---

**SUPPLEMENTAL UTILITY SERVICE CHARGES**

The charges shown on this sheet are not subject to approval by the Commission. Changes will be made by the Company from time-to-time to include current prices for the services offered.

**METER TEST CHARGE**

The charge for a gas meter test is \$75.00 when applicable pursuant to Rule B1, Technical Standards for Gas Service, Rule R 460.2351, Meters and Associated Metering Devices; Inspections and Tests. (Authorized by Rule C6, Metering and Metering Equipment).

**SERVICE LINE AND/OR METER RELOCATION CHARGE**

The charge for service alterations, when requested by the customer or made necessary by the customer, is \$485.00, plus time and materials.

**CUT AND CAP CHARGE**

The charge for a routine residential service rate Cut and Cap of a gas service line, when requested by the residential customer or for the purpose of a demolition, is \$720.00.

The charge for a (1) non-routine, (2) commercial, or (3) industrial Cut and Cap of a gas service line, when requested by the customer or for the purpose of a demolition, is the greater of \$720.00 or time and materials.

*The \$720.00 charge will not be applicable to government requested cut and cap services during 2016, subject to the conditions and limitations set forth in the Commission's order in Case No. U-17991.*

The reconnect charge to install a new service to a site previously Cut and Capped relating to supplemental utility service, when requested by the customer or made necessary by the customer, is \$485.00, plus time and materials.

**CARBON MONOXIDE (CO) ALARM CHARGE**

The charge for responding to a CO alarm service call is \$130.00, if done during regular working hours, or \$150.00, if done after regular working hours.

**CGI (CAN'T GET IN) CHARGE**

The charge for a CGI incident relating to supplemental utility service, when the Company has met its time commitment, is \$30.00.

**INSIDE LEAK REPAIR CHARGE**

The charge for an Inside Leak Repair is \$74.00, when repair is requested by the customer.

**GAS CONNECTION CHARGE**

The charge for the connection of white goods gas appliance is the greater of \$74 or time and material, when repair is requested by the customer.

**July 28, 2015**  
Filed 

Effective for service rendered on  
and after July 27, 2015  
  
Issued under authority of the  
Michigan Public Service Commission  
dated October 9, 2007 in Case No. U-15152

**SECTION B  
ADMINISTRATIVE RULES INDEX**

**B1. TECHNICAL STANDARDS FOR GAS SERVICE (R 460.2301 - R 460.2383) (FOR ALL CUSTOMERS)**

[http://www7.dleg.state.mi.us/orr/Files/AdminCode/108\\_06\\_AdminCode.pdf](http://www7.dleg.state.mi.us/orr/Files/AdminCode/108_06_AdminCode.pdf)

**PART 1. GENERAL PROVISIONS**

**R 460.2301 Definitions.**

**R 460.14001** (revised to R 460.20101) et seq. are the Michigan Gas Safety Standards. See Rule B9.

**R 460.2302 Application, intention, and interpretation of rules; utility rules and regulations.**

**PART 2. RECORDS, REPORTS, AND OTHER INFORMATION**

**R 460.2321 Retention of records.**

**R 460.2501 et seq. are the Rules Pertaining to Preservation of Records of Electric, Gas and Water Utilities. See Rule B8.**

**R 460.2322 Location of records.**

**R 460.2323 Reports and records generally.**

**PART 3. SERVICE REQUIREMENTS**

**R 460.2331 Sale of gas.**

**R 460.2332 Permanent service line rules.**

Refer to the Company's approved Rule C8, Customer Attachment Program.

**R 460.2333 Main extension rules.**

Refer to the Company's approved Rule C8, Customer Attachment Program.

**R 460.2334 Temporary service.**

Refer to the Company's approved Rule C1.4, Unusual Facility Requirements

**R 460.2335 Interruptions of service.**

**R 460.2101** (revised to **R 460.101**) et seq. are the Consumer Standards and Billing Practices for Electric and Gas Residential Service.

**R 460.14001** (revised to **R 460.20101**) et seq. are the Michigan Gas Safety Standards. See Rule B9.

**PART 4. ENGINEERING**

**R 460.2341 Gas facilities; construction and installation.**

**R 460.2342 Standards of accepted engineering practice.**

**PART 5. INSPECTION OF METERS**

**R 460.2351 Meters and associated metering devices; inspections and tests.**

*For the testing of the Company's natural gas rotary meters and natural gas diaphragm meters, refer to the procedures approved in Commission Order dated April 18, 2019 in Case No. U-20346. Refer to the Company's approved Rule C6, Metering and Metering Equipment.*

**R 460.2352 Diaphragm-type meters; meter tests; reports.**

*For the testing of the Company's natural gas rotary meters and natural gas diaphragm meters, refer to the procedures approved in Commission Order dated April 18, 2019 in Case No. U-20346*

**R 460.2353 Retirement of meters.**

**R 460.2354 Accuracy of metering equipment; tests; standards.**

**R 460.2355 Meter shop; design; meter testing system; standards; handling; calibration cards; calibrated orifices.**

**R 460.2356 Pressure measurement standards.**

**R 460.2357 Records; meter tests.**

**R 460.2358 Records; meter and associated metering device data.**

**PART 6. BILL ADJUSTMENT; METER ACCURACY**

**R 460.2361 Bill adjustment; meter accuracy.**

**R 460.2362 Determination of adjustment.**

**R 460.2363 Refunds.**

*Pursuant to the Commission's Order in Case No. U-20346, the Company will be considered to have "adopted the requirements of R460.2352" for the duration of the waiver of the Rule 52 meter testing requirements which was granted in that proceeding.*

**R 460.2364 Rebilling.**

Refer to the Company's approved Rule C5.2I., Meter Error or Nonregistering Meter.

**R 460.2365 Consumption data records.**

(Continued from Sheet No. C-2.00)

**C1. CHARACTERISTICS OF SERVICE (Contd.)**

**C1.2 Contracts**

Prospective Customers for small commercial and small industrial consumption are required to sign a form of Contract. This contract is not limited as to time.

Prospective Customers for gas for use in qualifying schools and university buildings are required to sign a form of Contract limited as to time. All such Contracts must be approved and executed by the President or a Vice President of Company, or a designated representative, before they shall be binding upon Company.

Large volume Customers, taking gas under General Service Rate GS-2, are required to sign (in addition to the Application for Gas) a Contract limited as to time. All such large volume Contracts must be approved and executed by the President or a Vice President of Company, or a designated representative, before they shall be binding upon Company.

Customers taking service under Transportation Service Rate ST, LT, XLT, XXL, TOS-F, TOS-I, CS-F or CS-I are required to sign a Contract for service incorporating the General Provisions and Definitions contained in Section E. All such Contracts shall have a minimum term of one year unless Company, in its sole discretion, allows a term less than the one-year minimum.

Any Contract to which Company is a party for the provision of services under any Rate Schedule in Company's Rate Book for Natural Gas Service is governed by the laws of the State of Michigan.

The contracts above-mentioned shall not be inconsistent with these Rules and Regulations and shall be, respectively, only in such form as shall be first approved by the Commission. The contracts shall be uniform in the case of all customers of the same class and type of service.

**C1. CHARACTERISTICS OF SERVICE (Contd.)**

**C1.7 Modification by Employee or Agents**

No employee or agent of Company shall have the power to amend, modify, alter or waive any of the conditions of any gas service Contract, except *as approved and executed in compliance with the Company's enterprise policies for a) signature authority for contracts, b) establishment of contracts, c) contract management and administration, and d) record retention* to bind Company by making any promise or representation contrary to or inconsistent with these Rules and Regulations or with the provisions of any Contract.

**C1.8 Amendments**

Subject to the approval of the Commission, Company may alter or amend its Rules and Regulations from time to time, and add such further and other Rules and Regulations as experience may suggest. Effective upon approval by the Commission, all such amendments shall be incorporated in and modify, if applicable, any existing gas service Contract.

**C1.9 Alternative Shut Off Protection Program for Eligible Low-Income and Senior Citizen Customers**

A. As used in this Section:

- (1) **Eligible customer** means either a Low-income or Senior citizen customer whose arrearage has not accrued as a result of theft or unauthorized use.
- (2) **Low-income customer** means utility customer whose household income is at or below 200% of the Federal Poverty Level (FPL) and provides proof of meeting the eligibility requirement at the time of enrollment.
- (3) **Senior citizen customer** means utility customer who is 62 years of age or older and provides proof of meeting the eligibility requirement at the time of enrollment.

B. Customers eligible to participate under the Winter Protection Plan, Rule B2, Consumer Standards and Billing Practices for Electric and Gas Residential Service, Part 9, will be required to waive their rights to participate under the Winter Protection Plan in order to participate under the Alternative Shut-off Protection Program for Eligible Low-Income and Senior Citizen Customers.

