MICHIGAN CONSOLIDATED GAS COMPANY

FORM 785

8-1999

**michcon** Michigan Consolidated Gas Company

**IMPORTANT COLLECTION NOTICE**

YOUR COMMERCIAL GAS SERVICE IS SCHEDULED TO BE SHUT OFF IN 5 DAYS. Please carefully read the front and back of this notice for important information.

To keep your gas service on, CALL MICHCON IMMEDIATELY.

**WE CAN HELP YOU**

- o If you are eligible for a payment arrangement, we can work it out.
- o See over for telephone number and Business Office locations.

IF BOX IS CHECKED, WE CANNOT ACCEPT PAYMENT BY CHECK.

**IMPORTANT**

Once your gas service is shut off, you will be required to pay the total outstanding amount on your account by cash, certified check or money order. You may also be required to pay a SECURITY DEPOSIT and a RECONNECT FEE, plus provide documentation (e.g., Certificate of Partnership, Articles of Incorporation, valid driver's license, assumed name papers, etc.) before gas service is restored.

**hcon** Michigan Consolidated Gas Company

**REQUEST TO REMOVE GAS METER**

Michcon's records show the gas meter at this address should be off. Our representative called today to remove the meter but was unable to do so.

Recent changes in Michigan Criminal Statutes have been made. Conviction of energy theft (MCLA 750.282) provides for a fine and/or jail sentence. In addition, the Michigan Public Service Commission Rules allow for increased security deposit amounts, a reconnection fee if the gas service is cut at the street and a meter relocation charge before service will be turned on.

**Large Volume Gas Service Agreement**

This Large Volume Gas Service Agreement ("Agreement"), is entered into and between Michigan Consolidated Gas Company ("MichCon") and \_\_\_\_\_ ("Customer").

**SECTION 1 - PARTIES:**

<p><b>MichCon:</b> Michigan Consolidated Gas Company 2000 Second Avenue, Suite 1600 Detroit, MI 48226</p> <p><b>Notices:</b> Director, Gas Supply &amp; Marketing Services</p> <p><b>Phone:</b> (313) 235-1007</p> <p><b>Fax:</b> (313) 235-1065</p>	<p><b>Customer:</b></p> <p><b>Notices:</b></p> <p><b>Phone:</b></p> <p><b>Fax:</b></p>
--	--

**SECTION 2 - GENERAL PROVISIONS:**

1. MichCon agrees to deliver gas to Customer for use in its premises located at \_\_\_\_\_ in \_\_\_\_\_, Michigan, which shall be purchased by Customer in accordance with this Agreement, including Attachment A, if applicable, and the rules and regulations of MichCon's Tariff, as revised from time to time by the Michigan Public Service Commission.
2. This Agreement shall be effective from \_\_\_\_\_ and terminates on \_\_\_\_\_.
  - a. Thereafter, the term of this Agreement shall automatically extend for successive periods of one year, unless and until terminated pursuant to Section 2b.
  - b. This Agreement may be terminated by either party at the end of the initial term or the end of any succeeding one year term by either party giving 30 days prior written notice to the other party, or as otherwise agreed in writing by the parties.
3. Customer's estimated annual usage is \_\_\_\_\_ MMBtu.
4. Customer's estimated maximum daily usage is \_\_\_\_\_ MMBtu.
5. Customer agrees that no gas delivered by MichCon under this Agreement may be used for residential purposes.
6. Customer shall pay any assessments, surcharges, taxes and tariffs, however designated, levied, or charged resulting from this Agreement, including, without limitation, all state and local privilege or excise taxes and any amount in lieu of such taxes, tariffs and duties paid by MichCon (all collectively referred to as "Taxes and Assessments"), exclusive however of taxes based on the net income of MichCon, property taxes, and MichCon's single business taxes. Customer shall reimburse MichCon for any Taxes and Assessments which are collected and remitted or paid on Customer's behalf by MichCon because of Customer's failure to pay.
7. Customer is responsible for all costs associated with construction of additional MichCon facilities which may be required to serve incremental gas load.

