

## We're Making Propane Deliveries

During COVID-19, your propane supplier has put into place safety standards to limit face-to-face interaction to keep customers safe as they continue to deliver propane.

Please contact your propane supplier with managing your propane needs. They have payment plans including monthly budget plans, prepay plans and price caps.

### Prepay Plans

Plans offered during the summer that allows customers to pre-purchase propane at a fixed rate

### Budget Plans

Projected costs can be paid in equal monthly payments, this will help lessen financial burdens by spreading out costs

### Price-Cap

Caps a guaranteed price per gallon maximum spent on propane

### If You Need Assistance

- Contact 2-1-1 on any phone, or click on [Mi21.org](https://mi21.org)
- State Emergency Relief (SER) may help low-income households pay part of your heating or electric bills, assist in keeping utilities in service, or have service restored. Call your local Department of Health and Human Services office for information or apply on MI Bridges. Households must apply for SER assistance prior to receiving any MEAP services.
- Michigan Energy Assistance Program (MEAP) works with households to provide supplemental bill payment assistance and self-sufficiency services to low-income residents statewide. A list of organizations that deliver MEAP services can be found on the MPSC's website. MEAP grantees are all community partners with MDHHS and can help applicants to navigate the MDHHS application process.