(Continued from Sheet No. C-5.00)

**C1. CHARACTERISTICS OF SERVICE (Contd.)**

**C1.9 Alternative Shut Off Protection Program for Eligible Low-Income and Senior Citizen Customers (Contd.)**

- C. Eligible customers may enroll year-round. Once enrolled, Eligible customers will be required to pay a minimum payment of 10% of the total balance of the amount owing at the time of enrollment and minimum monthly payments that include 1/12 of any remaining arrearage balance plus 1/12 of the estimated annual bill. Reconnection fees will be waived upon initial enrollment. Eligible customers will not be subject to late fees or deposits while enrolled in the program. The Company may elect to offer the customer additional time to resolve the arrearage resulting in an extended payment plan up to 24 months.
- D. Eligible customers' gas service will not be shutoff while enrolled in the program. In the event that the customer defaults by failing to pay the required minimum payment of 10% of the total balance owing at the time of enrollment or fails to make two monthly payments, the customer's participation in the program will be terminated and the customer's utility service will be subject to shut-off. The customer will remain responsible for the full arrearage and all applicable charges permitted under the tariffs including, but not limited to late fees, deposits and applicable reconnect charges. Customers previously terminated from the program will be permitted to enroll one additional time within any 12 month period if the customer pays 20% of any balance due plus reconnection charges and otherwise meets the requirements of the program.

**C1.10 Extreme Weather Condition Policy**

*In the interest of our customers' safety, DTE Energy will adhere to the following policy as it relates to extreme weather conditions and disconnections of Electric and Natural Gas service.*

*DTE Energy will not perform any manual (Non-AMI) or remote disconnections (AMI) when the temperatures are considered extreme. Extreme is defined as follows:*

- *Extreme Heat – Temperature forecasts 90 degrees and above for 2 consecutive days or more*
- *Extreme Cold – Temperature forecasts 15 degrees and below and/or wind chills below zero for 2 consecutive days or more*

*Our internal staff will review and monitor the 10-day predicted forecast temperatures Monday thru Thursday each week using The Weather Channel website- <https://weather.com/>. The following Cities listed below will be used as Regional Map weather check points.*

- *Detroit – SE Michigan (Detroit, Western Wayne, Oakland County)*
- *Lapeer – North & South Thumb*
- *Mecosta – Western Michigan*
- *Traverse City – Northern Michigan West*
- *Alpena – Northern Michigan East*

**C2. CONTROLLED SERVICE**

**C2.1 Scope**

This Controlled Service Rule provides Company with the authorization to control the attachment of additional gas sales load and non-system supply load, consistent with changes in gas supply as they occur.

**C2.2 Application**

- A. Upon declaration of a Controlled Service condition, all those Customers within the affected priorities requesting gas sales service shall make written application for such service on a form provided by Company.
- B. Existing gas sales Customers requesting to attach additional gas burning equipment, existing Gas Customer Choice Customers or existing transportation Customers shall not be given preferential treatment over new Customers but shall be considered the same as new Customers in accordance with this Controlled Service Rule.

Issued under authority of the  
Michigan Public Service Commission  
dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. C-9.00)

**C2. CONTROLLED SERVICE (Contd.)**

**C2.8 Penalties for Violation**

Any gas used by a customer in additional equipment installed by an existing gas sales customer following the declaration of a controlled service condition and for which the customer has not received authorization, shall, during the period when a gas controlled service condition has been instituted pursuant to this Rule, be subject to excess use charges of \$10 per Mcf plus the highest city-gate price reported in Gas Daily for locations in the East North Central Region of the United States during the month in which the infraction occurred, with such charges being in addition to the rates set forth in the applicable Company Rate Schedule. Failure of the customer to pay such excess use charges when due shall constitute sufficient cause for the Company to shut off gas service to such customer. The Company reserves the right to shut off service to any customer who violates any of the provisions of this Rule.

**C3. CURTAILMENT OF GAS SERVICE**

**C3.1 Curtailment of Gas Service for Gas Supply Deficiency**

The following terms used in this rule shall have the meanings hereinafter set forth:

**Commercial gas requirements** shall include all service to customers engaged primarily in the furnishing or sale of goods or services including schools, local, state and federal government agencies and other public or private institutions for use other than those involving manufacturing or electric power generation.

**Customers**, unless otherwise specified, shall mean system supply customer.

**Industrial gas requirements** shall include all service to customers engaged primarily in a process which creates or changes raw or unfinished materials into another form or product including the generation of electric power.

**Residential gas requirements** shall include all direct natural gas usage for space heating, cooking, water heating, and other residential uses in a single family dwelling or in an individual flat or apartment; or to two or more households served by a single meter (one customer) in a multifamily dwelling, or portion thereof. A multifamily dwelling includes such living facilities as, for example, cooperatives, condominiums and apartments; provided each household within such multifamily dwelling has the normal household facilities such as bathroom, individual cooking and kitchen sink. A multifamily dwelling does not include such living facilities as, for example, penal or corrective institutions, motels, hotels, dormitories, nursing homes, tourist homes, military barracks, hospitals, special care facilities or any other facilities primarily associated with the purchase, sale or supplying (for profit or otherwise) of a commodity, product or service by a public or private person, entity, organization or institution.

**System supply customer** shall mean those customers who purchase all of their natural gas requirements from the Company.

dated June 3, 2010 in Case No. U-15985  
and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. C-10.00)

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.1 Curtailment of Gas Service for Gas Supply Deficiency (Contd.)**

**A. Determination of Need for Curtailment**

- (1) If at any time the Company cannot provide continuous service to its system supply customers because of an inability to procure sufficient gas volumes from its interstate pipeline suppliers or other suppliers, and reliable short term supplies are not available at reasonable and prudent prices, the Company has the right to curtail the distribution of system supply gas to its customers in accordance with the provisions of this Rule.
- (2) In implementing this Rule, however, all sales of system supply gas to other than system supply customers shall be curtailed prior to curtailing, limiting or interrupting the distribution of gas to system supply customers.
- (3) The Company may separately institute curtailment of its system supply gas in the integrated and non-integrated portions of its total system, consistent with the inability to procure sufficient gas volumes in each respective portion of its system.
- (4) This Curtailment Rule does not apply to gas owned by parties other than the Company.

**B. Notice of Curtailment**

- (1) The Company shall provide not less than 90 days advance written notice of curtailment to all system supply customers expected to be curtailed, except where actions by foreign, federal, state, or local government or regulatory agencies preclude the giving of such notice.
- (2) The Company may immediately curtail or interrupt the distribution of system supply gas to non-system supply customers, by oral notice or otherwise, to the extent and for such duration as the Company in its sole judgment shall deem necessary.
- (3) Notification of curtailment shall specify the starting date, an estimate of the length of time the curtailment is expected to be in effect, and the classification of the priorities to be curtailed. Prior to and during the period of curtailment, all customers in curtailment priorities to be affected shall be given not less than 30 days advance written notice of the authorized volumes to which they will be entitled for the following month.

Issued under authority of the  
Michigan Public Service Commission  
dated October 9, 2007 in Case No. U-15152

Continued from Sheet No. C-11.00)

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.1 Curtailment of Gas Service for Gas Supply Deficiency (Contd.)**

**C. Method of Curtailment**

- (1) Prior to curtailment, the Company will make a Public Service Announcement for voluntary dial-down actions by system supply customers.
- (2) Curtailments shall be made in accordance with the curtailment priorities set forth in Section E of this Rule, beginning with the lowest priority category and proceeding to the next highest priority category. The total curtailment shall equal the estimated deficiency of gas brought about by the demands of all customers purchasing system supply gas in the integrated and/or non-integrated portions of the Company's system.
- (3) Curtailments may be simultaneously instituted in more than one curtailment category provided that gas usage falling within a lower priority category has been completely curtailed.
- (4) When curtailment of less than 100% of the sales volume in a particular curtailment priority is required, the available volumes shall be allocated to each customer assigned to that priority, on a pro-rata basis, using the customer's base period volumes that correspond to the month being curtailed.

**D. Base Period**

- (1) Base Period for System Supply Customers
  - (a) For the purpose of determining the customer's volumes within each Curtailment Priority Category, a twelve month base period shall be established. Such base period shall be fixed for the term of the curtailment. The base period volumes shall consist of the twelve consecutive monthly consumptions ending June of each year. In those instances where the customer has encountered strikes, interruption of gas service or unavoidable operational abnormalities, the Company may make reasonable adjustments to normalize the customer's requirements. Base period volumes may be adjusted for equipment added or deleted.

