the following programs:

- Fostering Futures Scholarship
- Michigan Achievement Scholarship/Community College Guarantee
- Michigan Competitive Scholarship
- Michigan Tuition Grant

Credit Hours

State financial aid programs may only award based on credit hours; not contact or billable hours with the exception of F4F, Michigan Achievement Scholarship, MCS, MTG, and Reconnect. MI Student Aid adheres to the Federal definition of "credit hour" as defined in the [Federal Student Aid Handbook Glossary](#).

"A credit hour is an amount of work that reasonably approximates not less than:

- *One hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class work each week for approximately 15 weeks for one semester or trimester hour of credit, or 10 to 12 weeks for one quarter hour of credit, or at least the equivalent amount of work over a different amount of time; or*
- *At least an equivalent amount of work as required in paragraph (1) of this definition for other academic activities as established by the institution including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours."*

Cumulative Lifetime Award

The combined total of all a student's paid awards from a single State financial aid program across all academic years.

Enrollment Status

- Full-time: 12 credits or more
 - For Michigan Achievement Scholarship, MI Fellowship, and MI Stipend full-time enrollment is defined by the institution.
- Three-quarter-time: 9-11 credits
- Half-time: 6-8 credits
- Less-than-half-time: 5 credits or less

Failed Courses

Any course that the student has taken, received a State financial aid award, but did not achieve a passing grade.

Mandatory Fees

Mandatory fees must be fees specified in the institution's course catalog as a condition of enrollment and/or required for the student's completion of an eligible certificate or degree (such as online fees and lab fees required for course enrollment).

Official Transcript

A transcript received and processed following the official transcript policy of the receiving institution. For the purpose of State financial aid programs, the transcript must also include a date indicating completion or graduation.

Required Fees

Required fees are included in the MI Future Educator Fellowship award calculation. Required fees are any fee that a student must pay in order to complete their Educator Preparation Program.

- Test Assessing Secondary Completion (TASC)

The [High School Completion Substitution Form](#) may be used by the institution for MCS and MTG students who have not met the high school completion requirement.

- Cannot be below the educational level needed for a student to successfully pursue their program after one year in that course.
- Must be at least at the high school level.
- Further information can be found on the [Federal Web site](#).

GRETCHEN WHITMER
GOVERNOR

DR. BEVERLY WALKER-GRIFFEA
DIRECTOR

Dear Financial Aid Administrator:

MI Student Aid, a division within the Michigan Department of Lifelong Education, Advancement, and Potential (MiLEAP), works to remove barriers for Michigan students by providing State financial aid programs, resources, and information.

MiLEAP administers State financial aid and Outreach resource programs. Our programs provide more than \$350 million to more than 115,000 students annually. We cannot do the work that we do without relying on our partners; high school counselors, college access professionals, and YOU!

MI Student Aid works to:

- Determine eligibility and policies for programs, while complying with legislative intent.
- Disburse funds to postsecondary institutions on behalf of students.
- Utilize the MISSG data management system to identify eligible students for institutions, provide reporting and data, and manage program funds.
- Promote college access initiatives.

The *State Programs Procedures Manual - Overview of Operations for Financial Aid Professionals* provides an overview of the programs we offer and the eligibility requirements. Our goal is to help you assist your students by providing information on the administration of [Michigan's scholarship and grant programs](#) and to maintain compliance with the administration of State financial aid programs.

As our partner, we want to work with you. If you have questions or suggestions, please contact our Customer Care Center at 888-447-2687 or MiStudentAid@Michigan.gov. We appreciate your support as we work together to help Michigan students make college accessible, affordable, and attainable.