**ATTACHMENT A**

**Electronic Meter Reading**

1. MichCon owns the gas billing metering equipment as listed in paragraph 7 below ("Metering Equipment").
2. Customer desires to monitor its natural gas usage at intervals more frequent than its monthly billing statement and Customer desires to have MichCon install and maintain electronic measurement equipment on its Metering Equipment as designated below ("Electronic Meter Reading Equipment"):

- Remote Service
- Pulse Signal Service

For Remote Service, MichCon shall furnish to Customer, on a daily basis, gas usage data generated by its Electronic Meter Reading Equipment ("Electronic Data") which will be provided via e-mail to an electronic address identified by Customer. For Pulse Signal Service, MichCon shall furnish to Customer, the pulse signal having the specifications detailed in Section 5 below ("Electronic Data") and the Customer shall be solely responsible for gathering and interpreting the Electronic Data provided under the Pulse Signal Service. MichCon will use commercially reasonable efforts to provide the Electronic Data to Customer.

3. Customer shall furnish, install, operate and maintain at its sole cost and expense the equipment, materials, tools, supplies and wiring described in Section 4. Customer shall be solely responsible for completion of the installation work described in Section 4 and the quality thereof and hereby releases MichCon from and indemnifies MichCon against any and all liability and damages resulting therefrom. Customer shall notify MichCon when installation of the equipment is complete.
4. Equipment To Be Installed By Customer

***Remote Service***

The Electronic Meter Reading Equipment when added to the Meter Equipment will allow Customer to receive daily meter reads via e-mail from MichCon. The telephone wiring to the Electronic Meter Reading Equipment is the responsibility of Customer. The telephone line must be an analog phone line (voice quality), which can be either a dedicated extension from an on-site phone switch, or a dedicated line from a Centrex service. The phone line must have direct inward dial (DID) capability and be terminated with a male RJ11 connector. Customer shall leave the wiring and conduit coiled and ready for connection by the MichCon technicians. A phone line terminal box installed by the Customer shall be located a minimum distance of 15' from any part of MichCon's gas facilities. Conduit, wire, and any other components installed by the Customer within 15' of any part of MichCon's gas facilities shall be suitable for Class I, Group D, Division II.

***Pulse Signal Service***

The Electronic Meter Reading Equipment when added to the Meter Equipment will allow Customer to connect their meter interrogation system to the Meter Equipment. The signal available to Customer Electronic Meter Reading Equipment will be a standard pulse width of 62.5MS with an external excitation, provided by Customer, of 3-24VDC, 1.5A maximum. The pulse will be generated at a rate of one pulse per one hundred (100) standard cubic feet of gas. Customer is advised that the pulses will not have a regular pattern. In order to conserve battery power, the pulses will be held and periodically gated.

The enclosure box, conduit, conduit support, wiring, and conduit seal-off is the responsibility of Customer and shall conform to drawing number MC-C-D-179 shown in Section 11. Conduit, wire, and any other components installed by the Customer within 15' of any part of MichCon's gas facilities shall be suitable for Class I, Group D, Division II.

5. MichCon shall not be liable for any damages, loss or expense, including excess gas usage, if any, sustained by Customer or any other person, arising out of the non-operation, malfunction or faulty performance of the Electronic Meter Reading Equipment, for any reason including improper installation or failure by MichCon to maintain the equipment in good operating condition. It is also expressly understood by Customer that the Electronic Data provided herein is on an "as is" basis. Specifically, any use whatsoever which Customer shall make of the Electronic Data shall be entirely at its own risk. MichCon makes no representations or warranty as to the accuracy of the Electronic Data and MichCon shall not be liable for direct, indirect or consequential damages resulting from Customer's use of the Electronic Data, including, but not limited to, temporary or permanent loss of receipt or use of the Electronic Data.

MICHCON DISCLAIMS ANY AND ALL WARRANTIES, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY AND OF FITNESS FOR A PARTICULAR PURPOSE.

6. All Electronic Data provided is solely intended for use by Customer in monitoring its natural gas usage and is not provided for the purpose of measuring the volume of gas used for billing by MichCon. If volume differences occur between Electronic Data provided and the monthly billing statement, the volumes indicated on MichCon's Metering Equipment will be used for billing by MichCon.

7. Customer grants to MichCon, its agents and employees, the right of ingress to and egress from Customer's premises at all reasonable hours for the purpose of installing, conducting inspections, performing maintenance work on, replacing or removing Electronic Meter Reading Equipment. Customer shall also provide adequate protection to prevent damage, tampering or interference with the Electronic Meter Reading Equipment.

8. This Agreement and the installation and operation of electronic measurement equipment are subject to MichCon's applicable policies, procedures, rules and regulations. MichCon reserves the right to modify its existing Metering Equipment and to remove and/or replace Electronic Meter Reading Equipment if deemed necessary by MichCon.