Issued under authority of the  
Michigan Public Service Commission  
dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. C-12.00)

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.1 Curtailment of Gas Service for Gas Supply Deficiency (Contd.)**

- (b) In determining monthly consumptions, the Company shall determine the gas used during each month of the period described above for all buildings, parts of buildings, and equipment associated with each customer's gas billing in accordance with the Company's Rules and Regulations. Volumes specified in Curtailment Priorities One through Five shall apply in the aggregate for all equipment of the same end use rather than on a unit of equipment basis.
- (c) The monthly consumption so determined, with such adjustments as provided above, shall then be used as the monthly requirement specified in the Curtailment Priority Categories. In determining a customer's Curtailment Priority Category, the applicable monthly requirement in the base period shall be used.

(2) Base Period for Non-System Supply Customers

A base period is not established pursuant to this Rule for non-system supply customers. The distribution of system supply gas to non-system supply customers is subject to Curtailment Priority Five whereby the Company has sole discretion in determining the extent and duration of curtailment of such customers.

**E. Curtailment Priorities**

For purposes of curtailment, five categories are established with Priority Five constituting the lowest priority and Priority One the highest.

**Priority One** - Residential gas requirements, commercial gas requirements of 1,250 Mcf or less per the base period month being curtailed, requirements for plant protection, and requirements for services essential for public health and safety.

**Priority Two** - Commercial gas requirements of 1,250 Mcf to 8,334 Mcf per the base period month being curtailed and industrial gas requirements of 8,334 Mcf or less per the base period month being curtailed.

**Priority Three** - Commercial and industrial gas requirements of 8,334 Mcf to 41,667 Mcf per the base period month being curtailed.

**Priority Four** - Commercial and industrial gas requirements in excess of 41,667 Mcf per the base period month being curtailed.

Issued under authority of the  
Michigan Public Service Commission  
dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. C-13.00)

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.1 Curtailment of Gas Service for Gas Supply Deficiency (Contd.)**

**Priority Five** - Non-residential customers having gas requirements in excess of 41,667 Mcf per the base period month being curtailed and having installed alternate fuel capability available on short notice (only the alternate fuel load will be curtailed) and all sales of system supply gas to non-system supply customers.

**F. Rate Adjustments**

A customer shall not be liable for any part of a monthly service charge provided in a Rate Schedule if such customer's consumption under that rate is completely curtailed for the entire billing period. No other rate adjustments will be permitted.

**G. Enforcement**

- (1) The Company reserves the right to inspect the customer's equipment, to install special metering, and to immediately terminate gas service for violations of this Rule, as provided by Rule B1, Technical Standards for Gas Service, R 460.2373, Shutoff of Service. Once gas service is terminated, the Company may withhold such service until it is satisfied that the terms and conditions of this Rule will be observed.
- (2) There is nothing in this Rule that shall prevent a customer from challenging before the Commission the continuation of a curtailment or that shall abridge the customer's right to appeal any such determination to the Commission.

**H. Penalties for Violation**

Any gas used by a customer in excess of the volumes authorized during the period when a curtailment has been instituted pursuant to this Rule shall be subject to **Unauthorized Gas Use Charges. The charge for such Unauthorized Gas Usage shall be \$1.00 per 100 cubic feet plus the highest price reported in Gas Daily in the midpoint column of the Daily Price Survey for the following locations for the month in which the Unauthorized Gas Use occurred: Dawn, Ontario; ANR, ML7; Chicago city-gates; Consumers city-gate; or MichCon city-gate. Unauthorized Gas Use Charges are in addition to those normal charges made under the applicable Rate Schedules, for all gas taken by Customer in excess of the cumulative volume delivered to Company (less Gas-in-Kind) on behalf of Customer. In the event Gas Daily discontinues its reporting such prices, the Company will select a comparable reporting service.** Failure to pay an excess use charge when rendered shall subject the customer to termination of gas service.

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.2 Curtailment of Gas Service During an Emergency**

The following terms used in this rule shall have the meanings hereinafter set forth:

**Blanket certificate customer** is a transportation customer who has contracted with the Company to transport gas in interstate commerce pursuant to a blanket certificate issued to the Company by the Federal Energy Regulatory Commission (FERC).

**Capacity deficiency** shall mean emergency situations whereby load temporarily exceeds the capacity of the Company's pipeline system to deliver volumes commensurate with such load, but such that the full design capacity of the system is unaffected. See Section C3.2D(3) of this Rule.

**Capacity restriction** shall mean restriction due to force majeure or other damage to the Company's facilities such that the full design capacity of the pipeline system is not available. See Section C3.2D(1) of this Rule.

**Commercial gas requirements** shall include all service to customers engaged primarily in the furnishing or sale of goods or services including schools, local, state and federal government agencies and other public or private institutions for use other than those involving manufacturing or electric power generation.

**Customers**, unless otherwise specified, shall mean sales customers, transportation customers and storage customers.

**Deliveries** shall mean both transportation and sales volumes.

**End use customer** is a customer under the Company's sales and transportation Rate Schedules where the gas is used or consumed on the customer's premises to which the gas was delivered.

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.2 Curtailment of Gas Service During an Emergency (Contd.)**

**Force majeure** shall mean acts of God, strikes, lockouts, or other industrial disturbances; acts of the public enemy, wars, blockades, insurrections, riots, epidemics, landslides, lightning, earthquakes, fires, storms (including but not limited to hurricanes or hurricane warnings), crevasses, floods, washouts, arrests and restraints of the government, either Federal or State, civil or military, civil disturbances. Force majeure shall also mean shutdowns for purposes of necessary repairs, relocation, or construction of facilities; failure of electronic data capability; breakage or accident to machinery or lines of pipe; the necessity of testing (as required by governmental authority or as deemed necessary by the Company for the safe operation thereof), the necessity of making repairs or alterations to machinery or lines of pipe; failure of surface equipment or pipelines; accidents, breakdowns, inability to obtain necessary materials, supplies or permits, or labor to perform or comply with any obligation or condition of service, rights of way; and any other causes, whether of the kind herein enumerated or otherwise which are not reasonably within the control of the Company. It is understood that the settlement of strikes and lockouts or controversies with landowners involving rights of way shall be entirely within the Company's discretion and that the above requirement that any force majeure be remedied with all reasonable dispatch shall not require the settlement of strikes or lockouts or controversies with landowners involving rights of way by acceding to the demands of the opposing party when such course is inadvisable in the discretion of the Company.

**Gathering systems** shall include but is not necessarily limited to, the Company's existing Wet Header System and laterals.

**Industrial gas requirements** shall include all service to customers engaged primarily in a process which creates or changes raw or unfinished materials into another form or product including the generation of electric power.

**Requirements for plant protection** shall mean such minimum volumes of gas as required to prevent physical harm to the plant facilities or danger to plant personnel when such protection cannot be afforded through the use of an alternate fuel. This includes the protection of such material in process as would otherwise be destroyed, but shall not include deliveries required to maintain plant production. For the purposes of this definition, propane and other gaseous fuels shall not be considered alternate fuels.

**Requirements for services essential for public health and safety** shall mean gas purchased for food processing and for use by or in connection with hospitals, convalescent homes, nursing homes, medical centers and clinics; water and sewage treatment and waste disposal facilities; civil defense centers and public utility buildings; newspapers, radio and television stations; fire stations, police stations, jails and penal institutions; and such other uses of gas as are found qualified by the Commission as requirements for services essential for public health and safety; provided, however, that requirements for boilers which have alternate fuel capability shall not qualify as requirements for services essential for public health and safety without the express authorization of the Commission after hearing.

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.2 Curtailment of Gas Service During an Emergency (Contd.)**

**Residential gas requirements** shall include all direct natural gas usage for space heating, cooking, water heating, and other residential uses in a single family dwelling or in an individual flat or apartment; or to two or more households served by a single meter (one customer) in a multifamily dwelling, or portion thereof. A "multifamily dwelling" includes such living facilities as, for example, cooperatives, condominiums and apartments; provided each household within such multifamily dwelling has the normal household facilities such as bathroom, individual cooking and kitchen sink. A "multifamily dwelling" does not include such living facilities as, for example, penal or corrective institutions, motels, hotels, dormitories, nursing homes, tourist homes, military barracks, hospitals, special care facilities or any other facilities primarily associated with the purchase, sale or supplying (for profit or otherwise) of a commodity, product or service by a public or private person, entity, organization or institution.

**Supply deficiency** shall mean emergency situations whereby the Company is temporarily unable to procure gas supplies commensurate with its system requirements.

**A. Company's Rights to Curtail**

The Company recognizes its primary public service obligation is to maintain gas service to its customers. If, in the event of an emergency arising out of extreme cold weather or other causes referred to as force majeure situations the Company determines that its ability to deliver gas may become inadequate to support continuous service to its customers on its system, the Company shall have the right to partially or completely curtail service to each of its customers in accordance with the order of curtailment set forth below, irrespective of the contracts in force. This plan applies to all gas sales, transportation and storage service provided by the Company except for gas moving on the Company's gathering systems. The Company will implement this curtailment plan throughout its system to the extent necessary and possible, consistent with its practical operation, considering such factors as system capacity and the extent to which curtailment of customers in a specific portion of the Company's system may remedy the emergency.

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.2 Curtailment of Gas Service During an Emergency (Contd.)**

**B. Steps Prior to Curtailment**

When there is adequate time during an emergency situation, and if applicable, the following steps will be implemented by the Company prior to the enforcement of the curtailment plan established by this Rule.

- (1) Interrupt service provided under an “interruptible” rate or contract then in effect;
- (2) Implement contingency contracts for emergency gas supply purchases established in advance. Seek to purchase additional gas supplies at prices which shall be regarded as reasonable and prudent;
- (3) Curtail deliveries to any customer in excess of volumes allowed under contracts;
- (4) Request that transportation customers balance deliveries with use and authorized storage withdrawal volumes on a daily basis;
- (5) Make a public service announcement for voluntary dial-down actions by system supply customers;
- (6) Ask transportation customers to voluntarily reduce use and/or increase deliveries.

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.2 Curtailment of Gas Service During an Emergency (Contd.)**

**C. Notice of Curtailment**

If a curtailment becomes necessary, Company shall provide notice to the Commission and all affected Customers of the nature, probable duration and extent of such curtailment. Such notice will be given as far in advance as possible.

**D. Method of Curtailment**

- (1) If a curtailment becomes necessary due to capacity restrictions, the Company shall determine the amount of firm service capacity that is available (residual firm capacity). The Company shall allocate that residual firm capacity between (i) transportation service provided pursuant to a FERC blanket certificate (Blanket Certificate Customers) and (ii) all other services (Other Customers), such allocation being made pro rata between such two classes of service, based upon the total volumes scheduled for service within each class on the applicable day.
- (2) The residual firm capacity which is allocated to Blanket Certificate Customers shall be allocated pro rata among the members of that class, based upon volumes scheduled for service by members of that class on the applicable day.

(Continued from Sheet No. C-19.00)

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.2 Curtailment of Gas Service During an Emergency (Contd.)**

- (3) The residual firm capacity which is allocated to the Other Customers shall be curtailed in accordance with the curtailment priority categories set forth in Section F of this Rule, beginning with Curtailment Priority Five and proceeding to the next highest priority category.
- (a) Curtailments may be simultaneously instituted in more than one curtailment priority category provided that gas usage falling within a lower priority category is being completely curtailed.
- (b) If system deliverability permits only partial delivery of gas to a given priority category of use, curtailment will be effected on the basis of a pro rata sharing using the base period deliveries to customers for that priority category. If a customer has entered into an arrangement for voluntary reduction of use and/or increase in deliveries pursuant to Paragraph B(6) above, the volumes associated with such voluntary reductions of use or increase in deliveries shall be attributed to that customer's pro rata share.
- (c) Upon notice of a curtailment, the Company shall give customers with multiple locations, the option to select which location will be subject to the curtailment, consistent with the practical and physical operational constraints of the Company's system.
- (4) If curtailment becomes necessary due to an emergency situation resulting in a supply deficiency, with no associated capacity deficiency, the Company shall curtail gas service in accordance with Section C3.2D(3)(b), subject to the following conditions.
- (a) Transportation customers shall have the option of having electronic remote metering installed or of establishing a means acceptable to the Company and the customer of determining daily consumption at the customer's expense. Negative daily imbalances incurred shall be curtailed pursuant to priorities determined as in Section C3.2E, Base Period. Usage in balance with deliveries (flowing pipeline supplies) on a daily basis is exempt from curtailment under this paragraph.
- (b) Blanket certificate customers are exempt from curtailment.

(Continued from Sheet No. C-21.00)

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.2 Curtailment of Gas Service During an Emergency (Contd.)**

**F. Curtailment Priorities**

- (1) For purposes of curtailment, firm end use sales and transportation customers (whose service is not provided pursuant to a blanket certificate issued by the FERC) will be treated equally in accordance with the curtailment priority categories set forth. Five categories are established with Priority Five being the first category to be curtailed and Priority One being the last. The Company will implement this curtailment plan throughout its system (except for its gathering systems) to the extent necessary and possible, consistent with its practical operation, considering such factors as system capacity and the extent to which curtailment of customers in a specific portion of the Company's system may remedy the emergency. Specifically, if curtailment of gas deliveries to a customer does not provide any relief to DTE Gas, then the Company may continue to provide gas service for the customer.

**Priority One** - Residential gas requirements, commercial gas requirements of 1,250 Mcf or less per the base period month being curtailed, requirements for plant protection, and for services essential for public health and safety.

**Priority Two** - Non-residential customers having commercial gas requirements of 1,250 Mcf to 8,334 Mcf per the base period month being curtailed and industrial gas requirements of 8,334 Mcf or less per the base period month being curtailed.

**Priority Three** - Commercial and industrial gas requirements of 8,334 Mcf to 41,667 Mcf per the base period month being curtailed.

**Priority Four** - Commercial and industrial gas requirements in excess of 41,667 Mcf per the base period month being curtailed.

**Priority Five** - Commercial and industrial customers with gas requirements in excess of 41,667 Mcf per the base period month being curtailed and having installed alternate fuel capability available on short notice (only the alternate fuel load will be curtailed) and all sales of system supply gas to non-system supply customers.

(Continued from Sheet No. C-22.00)

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.2 Curtailment of Gas Service During an Emergency (Contd.)**

- (2) The gas requirements for district heating systems shall be classified, to the extent practicable, into the same priority categories as the Company's on-system sales and transportation customers if the operator of the district heating system provides the Company with the information necessary to make such a classification and an affidavit verifying the accuracy of such information. Information regarding such end use profile shall be provided for each priority category in a manner similar to the information regarding the base period volumes of other customers as set forth in paragraph E above.
- (3) The volumes of gas destined to end users of other local distribution companies (LDC) shall be classified into the same priority categories as the Company's on-system sales and transportation customers if the LDC provides the Company with the information necessary to make such a classification and an affidavit verifying the accuracy of such information. Such information shall be provided for each priority category in a manner similar to the information regarding the base period volumes of other customers as set forth in paragraph E above. Any volumes for which the LDC fails to provide such information shall be presumed to be in Priority Four.
- (4) During an emergency curtailment of gas service, public utilities that generate and distribute electricity shall be granted Priority One service for that portion of their gas requirements necessary to the discharge of the utilities' obligation to provide essential services and for which no practical alternatives exist.
  - (a) Such classification of volumes qualifying for Priority One shall be contingent upon the electric utility exercising due diligence in taking reasonable steps to minimize the use of natural gas during the course of the gas emergency, and consistent with maintenance of electric system integrity. To the extent that certain actions can minimize the use of natural gas, such actions may include, but are not limited to the following:
    - (i) Bring on line any non-gas reserve capacity.
    - (ii) Switch gas fired dual-fuel generating plants to an alternate fuel.
    - (iii) Attempt to procure incremental purchased power.
    - (iv) Interrupt service to controlled and/or interruptible electric loads.
    - (v) Curtail all non-firm off-system electric sales.

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.2 Curtailment of Gas Service During an Emergency (Contd.)**

- (b) If, after having exhausted all available options to minimize the use of natural gas, conditions are such that curtailment of any portion of the remaining gas service to the electric utility will induce the implementation of the Emergency Electrical Procedures, then Priority One capacity shall be allocated to the electric utility:
  - (i) Sufficient to obviate the need to implement short-term Emergency Electrical Procedures during the first week of the gas emergency provided that the Company has not invoked curtailment of Priority One customers. If, however, the emergency is of such a severe nature that Priority One customers must be curtailed, then the Company shall provide sufficient gas service to the electric utility to allow it to maintain its system integrity as it implements, to the fullest extent required by the emergency, both its short-term and long-term Emergency Electrical Procedures.
  - (ii) Or, if the Company has invoked curtailment priorities to a level no deeper than Priority Two, the Company shall provide the electric utility sufficient Priority One service to enable it to avoid the implementation of short-term Emergency Electrical Procedures during the first week of the gas emergency, and sufficient to avoid implementing long-term Emergency Electrical Procedures requiring public notification.
  - (iii) Or, if the Company has invoked curtailment priorities to a level no deeper than Priority Three, then the Company shall provide sufficient Priority One service to enable the electric utility to avoid the implementation of both short-term and long-term Emergency Electrical Procedures.