**SECTION 2- DELIVERY POINT(S):**

Customer's Facility Located at:

**SECTION 3- GENERAL PROVISIONS:**

- MichCon agrees to provide gas transportation service to Customer in accordance with this Agreement, including Attachment A, the Rules and Regulations of MichCon's Tariff, as revised from time to time by the Michigan Public Service Commission, including the General Terms and Conditions, Section F, and Rate Schedule  ST  
 LT  
 XLT
- This Agreement shall be effective from \_\_\_\_\_ and terminate on \_\_\_\_\_.
  - Thereafter, the term of this Agreement shall automatically extend for successive periods of one year unless and until terminated pursuant to Section 2b.
  - This Agreement may be terminated by either party at the end of the initial term or the end of any succeeding one year term by either party giving 30 days prior written notice to the other party, or as otherwise agreed in writing by the parties.
- Customer's Annual Contract Quantity ("ACQ") shall be \_\_\_\_\_ MMBtu, unless modified pursuant to Section F of MichCon's Tariff.
- Customer's Maximum Daily Quantity ("MDQ") shall be \_\_\_\_\_ MMBtu, unless modified pursuant to Section F of MichCon's Tariff.

5. Customer shall cause to be delivered to MichCon at the Receipt Point(s) Customer's full requirements of natural gas. In no way does the designation of an ACQ modify Customer's obligation under this Agreement to have MichCon transport the full natural gas requirements for Customer's Facility.
6. Customer is responsible for all costs associated with construction of additional MichCon facilities which may be required to serve incremental gas load greater than the stated ACQ, MDQ and/or Standby Quantity unless otherwise mutually agreed upon by the Parties.
7. Customer shall pay any assessments, surcharges, taxes and tariffs, however designated, levied, or charged resulting from this Agreement, including, without limitation, all state and local privilege or excise taxes and any amount in lieu of such taxes, tariffs and duties paid by MichCon (all collectively referred to as "Taxes and Assessments"), exclusive however of taxes based on the net income of MichCon, property taxes, and MichCon's single business taxes. Customer shall reimburse MichCon for any Taxes and Assessments which are collected and remitted or paid on Customer's behalf by MichCon because of Customer's failure to pay.
8. During the term of this Agreement, if Customer is taking service under the Optional Rate charge, Customer shall not bypass MichCon's system via a direct or indirect interconnection or agreement with another supplier of natural gas transportation and/or distribution service. If Customer contracts with a third party to deliver natural gas to Customer's facility, Customer may cancel this Agreement according to Section F14 of MichCon's Tariff.
9. Customer acknowledges that the Transportation Charge and Additional Provisions, if any, are confidential and were negotiated by the Parties based on the unique characteristics of Customer's Facility and its anticipated natural gas load requirements ("Confidential Terms"). Customer may disclose the Confidential Terms (a) on a strictly "need to know" basis to employees and third party energy consultants/managers and (b) when such disclosure is required by law provided that Customer requests confidential or privileged treatment under applicable statutes, rules and regulations and provides reasonable notice to MichCon prior to such disclosure. Any unauthorized disclosure of the Confidential Terms will terminate, from the date of Confidential Terms are disclosed, any Optional Rate reflected in the Transportation Charge such that for the remaining terms of this Agreement, Customer shall pay the maximum applicable rate for transportation.
10. The entire agreement between the Parties shall consist of this Agreement, including Attachment A attached hereto, if applicable, together with MichCon's Tariff, including the applicable Rate Schedule (together referred to as the "Agreement"). Any prior understandings, representations, promises, undertakings, agreements or inducements, whether written or oral, concerning the subject matter hereof not contained herein shall have no force and effect. The Agreement may be modified or amended only by writing duly executed by both Parties.
11. Unless otherwise specified, the terms in this Agreement shall have the meaning set forth in Section F of MichCon's Tariff.

**SECTION 4- RECEIPT POINT(S):**

MichCon shall receive gas from Customer at the Receipt Points posted on MichCon's Electronic Bulletin Board, as amended by MichCon from time to time.