Issued under authority of the  
Michigan Public Service Commission  
dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. C-24.00)

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.2 Curtailment of Gas Service During an Emergency (Contd.)**

**G. Diversion of Customer-Owned Gas During Gas Emergencies**

If the Company determines that its ability to deliver gas is inadequate to support continuous service to its customers on its system and it enforces the curtailment plan established in this Rule, the Company shall give end user transportation customers the option to 1) have their curtailed deliveries injected into storage with the suspension of any penalties and with no other additional charges; or 2) sell to the Company their flowing pipeline supplies that have been curtailed. The price of the purchased gas will be negotiated between the transportation customer and the Company but be limited to the higher of a) the customer's reasonable costs associated with using alternate fuels during the period of diversion, b) the actual cost of the customer's diverted gas, or c) the highest city gate price of gas for DTE Gas's end users contained in the publication Gas Daily, delivered into DTE Gas's system during the period of diversion. The Company shall not divert gas from transportation customers who do not have title to the gas being transported unless the owner of such gas voluntarily agrees that its gas may be purchased, borrowed or otherwise diverted by the Company pursuant to Option 1 or 2 above. Nothing in these Rules relieves the Company from its obligation, under Act 304, of demonstrating the reasonableness and prudence of its gas purchases.

**H. Rate Adjustments**

A customer shall not be liable for any part of a monthly service charge provided in a Rate Schedule if such customer's consumption under that rate is completely curtailed for the entire billing period. No other rate adjustments will be permitted unless otherwise provided by contract.

**I. Enforcement**

- (1) The Company reserves the right to inspect the customer's equipment, to install special metering, and to immediately physically interrupt gas service for violations of this Rule, as provided by Rule B1, Technical Standards for Gas Service, R 460.2373, Shutoff of Service. Once gas service is terminated, the Company may withhold such service during the period of the curtailment until it is satisfied that the terms and conditions of this Rule will be observed.
- (2) There is nothing in this Rule that shall prevent a customer from challenging before the Commission the continuation of a curtailment or that shall abridge the customer's right to appeal any such determination to the Commission.

Issued under authority of the  
Michigan Public Service Commission  
dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. C-25.00)

**C3. CURTAILMENT OF GAS SERVICE (Contd.)**

**C3.2 Curtailment of Gas Service During an Emergency (Contd.)**

- (3) The Company shall, when acting reasonably and prudently in accordance with these Rules, not be liable for any loss, cost, damage, injury, or expense (incidental or consequential damages) that may be sustained by customer by reason of partial or complete curtailment of gas service.

**J. Penalties**

Any gas used by an end use customer in excess of the volumes authorized during the period when a curtailment has been instituted pursuant to this Rule *shall* be subject to ***Unauthorized Gas Use Charges. The charge for such Unauthorized Gas Usage shall be \$1.00 per 100 cubic feet plus the highest price reported in Gas Daily in the midpoint column of the Daily Price Survey for the following locations for the month in which the Unauthorized Gas Use occurred: Dawn, Ontario; ANR, ML7; Chicago city-gates; Consumers city-gate; or MichCon city-gate. Unauthorized Gas Use Charges are in addition to those normal charges made under the applicable Rate Schedules, for all gas taken by Customer in excess of the cumulative volume delivered to Company (less Gas-in-Kind) on behalf of Customer. In the event Gas Daily discontinues its reporting such prices, the Company will select a comparable reporting service.*** Failure to pay an excess use charge when rendered shall subject the customer to termination of gas service.

**C4. APPLICATION OF RATES**

**C4.1 Service to Which Rates Apply**

The characteristics of and limitations on the service to which rates applicable in the Districts covered by these Rules and Regulations apply are described under the caption “Who May Take Service” in the respective Rate Schedules.

**C4.2 Choice of Rates**

Upon request, investigation will be made and assistance will be given to the customer to determine whether the rate under which he is being billed is the most advantageous. The Company does not guarantee that each customer will be served under the most favorable rate at all times, and will not be responsible for notifying the customer of the most advantageous rate.

After the customer has selected the rate under which he elects to take service, the customer will not be permitted to change from that rate to another rate until at least twelve months have elapsed. Neither will the customer be permitted to evade this Rule by temporarily terminating service. However, the Company may, at its option, waive the provisions of this paragraph where it appears that an earlier change is requested for permanent rather than for temporary or seasonal advantage. The intent of this Rule is to prohibit frequent shifts from rate to rate.

**C4. APPLICATION OF RATES (Contd.)**

**C4.3 Gas Not to be Submetered for Resale and Services Provided Not to be Resold or Reassigned**

No gas purchased from the Company shall for the purpose of resale, be submetered or remeasured by the customer. The presently existing contracts for or consents to submetering for resale will be terminated at the earliest practicable date. All services provided by the Company, including but not limited to, distribution, transportation, load balancing service, load balancing storage and storage services, are for use by the Customer and shall not be resold or reassigned without consent of the Company.

**C4.4 Centrally Metered Installation**

**A. Definition of a Centrally Metered Installation**

- (1) A centrally metered installation, defined by order of the Commission dated April 29, 1974, as amended June 10, 1974, in Case No. U-4211, is one which meets all of the following conditions:
  - (a) The complex is served by a single meter installation; and
  - (b) The fuel lines are buried underground from the central meter installation to the location at which each fuel line enters each building or mobile home at its outside wall, and
    - (i) where the complex consists of buildings, two or more separate buildings, such as apartments, multifamily dwellings, dormitories or similar type buildings are supplied with gas and at least two buildings so supplied contain four or more living units, or
    - (ii) where the complex consists of mobile homes, four or more mobile homes used as living units are supplied with gas.
- (2) A centrally metered installation may also be an individual building served by a single meter installation where gas is provided to multiple living units.
- (3) Multiple living unit usage shall consist of the gas supplied for individual dwelling units under DTE Gas's Multifamily Dwelling Service Rate 2A.

Effective for service rendered on  
and after January 1, 2013

Issued under authority of the  
Michigan Public Service Commission  
dated December 20, 2012 in Case No. U-16999  
and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. C-27.00)

**C4. APPLICATION OF RATES (Contd.)**

**C4.4 Centrally Metered Installation (Contd.)**

- (4) All buried fuel lines from the outlet side of the Company's meter up to the outlet of the aboveground shutoff valve adjacent to the outside wall of each structure served, in addition to the pipe from the property line to the meter, shall be considered service lines.
- (5) Penal and corrective institutions are not considered to be centrally metered installations.

**B. New Centrally Metered Installation**

New centrally metered installations will be allowed for new services installed after September 12, 1996. The cost of the gas main extension and all service lines (as defined in A, above) shall be paid for in accordance with the Company's Rule C8, Customer Attachment Program. All service lines shall be installed, owned, operated and maintained by the Company.

**C. Addition to an Existing Centrally Metered Installation**

At the customer's request, the Company shall extend gas service to an addition to an existing centrally metered installation. Additional service lines shall be installed in accordance with Rule C8, Customer Attachment Program.

**D. Customer-Owned Centrally Metered Installation Installed On and Prior to September 12, 1996**

Where a customer owns the service lines in a centrally metered installation, the customer must inspect, operate and maintain the installation in accordance with applicable code requirements or must enter into a contract with a person who is qualified to inspect, operate and maintain the installation in accordance with applicable code requirements. The Company shall offer the customer a contract which provides for operation and maintenance in accordance with applicable code requirements. Under the terms of the contract, the Company shall be permitted to recover the direct cost for service performed plus an appropriate administrative overhead.

Michigan Public Service Commission  
dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. C-28.00)

**C5. CUSTOMER RESPONSIBILITIES**

**C5.1 Access to Customers' Premises**

The Company's authorized agents shall have access to the customers' premises at all reasonable times to perform services required by the Company or requested by the Customer. These services include, but are not limited to installing, inspecting, testing, reading, repairing, locking, disconnecting, relocating or removing meters and other property of the Company situated on said premises, and inspecting and determining the load characteristics of appliances installed on said premises. Neglect or refusal on the part of the Customer to provide reasonable access shall be sufficient cause for shutoff of service by the Company, and assurance of access may be required before service is restored.

**C5.2 Billing and Estimated Bills**

**A. Billing Frequency**

Bills for gas service shall be rendered on approximately a monthly basis, unless the utility and the customer agree to another billing interval, and shall be due and payable on or before the due date shown on each bill.

**B. Meter Reads**

The Company shall schedule meters to be read on approximately a monthly basis and will attempt to read meters in accordance with such schedule. When the Company is unable to obtain an actual meter reading for any reason, the bill shall be estimated. Prior period(s) estimated bill(s) shall be adjusted as necessary when an actual meter reading is obtained.

**C. Estimated Bills**

The consumption for an estimated bill will be calculated using the following methodology approved by the Commission in Case No. U-14523 on August 4, 2005:

- (1) For accounts having actual historical usage information:

Consumption will be estimated based on historical average daily usage for the account. The average daily usage is calculated using selected historical data from the current and prior year, adjusted, where applicable, for the impact of the difference in weather between the period being estimated and the weather in the historical periods used to calculate average daily usage.

(Continued from Sheet No. C-29.00)

**C5. CUSTOMER RESPONSIBILITIES (Contd.)**

**C5.2 Billing Period and Estimated Bills (Contd.)**

(2) For accounts without sufficient actual historical usage information:

Consumption will be estimated based on the average daily usage for all accounts within that rate or service classification for selected periods during the prior year. The average daily usage is calculated using data from the prior year's actual consumption, adjusted, where applicable, for the impact of the difference in weather between the period being estimated and the weather in the historical periods used to calculate average daily usage.

Estimated bills shall have the same force and effect as those based upon actual meter readings.

**D. Customer Meter Reads**

Bills rendered for gas service for periods for which readings were not obtained shall have the same force and effect as those based upon actual meter readings. Any customer may read his/her own meter and provide the readings to the Company on a secure Company website, by telephone or on appropriate forms which shall be provided by the Company.

**C5.3 NSF Charges**

Checks, debit cards, credit cards or other forms of payment remitted by Customers as bill payments and returned or authorized prepayments not honored by banks or other financial institutions against which they are drawn shall be rebilled to Customers' accounts. A \$15.00 charge will be assessed to Customers for processing payments or authorized prepayments returned by banks or other financial institutions for reasons of insufficient funds, accounts closed, no accounts and similar situations, excluding bank or financial institution errors.

**C5.4 Where Bills Are Payable**

Bills are payable at an office of Company in the District in which gas service is supplied and at various specified agencies.

**C5.5 Prompt Payment Discount**

None.

**C7. GAS COST RECOVERY CLAUSE AND STANDARD REFUND PROCEDURES (Contd.)**

**C7.1 Gas Cost Recovery Clause (Contd.)**

- (e) Liquefied Petroleum Air Gas: Costs for propane used to produce a propane-air gas mixture.
  - (f) Storage Gas: Net costs of gas injected and withdrawn from underground storage facilities.
  - (g) Purchases From Other Michigan Utilities: Costs for gas service pursuant to contracts approved by the appropriate regulatory body.
  - (h) Supplier Refunds And Credits: Refunds and credits from suppliers in the period realized.
  - (i) Cashout Mechanism: Net of gas sales and gas purchases pursuant to Section E15.
  - (j) Penalty revenues resulting from unauthorized gas usage, load balancing storage charge, and the September through November storage injection limits.
- (2) Booked cost of gas sold as used in this Rule specifically excludes the following items:
- (a) Gas used by Company, at the annual average booked cost of gas sold.
  - (b) Lost and unaccounted for gas, at the annual average booked cost of gas sold.
  - (c) Gas sold at a price different than Company's gas cost recovery factor, at the incremental cost from Company's suppliers, except gas sold under Company's cashout mechanism.
  - (d) Contract, tariff and other penalties, unless Customers of Company benefit as a result of payment of such penalties.

**C. Billing**

- (1) In applying the Gas Cost Recovery Factor, per Ccf or therm, any fraction of 0.001 cent shall be rounded to the nearest 0.001 cent.

**C7. GAS COST RECOVERY CLAUSE AND STANDARD REFUND PROCEDURES (Contd.)**

**C7.2 Refund Procedure (Contd.)**

**(4) Refund Completion Reports**

Six months after the completion of a non-GCR customer refund, the Company shall submit a completion report to the Commission Staff showing the amount actually refunded as compared to the authorized refund amount and the date the refund was completed. Any undistributed amounts shall be rolled back into the non-GCR refund liability account to accrue interest until refunded to non-GCR customers in the next refund.

**C8. CUSTOMER ATTACHMENT PROGRAM**

**C8.1 Purpose**

The Company proposes to make extension of its gas mains and/or service lines from time to time, at its own cost, to serve applicants whose requirements will not disturb or impair the service to prior users or will not require an expenditure out of proportion to the expected revenue obtainable therefrom.

The Company reserves the right to delay or deny a request for service under this Rule, if fulfilling such a request could, in the Company's opinion, create conditions potentially adverse to the Company or its customers. Such conditions may include, but are not limited to, safety issues, system operating requirements or capital constraints. The provisions under this Rule are in addition to the existing rules and tariffs for customer gas service.

When relocation or modification of Company facilities to an existing structure with gas service is requested or made necessary by the customer, all costs for the relocation or modification shall be charged to the requesting party.

**C8.2 Customer Contribution**

A customer contribution shall be required prior to construction equal to the following components: Connection Fee plus any applicable Fixed Monthly Surcharge or lump sum payment plus any Excessive Service Line Fee plus any Direct Charges.

and dated October 9, 2007 in Case U-15152

(Continued from Sheet No. C-39.00)

**C8. CUSTOMER ATTACHMENT PROGRAM (Contd.)**

**C8.2 Customer Contribution (Contd.)**

Direct Charges include, but are not limited to, any specific license fees, inspection fees, or rights of way fees charged by any political subdivision for any construction provided under this rule, and are to be paid the Company. Direct charges shall also include an additional charge per foot for winter construction of all underground construction as installed, excluding conduit, applied to projects constructed during the period of December 15 to April 15, for installation of distribution or service facilities. This charge shall be based on periodic reviews of actual costs by the Company.

Any written communication from the Company regarding construction activity and its associated contribution due from the customer, unless specified otherwise in the document, shall have an expiration date of 60 days from the date issued. If either the customer or the Company takes no action by that time, the Company shall have the right to withdraw the proposal or modify the conditions under which it was made.

**C8.3 Payment of Customer Contribution**

The Connection Fee, Direct Charges and the Excessive Service Line Fee are payable in a lump sum at the time the service agreement is executed by the customer. The Connection Fee is non-refundable. The Direct Charges and Excessive Service Line Fee are refundable if the service line has not been installed. If the service line has been installed, the Direct Charges and Excessive Service Line Fee are non-refundable.

Unless otherwise stated by the Company, the customer shall pay any remaining charges resulting from a Revenue Deficiency in a lump sum in advance of the facility expansion. Customers deemed by the Company to require significant investment for unpredictable operations may enter into a contract with the Company to have all or a portion of the revenue deficiency designated as a deposit subject to refund, at the option of the Company. Refunds shall not exceed the amount of the deposit, and shall be based solely on any incremental increase in consumption and accompanying revenues above that recognized in the Model to calculate the customer contribution.

For land developers, builders, mobile home park developments, or rental units, the customer contribution shall be required in a lump sum in advance of the facility expansion; they are not eligible for the Fixed Monthly Surcharge, and may not be considered as an unpredictable operation eligible for terms of a contract subject to refund.

The Company may offer the Fixed Monthly Surcharge as an alternative payment method. The Fixed Monthly Surcharge shall be payable monthly throughout the surcharge period. The Fixed Monthly Surcharge will commence on the date that the customer receives gas service or six (6) months following the date the service *line is installed*, whichever occurs first. The customer may at any time elect to pay off the remaining Fixed Monthly Surcharge balance with a lump sum payment equal to the present value of the remaining monthly payments. If the present value of the Fixed Monthly Surcharge is less than \$300.00, the Company may require the customer to make a lump sum payment. The Fixed Monthly Surcharge is assessed to the property served such that any subsequent customer requesting gas service at the property address, once notified by the Company of the amount and duration of such surcharge, shall be liable for the Fixed Monthly Surcharge. Such notification may be verbal, written or in the form of a bill which includes the Fixed Monthly Surcharge. Failure of sellers, agents, lessors or other non-company parties to notify a customer of the Fixed Monthly Surcharge shall not relieve the customer's obligation to pay the Fixed Monthly Surcharge. Failure by the customer to timely pay the Fixed Monthly Surcharge may result in the discontinuation, shutoff of service or denial of natural gas service.

**C8.4 Held for future use**

**C8.5 Excessive Service Line Fee**

The Excessive Service Line Fee will be assessed to a customer whose service line requirement is in excess of the Service Line Limit. The Excessive Service Line Fee will be calculated annually to be effective May 1. The Service Line Limit for an individual service line shall be equal to the point at which the cost of the customer's service requirements are greater than the allowance based on the Cost of Service Model. The Company reserves the right to use a different Service Line Limit for different geographic locations and categories of customers. The Service Line Limit will be calculated annually to be effective March 1st. In calculating the average service line length for a project containing more than one customer, the maximum length of each service line to be included in the calculation is the Service Line Limit for a primary residential home.