**ATTACHMENT A**

**Electronic Meter Reading**

1. MichCon owns the gas billing metering equipment as listed in paragraph 7 below ("Metering Equipment").
2. Customer desires to monitor its natural gas usage at intervals more frequent than its monthly billing statement and Customer desires to have MichCon install and maintain electronic measurement equipment on its Metering Equipment as designated below ("Electronic Meter Reading Equipment"):

- Remote Service
- Pulse Signal Service

For Remote Service, MichCon shall furnish to Customer, on a daily basis, gas usage data generated by its Electronic Meter Reading Equipment ("Electronic Data") which will be provided via e-mail to an electronic address identified by Customer. For Pulse Signal Service, MichCon shall furnish to Customer, the pulse signal having the specifications detailed in Section 5 below ("Electronic Data") and the Customer shall be solely responsible for gathering and interpreting the Electronic Data provided under the Pulse Signal Service. MichCon will use commercially reasonable efforts to provide the Electronic Data to Customer.

3. Customer shall furnish, install, operate and maintain at its sole cost and expense the equipment, materials, tools, supplies and wiring described in Section 4. Customer shall be solely responsible for completion of the installation work described in Section 4 and the quality thereof and hereby releases MichCon from and indemnifies MichCon against any and all liability and damages resulting therefrom. Customer shall notify MichCon when installation of the equipment is complete.

4. Equipment To Be Installed By Customer

***Remote Service***

The Electronic Meter Reading Equipment when added to the Meter Equipment will allow Customer to receive daily meter reads via e-mail from MichCon. The telephone wiring to the Electronic Meter Reading Equipment is the responsibility of Customer. The telephone line must be an analog phone line (voice quality), which can be either a dedicated extension from an on-site phone switch, or a dedicated line from a Centrex service. The phone line must have direct inward dial (DID) capability and be terminated with a male RJ11 connector. Customer shall leave the wiring and conduit coiled and ready for connection by the MichCon technicians. A phone line terminal box installed by the Customer shall be located a minimum distance of 15' from any part of MichCon's gas facilities. Conduit, wire, and any other components installed by the Customer within 15' of any part of MichCon's gas facilities shall be suitable for Class I, Group D, Division II.

***Pulse Signal Service***

The Electronic Meter Reading Equipment when added to the Meter Equipment will allow Customer to connect their meter interrogation system to the Meter Equipment. The signal available to Customer Electronic Meter Reading Equipment will be a standard pulse width of 62.5MS with an external excitation, provided by Customer, of 3-24VDC, 1.5A maximum. The pulse will be generated at a rate of one pulse per one hundred (100) standard cubic feet of gas. Customer is advised that the pulses will not have a regular pattern. In order to conserve battery power, the pulses will be held and periodically gated.

The enclosure box, conduit, conduit support, wiring, and conduit seal-off is the responsibility of Customer and shall conform to drawing number MC-C-D-179 shown in Section 11. Conduit, wire, and any other components installed by the Customer within 15' of any part of MichCon's gas facilities shall be suitable for Class I, Group D, Division II.

5. MichCon shall not be liable for any damages, loss or expense, including excess gas usage, if any, sustained by Customer or any other person, arising out of the non-operation, malfunction or faulty performance of the Electronic Meter Reading Equipment, for any reason including improper installation or failure by MichCon to maintain the equipment in good operating condition. It is also expressly understood by Customer that the Electronic Data provided herein is on an "as is" basis. Specifically, any use whatsoever which Customer shall make of the Electronic Data shall be entirely at its own risk. MichCon makes no representations or warranty as to the accuracy of the Electronic Data and MichCon shall not be liable for direct, indirect or consequential damages resulting from Customer's use of the Electronic Data, including, but not limited to, temporary or permanent loss of receipt or use of the Electronic Data.

MICHCON DISCLAIMS ANY AND ALL WARRANTIES, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY AND OF FITNESS FOR A PARTICULAR PURPOSE.

6. All Electronic Data provided is solely intended for use by Customer in monitoring its natural gas usage and is not provided for the purpose of measuring the volume of gas used for billing by MichCon. If volume differences occur between Electronic Data provided and the monthly billing statement, the volumes indicated on MichCon's Metering Equipment will be used for billing by MichCon.

7. Customer grants to MichCon, its agents and employees, the right of ingress to and egress from Customer's premises at all reasonable hours for the purpose of installing, conducting inspections, performing maintenance work on, replacing or removing Electronic Meter Reading Equipment. Customer shall also provide adequate protection to prevent damage, tampering or interference with the Electronic Meter Reading Equipment.

8. This Agreement and the installation and operation of electronic measurement equipment are subject to MichCon's applicable policies, procedures, rules and regulations. MichCon reserves the right to modify its existing Metering Equipment and to remove and/or replace Electronic Meter Reading Equipment if deemed necessary by MichCon.