The Company, in its sole discretion, may waive the excessive service line fee or extend the service line limit for all attaching parties based on the economics of a proposed project. Any such waiver or extension shall not be effective unless provided in writing by the Company.

(Continued from Sheet No. C-41.00)

**C8. CUSTOMER ATTACHMENT PROGRAM (Contd.)**

**C8.9 Model Assumptions**

**A. Incremental Revenues**

The incremental revenues will be calculated based on current rates and a forecast of the timing and number of Customer attachments as well as Customers' annual consumption levels.

**B. Incremental Costs**

**(1) Carrying Cost Rate**

The Carrying Cost Rate will be a pre-tax weighted rate of long-term debt and common equity. The cost will be equal to and weighted in proportion to those authorized in Company's most recent rate order. Based on DTE Gas's rate order in Case No. *U-20940*, dated, *December 9, 2021*, the Carrying Cost Rate is equal to **8.78%**.

**(2) Plant in Service**

Plant in Service shall reflect Company's estimated cost to construct distribution mains, Customer service lines, meters and pressure regulators or regulating facilities for the Project. The timing of the facility investment, primarily service lines, will correspond with the projected timing of Customer attachments.

**(3) Carrying Costs**

The Carrying Costs will be the product of the average of beginning and end-of-year net plant, Plant in Service minus accumulated depreciation minus deferred taxes, multiplied by the Carrying Cost Rate, noted in paragraph (1) above.

**C8. CUSTOMER ATTACHMENT PROGRAM (Contd.)**  
**C8.9 Model Assumptions (Contd.)**

**(4) Depreciation**

Depreciation expense will be the product of Plant in Service multiplied by the appropriate prescribed depreciation rates approved for Company.

**(5) Property Taxes and Other Operating Expenses**

Property Taxes will be the product of Plant in Service multiplied by Company’s average property tax rate. All Other Incremental Operating Expenses will be included as identified. Incremental O&M will, at a minimum, include a proportional cost for monthly meter reading, billing and mailing.

**(6) Discount Rate**

The Discount Rate will be a weighted rate of long-term debt and common equity. The cost will be equal to and weighted in proportion to those authorized in Company’s most recent rate order. Based on DTE Gas’s rate order in Case No. *U-20940*, dated *December 9, 2021*, the Discount Rate is equal to **6.99%**.

**C8.10 Customer Attachment Project Areas**

All gas sold in any area specifically listed below is subject to the following Customer Attachment Project (CAP) charges. CAP areas and charges shall be added to or removed from the list from time to time by Company.

Issued under authority of the  
Michigan Public Service Commission  
dated December 9, 2016 in Case No. U-17999

(Continued from Sheet No. C-42.00)

**C8. CUSTOMER ATTACHMENT PROGRAM (Contd.)**

**C8.9 Model Assumptions (Contd.)**

**(4) Depreciation**

Depreciation expense will be the product of Plant in Service multiplied by the appropriate prescribed depreciation rates approved for Company.

**(5) Property Taxes and Other Operating Expenses**

Property Taxes will be the product of Plant in Service multiplied by Company’s average property tax rate. All Other Incremental Operating Expenses will be included as identified. Incremental O&M will, at a minimum, include a proportional cost for monthly meter reading, billing and mailing.

**(6) Discount Rate**

The Discount Rate will be a weighted rate of long-term debt and common equity. The cost will be equal to and weighted in proportion to those authorized in Company’s most recent rate order. Based on DTE Gas’s rate order in Case No. U-17999, dated December 9, 2016, the Discount Rate is equal to 7.64%.

**C8.10 Customer Attachment Project Areas**

All gas sold in any area specifically listed below is subject to the following Customer Attachment Project (CAP) charges. CAP areas and charges shall be added to or removed from the list from time to time by Company.

<u>CAP No</u>	<u>Charge</u>	<u>Cap Area</u>	<u>County</u>	<u>End</u>

Michigan Public Service  
Commission  
**March 6, 2024**  
Filed by: DW

Effective for bills rendered  
on and after January1, 2024  
  
Issued under authority of the  
Michigan Public Service Commission  
and dated December 9, 2021  
in Case No. U-20940

(Continued from Sheet No. C-52.00)

**C11. AGGREGATION OF ACCOUNTS**

**C11.1 Contiguous Facilities**

When an industrial or commercial Customer purchasing gas under Rate Schedule GS-2, Rate Schedule S (School Rate), or a commercial and/or industrial transportation Customer transporting gas under Transportation Rate Schedule ST, LT, XLT, or XXLT occupies a group of buildings or parts of buildings which are exclusively used by such Customer as a unitary enterprise under a common ownership or leasehold, the quantities of gas supplied to such buildings or parts of buildings under the same Rate Schedule will be added for the purpose of determining the amount of the bill which such Customer shall receive for service, provided:

- A. The buildings or parts of buildings are situated upon the same parcel or contiguous parcels of land and are exclusively occupied and used by Customer as a unitary enterprise at one location and under one management; or
- B. The buildings or parts of buildings, separated by a public street or alley (but not including a limited-access highway), are situated upon parcels of land which occupy wholly or in part immediately opposite street frontages on the same street or alley and are exclusively occupied and used by Customer as a unitary enterprise at one location and under one management.

**C11.2 Master Account and Non-Contiguous Aggregation**

Customer, receiving gas service at multiple facilities that are under common ownership by Customer, may elect to aggregate the quantities of gas supplied to such facilities, subject to all of the following conditions:

- A. Customer must designate one of the facilities as the master account. Upon aggregation, the master account must receive service under an End User Transportation Rate Schedule account (ST, LT, XLT, or XXLT).
- B. Only subsidiary accounts will be eligible for aggregation with the master account. To qualify as a subsidiary account, a facility must be served under a Gas Sales Rate Schedule (Rate A, AS, 2A, GS, or S) or Transportation Rate Schedule (ST, LT, XLT, or XXLT). Customer, or Customer's agent, must specify which of Customer's facilities will be designated as subsidiary account(s). Customer may designate some or all of its facilities as subsidiary accounts.

A subsidiary account billed under a Gas Sales Rate Schedule will have a bill cycle defined as a period between 26 and 35 days. No adjustments for Load Balancing Storage Charges or charges for Unauthorized Use will be made for subsidiary accounts billed within a 26 to 35 day bill cycle duration.

dated June 3, 2010 in Case No. U-15985  
and dated October 9, 2007 in Case No. U-15152

(Continued from Sheet No. C-53.00)

**C11. AGGREGATION OF ACCOUNTS (Contd.)**

**C11.2 Master Account and Non-Contiguous Aggregation (Contd.)**

- C. The facility designated as the master account shall be subject to and billed under the provisions of its End User Transportation Rate Schedule. Facilities designated as subsidiary accounts shall be subject to all of the terms and conditions of the master account End User Transportation Rate Schedule, except that the subsidiary accounts will pay the monthly Customer service charge and distribution charge in effect for its designated sales or transportation rate rather than the monthly Customer service charge and distribution transportation charge in effect for the master account. All other charges applicable to the master account as identified under Rate Schedule ST, LT, XLT, or XXLTL apply to the subsidiary accounts. The master account will receive a volumetric credit equal to the Gas in Kind percent applicable to the master account or all volumes transported by the subsidiary accounts that are served under a Gas Sales Rate Schedule.
- D. The master account and the subsidiary accounts shall be treated as one account for the purpose of nominations and determining ACQ, MDQ, storage availability and penalties (including unauthorized gas usage and excess storage). Company will provide a single aggregated ACQ and MDQ for the master and subsidiary accounts determined in a consistent manner as identified within the ST, LT, XLT, and XXLTL Rate Schedules. A separate Transportation Service Agreement consistent with those for ST, LT, XLT, and XXLTL transportation services must be executed by Customer. The Transportation Service Agreement will identify the master and subsidiary account delivery points, applicable charges, aggregated ACQ and MDQ, and contract term, plus any other agreed upon terms and conditions.

(Continued from Sheet No. C-54.00)

**SECTION C – PART III  
CUSTOMER PROTECTIONS  
APPLICABLE TO ALL CUSTOMERS**

**C12. CUSTOMER PROTECTIONS**

**C12.1 DATA PRIVACY**

- A. “Aggregate Data” means any Customer Account Information from which all identifying information has been removed so that the individual data or information of a customer cannot be associated with that customer without extraordinary effort.
- B. “Contractor” or “Company Agent” means an entity or person performing a function or service under contract with or on behalf of the Company, including, but not limited to customer service, demand response, energy management, energy efficiency programs, payment assistance, payroll services, bill collection, or other functions related to providing electric and natural gas service.
- C. “Customer” means a purchaser of electricity or natural gas that is supplied or distributed by a utility for residential or nonresidential purposes.
- D. “Customer Account Information” means individually identifiable information including Personal Data and Customer Usage Data. Customer Account Information also includes information received by the Company from the customer for purposes of participating in regulated utility programs, including, but not limited to bill payment assistance, shutoff protection, renewable energy, demand-side management, load management, or energy efficiency.
- E. “Customer Usage Data” [or “Consumption Data”] means customer specific gas and electric usage data, including but not limited to ccf, Mcf, therms, dth, kW, kWh, voltage, var, or power factor, and other information that is recorded by the electric or gas meter for the Company and stored in its systems.
- F. “Informed Customer Consent” means, in the case where consent is required: the customer is advised of the (1) data or information to be collected and allowable uses of that data or information by the party seeking consent; (2) the frequency of data or information release and the duration of time for which the consent is valid; and (3) process by which the customer may revoke consent. In no case shall silence by the customer ever be construed to mean Informed Customer Consent. Customer consent must be documented and may be in writing, electronically, or through recording of an oral communication.
- G. “Personal Data” [or “Personally Identifiable Information”] means specific pieces of information collected or known by the Company that can be used to identify or trace to a specific individual and that merit special protection including, but not limited to, the standard types of positive

identification information used to establish an account. Personal Data [Personally Identifiable Information] includes, but is not limited to, name, address, birth date, telephone number, electronic mail address, Social Security Number, financial account numbers, driver's license number, credit reporting information, bankruptcy or probate information, health information, network, or Internet protocol address.

- H. "Primary Purpose" means the collection, use, or disclosure of information collected by the company or supplied by the customer where there is an authorized business need or emergency response in order to: (1) provide, bill, or collect for, regulated electric or natural gas service; (2) provide for system, grid, or operational needs; (3) provide services as required by state or federal law or as specifically authorized in the Company's approved tariff or; (4) plan, implement, or evaluate, energy assistance, demand response, energy management, renewable energy or energy efficiency programs by the Company or under contract with the Company, under contract with the Commission, or as part of a Commission-authorized program conducted by an entity under the supervision of the Commission, or pursuant to state or federal statutes governing energy assistance.
- I. "Secondary Purpose" means any purpose that is not a Primary Purpose.
- J. "Standard Usage Information" means the usage data that is made available by the electric or gas utility to all similarly situated customers on a regular basis, delivered by the electric or gas utility in a standard format.
- K. "Third-party" means a person or entity that has no contractual relationship with the Company to perform services or act on behalf of the Company.

**COLLECTION AND USE OF DATA AND INFORMATION**

- A. The Company, its Contractor or Company Agent collects Customer Account Information as necessary to accomplish Primary Purposes only. Informed Customer Consent is NOT necessary for Primary Purposes.
- B. Informed Customer Consent is necessary before collection or use of Customer Account Information for a Secondary Purpose.
- C. The Company will not sell Customer Account Information, except in connection with sales of certain aged receivables to collection firms for purposes of removing this liability from its accounts, unless it receives Informed Customer Consent.

(Continued from Sheet No. C-55.01)

**C12. CUSTOMER PROTECTIONS (Cont'd.)**

**COLLECTION AND USE OF DATA AND INFORMATION (contd.)**

- C. The Company will not sell Customer Account Information, except in connection with sales of certain aged receivables to collection firms for purposes of removing this liability from its accounts, unless it receives Informed Customer Consent.

**DISCLOSURE WITHOUT CUSTOMER CONSENT**

- A. The Company shall disclose Customer Account Information when required by law or Commission requests or rules. This includes law enforcement requests supported by warrants or court orders specifically naming the customers whose information is sought, and judicially enforceable subpoenas. The provision of such information will be reasonably limited to the amount authorized by law or reasonably necessary to fulfill a request compelled by law.
- B. Informed Customer Consent is not required for the disclosure of customer name and address to a provider of appliance repair services in compliance with MCL 460.10a(9)(a).
- C. Informed Customer Consent is not required for the disclosure of Aggregated Data
- D. *Informed Customer Consent is not required for the disclosure of Customer Account Information when individual or public safety is at risk.*

**DISCLOSURE TO COMPANY AGENTS AND CONTRACTORS**

- A. The Company shall disclose only the necessary Customer Account Information to Company Agents and Contractors working on behalf of the company for Primary Purposes and any other function relating to providing electric or natural gas services without obtaining Informed Customer Consent.
- B. Contracts between the Company and its Company Agents or Contractors specify that all Company Agents and Contractors are held to the same confidentiality and privacy standards as the Company, its employees, and its operations. These contracts also prohibit Company Agents or Contractors from using any information supplied by the Company for any purpose not defined in the applicable contract.
- C. The Company requires its Company Agents and Contractors who maintain Customer Account Information to implement and maintain reasonable data security procedures and practices appropriate to the private nature of the information received. These data security procedures and practices shall be designed to protect the Customer Account Information from unauthorized access, destruction, use, modification, or disclosure. The data security procedures and practices adopted by the Contactor or Company Agent shall meet or exceed the data privacy and security policies and procedures used by the Company to protect Customer Account Information.

- D. The Company requires Company Agents and Contractors to return or destroy any Customer Account Information that it maintained and that is no longer necessary for the purpose for which it was transferred.
- E. The Company maintains records of the disclosure of customer data to Company Agents and Contractors in accordance with Company record retention policies and Commission rules. These records include all contracts with the Company Agent or Contractor and all executed non-disclosure agreements.

**CUSTOMER ACCESS TO DATA**

- A. The Customer has a right to know what Customer Account Information the Company maintains about the Customer. The Company shall not provide data to a customer which the Company considers proprietary or used for internal Company business. The Company will make a reasonable effort to respond to requests for this information within **10** business days of being contacted by the Customer.
- B. *The Company will provide to customers upon request, a clear and concise statement of the customer's actual energy usage, or weather adjusted consumption data for each billing period during the last 12 months, or both. The Company will notify customers at least once each year that customers may request energy usage, or weather adjusted consumption data, or both.*
- C. *The Company's website (customer data privacy link at bottom of the homepage) will provide clear instructions for customers on how to access up to 12 months of customer usage data through their online account, as well as instructions on how to share their usage data with third parties. Customer usage data will be delivered in comma delimited, (csv), or xml format.*
- D. Customers have the right to share their own Customer Account Information with third parties of their choice to obtain services or products provided by those third parties. These services or products may include, but are not limited to, in-home displays, energy audits, or demand response programs. ***The Customer must provide the Company with signed Written Consent via a Standard Company form that authorizes a Third-party access to their Customer Account Information. This form can be provided to the customer upon request by telephone to the Company 1-800 number, or downloaded from the Company's website. Once Written Consent has been received and validated, the Company shall release the requested customer data to the specific Third-party within 10 business days. The Company is not responsible for unauthorized disclosure or use of this information by a Third-party.***
- E. Customers have the opportunity to request corrections or amendments to Customer Account Information that the Company maintains.

**C12. CUSTOMER PROTECTIONS (Cont'd.)**

**CUSTOMER ACCESS TO DATA**

- A. The Customer has a right to know what Customer Account Information the Company maintains about the Customer. The Company shall not provide data to a customer which the Company considers proprietary or used for internal Company business. The Company will make a reasonable effort to respond to requests for this information within 30 business days of being contacted by the Customer.
- B. Customers have the right to share their own Customer Account Information with third parties of their choice to obtain services or products provided by those third parties. These services or products may include, but are not limited to, in-home displays, energy audits, or demand response programs.
- C. Customers have the opportunity to request corrections or amendments to Customer Account Information that the Company maintains.
- D. Fulfilling certain requests for data in accordance with the provisions of this tariff is consistent with the provision of normal utility service to Customers. When the data requested is Standard Usage Information, the request will be fulfilled without charge. Some requests for information extend beyond Standard Usage Information. Fulfilling these requests requires special data processing that is not a part of normal utility service and results in expenses that would not otherwise be incurred. Such requests are fulfilled at the discretion of the Company within the parameters of this Customer Data Privacy tariff. The costs of fulfilling any special requests shall be borne solely by the Customer, or third party if deemed appropriate, and be based on the specifics of the data request and the associated costs of developing, processing, and transmitting the requested data.
- E. A Customer may request that his or her Customer Account Information be released to a third party of the Customer's choice. Once the Company obtains Informed Customer Consent from the Customer, the Company is not responsible for loss, theft, alteration, or misuse of the data by third parties or customers after the information has been transferred to the customer or the Customer's designated third party.

**CUSTOMER NOTICE OF PRIVACY POLICIES**

- A. New Customers receive a copy of the privacy policy upon the initiation of utility service from the Company. Existing Customers receive a copy of the privacy policy once per year by whatever method is used to transmit the bill and whenever the privacy policy is amended.
